BOARD COMPENSATION

RETAINER AND FEES:

Officers of the Company who are Directors do not receive additional compensation for services as a Director or as a Committee member.

During fiscal 2003, non-employee Directors received annual retainers of \$22,000. To encourage non-employee Directors to own Company shares, they receive a portion of their retainer in the Company's Common Stock each year. During fiscal 2003, non-employee Directors received annual retainers of \$12,000 in restricted stock with 100% vesting after one year and \$10,000 in cash payable in four quarterly installments of \$2,500.

Each Director received meeting fees of \$1,500 for each Board of Directors meeting attended. Each member on a Committee of the Board of Directors was paid at the rate of \$1,000 for each Committee meeting attended. Non-Committee Directors who are requested in advance to participate in any Committee meeting were also paid the Committee meeting fee.

In addition, during fiscal year 2003, each Committee Chairman received an annual retainer for Committee service of \$3,000. Directors are reimbursed for travel and other expenses related to attendance at Board and Committee meetings.

9

The 2001 Stock Option and Incentive Plan allows stock option grants to non-employee Directors. It is contemplated that a stock option grant will be awarded annually to non-employee Directors.

COMPENSATION AND STOCK OPTION COMMITTEE REPORT

THE COMPENSATION AND STOCK OPTION COMMITTEE:

The Compensation and Stock Option Committee (the "Committee") is composed only of independent Directors as defined by the requirements of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The Committee exercises the Board's powers in designing and approving compensation programs for the Company. The Committee makes every effort to see that the Company's compensation program is consistent with the values of the Company and furthers its business strategy. The Committee establishes the compensation policy for the Company's executives and reviews the salaries, bonuses and stock incentives of each of the Executive Officers including the Chief Executive Officer. The Committee administers the Company's 2001 Stock Option and Incentive Plan and prior stock option plans.

OVERALL OBJECTIVES:

The Company's compensation objectives reflect its philosophy that the compensation of its key employees (including Executive Officers) should:

- Attract and retain key executives critical to the long-term success of the Company;
- Reward executives for long-term strategic management and the enhancement of shareholder value;
- Provide a compensation program that motivates key employees to achieve their strategic goals by tying compensation to the performance of the Company and applicable business units, as well as to individual performance;
- Provide compensation at levels that are relatively comparable to those offered by other leading companies in order to attract and retain talented executives;
- Align the interests of its key employees with the long-term interests of the Company's shareholders through the award of stock incentives.

10

The compensation packages offered to key employees are based on the review of compensation surveys and the advice of compensation consultants. In assessing salary levels from a comparability standpoint, the Committee refers to compensation surveys based on different groups of corporations with approximately the same sales volume as the Company.

The Committee has not taken into the account the impact of Section 162(m) of the Internal Revenue Code (which disallows certain deductions for executive compensation exceeding \$1,000,000 per year) in determining the level of executive compensation.

BASE SALARIES

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Compensation depends on many factors, including individual performance and responsibilities, future challenges, and an employee's longer term potential. The Company's financial performance and the compensation levels at comparable companies are important in determining base salaries.

Factors considered in establishing base salaries are:

- Analysis and evaluation of each salaried position with a comparison of compensation levels predicated on responsibilities of similar positions based upon the competitive marketplace on both a regional and national basis. Salary levels are reviewed annually and are subject to adjustment based on the general movement in salaries in the job market, as well as the individual's job performance, contributions to the Company and changes in job responsibilities.
- Prior year salary;
- Changes in individual job responsibilities, and
- Past performance of individuals.

BONUSES

The Company's bonus program is intended to encourage and reward the achievement of corporate objectives. The named Executive Officers participate in the bonus program. Awards under the bonus program during fiscal 2003 were based on the Company attaining certain levels of operating performance, net income and cash flow. In fiscal 2003, Messrs. Cline and Braum received bonuses based on the overall performance of the Company in terms of net income and return on invested capital. In fiscal 2003, Messrs. Lopez and Sausa received bonuses based on the operating performance and return on invested capital of their individual business units and the consideration of personal objectives.

STOCK PLANS

The Company's shareholders approved the adoption of the Handleman Company 2001 Stock Option and Incentive Plan (the "Plan") which authorizes the granting of stock options, performance shares and restricted stock.

The Committee believes that stock ownership by key employees (including Executive Officers) and stock-based performance compensation arrangements foster an interest in the enhancement of shareholder value and thus align management's interests with that of the shareholders. In fiscal 2003, stock options and performance shares were awarded to key employees in amounts reflecting the participant's position and ability to influence the Company's overall performance.

The Committee's policy has been to utilize vesting periods to encourage key employees to continue in the employ of the Company, and to grant options to provide a long-term incentive. The exercise price of the options is based on the fair market value of the underlying shares on the date of the grant. Thus, such options have value only if the price of the underlying shares increases.

The Committee reviewed the long-term incentives available to key employees from

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

the perspective of market competitiveness and value. The Committee also looked at how to more closely align the Company's long-term incentive awards with the creation of shareholder value. The Committee determined that the overall effectiveness and value of the Plan is strengthened by the addition of performance shares. Performance shares provide a strong link between pay and performance. The number of shares that key employees would receive from the fiscal 2003 performance share grant will be based on certain free cash flow targets being achieved by May 1, 2005.

OTHER COMPENSATION

At various times in the past the Company has adopted certain broad-based employee benefit plans in which key management employees have been permitted to participate and has adopted certain Executive Officer retirement, life and health insurance and automotive plans. Other than the Company's 401 (k) Plan, which includes a Company Common Stock Fund which is intended to further align employees' and shareholders' long-term financial interests, benefits under these plans are not directly or indirectly tied to Company performance.

CHIEF EXECUTIVE OFFICER COMPENSATION

The annual base salary earned in fiscal 2003 by Stephen Strome, the Company's Chief Executive Officer, was \$617,300. Compensation for the Chief Executive Officer is determined through a process similar to that discussed for other Executive Officers. Mr. Strome was paid a bonus of \$425,000 in fiscal 2003 based on the overall performance of the Company in terms of net income and return on invested capital. In fiscal 2003, Mr. Strome was awarded a nonqualified stock option grant to purchase 71,100 shares of the Company's stock (see "Option Grants in the Last Fiscal Year") and a grant of 54,400 performance shares of the Company's common stock, which would be distributed if certain free cash flow targets are achieved by May 1, 2005. The purpose of these grants is to ensure attention to the Company's long-term strategies and objectives. The Committee believes Mr. Strome's compensation to be competitive with compensation practices of the companies included in the survey prepared by the outside consultant.

The Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee also reviewed and discussed with the independent auditors the fees paid to the independent auditors.

The Company's Chief Executive Officer and Chief Financial Officer also reviewed with the Committee the certifications that each such officer will file with the SEC pursuant to the requirements of Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 and the rules and regulations issued by the SEC pursuant thereto. Management also reviewed with the Committee the policies and procedures it has adopted to ensure the accuracy of such certifications.

13

Based upon, and in reliance upon, the Committee's discussions with management and the independent auditors referred to above, the Committee's review of the representations of management, the report of the independent auditors, and the certifications of the Chief Executive Officer and Chief Financial Officer pursuant to Sections 302 and 906 of the Sarbanes-Oxley Act of 2002, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for fiscal year 2003 (fiscal year ended May 3, 2003) for filing with the SEC.

PERFORMANCE GRAPH

The line graph below compares the cumulative total shareholder return on the Company's Common Stock with the cumulative total return of the Russell 2500 Index and the S & P 500 Index, for the past five year period.

COMPARISON OF FIVE YEAR CUMULATIVE TOTAL RETURN AMONG COMPANY, RUSSELL 2500 AND S&P 500

[LINE GRAPH]

	1998	1999	2000	2001	2002	2003
HANDLEMAN	100	132	112	106	115	158
RUSSELL 2500	100	94	117	115	119	99
S&P 500	100	121	133	116	100	86

The graph assumes an investment of \$100 in the Company's Common Stock, the Russell 2500 Index and the S&P 500 Index as of the last day of fiscal 1998. The graph shows the cumulative total return for the Company's last five fiscal years as compared to these indices.

The Company does not believe it feasible to provide a peer group comparison since any entities that could conceivably be deemed "peers" are either privately-held companies or subsidiaries or divisions of larger publicly-held companies. Therefore, the Company has selected the Russell 2500 Index on the basis of similar market capitalization.

The assumed rates of appreciation are specified in rules of the Securities and Exchange Commission, and do not represent the Company's estimate or projection of future stock price. Actual gains, if any, resulting from stock option exercises are dependent on the future performance of the Company's common stock and overall stock market conditions, as well as the optionee's continued employment through the exercise/vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

PENSION PLAN TABLE

The Company has a pension plan (the "plan") covering all employees of the Company who have reached the age of 21 and completed one year of service, except for employees covered by a collective bargaining agreement which does not provide for plan coverage. The plan provides pension benefits, death benefits and disability benefits for covered employees. For the fiscal year ended May 3, 2003, employees with five or more years of service were entitled to monthly pension benefits beginning at normal retirement age (65). The computation of benefits under the plan is based upon a formula which takes into consideration retirement age, years of service up to 30 years, average annual compensation during the highest five consecutive year period within the 10 years preceding retirement, and the average of the taxable wage base for social security purposes over the employee's career. The plan permits early retirement at ages 55-64 for employees with 10 or more years of service. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the plan. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her permanent and total disability is entitled to receive a disability retirement benefit.

The compensation covered by the plan includes all earnings from the Company as reported on the employee's W-2 form, for base pay plus overtime and bonus payments only, plus salary deferrals under the Company's 401 (k) Plan, up to a maximum of \$200,000 for calendar year 2003.

The following table illustrates current annual benefits payable under the plan upon retirement at age 65 to persons in certain compensation and years of service classifications. The benefits are computed on the basis of a straight life annuity and are not subject to deductions for social security or other offset amounts.

FINAL AVERAGE COMPENSATION	10 YEARS OF SERVICE	20 YEARS OF SERVICE	30 YEARS OF SERVICE
-------------------------------	------------------------	------------------------	------------------------

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

 \$200,000* \$25,142 \$50,284 \$75,426

*Compensation which may be considered for any purpose under a qualified pension plan is limited for calendar year 2003 to \$200,000.

The Internal Revenue Code limits the benefits which can be paid from any funded pension plan that qualifies for federal tax exemption. The amount for calendar year 2003 is \$160,000.

As of May 3, 2003, the credited years of service under the plan for the named Executive Officers were as follows: 25 for Stephen Strome; 9 for Peter J. Cline; 3 for Gerardo I. Lopez; 3 for Robert J. Sausa; and 18 for Thomas C. Braum, Jr.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN TABLE

The Company sponsors a Supplemental Executive Retirement Plan (the "SERP") covering a select group of management employees of the Company. The SERP provides supplemental retirement income, and death and disability benefits. Covered employees with five or more years of service are entitled to monthly retirement income beginning at normal retirement age (65). The SERP permits early retirement at ages 55-64 for employees with 10 or more years of service. The computation of benefits under the SERP is based upon a formula which takes into consideration retirement age, years of service up to a maximum of 30 years, and average annual compensation during the highest five consecutive years within the 10 years preceding retirement. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the SERP. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her total and permanent disability is entitled to receive a disability retirement benefit.

The compensation covered by the SERP includes all earnings from the Company as reported on the employee's W-2 form, for base pay, overtime, and bonus payments, plus salary deferrals. No maximum applies to compensation covered under the SERP.

The benefit amount calculated under the formula is computed on the basis of a straight life annuity and is subject to an offset by benefits provided under the pension plan.

The following table illustrates current annual benefits payable under the SERP upon normal retirement at age 65 to persons in certain compensation and years of service classifications. These benefits are in addition to benefits payable under the Company pension plan.

FINAL AVERAGE COMPENSATION	10 YEARS OF SERVICE	20 YEARS OF SERVICE	30 YEARS OF SERVICE

CHANGE IN CONTROL AGREEMENTS

The Company has entered into Change in Control Agreements (the "Agreements") with Stephen Strome and Peter J. Cline in the event their employment is terminated as a result of, or in the connection with, a change in control (as defined in the Agreements). The Agreements end December 31, 2003 and are automatically renewed to December 31 of each subsequent year unless and until the Company or the named Executive Officer sends a written notice of termination to the other party.

In event of termination of employment or other specified changes in the employment relationship within 24 months following a change in control, the Agreements generally provide for payments of accrued salary and bonus not paid plus a severance payment equal to the sum of base salary and the average of the annual bonus accrued during the three fiscal years prior to the termination date times 2.99. The Agreements also entitle Stephen Strome and Peter J. Cline to continue participation in the Company's life and health insurance benefits for 36 months following the termination date. In addition, all stock options granted to Stephen Strome and Peter J. Cline under the Company's 2001 Stock Option and Incentive Plan or any other incentive plan or arrangement will become 100% vested and immediately exercisable.

19

Based on current salaries and prior bonuses, if Messrs. Strome or Cline had terminated their employment as of May 3, 2003 under circumstances entitling them to severance pay as described above, they would have been entitled to receive lump sum cash payments of \$3,090,000 and \$1,978,000, respectively.

For fiscal years 2003 and 2002, the Company's independent public auditor was appointed by the Board of Directors after receiving recommendations from the Audit Committee. All other fees are principally comprised of due diligence and employee benefit plan services. The Audit Committee determined that the non-audit services provided (and the fees billed for such services) by PricewaterhouseCoopers LLP during fiscal 2003 and 2002 were compatible with maintaining their independence.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: WHAT IS A PROXY?

A: A proxy is another person that you legally designate to vote your shares. If you designate someone as your proxy in a written document, that document also is called a proxy or proxy card.

Q: WHAT IS A PROXY STATEMENT?

A: It is a document that SEC regulations require Handleman Company to give to you when we ask you to sign a proxy card to vote your shares at the Annual Meeting. The proxy statement summarizes the information you need to know to vote your shares.

Q: WHO CAN VOTE?

A: You can vote at the Annual Meeting if you were a shareholder of record as of the close of business on August 25, 2003. If you hold the Company's Common Stock, then you are entitled to one vote per share.

Q: WHAT IS THE QUORUM REQUIREMENT OF THE ANNUAL MEETING?

A: A majority of the outstanding shares on August 25, 2003, constitutes a quorum for voting at the Annual Meeting. If you vote, your shares will be part of the quorum. On the record date, 24,831,246 shares of Handleman Company's Common Stock were outstanding.

Q: WHAT AM I VOTING ON?

A: You are voting on one proposal, the election of three Directors each for a term of three years. The nominees are:

James B. Nicholson
Lloyd E. Reuss
Stephen Strome

Q: WHAT ARE THE VOTING RECOMMENDATIONS OF THE BOARD?

A: The Board of Directors is soliciting the proxy and recommends a vote "FOR" each of its nominees for Directors.

Q: WHAT VOTE IS REQUIRED TO ELECT THE DIRECTORS?

A: The three nominees receiving the greatest number of votes will be elected.

24

Q: WHAT SHARES ARE COVERED BY MY PROXY CARD?

A: The shares covered by your proxy card represent shares Handleman Company stock of you own either as a:

- Shareholder of record;
 - Beneficial owner of shares held in street name; or
 - Participant in the Company's 401(k) Plan Handleman Company Stock Fund.
-

Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

A: If your shares are registered directly in your name with Handleman Company's transfer agent, Mellon Investor Services, you are considered the "shareholder of record." The proxy statement, 2003 annual report and proxy card have been sent directly to you by Handleman Company C/O Mellon Investor Services.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. The proxy statement and 2003 annual report have been forwarded to you by your broker, bank or nominee who is considered the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or the Internet.

Q: HOW DO I VOTE?

A: You may vote using any of the following methods:

- Proxy card or voting instruction card. Be sure to sign and date the card and return it in the prepaid envelope. If you are a shareholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

named in the proxy card will vote "FOR" the election of the nominees for Directors.

- By telephone or the Internet. The telephone and Internet voting procedures established by Handleman Company for shareholders of record are designed to authenticate your identity, to allow you to give your voting instructions and to confirm that these instructions have been properly recorded. The availability of telephone and Internet voting for beneficial owners will depend on the voting process of your broker, bank or nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive.
- In person at the Annual Meeting. All shareholders may vote in person at the Annual Meeting. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or nominee and present it to the inspectors of election with your ballot when you vote at the meeting.

25

Q: WHAT IS THE EFFECT OF NOT VOTING?

A: It will depend on how your share ownership is registered. If you own shares as a shareholder of record and do not return a signed proxy card, your shares will not count toward the quorum and will not be voted.

If you are a beneficial owner and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting.

Your broker may vote your shares in its discretion and your shares will count toward the quorum requirement on "routine matters." Regarding "non-routine matters" your broker may not be able to vote your shares in its discretion. The election of Directors is a routine matter on which brokers will be permitted to vote on behalf of their clients if no voting instructions are furnished.

After such

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

A-1

3. Review periodically with the independent auditors their judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial reporting, including such issues as the reasonableness of significant judgments and the clarity of the Company's financial disclosures and whether the choices of accounting principles and underlying estimates and other significant decisions made by management in preparing the financial statements are conservative, moderate or aggressive from the perspective of income, asset, revenue and liability recognition and whether those principles, estimates and disclosures are common practices or are minority practices.
4. Review quarterly unaudited financial statements, including the related earnings press release with management and the independent auditors; discuss with the independent auditors the results of their review performed in accordance with SAS No. 71 for unaudited financial statements before the earning release is distributed to the public and prior to the Company's filing of its Form 10-Q with the Securities and Exchange Commission.
5. Review disclosures made to the Committee by the Company's CEO and CFO during their certification process for the Form 10-K and Form 10-Q with respect to the financial statements and about any significant deficiencies in the design or operation of disclosure controls and procedures and internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's disclosure controls and procedures and internal controls.

11. Establish procedures for receiving, processing and retaining complaints or employee concerns about accounting, internal accounting controls and auditing matters and for the confidential anonymous submission of concerns regarding questionable accounting or auditing matters; review with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports, which raise material issues regarding the Company's financial statements or accounting policies.

A-2

12. Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.
13. Meet periodically with the independent auditors, the director of internal audit and management in separate executive sessions to discuss any matters that the Audit Committee or these persons believe should be discussed privately with the Committee.
14. Perform such other oversight functions as requested by the Board.

C. Auditing Functions

1. Review the independence and performance of the independent auditors annually. The independent auditors report directly to the Committee and the Committee is directly responsible for the appointment, retention, termination, compensation and oversight of the work of the independent auditors, including resolution of disagreements between management and the independent auditors regarding financial reporting. The Committee requires the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.
2. On an annual basis, review and discuss with the independent auditors all significant relationships they have with the Company that could impair the auditors' independence and receive the written disclosures and letter from the independent auditors required by Independence Standards Board No. 1 and the New York Stock Exchange listing standards.
3. Approve the engagement letters and the fees to be paid to the independent auditors. Pre-approve all audit and non-audit services to be provided by the independent auditors and consider the possible effect that these services could have on the independence of such auditors; provided that prohibited non-audit services shall include bookkeeping, information technology design, financial systems design, appraisal or valuation services, actuarial services, internal audit services, management or human resources functions, and legal services or other expert services unrelated to the audit. The Committee may delegate to one or more of its members pre-approval authority of non-audit services in accordance with applicable law and the Charter.

Assess the appropriateness of the resources allocated to internal auditing. Evaluate the effectiveness of the internal audit function with the independent auditors and compliance with the Institute of Internal Auditor's Standards for the Professional Practice of Internal Auditing.
10. Review the appointment, performance and replacement of the chief internal auditor. Decisions regarding hiring or termination of the chief internal auditor require endorsement by the Committee. The chairperson of the Committee will also be involved in performance evaluation and compensation decisions related to the chief internal auditor.
11. Set clear hiring policies for employees or former employees of the independent auditors who participated in any capacity in the audit of the Company.

III. GENERAL GUIDELINES ON MEMBERSHIP, RELATIONSHIP TO THE BOARD OF DIRECTORS, AND REPORTS

- A. Although the Board of Directors reserves the right at all times to determine the membership of the Audit Committee, the following are guidelines to be utilized by the Board in the selection process:
 1. The Committee shall be comprised of three or more Directors (including a chairperson) as appointed annually by the Board, considering the recommendation of the Company's Corporate Governance and Nominating Committee, each of whom shall be an independent Director as defined by the New York Stock Exchange listing standards, and each of whom shall be free from any relationship that would interfere with the exercise of his or her independent judgment.
 2. Each member shall also be financially literate as such qualification is interpreted by the Board in its business judgment, or must become

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

financially literate within a reasonable period of time after the member's appointment to the Audit Committee. At least one member must have accounting or related financial management expertise as the Board interprets such qualification in its business judgment.

3. In the event a Director becomes disqualified from membership on the Audit Committee, such Director shall be removed as soon as practicable from service on the Audit Committee by the Board. In the event the removal, resignation, retirement, death or other termination of a Director from service on the Audit Committee results in the Audit committee comprising less than three members, the Board shall elect a new qualified Director to the Audit Committee as soon as practicable.
- B. All Directors shall be invited to all Audit Committee meetings.
- C. The Chairperson of the Audit Committee will call a meeting of the full Board at the request of and for the purpose of meeting with the Company's independent auditors and may call a meeting of the full Board to consider any other matters within the purview of the Audit Committee.

A-4

- D. The Chairperson of the Audit Committee shall update the Board on the activities of the Audit Committee regularly. Minutes of any Audit Committee meetings shall be provided to all Directors following the Audit Committee meeting and shall be submitted for the next Board meeting, at which time the Chairperson of the Audit Committee will provide additional comments as appropriate.
- E. The Audit Committee shall prepare the report required by the Securities and Exchange Commission to be included in the Company's annual proxy statement. The Committee will also disclose in the annual report and proxy statement the Audit Committee's preapproval policies and procedures and fees paid to the independent auditors in accordance with Securities and Exchange Commission regulations.
- F. The Audit Committee shall review and reassess the adequacy of the Audit Committee Charter on an annual basis and any changes thereto shall be submitted to the Board for approval. The Audit Committee shall have the Charter published at least every third year in the Company's proxy statement in accordance with Securities and Exchange Commission regulations.
- G. On an annual basis or upon changes to the composition of the Audit Committee, the Company must provide the New York Stock Exchange written confirmation regarding:
1. The determination made by the Board regarding Audit Committee member independence.
 2. The financial literacy of Audit Committee members.
 3. The determination that at least one Audit Committee member has accounting or financial management expertise including the name of any designated Audit Committee financial expert under Securities and Exchange Commission regulation.
 4. The review and reassessment of the adequacy of this Charter on an annual basis including describing and reporting to the shareholders the Committee's composition, responsibilities and how they were discharged, and any other information required by rule, including approval of non-audit services.

- H. While the Audit Committee has the duties and responsibilities set forth in this Charter, it is not the duty or responsibility of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are prepared in accordance with generally accepted accounting principles. These duties and responsibilities rest with management and the independent auditors.

APPENDIX B

HANDLEMAN COMPANY
CORPORATE GOVERNANCE GUIDELINES

1. SELECTION OF CHAIRMAN AND CEO; PRESIDING DIRECTOR: Currently, the Chairman of the Board is the Chief Executive Officer (CEO) of Handleman Company. If the Board does not designate the Chairman of the Board as the CEO, then the President by virtue of his office is the CEO.

The Board has no policy respecting the need to separate or combine the offices of Chairman and CEO. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company to make a determination whenever it elects a new CEO.

The Board will designate an independent Director to serve as Presiding Director. Duties and responsibilities of the Presiding Director include:

- a. Presiding over executive sessions of the independent Board members;
 - b. Advising the CEO of appropriate feedback from the executive session including any actions to be taken, as well as any issues or concerns raised by the independent Directors;
 - c. Advising on the agenda for the Board meetings;
 - d. Meeting with senior officers, if deemed appropriate, to discuss the business and issues facing the Company;
 - e. Working with the Chairman of the Corporate Governance and Nominating Committee in the selection of the Committee Chairs; and
 - f. Meeting with shareholders, if appropriate, to discuss their concerns.
2. MEETING WITHOUT CEO: In those instances where the independent Directors meet without the Chairman and CEO, the Presiding Director will chair the meeting.
3. NUMBER OF COMMITTEES: The Board has the following committees: Audit Committee, Compensation and Stock Option Committee and Corporate Governance and Nominating Committee. The Board has the flexibility to form a new committee or disband a current committee. It is the policy of the Board that only independent Directors serve on the Audit Committee, Compensation and Stock Option Committee and Corporate Governance and Nominating Committee.
4. ASSIGNMENT AND ROTATION OF COMMITTEE MEMBERS: The Chairman of the Corporate

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Governance and Nominating Committee with the assistance of the Presiding Director recommends the appointment of members to the committees, the composition of which is discussed and ratified by the entire Board, taking into account the desires and suggestions of individual Directors. It is the belief of the Board that committee rotation is a desirable principle, but should not be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period or to shorten the period. The learning time to become an active contributor on a particular committee is also a factor.

5. FREQUENCY AND LENGTH OF COMMITTEE MEETINGS: The Chair of each committee, in consultation with its members, determines the frequency and length of the meetings of the committee.
6. COMMITTEE AGENDA: The Chair of each committee, in consultation with the appropriate Officers, will develop the committee's agenda. At the beginning of the Board year (from annual shareholders meeting to annual meeting), each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen); the schedule for each committee will be furnished to all Directors. The agenda for each meeting will be distributed to all Directors in advance and suggestions for changes or additions will be solicited.

B-1

7. SELECTION OF AGENDA ITEMS FOR BOARD MEETINGS: The Chairman and CEO will establish the agenda for each Board meeting. At the beginning of the Board year, the Chairman and CEO will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The agenda for each meeting will be distributed to the Presiding Director in advance and suggestions for changes or additions will be solicited. At least one Board meeting each year will be a Board "retreat," the principal purpose of which will be a Board review of long-term strategic plans and the principal issues that Handleman Company will face in the future. The Board will have a minimum of six scheduled meetings per Board year and will be on call for additional meetings as needed.
8. BOARD MATERIALS DISTRIBUTED IN ADVANCE: Information and data that are important to the Board's understanding of the business will be distributed in writing to the Board the week before the scheduled Board meeting. The Officers will strive to make the information concise yet comprehensive, and will make an ongoing effort to solicit suggestions from independent Directors on how to best meet their information needs.
9. REGULAR ATTENDANCE OF NON-DIRECTORS AT BOARD MEETINGS: The Chairman and CEO will invite Senior Officers to attend the meeting when their presence is expected to significantly enhance the quality of Board decisions. Generally, attendance of non-Directors will take place when their expertise is required or where attendance is encouraged as noted in Item 11.
10. EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS: The independent Directors will meet in executive session at the conclusion of each scheduled Board meeting. The Presiding Director will preside over the executive session and will report to the Chairman and CEO on the nature of the discussion immediately following the Board meeting.
11. BOARD ACCESS TO SENIOR MANAGEMENT: The Presiding Director will have complete access to the Company's Officers and counsel and will communicate issues brought up by management with the other outside Directors. It is assumed that the Presiding Director will use appropriate judgment to be sure that this contact is not distracting to the business operation of the Company and

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

that such contact, if in writing, be copied to the Chairman and CEO under normal circumstances. Furthermore, the Board encourages the Chairman and CEO, from time to time, to bring executives into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas or (b) represent executives with future potential that the Chairman and CEO believes should be given exposure to the Board. The Board may retain outside counsel of its choice with respect to any issue relating to its activities. The Chairman and CEO will be advised on each such occasion of the law firm selected and the issues to be addressed by it on behalf of the Board.

12. **BOARD COMPENSATION REVIEW:** It is appropriate for the Officers to report once a year to the Compensation and Stock Option Committee the status of Board compensation in relation to other comparable U.S. companies and in consideration of the most current best practices. Changes in Board compensation, if any, should come at the suggestion of the Compensation and Stock Option Committee, but with full discussion and concurrence by the Board.
13. **SIZE OF THE BOARD:** It is the opinion of the Board that the optimal size of the Board under normal circumstances is 8 to 10 members. This size permits both a diversity of skills and views available to contribute to the duties of the Board and its Committees as well as the coordination and participation of all Directors in Board deliberations. However, the Board would be willing to go to a somewhat larger size in order to accommodate the availability of an outstanding candidate.
14. **MIX OF INSIDE AND OUTSIDE DIRECTORS:** The Board believes that, as a matter of policy, there should be a majority of independent Directors on the Handleman Board.

B-2

15. **DEFINITION OF INDEPENDENT DIRECTOR:** The Company has adopted the following definition of an independent Director: one who (a) is not and has not been employed by the Company or its subsidiaries in an executive capacity; (b) is not an advisor or consultant to the Company; (c) is not affiliated with a significant customer or supplier of the Company; (d) does not have a personal services contract or arrangement with the Company; (e) is not affiliated with a tax-exempt entity that receives significant contributions from the Company; and (f) is not a spouse, parent, sibling or child of a Board member or senior executive of the Company. The Board believes that all present outside Directors are independent. Compliance with the definition of independence is reviewed annually by the Corporate Governance and Nominating Committee.
16. **STOCK OWNERSHIP OF OUTSIDE DIRECTORS** The ownership of stock in the Company by outside Directors is required. The Board's policy is that each outside Director should, within five years of first election to the Board, own Company stock valued at market price equal to three times the annual retainer.
17. **FORMER CHIEF EXECUTIVE OFFICER'S BOARD MEMBERSHIP:** The Board believes this is a matter to be decided in each individual instance. It is assumed that when the Chief Executive Officer resigns from that position, he/she should offer his/her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter for discussion at that time with the new CEO and the Board.
18. **BOARD MEMBERSHIP CRITERIA:** The Corporate Governance and Nominating Committee is responsible for reviewing with the Board periodically the appropriate

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment should include issues of diversity, age, skills such as understanding of marketing, finance, regulation and public policy, international background, commitment to Handleman's shared values, etc. -- all in the context of an assessment of the perceived needs of the Company and the Board at that point in time.

19. SELECTION OF NEW DIRECTOR CANDIDATE/EXTENDING INVITATIONS TO BOARD: The Board itself should be responsible, in fact as well as procedure, for selecting its own members. The Board delegates the screening process involved to the Corporate Governance and Nominating Committee and the Presiding Director with direct input from the Chairman and CEO. The invitation to join the Board should be extended by the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee.
20. ASSESSING THE BOARD'S PERFORMANCE: The Board commits to participate in a process of self-evaluation annually, led by the Corporate Governance and Nominating Committee. This will be discussed with the full Board following the end of each fiscal year. This assessment should be of the Board's contribution as a whole and should specifically review areas in which the Corporate Governance and Nominating Committee or the Chairman and CEO believes a better contribution could be made. Its purpose is to increase the effectiveness of the Board. The purpose of the evaluation will be to discover if there are changes to the Board's structure and operations, which will maximize the value that the Board adds to the Company.
21. DIRECTORS WHO CHANGE THEIR PRESENT JOB RESPONSIBILITY: It is the sense of the Board that individual Directors who change in a substantial way the business responsibility they held when they were elected to the Board, or who develop a conflict as a Director of the Company with the person's position in, or role with, another entity should inform the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee of the change. In addition, they must volunteer to resign from the Board. It is not the sense of the Board that the Directors who retire from or change substantially the position they held when they became a Director should necessarily leave the Board. There should, however, be an opportunity of the Board via the Corporate Governance and Nominating Committee to review the continued appropriateness of Board membership under these circumstances.

B-3

22. RETIREMENT AGE: Directors will submit a written resignation to the Board upon reaching the age of 72. The Corporate Governance and Nominating Committee will review the desirability of continued service by that Director in light of the needs of the Company at that time and make a recommendation to the Board. If continued service is requested, that Director will then annually submit a written resignation to be considered by the Board.
23. FORMAL EVALUATION OF THE CHAIRMAN AND CEO: At the beginning of each fiscal year, the Chairman and CEO will set forth in writing to the Chair of the Compensation and Stock Option Committee the Chairman and CEO's personal goals for the performance of his duties and responsibilities during such fiscal year. The independent Directors should make this evaluation annually, and it should be communicated to the Chairman and CEO by the Chair of the Compensation and Stock Option Committee. The evaluation should be based on objective criteria, including comparison of the Chairman and CEO's goals for the year against actual results, performance of the business, accomplishment of long-term strategic objectives, management development, and the like. The evaluation will be used by the Compensation and Stock Option Committee in the course of its deliberations when considering the compensation of the Chairman and CEO.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

24. SUCCESSION PLANNING: There will be an annual report by the Chairman and CEO to the Board on succession planning. There should also be available, on a continuing basis, the Chairman and CEO's recommendations as to a successor should the Chairman and CEO be unexpectedly disabled.
25. MANAGEMENT DEVELOPMENT: There will be an annual report to the Board by the Chairman and CEO on Handleman's program for management development. This report should be given to the Board at the same time as the succession planning report.
26. BOARD INTERACTION WITH INSTITUTIONAL INVESTORS, THE PRESS, CUSTOMERS, ETC.: The Board believes that, in general, it is optimal for the appropriate Officers to speak for the Company. The Presiding Director and individual outside Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company, including investors.
