GAMESTOP CORP.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(In thousands, except per share data)
(Unaudited)

1. Basis of Presentation

GameStop Corp. (the Company) is a Delaware corporation formed for the purpose of consummating the business combination (the merger) of GameStop Holdings Corp., formerly known as GameStop Corp. (Historical GameStop), and Electronics Boutique Holdings Corp. (EB), which was completed on October 8, 2005. The merger of Historical GameStop and EB was treated as a purchase business combination for accounting purposes, with Historical GameStop designated as the acquirer. The Company is the world's largest retailer of video games and entertainment software.

The unaudited consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. All dollar and share amounts in the consolidated financial statements and notes to the consolidated financial statements are stated in thousands of U.S. dollars unless otherwise indicated.

The unaudited consolidated financial statements included herein reflect all adjustments (consisting only of normal, recurring adjustments) which are, in the opinion of the Company's management, necessary for a fair presentation of the information for the periods presented. These consolidated financial statements are condensed and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles. These consolidated financial statements should be read in conjunction with the Company's annual report on Form 10-K for the 53 weeks ended February 3, 2007 (fiscal 2006). The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. In preparing these financial statements, management has made its best estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. Changes in the estimates and assumptions used by management could have significant impact on the Company's financial results. Actual results could differ from those estimates.

Due to the seasonal nature of the business, the results of operations for the 39 weeks ended November 3, 2007 are not indicative of the results to be expected for the 52 weeks ending February 2, 2008 (fiscal 2007).

Certain reclassifications have been made to conform the prior period data to the current interim period presentation.

2. Business Combinations and Goodwill

On January 13, 2007, the Company purchased Game Brands Inc., a 72-store video game retailer operating under the name Rhino Video Games, for \$10,282. The acquisition was accounted for using the purchase method of accounting, with the excess of the purchase price over the net assets acquired, in the amount of \$7,021, recorded as goodwill. The pro forma effect assuming the acquisition of Game Brands Inc. at the beginning of fiscal 2006 is not material to the Company's consolidated financial statements.

3. Accounting for Stock-Based Compensation

Beginning January 29, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment* (SFAS 123(R)), using the modified prospective application method.

Under this method, the Company records stock-based compensation expense based on the grant-date fair value estimated in accordance with the original provisions of Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation* for all options granted prior to, but not vested as of, the adoption date. In addition, the Company records compensation expense in accordance with SFAS 123(R) for the share-based awards issued after the adoption date.

Table of Contents**GAMESTOP CORP.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model. This valuation model requires the use of subjective assumptions, including expected option life, expected volatility and the expected employee forfeiture rate. The Company uses historical data to estimate the option life and the employee forfeiture rate, and uses historical volatility when estimating the stock price volatility. There were no options granted during the 13 weeks ended November 3, 2007 and October 28, 2006. The options granted during the 39 weeks ended November 3, 2007 and October 28, 2006 were 939 and 3,260, respectively, with a weighted-average fair value estimated at \$10.16 and \$8.42 per share, respectively, using the following assumptions:

	39 Weeks Ended	
	November 3, 2007	October 28, 2006
Volatility	40.5%	54.5%
Risk-free interest rate	4.8%	4.6%
Expected life (years)	4.0	3.0
Expected dividend yield	0%	0%

The options to purchase common stock are issued at fair market value on the date of the grant. Generally, the options vest and become exercisable ratably over a three-year period, commencing one year after the grant date, and expire ten years from issuance. The fair value of each option is recognized as compensation expense on a straight-line basis between the grant date and the date the options become fully vested. In the 13 weeks ended November 3, 2007 and October 28, 2006, the Company included compensation expense relating to stock option grants of \$3,866 and \$4,045, respectively, in selling, general and administrative expenses in the accompanying condensed consolidated statements of operations. In the 39 weeks ended November 3, 2007 and October 28, 2006, the Company included compensation expense relating to stock option grants of \$11,937 and \$12,498, respectively, in selling, general and administrative expenses. As of November 3, 2007, the unrecognized compensation expense related to the unvested portion of our stock options was \$17,600 which is expected to be recognized over a weighted average period of 0.9 years. The total intrinsic values of options exercised during the 13 weeks ended November 3, 2007 and October 28, 2006 were \$84,100 and \$20,142, respectively. The total intrinsic values of options exercised during the 39 weeks ended November 3, 2007 and October 28, 2006 were \$262,002 and \$109,258, respectively.

There were 10 shares of restricted stock granted during the 13 weeks ended November 3, 2007 and no shares granted during the 13 weeks ended October 28, 2006. The shares granted during the quarter had a fair market value of \$56.76 per share and vest in equal installments over three years. During the 39 weeks ended November 3, 2007 and October 28, 2006, the Company granted 974 shares and 515 shares, respectively, of restricted stock. The shares had a weighted-average fair market value of \$27.09 and \$20.69 per share, respectively, and vest in equal installments over three years. During the 13 weeks ended November 3, 2007 and October 28, 2006, the Company included compensation expense relating to the restricted share grants in the amount of \$2,800 and \$1,111, respectively, in selling, general and administrative expenses in the accompanying condensed consolidated statements of operations. During the 39 weeks ended November 3, 2007 and October 28, 2006, the Company included compensation expense relating to the restricted share grants in the amount of \$8,374 and \$3,208, respectively, in selling, general and administrative expenses. As of November 3, 2007, there was \$21,534 of unrecognized compensation expense related to nonvested restricted stock awards that is expected to be recognized over a weighted average period of 2.2 years.

Table of Contents**GAMESTOP CORP.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****4. Computation of Net Earnings per Common Share**

As of February 3, 2007, the Company had two classes of common stock. On February 7, 2007, following approval by a majority of the Class B common stockholders, all outstanding shares of Class B common stock were converted into shares of Class A common stock on a one-for-one basis (the *Conversion*). In addition, on February 9, 2007, the board of directors of the Company authorized a two-for-one stock split, effected by a one-for-one stock dividend to stockholders of record at the close of business on February 20, 2007, paid on March 16, 2007 (the *Stock Split*). The effect of the *Conversion* and the *Stock Split* has been retroactively applied to all periods presented in the condensed consolidated financial statements and notes thereto. The Company now has only Class A common stock outstanding and computes earnings per share in accordance with Statement of Financial Accounting Standard No. 128, *Earnings per Share*. A reconciliation of shares used in calculating basic and diluted net earnings per common share follows:

5. Debt

In October 2005, in connection with the merger, the Company entered into a five-year, \$400,000 Credit Agreement (the Revolver), including a \$50,000 letter of credit sub-limit, secured by the assets of the Company and its U.S. subsidiaries. The Revolver places certain restrictions on the Company and its U.S. subsidiaries, including limitations on asset sales, additional liens and the incurrence of additional indebtedness.

In April 2007, the Company amended the Revolver to extend the maturity date from October 11, 2010 to April 25, 2012, reduce the LIBO interest rate margin, reduce and fix the rate of the unused commitment fee and modify or delete certain other covenants.

The availability under the Revolver is limited to a borrowing base which allows the Company to borrow up to the lesser of (x) approximately 70% of eligible inventory and (y) 90% of the appraisal value of the inventory, in each

Table of Contents

GAMESTOP CORP.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

case plus 85% of eligible credit card receivables, net of certain reserves. Letters of credit reduce the amount available to borrow by their face value. The Company's ability to pay cash dividends, redeem options and repurchase shares is generally prohibited, except that if availability under the Revolver is, or will be after any such payment, equal to or greater than 25% of the borrowing base, the Company may repurchase its capital stock and pay cash dividends. In addition, in the event that credit extensions under the Revolver at any time exceed 80% of the lesser of the total commitment or the borrowing base, the Company will be subject to a fixed charge coverage ratio covenant of 1.5:1.0.

The interest rate on the Revolver is variable and, at the Company's option, is calculated by applying a margin of (1) 0.0% to 0.25% above the higher of the prime rate of the administrative agent or the federal funds effective rate plus 0.50% or (2) 1.00% to 1.50% above the LIBO rate. The applicable margin is determined quarterly as a function of the Company's consolidated leverage ratio. As of November 3, 2007, the applicable margin was 0.0% for prime rate loans and 1.25% for LIBO rate loans. In addition, the Company is required to pay a commitment fee of 0.25% for any unused portion of the total commitment under the Revolver.

As of November 3, 2007, there were no borrowings outstanding under the Revolver and letters of credit outstanding totaled \$5,714.

In September 2007, the Company's Luxembourg subsidiary entered into a discretionary, \$20,000 Uncommitted Line of Credit (the Line of Credit) with Bank of America. There is no term associated with the Line of Credit and Bank of America may withdraw the facility at any time without notice. The Line of Credit will be made available to the Company's foreign subsidiaries for use primarily as a bank overdraft facility for short-term liquidity needs and for the issuance of bank guarantees and letters of credit to support operations.

As of November 3, 2007, there were no borrowings outstanding under the Line of Credit and bank guarantees outstanding were minimal.

On September 28, 2005, the Company, along with GameStop, Inc. as co-issuer (together with the Company, the Issuers), completed the offering of U.S. \$300,000 aggregate principal amount of Senior Floating Rate Notes due 2011 (the Senior Floating Rate Notes) and U.S. \$650,000 aggregate principal amount of Senior Notes due 2012 (the Senior Notes) and, together with the Senior Floating Rate Notes, the Notes). The Notes were issued under an Indenture (the Indenture), dated September 28, 2005, by and among the Issuers, the subsidiary guarantors party thereto, and Citibank, N.A., as trustee (the Trustee). Concurrently with the consummation of the merger on October 8, 2005, EB and its direct and indirect U.S. wholly-owned subsidiaries (together, the EB Guarantors) became subsidiaries of the Company and entered into a First Supplemental Indenture, dated October 8, 2005, by and among the Issuers, the EB Guarantors and the Trustee, pursuant to which the EB Guarantors assumed all the obligations of a subsidiary guarantor under the Notes and the Indenture. The net proceeds of the offering were used to pay the cash portion of the merger consideration paid to the stockholders of EB in connection with the merger.

The offering of the Notes was conducted in a private transaction under Rule 144A under the Securities Act of 1933, as amended (the Securities Act), and in transactions outside the United States in reliance upon Regulation S under the Securities Act. In April 2006, the Company filed a registration statement on Form S-4 in order to register new notes (the New Notes) with the same terms and conditions as the Notes in order to facilitate an exchange of the New Notes for the Notes. This registration statement on Form S-4 was declared effective by the Securities and Exchange Commission in May 2006 and the Company commenced an exchange offer to exchange the New Notes for the Notes.

Edgar Filing: GameStop Corp. - Form 10-Q

This exchange offer was completed in June 2006 with 100% participation.

In November 2006, Citibank, N.A. resigned as Trustee for the Notes and Wilmington Trust Company was appointed as the new Trustee for the Notes.

The Senior Notes bear interest at 8.0% per annum, mature on October 1, 2012 and were priced at 98.688%, resulting in a discount at the time of issue of \$8,528. The discount is being amortized using the effective interest

method. As of November 3, 2007, the unamortized original issue discount was \$5,771. The rate of interest on the Senior Floating Rate Notes prior to their redemption on October 1, 2007 was 9.2350% per annum.

The Issuers pay interest on the Senior Notes semi-annually, in arrears, every April 1 and October 1, to holders of record on the immediately preceding March 15 and September 15, and at maturity.

The Indenture contains affirmative and negative covenants customary for such financings, including, among other things, limitations on (1) the incurrence of additional debt, (2) restricted payments, (3) liens, (4) sale and leaseback transactions and (5) asset sales. Events of default provided for in the Indenture include, among other things, failure to pay interest or principal on the Notes, other breaches of covenants in the Indenture, and certain events of bankruptcy and insolvency.

As of November 3, 2007, the Company was in compliance with all covenants associated with the Revolver and the Indenture.

Under certain conditions, the Issuers may on any one or more occasions prior to maturity redeem up to 100% of the aggregate principal amount of Senior Notes issued under the Indenture at redemption prices at or in excess of 100% of the principal amount thereof plus accrued and unpaid interest, if any, to the redemption date. The circumstances which would limit the percentage of the Notes which may be redeemed or which would require the Company to pay a premium in excess of 100% of the principal amount are defined in the Indenture. Upon a Change of Control (as defined in the Indenture), the Issuers are required to offer to purchase all of the Notes then outstanding at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase.

The Issuers may acquire Senior Notes by means other than redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisitions do not otherwise violate the terms of the Indenture.

In May 2006, the Company announced that its board of directors authorized the buyback of up to an aggregate of \$100,000 of its Senior Floating Rate Notes and Senior Notes. As of October 28, 2006, the Company had repurchased \$36,332 of its Senior Notes and \$30,000 of its Senior Floating Rate Notes. As of February 3, 2007, the end of its most recent fiscal year, the Company had repurchased the maximum authorized amount, having acquired \$50,000 of its Senior Notes and \$50,000 of its Senior Floating Rate Notes, and delivered the Notes to the Trustee for cancellation. The associated loss on retirement of this debt was \$3,371 and \$3,562 for the 13 and 39 week periods ended October 28, 2006, respectively, which consisted of the premium paid to retire the Notes and the recognition of the deferred financing fees and the original issue discount on the Notes.

On February 9, 2007, the Company announced that its board of directors authorized the buyback of up to an aggregate of an additional \$150,000 of its Senior Notes and Senior Floating Rate Notes. The timing and amount of the repurchases were determined by the Company's management based on their evaluation of market conditions and other factors. As of August 4, 2007, the Company had repurchased the additional \$150,000 of the Notes, having acquired \$20,000 of its Senior Notes and \$130,000 of its Senior Floating Rate Notes, and delivered the Notes to the Trustee for cancellation. The associated loss on retirement of this debt was \$8,751 for the 39 week period ended November 3, 2007 which consists of the premium paid to retire the Notes and the recognition of the deferred financing fees and the original issue discount on the Notes.

On June 28, 2007, the Company announced that its board of directors authorized the redemption of the remaining \$120,000 of Senior Floating Rate Notes outstanding. On July 12, 2007, the Issuers notified the Trustee of their intent to redeem the Notes on October 1, 2007. The Company redeemed the Senior Floating Rate Notes on October 1, 2007 at the redemption price specified by the Senior Floating Rate Notes of 102.0%, plus all accrued and unpaid interest through the redemption date. The Company incurred a one-time pre-tax charge of \$3,840 associated with the redemption, which represents a \$2,400 redemption premium and \$1,440 to recognize unamortized deferred financing costs.

7. Income Taxes

The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction and various states and foreign jurisdictions. The Internal Revenue Service (IRS) commenced an examination of the Company's U.S. income tax returns for the fiscal years ended on January 29, 2005 and January 28, 2006 in the first quarter of fiscal 2007 that is anticipated to be completed by May 2008. The Company does not anticipate any adjustments that would result in a material impact on its consolidated financial statements. The Company is no longer subject to U.S. federal income tax examination by tax authorities for years before and including the fiscal year ended January 31, 2004. EB is no longer subject to U.S. federal income tax examination by tax authorities for years prior to and including the fiscal year ended February 1, 2003.

With respect to state and local jurisdictions and countries outside of the United States, the Company and its subsidiaries are typically subject to examination for three to six years after the income tax returns have been filed. Although the outcome of tax audits is always uncertain, the Company believes that adequate amounts of tax, interest and penalties have been provided for in the accompanying financial statements for any adjustments that might be incurred due to state, local or foreign audits.

The Company adopted the provisions of FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48), on February 4, 2007. As a result of the implementation of FIN 48, the Company recognized a \$16,679

increase in the liability for unrecognized tax benefits, interest and penalties, which was accounted for as a reduction of the February 3, 2007 balance of retained earnings. As of February 4, 2007, the gross amount of unrecognized tax benefits, interest and penalties was \$25,250. The total amount of unrecognized tax benefit that, if recognized, would affect the effective tax rate was \$22,149 as of February 4, 2007. Additionally, adoption of FIN 48 resulted in the reclassification of certain accruals for uncertain tax positions in the amount of \$7,864 from prepaid taxes to other long-term liabilities in our condensed consolidated balance sheets.

For the 13 weeks and 39 weeks ended November 3, 2007, the Company recognized an increase of \$268 and a decrease of \$1,418 in the liability for unrecognized tax benefits, respectively, and an increase of \$571 and \$1,688 for interest and penalties, respectively. As of November 3, 2007, the gross amount of unrecognized tax benefits, interest and penalties was \$25,521. The total amount of unrecognized tax benefit that, if recognized, would affect the effective tax rate was \$20,731.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company has historically recognized interest relating to income tax matters as a component of interest expense and recognized penalties relating to income tax matters as a component of selling, general and administrative expense. Such interest and penalties have historically been immaterial. Subsequent to adoption of FIN 48, the Company recognizes accrued interest and penalties related to income tax matters in income tax expense. The Company had \$3,101 in interest and penalties related to unrecognized tax benefits accrued at the date of adoption and \$4,789 as of November 3, 2007.

It is reasonably possible that the amount of the unrecognized benefit with respect to certain of our unrecognized tax positions could significantly increase or decrease within the next 12 months as a result of settling ongoing audits. At this time, an estimate of the range of the reasonably possible outcomes cannot be made.

The tax provisions for the 13 weeks and 39 weeks ended November 3, 2007 and October 28, 2006 are based upon management's estimate of the Company's annualized effective tax rate.

8. Certain Relationships and Related Transactions

The Company operates departments within nine bookstores operated by Barnes & Noble, a stockholder of Historical GameStop until November 2004 and an affiliate through a common stockholder who is the chairman of the board of directors of Barnes & Noble and a member of the Company's board of directors. The Company pays a license fee to Barnes & Noble on the gross sales of such departments. Management deems the license fee to be reasonable and based upon terms equivalent to those that would prevail in an arm's length transaction. These charges amounted to \$289 and \$193 for the 13 weeks ended November 3, 2007 and October 28, 2006, respectively, and \$776 and \$591 for the 39 weeks ended November 3, 2007 and October 28, 2006, respectively.

Until June 2005, Historical GameStop participated in Barnes & Noble's workers' compensation, property and general liability insurance programs. The costs incurred by Barnes & Noble under these programs were allocated to Historical GameStop based upon total payroll expense, property and equipment, and insurance claim history of Historical GameStop. Management deemed the allocation methodology to be reasonable. Although the Company secured its own insurance coverage, costs will likely continue to be incurred by Barnes & Noble on insurance claims which were incurred under its programs prior to June 2005 and any such costs applicable to insurance claims against Historical GameStop will be allocated to the Company. During the 13 weeks ended November 3, 2007 and October 28, 2006, these charges amounted to \$124 and \$307, respectively. During the 39 weeks ended November 3, 2007 and October 28, 2006, these charges amounted to \$259 and \$697, respectively.

In October 2004, the board of directors authorized a repurchase of the Historical GameStop common stock held by Barnes & Noble. Historical GameStop repurchased 12,214 shares of its common stock at a price equal to \$9.13 per share for aggregate consideration before expenses of \$111,520. Historical GameStop paid \$37,500 in cash and issued a promissory note in the principal amount of \$74,020, which was payable in installments and bore interest at 5.5% per annum, payable when principal installments were due. The Company's final scheduled principal payment of \$12,173 was paid in October 2007. Interest expense on the promissory note for the 13 weeks ended November 3, 2007 and October 28, 2006 totaled \$106 and \$286, respectively. Interest expense on the promissory note for the 39 weeks ended November 3, 2007 and October 28, 2006 totaled \$444 and \$963, respectively.

In May 2005, the Company entered into an arrangement with Barnes & Noble under which www.gamestop.com is the exclusive specialty video game retailer listed on www.bn.com, Barnes & Noble's e-commerce site. Under the terms of this agreement, the Company pays a fee to Barnes & Noble for sales of video game or PC entertainment products sold through www.bn.com. The fee paid to Barnes & Noble in connection with this arrangement was \$54 and \$34 for the 13 weeks ended November 3, 2007 and October 28, 2006, respectively, and \$153 and \$129 for the 39 weeks ended November 3, 2007 and October 28, 2006, respectively.

On February 14, 2005, and as amended, Steve Strickland, as personal representative of the Estate of Arnold Strickland, deceased, Henry Mealer, as personal representative of the Estate of Ace Mealer, deceased, and Willie Crump, as personal representative of the Estate of James Crump, deceased, filed a wrongful death lawsuit against GameStop, Sony, Take-Two Interactive, Rock Star Games and Wal-Mart (collectively, the Defendants) and Devin Moore in the Circuit Court of Fayette County, Alabama, alleging that Defendants' actions in designing, manufacturing, marketing and supplying Defendant Moore with violent video games were negligent and contributed to Defendant Moore killing Arnold Strickland, Ace Mealer and James Crump. Plaintiffs are seeking damages of \$600,000 under the Alabama wrongful death statute and punitive damages. GameStop and the other defendants intend to vigorously defend this action. The Defendants filed a motion to dismiss the case on various grounds, which was heard in November 2005 and was denied. The Defendants appealed the denial of the motion to dismiss and on March 24, 2006, the Alabama Supreme Court denied the Defendants' application. Discovery is currently stayed as plaintiffs' counsel has received leave of court to withdraw. Plaintiffs are essentially without counsel and have been given 90 days from October 14, 2007 to find new counsel. Mr. Moore was found guilty of capital murder in a criminal trial in Alabama and was sentenced to death in August 2005. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from the lawsuit.

In the ordinary course of our business, the Company is, from time to time, subject to various other legal proceedings. Management does not believe that any such other legal proceedings, individually or in the aggregate, will have a material adverse effect on the Company's financial condition or results of operations.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

The following discussion should be read in conjunction with the information contained in our consolidated financial statements, including the notes thereto. Statements regarding future economic performance, management's plans and objectives, and any statements concerning assumptions related to the foregoing contained in Management's Discussion and Analysis of Financial Condition and Results of Operations constitute forward-looking statements. Certain factors, which may cause actual results to vary materially from these forward-looking statements, accompany such statements or appear in GameStop's Annual Report on Form 10-K for the fiscal year ended February 3, 2007 filed with the Securities and Exchange Commission (the SEC) on April 4, 2007 (the Form 10-K), including the factors disclosed under Item 1A. Risk Factors.

General

GameStop Corp. (GameStop or the Company) is the world's largest retailer of video game products and PC entertainment software. We sell new and used video game hardware, video game software and accessories, as well as PC entertainment software and related accessories and other merchandise. As of November 3, 2007, we operated 5,123 stores in the United States, Australia, Canada and Europe, primarily under the names GameStop and EB Games. We also operate electronic commerce websites under the names www.gamestop.com and www.ebgames.com and publish *Game Informer*, the largest multi-platform video game magazine in the United States based on circulation.

Growth in the video game industry is driven by the introduction of new technology. In 2005 in the North American markets, Sony introduced the PlayStation Portable (the PSP) in March and Microsoft introduced the Xbox 360 in November. In November 2006, Nintendo introduced the Wii hardware platform worldwide and Sony introduced the PlayStation 3 hardware platform in the North American markets. Sony introduced the PlayStation 3 platform in the Australian and European markets in March 2007. Typically, in the first full year following the introduction of new video game platforms, sales of new video game hardware increase as a percentage of sales. As video game platforms mature, the sales mix attributable to complementary video game software and accessories, which generate higher gross margins, generally increases in the second and third years. The net effect is generally a decline in gross margins in the first full year following new platform releases and an increase in gross margins in the second and third years. Unit sales of maturing video game platforms are typically also driven by manufacturer-funded retail price decreases, further driving sales of related software and accessories. We expect that the installed base of the hardware platforms listed above and sales of related software and accessories will increase in the future. The Company's gross margin in the 13 and 39 weeks ended November 3, 2007 was impacted by the recent launches of these new products and subsequent manufacturer-funded retail price decreases for some of these products.

Critical Accounting Policies

Our consolidated financial statements have been prepared in accordance with generally accepted accounting principles. Preparation of these statements requires management to make judgments and estimates. Some accounting policies have a significant impact on amounts reported in these financial statements. For a summary of significant accounting policies and the means by which we develop estimates thereon, see Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations in the Form 10-K.

Accounting for Uncertainty in Income Taxes. In July 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48), which clarifies the accounting for uncertainty in income taxes recognized under FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 addresses the recognition and measurement of tax positions taken or expected to be taken, and also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods and disclosure. The Company

adopted and applied FIN 48 under the transition provisions to all of its income tax positions at the required effective date of February 4, 2007, resulting in a \$16.7 million cumulative effect decrease to retained earnings and a \$7.9 million increase in prepaid taxes. For additional information related to the Company's adoption of FIN 48, see Note 7 of Notes to Condensed Consolidated Financial Statements.

The Company includes purchasing, receiving and distribution costs in selling, general and administrative expenses, rather than cost of goods sold, in the statement of operations. For the 13 weeks ended November 3, 2007 and October 28, 2006, these purchasing, receiving and distribution costs amounted to \$10.4 million and \$8.3 million, respectively. For the 39 weeks ended November 3, 2007 and October 28, 2006, these purchasing, receiving and distribution costs amounted to \$29.6 million and \$24.9 million, respectively. The Company includes processing fees associated with purchases made by check and credit cards in cost of sales, rather than selling, general and administrative expenses, in the statement of operations. For the 13 weeks ended November 3, 2007 and October 28, 2006, these processing fees amounted to \$12.1 million and \$7.3 million, respectively. For the 39 weeks ended November 3, 2007 and October 28, 2006, these processing fees amounted to \$31.3 million and \$20.8 million, respectively. The net effect of the Company's classifications is that its cost of sales as a percentage of sales and its selling, general and administrative expenses as a percentage of sales differ from what they would have been had the Company's treatment conformed with those retailers that include purchasing, receiving and distribution costs in cost of sales and include processing fees associated with purchases made by check and credit cards in selling, general and administrative expenses. The net effect of these differences is 0.1% of sales or less for all periods presented herein.

13 weeks ended November 3, 2007 compared with the 13 weeks ended October 28, 2006

Sales increased by \$599.6 million, or 59.3%, from \$1,011.6 million in the 13 weeks ended October 28, 2006 to \$1,611.2 million in the 13 weeks ended November 3, 2007. The increase in sales was attributable to the comparable store sales increase of 46.3% for the third quarter of fiscal 2007, the addition of non-comparable store sales from the 682 stores opened since July 29, 2006 of approximately \$113.6 million and increases related to changes in foreign exchange rates of \$22.6 million. Stores are included in our comparable store sales base beginning in the thirteenth month of operation and exclude the effect of changes in foreign exchange rates. The comparable store sales increase was driven by strong sales of the Nintendo Wii, Microsoft's Xbox 360 and the Sony PlayStation 3 and their related software and accessories, including several strong video game titles, such as *Halo 3* and *Guitar Hero III*.

New video game hardware sales increased \$223.4 million, or 148.4%, from \$150.5 million in the 13 weeks ended October 28, 2006 to \$373.9 million in the 13 weeks ended November 3, 2007, primarily due to the sales of hardware units mentioned above, as well as the increase in store count since October 2006. New video game software sales increased \$235.1 million, or 58.5%, from \$401.8 million in the 13 weeks ended October 28, 2006 to \$636.9 million in the 13 weeks ended November 3, 2007, primarily due to new stores added, sales related to the new hardware platforms and a strong lineup of new video game titles released during the 13 weeks ended November 3, 2007. Used video game product sales also grew due to an increase in store count and an increase in overall demand for video game products following the launch of the new hardware platforms, with an increase in sales of \$60.9 million, or 20.6%, from \$295.4 million in the 13 weeks ended October 28, 2006 to \$356.3 million in the 13 weeks ended November 3, 2007. Sales of other product categories grew 48.9%, or \$80.2 million, from the 13 weeks ended October 28, 2006 to the 13 weeks ended November 3, 2007, due to the increase in store count and the increase in new hardware platform

accessories sales.

As a percentage of sales, used video game products and the other product category decreased in the 13 weeks ended November 3, 2007 compared to the 13 weeks ended October 28, 2006. This was due to the strong sales of new video game hardware and software driven by the recent launches of the new video game consoles mentioned earlier.

Cost of sales increased by \$495.7 million, or 71.2%, from \$695.9 million in the 13 weeks ended October 28, 2006 to \$1,191.6 million in the 13 weeks ended November 3, 2007 as a result of the increase in sales and the changes in gross profit discussed below.

Gross profit increased by \$103.9 million, or 32.9%, from \$315.7 million in the 13 weeks ended October 28, 2006 to \$419.6 million in the 13 weeks ended November 3, 2007. Gross profit as a percentage of sales decreased from 31.2% in the 13 weeks ended October 28, 2006 to 26.0% in the 13 weeks ended November 3, 2007. The gross profit percentage decrease was caused primarily by the increase in sales of new video game hardware as a

percentage of total sales in the third quarter of 2007. New video game hardware typically carries a much lower margin than software and accessories sales. Gross profit as a percentage of sales was also impacted by a decrease in the excess of vendor allowances received over marketing and advertising expenses. Vendor allowances received during the 13 weeks ended October 28, 2006 were abnormally high due to the launches of the Nintendo Wii and the Sony PlayStation 3 and returned to normal levels in the 13 weeks ended November 3, 2007. In addition, net vendor allowances decreased due to higher expenditures on marketing and advertising from the third quarter of fiscal 2006 to the same period in fiscal 2007 in support of the Company's branding campaign. These factors led to a decrease in gross profit as a percentage of sales on new video game hardware, new video game software and other products from 11.0%, 23.4% and 37.4% of sales, respectively, in the prior year quarter to 7.4%, 20.7% and 35.8% of sales, respectively, in the third quarter of 2007. Gross profit as a percentage of sales on used video game products remained comparable at 48.5% in the 13 weeks ended November 3, 2007 compared to 48.7% in the 13 weeks ended October 28, 2006.

Selling, general and administrative expenses increased by \$48.5 million, or 20.2%, from \$240.5 million in the 13 weeks ended October 28, 2006 to \$289.0 million in the 13 weeks ended November 3, 2007. This increase was primarily attributable to the increase in the number of stores in operation and related increases in store, distribution and corporate office operating expenses. Selling, general and administrative expenses as a percentage of sales decreased from 23.8% in the 13 weeks ended October 28, 2006 to 17.9% in the 13 weeks ended November 3, 2007. The decrease in selling, general and administrative expenses as a percentage of sales was primarily due to leveraging as a result of the higher sales associated with the introduction of the new video game systems and related software and accessories. Selling, general and administrative expenses include \$6.7 million and \$5.2 million in stock-based compensation expense for the 13 weeks ended November 3, 2007 and October 28, 2006, respectively, in accordance with SFAS 123(R).

Depreciation and amortization expense increased \$6.4 million from \$27.3 million for the 13 weeks ended October 28, 2006 to \$33.7 million in the 13 weeks ended November 3, 2007. This increase was primarily due to capital expenditures associated with new stores opened since October 28, 2006 and investments in management information systems.

The Company's results of operations for the 13 weeks ended October 28, 2006 include \$2.9 million in expenses associated with the merger of GameStop Holdings Corp., formerly known as GameStop Corp. (Historical GameStop), and Electronics Boutique Holdings Corp. (EB).

Interest income increased from \$1.7 million in the 13 weeks ended October 28, 2006 to \$2.6 million in the 13 weeks ended November 3, 2007 due primarily to interest income earned on higher invested cash balances. Interest expense decreased from \$21.3 million in the 13 weeks ended October 28, 2006 to \$14.5 million in the 13 weeks ended November 3, 2007 primarily due to the retirement of \$33.7 million of the Company's senior notes and \$270.0 million of the Company's senior floating rate notes since October 28, 2006. Debt extinguishment expense of \$3.8 million was recognized in the 13 weeks ended November 3, 2007 as a result of premiums paid related to debt retirement and the recognition of deferred financing fees and unamortized original issue discount. Debt extinguishment expense of \$3.4 million was incurred in the 13 weeks ended October 28, 2006 for the loss associated with the repurchase of \$29.4 million of senior notes and \$30.0 million of senior floating rate notes.

Income tax expense for the 13 weeks ended October 28, 2006 and the 13 weeks ended November 3, 2007 was based upon management's estimate of the Company's annualized effective tax rate. Income tax expense was \$8.4 million for the 13 weeks ended October 28, 2006 compared to \$29.2 million for the 13 weeks ended November 3, 2007. Sales increased by \$1,213.5 million, or 40.3%, from \$3,014.9 million in the 39 weeks ended October 28, 2006 to \$4,228.4 million in the 39 weeks ended November 3, 2007. The increase in sales was attributable to the comparable store sales increase of 30.2% for the 39 weeks ended November 3, 2007 versus the 39 weeks ended October 28, 2006, the addition of non-comparable store sales from the 838 stores opened since January 29, 2006 of approximately \$265.7 million and increases related to changes in foreign exchange rates of \$52.2 million. The comparable store sales increase was driven by continued strong sales of the Nintendo Wii, Microsoft's Xbox 360 and the Sony PlayStation 3, which completed its worldwide launch during this fiscal year, and their related software and accessories, including several strong video game titles, such as *Halo 3* and *Guitar Hero III*.

New video game hardware sales increased \$480.4 million, or 102.5%, from \$468.7 million in the 39 weeks ended October 28, 2006 to \$949.1 million in the 39 weeks ended November 3, 2007, primarily due to the sales of hardware units mentioned above, as well as the increase in store count since January 2006. New video game software sales increased \$452.9 million, or 39.8%, from \$1,138.8 million in the 39 weeks ended October 28, 2006 to \$1,591.7 million in the 39 weeks ended November 3, 2007, primarily due to new stores added, sales related to the new hardware platforms and a strong lineup of new video game titles released during the 39 weeks ended November 3, 2007. Used video game product sales also grew due to an increase in store count and an increase in overall demand for video game products following the launch of the new hardware platforms, with an increase in sales of \$160.5 million, or 18.2%, from \$879.5 million in the 39 weeks ended October 28, 2006 to \$1,040.0 million in the 39 weeks ended November 3, 2007. Sales of other product categories grew 22.7%, or \$119.7 million, from the 39 weeks ended October 28, 2006 to the 39 weeks ended November 3, 2007, due to the increase in store count and the increase in new hardware platform accessories sales.

As a percentage of sales, new video game software, used video game products and the other products category decreased in the 39 weeks ended November 3, 2007 compared to the 39 weeks ended October 28, 2006. This was due to the strong sales of new video game hardware driven by the recent launches of the new video game consoles mentioned earlier.

Cost of sales increased by \$1,000.7 million, or 47.7%, from \$2,098.0 million in the 39 weeks ended October 28, 2006 to \$3,098.7 million in the 39 weeks ended November 3, 2007 as a result of the increase in sales and the changes in gross profit discussed below.

Gross profit increased by \$212.6 million, or 23.2%, from \$917.0 million in the 39 weeks ended October 28, 2006 to \$1,129.6 million in the 39 weeks ended November 3, 2007. Gross profit as a percentage of sales decreased from 30.4% in the 39 weeks ended October 28, 2006 to 26.7% in the 39 weeks ended November 3, 2007 for the reasons described in the comparison of the 13-week periods. These reasons combined led to a decrease in gross profit as a percentage of sales on new video game hardware, new video game software and other products from 9.3%, 21.8% and 35.2% of sales, respectively, in the 39 weeks ended October 28, 2006 to 7.4%, 20.4% and 34.7% of sales, respectively, for the 39 weeks ended November 3, 2007. Gross profit as a percentage of sales on used video game products decreased from 49.9% in the 39 weeks ended October 28, 2006 to 49.0% in the 39 weeks ended November 3, 2007 due to increased promotional expenses and higher refurbishment costs associated with an increase in production of refurbished hardware platforms during fiscal 2007.

Selling, general and administrative expenses increased by \$102.7 million, or 14.2%, from \$721.8 million in the 39 weeks ended October 28, 2006 to \$824.5 million in the 39 weeks ended November 3, 2007. Selling, general and administrative expenses as a percentage of sales decreased from 23.9% in the 39 weeks ended October 28, 2006 to 19.5% in the 39 weeks ended November 3, 2007.

The decrease in selling, general and administrative expenses as a percentage of sales was primarily due to leveraging as a result of the higher sales associated with the introduction of the new video game systems and synergies associated with the acquisition of EB, including the shut-down of EB's corporate headquarters and distribution center in the 39 weeks ended October 28, 2006. Selling, general and administrative expenses include \$20.3 million and \$15.7 million in stock-based compensation expense for the 39 weeks ended November 3, 2007 and October 28, 2006, respectively, in accordance with SFAS 123(R).

These decreases in cash flows during the 39 weeks ended October 28, 2006 were offset by \$29.4 million received for the issuance of shares relating to stock option exercises and \$38.6 million for the realization of tax benefits relating to the stock option exercises and vested restricted stock.

The favorable impact of the fluctuations of the foreign exchange rate effect on cash for the 39 weeks ended November 3, 2007, versus the comparable period in fiscal 2006 was driven primarily by a stronger Canadian dollar, Australian dollar and Euro which had percentage increases year-to-date of 21%, 16% and 11%, respectively, as compared to the U.S. dollar.

Capital expenditures for fiscal 2007 are projected to be approximately \$140.0 million to \$150.0 million, to be used primarily to fund new store openings, rebrand EB stores and invest in distribution and information systems in support of operations.

In October 2005, in connection with the merger, the Company entered into a five-year, \$400 million Credit Agreement (the Revolver), including a \$50 million letter of credit sub-limit, secured by the assets of the Company and its U.S. subsidiaries. The Revolver places certain restrictions on the Company and its U.S. subsidiaries, including limitations on asset sales, additional liens and the incurrence of additional indebtedness.

In April 2007, the Company amended the Revolver to extend the maturity date from October 11, 2010 to April 25, 2012, reduce the LIBO interest rate margin, reduce and fix the rate of the unused commitment fee and modify or delete certain other covenants.

The availability under the Revolver is limited to a borrowing base which allows the Company to borrow up to the lesser of (x) approximately 70% of eligible inventory and (y) 90% of the appraisal value of the inventory, in each case plus 85% of eligible credit card receivables, net of certain reserves. Letters of credit reduce the amount available to borrow by their face value. The Company's ability to pay cash dividends, redeem options, and repurchase shares is generally prohibited, except that if availability under the Revolver is, or will be after any such payment, equal to or greater than 25% of the borrowing base, the Company may repurchase its capital stock and pay cash dividends. In addition, in the event that credit extensions under the Revolver at any time exceed 80% of the lesser of the total commitment or the borrowing base, the Company will be subject to a fixed charge coverage ratio covenant of 1.5:1.0.

Edgar Filing: GameStop Corp. - Form 10-Q

The interest rate on the Revolver is variable and, at the Company's option, is calculated by applying a margin of (1) 0.0% to 0.25% above the higher of the prime rate of the administrative agent or the federal funds effective rate plus 0.50% or (2) 1.00% to 1.50% above the LIBO rate. The applicable margin is determined quarterly as a function of the Company's consolidated leverage ratio. As of November 3, 2007, the applicable margin was 0.0% for prime

rate loans and 1.25% for LIBO rate loans. In addition, the Company is required to pay a commitment fee of 0.25% for any unused portion of the total commitment under the Revolver.

As of November 3, 2007, there were no borrowings outstanding under the Revolver and letters of credit outstanding totaled \$5.7 million.

In September 2007, the Company's Luxembourg subsidiary entered into a discretionary, \$20 million Uncommitted Line of Credit (the "Line of Credit") with Bank of America. There is no term associated with the Line of Credit and Bank of America may withdraw the facility at any time without notice. The Line of Credit will be made available to the Company's foreign subsidiaries for use primarily as a bank overdraft facility for short-term liquidity needs and for the issuance of bank guarantees and letters of credit to support operations.

As of November 3, 2007, there were no borrowings outstanding under the Line of Credit and bank guarantees outstanding were minimal.

On September 28, 2005, the Company, along with GameStop, Inc. as co-issuer (together with the Company, the "Issuers"), completed the offering of U.S. \$300 million aggregate principal amount of Senior Floating Rate Notes due 2011 (the "Senior Floating Rate Notes") and U.S. \$650 million aggregate principal amount of Senior Notes due 2012 (the "Senior Notes" and, together with the Senior Floating Rate Notes, the "Notes"). The Notes were issued under an Indenture (the "Indenture"), dated September 28, 2005, by and among the Issuers, the subsidiary guarantors party thereto, and Citibank, N.A., as trustee (the "Trustee"). Concurrently with the consummation of the merger on October 8, 2005, EB and its direct and indirect U.S. wholly-owned subsidiaries (together, the "EB Guarantors") became subsidiaries of the Company and entered into a First Supplemental Indenture, dated October 8, 2005, by and among the Issuers, the EB Guarantors and the Trustee, pursuant to which the EB Guarantors assumed all the obligations of a subsidiary guarantor under the Notes and the Indenture. The net proceeds of the offering were used to pay the cash portion of the merger consideration paid to the stockholders of EB in connection with the merger.

The offering of the Notes was conducted in a private transaction under Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and in transactions outside the United States in reliance upon Regulation S under the Securities Act. In April 2006, the Company filed a registration statement on Form S-4 in order to register new notes (the "New Notes") with the same terms and conditions as the Notes in order to facilitate an exchange of the New Notes for the Notes. This registration statement on Form S-4 was declared effective by the SEC in May 2006 and the Company commenced an exchange offer to exchange the New Notes for the Notes. This exchange offer was completed in June 2006 with 100% participation.

In November 2006, Citibank, N.A. resigned as Trustee for the Notes and Wilmington Trust Company was appointed as the new Trustee for the Notes.

The Senior Notes bear interest at 8.0% per annum, mature on October 1, 2012 and were priced at 98.688%, resulting in a discount at the time of issue of \$8.5 million. The discount is being amortized using the effective interest method. As of November 3, 2007, the unamortized original issue discount was \$5.8 million. The rate of interest on the Senior Floating Rate Notes prior to their redemption on October 1, 2007 was 9.2350% per annum.

The Issuers pay interest on the Senior Notes semi-annually, in arrears, every April 1 and October 1, to holders of record on the immediately preceding March 15 and September 15, and at maturity.

The Indenture contains affirmative and negative covenants customary for such financings, including, among other things, limitations on (1) the incurrence of additional debt, (2) restricted payments, (3) liens, (4) sale and leaseback transactions and (5) asset sales. Events of default provided for in the Indenture include, among other things, failure to

pay interest or principal on the Notes, other breaches of covenants in the Indenture, and certain events of bankruptcy and insolvency.

As of November 3, 2007, the Company was in compliance with all covenants associated with the Revolver and the Indenture.

Under certain conditions, the Issuers may on any one or more occasions prior to maturity redeem up to 100% of the aggregate principal amount of Senior Notes issued under the Indenture at redemption prices at or in excess of

Table of Contents

100% of the principal amount thereof plus accrued and unpaid interest, if any, to the redemption date. The circumstances which would limit the percentage of the Notes which may be redeemed or which would require the Company to pay a premium in excess of 100% of the principal amount are defined in the Indenture. Upon a Change of Control (as defined in the Indenture), the Issuers are required to offer to purchase all of the Notes then outstanding at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase.

The Issuers may acquire Senior Notes by means other than redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisitions do not otherwise violate the terms of the Indenture.

In May 2006, the Company announced that its board of directors authorized the buyback of up to an aggregate of \$100 million of its Senior Floating Rate Notes and Senior Notes. As of October 28, 2006, the Company had repurchased \$36.3 million of its Senior Notes and \$30.0 million of its Senior Floating Rate Notes. As of February 3, 2007, the end of its most recent fiscal year, the Company had repurchased the maximum authorized amount, having acquired \$50 million of its Senior Notes and \$50 million of its Senior Floating Rate Notes, and delivered the Notes to the Trustee for cancellation. The associated loss on retirement of this debt was \$3.4 million and \$3.6 million for the 13 and 39 week periods ended October 28, 2006, respectively, which consisted of the premium paid to retire the Notes and the recognition of the deferred financing fees and the original issue discount on the Notes.

On February 9, 2007, the Company announced that its board of directors authorized the buyback of up to an aggregate of an additional \$150 million of its Senior Notes and Senior Floating Rate Notes. The timing and amount of the repurchases were determined by the Company's management based on their evaluation of market conditions and other factors. As of August 4, 2007, the Company had repurchased the additional \$150 million of the Notes, having acquired \$20 million of its Senior Notes and \$130 million of its Senior Floating Rate Notes, and delivered the Notes to the Trustee for cancellation. The associated loss on the retirement of this debt was \$8.8 million for the 39 week period ended November 3, 2007 which consists of the premium paid to retire the Notes and the recognition of the deferred financing fees and the original issue discount on the Notes.

On June 28, 2007, the Company announced that its board of directors authorized the redemption of the remaining \$120 million of Senior Floating Rate Notes outstanding. On July 12, 2007, the Issuers notified the Trustee of their intent to redeem the Notes on October 1, 2007. The Company redeemed the Senior Floating Rate Notes on October 1, 2007 at the redemption price specified by the Senior Floating Rate Notes of 102.0%, plus all accrued and unpaid interest through the redemption date. The Company incurred a one-time pre-tax charge of \$3.8 million associated with the redemption, which represents a \$2.4 million redemption premium and \$1.4 million to recognize unamortized deferred financing costs.

In October 2004, Historical GameStop issued a promissory note in favor of Barnes & Noble in the principal amount of \$74.0 million in connection with the repurchase of Historical GameStop's common stock held by Barnes & Noble. The note was unsecured and bore interest at 5.5% per annum, payable with each principal installment. Scheduled principal payments of \$37.5 million, \$12.2 million and \$12.2 million were made in January 2005, October 2005 and October 2006, respectively, as required by the promissory note. The final payment of \$12.2 million, satisfying the promissory note in full, was made in October 2007.

Based on our current operating plans, we believe that available cash balances, cash generated from our operating activities and funds available under the Revolver will be sufficient to fund our operations, required payments on the Senior Notes, store expansion and remodeling activities and corporate capital expenditure programs for at least the next 12 months.

Recent Accounting Policies

In September 2006, the FASB issued Statement of Financial Accounting Standard No. 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 applies to other accounting pronouncements that require or permit fair value measurements. The Company will adopt SFAS 157 on February 3, 2008 as required. The adoption of SFAS 157 is not expected to have a material impact on the Company's financial condition and results of operations.

Table of Contents

In February 2007, the FASB issued Statement of Financial Accounting Standard No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS 159). This statement permits entities the option to measure many financial instruments and certain other items at fair value at specified election dates. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS 159 will be effective beginning February 3, 2008. The Company is currently assessing the potential impact, if any, of the adoption of SFAS 159 on its consolidated financial statements.

Disclosure Regarding Forward-looking Statements

This report on Form 10-Q and other oral and written statements made by the Company to the public contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934 (the Exchange Act). The forward-looking statements involve a number of risks and uncertainties. A number of factors could cause our actual results, performance, achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, but are not limited to:

- our reliance on suppliers and vendors for sufficient quantities of their products and for new product releases;
- economic conditions affecting the video game industry;
- the competitive environment in the video game industry;
- our ability to open and operate new stores;
- our ability to attract and retain qualified personnel;
- the impact and costs of litigation and regulatory compliance;
- unanticipated litigation results;
- the risks involved with our international operations;
- alternate sources of distribution of video game software; and
- other factors described in the Form 10-K, including those set forth under the caption Item 1A. Risk Factors.

In some cases, forward-looking statements can be identified by the use of terms such as anticipates, believes, continues, could, estimates, expects, intends, may, plans, potential, predicts, pro forma, should, expressions. These statements are only predictions based on current expectations and assumptions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. You should not place undue reliance on these forward-looking statements.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise after the date of this Form 10-Q. In light of these risks and uncertainties, the forward-looking events and circumstances contained in this Form 10-Q may not occur, causing actual results to differ materially from those

anticipated or implied by our forward-looking statements.

ITEM 3. *Quantitative and Qualitative Disclosures About Market Risk*

Interest Rate Exposure

We do not use derivative financial instruments to hedge interest rate exposure. We limit our interest rate risks by investing our excess cash balances in short-term, highly-liquid instruments with a maturity of one year or less. In addition, the Senior Notes outstanding issued in connection with the merger carry a fixed interest rate. We do not expect any material losses from our invested cash balances, and we believe that our interest rate exposure is modest.

Table of Contents

Foreign Currency Risk

The Company follows the provisions of Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), as amended. SFAS 133 requires that all derivative instruments be recorded on the balance sheet at fair value. Changes in the fair value of derivatives are recorded each period in current earnings or other comprehensive income, depending on whether the derivative is designated as part of a hedge transaction, and if it is, depending on the type of hedge transaction.

The Company uses forward exchange contracts, foreign currency options and cross-currency swaps, (together, the Foreign Currency Contracts) to manage currency risk primarily related to intercompany loans denominated in non-functional currencies and certain foreign currency assets and liabilities. These Foreign Currency Contracts are not designated as hedges and, therefore, changes in the fair values of these derivatives are recognized in earnings, thereby offsetting the current earnings effect of the re-measurement of related intercompany loans and foreign currency assets and liabilities. The aggregate fair value of the Foreign Currency Contracts as of November 3, 2007 was a liability of \$5.2 million. A hypothetical strengthening or weakening of 10% in the foreign exchange rates underlying the Foreign Currency Contracts from the market rate as of November 3, 2007 would result in a (loss) or gain in value of the forwards, options and swaps of (\$9.8 million) or \$8.0 million, respectively.

ITEM 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company conducted an evaluation, under the supervision and with the participation of the principal executive officer and principal financial officer, of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, the principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures are effective at the reasonable assurance level. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

(b) Changes in Internal Controls

There was no change in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the Company's most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. Legal Proceedings

On February 14, 2005, and as amended, Steve Strickland, as personal representative of the Estate of Arnold Strickland, deceased, Henry Mealer, as personal representative of the Estate of Ace Mealer, deceased, and Willie Crump, as personal representative of the Estate of James Crump, deceased, filed a wrongful death lawsuit against GameStop, Sony, Take-Two Interactive, Rock Star Games and Wal-Mart (collectively, the Defendants) and Devin Moore in the Circuit Court of Fayette County, Alabama, alleging that Defendants' actions in designing, manufacturing, marketing and supplying Defendant Moore with violent video games were negligent and contributed to Defendant Moore killing Arnold Strickland, Ace Mealer and James Crump. Plaintiffs are seeking damages of \$600 million under the Alabama wrongful death statute and punitive damages. GameStop and the other defendants intend to vigorously

defend this action. The Defendants filed a motion to dismiss the case on various grounds, which was heard in November 2005 and was denied. The Defendants appealed the denial of the motion to dismiss and on March 24, 2006, the Alabama Supreme Court denied the Defendants' application. Discovery is currently stayed as plaintiffs' counsel has received leave of court to withdraw. Plaintiffs are essentially without counsel and have been given 90 days from October 14, 2007 to find new counsel. Mr. Moore was found guilty of capital murder in a

Table of Contents

criminal trial in Alabama and was sentenced to death in August 2005. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from the lawsuit.

In the ordinary course of our business, the Company is, from time to time, subject to various other legal proceedings. Management does not believe that any such other legal proceedings, individually or in the aggregate, will have a material adverse effect on the Company's financial condition or results of operations.

ITEM 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Risk Factors in Item 1A. Risk Factors in our Form 10-K for the fiscal year ended February 3, 2007 filed with the SEC on April 4, 2007. These risks could materially and adversely affect our business, financial condition and results of operations. The risks described in our Form 10-K have not changed materially, however, they are not the only risks we face. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business.
