INDEPENDENT AUDITORS' REPORT

Applied Industrial Technologies, Inc. Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Applied Industrial Technologies, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

APPLIED INDUSTRIAL TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2001 AND 2000

1. DESCRIPTION OF THE PLAN

The following description of the Applied Industrial Technologies, Inc. Retirement Savings Plan (the "Plan") is provided for general purposes only. Participants and users of the financial statements should refer to the Plan document for more complete information.

GENERAL - The Plan was established for the purpose of encouraging and assisting employees of Applied Industrial Technologies, Inc. and its subsidiaries (the "Company") to provide long-term, tax-deferred savings for retirement. The Plan is subject to the reporting and disclosure requirements, the minimum participation and vesting standards, and the fiduciary responsibility requirements of the Employee Retirement Income Security Act of 1974.

ADMINISTRATION - The Plan is administered by the Company. The Company's powers and duties relate to making participant and employer contributions to the Trust, establishing investment objectives, authorizing disbursements from the Trust, and resolving any questions of Plan interpretation.

The assets of the Plan are maintained and administered by Key Trust Co. of Ohio, N.A. acting as Trustee. The Trustee is responsible for the custody of assets.

Edgar Filing: APPLIED INDUSTRIAL TECHNOLOGIES INC - Form 11-K

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions, account balances, or can be per capita, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PARTICIPATION AND CONTRIBUTIONS - All eligible employees may participate in the Plan on the first day of the month following their hire when one hour of service is performed during the first fifteen days of a calendar month. Each employee who first completes an hour of service after the first fifteen days of a calendar month shall become eligible as of the first payroll period in the second month following the month in which the first hour of service was completed.

Eligible employees may elect to make pretax contributions to the Plan ranging from 1% to 15% of compensation. For those eligible employees who do not make a compensation reduction election, their compensation shall be automatically reduced by two percent and such shall be contributed on their behalf to the Plan as contributions until superseded by a subsequent contribution election. The Company may make additional contributions to the Plan, including, but not limited to, matching contributions equal to a percentage of participant pretax contributions not in excess of 6% of the participant's compensation, and discretionary profit-sharing contributions as determined annually. Matching employer contributions are determined based upon the Company's earnings per share for the immediately preceding calendar year quarter and the participant's investment elections. Except in the case of death, disability, or retirement, a participant must be employed as of the last day of the quarter to receive the Plan's quarter match. The matching employer

4

contribution is updated annually based on the Company's June 30 fiscal year end and is currently determined using the following schedule:

		SUBSEQUENT QUARTER MATCHING CONTRIBUTION				
		\$.25	\$.35	\$.50	\$.75	\$1.00
		QUARTERLY EPS				
Quarter Ended 9/30/01			.24	.31	.35	.38
Quarter Ended 12/31/01	Minimum		.25	.32	.36	.39
Quarter Ended 3/31/02	Match		.27	.35	.40	.42
Quarter Ended 6/30/02			.31	.39	.44	.46

The employer match on participant contributions to investment funds other than the Company Stock fund was \$.50, \$.25, \$.25, and \$.35 for the four 2001 quarters, and \$.25, \$.50, \$1.00, and \$.50 for the four 2000 quarters,

## Edgar Filing: APPLIED INDUSTRIAL TECHNOLOGIES INC - Form 11-K

respectively.

Matching Employer Contributions are made primarily in shares of Applied Industrial Technologies, Inc. common stock to the Company Stock Fund. Participants that elect to contribute to the Company Stock Fund receive an additional 10% Bonus Match on participant's pretax contributions not in excess of 6% of the participant's compensation. The Bonus Match is also made primarily in shares of Applied Industrial Technologies, Inc common stock to the Company Stock Fund.

The Company may also make a Profit-Sharing Contribution to the Plan annually. Participants must be employed on June 30 of such Plan year and have completed at least one year of service, as defined in the Plan agreement, as of June 30 to be eligible to receive an allocation of the Profit-Sharing Contribution. Additionally, the Company may contribute a special Profit-Sharing Contribution to individuals who terminate employment after attaining age 55 and completing ten years of service. Profit-Sharing Contributions are allocated to each participant's Profit-Sharing Contribution Account based upon the ratio of each participant's total compensation to the aggregate compensation of all participants eligible to receive a Profit-Sharing Contribution. The Profit-Sharing Contributions for the years ended December 31, 2001 and 2000 were composed of \$2,169,911 and \$2,389,348 in cash, and \$217,089 and \$270,653 in Applied Industrial Technologies, Inc. common stock, respectively.

Contributions are excluded from participants' taxable income until such amounts are received by them as a distribution from the Plan.

The Plan provides for Rollover Contributions (amounts previously distributed to the participants from certain other tax-qualified plans) and Transfer Contributions (assets transferred from certain other tax-qualified plans) by or on behalf of an employee in accordance with procedures established by the Company.

INVESTMENT OF CONTRIBUTIONS - Participants elect investment of profit-sharing and pretax contributions in 1% increments in the Plan's Company Stock Fund, American Fundamental Investors Fund, American EuroPacific Growth Fund, Vanguard Asset Allocation Fund, EB MaGIC Fund, Bond Fund of America, Growth Fund Portfolio, Franklin Small-Cap Growth II Fund, Royce Total Return Fund, Lord Abbett Mid-Cap Value Fund, T Rowe Price Mid-Cap Growth Fund, Alliance Growth and Income Fund, EB Equity Index Fund or the MFS Mid-Cap Growth Fund. The portion of the Plan that is invested in the Company Stock Fund is intended to be an Employee Stock Ownership Plan (ESOP) under code section 4975 (e) (7) and ERISA section 407 (d) (6). Participants may elect to change their investment elections

5

as to future contributions and may also elect to reallocate a portion or all of their account balances among the investment funds in increments of 1% of the total amount to be reallocated. All such elections are filed with the Trustee and become effective daily.

The value of the funds and the interest of individual participants under each fund, are calculated daily (daily valuation).

VESTING AND DISTRIBUTIONS - Each participant is immediately and fully

## Edgar Filing: APPLIED INDUSTRIAL TECHNOLOGIES INC - Form 11-K

vested in their participant contributions and earnings thereon. Participants vest in Matching Employer Contributions and Profit-Sharing Contributions at a rate of 25% for each year of eligible service, becoming completely vested after four years, or at death, termination of employment due to permanent and total disability, or normal or early retirement as defined in the Plan.

Upon termination of employment, participants may receive lump sum or installment distributions of their vested account balances as soon as administratively possible. The Plan permits hardship withdrawals and in-service distributions upon attainment of age 59-1/2.

Forfeitures of nonvested amounts are applied to reduce future Matching Employer Contributions. Total forfeitures were \$105,299 in 2001 and \$92,907 in 2000.

LOANS - Participants may borrow from their 401(k) Contribution Accounts, Rollover Contributions and Transferred Contributions a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the aggregate sum of the participants' accounts. Loan terms range from 1-5 years or up to ten years, if for the purchase of a primary residence. Loans that originated from merged plans are also reflected in the Employee Loan Fund in the Plan's financial statements. These loans are to be repaid to the Plan in accordance with their original terms. The loans are secured by the balance in the participants' accounts and bear interest at rates prevailing at the time the loans were made. Principal and interest are paid ratably through bi-weekly payroll deductions.

PLAN TERMINATION - The Plan was adopted with the expectation that it will continue indefinitely. The Company may, however, terminate the Plan at any time and may amend the Plan from time to time. In the event of termination of the Plan, all participants will immediately become fully vested in their accounts.

TAX STATUS OF THE PLAN - The Plan obtained its latest determination letter dated June 27, 1996, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and submitted a request for a new determination letter on February 28, 2002. Therefore, no provision for income taxes has been included in the Plan's financial statements.
