ITEM 5. OTHER EVENTS.

On March 29, 2004, Century Aluminum Company ("Century") issued a press release announcing that it had agreed to acquire from Columbia Ventures Corporation ("CVC") 100-percent of the equity shares of Nordural hf, a primary aluminum producer in Iceland. Century previously announced that it had agreed to acquire an initial 49.9-percent interest in Nordural that could increase to 100-percent following the satisfaction of certain conditions. Those conditions have been satisfied and, on March 28, 2004, Century and CVC entered into an Amended and Restated Stock Purchase Agreement reflecting Century's agreement to acquire CVC's entire interest in Nordural. The purchase price for the shares is \$150 million plus cash at December 31, 2003 and related adjustments totaling \$13.2 million, subject to further purchase price adjustments. In addition, Nordural has long-term, project debt of approximately \$190 million. The agreement also provides for a contingent payment of \$25 million to CVC based on the completion of certain events related to a planned expansion of Nordural's primary aluminum reduction facility, which may be payable as early as closing of the acquisition. The transaction is still expected to close by May 31, 2004, subject to satisfaction of customary closing conditions.
