Proposal Five (a) through Five (b): To act on various matters concerning Wind River Reinsurance Company, Ltd.

Proposal Six: To approve, in a non-binding advisory vote, the compensation of the named executive officers as disclosed pursuant to the rules of the Securities and Exchange Commission as set forth in this Proxy Statement.

Proposal Seven: To recommend, in a non-binding advisory vote, the frequency of shareholder votes to approve the compensation of our named executive officers as disclosed pursuant to the rules of the Securities and Exchange Commission in Global Indemnity plc's proxy statements.

Proposal Eight: To authorize holding the 2012 Annual General Meeting of shareholders of Global Indemnity plc at a location outside of Ireland.

Proposal Three shall be voted on as a special resolution.

In addition, if any other matters are properly brought up at the Annual General Meeting (other than the proposals contained in this Proxy Statement) or any adjournments or postponements thereof, then the individuals named in your proxy card will have the authority to vote your shares on those matters in accordance with their discretion and judgment. The Board of Directors currently does not know of any matters to be raised at the Annual General Meeting other than the proposals contained in this Proxy Statement.

On the record date, 18,311,164 Class A ordinary shares and 12,061,370 Class B ordinary shares were issued and outstanding. On each matter voted on at the Annual General Meeting and any adjournment or postponement thereof, each record holder of Class A ordinary shares will be entitled to one vote per share and each record holder of Class B ordinary shares will be entitled to ten votes per share. The holders of Class A ordinary shares and the holders of Class B ordinary shares will vote together as a single class.

The required quorum for the Annual General Meeting consists of one or more shareholders present in person or by proxy and entitled to vote that hold in the aggregate at least a majority of the votes entitled to be cast at the Annual General Meeting. For each of the proposals being considered at the Annual General Meeting, approval of the proposal requires the affirmative vote of a simple majority of the votes cast, except Proposal Three, determination of the price range at which the Company can re-issue shares it acquires as treasury stock, which is a special resolution under Irish law and requires the affirmative vote of at least 75% of the votes cast. The votes on Proposals Six and Seven, vote on executive compensation and vote on the frequency of shareholder votes on executive compensation, respectively, are advisory in nature and non-binding. For purposes of ascertaining shareholder sentiment regarding whether the vote to approve the compensation paid to our named executive officers should occur every one, two or three years, the Board of Directors will look to the frequency, if any, that receives the majority of votes cast at the Annual General Meeting. Proposal Five (a) through Five (b), the approval of various matters concerning Wind River Reinsurance Company, Ltd., an indirect subsidiary of Global Indemnity (Wind River), which must be submitted for approval by our shareholders pursuant to our Memorandum and Articles of Association, requires the affirmative vote of a majority of the votes cast by the shareholders entitled to vote and present in person or by proxy at the Annual General Meeting. Our Board of Directors will cause our corporate representative or proxy to vote the shares of Wind River at the Wind River annual general meeting in the same proportion as the votes received at the Annual General Meeting from our shareholders on this proposal.

If you mark your proxy as "Abstain" on any matter, or if you give specific instructions that no vote be cast on any specific matter, the shares represented by your proxy will not be voted on that matter and will have no effect on the outcome of such matter, but will be counted in determining whether a quorum is present. Proxies submitted by banks, brokers, or other nominees that do not indicate a vote for some or all of the proposals because the bank, broker, or other nominee does not have discretionary voting authority and has not received instructions as to how to vote on those proposals (so called "broker non-votes") are also considered in determining whether a quorum is present, but will not affect the outcome of any vote.

Table of Contents

Mr. Kroner served on the board of directors of Terra Industries Inc. until April 2010 and was a member of Terra's audit committee. When determining to nominate him to our Board of Directors, the Board of Directors and the Nominating and Governance Committee considered the experience and skills Mr. Kroner obtained through his diverse financial, business, and insurance background with international companies. Additionally, Mr. Kroner's financial background and experience as a senior officer at an insurance company enables him to understand the insurance business, its risks and its financial statements.

Required Vote

To be elected as a director, each nominee must receive the affirmative vote of a majority of the votes cast by the holders of our Class A and Class B ordinary shares represented at the Annual General Meeting in person or by proxy. Under Irish law, we are required to have at least two directors. If no nominee receives a majority of the votes cast by the holders of ordinary shares represented at the Annual General Meeting in person or by proxy, then the two nominees with the highest number of votes will be elected to our Board of Directors.

The Board of Directors Recommends Voting For Each of the Directors Nominated for Election in Proposal One (a) through One (h).

BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Board Structure

Since June of 2007, it has been our policy to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of separating these two positions is the most appropriate for us at this time. In today's challenging economic and regulatory environment, directors, more than ever, are required to spend a substantial amount of time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having a Chairman independent of the Chief Executive Officer, whose sole job is to lead the Board of Directors, allows our Chief Executive Officer, Mr. Frakes, to completely focus his time and energy on running the day-to-day operations of Global Indemnity. We believe that our Chief Executive Officer and our Chairman have an excellent working relationship and open lines of communication. The Board of Directors believes that Global Indemnity's current leadership structure does not affect its role in risk oversight of Global Indemnity.

The Board of Directors exercises its risk oversight responsibilities through our Enterprise Risk Committee, which regularly reports to the full Board of Directors. For a further discussion of this committee, see "Enterprise Risk Management Committee" below.

Our Audit Committee is made up entirely of independent directors as defined and required by the NASDAQ Marketplace Rules and the rules of the Securities and Exchange Commission (the "SEC"), and we believe that the number of independent, experienced directors that make up our Board of Directors, along with the oversight of our Board of Directors by the non-executive Chairman, benefits us and our shareholders.

Meetings and Independence Requirements

Our Board of Directors held five meetings in 2010. In 2010, all of the members of our Board of Directors, except Mr. Kroner and Ms. Hennessy, attended 75% or more of the total number of meetings of our Board of Directors and the total number of meetings held by committees on which they served that were held during the period for which they were directors. Mr. Kroner attended 50% of the 162(m) Committee's meetings in 2010 and 75% or more of the total number of meetings of our Board of Directors and meetings held by the other committees on which he sits. Ms. Hennessy was appointed as director in September 2010 and attended two of the three meetings of our Board of Directors held in 2010 after her appointment.

The Annual General Meeting will be our eighth annual general meeting of shareholders. We do not have a policy about directors' attendance at our annual meeting of shareholders. No director attended our 2010 Annual General Meeting.

Global Indemnity is a controlled company as defined in Rule 5615(c)(1) of the NASDAQ Marketplace Rules because more than 50% of our voting power is held by Fox Paine & Company. See "Additional Information - Principal Shareholders and Security Ownership of Management." Therefore, we are exempt from certain requirements of Rule 5605 with respect to (1) having a majority of independent directors on our Board of Directors, (2) having the compensation of our executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors, and (3) having nominees for director selected or recommended for selection by either a majority of independent directors or a nominating committee composed solely of independent directors.

Board Committees

The Board of Directors currently has eight members and the following seven committees: Audit; Compensation; Section 162(m); Nominating and Governance; Executive; Investment; and Enterprise Risk Management.

Audit Committee

The Audit Committee held four meetings in 2010. The Audit Committee currently consists of Chad A. Leat, Mary R. Hennessy, James R. Kroner and Michael J. Marchio. Mr. Leat is currently the Chair of the Audit Committee.

Table of Contents

Our Board of Directors has determined that Messrs. Leat, Hennessy, Kroner and Marchio each qualify as independent directors as that term is defined in the NASDAQ Marketplace Rules and the rules of the SEC. Our Board of Directors has also determined that all four members of the Audit Committee satisfy the financial literacy requirements of the NASDAQ Marketplace Rules and that Mr. Leat qualifies as an audit committee financial expert as defined by the rules of the SEC.

The principal duties of the Audit Committee are to oversee our accounting and financial reporting processes and the audit of our financial statements, to select and retain our independent auditor, to review with management and our independent auditor our annual financial statements and related footnotes, to review our internal audit activities, to review with our independent registered public accounting firm the planned scope and results of the annual audit and its reports and recommendations, and to review with the independent auditor matters relating to our system of internal controls.

A copy of our Audit Committee Charter is available on our website at www.globalindemnity.ie.

Compensation Committee

The Compensation Committee held four meetings in 2010. The Compensation Committee currently consists of James W. Crystal, Saul A. Fox, Mary R. Hennessy, and Michael J. Marchio. Mr. Marchio is Chair of the Compensation Committee.

The primary duties of the Compensation Committee are to formulate, evaluate, and approve the compensation of our executive officers and to oversee all equity compensation programs. The Compensation Committee also reviews and approves any forms of employment contracts, severance arrangements, change in control provisions, and other compensatory arrangements with our executive officers.

The Compensation Committee meets each year in conjunction with regularly-scheduled Board of Directors meetings and as needed at other times. Management participates in meetings at the invitation of the Compensation Committee, providing financial data on which compensation decisions are based, publicly-available compensation data with respect to our competitors, and updates on legal developments affecting compensation. Management may also propose financial targets on which performance will be judged. Generally, at each meeting an executive session is held without members of management present. In the course of its activities, the Compensation Committee may designate or allocate all or any portion of its responsibilities and powers to a subcommittee consisting of one or more of its members.

Further discussion regarding the Compensation Committee's processes for setting executive compensation is set forth under Executive Compensation Compensation Discussion and Analysis Our Compensation Philosophy.

The Section 162(m) Committee currently consists of two directors who are non-employee directors for purposes of Rule 16b-3 of the Securities Exchange Act of 1934 (the Exchange Act) and outside directors under Section 162(m) of the Internal Revenue Code Messrs. Crystal and Marchio. Mr. Crystal is currently the Chair of the Section 162(m) Committee.

The primary purpose of the Section 162(m) Committee is to oversee our policies on structuring compensation programs for executive officers in order to preserve tax deductibility and, as and when required, to establish and certify the attainment of performance goals pursuant to Section 162(m) of the Internal Revenue Code. The Section 162(m) Committee may also approve grants of equity compensation to our executive officers.

The Section 162(m) Committee meets at least annually to establish targets and to review and certify achievement with respect to previously-established targets and as needed at other times. Its meetings are chaired by a member of the Section 162(m) Committee and are occasionally held in executive session without members of management present. Management and members of the Compensation Committee may participate in Section 162(m) Committee meetings at the invitation of the Section 162(m) Committee, providing financial data on which compensation decisions are based, publicly available compensation data with respect to our competitors, and updates on legal developments affecting compensation. Management and members of the Compensation Committee may also propose financial targets on which performance will be judged.

Global Indemnity does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating and Governance Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board of Directors will possess the appropriate talent, skills, and expertise to oversee Global Indemnity's businesses. The Nominating and Governance Committee also recommends to the Board of Directors the director and committee compensation for non-employee directors.

A copy of our Nominating and Governance Committee Charter is available on our website at www.globalindemnity.ie.

A copy of our Executive Committee Charter is available on our website at www.globalindemnity.ie.

Shareholder Nominations to our Board of Directors and Other Shareholder Communications

The Board of Directors considers the recommendations of the Nominating and Governance Committee with respect to the nominations of directors, but otherwise retains authority over the identification of such nominees. The Nominating and Governance Committee does not solicit recommendations from shareholders regarding director nominee candidates, but will consider, in the same manner it considers recommendations of the Nominating and Governance Committee, any such recommendation received in writing and accompanied by sufficient information to enable the Nominating and Governance Committee to assess a candidate's qualifications, along with confirmation of a candidate's consent to serve as a director if elected. Recommendations for director nominees should be sent to the Nominating and Governance Committee c/o Global Indemnity plc, Arthur Cox Building, Earlsfort Terrace, Dublin 2, Ireland or e-mailed to info@globalindemnity.ie.

Our Board of Directors also has implemented a process whereby shareholders may send communications directly to its attention. Any shareholders desiring to communicate with our Board of Directors as a group, or one or more specific members of our Board of Directors, should communicate in writing addressed to the specified addressees c/o Global Indemnity plc, Arthur Cox Building, Earlsfort Terrace, Dublin 2, Ireland or in an e-mail to info@globalindemnity.ie.

Executive Sessions

At least twice a year, the independent directors meet in executive session.

Code of Business Conduct and Ethics

On January 26, 2004, our Board of Directors adopted a Code of Business Conduct and Ethics that applies to all of the directors, officers, and employees of Global Indemnity and its subsidiaries. A copy of our Code of Business Conduct and Ethics is available on our website at www.globalindemnity.ie.

Table of Contents**DIRECTOR COMPENSATION**

The form and amount of non-employee director compensation is determined by the Board of Directors based on recommendations by our Nominating and Governance Committee. Those of our directors that are also employees of the Company are not separately compensated for their service as directors. Larry A. Frakes, our President and Chief Executive Officer, is an employee of the Company and therefore is not separately compensated for his services as a director. We believe that director compensation should not only be competitive, but also fair and reasonable in light of our directors' background and experiences, as well as the overall time, effort, and complexity involved in carrying out their responsibilities as directors.

To align the objectives of our directors and our shareholders, as well as to retain directors for an extended period, our non-employee directors receive annual retainers for Board of Directors and Committee service and meeting fees payable 50% in cash and 50% in Class A ordinary shares. The number of Class A ordinary shares to be issued to a director under the Global Indemnity plc Share Incentive Plan (the Share Incentive Plan) is determined by dividing the amount of compensation to be issued by the closing market price of our Class A ordinary shares on the NASDAQ Global Select Market on the last business day of the calendar quarter in which the compensation was earned. Class A ordinary shares issued to directors under the Share Incentive Plan are fully vested on the applicable payment date, but they may not be transferred, sold or otherwise disposed of by the director unless and until (1) there is a change in control of Global Indemnity, (2) such director passes away, or (3) at least one year has elapsed since the date the director ceased to serve on our Board of Directors. These restrictions on transfer, sale and disposition are designed to ensure that our directors maintain a long-term perspective when overseeing our operations. Amounts earned by our non-employee directors for their service on our Board of Directors in fiscal year 2010 are set forth below.

The amount of the annual retainer each non-employee director was eligible to receive for service in fiscal year 2010 was: (1) \$160,000 for the Chairman; (2) \$140,000 for all non-employee directors; (3) an additional \$60,000 for non-employee directors who serve on the Audit Committee in a capacity other than Chairperson; (4) an additional \$60,000 for non-employee directors who serve on the Investment Committee in a capacity other than Chairperson; (5) an additional \$60,000 for non-employee directors who serve on the Nominating and Governance Committee; (6) an additional \$60,000 for the non-employee director who chairs the Compensation Committee; (7) an additional \$145,000 for the non-employee director who chairs the Audit Committee; and (8) an additional \$100,000 for the non-employee director who chairs the Investment Committee. The Enterprise Risk Management Committee was formed in 2011 and an annual retainer has not yet been determined.

All non-employee directors receive (a) \$10,000 for each Board of Directors meeting attended in person and \$2,000 for each meeting of any Committee of the Board of Directors attended by telephonic means and (b) reimbursement for their reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and its Committees. Non-employee directors do not receive separate attendance fees for any meeting of any Committee of the Board of Directors attended while also attending a Board of Directors meeting.

The following table provides compensation information for fiscal year 2010 for each non-employee director of our Board of Directors.

PROPOSAL TWO: AUTHORIZATION TO MAKE OPEN MARKET PURCHASES OF GLOBAL INDEMNITY PLC CLASS A ORDINARY SHARES

In this proposal shareholders are being asked to authorize Global Indemnity, or any of its subsidiaries, to make market purchases of up to 15% of Global Indemnity's Class A ordinary shares. If adopted, this authority will expire on the earlier of the close of business on December 15, 2012 or the date of the 2012 Annual General Meeting; we expect to propose renewal of this authorization at subsequent annual general meetings. Subject to the authorization being sought in this proposal, such purchases would be made only at price levels which the Board of Directors considered to be in the best interests of the shareholders generally, after taking into account Global Indemnity's overall financial position. It should be noted that Global Indemnity is permitted to effect repurchases of its shares as redemptions under Article 3(h) of our Articles of Association. Whether or not this proposed resolution is passed, Global Indemnity would retain its ability to effect repurchases as redemptions pursuant to its Articles of Association, although subsidiaries would not be able to make open market purchases of our Class A ordinary shares.

For a subsidiary of Global Indemnity to make open market purchases of Global Indemnity's Class A ordinary shares, such shares must be purchased on a recognized stock exchange. The NASDAQ Global Select Market, on which Global Indemnity's Class A ordinary shares are listed, is currently specified as a recognized stock exchange for this purpose of Irish law.

The text of the resolution in respect of proposal number two is as follows:

Resolved, that Global Indemnity plc and/or any subsidiary of Global Indemnity plc (as defined by Section 155 of the Companies Act of 1963) is hereby generally authorized to make market purchases (as defined by section 212 of the Companies Act 1990) of Class A ordinary shares, par value of US\$0.0001, each in the Company on such terms and conditions and in such manner as the Board of Directors of the Company may determine from time to time, but subject to the provisions of the Companies Act 1990 and to the following provisions:

- (a) The maximum number of Class A ordinary shares authorized to be acquired by Global Indemnity plc and any subsidiaries of Global Indemnity plc (as defined by Section 155 of the Companies Act 1963) pursuant to this resolution shall not exceed 2,700,000 Class A ordinary shares.
- (b) The maximum price to be paid for any Class A ordinary share shall be an amount equal to 110% of the closing price on the NASDAQ Global Select Market for the Class A ordinary share on the day preceding the day on which the relevant share is purchased by the Company or any of its subsidiaries plus commissions of no more than 1% of that trading price.
- (c) The minimum price to be paid for any Class A ordinary share shall be an amount equal to 90% of the closing price on the NASDAQ Global Select Market for that shares on the day preceding the day on which the relevant Class A ordinary share is purchased by Global Indemnity or any of its subsidiaries plus commissions of no more than 1% of that trading price.
- (d) This general authority is to expire on the date that is 18 months from the date of the passing of this resolution unless previously varied, revoked or renewed by ordinary resolution in accordance with the provisions of section 215 of the Companies Act 1990. Global Indemnity and any such subsidiary may, before such expiration, enter into a contract for the purchase of Class A ordinary shares which would or might be executed wholly or partly after such expiration and may complete any such contract as if the authority conferred hereby had not expired.

Required Vote

The affirmative vote of a simple majority of the votes cast by the shareholders present in person or by proxy at the Annual General Meeting will be required to authorize Global Indemnity or, any of its subsidiaries, to make open market purchases of Global Indemnity Class A ordinary shares.

The Board of Directors Recommends Voting For Proposal Two.

PROPOSAL THREE: AUTHORIZATION OF THE REISSUE PRICE RANGE OF CLASS A ORDINARY SHARES THAT GLOBAL INDEMNITY PLC ACQUIRES AS TREASURY SHARES

Global Indemnity may, from time to time, reissue Class A ordinary shares purchased or redeemed by it and not cancelled (treasury shares). Under Irish company law, we are required to seek shareholder approval of a price range in which we may reissue such shares out of treasury in off-market transactions. Accordingly, we are asking our shareholders to approve such a special resolution authorizing Global Indemnity to reissue treasury shares at a maximum price equal to 110% or a minimum price equal to 95% of the closing price as reported on the NASDAQ Global Select Market on the reissuance date (unless such treasury shares are issued to satisfy an obligation under an employee share plan in which case the shares may be issued for nominal value). If adopted, this authority would expire on the close of business on December 15, 2012 unless previously varied, revoked or renewed by special resolution of shareholders. We expect to propose renewal of this authorization at subsequent annual general meetings. The text of the special resolution in respect of proposal number three is as follows:

Resolved, that for the purposes of section 209 of the Companies Act 1990, the re-issue price range at which any Class A ordinary shares that Global Indemnity plc acquires as treasury shares (as defined by section 209 of the Companies Act 1990) for the time being held by Global Indemnity may be issued off-market shall be as follows:

- (a) The maximum price at which a treasury Class A ordinary share may be reissued off-market shall be an amount equal to 110 % of the closing price on the NASDAQ Global Select Market (NASDAQ) for Class A ordinary shares on the day preceding the day on which the relevant share is re-issued by the Global Indemnity plc.
- (b) The minimum price at which a treasury Class A ordinary share may be reissued off-market shall be the nominal value of the share where such a share is required to satisfy an obligation under an employee share scheme (as defined in section 2(1) of the Companies (Amendment) Act 1983) or any of the share incentive plans operated by the Company or in all other cases an amount equal to 95% of the closing price on NASDAQ for the Class A ordinary shares on the day preceding the day on which the relevant share is re-issued by the Company.
- (c) The re-issue price range as determined by paragraphs (a) and (b) shall expire on the date that is 18 months from the date of the passing of this resolution unless previously varied, revoked, or renewed in accordance with the provisions of section 209 of the Companies Act 1990.

Required Vote

The affirmative vote of at least 75% of the votes cast by the shareholders present in person or by proxy at the Annual General Meeting will be required for the authorization of the reissue price range of treasury Class A ordinary shares.

The Board of Directors Recommends Voting For Proposal Three.

INDEPENDENT****AUDITORS AND AUTHORIZATION OF THE BOARD OF DIRECTORS TO DETERMINE THEIR FEES****General**

The appointment of an independent auditor is made annually by the Audit Committee. The Audit Committee reviews both the audit scope and estimated fees for professional services for the coming year. The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP (PwC) as our independent auditor for the fiscal year ending December 31, 2011. As a matter of good corporate governance, the Audit Committee submits its selection of the independent auditors to our shareholders for the ratification at the Annual General Meeting. In addition, shareholders will be asked to authorize our Board of Directors acting through its Audit Committee to set the fees for PwC. If the shareholders do not ratify the appointment of PwC, the selection of our independent registered public accounting firm may be reconsidered by the Audit Committee.

A representative of PwC is expected to be available telephonically to respond to appropriate questions from shareholders at the Annual General Meeting. The representative will also have the opportunity to make a statement if he or she desires.

This category includes fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not included above under Audit Fees. This category would include fees for services performed in connection with audits of our 401(k) plans and review of our registration statements and prospectuses. For 2009, we paid PwC \$36,927 in fees related to our 2009 rights offering. For 2010 no fees were paid to PwC for such services.

Tax Fees

This category includes fees for tax compliance, tax advice, and tax planning. The services provided included tax advice and assistance with tax compliance and reporting to federal, state and foreign taxing authorities. These tax fees are primarily related to our redomestication efforts.

All Other Fees

This category includes fees for products and services provided by PwC that are not included in the categories described above. For 2010 and 2009, the amount of All Other Fees consists of fees for on-line accounting research services and recruiting fees for our Bermuda insurance entity. The Audit Committee considered whether providing the non-audit services shown in the table above was compatible with maintaining PwC independence and concluded that it was.

Pre-Approval of Services

To ensure that our independent auditors maintain the highest level of independence, the Audit Committee is required to pre-approve the audit and non-audit services performed by our independent auditors. The Audit Committee preapproved 100% of the fees for non-audit services performed by PwC during the year ended December 31, 2010. To ensure that the provision of these services does not impair the independence of PwC, unless a type of service to be provided by PwC has been pre-approved in accordance with the Audit Committee Pre-Approval Policy, the Audit Committee's separate pre-approval is required. Any proposed services exceeding the pre-approved cost levels set forth in the Audit Committee Pre-Approval Policy require the Audit Committee's separate pre-approval. The Audit Committee Pre-Approval Policy only applies to services provided to us by our independent auditors; it does not apply to similar services performed by persons other than our independent auditors. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will at least annually, or more often as it deems necessary in its judgment, reassess and revise the Audit Committee Pre-Approval Policy. The Audit Committee most recently reassessed and approved its Audit Committee Pre-Approval Policy in February 2011.

Required Vote

The affirmative vote of a simple majority of the votes cast by the shareholders present in person or by proxy at the Annual General Meeting will be required for the ratification of the appointment of PwC as our independent auditor for 2011 and the authorization of our Board of Directors acting through its Audit Committee to set fees for PwC.

**EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS**

Introduction

This Compensation Discussion and Analysis focuses on the compensation of the executive officers listed in the Summary Compensation Table that follows (our named executive officers). Our named executive officers for 2010 were Larry A. Frakes, President and Chief Executive Officer, Global Indemnity plc; Thomas M. McGeehan, Senior Vice President and Chief Financial Officer, Global Indemnity plc; J. Scott Reynolds, President, United National Group; Matthew B. Scott, President of United National Group and Penn-America Group; David J. Myers, President, Diamond State Group; and Troy W. Santora, President, Wind River Reinsurance Company, Ltd. On July 1, 2010, J. Scott Reynolds resigned as President of United National Group and was replaced by Mr. Scott. Effective March 23, 2011, David J. Myers is no longer employed by us.

The following is a discussion of our objectives and philosophies regarding executive officer compensation, as well as the actions taken in 2010 and the compensation paid to our named executive officers with respect to 2010 performance.

Committee Activities and Compensation Paid to Named Executive Officers With Respect to 2010

The Compensation Committee and the Section 162(m) Committee met several times in 2010 and took a variety of actions relating to the promotion, retention, 2010 compensation and separation of our named executive officers. Actions of the Compensation Committee and the Section 162(m) Committee included: approving the increase in Mr. Scott's base salary and approving the executive officers' 2010 bonus incentives. The Compensation Committee or the Board of Directors, after consulting with our Chief Executive Officer, has approved the compensation and the employment agreements for all of our named executive officers. However, the Board of Directors has delegated to the Chief Executive Officer the right to approve salaries of up to \$250,000 and \$200,000 for senior vice presidents and vice presidents, respectively; grants of up to 15,000 and 2,500 shares of stock for senior vice presidents and vice presidents, respectively; grants of up to 15,000 and 2,500 options for senior vice presidents and vice presidents, respectively, and up to \$50,000 and \$35,000 in signing bonuses for senior vice presidents and vice presidents, respectively.

Our Compensation Philosophy

Our primary goals in structuring compensation opportunities for our named executive officers are: (1) fostering achievement of corporate performance objectives; (2) recognizing executives' contributions to corporate success; and (3) attracting and retaining quality professionals. We apply a consistent compensation philosophy for all named executive officers. This philosophy is based on the premise that our achievements result from the coordinated efforts of all employees, including our named executive officers, working toward our business objectives. The Compensation Committee designed and refines the executive compensation program to support the overall objective of maximizing long-term shareholder value by aligning the interests of executives with the interests of shareholders and by rewarding executives for achieving corporate and individual objectives.

Generally, we structure our total compensation packages for our named executive officers to be competitive with respect to compensation paid by our peer companies to their executives. We participate in the Property Casualty Insurance Compensation Survey, currently administered by Mercer on an annual basis. While the companies that participate in this survey may vary from one year to the next, the following companies were all participants in the survey for 2010: ACUITY; Amica Mutual Insurance Company; Arch Insurance Group; Argo Group US; Central Insurance Companies; FBL Financial Group, Inc.; FCCI Insurance Group; Harleysville Insurance; Metropolitan Property and Casualty Insurance Company; OneBeacon Insurance; PMA Capital Corporation; QBE Regional Insurance; Scottsdale Insurance (a subsidiary of Nationwide); Selective Insurance Company of America; Swiss Re; The Main Street America Group; Utica National Insurance Group; Westfield Group; and Zenith National Insurance Corporation (collectively the Peer Group). We believe that such peer and competitor comparison provides a suitable balance between the competitive nature of our business, the attendant need to recruit and retain talented executives, and the Compensation Committee's strong desire to ensure that our executives do not receive excessive compensation in relation to their peers or disproportionate to their contributions to our long-term success and shareholder value. We believe, however, that our emphasis on performance and shareholder return with a long-term perspective may result in

compensation opportunities that differentiate our practices from those of our peers. In short, our executives will be well compensated if, and only if, they create value for our shareholders over a period of several years.

Table of Contents

We use three primary components of executive compensation to satisfy our compensation objectives: base salary, performance-based annual bonus incentives payable in cash and restricted stock and long-term equity incentive opportunities. Our policies with respect to these components are discussed below.

Base Salary

The Compensation Committee uses base salary to compensate executives at salary levels that are competitive with and comparable to the levels used by other companies within our Peer Group. The Compensation Committee reviews base salaries on an annual basis to determine whether such salaries remain competitive relative to the Peer Group. Base salaries for our named executive officers were initially set in the executives' employment agreements with us and have been increased in subsequent years in connection with merit increases, which generally relate to individual past performance and enhanced professional responsibilities. In setting the Chief Executive Officer's base salary and in evaluating the Chief Executive Officer's recommendations for the base salaries of the other named executive officers, the Compensation Committee generally weighs a variety of factors, including individual past performance, potential for future successful performance with us, level and scope of responsibility and relative fairness among our executive officers. In September 2010, the Compensation Committee approved an adjustment to Mr. Scott's base salary from \$250,000 to \$300,000 to reflect his enhanced responsibilities after becoming President of United National Group.

Annual Bonus Incentives

Our annual bonus opportunities, which are payable in cash and restricted stock, are generally designed to motivate executives to focus on the performance of the division, subsidiary, or unit for which they have primary responsibility. Our Compensation Committee and the Section 162(m) Committee establish the criteria and objectives that must be met during the applicable performance period for a named executive officer to earn an annual bonus. These bonus targets reflect each executive's responsibilities and a day-to-day emphasis on generating profits. If bonuses are earned, two-thirds will generally be paid in cash and the remaining one-third in restricted stock. The allocation of bonuses earned provides both an incentive for the named executive officer to continue to perform at a high level and to reward the named executive officer for his performance during an applicable performance period. All equity grants to our named executive officers are made pursuant to our Share Incentive Plan and relate to Class A ordinary shares. Restricted stock granted as part of annual bonus awards generally vests in increments of 25% per year over four years. 50% of any restricted stock granted to Mr. McGeehan as part of annual bonus awards in 2010 vests ratably over a three-year period and the other 50% of any restricted stock award is subject to re-measurement of the US GAAP accident year combined ratio by an independent actuary as of December 31, 2013. Generally, an accident year matches the total value of all losses occurring during a year with the premiums earned for the year.

As described below, the amounts of the annual bonuses payable to our named executive officers are dependent, in large measure, on our performance in relation to performance targets. The extent to which actual performance exceeds or falls short of target performance directly results in a corresponding increase or decrease in the bonus amounts payable.

The criteria for our annual bonus incentives relate to certain objective performance goals, such as net income, operating income and combined ratio as well as individual performance expectations. Operating income is a non-US GAAP financial measure used by management as a measure of performance. It is calculated as net income less after-tax net realized investment gains (losses), less after-tax gain and one-time charges from discontinued operations, less any after-tax extraordinary gains or losses. Operating income is not a substitute for net income determined in accordance with US GAAP, and investors should not place undue reliance on this measure. The combined ratio is the sum of losses, acquisition costs and other underwriting expenses to net premiums earned. The combined ratio is a non-US GAAP financial measure that is generally viewed in the insurance industry as an indicator of underwriting profitability.

Mr. Frakes

Mr. Frakes' employment agreement sets forth his target bonus. Mr. Frakes' target bonus opportunity for 2010 was \$1,500,000. Under Mr. Frakes' employment agreement, if all targets were met, generally, one-third of his bonus would be paid in restricted stock and the remaining two-thirds would be paid in cash. The first \$500,000 of any bonus award is payable in restricted stock, which, with respect to awards granted for performance in calendar years 2008 through 2010, vests at the rate of 25% per year over four years. Thereafter, any restricted stock awarded shall vest at the rate of

33 1/3% per year over three years. Any annual bonus amount earned in excess of the restricted stock award is paid in cash, with 50% of such amount paid within 30 days of the approval of such bonus by our Board of Directors. The remaining 50% shall be retained for three years. After such three-year period, the performance score for the original bonus year will be redetermined and any retained amounts, after being increased or reduced, shall then be paid to Mr. Frakes, along with a deemed investment return thereon. Receipt of the retained cash amounts and vesting in restricted stock are both subject to certain continued employment requirements. Subject to continued employment, Mr. Frakes is also entitled to a cash payment to cover the federal and state tax liability associated with the vesting of such restricted stock.

Table of Contents

After the completion of each bonus year, a performance score for that year is determined by our Board of Directors by dividing (1) our actual consolidated net income per share (adjusted to account for all items of gain, loss, or expenses determined by our Board of Directors to be unanticipated and/or extraordinary) determined on an accident year basis by (2) our projected consolidated net income per share (determined on an accident year basis). This performance score must be greater than 90% of projected consolidated net income for Mr. Frakes to receive his bonus.

With respect to 2010, Mr. Frakes' annual bonus opportunities related primarily to our consolidated net income per share target as required by the terms of his employment agreement, including adjustments thereto as determined by our Board of Directors for unanticipated and/or extraordinary items. For 2010, the consolidated accident year net income per share target was set at \$1.92, and our actual consolidated accident year net income per share was \$1.71. This performance resulted in a performance score of 89.1%, which did not meet the 90% threshold necessary for Mr. Frakes to receive his bonus.

Messrs. Scott, Myers, Santora, and Reynolds

Messrs. Scott, Myers, Santora and Reynolds have bonus targets in their employment agreements, but the performance criteria are established annually by our Compensation and 162(m) Committees. Mr. Scott's bonus target for 2010 was \$400,000. Mr. Myers' bonus target for 2010 was \$400,000. Mr. Santora's bonus target for 2010 was \$300,000. Mr. Reynolds' bonus target for 2010 was \$450,000. These bonus targets for Messrs. Scott, Myers, Santora, and Reynolds are based primarily on underwriting income targets for the businesses that those named executive officers run. The employment agreements for Messrs. Scott, Myers, Santora, and Reynolds are generally structured so that one-third of their bonus would be paid in restricted stock and two-thirds would be paid in cash.

For 2010, the Compensation and 162(m) Committees established accident year and/or other performance criteria for determining whether any bonus would be paid to each of Messrs. Scott, Myers, Santora and Reynolds.

For Mr. Scott, these performance criteria consisted of: (1) gross written premiums for 2010 for Penn-America Group of \$100,000,000; (2) gross/net loss ratio on an accident year basis for Penn-America Group of 63.6/65.0 points; (3) gross/net expense ratio on an accident year basis for Penn-America Group (excluding restructuring charges) of 37.6/38.6 points; (4) gross/net combined ratio on an accident year basis for Penn-America Group (excluding restructuring charges) of 101.2/103.6 points; (5) co-locating Penn-America Group personnel in our Bala Cynwyd office to our Atlanta and Los Angeles offices; (6) revising Penn-America Group's contingent profit commission; (7) improving the quality of Penn-America Group's agency relationships by conducting three agency seminars; (8) improving Penn-America Group's product regionally by refining underwriting criteria and rate plans; and (9) developing a long-term strategy for United National Group and developing short-term initiatives for existing programs. Mr. Scott did not receive his bonus as he did not meet the established performance criteria for gross written premium or expense ratio.

For Mr. Myers, these performance criteria consisted of: (1) gross written premiums for 2010 for Diamond State Group of \$113,000,000; (2) gross/net loss ratio on an accident year basis for Diamond State Group (excluding our collectibles insurance agency) of 51.0/55.0 points; (3) gross/net expense ratio on an accident year basis for Diamond State Group (excluding collectibles insurance agency and restructuring charges) of 39.8/44.8 points; (4) gross/net combined ratio on an accident year basis for Diamond State Group (excluding Collectibles and restructuring charges) of 90.8/99.8 points; (5) develop a retail distribution channel via vacant property product and new products; (6) grow casualty brokerage unit with further penetration of casualty brokerage wholesale agents; and (7) diversifying geographic concentration of property risk with growth targeted in the Northeast, Midwest and Western United States. Mr. Myers did not receive his bonus as he did not meet the established performance criteria for gross written premium; net loss ratio; expense ratio; combined ratio or geographic diversity.

For Mr. Santora, these performance criteria consisted of: (1) gross written premiums for 2010 for Wind River of \$122,149,000; (2) combined ratio on an accident year basis for Wind River of 81.6 points; (3) establish core relationships with three to four small to mid-size brokerage shops that will produce three to six transactions producing an estimated contract written premium of \$30,000,000 annually; (4) develop a strong marketing presence by (a) revamping the Wind River website, (b) designing marketing materials for electronic and physical distribution; and (c) developing a key producer round table outing; and (5) staff development allowing for the meaningful enhancement of underwriting, actuarial, and claims capabilities. Mr. Santora did not receive his bonus as he did not meet the

established performance criteria for gross written premiums; combined ratio; marketing presence or staff development.

Table of Contents

For Mr. Reynolds, these performance criteria consisted of: (1) gross written premiums for 2010 for United National Group of \$140,000,000; (2) combined ratio for United National Group of 103.7 points; (3) hire a high quality senior vice president and two program managers; (4) add at least one new program with each key national relationship; and (5) develop a marketing strategy that generates at least 20 submissions that meet United National Group's target programs. Mr. Reynolds did not receive a bonus for 2010 because he resigned on July 1, 2010.

Mr. McGeehan

Under his employment agreement, Mr. McGeehan is eligible to receive cash and equity bonus awards. For 2010, he was provided an opportunity to earn both a cash bonus and an equity bonus based on US GAAP accident year combined ratio and gross written premiums for the applicable year.

In 2010, Mr. McGeehan was eligible for a cash bonus in an amount between 40% and 60% of his annual base salary if the US GAAP accident year combined ratio of Global Indemnity Group in 2010 was between 102.9 points and 100.9 points. Were Mr. McGeehan to meet these eligibility requirements, his bonus would be further adjusted based on a 2010 gross written premium target for Global Indemnity Group of \$368 million. The actual 2010 gross written premium for Global Indemnity Group is divided by the target gross written premium. The result is then multiplied to the bonus calculated for the US GAAP accident year combined ratio portion of the bonus to achieve an adjusted bonus amount. The maximum adjustment is +/- 20%. Mr. McGeehan did not receive his cash bonus as the US GAAP accident year combined ratio in 2010 for Global Indemnity Group was 111.6 points.

In 2010, Mr. McGeehan was eligible for an equity bonus in an amount between 24% and 75% of his annual base salary, payable in our Class A ordinary shares, if the US GAAP accident year combined ratio of Global Indemnity in 2010 was between 102.2 points and 98.7 points. Were Mr. McGeehan to meet these eligibility requirements, his bonus would be further adjusted based on a 2010 gross written premium target for Global Indemnity of \$491.1 million. 50% of any such award would vest ratably over a three-year period. The other 50% of any such award is subject to re-measurement of the US GAAP accident year combined ratio by an independent actuary. To qualify for the award the US GAAP accident year combined ratio, as of December 31, 2013, cannot be greater than originally presented to and approved by the Board of Directors on or before March 1, 2010. The actual 2010 gross written premium for Global Indemnity is divided by the target gross written premium. The result is then multiplied to the bonus calculated for the US GAAP accident year combined ratio portion of the bonus to achieve an adjusted bonus amount. The maximum adjustment is +/- 20%. Mr. McGeehan did not receive his equity bonus as the US GAAP accident year combined ratio in 2010 for Global Indemnity was 111.4.

The Compensation Committee believes that the targets which are set each year are challenging, but within reach for a talented executive team. The Compensation Committee is also empowered to exercise negative discretion and reduce the bonuses otherwise payable to any of our employees if the Compensation Committee determines that particular corporate results were achieved without significant personal contributions by the particular employee. The Compensation Committee may also claw back bonuses if our financial statements are restated.

Long-Term Equity Incentives

Because short-term results do not, by themselves, accurately reflect the performance of a company in our industry or the return realized by our shareholders, our named executive officers are also eligible to receive equity awards under our Share Incentive Plan. Equity awards are an important component of our compensation policies and are designed to motivate recipients to act from the perspective of a long-term owner. We also believe that providing our named executive officers with equity ownership: (1) serves to align the interests of our named executive officers with shareholders by creating a direct link between compensation and shareholder return, (2) creates a significant, long-term interest in our success and (3) aids in the retention of key executive officers in a competitive market for executive talent.

Table of Contents

The Compensation Committee approves all grants of equity compensation to our named executive officers as it deems appropriate to achieve the goals set forth above and establishes the time or times at which equity will be awarded under our Share Incentive Plan. To promote our goals of attracting and retaining talented executives, equity awards usually vest over certain periods of time subject to continued employment in good standing, with vesting contingent in certain instances on the attainment of performance goals. Equity awards that are made upon an executive's commencement of employment are also often contingent on the executive's purchase of restricted stock to ensure that the executive is a shareholder with a significant personal investment in Global Indemnity.

As described above under Annual Bonus Incentives, each of Messrs. Frakes, McGeehan, Scott, and Santora is eligible to receive restricted stock pursuant to the Share Incentive Plan in connection with his annual bonus opportunity. Messrs. Myers and Reynolds were similarly eligible while employed with us. Restricted stock granted as part of annual bonus awards generally vests in increments of 25% per year over four years. Beginning in 2011, awards granted to Mr. Frakes will vest ratably over a three year period. For Mr. McGeehan, 50% of any restricted stock award vests ratably over a three year period and the other 50% of any restricted stock award is subject to re-measurement of the US GAAP accident year combined ratio as of December 31, 2013 by an independent actuary.

Prior to 2010, in addition to equity awards granted in connection with our annual bonus incentives, Messrs. McGeehan, Scott and Santora were eligible for equity grants on the basis of an accident year look-back. Eligible named executive officers are tentatively awarded our stock on the achievement of current year US GAAP operating income targets. Three years after the accident year, an independent actuary re-measures the results. If the re-measured results are at least equal to or better than the results originally awarded and the named executive officer is currently employed with us and in good standing, the stock is conclusively awarded. We felt that giving time for accident year results to develop best reflects the nature by which we realize profits and losses and provided a powerful retention incentive for our senior executives. Accident year look-back awards were discontinued after 2009.

For the 2006 performance year, Messrs. Santora and McGeehan were the only named executive officers eligible to receive stock on the basis of an accident year look-back. In 2010, following the re-evaluation of 2006 accident year performance as of December 31, 2009, (1) Mr. Santora was awarded 375 shares of fully vested stock, with a grant date fair value equal to \$2,565, in respect of 2006 accident year performance; and (2) Mr. McGeehan was awarded 2,122 shares of fully vested stock, with a grant date fair value equal to \$14,514, in respect of 2006 accident year performance. After the July 2, 2010 one-for-two reverse stock split, these awards were adjusted accordingly.

For the 2007 performance year, Messrs. Scott, Santora and McGeehan were the only named executive officers eligible to receive stock on the basis of an accident year look-back. In 2011, following the re-evaluation of 2007 accident year performance as of December 31, 2010, (1) Mr. Scott was awarded 659 shares of fully vested stock, with a grant date fair value equal to \$13,753, in respect of 2007 accident year performance; (2) Mr. Santora was awarded 373 shares of fully vested stock, with a grant date fair value equal to \$7,785, in respect of 2007 accident year performance; and (3) Mr. McGeehan was awarded 1,416 shares of fully vested stock, with a grant date fair value equal to \$29,552, in respect of 2007 accident year performance.

For the 2008 performance year, no named executive officer was eligible to receive stock on the basis of an accident year look-back.

For the 2009 performance year, Messrs. McGeehan and Scott were the only named executive officer eligible to receive stock on the basis of an accident year look-back. Fully vested stock will be granted to Messrs. McGeehan and Scott in 2013 in respect of the 2009 accident year look-back as long as (1) losses and loss adjustment expenses for the 2009 accident year are no greater than those which were originally presented for the 2009 accident year, (2) operating income for the 2009 accident year is at least 85% of planned operating income and (3) Mr. McGeehan and Mr. Scott continue to be employed and in good standing. The tentative award level for Mr. McGeehan for the 2009 accident year look-back is 15.5% of his \$300,000 base salary, or \$46,500, which (based on our stock price as of December 31, 2009) would result in a grant of 2,935 shares. The tentative award level for Mr. Scott for the 2009 accident year look-back is 15.5% of his \$210,000 base salary, or \$16,275, which (based on our stock price as of December 31, 2009) would result in a grant of 1,027 shares. Mr. Scott's award is pro-rated for his time served with Diamond State Group prior to him becoming President of Penn-America Group.

With respect to stock options, the Compensation Committee sets the exercise price per share at the closing price of our stock on the date of grant. In accordance with an amendment to our Share Incentive Plan, which was approved by shareholders at an Extraordinary General Meeting held on January 28, 2008, stock options may be repriced without shareholder approval. When we select equity grant dates or the Compensation Committee convenes a meeting, we do not consider material non-public information or the pending release of such information. For details regarding the vesting terms of outstanding stock options, see the descriptions below under Employment Agreements.

Table of Contents**Other Considerations***Equity Ownership Generally*

We have adopted certain policies with respect to equity compensation, all of which apply to our named executive officers, such as policies regarding insider trading which prohibit trading during periods immediately preceding the release of material non-public information. We also permit our named executive officers to establish Rule 10b5-1 trading plans, subject to the prior approval of our in-house legal department.

We expect our named executive officers to maintain a significant personal ownership stake in our company. While we have not established stock ownership guidelines that are applicable to every executive, we may consider adopting such guidelines in the future. Individual guidelines were established in connection with the employment agreements for Mr. Frakes. Mr. Frakes has stock ownership guidelines in his employment agreement of twice his annual base salary.

Other Benefits

Our named executive officers are entitled to participate in the various benefits made available to our employees generally, including retirement plans, group health plans, paid vacation and sick leave, basic life insurance and short-term and long-term disability benefits. Furthermore, all of our directors and officers and the directors and officers of our subsidiaries are covered by our directors' and officers' liability insurance.

Employment Agreements

We have entered into employment agreements with our named executive officers, as described in more detail below following the Summary Compensation Table. These agreements are important to the future of our business because our success depends, in significant part, upon the individual employees who represent us in dealings with our producers and the investment community, execute our business strategy, and identify and pursue strategic opportunities and initiatives. We believe that such agreements are helpful in providing our executives with some comfort regarding their duties and compensation in exchange for necessary restrictive covenants with respect to competitive activity, non-solicitation, and confidentiality during and following the executives' employment with us. These covenants are particularly important in protecting our interests in what is an intensely competitive industry in which leveraging the personal relationships of our executives is critical to our success. The employment agreements also dictate the level and extent to which the executives receive post-termination compensation.

Post-Employment Benefits, Severance and Change in Control Policy

The post-employment benefits available to our named executive officers are subject to the terms of the executives' employment agreements. Our named executive officers are not provided with a supplemental retirement benefit plan or other pension beyond that of our 401(k) plan and matching contributions available to all of our employees.

The Compensation Committee and our Board of Directors approve appropriate severance policies for each executive officer designed to (1) compensate an executive who is involuntarily separated from us for reasons other than for cause and (2) compensate the executive to the extent the executive is subject to a post-termination non-compete agreement.

We have adopted a limited change in control policy designed to incentivize our executive officers to pursue transactions which benefit our shareholders. All of our named executive officers are entitled to accelerated vesting of their restricted stock and options in the event that we undergo a change in control while they are employed. For details regarding the potential for the accelerated vesting of restricted stock and options, see the descriptions below under *Actions Taken in 2011* and *Employment Agreements*.

Impact of Accounting, Tax and Legal Considerations

With respect to taxes, Section 162(m) of the Internal Revenue Code (the *Code*) imposes a \$1 million limit on the deduction that we may claim in any tax year with respect to compensation paid to the Chief Executive Officer and certain other named executive officers. Accordingly, the Compensation Committee and the Section 162(m) Committee monitor compensation paid to such executives so that steps may be taken to ensure that it is deductible under Section 162(m).

Certain types of performance-based compensation are exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted stock, and certain formula driven compensation that meets the requirements of Section 162(m). The Compensation Committee and the Section 162(m) Committee seek to structure performance-based and equity compensation for our named executive officers in a

manner that complies with Section 162(m) in order to provide for the deductibility of such compensation. All compensation paid to our executive officers with respect to 2010 was deductible for purposes of Section 162(m).

Table of Contents

Compensation is also affected by Section 409A of the Internal Revenue Code. Section 409A dictates the manner by which deferred compensation opportunities are offered to our employees and requires, among other things, that nonqualified deferred compensation be structured in a manner that limits employees' abilities to accelerate or further defer certain kinds of deferred compensation. We operate our existing deferred compensation arrangements in accordance with Section 409A.

We also take into account Sections 280G and 4999 of the Internal Revenue Code when structuring compensation. These two sections relate to the imposition of excise taxes on executives who receive, and the loss of deductibility for employers who pay, excess parachute payments made in connection with a change in control. We often structure our compensation opportunities in a manner that reduces the impact of Sections 280G and 4999.

Actions Taken in 2011*2011 Bonuses*

To provide continued incentives in 2011, the Compensation Committee awarded a discretionary bonus on February 22, 2011 to Messrs. McGeehan, Myers, Scott and Santora. Mr. McGeehan received a cash bonus of \$133,000 and a restricted stock award of 3,276 shares. Mr. Myers received a restricted stock award of 4,890 shares. Mr. Scott received a restricted stock award of 4,890 shares. Mr. Santora received a restricted stock award of 3,423 shares. All restricted stock awards were made from our Share Incentive Plan and vest on February 22, 2012. The stock awarded to Mr. Myers was forfeited on March 23, 2011.

Retention Agreements

On March 15, 2011, retention agreements were entered into between Messrs. McGeehan, Scott, Myers, and Santora and each of their respective employers. The retention agreements provide for the payment of a bonus equal to 1.5 times each executive's base salary (0.5 times in the case of Mr. Santora), to be paid 12 months following the occurrence of a Qualifying Transaction, assuming that the executive remains continuously employed by his employer through such period.

If the executive's employment with his employer terminates before the end of such 12-month period for any reason, including, without limitation, the death or disability of the executive, other than solely resulting from (i) the executive's resignation with good reason or (ii) the termination of the executive's employment without cause (as such terms are defined in the agreements), the executive will not earn and will not be entitled to receive his bonus (or any portion thereof), and the employer will have no further obligations under the retention agreement.

If the executive voluntarily terminates employment with good reason or his employment is terminated without cause during such 12-month period, he will receive the bonus (reduced, except in the case of Mr. Santora, by any cash severance payments made under the executive's employment agreement with respect to each executive who is party to an employment agreement with his employer) at the end of such 12-month period. Following payment of his retention bonus, each executive, with the exception of Mr. Santora, will no longer be eligible for cash severance payments under his employment agreement upon any subsequent termination of employment. The variations in Mr. Santora's retention agreement are intended to comply with applicable requirements under Bermuda law. Qualifying Transaction is defined in the retention agreements to mean: (i) a merger, consolidation or other business combination pursuant to which the business, assets or divisions of the executive's employer or any parent of the employer is combined with an unaffiliated third party; (ii) the sale or other disposition of 50% or more of the stock of the employer or any parent of the employer; or (iii) certain transfers of all or substantially all of the assets of the employer or any parent of the employer, provided, however, that the Compensation Committee has sole discretion with respect to the determination as to whether a Qualifying Transaction has occurred. If no Qualifying Transaction is consummated within two years of the effective date of the retention agreements (or entered into during that two-year period and then later consummated), the agreements will terminate. In addition, any or all of the retention agreements may be terminated prior to the occurrence of a Qualifying Transaction by the Compensation Committee upon the recommendation of the Chief Executive Officer of Global Indemnity.

Table of Contents*Restricted Share Agreement*

On March 15, 2011, Global Indemnity entered into a restricted share agreement with Mr. Frakes that provides for the grant of 31,250 restricted shares of Global Indemnity, which shares will vest 12 months following the occurrence of a Qualifying Transaction, assuming that Mr. Frakes remains continuously employed by his employer through such period.

If Mr. Frakes' employment with his employer terminates before the end of such 12-month period for any reason, including, without limitation, his death or disability, other than solely resulting from (i) his resignation with good reason or (ii) the termination of his employment without cause (as such terms are defined in the agreement), the restricted shares will be forfeited and Global Indemnity will have no further obligations under the agreement. If Mr. Frakes voluntarily terminates employment with good reason or his employment is terminated without cause during such 12-month period, the restricted shares will immediately vest. Qualifying Transaction is defined in the same manner as in the retention agreements described above. If no Qualifying Transaction is consummated within two years of the effective date of the agreement (or entered into during that two-year period and then later consummated), the restricted shares will be forfeited to Global Indemnity. The restricted share agreement provides that any provision in an agreement to which Mr. Frakes is a party that would otherwise cause the acceleration of vesting of his restricted shares on a change of control will not apply to the restricted shares being granted pursuant to his agreement.

Employment Agreement Amendment

On March 15, 2011, an amendment to the employment agreement with Mr. Frakes was entered into effective as of July 2, 2010, in order to transfer his employment from United America Indemnity, Ltd. to Global Indemnity (Cayman) Ltd. The amendment provides for the coordination of his services to Global Indemnity (Cayman) Ltd. and to Global Indemnity, and in that regard provides that: (i) his duties to Global Indemnity (Cayman) Ltd. will be modified to the extent necessary for his duties to Global Indemnity to be carried out; (ii) termination of employment with Global Indemnity (Cayman) Ltd. will constitute termination of employment with Global Indemnity, and vice versa; (iii) of Mr. Frakes' \$600,000 base salary (which is consistent with his current salary), \$413,000 will be paid for his services to Global Indemnity (Cayman) Ltd. and the remainder for his services to Global Indemnity; (iv) upon termination of employment by Global Indemnity (Cayman) Ltd. without cause or by Mr. Frakes for good reason (as defined in the agreement, as amended), he will receive his monthly salary (based on a \$413,000 annual salary) for 18 months; (v) Global Indemnity (Cayman) Ltd. will provide Mr. Frakes with a bonus opportunity of \$1,500,000, which is consistent with his current employment agreement; (vi) Mr. Frakes will receive a payment to compensate him for any additional taxes imposed on him in excess of the taxes he would have paid had he been subject to taxation solely in the United States, as well as reimbursement for his tax return preparation expenses; (vii) bonuses will be provided in a manner which preserves their deductibility pursuant to Section 162(m) of the Code; (viii) amounts payable on termination of employment will be provided in a manner which complies with Section 409A of the Code, thus avoiding the acceleration of taxes and the imposition of additional taxes under that section of the Code; and (ix) references to affiliates in the current employment agreement (e.g., as to the entities with respect to which he is Chief Executive Officer) will not include any affiliates not treated as a United States person for federal income tax purposes. Other than with respect to the additional payments to make Mr. Frakes whole for foreign taxes and tax preparation expenses, as described in clause (vi) above, nothing in the amendment is intended to confer additional rights or benefits beyond those provided in the employment agreement prior to the amendment.

Conclusion

Based on our review and analysis, we believe that each element of compensation and the total compensation provided to each of our named executive officers is reasonable and appropriate. The value of the compensation payable to our executives is heavily dependent on our performance and the investment return realized by our shareholders. Furthermore, we believe our executives' total compensation opportunities are competitive with those that our competitors offer to their executives. We believe these compensation opportunities allow us to attract and retain talented executives who have helped and who will continue to help us grow as we look to the years ahead.

Table of Contents**EMPLOYMENT AGREEMENTS****Larry A. Frakes**

Mr. Frakes has an employment agreement, which was amended and restated effective as of February 5, 2008 and again on August 14, 2009. Mr. Frakes' employment agreement was amended on March 15, 2011 (such amendment to be effective as of July 2, 2010). For details of the amendment, see the subsection titled "Employment Agreement Amendment" under the section in the Compensation Discussion and Analysis titled "Actions Taken in 2011."

The initial term of the employment agreement is from May 10, 2007 through December 31, 2011, subject to an automatic renewal on a year to year basis in the absence of notice by either party to terminate the agreement. Under the agreement, Mr. Frakes is to receive an annual base salary of \$600,000. Mr. Frakes was eligible to receive an annual bonus for the 2008 calendar year equal to \$1,500,000 with one-third payable in restricted stock vesting over four years and two-thirds payable in cash. In respect of each full calendar year during the term, commencing with 2008, we will provide Mr. Frakes with an annual bonus opportunity based upon the achievement of certain consolidated net income targets as approved by the Compensation and Section 162(m) Committees. Such awards, if achieved, are to be paid in both cash and restricted stock. For information on Mr. Frakes' bonus opportunities see the discussion related to Mr. Frakes under "Annual Bonus Incentives" in the Compensation Discussion and Analysis above. Under the agreement, Mr. Frakes purchased 50,000 of our Class A common shares, at an aggregate purchase price of over \$1,000,000. These shares are not transferable except in limited instances. Mr. Frakes also received 394,946 options to acquire our Class A common shares, with an exercise price equal to \$25.32. These options were canceled and 498,838 options to acquire our Class A common shares, with an exercise price equal to \$20.05 were granted effective February 5, 2008. 50% of such options were time vesting options and vested at the rate of 25% per year over four years. The remaining 50% were performance vesting options and vested at the rate of up to 25% per year over four years, subject to achievement of certain performance targets by Mr. Frakes. The exercise price and vesting schedule of these options was modified effective August 14, 2009 so that Mr. Frakes then had 498,838 options to acquire our Class A common shares with an exercise price of \$11.90. 50% of such options are time vesting options and shall vest at the rate of 25% on each of September 14, 2009, December 31, 2010, December 31, 2011 and December 31, 2012. The remaining 50% continue to be performance vesting options and shall provisionally vest at a rate of 25% on each of September 14, 2009, December 31, 2010, December 31, 2011 and December 31, 2012. All provisionally vested performance vesting options shall conclusively vest as of the 120th day following a two-year consecutive period of either calendar 2010 and 2011 or 2011 and 2012, if our annual return on equity and annual increase in gross written premiums exceeded the results achieved by more than 50% of a group of our publicly-traded peers. The intent of the cancellation of the prior options and the grant of new options in February 2008 was to align the strike price of the options with the average price of the shares purchased by Mr. Frakes. The purpose of the August 14, 2009 amendment to his employment agreement was to continue to incentivize Mr. Frakes. In exchange for modifying the strike price of his options, the vesting period was extended as described above. Option vesting is subject to certain continued employment requirements. After the July 2, 2010 one-for-two reverse stock split, Mr. Frakes' purchased shares and granted options were adjusted accordingly to reflect a purchase of 25,000 of our Class A ordinary shares and a grant of 249,418 options to acquire our Class A ordinary shares, with an exercise price of \$23.80.

The following is a summary of the agreements and plans that provide for payment to our current named executive officers at, following, or in connection with any termination, including resignation, severance, retirement or constructive termination, or with a change in control or a change in the named executive officer's responsibilities as of December 31, 2010, with the exception of Mr. Frakes, whose latest amendment to his employment agreement was made effective as of July 2, 2010, the following discussion does not contemplate any of the benefits under Actions Taken in 2011. Also included is a summary of termination benefits payable to Mr. Reynolds, who resigned on July 1, 2010. The amounts reflected below do not include life insurance payouts that would have been made to our named executive officers upon death on December 31, 2010. These payments would have been equal to one and one-half times the base salary of each named executive officer with a cap of \$200,000. Mr. Scott has an additional voluntary life insurance policy that provides \$250,000 in coverage.

Larry A. Frakes

Under his employment agreement with us, Mr. Frakes' employment may be terminated at any time by our Board of Directors or by Mr. Frakes upon three months written notice with or without cause, upon his death or disability. For 18 months following Mr. Frakes' termination for any reason, Mr. Frakes shall be subject to certain non-compete, non-solicit and confidentiality obligations.

Termination by Us for Cause, Termination upon Death or Disability. If we terminate Mr. Frakes' employment for cause, death or disability, Mr. Frakes is entitled to receive all accrued, but unpaid, base salary, and any vesting of restricted shares and/or options shall cease. For details regarding Mr. Frakes' salary, restricted shares, and options, see the description of Mr. Frakes' employment agreement under Employment Agreements.

Under Mr. Frakes' employment agreement, *cause* means (1) the engaging by Mr. Frakes in malfeasance, fraud, dishonesty or gross misconduct adverse to our interests, (2) the material violation by Mr. Frakes of certain provisions of his employment agreement or share/option agreements after notice from us and a failure to cure such violation within 10 days of the notice (to the extent the Board of Directors reasonably determines such violation is curable and subject to notice), (3) a breach by Mr. Frakes of any representation or warranty in his employment agreement or share/option agreements, (4) the determination by our Board of Directors that Mr. Frakes has exhibited incompetence or gross negligence in the performance of his duties, (5) receipt of a final written directive or order of any governmental body or entity having jurisdiction over us requiring termination or removal of Mr. Frakes, (6) Mr. Frakes being charged with a felony or other crime involving moral turpitude, or (7) Mr. Frakes substantially failing to perform his duties after notice from us and failure to cure such non-performance within 10 days of our notice (to the extent our Board of Directors reasonably determines such failure to perform is curable and subject to notice) or violating any of our material policies, including our corporate governance and ethics guidelines, conflicts of interest policies and code of conduct applicable to all of our employees and senior executives.

Under Mr. Frakes' employment agreement, *disability* occurs when a licensed physician selected by us determines that Mr. Frakes is disabled and he is unable to perform or complete his duties for a period of 180 consecutive days or 180 days within any 12-month period.

Termination by Us Without Cause or Termination by the Executive for Good Reason. If Mr. Frakes' employment is terminated by us without cause or by Mr. Frakes with good reason, Mr. Frakes is entitled to receive severance payments equal to his monthly base salary (based on a \$413,000 annual salary) multiplied by months served (capped at 18 months) less any amounts paid during the relevant notice period and any taxes and withholdings, continued benefits for 18 months, and continued vesting in awarded restricted shares and provisionally vested performance vesting options. For details regarding Mr. Frakes' salary, restricted shares, and options, see the description of Mr. Frakes' employment agreement under Employment Agreements.

Under Mr. Frakes' employment agreement, *good reason* means a willful and substantial reduction in his material responsibilities and reporting as provided for in the employment agreement which remains uncured for 30 days after written notice thereof is provided by Mr. Frakes to us setting forth in reasonable detail the alleged breach. Mr. Frakes must provide such written notice within 10 days of the event allegedly giving rise to good reason or such alleged event

shall not provide a basis for such notice. A modification as to whom Mr. Frakes shall report resulting from a change in control does not constitute good reason.

Table of Contents

Voluntary Termination. If Mr. Frakes voluntarily terminates his employment without good reason, we will pay him accrued and unpaid base salary through the termination date (less applicable withholding taxes). For details regarding Mr. Frakes' salary, see the description of Mr. Frakes' employment agreement under Employment Agreements.

Change in Control. All of Mr. Frakes' unvested restricted shares and unvested options, if any, become vested upon a change in control of Global Indemnity. For details regarding Mr. Frakes' unvested options and restricted shares, if any, see the description related to Mr. Frakes' in the Outstanding Equity Awards at December 31, 2010 table. Any retained cash bonus vests if it is determined that the price our shares grew at or in excess of a 15% compounded annual rate over the period of August 15, 2007 through the date of the change in control. As of December 31, 2010, the target growth in our share price had not been achieved and therefore any retained cash bonus would not have vested.

On March 15, 2011 Mr. Frakes entered into a restricted share agreement and his employment agreement was amended. The restricted share agreement may impact the potential payments to him upon a termination or a change in control after March 15, 2011 that are not described above. For details of the restricted share agreement see the subsection titled Restricted Share Agreement under the section above titled Actions Taken in 2011 in the Compensation Discussion and Analysis above.

Assuming Mr. Frakes' employment was terminated under each of these circumstances on December 31, 2010, and without taking into account any value assigned to Mr. Frakes' covenant not to compete, such payments and benefits would have had an estimated value of:

	Value of Accelerated Vesting of Equity Awards (\$)			Tax Gross Up (\$)	Medical and Dental Benefits (\$)	Total (\$)
	Severance(\$)	Options(\$)	Stock(\$)			
With Cause; Death; Disability; Voluntary Termination(1) Without Cause or For Good Reason	619,500				1,044(2)	620,544
Change in Control(3)(4)			534,481	365,319		899,800

- (1) We would have no further obligation to Mr. Frakes, except to pay him for all accrued, but unpaid, base salary through the termination date.
- (2) The current value of medical and dental benefits was used to calculate this amount.
- (3) Assumes continued employment following a change in control. If Mr. Frakes were to be terminated without cause or Mr. Frakes terminated for good reason following a change in control, Mr. Frakes would be entitled to the severance set forth above in Without Cause or For Good Reason and the amount noted under Restricted Stock in Change in Control.
- (4) Although unvested options vest immediately upon a change in control, as of December 31, 2010, the options were out of the money. Therefore, no amount would be recognized. The restricted stock amount represents all unvested shares of restricted stock multiplied by the closing price of \$20.45 on December 31, 2010.

Thomas M. McGeehan

Under Mr. McGeehan's employment agreement with us, Mr. McGeehan's employment may be terminated at any time by us with or without cause, or upon his death or disability or by Mr. McGeehan upon 90 days written notice. For 12 months following Mr. McGeehan's termination for any reason, Mr. McGeehan shall be subject to certain non-compete, non-solicit and confidentiality obligations.

Termination by Us for Cause, Death or Disability. If Mr. McGeehan's employment is terminated because of death, disability, Mr. McGeehan's resignation (other than as a result of our failure to offer a reasonable relocation package due to our relocation) or for cause, Mr. McGeehan would receive all accrued, but unpaid, base salary, and any vesting of restricted shares and/or options shall cease.

Table of Contents

Under Mr. McGeehan's employment agreement, **cause** means (1) Mr. McGeehan substantially failing to perform his material duties after notice from us and failure to cure such violation within 10 days of the notice (to the extent the Board of Directors reasonably determines such failure to perform is curable and subject to notice) or violating any of our material policies, including our corporate governance and ethics guidelines, conflicts of interests policies and code of conduct applicable to all of our employees and senior executives, (2) the engaging by Mr. McGeehan in any malfeasance, fraud, dishonesty or gross misconduct adverse to our interests, (3) the material violation by Mr. McGeehan of certain provisions of his employment agreement or share/option agreements after notice from us and a failure to cure such violation within 10 days of the notice, (4) a breach by Mr. McGeehan of any representation or warranty in his employment agreement or share/option agreements, (5) the determination by the Board of Directors that Mr. McGeehan has exhibited incompetence or gross negligence in the performance of his duties, (6) receipt of a final written directive or order of any governmental body or entity having jurisdiction over us requiring termination or removal of Mr. McGeehan, or (7) Mr. McGeehan being charged with a felony or other crime involving moral turpitude.

Under his employment agreement, **disabled** means that Mr. McGeehan is disabled as certified by a licensed physician selected by us and is unable to perform or complete his duties for a period of 180 consecutive days or 180 days within any 12-month period.

Termination by Us Without Cause or Termination by the Executive as a Result of Certain Relocation. If we terminate Mr. McGeehan without cause or he resigns as a result of the relocation of our principal executive offices or the business relocation of Mr. McGeehan (in both cases without us offering Mr. McGeehan a reasonable relocation package), Mr. McGeehan is entitled to severance payments equal to his monthly base salary multiplied by 12 months, payable monthly, and subject to the execution of a general release, complying with his post-termination obligations under the agreement and further adjustment for the equity compensation package granted to him. During this severance period, we are also obligated to maintain any medical and dental plan in which Mr. McGeehan participates until the earlier of the end of the severance period or Mr. McGeehan becoming eligible for coverage by another employer and subject to Mr. McGeehan continuing to bear his share of coverage costs.

Change in Control. All of Mr. McGeehan's unvested restricted shares and unvested options, if any, become vested upon a change in control of Global Indemnity. For details regarding Mr. McGeehan's unvested options and restricted shares, if any, see the description related to Mr. McGeehan in the Outstanding Equity Awards at December 31, 2010 table.

Mr. McGeehan entered into a retention agreement on March 15, 2011, which may impact the potential payments to him upon a termination or a change in control after March 15, 2011. For details of the retention agreement, see the subsection titled Retention Agreements under the section above titled Actions Taken in 2011 in the Compensation Discussion and Analysis above.

Assuming Mr. McGeehan's employment was terminated under each of these circumstances on December 31, 2010, and without taking into account any value assigned to Mr. McGeehan's covenant not to compete, such payments and benefits would have had an estimated value of:

	Value of Accelerated Vesting of Equity			Medical and Dental Benefits (\$)	Total (\$)
	Severance(\$)	Options(\$)	Awards (\$) Restricted Stock(\$)		
With Cause; Death; Disability; Voluntary Termination(1) Without Cause or as a Result of Certain Relocation	300,000			15,972(2)	315,972
Change in Control(3)(4)			132,618		132,618

- (1) We would have no further obligation to Mr. McGeehan, except to pay him for all accrued, but unpaid, base salary through the termination date.

Table of Contents

- (2) The current value of medical and dental benefits was used to calculate this amount.
- (3) Assumes continued employment following a change in control. If Mr. McGeehan were to be terminated without cause or if Mr. McGeehan terminates due to certain relocation following a change in control, Mr. McGeehan would be entitled to the severance set forth above in *Without Cause or For Good Reason* and the amount noted under *Restricted Stock* in *Change in Control*.
- (4) The restricted stock amount represents all unvested shares of restricted stock multiplied by the closing price of \$20.45 on December 31, 2010.

Matthew B. Scott

Under Mr. Scott's employment agreement with PAIC, Mr. Scott's employment may be terminated by PAIC with or without cause, or upon his death or disability or by Mr. Scott upon 90 days written notice. For a period of 12 months following Mr. Scott's termination for any reason, Mr. Scott shall be subject to certain non-compete, non-solicit and confidentiality obligations.

Termination by PAIC for Cause, Death or Disability. If Mr. Scott's employment is terminated because of death, disability, Mr. Scott's resignation or for cause, Mr. Scott would receive all accrued, but unpaid, base salary through the date of termination, and any vesting of restricted shares and/or options shall cease.

Under Mr. Scott's employment agreement, *cause* means (1) Mr. Scott substantially failing to perform his duties after notice from PAIC and failure to cure such violation within 10 days of the notice (to the extent the Board of Directors reasonably determines such failure to perform is curable and subject to notice) or violating any of our material policies, including our corporate governance and ethics guidelines, conflicts of interests policies and code of conduct applicable to all of our employees and senior executives, (2) the engaging by Mr. Scott in any malfeasance, fraud, dishonesty or gross misconduct adverse to our interests, (3) the material violation by Mr. Scott of certain provisions of his employment agreement or share/option agreements after notice from PAIC and a failure to cure such violation within 10 days of the notice, (4) a breach by Mr. Scott of any representation or warranty in his employment agreement or share/option agreements, (5) the determination by PAIC's Board of Directors that Mr. Reynolds has exhibited incompetence or gross negligence in the performance of his duties, (6) receipt of a final written directive or order of any governmental body or entity having jurisdiction over us requiring termination or removal of Mr. Scott, or (7) Mr. Scott being charged with a felony or other crime involving moral turpitude.

Under his employment agreement, *disabled* means that Mr. Scott is disabled as certified by a licensed physician selected by us and is unable to perform or complete his duties for a period of 180 consecutive days or 180 days within any 12-month period.

Termination by PAIC Without Cause. If PAIC terminates Mr. Scott without cause, Mr. Scott is entitled to severance pay of 12 months, payable monthly, and subject to the execution of a general release, complying with his post-termination obligations under the agreement and further adjustment for the equity compensation package granted to him. During this severance period, we are also obligated to maintain any medical, health, and accident plan or arrangement in which Mr. Scott participates until the earlier of the end of the severance period or Mr. Scott becoming eligible for coverage by another employer and subject to Mr. Scott continuing to bear his share of coverage costs.

Change in Control. All of Mr. Scott's unvested restricted shares and unvested options, if any, become vested upon a change in control of Global Indemnity. For details regarding Mr. Scott's unvested options and restricted shares, if any, see the description related to Mr. Scott in the *Outstanding Equity Awards* at December 31, 2010 table.

Mr. Scott entered into a retention agreement on March 15, 2011, which may impact the potential payments to him upon a termination or a change in control after March 15, 2011. For details of the retention agreement, see the subsection titled *Retention Agreements* under the section above titled *Actions Taken in 2011* in the *Compensation Discussion and Analysis* above.

Table of Contents

Assuming Mr. Scott's employment was terminated under each of these circumstances on December 31, 2010, and without taking into account any value assigned to Mr. Scott's covenant not to compete, such payments and benefits would have had an estimated value of:

	Value of Accelerated Vesting of Equity			Medical and Dental Benefits (\$)	Total (\$)
	Severance(\$)	Awards (\$) Options(\$)	Restricted Stock(\$)		
With Cause; Death; Disability; Voluntary Termination(1)					
Without Cause	300,000			15,972(2)	315,972
Change in Control(3)			142,373		142,373

- (1) We would have no further obligation to Mr. Scott, except to pay him for all accrued, but unpaid, base salary through the termination date.
- (2) The current value of medical and dental benefits was used to calculate this amount.
- (3) Assumes continued employment following a change in control. If Mr. Scott were to be terminated without cause following a change in control, Mr. Scott would be entitled to the severance set forth above in "Without Cause or For Good Reason" and the amount noted under "Restricted Stock" in "Change in Control". The restricted stock amount represents all unvested shares of restricted stock multiplied by the closing price of \$20.45 on December 31, 2010.

David J. Myers

Effective March 23, 2011, Mr. Myers is no longer employed by us. Mr. Myers' employment agreement expired on December 31, 2010 and he was an at will employee until March 23, 2011. On December 31, 2010, under Mr. Myers' employment agreement with Diamond State Insurance Company ("DSIC"), Mr. Myers' employment could have been terminated by DSIC with or without cause, or upon his death or disability or by Mr. Myers upon 90 days written notice. For a period of 12 months following Mr. Myers' termination for any reason, Mr. Myers would have been subject to certain non-compete, non-solicit and confidentiality obligations. As Mr. Myers' employment agreement was not renewed he did not receive any form of severance after ceasing to serve as President of Diamond State Group on March 23, 2011.

Termination by DSIC for Cause, Death or Disability. If Mr. Myers' employment had been terminated because of death, disability, Mr. Myers' resignation (other than as a result of DSIC's failure to offer a reasonable relocation package due to DSIC's relocation) or for cause, Mr. Myers would have received all accrued, but unpaid, base salary through the date of termination, and any vesting of restricted shares and/or options would cease.

Under Mr. Myers' employment agreement, "cause" meant (1) Mr. Myers substantially failing to perform his material duties after notice from DSIC and failure to cure such violation within 10 days of the notice (to the extent the Board of Directors reasonably determined such failure to perform were curable and subject to notice) or violating any of our material policies, including our corporate governance and ethics guidelines, conflicts of interests policies and code of conduct applicable to all of our employees and senior executives, (2) the engaging by Mr. Myers in any malfeasance, fraud, dishonesty or gross misconduct adverse to our interests, (3) the material violation by Mr. Myers of certain provisions of his employment agreement or share/options agreements after notice from DSIC and a failure to cure such violation within 10 days of the notice, (4) a breach by Mr. Myers of any representation or warranty in his employment agreement or share/options agreements, (5) the determination by DSIC's Board of Directors that Mr. Myers had exhibited incompetence or gross negligence in the performance of his duties, (6) receipt of a final written directive or

order of any governmental body or entity having jurisdiction over us requiring termination or removal of Mr. Myers, or (7) Mr. Myers being charged with a felony or other crime involving moral turpitude.

Under his employment agreement, disabled meant that Mr. Myers was disabled as certified by a licensed physician selected by us and was unable to perform or complete his duties for a period of 180 consecutive days or 180 days within any 12-month period.

Table of Contents

Termination by DSIC Without Cause or Termination by the Executive as a Result of Certain Relocation. If DSIC had terminated Mr. Myers without cause or he had resigned as a result of the relocation of DSIC's principal executive offices or the business relocation of Mr. Myers (in both cases without us offering Mr. Myers a reasonable relocation package), Mr. Myers would have been entitled to severance pay of 12 months, payable monthly, and subject to the execution of a general release, complying with his post-termination obligations under the agreement and further adjustment for the equity compensation package granted to him. During this severance period, we were also obligated to maintain any medical, health, and accident plan or arrangement in which Mr. Myers participated until the earlier of the end of the severance period or Mr. Myers becoming eligible for coverage by another employer and subject to Mr. Myers continuing to bear his share of coverage costs.

Change in Control. All of Mr. Myers' unvested restricted shares and unvested options, if any, would have become vested upon a change in control of Global Indemnity. For details regarding Mr. Myers' unvested options and restricted shares, if any, see the description related to Mr. Myers in the Outstanding Equity Awards at December 31, 2010 table.

Assuming Mr. Myers' employment had been terminated under each of these circumstances on December 31, 2010, and without taking into account any value assigned to Mr. Myers' covenant not to compete, such payments and benefits would have had an estimated value of:

	Value of Accelerated Vesting of Equity Awards (\$)			Medical and Dental Benefits (\$)	Total (\$)
	Severance(\$)	Options(\$)	Restricted Stock(\$)		
With Cause; Death; Disability; Voluntary Termination(1) Without Cause or as a Result of Certain Relocation	300,000			11,184(2)	311,184
Change in Control(3)			86,074		86,074

- (1) We would have had no further obligation to Mr. Myers, except to pay him for all accrued, but unpaid, base salary through the termination date.
- (2) The current value of medical and dental benefits was used to calculate this amount.
- (3) Assumes continued employment following a change in control. Under his former employment agreement, if Mr. Myers were to be terminated without cause or if Mr. Myers terminated due to certain relocation following a change in control, Mr. Myers would have been entitled to the severance set forth above in Without Cause or as a Result of Certain Relocation and the amount noted under Restricted Stock in Change in Control. The restricted stock amount represents all unvested shares of restricted stock multiplied by the closing price of \$20.45 on December 31, 2010.

As discussed above, because Mr. Myers' employment agreement was not renewed prior to its expiration on December 31, 2010, he was not entitled to any post-termination benefits after leaving the Company.

Under Mr. Santora's employment agreement with Wind River, Mr. Santora's employment may be terminated by Wind River with or without cause, or upon his death or disability or by Mr. Santora upon 90 days written notice. Termination by Wind River for Cause, Death or Disability. If Wind River terminates Mr. Santora without cause, Mr. Santora is entitled to severance pay of 12 months, payable monthly, and subject to the execution of a general release, complying with his post-termination obligations under the agreement and further adjustment for the equity compensation package granted to him. During this severance period, Wind River is also obligated to maintain any medical, health, and accident plan or arrangement in which Mr. Santora participates until the earlier of the end of the severance period or Mr. Santora becoming eligible for coverage by another employer and subject to Mr. Santora continuing to bear his share of coverage costs.

Change in Control. All of Mr. Santora's unvested restricted shares and unvested options, if any, become vested upon a change in control of Global Indemnity. Assuming Mr. Santora's employment was terminated under each of these circumstances on December 31, 2010, and without taking into account any value assigned to Mr. Santora's covenant not to compete, such payments and benefits would have had an estimated value of:

As a result, these figures assume the exercise or conversion by each beneficial owner of all securities that are exercisable or convertible within 60 days of April 7, 2011. In particular, Class A ordinary shares that may be acquired by a particular beneficial owner upon the conversion of Class B ordinary shares are deemed to be outstanding for the purpose of computing the percentage of the Class A ordinary shares owned by such beneficial owner but are not deemed to be outstanding for the purpose of computing the percentage of the Class A ordinary shares owned by any other beneficial owner.

Table of Contents

- (2) The percentages in this column represent the percentage of the total outstanding voting power of Global Indemnity plc that the particular beneficial owner holds. The numerator used in this calculation is the total votes to which each beneficial owner is entitled, taking into account that each Class B ordinary share has ten votes, and the denominator is the total number of votes to which all outstanding shares of Global Indemnity plc are entitled, again taking into account that each Class B ordinary share has ten votes.
- (3) The percentages in this column represent the percentage of the total outstanding share capital of Global Indemnity plc that a particular beneficial owner holds on an as-converted basis, assuming that each Class B ordinary share is converted into one Class A ordinary share. The numerator used in this calculation is the total number of Class A ordinary shares each beneficial owner holds on an as-converted basis and the denominator is the total number of Class A ordinary shares on an as-converted basis.

In the Management Agreement, United America Indemnity agreed to pay to Fox Paine & Company, LLC an initial management fee of \$13.2 million for the year beginning on September 5, 2003, which was paid on September 5, 2003, and thereafter an annual management fee of \$1.2 million subject to certain adjustments. United America Indemnity likewise agreed to pay to Wind River Holdings an annual management fee of \$0.3 million subject to certain adjustments. In exchange for the management fee, Fox Paine & Company, LLC and Wind River Holdings agreed to assist United America Indemnity and its affiliates by providing certain financial and strategic consulting, advisory and other services. Fox Paine & Company, LLC has also consulted with United America Indemnity and its affiliates on various matter including tax planning, public relations strategies, economic and industry trends and executive compensation.

On May 25, 2006, United America Indemnity entered into Amendment No. 1 to the Management Agreement with Fox Paine & Company, LLC and Wind River Holdings (Amendment No. 1). Amendment No. 1 terminated the services provided to United America by Wind River Holdings as of May 25, 2006. In connection with United America Indemnity's ongoing operations, United America Indemnity agreed to pay an annual management fee of \$1.5 million to Fox Paine & Company, LLC. United America Indemnity also agreed to continue to indemnify Fox Paine & Company, LLC, Wind River Holdings and the other indemnified persons and to continue to reimburse Fox Paine & Company, LLC for expenses incurred in providing management services.

In connection with our re-domestication to Ireland, two of our subsidiaries, Wind River and Global Indemnity Group, Inc. agreed to guarantee United America Indemnity's payment obligations under the Management Agreement and Amendment No. 1.

On March 16, 2011, United America Indemnity and Global Indemnity (Cayman) Ltd., our wholly owned, indirect subsidiary (Global Indemnity Cayman), entered into an agreement (the Amended Management Agreement) with Fox Paine & Company, LLC pursuant to which United America Indemnity assigned and Global Indemnity Cayman assumed all of United America Indemnity's rights and obligations under the Management Agreement and Amendment No. 1. Under the Amended Management Agreement, Global Indemnity Cayman will pay Fox Paine & Company, LLC the same \$1.5 million annual management fee provided under Amendment No. 1 in exchange for Fox Paine & Company, LLC's ongoing provision of management services to Global Indemnity Cayman and its affiliates. In addition, upon the consummation of a change of control transaction that does not involve Fox Paine & Company, LLC its affiliates or Fox Paine Capital Fund II International, L.P. and its affiliates (the Funds), Global Indemnity Cayman will pay Fox Paine & Company, LLC a \$10 million termination fee in exchange for the immediate termination of Global Indemnity Cayman's obligation to pay the annual management fee and Fox Paine & Company, LLC's obligation to provide management services. The Amended Management Agreement also confirms the arrangements under which Fox Paine & Company, LLC will provide advisory services to Global Indemnity Cayman and its affiliates or the Funds. In exchange for such advisory services (which will include, as appropriate, advice and assistance with respect to defining objectives, performing valuation analyses and structuring, planning and negotiating any such transaction), Global Indemnity Cayman will pay Fox Paine & Company, LLC upon the consummation of a change of control transaction a transaction advisory fee equal to one percent of the transaction value (as determined in accordance with the terms of the Amended Management Agreement).

Table of Contents

Under the Amended Management Agreement, Fox Paine & Company, LLC will continue to provide management services until the Funds no longer hold an indirect equity investment in United America Indemnity, or Global Indemnity Cayman agrees with Fox Paine & Company, LLC to terminate the management relationship. In the event a transaction is consummated that would otherwise have been a change of control transaction, but for any such transaction involving Fox Paine & Company, LLC and its affiliates or the Funds (and thus no termination fee in respect of the annual management fee obligation or transaction advisory fee being then due and payable), notwithstanding anything to the contrary in the Amended Management Agreement, (1) the consummation of any such transaction would not terminate the terms of the Amended Management Agreement, including the right of Fox Paine & Company, LLC to receive the \$1.5 million annual management fee and (2) the \$1.5 million annual management fee would continue until the earlier of (i) such time as Fox Paine & Company, LLC and its affiliates and the Funds no longer hold an indirect equity investment in Global Indemnity or any successor thereto and (ii) such time as Fox Paine & Company, LLC and Global Indemnity Cayman agree to terminate the management relationship.

Global Indemnity Cayman has assumed United America Indemnity's obligations to indemnify Fox Paine & Company, LLC, Wind River Holdings and other indemnified parties against various liabilities that may arise as a result of the management services and advisory services they have provided or will provide. Global Indemnity Cayman will also continue to reimburse Fox Paine & Company, LLC for expenses incurred in providing management services.

Our subsidiaries, United America Indemnity, Wind River, and Global Indemnity Group, Inc., have guaranteed Global Indemnity Cayman's payment obligations under the Amended Management Agreement. The guarantee provided by Wind River and Global Indemnity Group, Inc. in support of United America Indemnity's payment obligations under the Management Agreement and Amendment No. 1 have been terminated.

Indemnification Agreement

Pursuant to our redomestication to Ireland, United America Indemnity entered into an indemnification agreement with one of the Affiliated Investment Funds of Fox Paine & Company (collectively, the Fox Paine Entities) with respect to certain potential U.S. and Irish tax liabilities. In general, no gain should be recognized for U.S. federal income tax purposes by the indirect owners of the Fox Paine Entities solely as a result of the redomestication transaction. Nevertheless, we may engage in certain internal restructuring transactions involving transfers of assets to subsidiaries of the Company, which, under U.S. tax law, could require certain indirect owners of the Fox Paine Entities to enter into an agreement with the U.S. Internal Revenue Service in order not to recognize gain. Under the agreement with the U.S. Internal Revenue Service, the affected indirect owners of the Fox Paine Entities would agree to pay tax on their gain not taxed at the time of the redomestication to Ireland, together with interest on such tax, if a triggering event occurs. A triggering event would be deemed to occur if, among other things, we dispose of shares of any such transferee subsidiaries or dispose of substantially all the transferred assets, including potentially in other internal reorganizations, to the extent such indirect owners have not previously disposed of our shares in a taxable transaction. In connection with our agreement with the Fox Paine Entities, we will have to indemnify the affected indirect owners of the Fox Paine Entities for any tax cost to them (including interest on tax and penalties, if any) of any triggering event and such affected indirect owners will pay us an amount equal to any tax benefits, if any, realized by them as a result of a triggering event for which they were indemnified, provided that the indirect owners will not be required to pay any amount of tax benefits in excess of the tax costs for which we have indemnified them. A sale or other disposition by these indirect owners of our ordinary shares will not constitute a triggering event for this purpose. In addition, the indemnification agreement with the Fox Paine Entities will provide that, under certain circumstances, in the event the conversion of our Class B ordinary shares to Class A ordinary shares or a sale or other disposition of our ordinary shares by any of the Fox Paine Entities is subject to Irish stamp duty, we (or a foreign subsidiary of the Company) will indemnify the Fox Paine Entities and their transferees against such Irish stamp duty. To date, the Company has not been made aware by Fox Paine & Company that it has incurred any Irish stamp duty.

Investment with Fox Paine & Company

Wind River is a limited partner in Fox Paine Capital Fund II, L.P. and Fox Paine Capital Fund II International, L.P., investment funds managed by Fox Paine & Company. The investment pre-dated the September 5, 2003 acquisition of us by Fox Paine & Company. Our interest in these partnerships is valued, as of December 31, 2010, at \$4.3 million, and we have a remaining capital commitment to these partnerships of approximately \$2.6 million.

Certain Other Relationships and Related Transactions

In 2010, we incurred approximately \$0.2 million for legal services rendered by Cozen O'Connor. Stephen A. Cozen, the chairman of Cozen O'Connor, was a member of our Board of Directors from 2004 through 2010.

In 2010, the Company paid approximately \$0.2 million in brokerage fees to Frank Crystal & Company, an insurance broker. James W. Crystal, the chairman and chief executive officer of Frank Crystal & Company, became a member of the Company's Board of Directors, effective as of July 6, 2010. The transactions mentioned were entered into before Mr. Crystal became a Director.

Shareholder Proposals

Under the rules and regulations promulgated by the SEC, certain shareholder proposals may be included in our proxy statement. Any shareholder desiring to have such a proposal included in our proxy statement for the annual general meeting to be held in 2012 must deliver a proposal that complies with Rule 14a-8 under the Exchange Act to our Chief Executive Officer c/o Global Indemnity plc, on or before December ____, 2011.

Where a shareholder does not seek inclusion of a proposal in the proxy material and submits a proposal outside of the process described in Rule 14a-8 of the Exchange Act, the proposal must be received by our Chief Executive Officer c/o Global Indemnity plc, Arthur Cox Building, Earlsfort Terrace, Dublin 2, Ireland on or before March ____, 2012 or it will be deemed untimely for purposes of Rule 14a-4(c) under the Exchange Act and, therefore, the Company will have discretionary authority to vote on any such proposal with respect to all proxies submitted to the Company.

Irish law provides that shareholders holding not less than 10% of the total voting rights may requisition the Board of Directors to call an extraordinary general meeting at any time. The shareholders who wish to requisition an extraordinary general meeting must deposit a written notice to our registered office, which is signed by the shareholders requisitioning the meeting and states the objects of the meeting. If the directors do not, within 21 days of the date of deposit of the requisition proceed to convene a meeting to be held within two months of that date, those shareholders (or any of them representing more than half of the total voting rights of all of them) may themselves convene a meeting, but any meeting so convened cannot be held after the expiration of three months from the date of deposit of the requisition. These provisions of Irish law are in addition to, and separate from, the rights of a shareholder to have a proposal included in the proxy statement in accordance with the rules of the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors, and persons who own more than ten percent of a registered class of our equity securities (collectively, the reporting persons) to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of these reports. Based on our review of the copies of the reports that we have received, and written representations received from certain reporting persons with respect to the filing of reports on Forms 3, 4 and 5, we believe that all filings required to be made by the reporting persons for 2010 were made on a timely basis except for the following: Larry A. Frakes was late in making one Form 4 filing to report a grant of restricted shares under the Share Incentive Plan and was late in making three Form 4 filings to report grants and cancellations of options to purchase shares pursuant to his employment agreement. Matthew B. Scott, David J. Myers, and Troy W. Santora were each late in making one Form 4 filing to report a grant of restricted shares under the Share Incentive Plan.
