## PROXY STATEMENT

### GENERAL

This Proxy Statement is being furnished to the holders of common shares, without par value, of the Company (the "Shares") in connection with the solicitation of proxies by the Board of Directors of the Company to be used at the Company's Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's principal executive offices located at 7001 Metatec Boulevard, Dublin, Ohio 43017, on Thursday, May 15, 2003, at 1:00 p.m., local time, for the purposes set forth on the accompanying Notice of Annual Meeting.

The approximate date on which this Proxy Statement and the form of proxy will be first sent to shareholders is April 8, 2003.

### PROXIES AND VOTING

The close of business on March 24, 2003, has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. On the record date, 6,536,113 Shares were outstanding and entitled to vote. Each Share is entitled to one vote.

Shareholders do not have the right to cumulate their votes in electing directors, and the nominees who receive the highest number of votes will be elected. The vote required for approval of the proposal to amend the Company's Articles of Incorporation to change the Company's name to Metatec, Inc. is the favorable vote of a majority of the outstanding Shares entitled to vote at the Annual Meeting.

All Shares represented by properly executed proxies will be voted at the Annual Meeting in accordance with the choices indicated on the proxy. If no choices are indicated on a proxy, the Shares represented by that proxy will be voted in favor of the two nominees described in this Proxy Statement for election as Class I directors and in favor of the proposal to amend the Company's Articles of Incorporation to change the Company's name to Metatec, Inc. Any proxy may be revoked at any time prior to its exercise by delivering to the Company a subsequently dated proxy or by giving notice of revocation to the Company in writing or in open meeting. A shareholder's presence at the Annual Meeting will not by itself revoke the proxy.

Abstentions will be considered as Shares present and entitled to vote at the Annual Meeting and will be counted for purposes of determining whether a quorum is present. Abstentions will not be counted in determining the votes cast for the election of directors and will not have a positive or negative effect on the outcome of the election. Because the proposal to amend the Company's Articles of Incorporation to change the Company's name requires the favorable vote of a majority of the outstanding Shares entitled to vote at the Annual Meeting, abstentions will have the same effect as a vote against this proposal.

If your Shares are held in street name, you will need to instruct your broker regarding how to vote your Shares. If you do not provide your broker with voting instructions regarding the election of directors, your broker will

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

nevertheless have discretion to vote your Shares for the election of directors. There are certain matters, however, over which your broker will not have discretion to vote your Shares without your instructions--these situations are referred to as "broker non-votes." The proposal to amend the Company's Articles of Incorporation to change the Company's name falls into this category. If you do not provide your broker with voting instructions on the proposal, your Shares will not be voted on this proposal. Because broker non-votes will be considered as

1

Shares present and entitled to vote for this proposal, broker non-votes will have the same effect as votes against this proposal.

PROPOSAL NO. 1--ELECTION OF DIRECTORS

The number of directors currently is fixed at nine. The Board of Directors is divided into three classes, Class I, Class II, and Class III, with three directors in each class. The directors in each class are elected to three-year terms. The terms of office of one class of directors expire each year at the annual meeting of shareholders and at such time as their successors are duly elected and qualified. The term of office of the Class I directors expires concurrently with the holding of the Annual Meeting, and the two incumbent directors in Class I have been nominated for re-election. There is a vacancy in each of the Class I and Class III directors.

At the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy, unless a contrary position is indicated on such proxy, to vote the proxy for the election of the two nominees named in the following table as Class I directors, each to hold office until the 2006 annual meeting of shareholders and until a successor is elected and qualified. In the event that any nominee named below as a Class I director is unable to serve (which is not anticipated), the persons named in the proxy may vote for another nominee of their choice.

The reason for nominating a lesser number of persons to fill the number of director positions in Class I is that the Company believes it is desirable to have a vacancy available which could be filled by the Board of Directors without the time and expense involved in holding a special meeting of shareholders should a person who could make a valuable contribution as a director of the Company become available. No decision has been made to fill the vacancy, nor has any candidate been considered or approved by the Board of Directors.

Proxies cannot be voted at the Annual Meeting for a greater number of persons than the two nominees named in this Proxy Statement.

### PROPOSAL NO. 2--AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO CHANGE NAME OF THE COMPANY

The Board of Directors proposes that the shareholders of the Company approve an amendment to the Company's Articles of Incorporation to change the Company's name from "Metatec International, Inc." to "Metatec, Inc." The Board of Directors believes that the use of the term International in the Company's name is no longer applicable due to the Company's sale of its operations in Breda, The Netherlands.

The vote required to approve the proposal to amend the Company's Articles of Incorporation to change the Company's name is a majority of the Shares outstanding and entitled to vote at the Annual Meeting. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

### BOARD OF DIRECTORS COMMITTEES AND MEETINGS

The Board of Directors held five meetings during 2002. Each director attended at least 75% of the meetings held by the Board of Directors and the committees on which he served during 2002.

The Board of Directors has established an Executive Committee, a Compensation Committee, and an Audit Committee. The members of the Executive Committee are Joseph F. Keeler, Jr., Peter J. Kight, David P. Lauer, and James V. Pickett. The Executive Committee may exercise all of the authority of the Board of Directors between its meetings. This committee held five meetings and took action two times by written consent during 2002. The members of the Compensation Committee are Joseph F. Keeler, Jr., David P. Lauer, and James V. Pickett. The Compensation Committee held one meeting and took action two times by written consent during 2002. The members of the Audit Committee are Joseph F. Keeler, David P. Lauer, James V. Pickett, and Daniel D. Viren. The Audit Committee held six meetings during 2002. The responsibilities of the Compensation Committee are described in "Executive Compensation--Compensation Committee Report on Executive Compensation," and the responsibilities of the Audit Committee are described in "Report of Audit Committee," both of which are included elsewhere in this Proxy Statement.

6

The Board of Directors currently has no standing nominating committee or committee performing similar functions.

### COMPENSATION OF DIRECTORS

Employee directors receive no additional compensation for service on the Board of Directors or its committees. Directors of the Company who are not also employees of the Company receive a fee of \$1,500 per board meeting and a quarterly retainer of \$1,500. In addition, directors of the Company who are not officers or employees of the Company do not receive any additional compensation

## Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

for committee meetings attended, with the exception of members of the Audit Committee. Each member of the Audit Committee receives an annual fee of \$2,000 for serving on that committee, and the Chairman of the Audit Committee receives an annual fee of \$4,000 for chairing that committee. The Company has a directors deferred compensation plan pursuant to which directors may defer all or a portion of their director fees.

Directors of the Company who are not officers or employees of the Company or any of its subsidiaries currently receive stock options pursuant to the Company's 1999 Directors Stock Option Plan. Under this plan, immediately following each annual meeting of shareholders of the Company, each eligible director is automatically granted an option to purchase 5,000 Shares. These options are fully vested at the time of grant and must be exercised within five years of the grant date. In addition, each new director is automatically granted an option, on a one-time basis, to purchase 10,000 Shares. These one-time options have five-year terms and vest in equal annual installments over a four-year period. All options are granted at an exercise price equal to the fair market value of the Shares on the last trading day prior to the annual meeting relating to the date of grant.

Christopher A. Munro entered into an employment agreement when he joined the Company as Chief Operating Officer in January 2001. In November 2001, Mr. Munro was elected as the President and Chief Executive Officer of the Company. In March 2002, Mr. Munro's original employment agreement was amended to recognize his increased responsibilities as President and Chief Executive Officer. Under his current employment agreement, Mr. Munro received a base salary of \$300,000 in 2002. The Compensation Committee increased his base salary

## Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

to \$375,000 for 2003. In addition, Mr. Munro is entitled to receive a bonus ranging up to a maximum of 60% of his base salary based upon the Company's level of achievement of the performance thresholds specified in his employment agreement. For 2002, Mr. Munro's bonus was \$153,000. Under his employment agreement, the Company is obligated to make a \$20,000 premium payment on Mr. Munro's behalf on a term life insurance policy benefitting Mr. Munro and his family. Mr. Munro's employment continues until terminated by either Mr. Munro or the Company. Mr. Munro may terminate his employment at any time upon notice to the Company of not less than 60 days prior to the proposed termination date. The Company may terminate Mr. Munro's employment at any time upon notice to Mr. Munro. If the Company terminates Mr. Munro's employment without cause, or if Mr. Munro terminates his employment for "good reason" (as defined in the employment agreement), then Mr. Munro is entitled to receive severance payments in an amount equal to his base salary payable over an 18-month period, as well as health benefits during that same period.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Persons who served on the Company's Compensation Committee during 2002 were Joseph F. Keeler, Jr., David P. Lauer, Jerry D. Miller and James V. Pickett. Mr. Lauer replaced Mr. Miller as a member of the Compensation Committee during 2002. Until May 1993, prior to his appointment to the Compensation

9

Committee, Mr. Miller served as President of the Company. There are no interlocking relationships between any executive officers of the Company and any entity whose directors or executive officers serve on the Company's Board of Directors or the Compensation Committee.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors regularly reviews executive compensation policies and levels and evaluates the performance of management in the context of the Company's performance. All of the members of the Compensation Committee are "independent" as defined by the rules of the Nasdaq Stock Market. The Compensation Committee believes that the Company's compensation policy must be designed to attract, retain, reward, and motivate highly qualified individuals to manage the Company to meet corporate growth and earnings objectives and to maximize shareholder value. The Company's compensation policy has three primary components, described below, which are applicable to the Company's executive officers, including its chief executive officer and chief financial officer.

**Base Salary.** The primary component of executive compensation is an annual base salary. In establishing the amount of an executive officer's annual base salary (other than the chief executive officer), the Compensation Committee reviews a recommendation made by the Company's chief executive officer and considers other factors as well, including the position held by the executive officer, his or her accomplishments during the year, his or her level of responsibility and experience, and the relationship of the executive officer's salary to the salaries of other managers and associates of the Company. After considering these factors, the Compensation Committee subjectively determines the amount of each executive officer's annual base salary.

The annual base salary of Mr. Munro is paid pursuant to his employment agreement with the Company. In 2001, Mr. Munro's base salary was \$240,000. In 2002, Mr. Munro's base salary was increased to \$300,000 in recognition of his increased responsibilities as President and Chief Executive Officer. For 2003,

## Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

the Compensation Committee increased Mr. Munro's base salary to \$375,000 in recognition of his performance in 2002. Mr. Qualmann joined the Company in February 2002, at a mutually agreed-upon base salary of \$240,000. For 2003, the Compensation Committee increased Mr. Qualmann's salary to \$250,000 in recognition of his performance in 2002.

**Incentive Compensation.** Under Mr. Munro's employment agreement, he is entitled to receive an annual bonus ranging up to a maximum of 60% of his annual base salary based upon the Company's level of achievement of the performance thresholds specified in his employment agreement. For 2002, the Compensation Committee determined the performance thresholds achieved by the Company and awarded Mr. Munro a bonus of \$153,000, which was 51% of his annual base salary. In addition, the Compensation Committee determined, under the performance plan established for Mr. Qualmann, the performance thresholds achieved by the Company and awarded Mr. Qualmann a bonus of \$122,400, which was 51% of his annual base salary.

**Long-Term Awards.** In connection with entering into the amendment to his employment agreement in March 2002, Mr. Munro was granted options to purchase a total of 150,000 Shares. In connection with joining the Company in February 2002, Mr. Qualmann received 100,000 Shares pursuant to the terms of a restricted share agreement, 50,000 of which remain subject to a risk of forfeiture if Mr. Qualmann's employment is terminated for any reason prior to February 13, 2004. The Compensation Committee did not grant any options or any other equity awards to any other executive officer in 2002.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors, and greater than 10% shareholders are required by the Securities and Exchange Commission's regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during 2002 all Section 16(a) filing requirements applicable to its officers and directors were complied with by such persons.

#### REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible to monitor and review the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Management's responsibility for financial reporting and the report and opinion of Deloitte & Touche LLP are filed separately in the Company's Annual Report on

12

Form 10-K for the 2002 fiscal year and should be read in conjunction with this report and any review of the audited financial statements.

The current members of the Audit Committee are David P. Lauer, its Chairman, Joseph F. Keeler, Jr., James V. Pickett, and Daniel D. Viren. All of the members of the Audit Committee are "independent" as defined by the rules of the Nasdaq Stock Market, with the exception of Mr. Viren, who served as the Company's Chief Financial Officer from July 1999 to June 2000. The Company's Audit Committee Charter permits the Board of Directors to appoint one non-independent director to the Audit Committee under exceptional and limited circumstances. In appointing Mr. Viren to the Audit Committee, the Board of Directors considered his extensive experience in dealing with financial statements and audit matters outside the scope of his employment with the Company and believed that his membership on the Audit Committee was in the best interests of the Company and its shareholders. The Committee held six meetings during the 2002 fiscal year. Each member of the Audit Committee attended at least 75% of the meetings.

The responsibilities of the Audit Committee are set forth in its charter, which is reviewed and amended periodically by the Board of Directors. A copy of the Audit Committee Charter was attached to the Proxy Statement for the 2001 annual meeting of shareholders. In fulfilling its responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the 2002 fiscal year with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addition, the Audit Committee has selected Deloitte & Touche LLP as the Company's independent auditors for the 2003 fiscal year. Among other things, the Audit Committee:

- Discussed and considered the independence of Deloitte & Touche LLP, including reviewing as necessary all relationships and services which might bear on the objectivity of the auditor;
- Received written affirmation that the auditor is in fact independent;
- Discussed the overall audit process, including receiving and reviewing

## Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

the Company's financial statements and related reports; and

- Provided to the independent auditors full access to the Audit Committee (and the Board of Directors) to report on any and all matters appropriate.

The Audit Committee also met with selected members of management and the auditors to review financial statements (including quarterly reports), discussing such matters as the quality of earnings; estimates, reserves and accruals; suitability of accounting principles; highly judgmental areas; and audit adjustments whether or not recorded. In addition, the Audit Committee considered the quality and adequacy of the Company's internal controls and the status of pending litigation, taxation matters and other areas of oversight to the financial reporting and audit process that the committee felt appropriate.

Based upon its work and the information received in the inquiries outlined above, the Audit Committee is satisfied that its responsibilities for the period ending December 31, 2002, were met and that the financial reporting and audit processes of the Company are functioning appropriately. Furthermore, in reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the 2002 fiscal year for filing with the Securities and Exchange Commission.

As discussed above, the Audit Committee is responsible to monitor and review the Company's financial reporting process on behalf of the Board of Directors. However, it is not the duty or responsibility of the Audit

13

Committee to conduct auditing or accounting reviews or procedures. Members of the Audit Committee are not employees of the Company, and some members may not be accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. The Audit Committee's review does not provide its members with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company's independent accountants are in fact "independent."

the Audit Committee to be the Company's independent public accountants for the fiscal year ending December 31, 2003. Design and Implementation Fees.....	-0-
All Other Fees.....	\$ 85,756(1)(2)
