PART I

Item 1. Description of Business.

(a) Business Development

RJV Network, Inc. ("Company" "the Company", "RJV") was organized under the laws of the State of Nevada on December 23, 1999. Other than a Registered Offering within the State of Washington, the Company has not conducted any

Edgar Filing: RJV NETWORK INC - Form 10KSB

material operations or generated any revenues to date. Since inception, the Company has been in the process of developing its business plan ("Plan") and raising capital. The plan includes bringing to application an interactive commercial real estate Internet web site that will provide users with sophisticated value-added information relating to the buying, leasing, and selling of commercial real estate properties. To date, the Company has had no significant operations. To date, the Company has had no revenues.

On July 24, 2001 the Company filed its final Form 10SB amendment, General Form for Registration of Securities of Small Business issuers under Section 12(g) of the Securities Act of 1934, and thus became an SEC "reporting company." For those interested in further information regarding the registration statement and other filings filed under the Securities Act please visit www.sec.gov to this and the Company's other periodic filings.

On December 17, 2001 RJV was listed on the Over the Counter Bulletin Board (OTCBB). As of the date of this 10K there has been no trading activity in the stock. The bid price was \$.50 and the ask price was \$1.01 as of March 11, 2002.

RJV has never been involved in any bankruptcy, receivership or similar proceedings.

(b) Business of Issuer

Since inception, the Company has been in the process of developing its business plan and raising capital. The plan includes bringing to application an interactive commercial real estate Internet web site that will provide users with sophisticated value-added information relating to the buying, leasing, and selling of commercial real estate properties.

Management has assessed the on-line commercial real estate marketplace, including but not limited to, the competition, current market trends, and current niches that the Company may capitalize upon. It has been felt the key to the Company's success will be to take management's assessment of the marketplace and develop sophisticated software that can be readily accessed over the Internet and thereby provide customers commercial real estate solutions.

The Company remains in the development stage and has neither the necessary funds nor the technology to execute its full business plan. The Company's software is written outline form only and no computer code has been written. The Company's business strategy requires it to raise substantial additional funding through a private placement(s), debt, or some combination thereof to make significant inroads into pursuit of its plan. Efforts to date have proven unsuccessful. Without additional funding, RJV could fail or remain only as a start-up company with no material operations, revenues, or profits.

During April, 2002, RJV was contacted by management of BIO KIN regarding a proposed acquisition whereby the shareholders of BIO KIN would effectively take control of RJV. BIO KIN had acquired rights to potential methods for treating certain malignancies and wished to merge with a publicly traded entity to provide a public valuation and increased exposure.

In the RJV Board's view, the proposed Acquisition of BIO KIN would allow RJV to divest itself of plans for developing its commercial real estate portal, which it has been unable to fund, and to acquire another company that has a more substantial management team and may be better able to obtain preliminary funding commitments for further developing its business.

The Company has since filed its preliminary proxy materials (Form PRE14A), along with two amendments thereto, with the SEC and expects to soon be

Edgar Filing: RJV NETWORK INC - Form 10KSB

approved to proceed with the special meeting of its shareholders to approve such acquisition and related matters.

Readers are encouraged to review all of the related materials for this proposed acquisition at the SEC's EDGAR website at www.sec.gov.

Forward-Looking Statements

This Form 10K-SB includes "forward-looking statements" within the meaning of the "safe-harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements are based on management's current expectations and are subject to a number of factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. All statements, other than statements of historical facts included in this Form, including without limitation, statements under "Plan of Operation" and "Description of Business", regarding RJV's financial position, business strategy, and plans and objectives of management of the Company for future operations, are forward-looking statements.

Although the RJV believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. Important factors that could cause actual results to differ materially from the Company's expectations include, but are not limited to, market conditions, competition and the ability to successfully complete financing.

(c) Reports to Security Holders

The public may read and copy any materials that RJV has filed with the Securities and Exchange Commission ("SEC") at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. The Public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330 or by visiting www.sec.gov.

Item 2. Description of Property.

RJV does not own any physical properties at this time. RJV principle executive address is 15147 SE 46th Way, Bellevue, Washington 98006.

Item 3. Legal Proceedings.

The Company is not a party to any pending legal proceeding. Management is not aware of any potential litigation, claims or assessments.

Item 4. Submission of Matters to a Vote of Security Holders.

As previously discussed, the Company is in the process of filing its preliminary proxy materials (Form PRE14A) with the SEC in seeking authorization to proceed with a special meeting of its shareholders to approve the acquisition of Bio Kinetix, Inc. and a corresponding change in the Company's business direction.

All of the information related to the proposed acquisition has been set forth within the preliminary proxy materials the Company has filed with the SEC. Readers are encouraged to review all of the related materials for the

Edgar Filing: RJV NETWORK INC - Form 10KSB

proposed acquisition by looking at its Form PRE14A filings at the SEC's EDGAR website at www.sec.gov.

PART II

Item 5. Market for Common Equity and Related Stockholder Matters.

(a) Market Information

Currently, the Company's common stock is listed on the OTCBB under the symbol "RJVN." As of April 7, 2003 the closing price for the Company's shares was \$0.16 per share.

The Company's shares began trading in May 2002. The following chart shows the related high and low per-share sales price, per quarter, since the shares began trading:

Quarter -----	High Price -----	Low Price -----
2nd - 2002	\$2.10	\$0.42
3rd - 2002	\$2.10	\$1.50
4th - 2002	\$1.16	\$1.60
1st - 2003	\$0.60	\$0.10

RJV has no common equity that is subject to outstanding options or warrants to purchase, or securities convertible into, common equity of the Company.

(b) Holders

As of April 7, 2003 there were approximately sixty-five (65) common shareholders of record. This includes Edward Velton, President and Director, who owns 9,375,000 (62.1%) of the 15,093,750 common shares that are issued and outstanding. The other sixty-four (64) shareholders are non-affiliated, private investors that collectively hold a total of 5,718,750 shares that are freely tradable shares that were originally registered by the Company within the State of Washington and sold to the initial investors pursuant to Rule 504 of Regulation D.

(c) Dividends

The Company has never declared any cash dividends.

The current policy of the company is not to pay cash dividends, but instead to retain future earnings, if any, to support the growth of the Company. However, there are no restrictions that limit the ability to pay dividends on common equity when it is lawful to do so.

Item 6. Plan of Operation.

Please note that the Company has filed its preliminary proxy materials with the SEC seeking the authorization to hold a special meeting of its shareholders seeking to approve the acquisition of Bio Kinetix, Inc. If approved, the Company will change its business direction and focus to that of Bio Kinetix, which is at present looking to produce certain Super-Antibodies and related therapeutics targeted at destroying certain cancers.

Edgar Filing: RJV NETWORK INC - Form 10KSB

Readers are encouraged to review these preliminary proxy materials (Form PRE14A) at the SEC's EDGAR website at www.sec.gov.

Since the proposed acquisition of Bio Kinetix has yet to be approved by the shareholders at the special meeting thereof and is still in its "preliminary" filing stage with the SEC, the following discussion will focus on RJV in its present undertakings and performance on its original business focus.

Plan of Operations - General

The Company has been in the process of developing its business plan and raising capital. The plan includes bringing to application an interactive commercial real estate Internet web site that will provide users with sophisticated value-added information relating to the buying, leasing, and selling of commercial real estate properties. Management plans to continue assessing the on-line commercial real estate marketplace, including but not limited to, the competition, current market trends, and current niches that the Company may capitalize upon. There is no guarantee or assurance that the Company will ever benefit from managements assessment and become an operating company.

As of December 31, 2002, RJV had \$579 cash on hand and in the bank. This amount will not be able to satisfy the current cash requirements of RJV (note that the payables at year end are approximately \$7,500), nor will it provide for foreseeable expenses over the next twelve months. The Company will require additional funds to cover administrative costs. The Company's President has made loans, totaling \$5,155 to date, to the Company to cover certain costs, but there is no commitment(s) or agreement(s) from him to continue providing such funds. Representatives of the proposed acquisition candidate, Bio Kinetix, have provided verbal assurances to the Company's President that all amounts will be brought current if, and when, the acquisition is completed. If the acquisition is not completed and these amounts are not paid by way of a loan(s) or some other means, none of which are in place or under contract at present, the Company could very possibly become insolvent and cease to exist.

Please note that even these amounts will not satisfy the capital requirement for developing the completed commercial on-line web site. RJV plans to satisfy such future cash requirements by additional equity financing. This would likely be in the form of private placements of common stock. There is no additional offering in the works at present. There can be no assurance that RJV will be successful in raising additional equity financing to direct towards the development of the web site and marketing campaigns, as well as the associated legal and accounting fees.

Based upon the amount of cash on hand, RJV is dependent upon raising capital from future financing activities, such as subsequent offerings of our stock. There can be no assurance that RJV will be successful in raising the capital RJV requires. If RJV is unable to raise additional capital it would be detrimental to the business development and management may be required to redirect the plan of the Company. However, management believes that if subsequent private placements are successful, RJV will be able to generate revenue from its proposed online real estate web site and achieve liquidity within the following fourteen to eighteen months thereof.

RJV does not anticipate any further research of any products. RJV does not expect the purchase or sale of plant or any significant equipment, and RJV does not anticipate any change in the number of our employees. RJV has no current material commitments. RJV has generated no revenue since our inception.

Edgar Filing: RJV NETWORK INC - Form 10KSB

RJV has no current plans, preliminary or otherwise, to merge with any other entity.

RJV is still considered to be a development stage company, with no significant revenue, and RJV will be dependent upon the raising of additional capital through placement of our common stock in order to continue with the business plan. There can be no assurance that RJV will be successful in raising the capital RJV requires through the sale of our common stock.

The following step will need to be accomplished in order for RJV to become operational:

- Complete development of the commercial real estate on-line web site.

Management has estimated the time frame to accomplish this to be between six and eight months, once additional and adequate funding(s) has been made available.

Management has estimated the following administrative costs for the next twelve months and will use the current cash on hand to fund the following:

Printing and postage	\$ 200
Accounting	6,000
Transfer Agent	1,000
Miscellaneous	300

Total	\$ 7,500

Over the next twelve months RJV plans on using its current cash on hand to fund the administrative costs (estimated at \$7,500). Management plans to continue to seek funding to further its business plan of developing an on-line commercial real estate web site.

If, and when, RJV begins to expand its proposed business, it will likely incur losses. RJV plans on funding these losses through revenues generated through its proposed web site. However, if RJV is unable to satisfy its capital requirements through its revenue production, RJV may seek to raise additional capital through the sale of its securities and or look to borrow funds. However, there can be no assurance or guarantee given that RJV will be able to borrow funds or raise capital successfully. If the Company cannot raise funds it would be detrimental to the business and may result in the demise of the business all together.

Potential investors should be aware that several unforeseen or unanticipated delays might impede RJV from developing its web site. Some examples include, in developing an Internet web site problems may arise with programming and testing that management cannot overcome, creating a time delay and resulting in additional costs to RJV. In developing the means for a second round of financing RJV may find that potential financiers are unreceptive to the business plan and provide no options to raise additional capital. If this should occur then RJV would likely not be able to continue as a going concern and investors could lose all of their investment.

Furthermore, if additional funds are secured by RJV there is no guarantee that the proposed marketing strategy will be effective in accomplishing the goals RJV has set. This may force management to redirect its efforts and create the need for additional time, money, and resources, of which, RJV may not be successful in providing.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
and Shareholders
RJV Network, Inc.

We have audited the accompanying balance sheets of RJV Network, Inc. (a development stage company) as of December 31, 2002, and the related statements of operations, shareholders' equity, and cash flows for the years ended December 31, 2002 and 2001, and the period from December 23, 1999 (date of inception) to December 31, 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of RJV Network, Inc. (a development stage company) as of December 31, 2002, and the results of its operations and its cash flows for the years ended December 31, 2002 and 2001,

Edgar Filing: RJV NETWORK INC - Form 10KSB

and the period from December 23, 1999 (date of inception) to December 31, 2002, in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has not generated revenue to date and has an accumulated deficit of \$31,815 at December 31, 2002. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS

Note 1. The Company and Summary of Significant Accounting Policies

The Company

RJV Network, Inc. ("the Company"), a development stage company, was incorporated under the laws of the State of Nevada on December 23, 1999. The Company was formed for the purpose of developing an internet-based listing site that would provide detailed commercial real estate property listings and related data. Pending the acquisition described in the following paragraph, the Company has suspended its original business plan.

The Company is seeking approval of a proposed acquisition of Bio Kinetix, an Alberta, Canada corporation. The proposed Acquisition Agreement provides that the Company will acquire Bio Kinetix as a wholly-owned subsidiary by issuing shares of its stock to the shareholders of Bio Kinetix resulting in the shareholders of Bio Kinetix having a controlling ownership of the Company. If the acquisition is approved, the Company will change its name to Bio Kinetix Research, Inc., abandon its planned operations and continue operations under the business plan of Bio Kinetix. Bio Kinetix has acquired rights to a new proprietary method for treating breast cancer and has obtained preliminary financing commitments. The reverse acquisition will be accounted for by the purchase method.

Going Concern

The Company has not generated revenues to date and has an accumulated deficit of \$31,815 at December 31, 2002. The Company's ability to continue as a going concern is in substantial doubt and is dependent upon approval of the proposed acquisition of Bio Kinetix or upon obtaining additional financing. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Management of the Company has undertaken steps as part of a plan with the goal of getting the proposed acquisition of Bio Kinetix approved. These steps include submitting required documents for approval by the Securities Exchange Commission and putting the plan before the Company's shareholders for a vote of approval. There can be no assurance that any of these efforts will be successful.

Cash

Cash consists of funds held in a checking account.

Due to Shareholder

The shareholder loan is unsecured, bears no interest and is due on demand. Based on the amount of the loan and its short-term nature, carrying value approximates fair value.

Edgar Filing: RJV NETWORK INC - Form 10KSB

Taxes on Income

The Company accounts for income taxes under an asset and liability approach that requires the recognition of deferred tax assets and liabilities for expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. In estimating future tax consequences, the Company generally considers all expected future events other than enactments of changes in the tax laws or rates.

Software and Web Site Development Costs

The costs of computer software developed or obtained for internal use, during the preliminary project phase, as defined under Statement of Position 98-1 "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use," will be expensed as incurred. The costs of web site development, during the planning stage, as defined under Emerging Issues Task Force No. 00-2 "Accounting for Web Site Development Costs," will also be expensed as incurred.

Computer software and web site development costs incurred during the application and infrastructure development stage, including external direct costs of materials and services consumed in developing the software, creating graphics and web site content, payroll, and interest costs, will be capitalized and amortized over the estimated useful life, beginning when the software is ready for use and after all substantial testing is completed and the web site is operational.

The Company did not incur any software development costs for the period from December 23, 1999 (date of inception) to December 31, 2002.

Costs to be incurred when the web site and related software are in the operating stage will be expensed as incurred.

Earnings per Share

Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding in the period. The Company's stock split 1:75 on August 24, 2001. In April 2002, the Board of Directors approved a 2.5 for 1 split of the Company's stock. The accompanying financial statements are presented on a post-split basis. The earnings per share for the years ended December 31, 2002 and 2001, and the period cumulative during the development stage have been adjusted accordingly. Diluted earnings per share takes into consideration common shares outstanding (computed under basic earnings per share) and potentially dilutive securities. There were no dilutive securities outstanding during the period December 23, 1999 to December 31, 2002.

Estimates

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates.

origination, evaluation, and management of construction and permanent loans for a variety of properties. Mr. Velton originated over \$500,000,000+ loans with very low default and loss rates. Financed properties included over 4,000,000 square feet of retail projects, 3,000 apartment units, 3,000,000 square feet of office and industrial projects, and various other projects.

Education:

Graduated May 1983 from the San Diego State University, with a MBA emphasizing corporate finance and real estate.

Graduated December 1981 from the University of Nevada, with a BS in Business Administration, concentrating on corporate finance with a minor in economics.

The above officer and director of the Company may be considered a "promoter" of the Company, as that term is defined in the rules and regulations promulgated under the Securities and Exchange Act of 1933.

Two independent Directors were elected on July 7, 2000. All material affiliated transactions shall be approved by the majority of RJV Networks, Inc.'s Directors, which include the listed independent Directors of whom shall not have a have an interest in the transaction. The independent Directors have access to, at RJV Networks, Inc.'s expense, independent legal counsel for material issues concerning the Company.

Rune Harkestad. Mr. Harkestad is currently employed, and has been for the past five years, with JSH Properties, 10655 NE 4th Street, Suite 300, Bellevue, WA 98004. His experience and knowledge within the commercial real estate industry will be an asset to shareholders in making important decisions that will affect the direction of the Company.

Michael J. McKinstry - 9106 NE 141st Place, Bothell, WA 98001. Currently, Mr. McKinstry is employed by Yates, Wood, McDonald as a commercial real estate broker. From 1998 to 2001, Mr. McKinstry was employed with National Mortgage Co., as Vice President of Financial Services. From 1991 to 1998, Mr. McKinstry served as Vice President of Financial Services for Kidder, Matthews, & Segner, Inc. Mr. McKinstry has been involved with real estate and real estate lending for the past twenty-four years, including the experience of running his own single family home development company.

All directors hold office until the next annual meeting of stockholders and until their successors have been duly elected and qualified. There are no agreements with respect to the election of the directors. The Company has not compensated its directors for service on the Board of Directors or committee thereof, but the directors are entitled to be reimbursed for expenses incurred for attendance at the meetings of the Board of Directors and any committee of the Board of Directors. However due to the Company's lack of funds and operations, the directors will defer their expenses and any compensation until such a time the Company is operating at a profit. Officers are appointed to serve until the meeting of the Board of Directors following the next annual meeting of stockholders and until their successors have been elected and qualified.

No officer, director, affiliate, or promoter of the Company has filed any bankruptcy petition, been convicted in or been the subject of any pending criminal proceedings, or is any such person the subject or any order, judgment, or decree involving the violation of any state or federal securities law.

No officer or director of the Company has been convicted in any criminal proceeding (excluding traffic violations) or is the subject of a criminal proceeding, which is currently pending.

Item 10. Executive Compensation.

RJV has made no provisions for cash compensation to our officer and director. No salaries are being paid at the present time, and will not be paid unless, and until, there is available cash flow being generated from operations to pay salary. There have been no grants of options or SAR grants given to any of our executive officers for the life of RJV.

RJV does not presently have a stock option plan. However, in the future, RJV may develop an incentive based stock option plan for our officers and directors and may reserve up to ten percent of our outstanding shares of common stock for that purpose.

Item 11. Security Ownership of Certain Beneficial Owners and Management.

The following table sets forth certain information with respect to the beneficial ownership of our common stock as it relates to our named Directors and executive Officer, and each person known to RJV to be the beneficial owner of more than five percent (5%) of said securities, and all of our directors and executive officers as a group:

Name and Position -----	Shares -----	Percent -----	Security -----
Edward Velton 15147 SE 46th Way Bellevue, WA 98006	9,375,000	62.1%	Common
Rune Harkestad 10655 NE 4th Street Bellevue, WA 98004	0	0.0%	N/A
Michael McKinistry 9106 NE 141st Place Bothell, WA 98001	0	0.0%	N/A
Total held by officers and Directors as a group (3 individuals)	9,375,000	62.1%	Common

Mr. Velton purchased shares of the Company's common stock in 1999 at a cost of \$0.10 per share. Please note that the above share total reflects the forward splits of 75:1 effective in August 2001, and the 2.5:1 forward split effective in April 2002.

The only person who, at any time during the fiscal year, was a director, officer, or beneficial owner of more than ten percent of any class of equity securities of RJV was Edward Velton, and thus subject to section 16 of the Exchange Act. Mr. Velton has filed no Form 3, or Form 5, with respect to such holdings, and has made no sales or transfers of such holdings since the inception of RJV.

Item 12. Certain Relationships and Related Transactions.

The Company's By-Laws provide that the Company must indemnify its officers and directors to the fullest extent permitted under current Nevada laws and/or acts against all liabilities incurred by reason of the fact that the person is or was a officer or director of the Company. The effect of these provisions is potentially to indemnify the Company's officers and directors
