**Proxy Statement Questions and Answers**

1. Q: Why am I receiving these materials?  
A: The Board of Directors of Otter Tail Corporation is soliciting proxies and provides these materials in connection with its solicitation of proxies for use at the Annual Meeting of Shareholders to be held on April 12, 2010. As a shareholder you are invited to attend the Annual Meeting and are entitled to vote on the proposals described in this Proxy Statement. These materials were first sent to shareholders on or about March 5, 2010.
  
2. Q: Who is entitled to vote at the Annual Meeting?  
A: Only common shareholders of record at the close of business on February 15, 2010 are entitled to vote at the Annual Meeting. As of the record date, 35,835,553 common shares of Otter Tail Corporation were issued and outstanding. Each shareholder is entitled to one vote per share.
  
3. Q: What issues may I vote on at the Annual Meeting?  
A: You may vote on (1) the election of three nominees to serve on the Board of Directors; (2) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2010; and (3) on any other business that is properly brought before the meeting.
  
4. Q: How do I vote my shares?  
A: You may vote either in person at the Annual Meeting or by granting a proxy. If you desire to grant a proxy, then you have three voting options:
  - by telephone
  - by Internet
  - by proxy card

If you intend to vote by proxy, please refer to the instructions included on your proxy card. Voting by proxy will not affect your right to vote your shares if you attend the Annual Meeting and desire to vote in person.
  
5. Q: May I change my vote?  
A: You have the right to revoke your proxy any time before the Annual Meeting by:
  - providing written notice to an officer of Otter Tail Corporation and voting in person at the Annual Meeting;
  - submitting another proper proxy by telephone or the Internet; or
  - submitting a new written proxy bearing a later date at any time before the proxy is voted at the meeting.
  
6. Q: How are the votes counted?  
A: In the election of Directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more nominees. If you return your signed proxy card, but do not mark the boxes showing how you wish to vote, your shares will be voted FOR all nominees and FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Shares voted as abstentions on any matter (or as withhold authority as to Directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at

the meeting and as unvoted, although present and entitled to vote, for purposes of determining the approval of each matter as to which the shareholder has abstained.

If your shares are held in the name of a brokerage firm and you do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have discretionary authority to vote. If a broker submits a proxy that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more proposals, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to such proposals. Brokers have discretionary authority to vote on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Under Minnesota law, the affirmative vote of a plurality of the common shares present and entitled to vote with respect to the election of Directors is required for the election of the nominees to the Board of Directors. Proxies, unless otherwise directed thereon, will be voted in favor of all nominees. The proxies solicited may be voted for a substitute nominee or nominees in the event that any of the nominees is unable to serve, or for good reason will not serve, which is a contingency not now anticipated.

Biographies of the Director nominees and of the continuing Directors are found below. These biographies include the age of each Director (as of the 2010 Annual Meeting of Shareholders), an outline of his or her business experiences and the reasons for his or her selection for the Board. MacFarlane, all of the Directors and Director nominees are independent (as defined by the NASDAQ Listing Standards). Mr. Charles S. MacFarlane, President, Otter Tail Power Company, is the son of Mr. J. MacFarlane.

**Meetings and Committees of the Board of Directors**

The full Board of Directors of Otter Tail Corporation considers all major decisions of Otter Tail Corporation. The Board of Directors has established a standing Audit Committee, Compensation Committee, Corporate Governance Committee, and Executive Committee so that certain important matters can be addressed in more depth than may be possible in a full Board of Directors meeting. Each committee operates under a charter that is reviewed annually by that committee and the Board of Directors.

Pursuant to Otter Tail Corporation's bylaws and governance guidelines, the Board of Directors determines the best board leadership structure for Otter Tail Corporation from time to time. Otter Tail Corporation recognizes that different board leadership structures may be appropriate for companies in different situations. Since 2002 Otter Tail Corporation has had a separate Chairman of the Board and Chief Executive Officer. The Chairman and Chief Executive Officer are elected annually by the Board. Mr. J. MacFarlane, Chairman of the Board, has not held management responsibilities since 2002, when Mr. Erickson was first elected as Chief Executive Officer. Otter Tail Corporation believes that its current leadership structure, with Mr. Erickson serving as Chief Executive Officer and Mr. J. MacFarlane serving as Chairman of the Board, is the optimal structure for Otter Tail Corporation at this time. The Chief Executive Officer and the Chairman of the Board have an excellent working relationship. That leadership structure also provides the significant benefits that come from Mr. J. MacFarlane's long tenure as Chairman of the Board and his prior experience as Chief Executive Officer of Otter Tail Corporation.

The Board of Directors retains responsibility for risk oversight for Otter Tail Corporation. The Board of Directors is routinely called upon in the exercise of its business judgment to assess the risk involved in matters brought to it for consideration. As a part of the strategic planning process the Directors assess the risk involved in the strategic plan of Otter Tail Corporation. The Board of Directors also engages in a risk assessment process at least annually.

The full Board of Directors held a total of ten regularly scheduled and special meetings in 2009. In addition, as a part of Otter Tail Corporation's corporate reorganization, the Board of Directors of Otter Tail Holding Company, which became Otter Tail Corporation in the reorganization, met on two occasions. In addition to these meetings, the Board of Directors also held a planning retreat with senior management in 2009. During 2009, the Board of Directors met in executive session without Mr. Erickson and management at each meeting. It also met in executive session without Chairman Mr. J. MacFarlane present at certain meetings. Each Director attended at least 75% of the total meetings of

the Board of Directors and the meetings of the committees on which he or she served. Each Director attended the Annual Meeting of Shareholders in 2009. Although Otter Tail Corporation does not have a formal policy, it is expected that its Directors and executive officers will attend the Annual Meeting of Shareholders in 2010.

**Table of Contents***Audit Committee*

The Audit Committee reviews the financial results of Otter Tail Corporation, reviews accounting, audit and control procedures, and retains and supervises the independent registered public accounting firm. The Audit Committee has oversight responsibility for Otter Tail Corporation's Code of Conduct. This committee is composed of five members of the Board of Directors who, for 2009, were Ms. Bohn, Mr. McIntyre, Mr. Partain (Chair), Mr. Spies and Mr. Stake. All committee members are independent Directors (as defined by the NASDAQ Listing Standards). The Board of Directors has determined that Mr. McIntyre and Mr. Partain meet the SEC definition of an audit committee financial expert and all members of the committee are financially literate. The Audit Committee routinely meets in executive session with internal audit and the independent registered public accounting firm without management present. During the course of 2009 the committee received training on new financial issues affecting Otter Tail Corporation. The Audit Committee held seven meetings in 2009. For further information on the actions of the Audit Committee, please refer to the Report of the Audit Committee on page 24. The Audit Committee Charter may be reviewed at [www.ottertail.com](http://www.ottertail.com).

*Compensation Committee*

The Compensation Committee reviews, recommends, and reports to the Board of Directors on all compensation programs, plans and policies involving Otter Tail Corporation's Board of Directors and certain executive officers and it develops, evaluates, and recommends for approval all equity based compensation plans of Otter Tail Corporation. The Compensation Committee oversees the administration of the 1999 Employee Stock Purchase Plan, the 1999 Stock Incentive Plan, and the Executive Annual Incentive Plan. Historically, the Compensation Committee has retained an outside consultant to advise it in its decision making process. That consultant has not been used by management to an extent that would require disclosure under SEC rules. Subject to approval by the Board of Directors, this committee sets compensation for the Directors, the Chief Executive Officer, the Chief Financial Officer, and certain other executive officers. This committee is composed of five members of the Board of Directors who, for 2009, were Mr. Liebe (Chair), Mr. McIntyre, Mr. Partain, Ms. Schuette and Mr. Stake, all of whom are independent Directors (as defined by the NASDAQ Listing Standards). The Compensation Committee held four meetings in 2009. For further information on the actions of the Compensation Committee, please refer to the Compensation Discussion and Analysis (CD&A) on page 11 and the Report of Compensation Committee on page 16. The Compensation Committee Charter may be reviewed at [www.ottertail.com](http://www.ottertail.com).

*Corporate Governance Committee*

The Corporate Governance Committee identifies and recommends to the Board of Directors qualified candidates for election as Directors, recommends Director committee assignments, and recommends actions necessary for the proper governance of Otter Tail Corporation, and for the evaluation of the performance of the Board of Directors and Chief Executive Officer. With input from the Chief Executive Officer, the Corporate Governance Committee recommends certain executive officers for annual election. The Corporate Governance Committee reviews issues and developments related to corporate governance practices and makes recommendations to the Board of Directors on changes in structure, rule or practice necessary for compliance and for good corporate governance.

Otter Tail Corporation's Corporate Governance Committee Charter provides that the skills and characteristics required generally of Directors include diversity, age, business background and experience, accomplishments, experiences in Otter Tail Corporation's business and a willingness to make the requisite commitment of time and effort. Accordingly, the Board of Directors has not set minimum standards for Director candidates. Rather, it seeks highly qualified individuals with diverse backgrounds, business and life experiences that will enable them to constructively review and guide management of Otter Tail Corporation. Otter Tail Corporation has successfully obtained highly qualified candidates for Directors without utilizing a paid outside consultant. The Corporate Governance Committee considers and evaluates potential Director candidates and makes its recommendations to the full Board of Directors. Any shareholder may submit a recommendation for nomination to the Board of Directors by sending a written statement of the qualifications of the recommended individual to the President and Chief Executive Officer, Otter Tail Corporation,

Edgar Filing: Otter Tail Corp - Form DEF 14A

Box 496, Fergus Falls, Minnesota 56538-0496. The Corporate Governance Committee will utilize the same process for evaluating all nominees, regardless of whether the nominee recommendation is submitted by a shareholder or some other source.

## **Contact with the Board of Directors**

Shareholders may contact the Board of Directors by either mail or e-mail. Questions may be sent to the entire Board of Directors, to a particular committee, or to an individual Director. The mailing address is Otter Tail Corporation, Board of Directors, Box 9156, Fargo, North Dakota 58106-9156 and the e-mail address is [boardofdirectors@ottertail.com](mailto:boardofdirectors@ottertail.com). Although reviewed by the General Counsel, all questions are forwarded to the Board of Directors or to the appropriate committee or Director as determined by the General Counsel.

## **Director Compensation**

Compensation for non-employee Directors is described below. Mr. Erickson does not receive Director compensation for his service as a member of the Board of Directors.

The Compensation Committee last retained Towers Perrin to assess the competitiveness of the compensation provided to Directors of Otter Tail Corporation in 2007. The Compensation Committee referred to that study in both 2008 and 2009. In 2007 Towers Perrin utilized data from a general industry compensation survey performed by it. From that group it established a market median for compensation in the categories of retainers, committee chair retainers, meeting and committee fees, and equity compensation. Towers Perrin made recommendations to the Compensation Committee that would place Director compensation at or near market median for Director compensation. Towers Perrin also presented to the Committee information on compensation structure. Based in part on the information

provided by Towers Perrin the Compensation Committee determined in 2008 to utilize a simple retainer structure for Director compensation and set overall compensation near median for comparable companies in general industry. The simple retainer structure was retained in 2009.

Non-employee Directors of Otter Tail Corporation receive an annual retainer for their services as a Director. Non-employee Directors, except the Chairman, receive an annual retainer of \$60,000. The Chairman receives an annual retainer of \$84,000. Each committee chair receives an additional retainer of \$7,000 per year. These

**Table of Contents**

fees were unchanged from 2008. Directors do not receive a meeting fee for attending either committee or Board of Director meetings. In addition, non-employee Directors receive actual expense reimbursement or a \$100 travel allowance if they are required to furnish their own transportation to Board of Directors or committee meetings outside their city of residence.

Each non-employee Director receives an annual grant of restricted stock, which in 2009 was 3,600 shares granted under the terms of the 1999 Stock Incentive Plan. The shares of restricted stock, which were granted on the date of the Annual Meeting, vest over a period of four years, at the rate of 25% per year, and are eligible for full dividend and voting rights.

Directors may elect to receive their compensation (other than expense reimbursements) in the form of cash, stock or a combination. Directors may elect to defer the receipt of all or part of their cash compensation pursuant to the Otter Tail Corporation Deferred Compensation Plan for Directors. The deferral may be in the form of cash or stock units. Cash deferrals receive interest at a rate equal to 1% over the prime commercial rate of U.S. Bank National Association. Deferrals in the form of stock units are credited quarterly with dividend equivalents equal to the dividend rate on Otter Tail Corporation's common shares and the deferred amount is paid out in common shares.

Otter Tail Corporation has established a stock ownership guideline for Directors. Directors are expected to hold 4,000 shares of Otter Tail Corporation stock to be obtained within five years of beginning service on the Board of Directors. The Directors meet the guidelines.

Based on a review of the Section 16 reports filed by the Directors and executive officers, Otter Tail Corporation believes that during the year ended December 31, 2009, its Directors and executive officers, with the exception of Mr. Spies who filed one late report related to one transaction, complied with all Section 16(a) filing requirements.

**Compensation Discussion and Analysis**

*Purpose and Philosophy*

The Compensation Committee of the Board of Directors is responsible for developing and recommending to the Board of Directors Otter Tail Corporation's executive compensation program for the four principal executive officers: Mr. Erickson, Chief Executive Officer and President; Mr. Molbert, Chief Operating Officer and Executive Vice President; Mr. Moug, Chief Financial Officer; and Mr. Koeck, General Counsel and Corporate Secretary (referred to in this CD&A as the executive officers). Each of these executive officers is included in the Summary Compensation Table and the related tables beginning on page 17. The fifth individual found in the Summary Compensation Table and the related tables is Mr. C. MacFarlane, President, Otter Tail Power Company. Compensation for Mr. C. MacFarlane is determined by Mr. Molbert, the Chief Operating Officer of Otter Tail Corporation, to whom he reports. Mr. C. MacFarlane's compensation is discussed separately.

The Compensation Committee has adopted an Executive Compensation Policy which outlines the overall executive compensation philosophy of Otter Tail Corporation and describes the components of executive compensation for the executive officers. Otter Tail Corporation believes that strong, effective leadership is the cornerstone of its continued growth and success. To be successful, Otter Tail Corporation must be able to attract, retain, and motivate highly qualified executive officers with the competencies needed to excel in a rapidly changing marketplace and to understand issues relating to a diverse group of companies in several different industries.

Executive compensation at Otter Tail Corporation is focused on results. Otter Tail Corporation provides fair and equitable compensation to its executive officers by combining base pay, annual cash incentive, stock-based long-term

incentive, retirement income, and competitive health, dental and other benefits. The Executive Annual Incentive Plan is designed to reward executives for Otter Tail Corporation's current year financial success and recognize the responsibilities of the executive officers for meeting Otter Tail Corporation's financial performance goals. Stock-based incentives focus on long-term performance by aligning the executive officers' long-term financial interests with Otter Tail Corporation's shareholders' interest. Pension and retirement plans are provided to encourage long tenure amongst the executive officers. Health, dental, vacation,

and other benefits are designed to be competitive with companies with whom Otter Tail Corporation competes for executive talent.

Total direct compensation which includes base pay, annual cash incentive and stock-based long-term incentive is measured against similarly sized organizations (based on revenue) in the general industry and utility sectors. Otter Tail Corporation targets total direct compensation for each executive officer near median for similarly sized organizations in the general industry and utility sectors. The mix of pay (base pay, annual cash incentive and long-term incentive) is designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk. The only element of total direct compensation that is not performance based is base pay. Both annual cash incentive and long-term incentive are performance based.

The Compensation Committee last retained Towers Perrin in May 2007, to prepare market-based compensation data comparing compensation information for the executive officers of Otter Tail Corporation with that for executive officers of companies of comparable size in the general industry and utility sectors. Towers Perrin utilized data from a general industry compensation survey they performed. The survey had 584 participants from a wide variety of industries. The companies included in the utility sector were drawn from the Towers Perrin general industry compensation survey and included all 87 of the utility companies participating in the survey. From the survey data Towers Perrin completed a regression analysis to account for Otter Tail Corporation's size as measured by revenue. This data was utilized by Towers Perrin in establishing market medians for each executive officer related to base pay, annual cash incentive, and stock-based long-term incentive. Because of the diverse nature of Otter Tail Corporation's operating companies, the Compensation Committee benchmarks against both the general industry and the utility sector data in making its decisions. In addition to market data, the Compensation Committee considers individual performance, historical compensation, internal equity with other officers and the broader work force, and regional considerations.

Management has a role in the compensation process. The Vice President of Human Resources and Mr. Erickson make compensation recommendations for Mr. Molbert, Mr. Moug, and Mr. Koeck, which the Committee may, but is not required to, consider. Management does not make an initial recommendation on Mr. Erickson's compensation.

In 2009, the Compensation Committee did not retain Towers Perrin to complete a comprehensive compensation study for Otter Tail Corporation. Otter Tail Corporation did ask Towers Perrin to provide it with information on market trends that were emerging in the area of long-term incentives.

The Compensation Committee set base pay and annual cash incentive for each executive officer based in part upon the market data provided to it by Towers Perrin in May 2007, and other factors including individual performance, historical compensation, internal equity, regional considerations and the difficult economy.

### *Base Pay*

Base pay is a traditional element of compensation provided almost universally by corporations. Base pay for each executive officer is set after considering market data for similar jobs in the general industry and utility sectors as last provided by Towers Perrin. The Compensation Committee also considers the level of compensation at risk for the executive officer in Otter Tail Corporation's Executive Annual Incentive Plan. In 2008, base pay was increased for each executive officer, however, all four executive officers remained below the market median for general industry. In 2009, base pay for all four executive officers was frozen at the level in effect on April 1, 2008, due in large measure to the difficult economy.

### *Annual Cash Incentive*

The Otter Tail Corporation Executive Annual Incentive Plan provides financial incentives to the executive officers for achieving Otter Tail Corporation annual performance targets. The annual cash incentive is designed to place a

significant portion of each executive officer's annual cash compensation is at risk depending upon the financial performance of Otter Tail Corporation for that year. The target annual cash incentive for each executive officer is measured as a percentage of base pay. The target annual cash incentive for each executive officer is measured against the market data which was last provided by Towers Perrin. The target annual cash incentive is greater for Mr. Erickson and Mr. Molbert in recognition of their primary responsibility of delivering solid financial results for Otter Tail Corporation and to correlate highly with the philosophy of pay

**Table of Contents**

for performance. To place more of the total compensation at risk in accordance with this philosophy, a higher percentage of total targeted compensation is paid through incentive compensation. As a result, the targeted annual cash incentive percentage for 2008 was above the market median for each executive officer and ranged from 50% of base pay to 95% of base pay. However, when combining base pay with targeted annual cash incentive, the executive officers were still below the market median for targeted cash compensation in 2008; ranging from a low of 60% (Mr. Erickson) of general industry market median to a high of 90% of general industry market median. This deviation was due, in part, to the deference given to the utility sector market data provided by Towers Perrin, which is somewhat lower overall; and, in Mr. Erickson's case, due to his preference for compensation closer to that of the other executive officers. In 2009, the target annual cash incentive for all four executive officers was frozen at the level in effect on April 1, 2008, due in large measure to the difficult economy.

The financial targets for annual cash incentive are premised upon the executive officers delivering on their financial performance commitments to Otter Tail Corporation as reflected in part, in the annual budget approved by the Board of Directors. In 2009 targeted annual incentive compensation was tied to the annual budget approved by the Board of Directors. The Compensation Committee set the target for return on equity at 7.5%, the target for corporate earnings per share at \$1.45 and the target for cash flow from operations at \$103,000,000. Because a significant portion of compensation is at risk, the threshold performance level is set so as to make it achievable in most years. The target performance level is set to promote solid performance. The maximum performance level is set high to reward only exceptional performance. The financial targets for annual cash incentive are divided into three components as follows:

1. **Corporate earnings per share.** Each executive officer receives 33.33% of the total target payout if Otter Tail Corporation achieves the targeted earnings per share. Each officer receives 8.33% of the total target payout if Otter Tail Corporation achieves the threshold performance level, and additional increments for performance above the target. For corporate earnings per share the threshold was \$1.20, the target was \$1.45 and the maximum was \$1.80. Otter Tail Corporation was below the threshold performance level for earnings per share in 2009.
2. **Corporate return on equity.** Each officer receives 33.33% of the total target payout if Otter Tail Corporation achieves the targeted return on equity. Each officer receives 8.33% of the total target payout if Otter Tail Corporation achieves the threshold performance level, and additional increments for performance above the target. For corporate return on equity the threshold was 6%, the target was 7.5% and the maximum was 11%. Otter Tail Corporation was below the threshold performance level for return on equity in 2009.
3. **Cash flow from operations.** Each officer receives 33.33% of the total target payout if Otter Tail Corporation achieves the targeted cash flow from operations. Each officer receives 8.33% of the total target payout if Otter Tail Corporation achieves the threshold performance level and additional increments for performance above the target. For cash flow from operations the threshold was \$75,000,000, the target was \$103,000,000 and the maximum was \$130,000,000. Otter Tail Corporation exceeded the maximum performance level for cash flow from operations in 2009. The executive officers recommended that no annual cash incentives be awarded for 2009. The Compensation Committee determined that annual cash incentives would not be awarded.

The Compensation Committee has discretion over the treatment of extraordinary gains, write offs or other events in determining the amount of annual cash incentive to be paid. After a recommendation made by Mr. Erickson on behalf of the executive officers that annual cash incentives not be paid for 2009, the Compensation Committee determined that the executive officers would not be awarded annual cash incentives for 2009.

*Long-Term Incentives*

Long-term incentive compensation for executive officers consists of performance share awards and restricted stock awards granted by the Compensation Committee under Otter Tail Corporation's 1999 Stock Incentive Plan.

The performance share awards are designed to tie the long-term incentives for the executive officers to Otter Tail Corporation stock performance and to further align the interests of the executive officers with

13

---

## **Table of Contents**

shareholders. It does so in two ways. First, the number of shares awarded to the executive officers is based upon total shareholder return as compared to the total shareholder return of companies in the Edison Electric Institute Index ( EEI Index ) for the three year period beginning on the first day of the year in which the grant is awarded. The EEI Index provides total shareholder returns for 58 shareholder owned electric utilities. Second, the value of the shares awarded increases or decreases with value provided to shareholders.

The restricted stock awards are also designed to align the interest of the executive officers with that of shareholders. They do so by rewarding continuity of service of the executive officers since the restricted stock awards vest over a period of 4 years and unvested, restricted stock is forfeited upon voluntary termination. In addition, the value of shares awarded increase or decrease with the value provided to shareholders.

The targeted long-term incentive for each executive officer was set with reference to the market median for similarly sized companies in the general industry and utility sectors as determined by Towers Perrin in 2007. In 2009 Towers Perrin provided information to the Compensation Committee on changes it was seeing in long-term incentive awards as a result of the significant downturn in the equity market. The long-term incentive awards at target for the executive officers, with the exception of Mr. Erickson, have historically been set near the mid-point of a range determined by averaging the values for the general industry and the utility sectors. The long-term incentive award for Mr. Erickson has been set significantly below this mid-point due primarily to his request. The Compensation Committee has determined to split the long-term incentive with 75% of value delivered through performance shares and 25% of value delivered through restricted stock.

The grants of performance shares were approved by the Compensation Committee on April 20, 2009. Whether the performance shares become payable is based upon the total shareholder return of Otter Tail Corporation as compared to the total shareholder returns of the companies that comprise the EEI Index over a three year period. For the grant awarded in 2009 the three year period is from January 1, 2009 through December 31, 2011. The EEI Index is chosen because it is the sector which includes Otter Tail Corporation common shares. For purposes of this calculation, total shareholder return equals stock appreciation plus the value of dividends reinvested. The actual payment of common shares may range from zero to 200% of the target amount and will be paid in 2012. The target amount will be paid if the total shareholder return for Otter Tail Corporation is at the 50th percentile of the total shareholder returns of the companies that comprise the EEI Index over the three year period. The threshold performance level is set at the 25th percentile and the maximum performance level is set at the 85th percentile. Otter Tail Corporation believes the target is appropriate as it is indicative of performance consistent with the sector over the three year measurement period. Stronger than sector performance is awarded with additional shares. Weaker than sector performance is penalized with the executive officers receiving fewer or no shares. The performance shares, to the extent they become payable, are paid in common shares of Otter Tail Corporation.

The grants of restricted stock were approved by the Compensation Committee on April 20, 2009. The shares vest at a rate of 25% per year over a four year period with the first quarter vesting on April 8, 2010 and the remaining quarters on the same date in 2011, 2012 and 2013. Upon the grant date the executive officers are eligible for full dividend and voting rights.

### *Other Benefits*

The executive officers and Mr. C. MacFarlane receive health, dental, life, vacation and other traditional benefits identical to or consistent with the non-executive employees of Otter Tail Corporation.

### *Compensation for Charles S. MacFarlane*

The Compensation Committee does not set compensation for Mr. C. MacFarlane, rather it is set by Mr. Molbert in his role as Mr. C. MacFarlane s supervisor. The components of Mr. C. MacFarlane s compensation consist of base pay, annual cash incentive, stock-based long-term incentive, retirement income, and competitive health, dental and other

benefits.

Mr. C. MacFarlane's compensation (including base salary, short and long-term incentive) is determined based upon several factors, including (1) market median compensation for similar positions at similarly sized companies in the utility sector; (2) job complexity; (3) tenure; and (4) internal compensation equities with incumbent employees.

14

---

## **Table of Contents**

Consistent with the philosophy of Otter Tail Corporation, Mr. C. MacFarlane's annual cash incentive is designed to place a significant portion of his annual cash compensation at risk depending upon the financial performance of Otter Tail Power Company for that year. The targeted annual cash incentive percentage for Mr. C. MacFarlane is 60% of base pay. The targets for annual cash incentive for Mr. C. MacFarlane are designed to reward Mr. C. MacFarlane for providing demonstrated leadership, achieving budgeted financial returns and meeting non-financial goals at Otter Tail Power Company. The three components measured in determining annual cash incentive are utility return on equity, utility net income and individual performance. Individual performance is measured by Mr. Molbert and is based upon Mr. C. MacFarlane's performance against key performance indicators, including safety, customer satisfaction, plant availability, system reliability, strategy development and implementation, and personal goals. Mr. Molbert has discretion to vary positively or negatively from the results dictated by performance. The financial targets for utility return on equity and utility net income are based upon meeting the financial goals of Otter Tail Power Company as determined in the Otter Tail Power Company budgeting process with Otter Tail Corporation.

The annual cash incentive targets for Mr. C. MacFarlane are divided into three components:

1. **Utility Return on Equity.** Mr. C. MacFarlane receives 30% of the total target payout if Otter Tail Power Company achieves targeted utility return on equity. The target for utility return on equity was 9.80%. Otter Tail Power Company achieved the targeted performance level in 2009.
2. **Utility Net Income.** Mr. C. MacFarlane receives 30% of his total target payout if Otter Tail Power Company achieves the targeted utility net income. The target for utility net income was \$35,873,654. Otter Tail Power Company did not achieve the targeted performance level in 2009.
3. **Individual Performance.** Mr. C. MacFarlane receives 40% of his total targeted payout based upon his individual performance. Mr. C. MacFarlane met target performance as determined by Mr. Molbert's evaluation of Mr. C. MacFarlane's performance in 2009.

Mr. C. MacFarlane receives long-term incentive compensation in the form of restricted stock units granted by the Compensation Committee under the Otter Tail Corporation 1999 Stock Incentive Plan. The restricted stock units, which were granted on the date of the 2009 Annual Meeting of Shareholders vest into Otter Tail Corporation common shares in their entirety on April 8, 2013, provided Mr. C. MacFarlane is employed by Otter Tail Power Company on that date. Until the restricted stock units vest into Otter Tail Corporation common shares, Mr. C. MacFarlane has no dividend or voting rights.

### *Stock Ownership Guidelines*

Otter Tail Corporation has established stock ownership guidelines to ensure that the executive officers remain focused on long-term shareholder value. The ownership guidelines are as follows: Mr. Erickson, 70,000 shares; Mr. Molbert, 35,000 shares; Mr. Moug, 20,000 shares; and Mr. Koeck, 10,000 shares. Stock options are not considered as shares counting towards the ownership guidelines. Each of the executive officers meets the guidelines.

### *Retirement Income and Deferred Compensation*

Historically, the executive officers of Otter Tail Corporation have provided Otter Tail Corporation with long-term service. Otter Tail Corporation believes that this long-term service by its executive officers has been fundamental to its success. Accordingly, Otter Tail Corporation encourages long-term service by providing executive officers security in retirement through its pension and supplemental retirement plans. The executive officers and Mr. C. MacFarlane, participate in the plans related to retirement income and deferred compensation.

Central to providing retirement security and encouraging long-term service by its executive officers are the Otter Tail Corporation Pension Plan ( Pension Plan ) and non-qualified Executive Survivor and Supplemental Retirement Plan

( ESSRP ). Combined, these plans deliver a defined pension benefit that increases with years of service and compensation. A further description of the benefits under the plan is found in the narrative description to the Pension Benefits Table.

The executive officers and Mr. C. MacFarlane may elect to participate in a non-qualified deferred compensation plan. The plan offers a relatively low cost, competitive benefit consistent with plans offered by other

15

---

## **Table of Contents**

employers. Participation in the plan is limited to the executive officers of Otter Tail Corporation and certain other employees of Otter Tail Corporation and its subsidiaries. Under the plan, participants may defer up to 50% of their base pay and 100% of their annual cash incentive compensation. The amounts deferred are segregated into one or more accounts chosen by the participant and earn a return based upon the performance of the investment option chosen by the participant. One account under the plan has a beginning distribution date coinciding with retirement. Other accounts may have distribution dates determined by the participant. Deferred contributions are made pre-tax. Each participant makes his or her own investment decisions on the amounts deferred and is solely at risk for investment returns. There are no Otter Tail Corporation contributions to the plan for executive officers and it is not at risk for individual investment returns.

Otter Tail Corporation also provides a 401(k) retirement savings plan in which the employees of Otter Tail Corporation, including the executive officers and Mr. C. MacFarlane, may participate. The plan permits all employees to set aside a portion of their income into the 401(k) retirement savings plan and Otter Tail Corporation matches 50% of the first 5% set aside by an employee up to the statutory maximum. The participation of the executive officers is on precisely the same terms as other participants in the plan.

### *Severance Benefits*

Otter Tail Corporation has entered into change in control severance agreements with each of the executive officers which provide financial protection in the event of a change in control that disrupts the executive officer's career. These agreements are designed to attract and retain high caliber executive officers, recognizing that change in control protections are commonly provided at comparable companies with which Otter Tail Corporation competes for executive talent. In addition, the change in control protections will enhance the impartiality and objectivity of the executive officers in the event of a change in control situation and better ensure that shareholder interests are protected. The protections contained in the change in control agreements provide for a double trigger which means that there must be both a change in control and a termination of employment for the provisions to apply. A more complete description of the change in control agreements is found in the tabular disclosure in this Proxy Statement found at page 23.

Otter Tail Corporation has also entered into executive employment agreements with the executive officers, but not with Mr. C. MacFarlane. These agreements have been entered into by Otter Tail Corporation to clearly define the obligations of Otter Tail Corporation and the benefits to the executive officer upon termination from employment. These agreements are more fully described in the tabular disclosure in this Proxy Statement found at page 23.

### *Deductibility of Executive Compensation*

Section 162(m) of the Internal Revenue Code imposes limits on tax deductions for executive compensation in excess of \$1,000,000 paid to certain executive officers. It is the Compensation Committee's policy to take reasonable steps to preserve this tax deduction.

## **Report of Compensation Committee**

The Compensation Committee of Otter Tail Corporation's Board of Directors is composed of five independent directors as defined by the NASDAQ Listing Standards, and operates under a written charter adopted by the Board of Directors. The Compensation Committee reviewed and discussed with management the foregoing CD&A. Based upon that review and discussion with management and its independent review of the CD&A, the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this Proxy Statement and in Otter Tail Corporation's Annual Report on Form 10-K for the year ended December 31, 2009, filed with the SEC.

(1) The 2009 base pay for each Named Executive Officer was frozen at the salary level in effect on April 1, 2008.

(2)

In each year Mr. C. MacFarlane's bonus was based upon his performance measured against certain financial and non-financial key performance indicators and personal goals as discussed in the CD&A and evaluated by Mr. Molbert. In 2009 consideration was also given to the overall economic conditions and wage freeze that was instituted at Otter Tail Power Company. Each bonus was awarded at the discretion of Mr. Molbert. Except with respect to Mr. C. MacFarlane, Otter Tail Corporation awards cash bonuses based solely on the achievement of certain performance targets and such bonuses are thus reflected in the Non-Equity Incentive Plan Compensation column of this table.

- (3) The amounts shown represent the aggregate grant-date fair values of: performance award grants (2009 \$27.76/share, 2008 \$46.39/share, 2007 \$46.91/share) and restricted stock grants (2009 \$22.15/share, 2008 \$35.35/share, 2007 \$35.84/share) and, for Mr. C. MacFarlane, restricted stock units (2009 \$18.86/share, 2008 \$30.81/share, and 2007 \$30.07/share), as determined in accordance with FASB ASC Topic 718 and using the same assumptions as are described at Note 7 to the consolidated financial statements in the Annual Report on Form 10-K of Otter Tail Corporation for 2009. The estimated maximum payout value of the performance awards based on the per share grant-date fair value of the awards are as follows: Mr. Erickson (2009 \$1,954,304, 2008 \$2,068,994, 2007 \$1,988,984); Mr. Moug (2009 \$821,896, 2008 \$872,132, 2007 \$834,998); Mr. Molbert (2009 \$1,626,736,

2008 \$1,725,708, 2007 \$1,651,232); and Mr. Koeck (2009 \$627,376, 2008 \$658,738, 2007 \$637,976). Because the amounts indicated primarily reflect the value ascribed to performance shares, which are awarded only if Otter Tail Corporation meets certain share price benchmarks over a three year period as compared to peers and described in the CD&A, the amount may not represent the value actually received by the Executive Officers. See CD&A for a more detailed description.

The actual number of Otter Tail Corporation common shares awarded by the Compensation Committee on February 8, 2010 based upon the performance of Otter Tail Corporation for the period January 1, 2007 through December 31, 2009 and their corresponding value based upon the average of the high and low price of Otter Tail Corporation's common shares on February 8, 2010 were as follows: Mr. Erickson (13,524 shares, \$278,256); Mr. Moug (5,678 shares; \$116,825); Mr. Molbert (11,228 shares, \$231,016); and Mr. Koeck (4,338 shares, \$89,254). The actual number of Otter Tail Corporation restricted common shares that vested on April 8, 2009 and their corresponding value based upon the average of the high and low price of Otter Tail Corporation's common shares on April 8, 2009 was as follows: Mr. Erickson (3,325 shares, \$76,176); Mr. Moug (1,400 shares; \$32,074); Mr. Molbert (2,775 shares, \$63,575); and Mr. Koeck (1,075 shares, \$24,628).

- (4) Non-Equity Incentive Plan Compensation represents awards earned during 2007, 2008 and 2009 for achieving cash based performance goals under the Executive Annual Incentive Plan. In 2008 and 2009 Otter Tail Corporation exceeded the target performance level for cash flow from operations under the Executive Annual Incentive Plan. The executive officers recommended that no annual cash incentives be awarded for 2008 and 2009. The Compensation Committee determined the annual cash incentives would not be awarded. The amounts of such annual cash incentives that would have been paid for 2009 are as follows: Mr. Erickson \$310,334, Mr. Moug \$134,800, Mr. Molbert \$247,000 and Mr. Koeck \$95,667. In 2008, the amounts of annual cash incentive payments forgone were as follows: Mr. Erickson \$116,364, Mr. Moug \$50,550, Mr. Molbert \$92,620 and Mr. Koeck \$35,871. In 2009 Mr. C. MacFarlane achieved the performance goal for utility return on equity. See the CD&A for a more detailed description.
- (5) This column represents the change in pension value and was determined utilizing the same assumptions as are described at Note 12 to the consolidated financial statements in the Annual Report on Form 10-K of Otter Tail Corporation for each of 2007, 2008 and 2009.
- (6) Amounts reflected in All Other Compensation for 2009 consists of (i) amounts contributed by Otter Tail Corporation under the Otter Tail Corporation 401(k) retirement savings plan for 2009 as follows: Mr. Erickson, \$6,125; Mr. Moug, \$6,125; Mr. Molbert, \$6,125; Mr. Koeck, \$6,125; Mr. C. MacFarlane, \$6,125; (ii) a car allowance as follows: Mr. Moug, \$10,800; Mr. Molbert, \$9,600; Mr. Koeck, \$9,600; Mr. Erickson is entitled to a car allowance in the amount of \$9,600, but does not take it; and (iii) the amount of Otter Tail Corporation's contribution under the Employee Stock Ownership Plan for 2009 which was invested in common shares for the account of Mr. C. MacFarlane, \$3,104.

- (2) Represents awards granted to Mr. Erickson, Mr. Moug, Mr. Molbert and Mr. Koeck under the Executive Annual Incentive Plan. The awards are contingent upon Otter Tail Corporation reaching performance targets in three categories of performance: corporate earnings per share, return on equity and cash flow from operations. Each executive is entitled to receive an award in an amount of 25% to 200% of the target for each category based upon the performance of Otter Tail Corporation in the category, provided Otter Tail Corporation meets the threshold performance level.

This plan and targets are more fully described in the CD&A. The amount actually paid in 2009 is reported under Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

Represents an incentive award granted to Mr. C. MacFarlane as determined on a basis consistent with the plan described in the CD&A. There are two formula-driven measures, utility return on equity and utility net income. The third measure is individual performance and is based primarily upon performance against key performance indicators as described in the CD&A. This plan and targets are more fully described in the CD&A. The amount actually paid in 2009 is reported under Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

- (3) Represents grants of performance shares to each of Mr. Erickson, Mr. Moug, Mr. Molbert and Mr. Koeck that vest dependent upon the three year total shareholder return as compared to the total shareholder returns for the companies comprising the EEI Index. The awards of performance shares are more fully described in the CD&A.
- (4) Represents restricted stock grants to Mr. Erickson, Mr. Moug, Mr. Molbert and Mr. Koeck that vest ratably on April 8, 2010, April 8, 2011, April 8, 2012 and April 8, 2013 provided they are employed by Otter Tail Corporation on those dates. The executive officers have voting and dividend rights in the restricted shares.

Represents a restricted stock unit grant to Mr. C. MacFarlane received in 2009. The restricted stock units vest into Otter Tail Corporation common shares on April 8, 2013 provided Mr. C. MacFarlane is employed by Otter Tail Power Company on that date. Mr. C. MacFarlane does not have dividend or voting rights for the restricted stock units until they vest.

- (5) The amounts shown represent the aggregate grant-date fair value of the stock awards as determined in accordance with FASB ASC Topic 718. Because the amounts indicated include the value ascribed to performance shares, which are awarded only if Otter Tail Corporation meets certain share price benchmarks as compared to peers and described in the CD&A, the amount may not reflect the value actually provided to the executive officers. See the CD&A for a more detailed description.

The value realized on the vesting of stock awards is the fair market value of Otter Tail Corporation's common shares at the time of vesting. The fair market value as used in this table is the average of the high and low price of Otter Tail Corporation's common shares on the date of exercise or vesting.

*Pension and Supplemental Retirement Plans*

The Pension Plan is a tax-qualified defined benefit pension plan. All employees of Otter Tail Corporation, including Otter Tail Power Company employees hired prior to September 1, 2006, are eligible to participate in the Pension Plan. Benefits for Mr. Erickson, Mr. Moug, Mr. Molbert, and Mr. Koeck are determined by multiplying 37% of final average earnings (as defined in the Plan) by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. For these executive officers, final average earnings is determined using the 42 consecutive months out of the last 10 consecutive years prior to the participant's retirement which produces the highest average salary. In addition, for each year of benefit accrued service earned in excess of 30 years, the executive's benefit shall increase by 1% up to a maximum of 110% of the benefit. For Mr. C. MacFarlane, the benefit is determined by multiplying 38% of his final average earnings by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. Final average earnings for Mr. C. MacFarlane is determined by using the 30 consecutive months out of the last 10 years prior to the participant's retirement that produces the highest average salary. A full pension benefit is paid if the executive officer retires after he or she reaches age 62. If the executive officer commences payment prior to age 62, there is a reduction in pension benefit on a scale beginning at 5% at age 61 and ending at 39% at age 55, the earliest age at which the pension benefit may be received. The plan does not provide for a lump sum distribution. The plan does not contemplate, nor have there been granted, additional years of credited service.

Each of the Named Executive Officers participates in the ESSRP. Participation in the ESSRP is determined by the Board of Directors. Mr. Erickson and Mr. Koeck will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 70% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided the amount of this benefit will not increase after December 31, 2010. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings under the ESSRP is the average of the participant's total cash payments (base salary and bonus) paid to the participant during the highest consecutive 42 months in the 10 years prior to the date as of which final average earnings is determined.

---

**Table of Contents**

- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefits limit, and offset by the participant's benefit from the tax-qualified defined benefit Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

Mr. Moug, Mr. Molbert and Mr. C. MacFarlane will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 65% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided that the amount of this benefit will not increase after December 31, 2010. The benefit amount accrues over a 15 year period. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings for Mr. Moug and Mr. Molbert is defined in the same manner as for Mr. Erickson and Mr. Koeck. Final average earnings for Mr. C. MacFarlane is defined as the average of the total cash payments (base salary and bonus) paid to the participant during the highest consecutive 30 months in the 10 years prior to the date as of which final average earnings is determined.
- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefit limits, and offset by the participant's benefit from the tax-qualified defined Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

The executive officers are all vested in their benefits under the ESSRP. Mr. Moug, Mr. Molbert and Mr. Koeck were granted an additional 5, 6.5 and 3.6 years of service, respectively, under the ESSRP as of January 1, 2005. These increases were designed to more equitably apply the reduction in benefits caused by the January 1, 2005 Amendment to the ESSRP. The ESSRP does not provide for a lump sum distribution.

If an executive officer under the ESSRP dies while employed by Otter Tail Corporation, Otter Tail Corporation will pay the participant's beneficiary an amount equal to four times the participant's annual salary and bonus at the time of death. If an executive officer under the ESSRP dies after retirement or dies after termination for other reasons with a vested benefit, Otter Tail Corporation will pay the participant's beneficiary a lesser amount, depending upon the executive officer's age at death and his or her vested percentage.

If an executive officer retires prior to age 62 or terminates prior to retirement, with a vested benefit in the ESSRP, the executive officer will receive a reduced benefit amount. If a participant dies while still employed, his or her beneficiary will receive the actuarial equivalent of the participant's benefit in 15 annual installments. Upon a change in control (as defined in the ESSRP), or in the event of the death of the executive officer while actively employed by Otter Tail Corporation, the executive officer becomes 100% vested in his or her accrued benefit. In the event of disability, years of credited service and years of participation continue to accrue under the ESSRP until such time as payments under Otter Tail Corporation's long-term disability plan end. The Board of Directors has the right to amend, suspend or terminate the ESSRP, but no such action can reduce the benefits already accrued.

*Potential Termination Payments Upon a Change in Control*

Otter Tail Corporation has entered into change in control severance agreements (the "Severance Agreements") with Mr. Erickson, Mr. Moug, Mr. Molbert, and Mr. Koeck. The Severance Agreements provide for certain payments and other benefits if, following a Change in Control, Otter Tail Corporation terminates the executive officer's employment without Cause or the executive officer terminates his employment for Good Reason.

**Table of Contents**

Such payments and benefits include: (i) severance pay equal to two times the sum of the executive officer's salary (at the highest annual rate in effect during the two years prior to the termination) and average annual bonus (for the two years prior to the termination); (ii) two years of continued life, health, and disability insurance; (iii) the payment of legal fees and expenses relating to the termination; and (iv) the termination of any noncompetition arrangement between Otter Tail Corporation and the executive officer. Under the Severance Agreements, Cause is defined as willful and continued failure to perform duties and obligations or willful misconduct materially injurious to Otter Tail Corporation; Good Reason is defined to include a material change in the employee's responsibility or status, a reduction in salary or benefits, or a mandatory relocation; and Change in Control is defined to include a change in control of the type required to be disclosed under SEC proxy rules, acquisition by a person or group of 35% of the outstanding voting stock of Otter Tail Corporation, a proxy fight or contested election which results in Continuing Directors (as defined in the Agreements) not constituting a majority of Otter Tail Corporation's Board of Directors, or another event the majority of the Continuing Directors determines to be a Change in Control.

*Potential Termination Payments due Outside a Change in Control*

Otter Tail Corporation has entered into employment agreements (the Employment Agreements) with Mr. Erickson, Mr. Moug, Mr. Molbert, and Mr. Koeck. The Employment Agreements provide that if Otter Tail Corporation terminates the employment of one of the executive officers for Cause or if one of the executive officers terminates the employment relationship without Good Reason (as defined in the Employment Agreements) that the executive officer shall receive base pay and benefits through the date of termination. Alternatively, if Otter Tail Corporation terminates the employment of one of the executive officers for any other reason, or if one of the executive officers terminates the employment relationship for Good Reason, Otter Tail Corporation shall pay a severance payment equal to 1.5 times the sum of the executive officer's base pay plus his most recent annual cash incentive payment in full satisfaction of Otter Tail Corporation's obligations to the executive officer.

The following table presents information regarding potential payments pursuant to the agreements described above and the 1999 Stock Incentive Plan upon termination or change in control for each of the executive officers named below assuming the event took place on December 31, 2009.

## **Report of Audit Committee**

The Audit Committee of Otter Tail Corporation's Board of Directors is composed of five independent Directors (as defined by the NASDAQ Listing Standards), and operates under a written charter adopted by the Board of Directors. The Audit Committee retains and supervises Otter Tail Corporation's independent registered public accounting firm, currently Deloitte & Touche LLP.

Management is responsible for Otter Tail Corporation's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Otter Tail Corporation's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that Otter Tail Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in rule 3200T. Otter Tail Corporation's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and the Audit Committee discussed with the independent registered public accounting firm that firm's independence.

Based on the Audit Committee's discussions with management and the independent registered public accounting firm and the Audit Committee's review of the consolidated financial statements and the report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Otter Tail Corporation's Annual Report on Form 10-K for the year ended December 31, 2009, filed with the SEC.

**Table of Contents****Ratification of Independent Registered  
Public Accounting Firm**

At the Annual Meeting of Shareholders, the Board of Directors will propose that shareholders ratify the appointment of the firm of Deloitte & Touche LLP as the independent registered public accounting firm to audit the consolidated financial statements of Otter Tail Corporation for 2010. This firm has no direct or indirect financial interest in Otter Tail Corporation.

The Audit Committee of Otter Tail Corporation's Board of Directors has appointed Deloitte & Touche LLP as our independent registered public accounting firm for 2010. Shareholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board of Directors is submitting the appointment of Deloitte & Touche LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee, which is solely responsible for appointing and terminating our independent registered public accounting firm, may in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Otter Tail Corporation and its shareholders.

A partner of the independent registered public accounting firm of Deloitte & Touche LLP will be present at the Annual Meeting to answer questions and to make a statement if he or she desires to do so. An affirmative vote of a majority of the common shares present and entitled to vote with respect to the ratification of the independent registered public accounting firm is required for ratification. Proxies, unless otherwise directed thereon, will be voted in favor of this proposal. The Board of Directors recommends a vote FOR the ratification of Deloitte & Touche LLP as the independent registered public accounting firm for 2010.

### *Pre-Approval of Audit/Non-Audit Services Policy*

Otter Tail Corporation's Audit Committee has adopted, and the Board of Directors has ratified, the Audit and Non-Audit Services Pre-Approval Policy which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent registered public accounting firm may be pre-approved. The independent registered public accounting firm has reviewed this policy and believes that implementation of the policy will not adversely affect the firm's independence.

Four categories of services have been defined by Otter Tail Corporation within the policy to provide a consistent framework for assessment, decision-making, approval and reporting. The following is a summary of the key provisions of the policy.

Audit services are specified services directly related to performing the independent audit of Otter Tail Corporation and its subsidiaries. The independent registered public accounting firm will submit to the Audit Committee for pre-approval the scope and estimated fees associated with the current year audit at the August Audit Committee meeting.

Audit-related services are specified services that are related extensions of audit services and are logically performed by the independent registered public accounting firm. Additional services exceeding the specified pre-approved limits require specific Audit Committee approval.

Tax services are specified services related to tax matters. Using the independent registered public accounting firm for these matters creates efficiencies, minimizes disruption, or preserves confidentiality. Additional services exceeding the specified pre-approved limits, or adding service types to the pre-approved list, requires specific Audit Committee approval.

Other services include (a) synergistic services for which utilizing the independent registered public accounting firm creates efficiencies, minimizes disruption, or preserves confidentiality, or (b) unique qualifications services for which management has determined that the independent registered public accounting firm possesses unique or superior qualifications to provide the services. Additional services exceeding the specified pre-approved limits, or adding service types to the pre-approved list, requires specific Audit Committee approval.

Restricted non-audit services include nine specific restricted services outlined in the SEC's final rule on auditor independence issued January 28, 2003. These services are not to be performed by the independent registered public accounting firm.

During 2008 and 2009, all of the services provided by Deloitte Entities for the services described above under audit fees, audit-related fees, tax fees, and all other fees were pre-approved by the Audit Committee consistent with this procedure.
