The Registrant has several unique issues relating to both the start-up nature of its business as well as the transition from its reorganization transaction which occurred late in fiscal year 2001. Consequently, the Registrant requires additional time to compile and complete the necessary financial information to be included in its Form 10-KSB for fiscal year 2002.

Consequently, the Registrant's balance sheet and results of operations as of 12/31/02 will reflect a full year of business operations as compared to one month of operations reflected in the financial statement for 12/31/01.
