FORWARD-LOOKING STATEMENTS

This report contains certain forward-looking statements. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by terms such as “anticipate”, “believe”, “could”, “estimate”, “expects”, “intend”, “may”, “plan”, “potential”, “project”, “should”, “will” and “would” or the terms or other comparable terminology.

Forward-looking statements contained in this report are based on our beliefs, assumptions and expectations regarding our future performance, taking into account all information currently available to us. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to us or are within our control. If a change occurs, our business, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. Forward-looking statements we make in this report are subject to various risks and uncertainties that could cause actual results to vary from our forward-looking statements, including:

- the factors described in this report, including those set forth under the sections captioned “Risk Factors”, “Business”, and “Management's Discussion and Analysis of Financial Conditions and Results of Operations”;
- changes in our industry, interest rates, the debt securities markets, real estate markets or the general economy;
- increased rates of default and/or decreased recovery rates on our investments;
- availability, terms and deployment of capital;
- availability of qualified personnel;
- changes in governmental regulations, tax rates and similar matters;
- changes in our business strategy;
- availability of investment opportunities in commercial real estate-related and commercial finance assets;
- the degree and nature of our competition;
- the adequacy of our cash reserves and working capital; and
- the timing of cash flows, if any, from our investments.

We caution you not to place undue reliance on these forward-looking statements which speak only as of the date of this report. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Except to the extent required by applicable law or regulation, we undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this filing or to reflect the occurrence of unanticipated events.

PART I

ITEM I. BUSINESS

General

We are a diversified real estate finance company that is organized and conducts our operations to qualify as a real estate investment trust, or REIT, for federal income tax purposes under Subchapter M of the Internal Revenue Code of 1986, as amended. Our investment strategy focuses on commercial real estate, commercial real estate-related assets and, to a lesser extent, commercial finance assets.

Our investments target the following asset classes:

Asset Class	Principal Investments
Commercial real estate-related assets	<p>First mortgage loans, which we refer to as whole loans;</p> <p>First priority interests in first mortgage real estate loans, which we refer to as A notes;</p> <p>Subordinated interests in first mortgage real estate loans, which we refer to as B notes;</p> <p>Mezzanine debt related to commercial real estate that is senior to the borrower's equity position but subordinated to other third-party debt;</p> <p>Commercial mortgage-backed securities, which we refer to as CMBS;</p> <p>Commercial real estate, or CRE, primarily multifamily properties; and</p> <p>Residential mortgage loans and mortgaged-backed securities.</p>
Commercial finance assets	<p>Senior secured corporate loans, which we refer to as bank loans;</p> <p>Asset-backed securities, backed by senior secured corporate loans;</p> <p>Debt tranches of collateralized debt obligations and collateralized loan obligations, which we refer to as CDOs and CLOs, respectively and sometimes, collectively, as CDOs;</p> <p>Structured note investments and residential mortgage-backed securities, which we refer to as RMBS, which comprise our trading securities portfolio;</p> <p>Middle-market secured corporate loans and preferred equity investments;</p> <p>and</p> <p>Preferred equity investment in a commercial leasing enterprise comprised of small- and middle-ticket commercial direct financing leases and notes.</p>

Our objective is to provide our stockholders with total returns over time, including quarterly distributions and capital appreciation, while seeking to manage the risks associated with our investment strategies. We have financed a substantial portion of our portfolio investments through borrowing strategies seeking to match the maturities and repricing dates of our financings with the maturities and repricing dates of those investments, and have sought to mitigate interest rate risk through derivative instruments.

We are externally managed by Resource Capital Manager, Inc., which we refer to as the Manager, a wholly-owned indirect subsidiary of Resource America, Inc. (NASDAQ: REXI), a specialized asset management company that uses industry specific expertise to evaluate, originate, service and manage investment opportunities through its commercial real estate, financial fund management and commercial finance operating segments. As of September 30, 2013, Resource America managed approximately \$16.6 billion of assets in these sectors. To provide its services, the Manager draws upon Resource America, its management team and their collective investment experience.

During 2012 and 2013, the economic environment continued to be more positive in the United States, which resulted in several positive operating developments for us. Our ability to access the capital markets improved, enabling us to raise \$114.5 million through a common stock offering in April 2013, \$19.2 million through our dividend reinvestment and share purchase program, or DRIP, in 2013 and \$56.8 million through our preferred stock issuances in 2013 as well as \$111.1 million through a 6.0% Convertible Senior Notes offering completed in October 2013. The credit

quality of our investments improved, resulting in substantial decreases in 2013 in our aggregate provision for loan losses and asset impairments (to \$3.9 million in 2013 from \$16.8 million in 2012), and a substantial improvement in other comprehensive income with respect to our available-for-sale portfolio and interest rate derivatives (to \$14.0 million in 2013 from \$27.1 million in 2012), which we attribute principally to an improving recovery in financial markets as well as expired derivatives contracts. The improved economic environment and increased capital markets access allowed us to substantially increase our originations of commercial real estate whole loans from \$163.4 million in 2012 to \$344.3 million in 2013.

[\(Back to Index\)](#)

4

[\(Back to Index\)](#)

We also continued to experience improved securitization markets, closing our first new real estate securitization since June 2007 with a \$307.8 million CLO in December 2013. We were able to use the proceeds from the CLO to substantially pay down a financing facility and thereby generate additional borrowing capacity. Additionally, we were able to extend the terms of CMBS and CRE financing facilities to January 2015 and February 2015 with additional options to extend at our discretion. Furthermore, in 2013 we added a new \$200.0 million facility to finance CRE loan originations, which we have not yet accessed.

Conversely, we also saw a decline in our commercial finance assets, specifically, our bank loan portfolio, as two of our CLOs were liquidated in 2013 and two of our other CLOs have finished their reinvestment period and, as a result, as the collateral assets repay the proceeds are used to pay down the associated debt. This trend has seen our net interest income from bank loans decline substantially in 2013. We expect to mitigate this trend by deploying capital into our middle-market lending business, which loans are similar in nature to bank loans, and in our growing commercial real estate lending platform. Based on these recent and expected investment trends and credit market events, we expect to be able to invest a significant portion of our unrestricted and available restricted cash balances and, as a result, grow our net interest income and other revenues modestly in 2014.

Our Business Strategy

The core components of our business strategy are:

Investment in real estate and commercial finance assets. We expect to seek portfolio growth primarily through investments in CRE whole loans, and to a lesser extent, B notes, mezzanine debt and CMBS rated below AAA by Standard & Poor's, or S&P. We also expect to invest in commercial finance assets, including bank loans, and directly-originated middle-market loans, and to a lesser extent, other ABS, structured note investments and debt tranches of CDOs and CLOs, subject to the availability of investment funds and financing. Our equity at December 2013 was invested 83% in CRE loans, 15% in commercial bank loans, and 2% in other investments.

Managing our investment portfolio. As of December 31, 2013, we managed \$2.2 billion of assets, including \$2.0 billion of assets financed and held in CDOs. The core of our management process is credit analysis which we use to actively monitor our existing investments and as a basis for evaluating new investments. Senior management of our Manager and Resource America has extensive experience in underwriting the credit risk associated with our targeted asset classes and conducts detailed due diligence on all credit-sensitive investments, including the use of proprietary credit stratifications and collateral stress analysis. After we make an investment, the Manager and Resource America engage in active monitoring of our investments for early detection of troubled and deteriorating assets. If a default occurs, we will use our senior management team's asset management experience in seeking to mitigate the severity of any losses, and to optimize the recovery from assets if we foreclose upon them.

Managing our interest rate and liquidity risk. We generally seek to manage interest rate and liquidity risk so as to reduce the effects of interest rate changes on us. In our long-term financing, we seek to match the maturity and repricing dates of our investments with the maturities and repricing dates of our financing. Historically, we have used CDO vehicles structured for us by our Manager to achieve this goal, and as credit markets have reopened, we expect to increase our use of CDO vehicles over that of the past four years to provide us with new financing. We also seek to mitigate interest rate risk through the use of derivative instruments, principally interest rate swaps and interest rate caps.

We manage our interest rate and liquidity risk on our short-term financing, principally repurchase agreements, by limiting the amount of our financial exposure under the facilities to either a stated investment amount or a fixed guaranty amount. At December 31, 2013 with respect to our existing Wells Fargo CMBS facility, we had \$54.1 million of short-term debt and \$7.0 million of derivative instruments and pledged collateral of \$65.3 million associated with this debt, and equity at risk of \$12.6 million, including net interest due on the financings. With respect to our new Wells Fargo CRE facility, after paying down the facility with proceeds from our new CRE securitization, we had a balance of \$30.7 million of short-term debt at year end 2013 and pledged collateral of \$48.2 million associated with this debt and equity at risk of \$20.7 million, including net interest due. We also had a balance of \$57.6 million on short-term 30 day repurchase agreements with various counterparties to finance the purchase of CMBS with pledged collateral of \$85.5 million associated with this debt and equity at risk of \$28.2 million, including net interest as of December 31, 2013. These borrowings were made on a floating rate basis, which matched the

underlying asset collateral on the same floating rate basis, which inherently mitigates interest rate risk on these financed investments.

Diversification of investments. We seek to manage our investment risk by maintaining a diversified portfolio of real estate-related and commercial finance assets. As funds become available for investment or reinvestment, we seek to maintain that diversification while allocating our capital to those sectors that we believe are the most economically attractive. The percentage of assets that we may invest in certain of our targeted asset classes is subject to the federal income tax requirements for REIT qualification and the requirements for exclusion from regulation under the Investment Company Act of 1940, in which we refer to as the Investment Company Act.

[\(Back to Index\)](#)

5

[\(Back to Index\)](#)

Our Operating Policies

Investment guidelines. We have established investment policies, procedures and guidelines that are reviewed and approved by our investment committee and board of directors. The investment committee meets regularly to monitor the execution of our investment strategies and our progress in achieving our investment objectives. As a result of our investment strategies and targeted asset classes, we acquire our investments primarily for income. We do not have a policy that requires us to focus our investments in one or more particular geographic areas.

Financing policies. We have used leverage in order to increase potential returns to our stockholders and for financing our portfolio. We do not speculate on changes in interest rates. While we have identified our leverage targets for each of our targeted asset classes, our investment policies require no minimum or maximum leverage and our investment committee has the discretion, without the need for further approval by our board of directors, to increase the amount of leverage we incur above our targeted range for individual asset classes subject, however to any leverage constraints that may be imposed by existing financing arrangements.

We have historically used borrowing and securitization strategies, substantially through CDOs, to accomplish our long-term match funding financing strategy. As we saw an improvement in the credit markets in 2013, we expect to increase leverage through new securitizations such as CLOs and our two Wells Fargo facilities, and to use other credit arrangements that may be available to us to finance new investments where we believe we can achieve attractive risk-adjusted returns.

Hedging and interest rate management policies. We use derivative financial instruments to hedge a portion of the interest rate risk associated with our borrowings. Under the federal income tax laws applicable to REITs, we generally will be able to enter into transactions to hedge indebtedness that we may incur, or plan to incur, to acquire or carry real estate assets, provided that our total gross income from such hedges and other non-qualifying sources does not exceed 25% of our total gross income. These hedging transactions may include interest rate swaps, collars, caps or floors, puts, calls, options and foreign currency exchange protection.

Credit and risk management policies. Our Manager focuses its attention on credit and risk assessment from the earliest stage of the investment selection process. In addition, the Manager screens and monitors all potential investments to determine their impact on maintaining our REIT qualification under federal income tax laws and our exclusion from investment company status under the Investment Company Act. Risks related to portfolio management, including the management of risks related to credit losses, interest rate volatility, liquidity and counterparty credit are generally managed on a portfolio-by-portfolio basis by each of Resource America's asset management divisions, although there is often interaction and cooperation between divisions in this process.

Our Investment Strategy

General

The following table describes our investment class allocations and certain characteristics of each class as of December 31, 2013 (dollars in thousands):

	Amortized cost	Estimated fair value ⁽¹⁾	Percent of portfolio	Weighted average coupon
Loans held for investment:				
Commercial real estate loans:				
Whole loans	\$745,789	\$746,440	42.01	% 5.47%
Mezzanine loans	64,317	50,611	2.85	% 6.70%
B notes	16,205	16,031	0.90	% 8.68%
Bank loans	544,923	541,532	30.48	% 4.07%
Middle-market loans	10,250	10,250	0.58	% 10.00%
Residential mortgage loans	1,849	1,849	0.10	% 4.19%
Loans receivable-related party	6,966	6,966	0.39	% 9.40%
	1,390,299	1,373,679	77.31	%
Loans held for sale:				
Bank loans	6,850	6,850	0.39	% 6.43%
Residential mortgage loans	15,066	15,066	0.85	% 4.19%
	21,916	21,916	1.24	%
Investments in available-for-sale securities:				
CMBS-private placement	185,178	180,718	10.17	% 4.89%
CMBS-linked transactions	35,736	30,066	1.69	% 3.93%
ABS ⁽²⁾	25,406	26,656	1.50	% 2.1%
Corporate bonds	2,517	2,463	0.14	% 8.05%
	248,837	239,903	13.50	%
Investment securities, trading:				
Structured notes	8,057	11,107	0.63	% N/A ⁽³⁾
RMBS	1,919	451	0.03	% N/A ⁽³⁾
	9,976	11,558	0.66	%
Other (non-interest bearing):				
Property available for sale	25,230	25,230	1.42	% N/A
Investment in real estate	29,894	29,894	1.68	% N/A
Investment in unconsolidated entities	74,438	74,438	4.19	% N/A
	129,562	129,562	7.29	%
Total portfolio/weighted average	\$1,800,590	\$1,776,618	100.00	%

The fair value of our investments represents our management's estimate of the price that a market participant would (1) pay for such assets. Management bases this estimate on the underlying interest rates and credit spreads for fixed-rate securities and, to the extent available, quoted market prices.

(2) ABS includes both ABS and Other ABS investments. The fair value of the ABS includes \$0 and \$23,000 fair value for Other ABS at December 31, 2013 and 2012, respectively.

(3) There is no stated rate associated with these securities.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Commercial Real Estate-Related Investments

Whole loans. We originate predominantly first mortgage loans, or whole loans, directly to borrowers. The direct origination of whole loans enables us to better control the structure of the loans and to maintain direct lending relationships with the borrowers. We may create senior tranches of a loan we originate, consisting of an A note (described below), B notes (described below), mezzanine loans or other participations, which we may hold or sell to third parties. We do not obtain ratings on these investments. With respect to our portfolio at December 31, 2013, our whole loan investments have loan to value, or LTV, ratios not exceeding 80%. Typically whole loan mortgages will have terms of three years to five years, and are generally structured with an original term of up to three years, with one-year extensions that bring the loan to a maximum term of five years. We expect to hold our whole loans to their maturity.

Senior interests in whole loans (A notes). We invest in senior interests in whole mortgage loans, referred to as A notes, either directly originated or purchased from third parties. We do not obtain ratings on these investments. With respect to our portfolio at December 31, 2013, at the date of investment, our A note investments had LTV ratios not exceeding 70%. We expect to hold our A note investments to their maturity.

Subordinate interests in whole loans (B notes). To a lesser extent we invest in subordinate interests in whole loans, referred to as B notes, which we either directly originate or purchase from third parties. B notes are loans secured by a first mortgage but are subordinated to an A note. The subordination of a B note is generally evidenced by an intercreditor or participation agreement between the holders of the A note and the B note. In some instances, the B note lender may require a security interest in the stock or partnership interests of the borrower as part of the transaction. B note lenders have the same obligations, collateral and borrower as the A note lender, but typically are subordinated in recovery upon a default to the A note lender. B notes share certain credit characteristics with second mortgages in that both are subject to greater credit risk with respect to the underlying mortgage collateral than the corresponding first mortgage or A note. We do not obtain ratings on these investments. With respect to our portfolio at December 31, 2013, at origination, our B note investments had LTV ratios between 55% and 80%. Typical B note investments will have terms of three years to five years, and are generally structured with an original term of up to three years, with one-year extensions that bring the loan to a maximum term of five years. We expect to hold our B note investments to their maturity.

In addition to the interest payable on the B note, we may earn fees charged to the borrower under the note or additional income by receiving principal payments in excess of the discounted price (below par value) we paid to acquire the note. Our ownership of a B note with controlling class rights may, in the event the financing fails to perform according to its terms, cause us to elect to pursue our remedies as owner of the B note, which may include foreclosure on, or modification of, the note. In some cases, the owner of the A note may be able to foreclose or modify the note against our wishes as owner of the B note. As a result, our economic and business interests may diverge from the interests of the owner of the A note.

Mezzanine financing. To a lesser extent we invest in mezzanine loans that are senior to the borrower's equity in, and subordinate to a first mortgage loan on, a property. These loans are secured by pledges of ownership interests, in whole or in part, in entities that directly own the real property. In addition, we may require other collateral to secure mezzanine loans, including letters of credit, personal guarantees of the principals of the borrower, or collateral unrelated to the property. We may structure our mezzanine loans so that we receive a stated fixed or variable interest rate on the loan as well as a percentage of gross revenues and a percentage of the increase in the fair market value of the property securing the loan, payable upon maturity, refinancing or sale of the property. Our mezzanine loans may also have prepayment lockouts, penalties, minimum profit hurdles and other mechanisms to protect and enhance returns in the event of premature repayment. With respect to our portfolio at December 31, 2013, at origination, our mezzanine investments had LTV ratios between 65% and 90%. We expect the stated maturity of our mezzanine financings to range from three to five years. Mezzanine loans may have maturities that match the maturity of the related mortgage loans but may have shorter or longer terms. We expect to hold these investments to maturity.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

The following charts describe the loan type, property type and the geographic breakdown of our CRE loan portfolio as of December 31, 2013 (based on par value):

Loan Type

Property Type

[\(Back to Index\)](#)

9

[\(Back to Index\)](#)

Geographic Area by State

As these charts demonstrate, our portfolio contains a diversified mix of property types with approximately 91% of the portfolio focusing on four types: multifamily–38%, retail–19%, hotel–18% and office–16%.

Approximately 39% of our portfolio is in California, which we split into Southern (29%) and Northern (10%) regions. Within the Southern California region, we have 93% of our portfolio in whole loans with 80% in four property types: hotel–29%, multifamily–19%, retail–19% and office–13%. Within the Northern California region, we have 100% of our portfolio in whole loans with 88% in two property types: office–47% and retail–41%. We also hold 15% of our portfolio in Texas. Within the state of Texas, we have 95% of our portfolio in whole loans with 89% in two property types: multifamily-79% and mixed use-10%. As noted in these statistics, this portfolio is made up primarily of whole loans where we are able to better control the structure of the loan and maintain a direct lending relationship with the borrower. We view the investment and credit strategy as being adequately diversified across property type and loan type across both the Southern and Northern California regions.

CMBS. We invest in CMBS, which are securities that are secured by or evidence interests in a pool of mortgage loans secured by commercial properties. These securities may be senior or subordinate and may be either investment grade or non-investment grade. The majority of our CMBS investments have been rated by at least one nationally recognized rating agency.

The yields on CMBS depend on the timely payment of interest and principal due on the underlying mortgage loans and defaults by the borrowers on such loans may ultimately result in deficiencies and defaults on the CMBS. In the event of a default, the trustee for the benefit of the holders of CMBS has recourse only to the underlying pool of mortgage loans and, if a loan is in default, to the mortgaged property securing such mortgage loan. After the trustee has exercised all of the rights of a lender under a defaulted mortgage loan and the related mortgaged property has been liquidated, no further remedy will be available. However, holders of relatively senior classes of CMBS will be protected to a certain degree by the structural features of the securitization transaction within which such CMBS were issued, such as the subordination of the relatively more junior classes of the CMBS.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Commercial Real Estate Investments

In 2011, we began to invest directly in the ownership of commercial real estate as we restructured two real estate loans to take control of properties where we believed we could protect capital and ultimately generate capital appreciation. We also acquired two multi-family real estate assets, one through a joint venture and another as wholly-owned by us. We sold the wholly-owned multi-family property at a substantial gain of \$16.6 million in 2013 and may divest other real estate properties with capital appreciation in 2014. We primarily use a related party, Resource Real Estate, a subsidiary of Resource America, to manage these assets on our behalf.

Other Real Estate Investments

We invest in joint ventures and other interests that finance the acquisition of distressed commercial properties and mortgage loans on distressed commercial properties. These investments have the objective of repositioning the directly owned properties and the collateral underlying the mortgages, where applicable, to enhance their value and realize capital appreciation. During 2013, these investments did not constitute a material portion of our assets. Our investment is included in investments in unconsolidated subsidiaries at December 31, 2013 on our consolidated balance sheet.

Structured Note Investments and Residential Real Estate-Related Investments, or RMBS

We invest in structured notes and RMBS as part of our trading portfolio. Structured note investments are investments in structured finance vehicles, that are typically among the most junior debt and equity securities issued by the vehicle. The majority of our structured notes have not been rated by any nationally recognized rating agencies. These notes and equity securities typically receive quarterly interest payments or distributions only after the more senior debt securities issued by the vehicle have received all amounts contractually then owned to them. We also invest in RMBS, which are securities that are secured or evidenced by interests in a pool of residential mortgage loans. These securities may be issued by government-sponsored agencies or other entities and may or may not be rated investment grade by rating agencies. We expect that our RMBS will include loan pools with home equity loans (loans that are secured by subordinate liens), residential B or C loans (loans where the borrower's FICO score, a measure used to rate the financial strength of the borrower, is low, generally below 625), "Alt-A" loans (where the borrower's FICO score is between 675 and 725) and "high LTV" loans (loans where the LTV 95% or greater).

Residential Mortgage Origination

Primary Capital Mortgage, or PCM, is a residential mortgage lender and servicer offering home loans in 17 states through Retail, Wholesale and Correspondent channels. Founded in 1994, PCM has funded more than \$7.0 billion in residential mortgages. As of December 31, 2013, PCM serviced over \$400.0 million of residential mortgage loans. During 2014, PCM expects to expand geographically and develop non-agency mortgage products.

Commercial Finance Investments

Subject to limitations imposed by REIT qualification standards and requirements for exclusion from regulation under the Investment Company Act, we may invest in the following commercial finance assets:

Bank loans. We acquire senior and subordinated, secured and unsecured loans made by banks or other financial entities. Bank loans may also include revolving credit facilities, under which the lender is obligated to advance funds to the borrower under the credit facility as requested by the borrower from time to time. Some of these loans may have an interest-only payment schedule, with the principal amount remaining outstanding and at risk until the maturity of the loan. These loans may include restrictive financial and operating covenants. The following chart describes the industry breakdown of our bank loans as of December 31, 2013 (based on par value):

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Bank Loans by Industry

Other is made up of the following industries (by percentage):

Hotels, Motels, Inns, and Gaming	2	%
Buildings and Real Estate	2	%
Diversified/Conglomerate Manufacturing	2	%
Mining, Steel, Iron and Non-Precious Metals	2	%
Utilities	1	%
Insurance	1	%
Cargo Transport	1	%
Printing and Publishing	1	%
Beverage, Food and Tobacco	1	%
Containers, Packaging and Glass	1	%
Banking, Finance, Insurance & Real Estate	1	%
Machinery (Non-Agriculture, Non-Construction, Non-Electronic)	1	%
Personal and Non Durable Consumer Products (Mfg. Only)	1	%
Grocery	1	%
Home and Office Furnishings, Housewares, and Durable Consumer Products	1	%

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Middle market loans. We make both senior and subordinated, secured and unsecured loans to middle market companies. Loans may also include revolving credit facilities, under which the lender is obligated to advance funds to the borrower under the credit facility as requested by the borrower from time to time. We expect that most of these loans will be secured by liens on the assets and, to a lesser extent, by mortgages of the borrowers. Certain of these loans may have an interest-only payment schedule, with the principal amount remaining outstanding and at risk until the maturity of the loan. These loans may include restrictive financial and operating covenants. In conjunction with some loans, we may also make minority equity investments.

Preferred equity. We have a preferred equity investment in a leasing company that invests in small- and middle-ticket full payout lease receivables. Although previously we had maintained a lease receivable portfolio, we transferred that portfolio to the leasing company in return for the preferred equity interest. We do not expect to invest in a directly-held leasing portfolio for the foreseeable future.

Trust preferred securities and other ABS. We have one investment (less than 0.1% of our total assets) in trust preferred securities. Trust preferred securities are issued by a special purpose trust that holds a subordinated debenture or other debt obligation issued by a company to the trust. The sponsoring company holds the equity interest in the trust, with the preferred securities of the trust being sold to investors. The trust invests the proceeds of the preferred securities in the sponsoring company through the purchase of a debenture issued by it that tracks the terms of the trust preferred securities. Issuers of trust preferred securities have been generally affiliated with financial institutions because, under then-existing regulatory and tax structures, unlike the proceeds from debt securities, the proceeds from trust preferred securities could be treated as primary regulatory capital by the financial institution, while it could deduct the interest if paid on the debt obligation held by the trust from its income for federal income tax purposes. With certain exceptions relating to smaller banking institutions, the Dodd-Frank Act provided for a phase out of the use of trust preferred securities as primary regulatory capital which has resulted in a lack of new issuances. Accordingly, we do not expect to make trust preferred securities investments in the future.

Competition

See Item 1A "Risk Factors - Risks Relating to Our Business."

Management Agreement

We have a management agreement with the Manager and Resource America under which the Manager provides the day-to-day management of our operations. The agreement has been amended several times over the years. The management agreement requires the Manager to manage our business affairs in conformity with the policies and the investment guidelines established by our board of directors. The Manager's role as manager is under the supervision and direction of our board of directors. The Manager is responsible for the selection, purchase and sale of our portfolio investments, our financing activities, and providing us with investment advisory services. The Manager also provides us with a Chairman of the Board, a Chief Financial Officer, several accounting professionals and an investor relations officer (on a shared basis). The Manager receives fees and is reimbursed for its expenses as follows:

A monthly base management fee equal to 1/12th of the amount of our equity multiplied by 1.50%. Under the management agreement, "equity" is equal to the net proceeds from any issuance of shares of common stock less offering-related costs, plus or minus our retained earnings (excluding non-cash equity compensation incurred in current or prior periods) less any amounts we have paid for common stock repurchases. The calculation is adjusted for one-time events due to changes in accounting principles generally accepted in the United States, which we refer to as GAAP, as well as other non-cash charges, upon approval of our independent directors.

Incentive compensation, calculated as follows: (i) 25% of the dollar amount by which (A) our adjusted operating earnings (before incentive compensation but after the base management fee) for such quarter per common share (based on the weighted average number of common shares outstanding for such quarter) exceeds (B) an amount equal to (1) the weighted average of the price per share of the common stock in our initial offering and the prices per share of the common stock in any of our subsequent offerings, in each case at the time of issuance thereof, multiplied by (2) the greater of (a) 2.00% and (b) 0.50% plus one-fourth of the Ten Year Treasury Rate for such quarter, multiplied by (ii) the weighted average number of shares of common stock outstanding during such quarter subject to adjustment to exclude events pursuant to changes in GAAP or the application of GAAP, as well as non-recurring or unusual transactions or events, after discussion between the Manager and the independent directors and approval by a majority

of the independent directors in the case of non-recurring or unusual transactions or events.

• Reimbursement of out-of-pocket expenses and certain other costs incurred by the Manager that relate directly to us and our operations.

[\(Back to Index\)](#)

13

[\(Back to Index\)](#)

Reimbursement of the Manager for the expense of the wages, salaries and benefits of our Chairman, our Chief Financial Officer and several accounting professionals and 50% of the salary and benefits of the director of investor relations.

In November 2013, we amended the second amended and restated management agreement to allow an ancillary operating subsidiary to directly incur and pay all of its own operating costs and expenses, including compensation to employees and reimbursement of any compensation costs incurred by the Manager for the personnel principally devoted to such ancillary operating subsidiary.

Incentive compensation is paid quarterly to the Manager to the extent it is earned. Up to seventy-five percent (75%) of the incentive compensation will be paid in cash and at least twenty-five percent (25%) is paid in the form of a stock award. The Manager may elect to receive more than 25% of its incentive compensation in stock. All shares are fully vested upon issuance. However, the Manager may not sell such shares for one year after the incentive compensation becomes due and payable unless the management agreement is terminated. Shares payable as incentive compensation are valued as follows:

- if such shares are traded on a securities exchange, at the average of the closing prices of the shares on such exchange over the thirty day period ending three days prior to the issuance of such shares;
- if such shares are actively traded over-the-counter, at the average of the closing bid or sales price as applicable over the thirty day period ending three days prior to the issuance of such shares; and
- if there is no active market for such shares, at the fair market value as reasonably determined in good faith by our board of directors.

As amended, the management agreement has a current term ending on March 31, 2014. The agreement provides for automatic one year renewals on each March 31 thereafter until terminated. Our board of directors reviews the Manager's performance annually. The management agreement may be terminated annually upon the affirmative vote of at least two-thirds of our independent directors, or by the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock, based upon unsatisfactory performance that is materially detrimental to us or a determination by our independent directors that the management fees payable to the Manager are not fair, subject to the Manager's right to prevent such a compensation termination by accepting a mutually acceptable reduction of management fees. Our board of directors must provide 180 days' prior notice of any such termination. If we terminate the management agreement, the Manager is entitled to a termination fee equal to four times the sum of the average annual base management fee and the average annual incentive compensation earned by the Manager during the two 12-month periods immediately preceding the date of termination, calculated as of the end of the most recently completed fiscal quarter before the date of termination.

We may also terminate the management agreement for cause with 30 days' prior written notice from our board of directors. No termination fee is payable with respect to a termination for cause. The management agreement defines cause as:

- the Manager's continued material breach of any provision of the management agreement following a period of 30 days after written notice thereof;
 - the Manager's fraud, misappropriation of funds, or embezzlement against us;
 - the Manager's gross negligence in the performance of its duties under the management agreement;
 - the bankruptcy or insolvency of the Manager, or the filing of a voluntary bankruptcy petition by the Manager;
 - the dissolution of the Manager; and
- a change of control (as defined in the management agreement) of the Manager if a majority of our independent directors determines, at any point during the 18 months following the change of control, that the change of control was detrimental to the ability of the Manager to perform its duties in substantially the same manner conducted before the change of control.

Cause does not include unsatisfactory performance that is materially detrimental to our business.

The management agreement will terminate at the Manager's option, without payment of the termination fee, if we become regulated as an investment company under the Investment Company Act, with such termination deemed to occur immediately before such event.

Regulatory Aspects of Our Investment Strategy: Exclusion from Regulation Under the Investment Company Act.

We operate our business so as to be excluded from regulation under the Investment Company Act. Because we conduct our business through wholly-owned subsidiaries, we must ensure not only that we qualify for an exclusion from regulation under the Investment Company Act, but also that each of our subsidiaries also qualifies.

[\(Back to Index\)](#)

14

[\(Back to Index\)](#)

We believe that RCC Real Estate, Inc., the subsidiary that as of December 31, 2013 held all of our commercial real estate loan assets, is excluded from Investment Company Act regulation under Sections 3(c)(5)(C) and 3(c)(6), provisions designed for companies that do not issue redeemable securities and are primarily engaged in the business of purchasing or otherwise acquiring mortgages and other liens on and interests in real estate. To qualify for this exclusion, at least 55% of RCC Real Estate's assets must consist of mortgage loans and other assets that are considered the functional equivalent of mortgage loans for purposes of the Investment Company Act, and interests in real properties, which we refer to as “qualifying real estate assets.” Moreover, 80% of RCC Real Estate's assets must consist of qualifying real estate assets and other real estate-related assets. RCC Real Estate has not issued, and does not intend to issue, redeemable securities.

We treat our investments in whole mortgage loans, specific types of B notes and specific types of mezzanine loans as qualifying real estate assets for purposes of determining our eligibility for the exclusion provided by Section 3(c)(5)(C) to the extent such treatment is consistent with guidance provided by the Securities and Exchange Commission, or SEC, or its staff. We believe that SEC staff guidance allows us to treat B notes as qualifying real estate assets where we have unilateral rights to instruct the servicer to foreclose upon a defaulted mortgage loan, replace the servicer in the event the servicer, in its discretion, elects not to foreclose on such a loan, and purchase the A note in the event of a default on the mortgage loan. We believe, based upon an analysis of existing SEC staff guidance, that we may treat mezzanine loans as qualifying real estate assets where (i) the borrower is a special purpose bankruptcy-remote entity whose sole purpose is to hold all of the ownership interests in another special purpose entity that owns commercial real property, (ii) both entities are organized as limited liability companies or limited partnerships, (iii) under their organizational documents and the loan documents, neither entity may engage in any other business, (iv) the ownership interests of either entity have no value apart from the underlying real property which is essentially the only asset held by the property-owning entity, (v) the value of the underlying property in excess of the amount of senior obligations is in excess of the amount of the mezzanine loan, (vi) the borrower pledges its entire interest in the property-owning entity to the lender which obtains a perfected security interest in the collateral, and (vii) the relative rights and priorities between the mezzanine lender and the senior lenders with respect to claims on the underlying property is set forth in an intercreditor agreement between the parties which gives the mezzanine lender certain cure and purchase rights in case there is a default on the senior loan. If the SEC staff provides future guidance that these investments are not qualifying real estate assets, we will treat them, for purposes of determining our eligibility for the exclusion provided by Section 3(c)(5)(C), as real estate-related assets or miscellaneous assets, as appropriate. Historically, we have held “whole pool certificates” in mortgage loans, although, at December 31, 2013 and 2012, we had no whole pool certificates in our portfolios. Pursuant to existing SEC staff guidance, we consider whole pool certificates to be qualifying real estate assets. A whole pool certificate is a certificate that represents the entire beneficial interest in an underlying pool of mortgage loans. By contrast, a certificate that represents less than the entire beneficial interest in the underlying mortgage loans is not considered to be a qualifying real estate asset for purposes of the 55% test, but constitutes a real estate-related asset for purposes of the 80% test. We do not expect that investments in CDOs, ABS, bank loans, lease receivables, trust preferred securities and private equity will constitute qualifying real estate assets. Moreover, to the extent that these investments are not backed by mortgage loans or other interests in real estate, they will not constitute real estate-related assets. Instead, they will constitute miscellaneous assets, which can constitute no more than 20% of RCC Real Estate's assets. To the extent RCC Real Estate holds its commercial real estate loan assets through wholly or majority-owned CDO subsidiaries, RCC Real Estate also intends to conduct its operations so that it will not come within the definition of an investment company set forth in Section 3(a)(1)(C) of the Investment Company Act because less than 40% of the value of its total assets (exclusive of government securities and cash items) on an unconsolidated basis will consist of “investment securities,” which we refer to as the 40% test. “Investment securities” exclude U.S. government securities and securities of majority-owned subsidiaries that are not themselves investment companies and are not relying on the exception from the definition of investment company under Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act. Certain of the wholly-owned CDO subsidiaries of RCC Real Estate rely on Section 3(c)(5)(C) for their Investment Company Act exemption, with the result that RCC Real Estate's interests in the CDO subsidiaries do not constitute “investment securities” for the purpose of the 40% test.

Of our other subsidiaries, RCC Commercial, Inc., or RCC Commercial, RCC Commercial II, Inc., or RCC Commercial II, Resource TRS, Inc., or Resource TRS, Resource TRS III, Inc. or Resource TRS III, Long Term Care Conversion, Inc., or LTCC, and Primary Capital Advisors LLC, or, do not qualify for the Section 3(c)(5)(C) exclusion. However, we believe they qualify for exclusion under either Section 3(c)(1) or 3(c)(7). As required by these exclusions, we will not allow any of these entities to make, or propose to make, a public offering of its securities. In addition, with respect to those subsidiaries for which we rely upon the Section 3(c)(1) exclusion, and as required thereby, we limit the number of holders of their securities to not more than 100 persons calculated in accordance with the attribution rules of Section 3(c)(1) and, with respect to those subsidiaries for which we rely on the Section 3(c)(7) exclusion, and as required thereby, we limit ownership of their securities to “qualified purchasers.” If we form other subsidiaries, we must ensure that they qualify for an exemption or exclusion from regulation under the Investment Company Act. One other subsidiary, Resource TRS II, Inc. is an operating company which accordingly does not own investment securities, and Resource TRS V, Inc., or Resource TRS V, holds real estate and thus qualifies for a Section 3(c)(5)(C) exemption.

[\(Back to Index\)](#)

15

[\(Back to Index\)](#)

Moreover, we must ensure that Resource Capital Corp. itself qualifies for an exclusion from regulation under the Investment Company Act. We will do so by monitoring the value of our interests in our subsidiaries so that we can ensure that Resource Capital Corp. meets the 40% test. Our interest in RCC Real Estate does not constitute an “investment security” for purposes of the 40% test, but our interests in RCC Commercial, RCC Commercial II, Resource TRS, and Resource TRS III, LTCC and PCA do. Accordingly, we must monitor the value of our interest in these subsidiaries to ensure that the value of our interests in them never exceeds 40% of the value of our total assets. We have not received, nor have we sought, a no-action letter from the SEC regarding how our investment strategy fits within the exclusions from regulation under the Investment Company Act. To the extent that the SEC provides more specific or different guidance regarding the treatment of assets as qualifying real estate assets or real estate-related assets, we may have to adjust our investment strategy. Any additional guidance from the SEC could further inhibit our ability to pursue our investment strategy.

Employees

We have no direct employees, except for 83 employees who work for PCA, our recently acquired residential mortgage origination company. Under our management agreement, the Manager provides us with all management and support personnel and services necessary for our day-to-day operations, except for PCA's operations. To provide its services, the Manager draws upon the expertise and experience of Resource America. In April 2012, Resource America and its affiliated entities including (with respect to managing our bank loans and related CLO portfolios) a joint venture, CVC Credit Partners, in which Resource America has retained a 33% partnership interest. As of December 31, 2013, Resource America had 655 employees involved in asset management, including 63 asset management professionals and 592 support personnel. Under our management agreement, the Manager also must provide us with our Chairman, our Chief Financial Officer and several accounting professionals, each of whom is exclusively dedicated to our operations, as well as a director of investor relations who is 50% dedicated to our operations. We bear the expense of the wages, salaries and benefits of our Chairman, our Chief Financial Officer and the accounting professionals dedicated to us, and 50% of the salary and benefits of the director of investor relations.

Corporate Governance and Internet Address

We emphasize the importance of professional business conduct and ethics through our corporate governance initiatives. Our board of directors consists of a majority of independent directors, as defined in the Securities Exchange Act of 1934, as amended, and relevant New York Stock Exchange, or NYSE, rules. The audit, compensation and nominating and governance committees of our board of directors are composed exclusively of independent directors. We have adopted corporate governance guidelines and a code of business conduct and ethics, which delineate our standards for our officers and directors, and the employees of our Manager who provide us services.

Our internet address is www.resourcecapitalcorp.com. We make available, free of charge through a link on our site, all reports filed with the SEC as soon as reasonably practicable after such filing. Our site also contains our code of business conduct and ethics, corporate governance guidelines and the charters of the audit committee, nominating and governance committee and compensation committee of our board of directors. A complete list of our filings is available on the SEC's website at www.sec.gov. Any of our filings are also available at the Securities and Exchange Commission's Public Reference Room at 100 F Street, N.E., Room 1580, Washington, D.C. 20549. The Public Reference Room may be contacted at telephone number (800) 732-0330 for further information.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

ITEM IA. RISK FACTORS

This section describes material risks affecting our business. In connection with the forward-looking statements that appear in this annual report, you should carefully review the factors discussed below and the cautionary statements referred to in "Forward-Looking Statements."

Impact of Current Economic Conditions

Weak economic conditions in the United States and other countries may adversely affect our financial condition and results of operations.

Although economic and market conditions in the United States during 2012 and 2013 improved over those of the previous four years, there are still significant problems in the national and global economic and credit markets, while improved, still are still subject to limitations. Also, while real estate markets in the United States have stabilized and, in some cases, improved, overall they are far from robust, which may cause additional declines in the value of some real estate and real estate related assets, impairment of the ability of some borrowers to repay their obligations and limited liquidity in the markets for real estate and real estate-related assets. Since mid-2007 and through the end of fiscal 2013, economic and credit market conditions have had significant adverse effects on us, causing us to record material impairment charges with respect to investments we hold and significant increases in our provision for loan losses. Moreover, until recently, these conditions have made it difficult and, until 2011, virtually impossible, for us to access new financing to support investment growth. As a result, our net income and net income per share have been volatile. Failure of economic and financial market conditions to continue to improve could adversely affect our ability to achieve our investment objectives, ability to make distributions to our stockholders and the price of our common stock.

We cannot predict the effects on us of actions taken by the U.S. government and governmental agencies in response to economic conditions in the United States

In response to economic and market conditions, U.S. and foreign governments and governmental agencies have established or proposed a number of programs designed to improve the financial system and credit markets, and to stimulate economic growth including in the U.S. "quantitative easing" programs by the Federal Reserve. Many governments, including federal, state and local governments in the U.S., are incurring substantial budget deficits and seeking financing in international and national credit markets as well as proposing or enacting austerity programs that seek to reduce government spending, raise taxes, or both. Many credit providers, including banks, may need to obtain additional capital before they will be able to expand their lending activities. We are unable to evaluate the effects these programs and conditions will have upon our financial condition, income, or ability to make distributions to our stockholders.

If current economic and market conditions were to deteriorate, our ability to obtain the capital and financing necessary for growth may be limited, which could limit our profitability, ability to make distributions and the market price of our common stock.

We depend upon the availability of adequate debt and equity capital for growth in our operations. Although we have been able to raise both debt and equity capital during 2012 and 2013, if current economic conditions were to deteriorate, our ability to access debt or equity capital on acceptable terms, or at all, could be limited which could limit our profitability, our ability to make distributions and the market price of our common stock. In addition, as a REIT, we must distribute annually at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gain, to our stockholders and are therefore not able to retain significant amounts of our earnings for new investments. While we may, through our taxable REIT subsidiaries, or TRSs, retain earnings as new capital, we are subject to REIT qualification requirements which limit the value of TRS stock and securities relative to the other assets owned by a REIT.

Risks Related to Our Financing

Our portfolio has been financed in material part through the use of leverage, which may reduce the return on our investments and cash available for distribution.

Our portfolio has been financed in material part through the use of leverage and, as credit market conditions permit, we will seek such financing in the future. Using leverage subjects us to risks associated with debt financing, including the risks that:

the cash provided by our operating activities will not be sufficient to meet required payments of principal and interest, the cost of financing may increase relative to the income from the assets financed, reducing the income we have available to pay distributions, and

[\(Back to Index\)](#)

17

[\(Back to Index\)](#)

our investments may have maturities that differ from the maturities of the related financing and, consequently, the risk that the terms of any refinancing we obtain will not be as favorable as the terms of existing financing.

If we are unable to secure refinancing of our currently outstanding financing, when due, on acceptable terms, we may be forced to dispose of some of our assets at disadvantageous terms or to obtain financing at unfavorable terms, either of which may result in losses to us or reduce the cash flow available to meet our debt service obligations or to pay distributions.

Financing that we may obtain, and financing we have obtained through CDO and CLOs, typically requires, or will require, us to maintain a specified ratio of the amount of the financing to the value of the assets financed. A decrease in the value of these assets may lead to margin calls or calls for the pledge of additional assets which we will have to satisfy. We may not have sufficient funds or unpledged assets to satisfy any such calls, which could result in our loss of distributions from and interests in affected CDO and CLOs, which would reduce our assets, income and ability to make distributions.

We are exposed to loss if lenders under our repurchase agreements, warehouse facilities, or other short-term lenders liquidate the assets securing those facilities. Moreover, assets acquired by us pursuant to our repurchase agreements, warehouse facilities or other short-term debt may not be suitable for refinancing through long-term arrangements which may require us to liquidate some or all of the related assets.

We have entered into repurchase agreements and warehouse facilities and expect in the future to seek additional debt to finance our growth. Lenders typically have the right to liquidate assets securing or acquired under these facilities upon the occurrence of specified events, such as an event of default. We are exposed to loss if the proceeds received by the lender upon a liquidation are insufficient to satisfy our obligation to the lender. We are also subject to the risk that the assets subject to such repurchase agreements, warehouse facilities or other debt might not be suitable for long-term refinancing or securitization transactions. If we are unable to refinance these assets on a long-term basis, or if long-term financing is more expensive than we anticipated at the time of our acquisition of the assets to be financed, we might be required to liquidate assets.

We will incur losses on our repurchase transactions if the counterparty to the transactions defaults on its obligation to resell the underlying assets back to us at the end of the transaction term, or if the value of the underlying assets has declined as of the end of the term or if we default in our obligations to purchase the assets.

When engaged in repurchase transactions, we generally sell assets to the transaction counterparty and receive cash from the counterparty. The counterparty must resell the assets back to us at the end of the term of the transaction. Because the cash we receive from the counterparty when we initially sell the assets is less than the market value of those assets, if the counterparty defaults on its obligation to resell the assets back to us we will incur a loss on the transaction. We will also incur a loss if the value of the underlying assets has declined as of the end of the transaction term, as we will have to repurchase the assets for their initial value but would receive assets worth less than that amount. If we default upon our obligation to repurchase the assets, the counterparty may liquidate them at a loss, which we are obligated to repay. Any losses we incur on our repurchase transactions would reduce our earnings, and thus our cash available for distribution to our stockholders.

Financing our REIT qualifying assets with repurchase agreements and warehouse facilities could adversely affect our ability to qualify as a REIT.

We have entered into and intend to enter into, sale and repurchase agreements under which we nominally sell certain REIT qualifying assets to a counterparty and simultaneously enter into an agreement to repurchase the sold assets. We believe that we will be treated for U.S. federal income tax purposes as the owner of the assets that are the subject of any such agreement notwithstanding that we may transfer record ownership of the assets to the counterparty during the term of the agreement. It is possible, however, that the Internal Revenue Service, or IRS, could assert that we did not own the assets during the term of the sale and repurchase agreement, in which case our ability to qualify as a REIT would be adversely affected. If any of our REIT qualifying assets are subject to a repurchase agreement and are sold by the counterparty in connection with a margin call, the loss of those assets could impair our ability to qualify as a REIT. Accordingly, unlike other REITs, we may be subject to additional risk regarding our ability to qualify and maintain our qualification as a REIT.

Historically, we have financed most of our investments through CDOs and have retained the equity. CDO equity receives distributions from the CDO only if the CDO generates enough income to first pay the holders of its debt securities and its expenses.

[\(Back to Index\)](#)

18

[\(Back to Index\)](#)

Historically, we have financed most of our investments through CDOs (including CLOs) in which we retained the equity interest. Depending on market conditions, credit availability, and resolution of current credit market conditions, we may seek to use CDOs to finance our investments in the future. The equity interests of a CDO are subordinate in right of payment to all other securities issued by the CDO. The equity is usually entitled to all of the income generated by the CDO after the CDO pays all of the interest due on the debt securities and its other expenses. However, there will be little or no income available to the CDO equity if there are excessive defaults by the issuers of the underlying collateral which would significantly reduce the value of that interest. Reductions in the value of the equity interests we have in a CDO, if we determine that they are other than temporary, will reduce our earnings. In addition, the equity securities of CDOs are generally illiquid, and because they represent a leveraged investment in the CDO's assets, the value of the equity securities will generally have greater fluctuations than the value of the underlying collateral. If our CDO financings fail to meet their performance tests, including over-collateralization requirements, our net income and cash flow from these CDOs will be eliminated.

Our CDOs generally provide that the principal amount of their assets must exceed the principal balance of the related securities issued by them by a certain amount, commonly referred to as "over-collateralization." The CDO terms provide that, if delinquencies and/or losses exceed specified levels, based on the analysis by the rating agencies (or any financial guaranty insurer) of the characteristics of the assets collateralizing the securities issued by the CDO issuer, the required level of over-collateralization may be increased or may be prevented from decreasing as would otherwise be permitted if losses or delinquencies did not exceed those levels. In addition, a failure by a CDO to satisfy an over-collateralization test typically results in accelerated distributions to the holders of the senior debt securities issued by the CDO entity, resulting in reduction or elimination of distributions to more junior securities until the over-collateralization requirements have been met or the senior debt securities have been paid in full.

Our equity holdings and, when we acquire debt interests in CDOs, our debt interests, if any, generally are subordinate in right of payment to the other classes of debt securities issued by the CDO entity. Accordingly, if overcollateralization tests are not met, distributions on the subordinated debt and equity we hold in these CDOs will cease, resulting in a substantial reduction in our cash flow. Other tests (based on delinquency levels, interest coverage or other criteria) may restrict our ability to receive cash distributions from assets collateralizing the securities issued by the CDO entity. Although at December 31, 2013, all of our CDOs met their performance tests, we cannot assure you that our CDOs will satisfy the performance tests in the future. For information concerning compliance by our CDOs with their over-collateralization tests, see "Management's Discussion and Analysis of Financial Condition and Results of Operation - Summary of CDO and CLO Performance Statistics."

If any of our CDOs fails to meet collateralization or other tests relevant to the most senior debt issued and outstanding by the CDO issuer, an event of default may occur under that CDO. If that occurs, our Manager's ability to manage the CDO likely would be terminated and our ability to attempt to cure any defaults in the CDO would be limited, which would increase the likelihood of a reduction or elimination of cash flow and returns to us in those CDOs for an indefinite time.

If we issue debt securities, the terms may restrict our ability to make cash distributions, require us to obtain approval to sell our assets or otherwise restrict our operations in ways which could make it difficult to execute our investment strategy and achieve our investment objectives.

Any debt securities we may issue in the future will likely be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Holders of senior securities may be granted the right to hold a perfected security interest in certain of our assets, to accelerate payments due under the indenture if we breach financial or other covenants, to restrict distributions, and to require us to obtain their approval to sell assets. These covenants could limit our ability to operate our business or manage our assets effectively. Additionally, any convertible or exchangeable securities that we issue may have rights, preferences and privileges more favorable than those of our common stock. We, and indirectly our stockholders, will bear the cost of issuing and servicing such securities.

Depending upon market conditions, we may in the future seek financing through CDOs, which would expose us to risks relating to the accumulation of assets for use in the CDOs.

Historically, we have financed a significant portion of our assets through the use of CDOs and CLOs, and have accumulated assets for these financings through short-term credit facilities, typically repurchase agreements or

warehouse facilities. Depending upon market condition, and, consequently, the extent to which such financing is available to us, we expect to seek similar financing arrangements in the future. These arrangements could expose us to a number of credit risks, including the following:

[\(Back to Index\)](#)

19

[\(Back to Index\)](#)

If we accumulate assets for a CDO or CLO on a short-term credit facility and do not complete the CDO financing, or if a default occurs under the facility, the short-term lender will sell the assets and we would be responsible for the amount by which the original purchase price of the assets exceeds their sale price, up to the amount of our investment or guaranty.

An event of default under one short-term facility may constitute a default under other credit facilities we may have, potentially resulting in asset sales and losses to us, as well as increasing our financing costs or reducing the amount of investable funds available to us.

We may be unable to acquire a sufficient amount of eligible assets to maximize the efficiency of a CDO or CLO issuance, which would require us to seek other forms of term financing or liquidate the assets. We may not be able to obtain term financing on acceptable terms, or at all, and liquidation of the assets may be at prices less than those we paid, resulting in losses to us.

Using short-term financing to accumulate assets for a CDO or CLO issuance may require us to obtain new financing as the short-term financing matures. Residual financing may not be available on acceptable terms, or at all. Moreover, an increase in short-term interest rates at the time that we seek to enter into new borrowings would reduce the spread between the income on our assets and the cost of our borrowings. This would reduce returns on our assets, which would reduce earnings and, in turn, cash available for distribution to our stockholders.

We will lose money on our repurchase transactions if the counterparty to the transaction defaults on its obligation to resell the underlying security back to us at the end of the transaction term, or if the value of the underlying security has declined as of the end of the term or if we default on our obligations under the repurchase agreements.

Our hedging transactions may not completely insulate us from interest rate risk and may result in poorer overall investment performance than if we had not engaged in any hedging transactions.

Subject to maintaining our qualification as a REIT, we pursue various hedging strategies to seek to reduce our exposure to losses from adverse changes in interest rates. Our interest rate hedging activity varies in scope depending upon market conditions relating to, among other factors, the level and volatility of interest rates and the type of assets we hold. There are practical limitations on our ability to insulate our portfolio from all of the negative consequences associated with changes in short-term interest rates, including:

• Available interest rate hedges may not correspond directly with the interest rate risk against which we seek protection.

• The duration of the hedge may not match the duration of the related liability.

• Interest rate hedging can be expensive, particularly during periods of rising and volatile interest rates. Hedging costs may include structuring and legal fees and fees payable to hedge counterparties to execute the hedge transaction.

• Losses on a hedge position may reduce the cash available to make distributions to stockholders, and may exceed the amounts invested in the hedge position.

• The amount of income that a REIT may earn from hedging transactions, other than through a TRS, is limited by federal tax provisions governing REITs.

• The credit quality of the party owing money on the hedge may be downgraded to such an extent that it impairs our ability to sell or assign our side of the hedging transaction.

• The party owing money in the hedging transaction may default on its obligation to pay.

We have adopted written policies and procedures governing our hedging activities. Under these policies and procedures, our board of directors is responsible for approving the types of hedging instruments we may use, absolute limits on the notional amount and term of a hedging instrument and parameters for the credit-worthiness of hedge counterparties. The senior managers responsible for each of our targeted asset classes are responsible for executing transactions using the services of independent interest rate risk management consultants, documenting the transactions, monitoring the valuation and effectiveness of the hedges, and providing reports concerning our hedging activities and the valuation and effectiveness of our hedges to the audit committee of our board of directors no less often than quarterly. Our guidelines also require us to engage one or more experienced third-party advisors to provide us with assistance in the identification of interest rate risks, the analysis, selection and timing of risk protection strategies, the administration and negotiation of hedge documentation, settlement or disposition of hedges, compliance with hedge accounting requirements and measurement of hedge effectiveness and valuation.

[\(Back to Index\)](#)

20

[\(Back to Index\)](#)

Hedging against a decline in the values of our portfolio positions does not eliminate the possibility of fluctuations in the values of the positions or prevent losses if the values of the positions decline. Hedging transactions may also limit the opportunity for gain if the values of the portfolio positions should increase. Moreover, we may not be able to hedge against an interest rate fluctuation that is generally anticipated by the market.

The success of our hedging transactions will depend on the Manager's ability to correctly predict movements of interest rates. Therefore, unanticipated changes in interest rates may result in poorer overall investment performance than if we had not engaged in any such hedging transactions. In addition, the degree of correlation between price movements of the instruments used in a hedging strategy and price movements in the portfolio positions being hedged may vary. Moreover, for a variety of reasons, we may not seek to establish a perfect correlation between such hedging instruments and the portfolio holdings being hedged. Any such imperfect correlation may prevent us from achieving the intended hedge and expose us to risk of loss.

Hedging instruments often are not traded on regulated exchanges, guaranteed by an exchange or its clearing house, or regulated by any U.S. or foreign governmental authorities and involve risks of default by the hedging counterparty and illiquidity.

Subject to maintaining our qualification as a REIT, part of our investment strategy involves entering into puts and calls on securities or indices of securities, interest rate swaps, caps and collars, including options and forward contracts, and interest rate lock agreements, principally Treasury lock agreements, to seek to hedge against mismatches between the cash flows from our assets and the interest payments on our liabilities. Currently, many hedging instruments are not traded on regulated exchanges, guaranteed by an exchange or its clearing house, or regulated by any U.S. or foreign governmental authorities. Consequently, there may be no applicable requirements with respect to record keeping, financial responsibility or segregation of customer funds and positions. Furthermore, the enforceability of agreements underlying derivative transactions may depend on compliance with applicable statutory and commodity and other regulatory requirements and, depending on the identity of the counterparty, applicable international requirements. The business failure of a counterparty with whom we enter into a hedging transaction will most likely result in a default. Default by a party with whom we entered into a hedging transaction may result in the loss of unrealized profits and force us to cover our resale commitments, if any, at the then current market price. Although generally we seek to reserve the right to terminate our hedging positions, we may not always be able to dispose of or close out a hedging position without the consent of the hedging counterparty, and we may not be able to enter into an offsetting contract in order to cover our risk. A liquid secondary market may not exist for hedging instruments purchased or sold, and we may have to maintain a position until exercise or expiration, which could result in losses.

We may enter into hedging instruments that could expose us to unexpected losses in the future.

We have entered and may in the future enter into hedging instruments that require us to fund cash payments under certain circumstances, for example, upon the early termination of the instrument caused by an event of default or other early termination event, or the decision by a counterparty to request additional collateral for margin it is contractually owed under the terms of the instrument. The amount due would be equal to the unrealized loss of the open positions with the counterparty and could also include other fees and charges. These liabilities will be reflected in our consolidated balance sheet, and our ability to fund these obligations will depend on the liquidity of our assets and access to capital at the time, and the need to fund these obligations could adversely impact our financial condition. Approximately 95% of our hedging arrangements are with a single counterparty and, as a consequence, our hedging strategy may fail if that counterparty defaults in its obligations.

As of December 31, 2013, approximately 95% of our outstanding hedges, with a notional amount of \$122.5 million, were with Credit Suisse International, or CS. Were CS to default in its obligations under these hedging arrangements, we would lose the hedge protection for which we had contracted which, depending upon market conditions, could result in significant losses to us. We cannot assure you that we could replace the defaulted hedges or that the terms of any replacement hedges we could obtain would be on similar terms, or as to the cost to us of obtaining replacement hedges.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Risks Related to Our Operations

We may change our investment strategy without stockholder consent, which may result in riskier investments than those currently targeted.

Subject to maintaining our qualification as a REIT and our exclusion from regulation under the Investment Company Act, we may change our investment strategy, including the percentage of assets that may be invested in each class, or in the case of securities, in a single issuer, at any time without the consent of our stockholders, which could result in our making investments that are different from, and possibly riskier than, the investments described in this report. A change in our investment strategy may increase our exposure to interest rate and real estate market fluctuations, all of which may reduce the market price of our common stock and impair our ability to make distributions to stockholders. Furthermore, a change in our asset allocation could result in our making investments in asset categories different from those described in this report.

We believe AFFO is an appropriate measure of our operating performance; however, in certain instances AFFO may not be reflective of actual economic results.

We utilize AFFO as a measure of our operating performance and believe that it is useful to analysts, investors and other parties in the evaluations of REITS. We utilize AFFO as a measure of our operating performance, and believe it is also useful to investors because it facilitates an understanding of our operating performance after adjustment for certain non-cash expenses, such as real estate depreciation, share-based compensation and non-cash impairment losses resulting from fair value adjustments on financial instruments, non-cash provision for loan losses, non-economic income related to variable interest entities, or VIEs, accounting, equity-method investments gains and losses, straight-line rental effects, amortization of various deferred items and intangible assets, gains on debt extinguishment, REIT tax planning adjustments considered non-recurring by management and capital expenditures that are related to our real estate owned. Additionally, we believe that AFFO serves as a good measure of our operating performance because it facilitates evaluation of our company without the effects of selected items required in accordance with GAAP that may not necessarily be indicative of current operating performance and that may not accurately compare our operating performance between periods. Nonetheless, in certain instances, AFFO may not necessarily be reflective of our actual economic results.

Terrorist attacks and other acts of violence or war may affect the market for our common stock, the industry in which we conduct our operations and our profitability.

Terrorist attacks may harm our results of operations and your investment. These attacks and other acts of violence or war may directly impact our assets, properties or other assets underlying our loans or debt securities or the securities markets in general. Losses resulting from these types of events are generally uninsurable.

More generally, any of these events could cause consumer confidence and spending to decrease or result in increased volatility in the United States and worldwide financial markets and economy. Adverse economic conditions could harm the value of some or all of the investments in our portfolio or the securities markets in general which could harm our operating results and revenues and may result in volatile values for assets in our portfolio.

If we fail to maintain an effective system of internal controls, we may not be able to accurately report our financial results or prevent fraud.

If we fail to maintain an effective system of internal control, fail to correct any flaws in the design or operating effectiveness of internal controls over financial reporting and disclosure, or fail to prevent fraud, our stockholders could lose confidence in our financial and other reporting, which could harm our business and the trading price of our common stock.

Many of our investments may be illiquid, which may result in our realizing less than their recorded value should we need to sell such investments quickly.

If we determine to sell one or more of our investments, we may encounter difficulties in finding buyers in a timely manner as real estate debt and other of our investments generally cannot be disposed of quickly, especially when market conditions are poor. Moreover, some of these assets may be subject to legal and other restrictions on resale. If we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we have previously recorded our investments. In addition, we may face other restrictions on our ability to liquidate an investment in a business entity to the extent that we, the Manager or Resource America has or could be

attributed with material non-public information regarding such business entity. These factors may limit our ability to vary our portfolio promptly in response to changes in economic or other conditions and may also limit our ability to use portfolio sales as a source of liquidity, which could limit our ability to make distributions to our stockholders or repay debt.

[\(Back to Index\)](#)

22

[\(Back to Index\)](#)

We may have to repurchase assets that we have sold in connection with CDOs and other securitizations.

If any of the assets that we originate or acquire and sell or securitize do not comply with representations and warranties that we make about them, we may have to purchase these assets from the CDO or securitization vehicle, or replace them. In addition, we may have to indemnify purchasers for losses or expenses incurred as a result of a breach of a representation or warranty. Any significant repurchases or indemnification payments could materially reduce our liquidity, earnings and ability to make distributions.

We may be exposed to environmental liabilities with respect to properties to which we take title.

In the course of our business, we have taken title to, and expect we will in the future take title to, real estate through foreclosure on collateral underlying real estate debt investments. When we do take title to any property, we could be subject to environmental liabilities with respect to it. In such a circumstance, we may be held liable to a governmental entity or to third parties for property damage, personal injury, investigation, and clean-up costs they incur as a result of environmental contamination, or may have to investigate or clean up hazardous or toxic substances, or chemical releases at a property. The costs associated with investigation or remediation activities could be substantial and could reduce our income and ability to make distributions.

Our newly-acquired residential mortgage origination subsidiary, PCA, could be adversely affected by weakness in residential housing markets and by the availability to it of warehouse credit facilities.

PCA primarily operates in the residential mortgage markets. The contraction of the U.S. housing market and overall economy, the tightening of credit restrictions, the availability of warehouse line of credit borrowings, and government regulations may negatively impact the future operations of PCA. PCA is subject to various lending warehouse line of credit agreements that expire at various times. PCA is dependent upon the renewal of the warehouse lines of credit and continued access to permanent investors to continue to originate and sell residential mortgage loans at its current loan volume. Additionally, because of underwriting and other issues, permanent investors have been more aggressive pursuing indemnification or repurchase from loan originators, which may have a negative impact on PCA and its related cash needs.

If our allowance for loan losses is not adequate to cover actual or estimated future loan and lease losses, our earnings may decline.

We maintain an allowance for loan losses to provide for loan defaults and non-performance by borrowers of their obligations. Our allowance for loan losses may not be adequate to cover actual or estimated future loan losses and future provisions for loan losses could materially reduce our income. We base our allowance for loan losses on prior experience, as well as an evaluation of risks in the current portfolio. However, losses may exceed our current estimates. The amount of future losses is susceptible to changes in economic, operating and other conditions that may be beyond our control, including changes in interest rates, changes in borrowers' creditworthiness and the value of collateral securing loans. Additionally, if we seek to expand our loan portfolios, we may need to make additional provisions for loan losses to ensure that the allowance remains at levels deemed appropriate by our management for the size and quality of our portfolios. While we believe that our allowance for loan and lease losses is adequate to cover our anticipated losses, we cannot assure you that it will not increase in the future. Any increase in our allowance for loan losses will reduce our income and, if sufficiently large, could cause us to incur loss.

Our due diligence may not reveal all of an investment's weaknesses.

Before investing in any asset, we will assess the strength and skills of the asset's management and operations, the value of the asset and, for debt investments, the value of any collateral securing the debt, the ability of the asset or underlying collateral to service the debt and other factors that we believe are material to the performance of the investment. In making the assessment and otherwise conducting customary due diligence, we will rely on the resources available to us and, in some cases, an investigation by third parties. This process is particularly important and subjective with respect to investments in newly-organized entities because there may be little or no information publicly available about the entities or, with respect to debt securities, any underlying collateral. Our due diligence processes, however, may not uncover all facts that may be relevant to an investment decision.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Risks Related to Our Investments

Declines in the market values of our investments may reduce periodic reported results, credit availability and our ability to make distributions.

We classify a substantial portion of our assets for accounting purposes as “available-for-sale.” As a result, reductions in the market values of those assets are directly charged or credited to accumulated other comprehensive loss and could reduce our stockholders' equity. A decline in these values will reduce the book value of our assets. Moreover, if the decline in value of an available-for-sale asset is other than temporary, we are required by GAAP to record the decline as an asset impairment which will reduce our earnings.

A decline in the market value of our assets may also adversely affect us in instances where we have borrowed money based on the market value of those assets. If the market value of those assets declines, the lender may require us to post additional collateral to support the loan. If we were unable to post the additional collateral, we would have to repay some portion or all of the loan, which may require us to sell assets, which could potentially be under adverse market conditions. As a result, our earnings would be reduced or we could sustain losses, and cash available to make distributions could be reduced or eliminated.

Increases in interest rates and other factors could reduce the value of our investments, result in reduced earnings or losses and reduce our ability to pay distributions.

A significant risk associated with our investment in commercial real estate-related loans, CMBS and other debt instruments is the risk that either or both of long-term and short-term interest rates increase significantly. If long-term rates increase, the market value of our assets would decline. Even if assets underlying investments we may own in the future are guaranteed by one or more persons, including government or government-sponsored agencies, those guarantees do not protect against declines in market value of the related assets caused by interest rate changes. At the same time, with respect to assets that are not match-funded or that have been acquired with variable rate or short-term financing, an increase in short-term interest rates would increase our interest expense, reducing our net interest spread or possibly result in negative cash flow from those assets. This could result in reduced profitability and distributions or losses.

Investing in mezzanine debt and mezzanine or other subordinated tranches of CMBS, bank loans and other ABS involves greater risks of loss than senior secured debt investments.

Subject to maintaining our qualification as a REIT and exclusion from regulation under the Investment Company Act, we invest in mezzanine debt and expect to invest in mezzanine or other subordinated tranches of CMBS, bank loans and other ABS. These types of investments carry a higher degree of risk of loss than senior secured debt investments such as our whole loan investments because, in the event of default and foreclosure, holders of senior liens will be paid in full before mezzanine investors. Depending on the value of the underlying collateral at the time of foreclosure, there may not be sufficient assets to pay all or any part of amounts owed to mezzanine investors. Moreover, our mezzanine and other subordinate debt investments may have higher loan-to-value ratios than conventional senior lien financing, resulting in less equity in the collateral and increasing the risk of loss of principal. If a borrower defaults or declares bankruptcy, we may be subject to agreements restricting or eliminating our rights as a creditor, including rights to call a default, foreclose on collateral, accelerate maturity or control decisions made in bankruptcy proceedings. In addition, the prices of lower credit quality securities are generally less sensitive to interest rate changes than more highly rated investments, but more sensitive to economic downturns or individual issuer developments because the ability of obligors of instruments underlying the securities to make principal and interest payments may be impaired. In such event, existing credit support relating to the securities' structure may not be sufficient to protect us against loss of our principal. For additional risks regarding real estate-related loans, see "Risks Related to Real Estate Investments."

Our investment in LEAF Commercial Capital, Inc., or LCC, has resulted in our undertaking a material contingent liability and, because we are required to include our proportionate share of (loss) income in our income, has reduced our reported net income.

We historically have invested in small- and middle-ticket lease receivables. As a result of our investment in LCC, (including the contribution of all of our lease receivables to it), we currently do not directly invest in lease receivables. However, in connection with our investment in LCC, we and Resource America agreed that, to the extent that the

value of the equity on the balance sheet of LEAF Receivables Funding 3, an entity whose securities we contributed to LCC in exchange for a portion of our investment, is less than \$18.7 million as of the final testing date (a date within 90 days of December 31, 2013), we and Resource America will be jointly and severally obligated to contribute cash to LCC to make up the deficit. The LEAF Receivables Funding 3 equity as of December 31, 2013 was in excess of the commitment. Also in connection with our investment in LCC, we are required under GAAP to include our proportionate share of the loss (income) of LCC in our income. Since LCC has incurred losses of \$3.4 million through December 31, 2013, the effect of our investment in LCC has been to reduce our reported net income. We cannot predict whether or when LCC will be become profitable.

[\(Back to Index\)](#)

24

[\(Back to Index\)](#)

Private equity investments involve a greater risk of loss than traditional debt financing.

On occasion, we have made private equity investments. Typically, these investments are subordinate to debt financing and are not secured. Should the issuer default on our investment, we would only be able to proceed against the entity that issued the private equity in accordance with the terms of the security, and not any property owned by the entity. In the event of bankruptcy or foreclosure, we would only be able to recoup our investment after any lenders to the entity are paid. As a result, we may not recover some or all of our investment, which could reduce our income or result in losses. Moreover, depending upon the existence of a market for the issuer's securities, the length of time we have held the investment and any rights we may have to require registration under the Securities Act, these investments may be highly illiquid so that we may not be able to sell these investments at times we would like to do so or at prices that reflect our cost or the value of the investment on our financial statements.

We record some of our portfolio investments at fair value as estimated by our management and, as a result, there will be uncertainty as to the value of these investments.

We currently hold, and expect that we will hold in the future, portfolio investments that are not publicly traded. The fair value of securities and other investments that are not publicly traded may not be readily determinable. We value these investments quarterly at fair value as determined under policies approved by our board of directors. Because such valuations are inherently uncertain, may fluctuate over short periods of time and may be based on estimates, our determinations of fair value may differ materially from the values that would have obtained if a ready market for them existed. The value of our common stock will likely decrease if our determinations regarding the fair value of these investments are materially higher than the values that we ultimately realize upon their disposal.

Our assets include bank loans and ABS which will carry higher risks of loss than our real estate-related portfolio. Subject to maintaining our qualification as a REIT and exclusion from regulation under the Investment Company Act, we invest in bank loans and ABS. Our bank loan investments or our ABS investments, which are principally backed by small business and bank loans, may not be secured by mortgages or other liens on assets or may involve higher loan-to-value ratios than our real estate-related investments. Our bank loan investments, and our ABS backed by loans, involve loans with a par amount of \$580.0 million at December 31, 2013 that have an interest-only payment schedule or a schedule that does not fully amortize principal over the term of the loan, which will make repayment of loans depend upon the borrowers' liquidity or ability to refinance the loans at maturity. Numerous factors affect a borrower's ability to repay or refinance loans at maturity, including national and local economic conditions, a downturn in a borrower's industry, loss of one or more principal customers and conditions in the credit markets. A deterioration in a company's financial condition or prospects may be accompanied by a deterioration in the collateral for the bank loan or any ABS backed by such company's loans.

We may face competition for suitable investments.

There are numerous REITs and other financial investors seeking to invest in the types of assets we target. This competition may cause us to forgo particular investments or to accept economic terms or structural features that we would not otherwise have accepted, and it may cause us to seek investments outside of our currently targeted areas. Competition for investment assets may slow our growth or limit our profitability and ability to make distributions to our stockholders.

We may not have control over certain of our loans and investments.

Our ability to manage our portfolio of loans and investments may be limited by the form in which they are made. In certain situations, we may:

- acquire investments subject to rights of senior classes and servicers under inter-creditor or servicing agreements;
- acquire only a minority and/or non-controlling participation in an underlying investment;
- co-invest with third parties through partnerships, joint ventures or other entities, thereby acquiring non-controlling interests; or
- rely on independent third-party management or strategic partners with respect to the management of an asset.

Therefore, we may not be able to exercise control over the loan or investment. Such financial assets may involve risks not present in investments where senior creditors, servicers or third-party controlling investors are not involved. Our rights to control the process following a borrower default may be subject to the rights of senior creditors or servicers whose interests may not be aligned with ours. A third party partner or co-venturer may have financial difficulties

resulting in a negative impact on such asset, may have economic or business interest or goals which are inconsistent with ours, or may be in a position to take action contrary to our investment objectives. In addition, we may, in certain circumstances, be liable for the actions of our third-party partners or co-venturers.

25

[\(Back to Index\)](#)

Risks Related to Our Manager

We depend on the Manager and Resource America to develop and operate our business and may not find suitable replacements if the management agreement terminates.

Apart from 83 persons employed by PCA, our newly-acquired residential mortgage subsidiary, we have no employees. Our officers, portfolio managers, administrative personnel and support personnel are employees of Resource America. We have no separate facilities and, except for PCA's operations, completely rely on the Manager and, because the Manager has no direct employees, Resource America, which has significant discretion as to the implementation of our operating policies and investment strategies. If our management agreement terminates, we may be unable to find a suitable replacement for the Manager. Moreover, we believe that our success depends to a significant extent upon the experience of the portfolio managers and officers of the Manager and Resource America who provide services to us, whose continued service is not guaranteed. The departure of any such persons could harm our investment performance.

We must pay the Manager the base management fee regardless of the performance of our portfolio.

The Manager is entitled to receive a monthly base management fee equal to 1/12 of our equity, as defined in the management agreement, times 1.50%, regardless of the performance of our portfolio. The Manager's entitlement to substantial non-performance based compensation might reduce its incentive to devote its time and effort to seeking profitable opportunities for our portfolio. This in turn could hurt our ability to make distributions to our stockholders. The incentive fee we pay the Manager may induce it to make riskier investments.

In addition to its base management fee, the Manager will receive incentive compensation, payable quarterly, equal to 25% of the amount by which our adjusted operating earnings, as defined in the management agreement, exceed the weighted average prices for our common stock in all of our offerings multiplied by the greater of 2.00% or 0.50% plus one-fourth of the average 10-year treasury rate for such quarter, multiplied by the weighted average number of common shares outstanding during the quarter. In evaluating investments and other management strategies, the opportunity to earn incentive compensation based on net income may lead the Manager to place undue emphasis on the maximization of net income at the expense of other criteria, such as preservation of capital, in order to achieve higher incentive compensation. Investments with higher yields generally have higher risk of loss than investments with lower yields.

The Manager manages our portfolio pursuant to very broad investment guidelines and our board does not approve each investment decision, which may result in our making riskier investments.

The Manager is authorized to follow very broad investment guidelines. While our directors periodically review our investment guidelines and our investment portfolio, they do not review all of our proposed investments. In addition, in conducting periodic reviews, the directors may rely primarily on information provided to them by the Manager. Furthermore, the Manager may use complex strategies, and transactions entered into by the Manager may be difficult or impossible to unwind by the time they are reviewed by the directors. The Manager has great latitude within the broad investment guidelines in determining the types of investments it makes for us. Poor investment decisions could impair our ability to make distributions to our stockholders.

Our management agreement was not negotiated at arm's-length and, as a result, may not be as favorable to us as if it had been negotiated with a third-party.

At the time the management agreement was negotiated, our officers and two of our directors, Edward E. Cohen and Jonathan Z. Cohen, were also officers or directors of the Manager or Resource America. As a consequence, our management agreement was not the result of arm's-length negotiations and its terms, including fees payable, may not be as favorable to us as if it had been negotiated with an unaffiliated third-party.

Termination of the management agreement by us without cause is difficult and could be costly.

Termination of our management agreement without cause is difficult and could be costly. We may terminate the management agreement without cause only annually upon the affirmative vote of at least two-thirds of our independent directors or by a vote of the holders of at least a majority of our outstanding common stock, based upon unsatisfactory performance by the Manager that is materially detrimental to us or a determination that the management fee payable to the Manager is not fair. Moreover, with respect to a determination that the management fee is not fair, the Manager may prevent termination by accepting a mutually acceptable reduction of management

fees. We must give not less than 180 days' prior notice of any termination. Upon any termination without cause, the Manager will be paid a termination fee equal to four times the sum of the average annual base management fee and the average annual incentive compensation earned by it during the two 12-month periods immediately preceding the date of termination, calculated as of the end of the most recently completed fiscal quarter before the date of termination.

[\(Back to Index\)](#)

26

[\(Back to Index\)](#)

The Manager and Resource America may engage in activities that compete with us.

Our management agreement does not prohibit the Manager or Resource America from investing in or managing entities that invest in asset classes that are the same as or similar to our targeted asset classes, except that they may not raise funds for, sponsor or advise any new publicly-traded REIT that invests primarily in mortgage-backed securities, or MBS, in the United States. The Manager's policies regarding resolution of conflicts of interest may be varied by it if economic, market, regulatory or other conditions make their application economically inefficient or otherwise impractical. Moreover, our officers, other than our Chief Financial Officer and several accounting professionals on his staff, and the officers, directors and employees of Resource America who provide services to us are not required to work full time on our affairs, and devote significant time to the affairs of Resource America. As a result, there may be significant conflicts between us, on the one hand, and the Manager and Resource America on the other, regarding allocation of the Manager's and Resource America's resources to the management of our investment portfolio.

We have engaged in transactions with entities affiliated with the Manager. Our policies and procedures may be insufficient to address any conflicts of interest that may arise.

We have established procedures and policies regarding review, approval and ratification of transactions which may give rise to a conflict of interest between us and persons affiliated or associated with the Manager. In the ordinary course of our business, we have ongoing relationships and have engaged in transactions with entities affiliated or associated with the Manager. Our procedures may not be sufficient to address any conflicts of interest that arise. Our Manager's liability is limited under the management agreement, and we have agreed to indemnify our Manager against certain liabilities.

Our Manager does not assume any responsibility under the management agreement other than to render the services called for under it, and will not be responsible for any action of our board of directors in following or declining to follow its advice or recommendations. Resource America, the Manager, their directors, managers, officers, employees and affiliates will not be liable to us, any subsidiary of ours, our directors, our stockholders or any subsidiary's stockholders for acts performed in accordance with and pursuant to the management agreement, except by reason of acts constituting bad faith, willful misconduct, gross negligence, or reckless disregard of their duties under the management agreement. We have agreed to indemnify the parties for all damages and claims arising from acts not constituting bad faith, willful misconduct, gross negligence, or reckless disregard of duties, performed in good faith in accordance with and pursuant to the management agreement.

We depend upon information systems of our Manager and Resource America to conduct our operations. Systems failures could significantly disrupt our business.

Our business depends on communications and information systems of our Manager and Resource America. Any failure or interruption of their systems could cause delays or other problems in our activities which could harm our operating results, cause the market price of our common stock to decline and reduce our ability to make distributions.

Risks Related to Real Estate Investments

Our real estate debt investments will be subject to the risks inherent in the real estate securing or underlying those investments which could result in losses to us.

Commercial mortgage loans are secured by, and mezzanine loans depend on, the performance of the underlying property and are subject to risks of delinquency and foreclosure, and risks of loss, that are greater than similar risks associated with loans made on the security of single-family residential properties. The ability of a borrower to repay a loan secured by or dependent upon an income-producing property typically depends primarily upon the successful operation of the property rather than upon the existence of independent income or assets of the borrower. If the net operating income of the property is reduced, the borrower's ability to repay the loan may be impaired. Net operating income of an income producing property can be affected by, among other things:

- tenant mix, success of tenant businesses, tenant bankruptcies and property management decisions;
- property location and condition;
- competition from comparable types of properties;
- changes in laws that increase operating expenses or limit rents that may be charged;
- any need to address environmental contamination at the property;
- the occurrence of any uninsured casualty at the property;

[\(Back to Index\)](#)

27

[\(Back to Index\)](#)

- changes in national, regional or local economic conditions and/or the conditions of specific industry segments in which our lessees may operate;
- declines in regional or local real estate values;
- declines in regional or local rental or occupancy rates;
- increases in interest rates, real estate tax rates and other operating expenses;
- the availability of debt or equity financing;
- increases in costs of construction material;
- changes in governmental rules, regulations and fiscal policies, including environmental legislation and zoning laws; and
- acts of God, terrorism, social unrest and civil disturbances.

We risk loss of principal on defaulted mortgage loans we hold to the extent of any deficiency between the value we can realize from the sale of the collateral securing the loan upon foreclosure, and the loan's principal and accrued interest. Moreover, foreclosure of a mortgage loan can be an expensive and lengthy process which could reduce the net amount we can realize on the foreclosed mortgage loan. In a bankruptcy of a mortgage loan borrower, the mortgage loan will be deemed to be secured only to the extent of the value of the underlying collateral at the time of bankruptcy as determined by the bankruptcy court, and the lien securing the mortgage loan will be subject to the avoidance powers of the bankruptcy trustee or debtor-in-possession to the extent the lien is unenforceable under state law.

For a discussion of additional risks associated with mezzanine loans, see “-Investing in mezzanine debt or mezzanine or other subordinated tranches of CMBS, bank loans and ABS involves greater risks of loss than senior secured debt instruments.”

Our investment portfolio may have material geographic, sector, property-type and sponsor concentrations.

We may have material geographic concentrations related to our direct or indirect investments in real estate loans and properties. We also may have material concentrations in the property types and industry sectors that are in our loan portfolio. Where we have any kind of concentration risk in our investments, we may be affected by sector-specific economic or other problems that are not reflected in the national economy generally or in more diverse portfolios. An adverse development in that area of concentration could reduce the value of our investment and our return on that investment and, if the concentration affects a material amount of our investments, impair our ability to execute our investment strategies successfully, reduce our earnings and reduce our ability to make distributions.

The B notes in which we invest may be subject to additional risks relating to the privately negotiated structure and terms of the transaction, which may result in losses to us.

Historically, we have invested in B notes. A B note is a loan typically secured by a first mortgage on a single large commercial property or group of related properties and subordinated to a senior note secured by the same first mortgage on the same collateral. As a result, if a borrower defaults, there may not be sufficient funds remaining for B note owners after payment to the senior note owners. Since each transaction is privately negotiated, B notes can vary in their structural characteristics and risks. For example, the rights of holders of B notes to control the process following a borrower default may be limited in certain investments. We currently own one B note, with a book value of \$16.1 million, and do not expect that we will make further B note investments during 2014. However, depending upon market and economic conditions, we could resume making B note investments at any time. B notes are less liquid than other forms of commercial real estate debt investments, such as CMBS, and, as a result, we may be able to dispose of underperforming or non-performing B note investments only at a significant discount to book value.

Risks Related to Our Organization and Structure

Our charter and bylaws contain provisions that may inhibit potential acquisition bids that you and other stockholders may consider favorable, and the market price of our common stock may be lower as a result.

Our charter and bylaws contain provisions that may have an anti-takeover effect and inhibit a change in our board of directors. These provisions include the following:

- There are ownership limits and restrictions on transferability and ownership in our charter. For purposes of assisting us in maintaining our REIT qualification under the Internal Revenue Code, our charter generally prohibits any person from beneficially or constructively owning more than 9.8% in value or number of shares, whichever is more

restrictive, of any class or series of our outstanding capital stock. This restriction may:

[\(Back to Index\)](#)

28

[\(Back to Index\)](#)

discourage a tender offer or other transactions or a change in the composition of our board of directors or control that might involve a premium price for our shares or otherwise be in the best interests of our stockholders; or result in shares issued or transferred in violation of such restrictions being automatically transferred to a trust for a charitable beneficiary, resulting in the forfeiture of those shares.

Our charter permits our board of directors to issue stock with terms that may discourage a third-party from acquiring us. Our board of directors may amend our charter without stockholder approval to increase the total number of authorized shares of stock or the number of shares of any class or series and issue common or preferred stock having preferences, conversion or other rights, voting powers, restrictions, limitations as to distributions, qualifications, or terms or conditions of redemption as determined by our board. Thus, our board could authorize the issuance of stock with terms and conditions that could have the effect of discouraging a takeover or other transaction in which holders of some or a majority of our shares might receive a premium for their shares over the then-prevailing market price.

Our charter and bylaws contain other possible anti-takeover provisions. Our charter and bylaws contain other provisions, including advance notice procedures for the introduction of business and the nomination of directors, that may have the effect of delaying or preventing a change in control of us or the removal of existing directors and, as a result, could prevent our stockholders from being paid a premium for their common stock over the then-prevailing market price.

Maryland takeover statutes may prevent a change in control of us, and the market price of our common stock may be lower as a result.

Maryland Control Share Acquisition Act. Maryland law provides that “control shares” of a corporation acquired in a “control share acquisition” will have no voting rights except to the extent approved by a vote of two-thirds of the votes eligible to be cast on the matter under the Maryland Control Share Acquisition Act. The act defines “control shares” as voting shares of stock that, if aggregated with all other shares of stock owned by the acquirer or in respect of which the acquirer is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power: one-tenth or more but less than one-third, one-third or more but less than a majority, or a majority or more of all voting power. A “control share acquisition” means the acquisition of control shares, subject to specific exceptions. If voting rights or control shares acquired in a control share acquisition are not approved at a stockholders' meeting or if the acquiring person does not deliver an acquiring person statement as required by the Maryland Control Share Acquisition Act then, subject to specific conditions and limitations, the issuer may redeem any or all of the control shares for fair value. If voting rights of such control shares are approved at a stockholders' meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. Our bylaws contain a provision exempting acquisitions of our shares from the Maryland Control Share Acquisition Act. However, our board of directors may amend our bylaws in the future to repeal this exemption.

Business combinations. Under Maryland law, “business combinations” between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who beneficially owns ten percent or more of the voting power of the corporation's shares; or an affiliate or associate of the corporation who, at any time within the two-year period before the date in question, was the beneficial owner of ten percent or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under the statute if the board of directors approved in advance the transaction by which such person otherwise would have become an interested stockholder. However, in approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

[\(Back to Index\)](#)

29

[\(Back to Index\)](#)

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute permits exemptions from its provisions, including business combinations that are exempted by the board of directors before the time that the interested stockholder becomes an interested stockholder.

Our rights and the rights of our stockholders to take action against our directors and officers are limited, which could limit your recourse in the event of actions not in your best interests.

Our charter limits the liability of our directors and officers to us and our stockholders for money damages, except for liability resulting from:

- actual receipt of an improper benefit or profit in money, property or services; or
- a final judgment based upon a finding of active and deliberate dishonesty by the director or officer that was material to the cause of action adjudicated.

In addition, our charter authorizes us to indemnify our present and former directors and officers for actions taken by them in those capacities to the maximum extent permitted by Maryland law. Our bylaws require us to indemnify each present or former director or officer, to the maximum extent permitted by Maryland law, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service to us. In addition, we may be obligated to fund the defense costs incurred by our directors and officers.

Our right to take action against the Manager is limited.

The obligation of the Manager under the management agreement is to render its services in good faith. It will not be responsible for any action taken by our board of directors or investment committee in following or declining to follow its advice and recommendations. Furthermore, as discussed above under “– Risks Related to Our Manager,” it will be difficult and costly for us to terminate the management agreement without cause. In addition, we will indemnify the Manager, Resource America and their officers and affiliates for any actions taken by them in good faith.

We have not established a minimum distribution payment level and we cannot assure you of our ability to make distributions in the future. We may in the future use uninvested offering proceeds or borrowed funds to make distributions.

We expect to make quarterly distributions to our stockholders in amounts such that we distribute all or substantially all of our taxable income in each year, subject to certain adjustments. We have not established a minimum distribution payment level, and our ability to make distributions may be impaired by the risk factors described in this report. All distributions will be made at the discretion of our board of directors and will depend on our earnings, our financial condition, maintenance of our REIT qualification and other factors as our board of directors may deem relevant from time to time. We may not be able to make distributions in the future. In addition, some of our distributions may include a return of capital. To the extent that we decide to make distributions in excess of our current and accumulated taxable earnings and profits, such distributions would generally be considered a return of capital for federal income tax purposes. A return of capital is not taxable, but it has the effect of reducing the holder's tax basis in its investment. Although we currently do not expect that we will do so, we have in the past and may in the future also use proceeds from any offering of our securities that we have not invested or borrowed funds to make distributions. If we use uninvested offering proceeds to pay distributions in the future, we will have less funds available for investment and, as a result, our earnings and cash available for distribution would be less than we might otherwise have realized had such funds been invested. Similarly, if we borrow to fund distributions, our future interest costs would increase, thereby reducing our future earnings and cash available for distribution from what they otherwise would have been.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

Loss of our exclusion from regulation under the Investment Company Act would require significant changes in our operations and could reduce the market price of our common stock and our ability to make distributions.

We rely on an exclusion from registration as an investment company afforded by Section 3(a)(1)(C) of the Investment Company Act. To qualify for this exclusion, we do not engage in the business of investing, reinvesting, owning, holding, or trading securities and we do not own “investment securities” with a value that exceeds 40% of the value of our total assets (exclusive of government securities and cash items) on an unconsolidated basis. We may not be able to maintain such a mix of assets in the future, and attempts to maintain such an asset mix may impair our ability to pursue otherwise attractive investments. In addition, these rules are subject to change and such changes may have an adverse impact on us. We may need to avail ourselves of alternative exclusions and exemptions which may require a change in the organizational structure of our business.

Furthermore, as it relates to our investment in our real estate subsidiary, RCC Real Estate, we rely on an exclusion from registration as an investment company afforded by Section 3(c)(5)(C) of the Investment Company Act. Given the material size of RCC Real Estate relative to our 3(a)(1)(C) exclusion, were RCC Real Estate to be deemed to be an investment company (other than by application of the Section 3(c)(1) exemption for closely held companies and the Section 3(c)(7) exemption for companies owned by “qualified purchasers”), we would not qualify for our 3(a)(1)(C) exclusion. Under the Section 3(c)(5)(C) exclusion, RCC Real Estate is required to maintain, on the basis of positions taken by the SEC staff in interpretive and no-action letters, a minimum of 55% of the value of the total assets of its portfolio in “mortgages and other liens on and interests in real estate,” which we refer to as Qualifying Interests, and a minimum of 80% in Qualifying Interests and real estate-related assets, with the remainder permitted to be miscellaneous assets. Because registration as an investment company would significantly affect RCC Real Estate's ability to engage in certain transactions or to organize itself in the manner it is currently organized, we intend to maintain its qualification for this exclusion from registration.

We treat our investments in CMBS, B Notes and mezzanine loans as Qualifying Interests for purposes of determining our eligibility for the exclusion provided by Section 3(c)(5) to the extent such treatment is consistent with guidance provided by the SEC or its staff. In the absence of specific guidance or guidance that otherwise supports the treatment of these investments as Qualifying Interests, we will treat them, for purposes of determining our eligibility for the exclusion provided by Section 3(c)(5)(C), as real estate-related assets or miscellaneous assets, as appropriate. The SEC staff has commenced an advance notice rulemaking initiative, indicating that it is reconsidering its interpretive policy under Section 3(c)(5)(C) and whether to propose rules to define the basis for the exclusion. We cannot predict the outcome or timing of this reconsideration or potential rulemaking initiative and its impact on our ability to rely on the exclusion.

If RCC Real Estate's portfolio does not comply with the requirements of the exclusion we rely upon, it could be forced to alter its portfolio by selling or otherwise disposing of a substantial portion of the assets that are not Qualifying Interests or by acquiring a significant position in assets that are Qualifying Interests. Altering its portfolio in this manner may have an adverse effect on its investments if it is forced to dispose of or acquire assets in an unfavorable market, and may adversely affect our stock price.

If it were established that we were an unregistered investment company, there would be a risk that we would be subject to monetary penalties and injunctive relief in an action brought by the SEC, that we would be unable to enforce contracts with third parties, that third parties could seek to obtain rescission of transactions undertaken during the period it was established that we were an unregistered investment company, and that we would be subject to limitations on corporate leverage that would have an adverse impact on our investment returns.

Rapid changes in the values of our real-estate related investments may make it more difficult for us to maintain our qualification as a REIT or exclusion from regulation under the Investment Company Act.

If the market value or income potential of our real estate-related investments declines as a result of economic conditions, increased interest rates, prepayment rates or other factors, we may need to increase our real estate-related investments and income and/or liquidate our non-qualifying assets in order to maintain our REIT qualification or exclusion from registration under the Investment Company Act. If the decline in real estate asset values and/or income occurs quickly, this may be especially difficult to accomplish. This difficulty may be exacerbated by the illiquid nature of many of our non-real estate assets. We may have to make investment decisions that we otherwise would not

make absent REIT qualification and Investment Company Act considerations.

[\(Back to Index\)](#)

31

[\(Back to Index\)](#)

Tax Risks

Complying with REIT requirements may cause us to forgo otherwise attractive opportunities.

To qualify as a REIT for federal income tax purposes, we must continually satisfy various tests regarding the sources of our income, the nature and diversification of our assets, the amounts we distribute to our stockholders and the ownership of our common stock. In order to meet these tests, we may be required to forgo investments we might otherwise make. Thus, compliance with the REIT requirements may hinder our investment performance.

In particular, at least 75% of our assets at the end of each calendar quarter must consist of real estate assets, government securities, cash and cash items. For this purpose, "real estate assets" generally include interests in real property, such as land, buildings, leasehold interests in real property, stock of other entities that qualify as REITs, interests in mortgage loans secured by real property, investments in stock or debt instruments during the one-year period following the receipt of new capital and regular or residual interests in a real estate mortgage investment conduit, or REMIC. In addition, the amount of securities of a single issuer, other than a TRS, that we hold must generally not exceed either 5% of the value of our gross assets or 10% of the vote or value of such issuer's outstanding securities.

Certain of the assets that we hold or intend to hold, including interests in CDOs or corporate leveraged loans, are not qualified and will not be qualified real estate assets for purposes of the REIT asset tests. ABS-RMBS and CMBS securities should generally qualify as real estate assets. However, to the extent that we own non-REMIC collateralized mortgage obligations or other debt instruments secured by mortgage loans (rather than by real property) or secured by non-real estate assets, or debt securities that are not secured by mortgages on real property, those securities are likely not qualifying real estate assets for purposes of the REIT asset test, and will not produce qualifying real estate income. Further, whether securities held by warehouse lenders or financed using repurchase agreements are treated as qualifying assets or as generating qualifying real estate income for purposes of the REIT asset and income tests depends on the terms of the warehouse or repurchase financing arrangement.

We generally will be treated as the owner of any assets that collateralize CDO transactions to the extent that we retain all of the equity of the securitization vehicle and do not make an election to treat such securitization vehicle as a TRS, as described in further detail below. It may be possible to reduce the impact of the REIT asset and gross income requirements by holding certain assets through our TRSs, subject to certain limitations as described below.

Our qualification as a REIT and exemption from U.S. federal income tax with respect to certain assets may depend on the accuracy of legal opinions or advice rendered or given or statements by the issuers of securities in which we invest, and the inaccuracy of any such opinions, advice or statements may adversely affect our REIT qualification and result in significant corporate level tax.

When purchasing securities, we have relied and may rely on opinions or advice of counsel for the issuer of such securities, or statements, made in related offering documents, for purposes of determining whether such securities represent debt or equity securities for U.S. federal income tax purposes, and also to what extent those securities constitute REIT real estate assets for purposes of the REIT asset tests and produce income which qualifies under the 75% REIT gross income test. In addition, when purchasing CDO equity, we have relied and may rely on opinions or advice of counsel regarding the qualification of interests in the debt of such CDOs for U.S. federal income tax purposes. The inaccuracy of any such opinions, advice or statements may adversely affect our REIT qualification and result in significant corporate-level tax.

We may realize excess inclusion income that would increase our tax liability and that of our stockholders.

If we realize excess inclusion income and allocate it to stockholders, this income cannot be offset by net operating losses of the stockholders. If the stockholder is a tax-exempt entity, then this income would be fully taxable as unrelated business taxable income under Section 512 of the Internal Revenue Code. If the stockholder is a foreign person, it would be subject to federal income tax withholding on this income without reduction or exemption pursuant to any otherwise applicable income tax treaty.

Excess inclusion income could result if we hold a residual interest in a REMIC. Excess inclusion income also could be generated if we issue debt obligations, such as certain CDOs, with two or more maturities and the terms of the payments on these obligations bore a relationship to the payments that we received on our mortgage related securities securing those debt obligations, i.e., if we were to own an interest in a taxable mortgage pool. While we do not expect

to acquire significant amounts of residual interests in REMICs, we do own residual interests in taxable mortgage pools, which means that we will likely generate significant amounts of excess inclusion income.

[\(Back to Index\)](#)

32

[\(Back to Index\)](#)

If we realize excess inclusion income, we will be taxed at the highest corporate income tax rate on a portion of such income that is allocable to the percentage of our stock held in record name by “disqualified organizations,” which are generally cooperatives, governmental entities and tax-exempt organizations that are exempt from unrelated business taxable income. To the extent that our stock owned by “disqualified organizations” is held in record name by a broker-dealer or other nominee, the broker/dealer or other nominee would be liable for the corporate level tax on the portion of our excess inclusion income allocable to the stock held by the broker-dealer or other nominee on behalf of “disqualified organizations.” We expect that disqualified organizations will own our stock. Because this tax would be imposed on us, all of our investors, including investors that are not disqualified organizations, would bear a portion of the tax cost associated with the classification of us or a portion of our assets as a taxable mortgage pool. A regulated investment company or other pass through entity owning stock in record name will be subject to tax at the highest corporate rate on any excess inclusion income allocated to its owners that are disqualified organizations. Finally, if we fail to qualify as a REIT, our taxable mortgage pool securitizations will be treated as separate corporations, for federal income tax purposes that cannot be included in any consolidated corporate tax return.

Failure to qualify as a REIT would subject us to federal income tax, which would reduce the cash available for distribution to our stockholders.

We believe that we have been organized and operated in a manner that has enabled us to qualify as a REIT for federal income tax purposes commencing with our taxable year ended on December 31, 2005. However, the federal income tax laws governing REITs are extremely complex, and interpretations of the federal income tax laws governing qualification as a REIT are limited. Qualifying as a REIT requires us to meet various tests regarding the nature of our assets and our income, the ownership of our outstanding stock, and the amount of our distributions on an ongoing basis.

If we fail to qualify as a REIT in any calendar year and we do not qualify for certain statutory relief provisions, we will be subject to federal income tax, including any applicable alternative minimum tax on our taxable income, at regular corporate rates. Distributions to stockholders would not be deductible in computing our taxable income. Corporate tax liability would reduce the amount of cash available for distribution to our stockholders. Under some circumstances, we might need to borrow money or sell assets in order to pay that tax. Furthermore, if we fail to maintain our qualification as a REIT and we do not qualify for the statutory relief provisions, we no longer would be required to distribute substantially all of our REIT taxable income, determined without regard to the dividends paid deduction and not including net capital gains, to our stockholders. Unless our failure to qualify as a REIT was excused under federal tax laws, we could not re-elect to qualify as a REIT until the fifth calendar year following the year in which we failed to qualify. In addition, if we fail to qualify as a REIT, our taxable mortgage pool securitizations will be treated as separate corporations for U.S. federal income tax purposes.

Failure to make required distributions would subject us to tax, which would reduce the cash available for distribution to our stockholders.

In order to qualify as a REIT, in each calendar year we must distribute to our stockholders at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gain. To the extent that we satisfy the 90% distribution requirement, but distribute less than 100% of our taxable income, we will be subject to federal corporate income tax on our undistributed income. In addition, we will incur a 4% nondeductible excise tax on the amount, if any, by which our distributions in any calendar year are less than the sum of:

85% of our ordinary income for that year;

95% of our capital gain net income for that year; and

100% our undistributed taxable income from prior years.

We intend to make distributions to our stockholders in a manner intended to satisfy the 90% distribution requirement and to distribute all or substantially all of our net taxable income to avoid both corporate income tax and the 4% nondeductible excise tax. There is no requirement that a domestic TRS distribute its after-tax net income to its parent REIT or their stockholders and our U.S. TRSs may determine not to make any distributions to us. However, non-U.S. TRSs, such as Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CLO VIII, Whitney CLO I and Harvest CLO VII which we discuss in “Management’s Discussion and Analysis of Financial Conditions and Results of Operations,” will generally be deemed to distribute their earnings to us on an annual basis for federal income tax

purposes, regardless of whether such TRSs actually distribute their earnings.

[\(Back to Index\)](#)

33

[\(Back to Index\)](#)

Our taxable income may substantially exceed our net income as determined by GAAP because, for example, realized capital losses will be deducted in determining our GAAP net income but may not be deductible in computing our taxable income. In addition, we may invest in assets that generate taxable income in excess of economic income or in advance of the corresponding cash flow from the assets, referred to as phantom income. Although some types of phantom income are excluded to the extent they exceed 5% of our REIT taxable income in determining the 90% distribution requirement, we will incur corporate income tax and the 4% nondeductible excise tax with respect to any phantom income items if we do not distribute those items on an annual basis. As a result, we may generate less cash flow than taxable income in a particular year. In that event, we may be required to use cash reserves, incur debt, or liquidate non-cash assets at rates or times that we regard as unfavorable in order to satisfy the distribution requirement and to avoid corporate income tax and the 4% nondeductible excise tax in that year.

If we make distributions in excess of our current and accumulated earnings and profits, they will be treated as a return of capital, which will reduce the adjusted basis of your stock. To the extent such distributions exceed your adjusted basis, you may recognize a capital gain.

Unless you are a tax-exempt entity, distributions that we make to you generally will be subject to tax as ordinary income to the extent of our current and accumulated earnings and profits as determined for federal income tax purposes. If the amount we distribute to you exceeds your allocable share of our current and accumulated earnings and profits, the excess will be treated as a return of capital to the extent of your adjusted basis in your stock, which will reduce your basis in your stock but will not be subject to tax. To the extent the amount we distribute to you exceeds both your allocable share of our current and accumulated earnings and profits and your adjusted basis, this excess amount will be treated as a gain from the sale or exchange of a capital asset. For risks related to the use of uninvested offering proceeds or borrowings to fund distributions to stockholders, see “– Risks Related to Our Organization and Structure – We have not established a minimum distribution payment level and we cannot assure you of our ability to make distributions in the future.”

Our ownership of and relationship with our TRSs will be limited and a failure to comply with the limits would jeopardize our REIT qualification and may result in the application of a 100% excise tax.

A REIT may own up to 100% of the securities of one or more TRSs. A TRS may earn specified types of income or hold specified assets that would not be qualifying income or assets if earned or held directly by the parent REIT. Both the subsidiary and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will automatically be treated as a TRS. Overall, no more than 25% (20% for our 2009 and prior taxable years) of the value of a REIT's assets may consist of stock or securities of one or more TRSs. A TRS will pay federal, state and local income tax at regular corporate rates on any income that it earns, whether or not it distributes that income to us. In addition, the TRS rules limit the deductibility of interest paid or accrued by a TRS to its parent REIT to assure that the TRS is subject to an appropriate level of corporate taxation. The rules also impose a 100% excise tax on certain transactions between a TRS and its parent REIT that are not conducted on an arm's-length basis.

Resource TRS, Resource TRS II, Resource TRS III, Resource TRS IV, Resource TRS V, LTCC and Resource Residential, Inc. each will pay federal, state and local income tax on its taxable income, and its after-tax net income is available for distribution to us but is not required to be distributed to us. Income that is not distributed to us by our U.S. TRSs will not be subject to the REIT 90% distribution requirement and therefore will not be available for distributions to our stockholders. We anticipate that the aggregate value of the securities we hold in our TRSs will be less than 25% of the value of our total assets, including our TRS securities. We will monitor the compliance of our investments in TRSs with the rules relating to value of assets and transactions not on an arm's-length basis. We cannot assure you, however, that we will be able to comply with such rules.

Complying with REIT requirements may limit our ability to hedge effectively.

The REIT provisions of the Internal Revenue Code substantially limit our ability to hedge MBS and related borrowings. Under these provisions, our annual gross income from qualifying and non-qualifying hedges of our borrowings, together with any other income not generated from qualifying real estate assets, cannot exceed 25% of our gross income. In addition, our aggregate gross income from non-qualifying hedges, fees and certain other non-qualifying sources cannot exceed 5% of our annual gross income determined without regard to income from

qualifying hedges. As a result, we might have to limit our use of advantageous hedging techniques or implement those hedges through Resource TRS. This could increase the cost of our hedging activities or expose us to greater risks associated with changes in interest rates than we would otherwise want to bear.

[\(Back to Index\)](#)

34

[\(Back to Index\)](#)

The tax on prohibited transactions will limit our ability to engage in transactions, including certain methods of securitizing mortgage loans, that would be treated as sales for federal income tax purposes.

A REIT's net income from prohibited transactions is subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property, other than foreclosure property, but including mortgage loans, held primarily for sale to customers in the ordinary course of business. We might be subject to this tax if we were able to sell or securitize loans in a manner that was treated as a sale of the loans for federal income tax purposes. Therefore, in order to avoid the prohibited transactions tax, we may choose not to engage in certain sales of loans and may limit the structures we utilize for our securitization transactions even though such sales or structures might otherwise be beneficial to us.

Tax law changes could depress the market price of our common stock.

The federal income tax laws governing REITs or the administrative interpretations of those laws may be amended at any time. We cannot predict when or if any new federal income tax law or administrative interpretation, or any amendment to any existing federal income tax law or administrative interpretation, will become effective and any such law or interpretation may take effect retroactively. Tax law changes could depress our stock price or restrict our operations.

Dividends paid by REITs do not qualify for the reduced tax rates provided for under current law.

Dividends paid by REITs are generally not eligible for the reduced 15% maximum tax rate for dividends paid to individuals (20% for those with taxable income above \$400,000 (if single) or \$450,000 (if married and filing jointly) under current law. The more favorable rates applicable to regular corporate dividends could cause stockholders who are individuals to perceive investments in REITs to be relatively less attractive than investments in the stock of non-REIT corporations that pay dividends to which more favorable rates apply, which could reduce the value of the stocks of REITs. Dividends from REITs as well as regular corporate dividends will also be subject to a 3.8% Medicare surtax for taxpayers with modified adjusted gross income above \$200,000 (if single) or \$250,000 (if married and filing jointly).

We may lose our REIT qualification or be subject to a penalty tax if the Internal Revenue Service successfully challenges our characterization of income inclusions from our foreign TRSs.

We likely will be required to include in our income, even without the receipt of actual distributions, earnings from our foreign TRSs, including from our current and contemplated equity investments in CDOs, such as our investment in Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, and Apidos CLO VIII. We intend to treat certain of these income inclusions as qualifying income for purposes of the 95% gross income test applicable to REITs but not for purposes of the REIT 75% gross income test. The provisions that set forth what income is qualifying income for purposes of the 95% gross income test provide that gross income derived from dividends, interest and other enumerated classes of passive income qualify for purposes of the 95% gross income test. Income inclusions from equity investments in our foreign TRSs are technically neither dividends nor any of the other enumerated categories of income specified in the 95% gross income test for U.S. federal income tax purposes, and there is no clear precedent with respect to the qualification of such income for purposes of the REIT gross income tests. However, based on advice of counsel, we intend to treat such income inclusions, to the extent distributed by a foreign TRS in the year accrued, as qualifying income for purposes of the 95% gross income test. In addition, in 2011, the IRS issued a private letter ruling to a REIT reaching a result consistent with our treatment. Nevertheless, because this income does not meet the literal requirements of the REIT provisions, it is possible that the IRS could successfully take the position that it is not qualifying income. In the event that it was determined not to qualify for the 95% gross income test, we would be subject to a penalty tax with respect to the income to the extent it and other nonqualifying income exceeds 5% of our gross income and/or we could fail to qualify as a REIT. See "Federal Income Tax Consequences of Our Qualification as a REIT." In addition, if such income was determined not to qualify for the 95% gross income test, we would need to invest in sufficient qualifying assets, or sell some of our interests in our foreign TRSs to ensure that the income recognized by us from our foreign TRSs or such other corporations does not exceed 5% of our gross income, or cease to qualify as a REIT.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

We may lose our REIT qualification or be subject to a penalty tax if we modify mortgage loans or acquired distressed debt in a way that causes us to fail our REIT gross income or asset taxes.

Many of the terms of our mortgage loans, mezzanine loans and B notes and the loans supporting our MBS have been modified and may in the future be modified to avoid foreclosure actions and for other reasons. If the terms of the loan are modified in a manner constituting a “significant modification,” such modification triggers a deemed exchange for tax purposes of the original loan for the modified loan. In Revenue Procedure 2011-16, the IRS addressed the treatment of modified mortgage loans and distressed debt for purposes of the REIT gross income and asset tests. Under existing Treasury Regulations, if a loan is secured by real property and other property and the highest principal amount of the loan outstanding during a taxable year exceeds the fair market value of the real property securing the loan as of (1) the date we agreed to acquire or originate the loan or (2) in the event of certain significant modifications, the date we modified the loan, then a portion of the interest income from such a loan will not be qualifying income for purposes of the 75% gross income test, but will be qualifying income for purposes of the 95% gross income test. Although the law is not entirely clear, a portion of the loan may not be treated as a qualifying “real estate asset” for purposes of the 75% asset test. The non-qualifying portion of such a loan would be subject to, among other requirements, the 10% value test.

Revenue Procedure 2011-16 provides a safe harbor pursuant to which we will not be required to redetermine the fair market value of the real property securing a loan for purposes of the REIT gross income and asset tests in connection with a loan modification that is: (1) occasioned by a borrower default; or (2) made at a time when we reasonably believe that the modification to the loan will substantially reduce a significant risk of default on the original loan. No assurance can be provided all of our loan modifications have or will qualify for the safe harbor in Revenue Procedure 2011-16. To the extent we significantly modify loans in a manner that does not qualify for that safe harbor, we will be required to redetermine the value of the real property securing the loan at the time it was significantly modified. In determining the value of the real property securing such a loan, we generally will not obtain third party appraisals, but rather will rely on internal valuations. No assurance can be provided that the IRS will not successfully challenge our internal valuations. If the terms of our mortgage loans, mezzanine loans and B notes and loans supporting our mortgage backed securities are significantly modified in a manner that does not qualify for the safe harbor in Revenue Procedure 2011-16 and the fair market value of the real property securing such loans has decreased significantly, we could fail the 75% gross income test, the 75% asset test and/or the 10% value test. Unless we qualified for relief under certain cure provisions in the Code, such failures could cause us to fail to qualify as a REIT.

We and our subsidiaries have and may invest in future acquire distressed debt, including distressed mortgage loans, mezzanine loans, B notes and MBS. Revenue Procedure 2011-16 provides that the IRS will treat a distressed mortgage loan acquired by a REIT that is secured by real property and other property as producing in part non-qualifying income for the 75% gross income test. Specifically, Revenue Procedure 2011-16 indicates that interest income on a loan will be treated as qualifying income based on the ratio of (1) the fair market value of the real property securing the loan determined as of the date the REIT committed to acquire the loan and (2) the face amount of the loan (and not the purchase price or current value of the loan). The face amount of a distressed mortgage loan and other distressed debt will typically exceed the fair market value of the real property securing the debt on the date the REIT commits to acquire the debt. We believe that we will continue to invest in distressed debt in a manner consistent with complying with the 75% gross income test and maintaining our qualification as a REIT.

Revenue Procedure 2011-16 provides a safe harbor pursuant to which we will not be required to redetermine the fair market value of the real property securing a loan for purposes of the REIT gross income and asset tests in connection with a loan modification that is: (1) occasioned by a borrower default; or (2) made at a time when we reasonably believe that the modification to the loan will substantially reduce a significant risk of default on the original loan. No assurance can be provided that all of the loan modifications have or will be qualify for the safe harbor in Revenue Procedure 2011-16. To the extent we significantly modify loans in a manner that does not qualify for that safe harbor, we will be required to redetermine the value of the real property securing the loan at the time it was significantly modified. In determining the value of the real property securing such a loan, we generally will not obtain third party appraisals, but rather will rely on internal valuations. No assurance can be provided that the IRS will not successfully challenge our internal valuations. If the terms of our mortgage loans, mezzanine loans and B notes and loans

supporting our MBS are significantly modified in a manner that does not qualify for the safe harbor in Revenue Procedure 2011-16 and the fair market value of the real property securing such loans has decreased significantly, we could fail the 75% gross income test, the 75% asset test and/or the 10% value test. Unless we qualified for relief under certain cure provisions in the Code, such failures could cause us to fail to qualify as a REIT.

[\(Back to Index\)](#)

36

[\(Back to Index\)](#)

The failure of a loan subject to a repurchase agreement or a mezzanine loan to qualify as a real estate asset would adversely affect our ability to qualify as a REIT.

We have entered into and we intend to continue to enter into sale and repurchase agreements under which we nominally sell certain of our loan assets to a counterparty and simultaneously enter into an agreement to repurchase the sold assets. We believe that we have been and will be treated for U.S. federal income tax purposes as the owner of the loan assets that are the subject of any such agreement notwithstanding that the agreement may transfer record ownership of the assets to the counterparty during the term of the agreement. It is possible, however, that the IRS could assert that we did not own the loan assets during the term of the sale and repurchase agreement, in which case we could fail to qualify as a REIT.

In addition, we have acquired and will continue to acquire mezzanine loans, which are loans secured by equity interest in a partnership or limited liability company that directly or indirectly owns real property. In Revenue Procedure 2003-65, the IRS provided a safe harbor pursuant to which a mezzanine loan, if it meets each of the requirements contained in the Revenue Procedure, will be treated by the IRS as a real estate asset for purposes of the REIT asset tests, and interest derived from the mezzanine loan will be treated as qualifying mortgage interest for purposes of the REIT 75% income test. Although the Revenue Procedure provides a safe harbor on which taxpayers may rely, it does not prescribe rules of substantive tax law. We have acquired and will continue to acquire mezzanine loans that may not meet all of the requirements for reliance on this safe harbor. In the event we own a mezzanine loan that does not meet the safe harbor, the IRS could challenge the loan's treatment as a real estate asset for purposes of the REIT asset and income tests, and if the challenge were sustained, we could fail to qualify as a REIT.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Philadelphia, Pennsylvania:

We maintain offices through our Manager. Our Manager and Resource America maintains executive and corporate offices at One Crescent Drive in the Philadelphia Navy Yard, Philadelphia, Pennsylvania, under a lease for 13,484 square feet that expires in May 2019. In addition, in October 2012 and amended in May 2013, Resource America signed a ten-year lease which commenced in August 2013 for 34,476 square feet of office space at 1845 Walnut Street, Philadelphia, Pennsylvania, an office building in which Resource America owns a 7% equity interest. The lease expires in September 2023.

New York, New York:

Resource America maintains additional executive offices in a 12,930 square foot location at 712 5th Avenue, New York, New York under a lease agreement that expires in July 2020. A portion of this office space is sublet to The Bancorp, Inc., an affiliated entity of Resource America.

ITEM 3. LEGAL PROCEEDINGS

We are not a party to any material legal proceedings.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

PART II

ITEM 5 MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND
ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

Our common stock has been listed on the NYSE under the symbol "RSO" since our initial public offering in February 2006. The following table sets forth for the indicated periods the high and low prices for our common stock, as reported on the NYSE, and the dividends declared and paid during our past two fiscal years:

	High	Low	Dividends Declared
December 31, 2013			
Fourth Quarter	\$6.23	\$5.77	\$0.20 (1)
Third Quarter	\$6.64	\$5.42	\$0.20
Second Quarter	\$6.72	\$6.06	\$0.20
First Quarter	\$6.87	\$5.81	\$0.20
December 31, 2012			
Fourth Quarter	\$6.13	\$5.36	\$0.20
Third Quarter	\$6.28	\$5.27	\$0.20
Second Quarter	\$5.55	\$5.09	\$0.20
First Quarter	\$5.99	\$5.39	\$0.20

(1) We distributed a regular dividend of \$0.20 on January 28, 2014, to stockholders of record as of December 31, 2013.

We are organized and conduct our operations to qualify as a REIT, which requires that we distribute at least 90% of our REIT taxable income. Therefore, we intend to continue to declare quarterly distributions on our common stock. No assurance, however, can be given as to the amounts or timing of future distributions as such distributions are subject to our earnings, financial condition, capital requirements and such other factors as our board of directors deems relevant.

As of February 26, 2014, there were 128,420,570 common shares outstanding held by 452 persons of record. See Item 12 - "Security Ownerships of Certain Beneficial Owners and Management and Related Stockholder Matters" for information relating to securities authorized for issuance under our equity compensation plans.

Our 8.50% Series A Cumulative Redeemable Preferred Shares, or Series A Preferred Shares, are listed on the NYSE and traded under the symbol "RSOPrA." The Series A Preferred Shares were first issued in the second and third quarter of 2012. We declared a dividend per share of \$0.27153 on the Series A Preferred Shares for the second quarter of 2012, representing the pro ration of the specified dividend for the quarter for the period during which the Series A Preferred Shares were outstanding in the quarter. In each subsequent quarter, we have declared and paid the specified dividend per share of \$0.53125. No dividends are currently in arrears on the Series A Preferred Shares.

Our 8.25% Series B Cumulative Redeemable Preferred Shares, or Series B Preferred Shares, are listed on the NYSE and traded under the symbol "RSOPrB." The Series B Preferred Shares were first issued in the third and fourth quarter of 2012. We declared a dividend per share of \$0.16042 on the Series B Preferred Shares for the third quarter of 2012, representing the pro ration of the specified dividend for the quarter for the period during which the Series B Preferred Shares were outstanding in the quarter. In each subsequent quarter, we have declared and paid the specified dividend per share of \$0.515625. No dividends are currently in arrears on the Series B Preferred Shares.

Recent Sales of Unregistered Securities

In accordance with the provisions of the management agreement, on April 30, 2012, July 31, 2012 and October 31, 2012 we issued 28,252, 83,776 and 34,506 shares of common stock, respectively, to our Manager. These shares represented 25% of the Manager's quarterly incentive compensation fee that accrued for the three months ended March 31, 2012, for the three months ended June 30, 2012 and for the three months ended September 30, 2012, respectively. The issuance of these shares was exempt from the registration requirements of the Securities Act pursuant to Section 4(2) thereof.

Performance Graph

The following line graph presentation compares cumulative total shareholder returns of our common stock with the Russell 2000 Index and the NAREIT All REIT Index for the period from February 10, 2006 to December 31, 2013. The graph and table assume that \$100 was invested in each of our common stock, the Russell 2000 Index and the NAREIT All REIT Index on December 31, 2007, and that all dividends were reinvested. This data as furnished by the Research Data Group.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion provides information to assist you in understanding our financial condition and results of operations. This discussion should be read in conjunction with our consolidated financial statements and related notes appearing elsewhere in this report. This discussion contains forward-looking statements. Actual results could differ materially from those expressed in or implied by those forward-looking statements. Please see "Forward-Looking Statements" and "Risk Factors" in this report for a discussion of certain risks, uncertainties and assumptions associated with those statements.

We are a diversified real estate investment trust that is primarily focused on originating, holding and managing commercial mortgage loans and other commercial real estate-related debt and equity investments. We also make other commercial finance investments. We are organized and conduct our operations to qualify as a real estate investment trust, or REIT, under Subchapter M of the Internal Revenue Code of 1986, as amended. Our objective is to provide our stockholders with total returns over time, including quarterly distributions and capital appreciation, while seeking to manage the risks associated with our investment strategies. We invest in a combination of real estate-related assets and, to a lesser extent, higher-yielding commercial finance assets. We have financed a substantial portion of our portfolio investments through borrowing strategies seeking to match the maturities and repricing dates of our financings with the maturities and repricing dates of those investments, and have sought to mitigate interest rate risk through derivative instruments.

We are externally managed by Resource Capital Manager, Inc., or the Manager, an indirect wholly-owned subsidiary of Resource America, Inc. (NASDAQ: REXI), or Resource America, a specialized asset management company that uses industry-specific expertise to evaluate, originate, service and manage investment opportunities through its commercial real estate, financial fund management and commercial finance operating segments. As of September 30, 2013, Resource America managed approximately \$16.6 billion of assets in these sectors. To provide its services, the Manager draws upon Resource America, its management team and their collective investment experience.

We generate our income primarily from the spread between the revenues we receive from our assets and the cost to finance the purchase of those assets, from management of assets and from hedging interest rate risks. We generate revenues from the interest and fees we earn on our whole loans, A notes, B notes, mezzanine debt, commercial mortgage-backed securities, or CMBS, bank loans, other asset-backed securities, or ABS, and structured note investments. We also generate revenues from the rental and other income from real properties we own, from management of externally originated bank loans and from our investment in an equipment leasing business. Historically, we have used a substantial amount of leverage to enhance our returns and we have financed each of our different asset classes with different degrees of leverage. The cost of borrowings to finance our investments is a significant part of our expenses. Our net income depends on our ability to control these expenses relative to our revenue. In our bank loan, CMBS and ABS portfolios, we historically have used warehouse facilities as a short-term financing source and CDOs and CLOs, and, to a lesser extent, other term financing as long-term financing sources. In our commercial real estate loan portfolio, we historically have used repurchase agreements as a short-term financing source, and CDOs and, to a lesser extent, other term financing as long-term financing sources. Our other term financing has consisted of long-term match-funded financing provided through long-term bank financing and asset-backed financing programs, depending upon market conditions and credit availability. During December 31, 2013, the economic environment continued to be more positive in the United States, which resulted in several positive operating developments for us. Our ability to access the capital markets continued to improve, as evidenced by our common stock offering in April 2013, resulting in proceeds to us of \$114.5 million, and by the success of our dividend reinvestment and share purchase program, or DRIP, which raised \$19.2 million. In addition, we supplemented our common equity issuances with issuances of preferred stock through an at-the-market program which resulted in proceeds of \$56.8 million in 2013. We also completed a 6.0% convertible notes offering in October 2013 with proceeds of \$111.1 million. This brought our total proceeds raised through our capital markets efforts to \$301.6 million in 2013, after underwriting discounts and commissions and other offering expenses.

[\(Back to Index\)](#)

42

[\(Back to Index\)](#)

Although economic conditions in the United States have improved, previous conditions in real estate and credit markets continue to affect both us and a number of our commercial real estate borrowers. Over a period of several years, we entered into loan modifications with respect to 17 of our outstanding commercial real estate loans. During the past three years, we have added to our provision for loan losses to reflect the effect of these conditions on our borrowers and have recorded both temporary and other than temporary impairments in the market valuation of CMBS and ABS in our investment portfolio. However, during 2012 and into December 31, 2013, the improved economic conditions led to a stabilization in the credit quality of our portfolio and, as a result, our provision for loan losses has decreased significantly for 2013. We expensed provisions of \$3.0 million for the year ended December 31, 2013 as compared to provisions of \$16.8 million for the year ended December 31, 2012. Our asset impairments have increased slightly, we recognized asset impairments of \$863,000 for the year ended December 31, 2013 as compared to \$180,000 for the year ended December 31, 2012. We also saw a marked improvement in other comprehensive income with respect to our available for sale securities portfolio and interest rate derivatives, which declined to a loss of \$14.0 million at December 31, 2013 from a loss of \$27.1 million at December 31, 2012. While we believe we have appropriately valued the assets in our investment portfolio at December 31, 2013, we cannot assure you that further impairments will not occur or that our assets will otherwise not be adversely affected by market conditions.

Beginning in 2011, we began to see a loosening of the credit markets and were able to take advantage of the situation by establishing several new financing arrangements, a trend that continued in 2012 when we closed two financing facilities totaling \$250.0 million with Wells Fargo Bank and in 2013 when we closed a \$200.0 million financing facility with Deutsche Bank AG, or DB. We continue to engage in discussions with potential financing sources about providing commercial real estate term financing to augment and cautiously grow our loan and security portfolio. We have expanded our borrowings with the use of term and additional repurchase agreements and are using them primarily to finance newly underwritten commercial real estate loans and the purchase of highly rated CMBS. We anticipate replacing these short-term borrowings with longer term financing in the form of securitization borrowings as we did with our newest commercial real estate, or CRE securitization, a \$307.8 million CLO in December 2013. We expect to be able to continue the growth in our CRE portfolio to a critical amount required to access the securitization markets again during 2014. However, we caution investors that even as financing through the credit markets becomes more available, we may not be able to obtain economically favorable terms.

In terms of our investments and investment portfolio growth, we continued to see increased opportunities to deploy our capital. Beginning in October 2010 through December 31, 2013, we have underwritten 51 new CRE loans for a total of \$664.2 million, some of which were financed by using capital recycled through our two real estate CDO securitizations. The balances were financed through our CRE term facilities and our new CRE securitization. We also purchased 48 newly underwritten CMBS for \$164.3 million beginning in February 2011 through December 31, 2013, all of which were financed with a Wells Fargo facility. We also purchased eight CMBS bonds for \$32.4 million that were financed by our two CRE CDOs beginning in February 2011 through December 31, 2013. In addition, we purchased 19 CMBS bonds for \$79.7 million that were financed by short-term repurchase agreements and also purchased 14 CMBS bonds for \$75.3 million where no debt financing sources were utilized. We have used recycled capital in our bank loan CLO structures to make new investments at discounts to par. We expect that the reinvested capital and related discounts will produce additional income as the discounts are accreted into interest income. In addition, the purchase of these investments at discounts allows us to build collateral in the CLO structures since we receive credit in these structures for these investments at par. From net discounts of approximately \$27.1 million at December 31, 2012, we recognized income of approximately \$10.0 million in our bank loan CLO portfolio for 2013 and expect to accrete approximately \$1.7 million into income in calendar year 2014. However, we have no further capacity in two of our bank loan collateralized loan obligation issuers, or CLOs, and two real estate CDOs have ended their reinvestment periods. We continue to have reinvestment capacity in one bank loan CLO where the reinvestment period continues to May 2014. We intend to use the existing capacity in our CMBS and CRE term credit facilities with Wells Fargo of \$50.9 million and \$207.6 million, respectively, and with Deutsche Bank of \$200.0 million, as of February 28, 2014 to help finance new CRE and CMBS investments.

Conversely, we also saw a decline in our commercial finance assets, our bank loan portfolio as two of our CLOs were liquidated in 2013 and two of our CLOs have matured and as the collateral assets pay down, the proceeds are used to

pay down the associated debt. This trend has seen our net interest income from bank loans decline substantially in 2013. We expect to mitigate this trend by deploying capital into our middle-market lending business, which loans are similar in nature to bank loans, and in our growing commercial real estate lending platform. Due to these recent developments, our increased ability to access credit markets, our recent capital markets efforts and our investment of a significant portion of our available unrestricted and restricted cash balances during 2013, we expect to continue to modestly increase our net interest income into 2014. However, because we believe that economic conditions in the United States are fragile, and could be significantly harmed by occurrences over which we have no control, we cannot assure you that we will be able to meet our expectations, or that we will not experience net interest income reductions.

[\(Back to Index\)](#)

On October 31, 2013, we, through RCC Residential, Inc., our newly-formed taxable REIT subsidiary, acquired a residential mortgage origination company, Primary Capital Advisors LC, or PCA, an Atlanta based firm for \$7.6 million in cash. In addition, a key employee of PCA was granted approximately \$800,000 in shares of our common stock that was subsequently accounted for as compensation. The shares of common stock were issued in a private transaction exempt from registration under Section 4(2) of the Securities Act of 1933, as amended. Of the \$7.6 million cash consideration, \$1.8 million was set aside in an escrow account as a contingency for potential purchase price adjustments. Our acquisition of PCA represents a return to the residential mortgage investment market, by providing us with our first residential mortgage origination platform. We intend to cautiously expand this business over the next 12 to 15 months while adding infrastructure, staff and new technology.

In the latter half of 2013, we provided a middle market lending operation operated by our Manager with funds to invest on our behalf. These funds were derived from proceeds of sales from a partial liquidation of our trading portfolio. Our first investments were in bank loans purchased in the secondary market; however, in December 2013, we closed on a self-originated loan. We expect to grow this business in 2014, which will help mitigate the revenues lost as a result of the liquidation and run-off of several bank loan CLOs.

As of December 31, 2013 and 2012, we had invested 83% of our portfolio in CRE assets, 15% in commercial bank loans and 2% in other assets.

Results of Operations

Our net income allocable to common shares for the year ended December 31, 2013 was \$39.2 million, or \$0.33 per share (basic and diluted) as compared to net income allocable to common shares of \$63.2 million, or \$0.71 per share (basic and diluted) for the year ended December 31, 2012, and as compared to net income allocable to common shares of \$37.7 million, or \$0.54 per share-basic (\$0.53 per share-diluted) for the year ended December 31, 2011.

Interest Income

Year Ended December 31, 2013 as compared to Year Ended December 31, 2012

Aggregate interest income decreased \$15.4 million (12%) to \$118.0 million for the year ended December 31, 2013, from \$133.3 million for the year ended December 31, 2012. We attribute this decrease to the following:

Interest Income from Loans. Aggregate interest income from loans decreased \$9.6 million (9%) to \$99.5 million for the year ended December 31, 2013 from \$109.0 million for the year ended December 31, 2012.

[\(Back to Index\)](#)

46

[\(Back to Index\)](#)

Interest income on bank loans decreased \$17.4 million (24%) to \$54.1 million for the year ended December 31, 2013 from \$71.5 million for the year ended December 31, 2012, which principally was the result of the following: a decrease in the weighted average loan balance of \$214.9 million to \$975.0 million for the year ended December 31, 2013 from \$1.2 billion for the year ended December 31, 2012, principally due to two of our CLOs, Apidos CLO VIII and Whitney CLO I, liquidating in September 2013 and October 2013, respectively. In addition, two of our remaining CLOs (Apidos CLO I and Apidos CLO III) had reached the end of their reinvestment periods in prior years and, as a result, any principal collected is used to pay down notes instead of being reinvested in new assets. For the year ended December 31, 2013, Apidos CLO I and Apidos CLO III paid down a total of \$173.2 million par value of loans; and a decrease in the weighted average yield to 5.54% for the year ended December 31, 2013 as compared to 5.94% for the year ended December 31, 2012, primarily as a result of the decrease in accretion income from Apidos CLO VIII and Whitney CLO I as a result of their liquidation, as well as a decrease in accretion income from Apidos CDO I and Apidos CDO III resulting from decreasing asset and discount balances as both securitizations reached the end of their reinvestment periods.

Interest income on commercial real estate, or CRE, loans increased \$7.8 million (21%) to \$45.3 million for the year ended December 31, 2013, as compared to \$37.5 million for the year ended December 31, 2012. This increase is a result of the following combination of factors:

an increase in the weighted average yield to 5.81% during the year ended December 31, 2013 from 5.25% during the year ended December 31, 2012 as a result of newly originated real estate loans with higher stated interest rates than our legacy portfolio and as a result of exit fees from seven loans that paid off during the year ended December 31, 2013; and

an increase of \$65.5 million in the weighted average loan balance to \$767.3 million for the year ended December 31, 2013 from \$701.8 million for the year ended December 31, 2012 as we reinvested proceeds from payoffs and paydowns, classified as restricted CDO cash on our balance sheet, beginning in the fourth quarter of 2011, with the majority of these proceeds being reinvested during the second and third quarters of 2012. In addition, we began to originate new loans financed by our Wells Fargo CRE credit facility coupled with new equity raised and closed a new CRE securitization in December 2013.

Interest Income from Securities. Aggregate interest income from securities increased \$13,000 (0.1%) to \$14.3 million for the year ended December 31, 2013 from \$14.3 million for the year ended December 31, 2012. The increase in interest income from securities resulted principally from the following:

Interest income on CMBS-private placement increased \$53,000 (less than 1%) to \$11.4 million for the year ended December 31, 2013 as compared to \$11.4 million for the year ended December 31, 2012. The slight increase resulted from an increase in the weighted average balance of assets of \$12.8 million during the year ended December 31, 2013 to \$229.3 million from \$216.5 million for the year ended December 31, 2012 primarily as a result of the purchase of assets on our Wells Fargo CMBS facility beginning in February 2011 and purchases using three short-term repurchase agreements as well as proceeds from our common and preferred stock offerings. This was partially offset by the reclassification of assets to linked transactions when certain assets were financed.

The increase in interest income on CMBS-private placement as a result of the increase in the weighted average balance was almost completely offset by a decrease in the weighted average yield of assets to 4.93% for the year ended December 31, 2013 from 5.22% for the year ended December 31, 2012 primarily as a result of the decrease in accretion income caused by higher purchase prices on newer securities. The new assets financed by our Wells facility were typically purchased at a premium. Our legacy CMBS assets had previously been purchased at a discount. Interest income from ABS decreased \$104,000 (7%) to \$1.4 million for the year ended December 31, 2013 from \$1.5 million for the year ended December 31, 2012 as a result of a decrease of \$4.7 million in the weighted average loan balance to \$27.4 million for the year ended December 31, 2013, from \$32.1 million for the year ended December 31, 2012, as a result of \$6.8 million in paydowns from October 2012 through December 2013. The decrease in the weighted average balance was partially offset by an increase in the weighted average yield during the year ended December 31, 2013 to 5.06% from 4.80% during the year ended December 31, 2012 as a result of the paydowns during 2013, which accelerated accretion income recognition.

Interest income from corporate bonds increased \$446,000 (121%) to \$814,000 for the year ended December 31, 2013 from \$368,000 for the year ended December 31, 2012 and was the result of our acquisition in October 2012 and in May 2013 of 66.6% and 1.7%, respectively, of the equity in Whitney CLO I which resulted in us consolidating this entity that held some corporate bonds. Whitney CLO I was subsequently liquidated in October 2013.

[\(Back to Index\)](#)

47

[\(Back to Index\)](#)

Interest income on RMBS decreased \$382,000 (36%) to \$685,000 for the year ended December 31, 2013 as compared to \$1.1 million for the year ended December 31, 2012. The decrease is almost entirely the result of the sale of four positions during the year ended December 31, 2012 and two positions during the year ended December 31, 2013.

Interest Income - Other. Aggregate interest income-other decreased \$5.8 million (58%) to \$4.2 million for the year ended December 31, 2013 as compared to \$10.0 million for the year ended December 31, 2012 and is primarily related to the divestiture of a large portion of our trading securities investment program with Resource Capital Markets, Inc., a wholly-owned subsidiary of Resource America, that invested \$13.0 million of our funds under an investment management agreement. The payments vary from period to period and are based on cash flows from the underlying securities rather than on a contractual interest rate. The decrease of the weighted average balance of assets of \$12.5 million to \$38.8 million for the year ended December 31, 2013 as compared to \$51.2 million for the year ended December 31, 2012 and was primarily related to the sale of 12 securities in September 2012, which has significantly reduced the balance of investments held in trading securities. The remaining portfolio has decreased substantially as there were eight positions at December 31, 2013 and 26 positions at December 31, 2012, and as a result, there are fewer available distributions from the positions to recognize.

Year Ended December 31, 2012 as compared to Year Ended December 31, 2011

Aggregate interest income increased \$23.5 million (21%) to \$133.3 million for the year ended December 31, 2012, from \$109.9 million for the year ended December 31, 2011. We attribute this increase to the following:

Interest Income from Loans. Aggregate interest income from loans increased \$22.3 million (26%) to \$109.0 million for the year ended December 31, 2012 from \$86.7 million for the year ended December 31, 2011.

Interest income on bank loans increased \$16.7 million (30%) to \$71.5 million for the year ended December 31, 2012 from \$54.8 million for the year ended December 31, 2011. The increase for the year ended December 31, 2012 resulted primarily from the following:

an increase in the weighted average loan balance of \$226.5 million to \$1.2 billion for the year ended December 31, 2012 from \$963.4 million for the year ended December 31, 2011, principally as a result of our new CLO, Apidos CLO VIII, for which we began acquiring assets in July 2011, and Whitney CLO I, which we began consolidating in October 2012 when we acquired a controlling interest. The increase in the weighted average balance was partially offset by a decrease in the loan asset balances at Apidos CLO I and Apidos CLO III as both have reached the end of their reinvestment period and are now required to use principal proceeds from bank loan payoffs and paydowns to repay outstanding debt. For the year ended December 31, 2012, Apidos CLO I and Apidos CLO III paid down a total of \$151.2 million par value of CLOs; and

an increase in the weighted average yield to 5.94% for the year ended December 31, 2012 as compared to 5.63% for the year ended December 31, 2011, primarily as a result of the increase in accretion income from Apidos CLO VIII for which we began acquiring assets in July 2011. The increase in accretion income from Apidos CLO VIII was partially offset by a decrease in accretion income from Apidos CLO I and Apidos CLO III as those CLOs have decreasing asset and discount balances as both have reached the end of their reinvestment periods.

Interest income on CRE loans increased \$5.6 million (18%) to \$37.5 million for the year ended December 31, 2012, as compared to \$31.9 million for the year ended December 31, 2011. This increase is a result of the following combination of factors:

an increase of \$55.7 million in the weighted average loan balance to \$701.8 million for the year ended December 31, 2012 from \$646.1 million for the year ended December 31, 2011 as we reinvested proceeds from payoffs and paydowns, classified as restricted CDO cash on our balance sheet, beginning in the fourth quarter of 2011, with the majority of these proceeds being reinvested during the second and third quarters of 2012. In addition, we began to originate new loans financed by our Wells Fargo CRE credit facility coupled with new equity raised in 2012; and an increase in the weighted average yield to 5.25% during the year ended December 31, 2012 from 4.95% during the year ended December 31, 2011 as a result of newly originated real estate loans with higher stated interest rates than our legacy portfolio and as a result of an acceleration of fees on one loan that paid off in August 2012.

Interest Income from Securities. Aggregate interest income from securities increased \$1.9 million (15%) to \$14.3 million for the year ended December 31, 2012 from \$12.4 million for the year ended December 31, 2011. The increase in interest income from securities resulted principally from the following:

[\(Back to Index\)](#)

48

[\(Back to Index\)](#)

Interest income on CMBS-private placement increased \$2.1 million (22%) to \$11.4 million for the year ended December 31, 2012 as compared to \$9.3 million for the year ended December 31, 2011. The increase resulted from an increase in the weighted average balance of assets of \$55.9 million during the year ended December 31, 2012 to \$216.5 million from \$160.6 million for the year ended December 31, 2011 primarily as a result of the purchase of assets on our Wells Fargo CMBS facility beginning in February 2011 as well as purchases using proceeds from our stock offerings in 2012. The increase in interest income on CMBS-private placement was partially offset by a decrease in the weighted average yield of assets to 5.22% for the year ended December 31, 2012 from 5.65% for the year ended December 31, 2011 primarily as a result of the decrease in accretion income during the year ended December 31, 2012. In 2012, securities were purchased at a net premium as opposed to the net discount of our purchases in prior years.

Interest Income - Other. Aggregate interest income-other decreased \$707,000 (7%) to \$10.0 million for the year ended December 31, 2012, as compared to \$10.7 million for the year ended December 31, 2011 and is primarily related to our trading securities investment program with Resource Capital Markets, Inc. which invested \$13.0 million of our funds under an investment management agreement. The payments vary from period to period and are based on cash flows from the underlying securities rather than on a contractual interest rate. The decrease for the year ended December 31, 2012 was primarily related to the sale of 12 securities in September 2012 which resulted in the ceasing of preference share payments related to those securities as of their disposition.

Interest Expense

The following tables set forth information relating to our interest expense incurred for the periods presented by asset class (in thousands, except percentages):

	Years Ended December 31,		
	2013	2012	2011
Interest expense:			
Bank loans	\$34,463	\$21,781	\$11,348

Hedging	4.95	% \$1,160	—	8,415	—	8,415
Securitized borrowings	15.27	% \$—	—	1,859	—	1,859
General	5.75	% \$917	46	3,574	—	3,620
Total interest expense			\$3,634	\$28,552	\$—	\$32,186

Year Ended December 31, 2013 as compared to Year Ended December 31, 2012

Aggregate interest expense increased \$18.2 million (43%) to \$61.0 million for the year ended December 31, 2013, from \$42.8 million for the year ended December 31, 2012. We attribute this increase to the following:

Interest expense on bank loans was \$34.5 million for the year ended December 31, 2013 as compared to \$21.8 million for the year ended December 31, 2012, an increase of \$12.7 million (58%). This increase resulted primarily from the increase in the weighted average yield to 3.54% for the year ended December 31, 2013 as compared to 1.83% for the year ended December 31, 2012 primarily due to an increase in expense related to Apidos CLO VIII and Whitney CLO I which was liquidated in September 2013 and October 2013, respectively. This accelerated the original issue discount and deferred issuance costs recorded when these CLOs were initially consolidated.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

The increase in interest expense resulting from the increase in the weighted average yield was partially offset by a decrease in the weighted average balance of the related financings of \$212.8 million (18%) to \$961.7 million for the year ended December 31, 2013 as compared to \$1.2 billion for the year ended December 31, 2012 due to the call and liquidation of Apidos CLO VIII and Whitney CLO I in September 2013 and October 2013, respectively, which resulted in the paydown of all outstanding notes. In addition, Apidos CDO I and Apidos CDO III reached the end of their reinvestment periods in prior years. During the year ended December 31, 2013, Apidos CDO I paid down \$116.1 million in principal amount of its CDO notes and Apidos CDO III paid down \$75.9 million in principal amount of its CDO notes.

Interest expense on CRE loans was \$9.0 million for the year ended December 31, 2013, as compared to \$7.6 million for the year ended December 31, 2012, an increase of \$1.5 million (19%) as a result of increase in the weighted average yield to 2.15% for the year ended December 31, 2013 as compared to 1.62% for the year ended December 31, 2012 which was due primarily to note paydowns which increased the weighted average cost of these borrowings as the lower yield debt was repaid as required in the indenture agreements.

The increase in interest rate on commercial real estate loans was partially offset during the year ended December 31, 2013 by a decrease in the weighted average balance of debt of \$41.5 million to \$416.5 million from \$458.0 million for the year ended December 31, 2012, primarily as a result of the debt amortization of Resource Real Estate Funding CDO 2006-1, or RREF CDO 2006-1, and Resource Real Estate Funding CDO 2007-1, or RREF CDO 2007-1, as they reached the end of their reinvestment periods in prior years. During the year ended December 31, 2013, the CDOs paid down a total of \$129.2 million of notes.

Hedge expense decreased \$515,000 (7%) to \$6.8 million for the year ended December 31, 2013 as compared to \$7.3 million for the year ended December 31, 2012. The decrease in the hedging expense was primarily due to the scheduled amortization on swaps and, to a lesser extent, changes in LIBOR.

Securitized borrowings expense increased \$3.5 million to \$5.5 million for the year ended December 31, 2013 as compared to \$2.0 million for the year ended December 31, 2012. This interest expense is related to our subordinated investments in Apidos CLO VIII and Whitney CLO I. The interest expense is imputed using an estimated internal rate of return based on expected cash flows over the life of each CLO. The increase for the year ended December 31, 2013 was due to acceleration of expense as a result of the liquidation of these CLOs.

Interest expense on convertible senior notes was \$1.5 million. In October 2013, we closed and issued \$115.0 million aggregate principal amount of our 6.00% convertible senior notes due 2018.

Year Ended December 31, 2012 as compared to Year Ended December 31, 2011

Aggregate interest expense decreased \$10.6 million (33%) to \$42.8 million for the year ended December 31, 2012, from \$32.2 million for the year ended December 31, 2011. We attribute this decrease to the following:

Interest expense on bank loans was \$21.8 million for the year ended December 31, 2012, as compared to \$11.3 million for the year ended December 31, 2011, an increase of \$10.4 million (92%). This increase resulted primarily from the following:

an increase in the weighted average balance of the related financings of \$193.5 million (20%) to \$1.2 billion for the year ended December 31, 2012 as compared to \$981.0 million for the year ended December 31, 2011 due to the closing of our new CLO, Apidos CLO VIII, which occurred in October 2011 and from the consolidation of Whitney CLO I in which we acquired a controlling interest in October 2012. The increase in weighted average balance of financings from the two new CLOs was partially offset by the debt amortization of Apidos CDO I and Apidos CDO III as they reached the end of their reinvestment periods in July 2011 and June 2012, respectively. During the period July, 31, 2011 through December 31, 2012, Apidos CDO I paid down \$116.3 million in principal amount of its CDO notes. During the period from July 1, 2012 through December 31, 2012, Apidos CDO III paid down \$40.5 million in principal amount of its CDO notes; and

an increase in the weighted average rate to 1.83% for the year ended December 31, 2012 from 1.16% for the year ended December 31, 2011 primarily as a result of the increase in LIBOR, a reference index for the rates payable on most of these financings as well as a full year of interest expense on Apidos CLO VIII which has a higher weighted average rate than our legacy Apidos CLOs as a result of market conditions as the time that Apidos CLO VIII was closed.

[\(Back to Index\)](#)

51

[\(Back to Index\)](#)

Interest expense on commercial real estate loans was \$7.6 million for the year ended December 31, 2012, as compared to \$6.4 million for the year ended December 31, 2011, an increase of \$1.2 million (18%). This increase resulted primarily from the acceleration of deferred debt issuance costs on RREF CDO 2007-1 as a result of note repurchases and deferred debt issuance costs on our new credit facility during the year ended December 31, 2012, which increased the weighted average cost of these borrowings.

Interest expense on CMBS-private placement increased \$477,000 (87%) to \$1.0 million for the year ended December 31, 2012 as compared to \$547,000 for the year ended December 31, 2011. The increase is due entirely to a Master Repurchase Agreement with Wells Fargo Bank that we entered into in February 2011 to use in acquiring highly-rated CMBS.

These increases were partially offset by a decrease in interest expense on hedging instruments of \$1.1 million (14%) to \$7.3 million for the year ended December 31, 2012 as compared to \$8.4 million for the year ended December 31, 2011. The decrease in the hedging expense was primarily due to the maturities of \$37.9 million notional amount of hedges beginning in July 2011 through August 2012.

Interest expense on securitized borrowings increased \$134,000 (7%) to \$2.0 million for the year ended December 31, 2012 as compared to \$1.9 million for the year ended December 31, 2011. This interest expense is related to our subordinated investments in Apidos CLO VIII and Whitney CLO I. The interest expense is imputed by an estimated internal rate of return based on expected cash flows over the life of each CLO.

This increase was partially offset by a decrease in general interest expense of \$458,000 (13%) to \$3.2 million for the year ended December 31, 2012 as compared to \$3.6 million for the year ended December 31, 2011. The decrease is primarily the result of the expiration of a two-year amendment on our trust preferred securities, or TRUPs, on September 30, 2011 which reduced the contractual interest rate on our TRUPs by 2%.

Other Revenue

The following table sets forth information relating to our other revenue incurred for the periods presented (in thousands):

	Years Ended December 31,		
	2013	2012	2011
Other revenue:			
Rental income	\$ 19,923	\$ 11,463	\$ 3,656
Dividend income	273	69	3,045
Equity in net earnings (losses) of unconsolidated subsidiaries	949	(2,709)	112
Fee income	6,075	7,068	7,789
Net realized gain on investment securities available-for-sale and loans	10,986	4,106	2,643
Net realized and unrealized (loss) gain on investment securities, trading	(324)	12,435	837
Unrealized (loss) gain and net interest income on linked transactions, net	(3,841)	728	216
Total other revenue	\$ 34,041	\$ 33,160	\$ 18,298

Year Ended December 31, 2013 as compared to Year Ended December 31, 2012

Rental income increased \$8.5 million (74%) to \$19.9 million for the year ended December 31, 2013 as compared to \$11.5 million for the year ended December 31, 2012. The increase is primarily related to a full year of income generated by a hotel property in 2013 which we acquired by converting a loan to an equity position in September 2012. The hotel was held for sale at December 31, 2013.

Equity in net earnings (losses) of unconsolidated subsidiaries increased \$3.7 million (135%) to earnings of \$949,000 during the year ended December 31, 2013 from a loss of \$2.7 million for the year ended December 31, 2012. The increase in earnings was primarily related to our investment in LCC for which we realized a loss of \$183,000 for the year ended December 31, 2013 as compared to a loss of \$3.3 million for the year ended December 31, 2012. In addition, we recognized \$1.2 million of income related to our investment in CVC Global Credit Opportunities Fund,

L.P. There was no such investment during the year ended December 31, 2012.

[\(Back to Index\)](#)

52

[\(Back to Index\)](#)

Fee income decreased \$993,000 (14%) to \$6.1 million for the year ended December 31, 2013 from \$7.1 million for the year ended December 31, 2012. This income is primarily related to our February 2011 acquisition of a company that manages bank loan assets and entitled us to collect senior, subordinated and incentive fees related to five CLOs. The decrease during the year ended December 31, 2013 is related to the consolidation of Whitney CLO I in October 2012 due to our acquisition of a controlling interest. As a result of consolidation, the related fee income terminated. In October 2013, this CLO was liquidated. In addition, a second CLO in that portfolio liquidated in January 2013 and, as a result, no longer provides fee income.

Net realized gain on investment securities available-for-sale and loans increased \$6.9 million (168%) to \$11.0 million for the year ended December 31, 2013 from \$4.1 million for the year ended December 31, 2012. The increase for the year ended December 31, 2013 is primarily due to gains of \$5.0 million as a result of the liquidation of Apidos CLO VIII in October 2013 as well as gains of \$2.2 million on the sales of residential mortgage loans, a business we acquired in October 2013.

Net realized and unrealized (loss) gain on investment securities, trading decreased \$12.8 million (103%) to a loss of \$324,000 during the year ended December 31, 2013 as compared to a gain of \$12.4 million during the year ended December 31, 2012 primarily, as a result of a sale of nine securities in 2013 and 12 securities in September 2012, which has significantly reduced the balance of investments held in trading securities. The remaining portfolio has decreased substantially as we held eight positions and 13 positions at December 31, 2013 and December 31, 2012, respectively, and as a result, there is less opportunity to realize gains. In addition, marks decreased at December 31, 2013 as a result of a downturn in the market for these types of securities.

Realized (loss) gain and net interest income on linked transactions, net, decreased \$4.6 million (628%) to a loss of \$3.8 million for the year ended December 31, 2013 from a gain of \$728,000 for the year ended December 31, 2012. The amounts are related to our CMBS securities that are purchased with repurchase agreements with the same counterparty from whom the securities are purchased. These transactions are entered into contemporaneously or in contemplation of each other and are presumed not to meet sale accounting criteria. We account for these transactions on a net basis and record a forward purchase commitment to purchase securities (each, a "linked transaction") at fair value. The increase in expense for the year ended December 31, 2013 resulted from the change in market value of our linked transactions with longer duration to maturity at December 31, 2013 as compared to December 31, 2012.

Year Ended December 31, 2012 as compared to Year Ended December 31, 2011

Rental income was \$11.5 million and \$3.7 million for the years ended December 31, 2012 and 2011, respectively, and is related to our investments in real estate and to a lesser extent, our property available-for-sale. We acquired two properties in June 2011 and one property in August 2011 (a full year of whose results were reflected in 2012) and one property in September 2012.

We received dividend income of \$69,000 and \$3.0 million for the years ended December 31, 2012 and 2011, respectively. Substantially all of our dividend income for the year ended December 31, 2011 is related to a transaction whereby on November 16, 2011, we entered into an agreement and exchanged our old preferred interest in LEAF Commercial Capital, Inc., or LCC, an equipment leasing company, for a new preferred interest in LCC as part of LCC's recapitalization. We have accounted for our resulting interest under the equity method subsequent to November 16, 2011 and, therefore, we no longer record dividend income from this investment. As of November 16, 2011, we record our equity interest in other income (expense). For the year ended December 31, 2012, we recorded a loss of \$3.3 million on our equity interest.

We generated management fee income of \$7.1 million and \$7.8 million for the years ended December 31, 2012 and 2011, respectively, which is related to our February 2011 acquisition of a company that manages bank loan assets that entitles us to collect senior, subordinated, and incentive fees related to five collateralized loan obligation issuers, or CLOs. The decrease during the year ended December 31, 2012 is primarily related to the consolidation of Whitney CLO I in October 2012 as a result of our acquisition of a controlling interest. As a result of consolidation, the related fee income eliminates in consolidation.

Net realized gains on investment securities available-for-sale and loans increased \$1.5 million (55%) to \$4.1 million for the year ended December 31, 2012 from \$2.6 million for the year ended December 31, 2011. The increase for the year ended December 31, 2012 is primarily the result of net loss of \$2.4 million on the sale of ABS during the year

ended December 31, 2011 which did not recur in 2012. In addition, during the year ended December 31, 2012, there were \$1.1 million more in gains from the sales from Apidos loans as compared to the year ended December 31, 2011. These increases were partially offset by \$2.1 million less in gains from the sale of CMBS securities during the year ended December 31, 2012.

[\(Back to Index\)](#)

53

[\(Back to Index\)](#)

Net realized and unrealized gain on investment securities, trading increased \$11.6 million (1,386%) to \$12.4 million during the year ended December 31, 2012 as compared to \$837,000 for the year ended December 31, 2011 primarily as a result of an improvement in market prices related to the securities in this portfolio in September 2012. We were able to take advantage of this rally and sold nine securities-trading, for which we recognized realized net gains of \$6.2 million during the three months ended September 30, 2012.

Operating Expenses

The following table sets forth information relating to our operating expenses incurred for the periods presented (in thousands):

	Years Ended		
	December 31, 2013	2012	2011
Operating expenses:			
Management fees – related party	\$14,220	\$18,512	\$11,022
Equity compensation – related party	10,472	4,636	2,526
Rental operating expense	14,062	8,046	2,743
General and administrative - Corporate ⁽¹⁾	12,305	9,773	8,399
General and administrative - PCA ⁽¹⁾	3,805	—	—
Depreciation and amortization	3,855	5,885	4,619
Income tax (benefit) expense	(1,041) 14,602	12,036
Net impairment losses recognized in earnings	863	180	6,898
Provision for loan losses	3,020	16,818	13,896
Total operating expenses	\$61,561	\$78,452	\$62,139

⁽¹⁾ Total general and administrative expense per the consolidated statements of income was \$16.1 million, \$9.8 million and \$8.4 million for the years ended December 31, 2013, 2012 and 2011, respectively.

Year Ended December 31, 2013 as compared to the Year Ended December 31, 2012

Management fees - related party decreased \$4.3 million (23%) to \$14.2 million for the year ended December 31, 2013 as compared to \$18.5 million for the year ended December 31, 2012. This expense represents compensation in the form of base management fees and incentive management fees pursuant to our management agreement as well as fees to the manager of our structured note portfolio. The changes are described below:

Incentive management fees to our Manager, which are based upon the excess of adjusted operating earnings, as defined in the management agreement, over a variable base rate, decreased \$4.0 million (68%) to \$1.9 million for the year ended December 31, 2013 from \$6.0 million for the year ended December 31, 2012. The decrease in this fee was primarily the result of realized losses on the charge-off of assets in our CRE and Apidos portfolios. The incentive fee is calculated for each quarter and the calculation in any quarter is not affected by the results of any other quarter. Base management fees increased by \$3.2 million (39%) to \$11.6 million for the year ended December 31, 2013 as compared to \$8.3 million for the year ended December 31, 2012. This increase was due to increased stockholders' equity, a component in the formula by which base management fees are calculated, primarily as a result of the receipt of \$92.2 million of proceeds from the sales of common stock through our Dividend Reinvestment and Stock Purchase Plan, or DRIP, from January 1, 2012 through December 31, 2013 as well as the receipt of \$55.6 million from the proceeds from our September 2012 secondary common stock offering and the receipt of \$114.5 million from the proceeds of our April 2013 secondary common stock offering. In addition, we had two issuances of preferred stock. First, in June 2012 we sold \$6.0 million 8.5% Series A cumulative preferred stock, or Series A preferred stock. Then in October 2012, we issued \$24.2 million of 8.25% Series B cumulative preferred stock, or Series B preferred stock. We also entered into at-the-market sales agreements and sold \$9.9 million of Series A and \$35.6 million of Series B preferred stock through December 31, 2013, respectively.

Incentive management fees related to our structured finance manager decreased by \$4.1 million (96%) to \$158,000 for the year ended December 31, 2013 as compared to \$4.2 million for the year ended December 31, 2012. The decrease in fees is primarily related to the sale of 12 securities in September 2012, resulting in fewer assets earning

subordinated payments as well as the decrease in the remaining market value on these securities due to a downturn in the market for these types of assets during the year ended December 31, 2013 as compared to the year ended December 31, 2012.

[\(Back to Index\)](#)

54

[\(Back to Index\)](#)

Equity compensation - related party increased \$5.8 million (126%) to \$10.5 million for the year ended December 31, 2013 as compared to \$4.6 million for the year ended December 31, 2012. These expenses relate to the amortization of annual grants of restricted common stock to our non-employee independent directors, and annual and discretionary grants of restricted stock to employees of Resource America who provide investment management services to us through our Manager as well as employees through our recently acquired residential mortgage company subsidiary. The increase in expense was primarily the result of the issuance of new grants during 2013 and 2012 as well as the increase in our stock price and its impact on our quarterly remeasurement of the value of unvested stock of non-employees.

Rental operating expense increased \$6.0 million (75%) to \$14.1 million for the year ended December 31, 2013 as compared to \$8.0 million for the year ended December 31, 2012 and is primarily related to having, in 2013, a full year operations of a hotel property we acquired by conversion of a loan to equity in September 2012. This hotel is held for sale at December 31, 2013.

General and administrative expense - Corporate increased \$2.5 million (26%) to \$12.3 million for the year ended December 31, 2013 as compared to \$9.8 million for the year ended December 31, 2012. The increase is primarily the result of the following combination of factors:

- an increase of \$660,000 related to the reimbursement of office overhead, travel costs and hiring costs for loan origination efforts based in various locations;
- an increase of \$304,000 primarily related to the payment of fees to the investment committee of our board of directors for their services. We resumed paying these fees in April 2012. In addition, two additional board members were added in March 2013 and June 2013; and
- an increase of \$400,000 in payroll expense due to the hiring of additional accounting personnel.

General and administrative expense - PCA was \$3.8 million and is related to the acquisition of PCA, a mortgage origination business in October 2013.

Depreciation and amortization decreased \$2.0 million (34%) to \$3.9 million for the year ended December 31, 2013 as compared to \$5.9 million for the year ended December 31, 2012. The decrease was the result of the reclassification as held-for-sale of one property in the third quarter of 2013. At the time of the reclassification, we ceased depreciation of the asset. In addition, amortization on our intangible assets decreased as a result of the liquidation of one of our related CLOs in January 2013 for which the majority of expense was recognized in December 2012 and as a result of the consolidation of a CLO which caused the amortization of the related intangible asset to be accelerated into the fourth quarter of 2012.

Income tax expense decreased \$15.6 million (107%) to a benefit of \$1.0 million for the year ended December 31, 2013 as compared to expense of \$14.6 million for the year ended December 31, 2012. The decrease in income tax expense is primarily attributable to the liquidation of Apidos CLO VIII and Whitney CLO I beginning in September 2013 and October 2013, respectively. The liquidation caused acceleration of note discount and deferred debt amortization as well as accelerated interest expense on subordinated notes. In addition, we had fewer realized gains on sales in our trading portfolio during the year ended December 31, 2013 after selling 12 securities in September 2012 and realizing gains then.

Our provision for loan losses decreased \$13.8 million (82%) to \$3.0 million for the year ended December 31, 2013, as compared to \$16.8 million for the year ended December 31, 2012. The following table summarizes the information relating our loan losses for the periods presented (in thousands):

	Years Ended December 31,	
	2013	2012
CRE loan portfolio	\$2,686	\$5,225
Bank loan portfolio	334	11,593
Total provision for loan losses	\$3,020	\$16,818
CRE Loan Portfolio Provision		

The principal reason for the decrease during the year ended December 31, 2013 as compared to the year ended December 31, 2012 was three positions for which we took provisions during the year ended December 31, 2012. The

positions had a total par value of \$41.8 million and were written down to \$37.3 million for a weighted average write down percentage of 10.9% of par. During the year ended December 31, 2013, we took a provision was primarily for one previously impaired loan due to further credit deterioration of the borrower.

[\(Back to Index\)](#)

55

[\(Back to Index\)](#)

Bank Loan Portfolio Provision

The bank loan provision decreased by \$11.3 million for the year ended December 31, 2013 to \$334,000 as compared to \$11.6 million for the year ended December 31, 2012. The principal reason for the decrease for the year ended December 31, 2013 was due to improved credit conditions as well as the sales and payoffs of five loans in the general reserve and two impaired loans that were sold and written off during the year ended December 31, 2013. All five loans had been reserved in prior periods.

Year Ended December 31, 2012 as compared to the Year Ended December 31, 2011

Management fees - related party increased \$7.5 million (68%) to \$18.5 million for the year ended December 31, 2012 as compared to \$11.0 million for the year ended December 31, 2011. These expenses represent compensation in the form of base management fees and incentive management fees pursuant to our management agreement as well as fees to the manager of our structured note portfolio. The changes are described below:

Incentive management fees to our Manager, which are based upon the excess of adjusted operating earnings over a variable base rate, increased \$4.3 million (247%) to \$6.0 million for the year ended December 31, 2012 from \$1.7 million for the year ended December 31, 2011. The increase in these fees was primarily the result of gains on the extinguishment of debt for the year ended December 31, 2012 as well as fewer realized losses on the charge-off of assets in our CRE and Apidos portfolios. The incentive fee is calculated for each quarter and the calculation in any quarter is not affected by the results of any other quarter.

Base management fees increased by \$1.3 million (19%) to \$8.3 million for the year ended December 31, 2012 as compared to \$7.0 million for the year ended December 31, 2011. This increase was due to increased stockholders' equity, a component in the formula by which base management fees are calculated, primarily as a result of the receipt of \$156.6 million of proceeds from the sales of common stock through our DRIP from January 1, 2011 through December 31, 2012 as well as the receipt of \$46.6 million and \$55.6 million from the proceeds of our March 2011 and September 2012 secondary common stock offerings and proceeds from our preferred stock offerings of \$42.2 million, received in October 2012.

Incentive management fees related to our structured finance manager increased by \$1.9 million (83%) to \$4.2 million for the year ended December 31, 2012 from \$2.3 million for the year ended December 31, 2011. The increase in fees is primarily related to the improved economic performance of this portfolio during the year ended December 31, 2012, which is reflected in gain on investment securities, trading and preference payments on structured notes.

Equity compensation - related party increased \$2.1 million (84%) to \$4.6 million for the year ended December 31, 2012 as compared to \$2.5 million for the year ended December 31, 2011. These expenses relate to the amortization of annual grants of restricted common stock to our non-employee independent directors, and annual and discretionary grants of restricted stock to employees of Resource America who provide investment management services to us through our Manager. The increase in expense was primarily the result of the issuance of new grants during 2012 and 2011.

Rental operating expense increased \$5.3 million (193%) to \$8.0 million for the year ended December 31, 2012 as compared to \$2.7 million for the year ended December 31, 2011 and is related to an increase in our investments in real estate through several acquisitions beginning in June 2011 through September 2012.

General and administrative expense increased \$1.4 million (16%) to \$9.8 million for the year ended December 31, 2012 from \$8.4 million for the year ended December 31, 2011. The increase is primarily the result of the following:

- an increase of \$152,000 related to the payment to our board investment committee for their services. We resumed paying these fees in April 2012;

- an increase of \$879,000 related to collateral management fees related to Apidos VIII paid to a third party. We began consolidating Apidos VIII in October 2011; and

- an increase of \$327,000 related to franchise taxes because of increased profitability and equity in our taxable REIT subsidiaries.

Depreciation and amortization increased \$1.3 million (27%) to \$5.9 million for the year ended December 31, 2012 as compared to \$4.6 million for the year ended December 31, 2011. The increase is related to our acquisition of real estate in the second and third quarters of 2011 and our acquisition of Resource Capital Asset Management, or RCAM, in February 2011, all of which were subject to a full year of depreciation and amortization in 2012.

Income tax expense increased \$2.6 million (21%) to \$14.6 million for the year ended December 31, 2012 as compared to \$12.0 million for the year ended December 31, 2011. The increase in income tax expense is attributable to three of our legacy CLO structures (Apidos CDO III, Apidos Cinco CDO, and Apidos CLO VIII) and our new CLO structure (Whitney CLO I) being taxable during the fourth quarter of 2012. The balance of the increased tax expense is primarily due to foreclosure tax related to gains on properties sold during 2012 which did not recur in 2013.

[\(Back to Index\)](#)

Net impairment losses recognized in earnings decreased \$6.7 million (97%) to \$180,000 for the year ended December 31, 2012 from \$6.9 million for the year ended December 31, 2011. Impairment charges for the year ended December 31, 2011 were the result of \$4.6 million of impairment we recognized on two investment securities available-for-sale due to their losses being recognized as other than temporary as a result of credit deterioration and \$2.2 million of impairment on our investment in preferred stock and warrants in LCC upon recapitalization. Our provision for loan and lease losses increased \$2.9 million (21%) to \$16.8 million for the year ended December 31, 2012, as compared to \$13.9 million for the year ended December 31, 2011.

The following table summarizes information relating to our provision for loan and lease losses for the periods presented (in thousands):

	Years Ended	
	December 31,	
	2012	2011
CRE loan portfolio	\$5,225	\$6,478
Bank loan portfolio	11,593	7,418
Total provision for loan losses	\$16,818	\$13,896

CRE Loan Portfolio

The principal reason for the decrease during the year ended December 31, 2012 as compared to the year ended December 31, 2011 was improved credit conditions for the borrowers in our CRE portfolio with the exception of three positions for which we took provisions. The positions had a total par value of \$41.8 million and were written down to \$37.3 million for a weighted average write down percentage of 10.9% of par.

Bank Loan Portfolio

The bank loan provision increased by \$4.2 million for the year ended December 31, 2012 to \$11.6 million as compared to \$7.4 million for the year ended December 31, 2011. The principal reason for the increase was the recognition of impairment on four non-performing loans in our bank loan portfolio for the year ended December 31, 2012 as a result of new defaults and an increase in our general reserve related primarily to the acquisition of our new CLO, Whitney CLO I.

Other Revenue (Expense)

The following table sets forth information relating to our other income (expense) incurred for the periods presented (in thousands):

	Years Ended		
	December 31,		
	2013	2012	2011
Other Revenue (Expense)			
Gain on consolidation	\$—	\$2,498	\$—
Gain on the extinguishment of debt	—	16,699	3,875
Gain on sale of real estate	16,616	—	—
Other income (expense)	391	—	(6
Total other revenue	\$17,007	\$19,197	\$3,869

Year Ended December 31, 2013 as compared to Year Ended December 31, 2012

Gain on consolidation of \$2.5 million during the year ended December 31, 2012 is related to the consolidation of Whitney CLO I as a result of our acquisition of a controlling financial interest where the net fair value of the assets acquired exceeded our purchase price.

Gain on the extinguishment of debt during the year ended December 31, 2012 of \$17.0 million is from the repurchase of a portion of the debt issued by RREF CDO 2006-1, RREF CDO 2007-1 and Apidos CDO I at discounts during the period. The notes, issued at par, were bought back as an investment by us at a weighted average price of 88.7%.

The gain on the sale of real estate is related to the sale of a multi-family apartment building. During the three months ended June 30, 2013, we entered into a listing agreement for this property. The sale settled on September 30, 2013 for a gain of \$16.6 million.

[\(Back to Index\)](#)

57

[\(Back to Index\)](#)

Year Ended December 31, 2012 as compared to Year Ended December 31, 2011

Gain on consolidation of \$2.5 million is related to the consolidation of Whitney CLO I as a result of our acquisition of a controlling financial interest where the net fair value of the assets acquired exceeded our purchase price.

Gain on the extinguishment of debt was \$16.7 million for the year ended December 31, 2012 and is due to the repurchase of a portion of the debt issued by RREF CDO 2006-1, RREF CDO 2007-1 and Apidos CDO I during the period. The notes, issued at par, were bought back as an investment by us at a weighted average price of 88.7%. Gain on the extinguishment of debt was \$3.9 million for the year ended December 31, 2011 due to the repurchase of a portion of the debt issued by RREF CDO 2006-1 and RREF CDO 2007-1 during the period. The notes, issued at par, were bought back as an investment by us at a weighted average price of 61.3%.

Financial Condition

Summary.

Our total assets at December 31, 2013 were \$2.2 billion as compared to \$2.5 billion at December 31, 2012. The decrease in total assets was principally due to the liquidation of Apidos CLO VIII and Whitney CLO I and consequent liquidation of their assets, partially offset by an increase in CRE and CMBS investments.

Investment Portfolio.

The table below summarizes the amortized cost and net carrying amount of our investment portfolio as of December 31, 2013 and 2012, classified by interest rate type. The following table includes both (i) the amortized cost of our investment portfolio and the related dollar price, which is computed by dividing amortized cost by par amount, and (ii) the net carrying amount of our investment portfolio and the related dollar price, which is computed by dividing the net carrying amount by par amount (in thousands, except percentages):

Net carrying amount includes allowance for loan losses of \$10.4 million at December 31, 2013, allocated as follows: B notes \$174,000, mezzanine loans \$559,000 and whole loans \$9.7 million. Net carrying amount includes allowance for loan losses of \$8.0 million at December 31, 2012, allocated as follows: B notes \$206,000, mezzanine loans \$860,000 and whole loans \$6.9 million.

(1) Net carrying amount includes allowance for loan losses of \$3.4 million and \$9.7 million at December 31, 2013 and 2012, respectively.

(2) Loans held for sale are carried at the lower of cost or market. Amortized cost is equal to fair value.

(3) Commercial Mortgage-Backed Securities-Private Placement. In the aggregate, we purchased our CMBS-private placement portfolio at a net discount. At December 31, 2013 and 2012, the remaining discount to be accreted into income over the remaining lives of the securities was \$7.2 million and \$9.3 million, respectively. At December 31, 2013 and 2012, the remaining premium to be amortized into income over the remaining lives of the securities was \$645,000 and \$2.0 million, respectively. These securities are classified as available-for-sale and, as a result, are carried at their fair value.

During the years ended December 31, 2013, 2012 and 2011, we recognize other-than-temporary impairment losses of \$328,000, \$42,000 and \$4.6 million respectively, on positions that supported our CMBS investments. Securities classified as available-for-sale have increased on a net basis as of December 31, 2013 as compared to December 31, 2012 primarily due to new purchases in 2013. We perform an on-going review of third-party reports and updated financial data on the underlying property financial information to analyze current and projected loan performance. Rating agency downgrades are considered with respect to our income approach when determining

other-than-temporary impairment and, when inputs are stressed, the resulting projected cash flows reflect a full recovery of principal.

December 31, 2012:				
Whole loans, floating rate ^{(1) (4) (6)}	37	\$567,938	LIBOR plus 2.50% to LIBOR plus 5.50%	June 2013 to February 2019
B notes, fixed rate	1	16,327	8.68%	April 2016
Mezzanine loans, floating rate	2	15,845	LIBOR plus 2.50% to LIBOR plus 7.45%	August 2013 to December 2013
Mezzanine loans, fixed rate ⁽⁷⁾	3	66,941	0.50% to 20.00%	September 2014 to September 2019
Total ⁽²⁾	43	\$667,051		

Whole loans had \$13.7 million and \$8.9 million in unfunded loan commitments as of December 31, 2013 and (1)2012, respectively. These unfunded commitments are advanced as the borrowers formally request additional funding as permitted under the loan agreement and any necessary approvals have been obtained.

(2) The total does not include an allowance for loan loss of \$10.4 million and \$8.0 million as of December 31, 2013 and 2012, respectively.

(3)Maturity dates do not include possible extension options that may be available to the borrowers.

[\(Back to Index\)](#)

(Back to Index)

Floating rate whole loans include a combined \$11.4 million mezzanine component of two whole loans, which have (4) a fixed rate of 12.0% as of December 31, 2013, and includes a \$2.0 million mezzanine component of a whole loan that has a fixed rate of 15.0% at December 31, 2012.

(5) Floating rate whole loans include a \$799,000 junior mezzanine tranche of a whole loan that has a fixed rate of 10.0% as of December 31, 2013.

(6) Amount includes \$34.0 million from two whole loans that are classified as loans held for sale at December 31, 2012.

Fixed rate mezzanine loans include a mezzanine loan that was modified into two tranches, which both currently (7) pay interest at 0.50%. In addition, the subordinate tranche accrues interest at LIBOR plus 18.50% which is deferred until maturity.

Bank Loans. At December 31, 2013, our consolidated securitizations, Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CDO VIII and Whitney CLO I, held a total of \$552.7 million of bank loans at fair value. The bank loans held by these entities secure the CDO notes they issued and are not available to satisfy the claims of our creditors. The aggregate fair value of bank loans held decreased by \$649.5 million over their holdings at December 31, 2012. This decrease was primarily due to the liquidation of Apidos CDO VIII and Whitney CLO during the year ended December 31, 2013.

We have determined that Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CDO VIII and Whitney CLO I are variable interest entities, or VIEs, and that we are the primary beneficiary of each. As of December 31, 2013, Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CLO VIII and Whitney CLO I were consolidated. We own 100% of the equity of Apidos CDO I, Apidos CDO III and Apidos CDO Cinco. We own approximately 43% of the equity of Apidos CLO VIII and 68.3% of the equity of Whitney CLO I. In September 2013, we liquidated Whitney CLO I, and as a result substantially all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the remaining balance on the outstanding notes of \$103.7 million. In October 2013, we liquidated Apidos CLO VIII, and as a result all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the remaining balance on the outstanding notes of \$317.6 million.

Asset-backed securities. In November 2011, the investment securities held-to-maturity portfolio was reclassified to investment securities available-for-sale since management no longer intended to hold these positions until maturity. These investments are now held at fair value with any unrealized gain or loss reported in the stockholder's equity section of the balance sheet. At December 31, 2013, we held a total of \$26.7 million of ABS at fair value through Apidos CDO I, Apidos CDO III and Apidos Cinco CDO, all of which secure the debt issued by these entities. At December 31, 2012, we held a total of \$26.5 million fair value of ABS through Apidos CDO I, Apidos CDO III and Apidos Cinco CDO, all of which secure the debt issued by these entities. The increase in total ABS was due to a purchase which was partially offset by a sale during the year ended December 31, 2013.

Corporate bonds. At December 31, 2013, our consolidated securitization, Apidos Cinco CDO, held a total of \$2.5 million of corporate bonds at fair value, which secure the debt issued by this entity. These investments are held at fair value with any unrealized gain or loss reported in the stockholder's equity section of the balance sheet. The aggregate fair value of corporate bonds held decreased by \$31.8 million over those held at December 31, 2012. This decrease was primarily due to the sale of our bonds in Whitney CLO I and Apidos CDO VIII which were called and liquidated during the year.

Investment in Unconsolidated Entities. In May, June and July 2013, we invested \$15.0 million into a limited partnership agreement with CVC Global Credit Opportunities Fund, L.P., or the Partnership, a Delaware limited partnership which generally invests in assets through a master-feeder fund structure, or the Master Fund. The General Partner of the Partnership and the Master Fund is CVC Global Credit Opportunities Fund GP, LLC, a Delaware limited liability company. The investment manager of the partnership and the Master Fund is CVC Credit Partners, LLC. CVC Capital Partners SICAV-FIS, S.A., a Luxembourg company, together with its affiliates, and Resource America, own a majority and a significant minority, respectively, of the investment manager. The fund will pay the investment manager a quarterly management fee in advance calculated at the rate of 1.5% annually based on the balance of each limited partner's capital account. Our management fee was waived upon entering the agreement given that we are a related party of CVC Credit Partners, LLC. For the year ended December 31, 2013, we recorded earnings of \$1.2 million, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statements of income statement. The Company's investment balance of \$16.2 million at December 31, 2013 is recorded as an investment in unconsolidated entities on our consolidated balance sheet using the equity method.

In January 2013, LTCC, one of our wholly-owned subsidiaries, invested \$2.0 million into LCF for the purpose of originating and acquiring life settlement contracts. Using the equity method, we recognized a loss of \$470,000 during the year ended December 31, 2013, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. Our investment in LCF was \$1.5 million at December 31, 2013 and is recorded as an investment in unconsolidated entities on our consolidated balance sheet using the equity method. On June 19, 2012, we entered into a joint venture with Värde Investment Partners, LP acting as lender, to purchase two condominium developments. We purchased a 7.5% equity interest in the venture. RREM, was appointed as the asset manager of the venture to perform lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day

property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 1% of outstanding contributions. For the years ended December 31, 2013 and 2012, we paid RREM management fees of \$38,000 and \$39,000, respectively. For the years ended December 31, 2013 and 2012, we recorded income of \$148,000 and losses of \$135,000, respectively, which were recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of \$674,000 and \$526,000 at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on our consolidated balance sheet using the equity method.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

On November 16, 2011, we, together with LEAF Financial and LCC, a commercial finance company specializing in equipment leasing formed in January 2011, each of which is a subsidiary of Resource America, entered into a SPA with Eos Partners, L.P., or Eos, a private investment firm, and its affiliates Eos. Our resulting interest is accounted for under the equity method. We recorded losses of \$183,000 and \$3.3 million for the years ended December 31, 2013 and 2012, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. No such loss was recorded at December 31, 2011. Our investment in LCC was valued at \$41.0 million and \$33.1 million as of December 31, 2013 and 2012, respectively, and is recorded as an investment in unconsolidated entities on our consolidated balance sheet using the equity method.

On December 1, 2009, we purchased a membership interest in RRE VIP Borrower, LLC (an unconsolidated VIE that holds our interests in a real estate joint venture) from Resource America at book value. RREM, an affiliate of Resource America, acts as asset manager of the venture and receives a monthly asset management fee equal to 1% of the combined investment calculated as of the last calendar day of the month. For the years ended December 31, 2013, 2012 and 2011, we paid RREM management fees of \$28,000, \$45,000 and \$55,000 respectively. For the years ended December 31, 2013, 2012 and 2011, we recorded income of \$278,000, \$683,000 and \$112,000, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of zero and \$2.3 million at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on our consolidated balance sheet using the equity method.

We have a 100% interest valued at \$1.5 million in the common shares (3% of the total equity) in two trusts, RCT I and RCT II. We record our investments in RCT I and RCT II's common shares of \$774,000 each as investments in unconsolidated trusts using the cost method and record dividend income upon declaration by RCT I and RCT II. For the years ended December 31, 2013, 2012, and 2011, we recognized \$2.4 million, \$2.5 million and \$3.3 million, respectively, of interest expense with respect to the subordinated debentures it issued to RCT I and RCT II which included \$191,000, \$183,000 and \$277,000, respectively, of amortization of deferred debt issuance costs.

Credit quality indicators

Bank Loans

We use a risk grading matrix to assign grades to bank loans. Loans are graded at inception and updates to assigned grades are made continually as new information is received. Loans are graded on a scale of 1-5 with 1 representing our highest rating and 5 representing our lowest rating. We consider such things as performance of the underlying company, liquidity, collectability of interest, enterprise valuation, default probability, ratings from rating agencies, and industry dynamics.

Credit risk profiles of bank loans were as follows (in thousands):

	Rating 1	Rating 2	Rating 3	Rating 4	Rating 5	Held for Sale	Total
As of December 31, 2013:							
Bank loans	\$477,754	\$42,476	\$18,806	\$2,333	\$3,554	\$6,850	\$551,773

As of December 31, 2012:

Bank loans	\$1,095,148	\$33,677	\$27,837	\$16,318	\$5,440	\$14,894	\$1,193,314
------------	-------------	----------	----------	----------	---------	----------	-------------

All of our bank loans are performing with the exception of three loans with an amortized cost of \$3.6 million as of December 31, 2013, one of which defaulted in 2012, one of which defaulted as of March 31, 2013 and one of which defaulted as of June 30, 2013. As of December 31, 2012, all of our bank loans were performing with the exception of five loans with an amortized cost of \$5.4 million, one of which defaulted as of December 31, 2012, three of which defaulted as of March 31, 2012, (including a loan acquired with deteriorated credit quality as a result of the acquisition of Whitney CLO I) and one of which defaulted as of December 31, 2011.

Commercial Real Estate Loans

We use a risk grading matrix to assign grades to commercial real estate loans. Loans are graded at inception and updates to assigned grades are made continually as new information is received. Loans are graded on a scale of 1-4 with 1 representing our highest rating and 4 representing our lowest rating. We designate loans that are sold after the period end at the lower of our fair market value or cost, net of any allowances and costs associated with the loan sales. In addition to the underlying performance of the loan collateral, we consider such things as the strength of underlying sponsorship, payment history, collectability of interest, structural credit enhancements, market trends and loan terms in grading our commercial real estate loans.

Credit risk profiles of commercial real estate loans were as follows (in thousands):

	Rating 1	Rating 2	Rating 3	Rating 4	Held for Sale	Total
As of December 31, 2013:						
Whole loans	\$680,718	\$32,500	\$32,571	\$—	\$—	\$745,789
B notes	16,205	—	—	—	—	16,205

All of our commercial real estate loans were performing as of December 31, 2013 and 2012.

[\(Back to Index\)](#)

[\(Back to Index\)](#)**Residential Mortgage Loans**

Residential mortgage loans are reviewed periodically for collectability in light of historical experience, the nature and amount of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing underlying conditions. The Company also designates loans that are sold after the period end as held for sale at the lower of their fair market value or cost.

As of December 31, 2013 and 2012, there were no troubled-debt restructurings that subsequently defaulted.

Investments in Real Estate

The table below summarizes our investments in real estate (in thousands, except number of properties):

	December 31, 2013		December 31, 2012	
	Book Value	Number of Properties	Book Value	Number of Properties
Multi-family property	\$22,107	1	\$42,179	2
Office property	10,273	1	10,149	1
Hotel property	—	—	25,608	1
Subtotal	32,380		77,936	
Less: Accumulated depreciation	(2,602)		(2,550)	
Investments in real estate	\$29,778		\$75,386	

During the year ended December 31, 2013, we made no acquisitions and sold one of our multi-family properties. The gain from the sale of this property is recorded on the statement of income in gain on sale of real estate. We also confirmed the intent and ability to sell one of our investments in real estate. This asset has been reclassified to property available-for-sale on the balance sheet at December 31, 2013.

During the year ended December 31, 2012, we foreclosed on one self-originated loan and converted the loan to equity with a fair value of \$25.5 million at acquisition. The loan was collateralized by a 179 unit hotel property in Coconut Grove, Florida. The property had a hotel occupancy rate of 75% at acquisition.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

We made no acquisitions during the year ended December 31, 2013. The following table is a summary of the aggregate estimated fair value of the assets and liabilities acquired on the respective date of acquisition during the year ended December 31, 2012 (in thousands):

Description	December 31, 2012
Assets acquired:	
Investments in real estate	\$25,500
Other assets	(89)
Total assets acquired	25,411
Liabilities assumed:	
Accounts payable and other liabilities	3,750
Total liabilities assumed	3,750
Estimated fair value of net assets acquired	\$21,661

Restricted cash. At December 31, 2013, we had restricted cash of \$63.3 million, which consisted of \$61.4 million of restricted cash on our eight securitizations, \$771,000 held in a margin account related to our swap portfolio, \$847,000 held in restricted accounts at our investment properties and \$318,000 held primarily in a pledged account at our subsidiary, PCA. At December 31, 2012, we had restricted cash of \$94.1 million, which consisted of \$90.0 million of restricted cash on our seven CDOs, \$500,000 held in a margin account related to our swap portfolio and \$3.6 million held in restricted accounts at our real estate assets. The decrease of \$30.8 million is primarily related to new loan settlements in our CDOs, which were a result of the use of restricted cash available for reinvestment prior to the expiration of the reinvestment period for four of our CDOs, Apidos CDO I, Apidos CDO III, RREF CDO 2006-1 and RREF CDO 2007-1. Any subsequent loan paydown proceeds in these CDOs are now used to repay the notes outstanding as stipulated in the indenture.

Interest Receivable. At December 31, 2013, we had interest receivable of \$9.0 million, which consisted of \$9.0 million of interest on our securities and loans and \$6,000 of interest earned on escrow and sweep accounts. At December 31, 2012, we had interest receivable of \$7.8 million, which consisted of \$7.8 million of interest on our securities and loans and \$6,000 of interest earned on escrow and sweep accounts. The increase resulted from an increase in interest receivable on mezzanine loans of \$2.7 million, partially offset by a decrease of \$1.1 million in interest receivable on bank loans and a decrease of \$500,000 in interest receivable on structured notes due to the increase in CRE loan and holdings and decreases in our structured notes and bank loan holdings.

Prepaid Expenses. The following table summarizes our prepaid expenses as of December 31, 2013 and 2012 (in thousands):

	December 31,	
	2013	2012
Prepaid taxes	\$2,004	\$9,546
Prepaid insurance	281	425
Other prepaid expenses	586	425
Total	\$2,871	\$10,396

Prepaid expenses decreased \$7.5 million to \$2.9 million as of December 31, 2013 from \$10.4 million as of December 31, 2012. The decrease resulted primarily from a decrease of \$7.5 million in prepaid taxes offset partially by an increase of \$161,000 in other prepaid expenses.

Other Assets. The following table summarizes our other assets as of December 31, 2013 and 2012 (in thousands):

	December 31,	
	2013	2012
Management fees receivable	\$970	\$1,253
Other receivables	858	1,542
Preferred stock proceeds receivable	207	1,248
Fixed assets - non-real estate	1,069	66
Investment in life settlement contracts	1,107	—

Edgar Filing: Resource Capital Corp. - Form 10-K

Other assets	6,515	—
Total	\$10,726	\$4,109

(Back to Index)

72

[\(Back to Index\)](#)

Other assets increased \$6.6 million to \$10.7 million as of December 31, 2013 from \$4.1 million as of December 31, 2012. This increase resulted primarily from the acquisition of PCA which included \$4.5 million in servicing rights. In addition, we had \$1.1 million in life settlement contracts due to our new investment in LCF in 2013.

Hedging Instruments. Our hedges at December 31, 2013 and 2012 were fixed-for-floating interest rate swap agreements whereby we swapped the floating rate of interest on the liabilities we hedged for a fixed rate of interest. With interest rates at historically low levels and the forward curve projecting steadily increasing rates as well as the scheduled maturity of two hedges and continued amortization of our swaps during 2014, we expect that the fair value of our hedges will modestly improve in 2014. We intend to continue to seek such hedges for our floating rate debt in the future. Our hedges at December 31, 2013 were as follows (in thousands):

	Benchmark rate	Notional value	Strike rate	Effective date	Maturity date	Fair value
CRE Swaps						
Interest rate swap	1 month LIBOR	\$29,949	4.13%	01/10/08	05/25/16	\$(1,186)

CMBS – Term Repurchase Facility

In February 2011, our wholly-owned subsidiaries, RCC Real Estate and RCC Commercial, entered into a master repurchase agreements with Wells Fargo to be used as a warehouse facility to finance the purchase of highly-rated CMBS. The maximum amount of the facility is \$100.0 million with a 0.25% structuring fee and an initial two year term that has been extended through January 31, 2015 and an interest rate equal to one-month LIBOR plus 1.00%. We guaranteed RCC Real Estate's and RCC Commercial's performance of their obligations under the repurchase

agreement.

CRE – Term Repurchase Facilities

On February 27, 2012, RCC Real Estate entered into a master repurchase and securities agreement with Wells Fargo to finance the origination of commercial real estate loans. The facility has a maximum amount of \$150.0 million and with a maturity of February 27, 2015. We also have two one-year extension options at our discretion. We paid an origination fee of 37.5 basis points (0.375%). We guaranteed RCC Real Estate's performance of its obligations under the repurchase agreement.

On July 19, 2013, RCC Real Estate's wholly-owned subsidiary, RCC Real Estate SPE 5 LLC, entered into a master repurchase and securities agreement with Deutsche Bank AG, Cayman Islands Branch to finance the origination of commercial real estate loans. The facility has a maximum amount of \$200.0 million and an initial 12 month term, ending on July 19, 2014, with 2 P1Y-year extensions at our option and subject further to our right to repurchase the assets held in the facility earlier. We paid a structuring fee of 0.25% of the maximum facility amount, as well as other closing costs. We guaranteed RCC Real Estate SPE 5's performance of its obligations under the facility. There were no outstanding borrowings under this facility as of December 31, 2013 or 2012.

The facility contains provisions allowing RCC Real Estate SPE 5, if certain credit events have occurred with respect to one or more assets financed on the facility, to either repay a portion of the advance on such asset(s) or repay such advance in full (by repurchase of such asset(s)). Depending on the nature of the credit event, such repayment may be required notwithstanding the availability of interest and principal payments from assets financed on the facility, or may only be required to the extent of the availability of such payments.

Short-Term Repurchase Agreements - CMBS

On March 8, 2005, RCC Real Estate entered into a master repurchase and securities agreement with Deutsche Bank Securities Inc. to finance the origination of commercial real estate loans and the purchase of CMBS. There is no stated maximum amount of the facility and the repurchase agreement has an initial 12 month term with monthly resets of interest rates. We guaranteed RCC Real Estate's performance of its obligations under the repurchase agreement.

On February 14, 2012, RCC Real Estate entered into a master repurchase and securities agreement with Wells Fargo Securities, LLC to finance the purchase of CMBS. There is no stated maximum amount of the facility and the repurchase agreement has no stated maturity date with monthly resets of interest rates. We guaranteed RCC Real Estate's performance of our obligations under the repurchase agreement.

On November 6, 2012, RCC Real Estate entered into a master repurchase and securities agreement with JP Morgan Securities LLC to finance the purchase of CMBS. There is no stated maximum amount of the facility and the repurchase agreement has no stated maturity. Interest rates reset monthly.

Residential Mortgage Financing Agreements

On February 17, 2011, Primary Capital Advisors, or PCA, entered into a master repurchase agreement with New Century Bank d/b/a Customer's Bank, or New Century, to finance the acquisition of residential mortgage loans. The facility has a maximum amount of \$30.0 million with a termination date of July 2, 2014. At December 31, 2013, PCA had borrowed \$11.9 million. The facility bears interest at one month LIBOR plus 3.50%. We did not own PCA, nor were we a party to the agreement with New Century at December 31, 2012.

On November 8, 2012, our recently acquired subsidiary, PCA entered into a loan participation agreement with ViewPoint Bank, NA, or ViewPoint, to finance the acquisition of residential mortgage loans. The facility has a maximum amount of \$15.0 million and a termination date of December 30, 2014. At December 31, 2013, PCA had borrowed \$2.7 million. The facility bears interest at one month LIBOR with a 4.00% floor. We did not own PCA or was party to the agreement with ViewPoint at December 31, 2012.

On August 1, 2011, we, through RCC Real Estate, purchased Whispertree Apartments, a 504 unit multi-family property located in Houston, Texas, for \$18.1 million. The property was 95% occupied at acquisition. In conjunction with the purchase of the property, we entered into a seven year mortgage of \$13.6 million with a lender. The mortgage bore interest at a rate of one-month LIBOR plus 3.95%. At December 31, 2012, the borrowing rate was 4.17%. At December 31, 2013 there were no outstanding borrowings under this agreement as the property was sold and the underlying mortgage was repaid.

Securitizations

As of December 31, 2013, we had executed seven and retained equity in six securitizations as follows:

In December 2013, we closed CRE Notes 2013, a \$307.8 million CRE securitization transaction that provided financing for transitional CRE loans. The investments held by RCC CRE Notes 2013 collateralized \$260.8 million of senior notes issued by the securitization, of which RCC Real Estate, a subsidiary of ours, purchased 100% of the Class D senior notes, Class E senior notes, and Class F senior notes for \$30.0 million at closing. In addition, RCC CRE Notes 2013 Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$16.9 million equity interest representing 100% of the outstanding preference shares. At December 31, 2013, the notes issued to outside investors, had a weighted average borrowing rate of 2.03%. There is no reinvestment period for CRE Notes 2013, which will result in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, none of the notes have been paid down.

- In June 2007, we closed RREF CDO 2007-1, a \$500.0 million CDO transaction that provided financing for commercial real estate loans. The investments held by RREF CDO 2007-1 collateralized \$458.8 million of senior notes issued by the CDO vehicle, of which RCC Real Estate, a subsidiary of ours, purchased 100% of the class H senior notes, class K senior notes, class L senior notes and class M senior notes for \$68.0 million at closing, \$5.0 million of the Class J senior notes in February 2008, an additional \$2.5 million of the Class J senior notes in November 2009, and \$11.9 million of the Class E senior notes, \$11.9 million of the Class F senior notes and \$7.3 million of the Class G senior notes in December 2009, \$250,000 of the Class J senior notes in January 2010, \$5.0 million of the Class A-2 senior notes in August 2011, \$5.0 million of the Class A-2 senior notes in September 2011 and \$50.0 million of the A1-R notes in June 2012.

Edgar Filing: Resource Capital Corp. - Form 10-K

In addition, RREF 2007-1 CDO Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$41.3 million equity interest representing 100% of the outstanding preference shares. At December 31, 2013, the notes issued to outside investors, net of repurchased notes, had a weighted average borrowing rate of 0.84%. The reinvestment period expired in June 2012 and the CDO has begun paying down the senior notes as principal is collected. Through December 31, 2013, \$63.4 million of the Class A-1 and \$50.0 million of the Class A-1R senior notes had been paid down.

[\(Back to Index\)](#)

75

[\(Back to Index\)](#)

In May 2007, we closed Apidos Cinco CDO, a \$350.0 million CDO transaction that provided financing for bank loans. The investments held by Apidos Cinco CDO collateralized \$322.0 million of senior notes issued by the CDO vehicle. RCC Commercial II, a subsidiary of ours, holds a \$28.0 million equity interest representing 100% of the outstanding preference shares. At December 31, 2013, the notes issued to outside investors had a weighted average borrowing rate of 0.74%.

In August 2006, we closed RREF CDO 2006-1, a \$345.0 million CDO transaction that provided financing for commercial real estate loans. The investments held by RREF CDO 2006-1 collateralized \$308.7 million of senior notes issued by the CDO vehicle. RCC Real Estate purchased 100% of the class J senior notes and class K senior notes for \$43.1 million at closing and \$7.5 million of the Class F senior notes in September 2009, \$3.5 million of the Class E senior notes and \$4.0 million of the Class F senior notes in September 2009, \$20.0 million of the Class A-1 senior notes in February 2010, \$4.3 million of the Class A-1 senior notes in May 2012 and \$4.0 million of the Class C senior notes in May 2012. In addition, RREF 2006-1 CDO Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$36.3 million equity interest representing 100% of the outstanding preference shares. At December 31, 2013, the notes issued to outside investors, net of repurchased notes, had a weighted average borrowing rate of 1.87%. The reinvestment period expired in September 2011 and the CDO has begun paying down the senior notes as principal is collected. Through December 31, 2013, \$110.0 million of the Class A-1 senior notes had been paid down.

In May 2006, we closed Apidos CDO III, a \$285.5 million CDO transaction that provided financing for bank loans. The investments held by Apidos CDO III collateralized \$262.5 million of senior notes issued by the CDO vehicle. RCC Commercial purchased a \$23.0 million equity interest representing 100% of the outstanding preference shares. At December 31, 2013, the notes issued to outside investors had a weighted average borrowing rate of 0.88%. The reinvestment period expired in June 2012 and the CDO has begun paying down the senior notes as principal is collected. Through December 31, 2013, \$129.2 million of the Class A-1 senior notes had been paid down.

In August 2005, we closed Apidos CDO I, a \$350.0 million CDO transaction that provided financing for bank loans. The investments held by Apidos CDO I collateralize \$321.5 million of senior notes issued by the CDO vehicle. RCC Commercial originally purchased a \$28.5 million equity interest representing 100% of the outstanding preference shares and during the three months ended June 30, 2012 sold 10% or \$2.85 million to our subsidiary RSO Equity Co, LLC in connection with the sale of CVC Credit Partners, formerly Apidos Capital Management, by the Manager. Our subsidiary, RCC Commercial II, repurchased \$2.0 million of the Class B notes in May 2012. At December 31, 2013, the notes issued to outside investors had a weighted average borrowing rate of 1.68%. The reinvestment period expired in July 2011 and the CDO has begun paying down the senior notes as principal is collected. Through December 31, 2013, \$232.4 million of the Class A-1 senior notes had been paid down.

6.0% Convertible Senior Notes

On October 21, 2013, we issued and sold in a public offering \$115.0 million aggregate in principal amount of our 6.0% Convertible Senior Notes due 2018. After deducting the underwriting discount and the estimated offering costs, we received approximately \$111.1 million of net proceeds. The discount of \$4.9 million on the 6.0% Convertible Senior notes reflects the difference between the stated value of the debt and the fair value of the notes as if they were issued without a conversion feature and at a higher rate of interest that we estimated would have been applicable without the conversion feature. The discount will be amortized on a straight-line basis as additional interest expense through maturity on December 1, 2018. Interest on the 6.0% Convertible Senior Notes is paid semi-annually. Prior to December 1, 2018, the 6.0% Convertible Senior Notes are not redeemable at our option, except to preserve our status as a REIT. On or after December 1, 2018, we may redeem all or a portion of the 6.0% Convertible Senior Notes at a redemption price equal to the principal amount plus accrued and unpaid interest.

The 6.0% Convertible Senior Notes are convertible at the option of the holder at a current conversion rate of 150.1502 common shares per \$1,000 principal amount of 6.0% Convertible Senior Notes (equivalent to a current conversion price of \$6.66 per common share). Upon conversion of 6.0% Convertible Senior Notes by a holder, the holder will receive cash, our common shares or a combination of cash and our common shares, at our election.

Trust Preferred Securities

In May 2006 and September 2006, we formed RCT I and RCT II, respectively, for the sole purpose of issuing and selling capital securities representing preferred beneficial interests. Although we owns \$774,000 of the common

securities of RCT I and RCT II, RCT I and RCT II are not consolidated into our consolidated financial statements because we do not deem it to be the primary beneficiary of these entities. In connection with the issuance and sale of the capital securities, we issued junior subordinated debentures to RCT I and RCT II of \$25.8 million each, representing our maximum exposure to loss. The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II are included in borrowings and are being amortized into interest expense in the consolidated statements of income using the effective yield method over a ten year period.

[\(Back to Index\)](#)

76

[\(Back to Index\)](#)

The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II at December 31, 2013 were \$261,000 and \$282,000, respectively. The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II at December 31, 2012, were \$358,000 and \$377,000, respectively. The rates for RCT I and RCT II, at December 31, 2013, were 4.20% and 4.19%, respectively. The rates for RCT I and RCT II, at December 31, 2012, were 4.26% and 4.26%, respectively.

The rights of holders of common securities of RCT I and RCT II are subordinate to the rights of the holders of capital securities only in the event of a default; otherwise, the common securities' economic and voting rights are pari passu with the capital securities. The capital and common securities of RCT I and RCT II are subject to mandatory redemption upon the maturity or call of the junior subordinated debentures held by each. Unless earlier dissolved, RCT I will dissolve on May 25, 2041 and RCT II will dissolve on September 29, 2041. The junior subordinated debentures are the sole assets of RCT I and RCT II, mature on September 30, 2036 and October 30, 2036, respectively, and may be called at par by us at any time after September 30, 2011 and October 30, 2011, respectively. We record our investments in RCT I and RCT II's common securities of \$774,000 each as investments in unconsolidated trusts and records dividend income upon declaration by RCT I and RCT II.

Stockholders' Equity

Stockholders' equity at December 31, 2013 was \$773.9 million and gave effect to \$11.2 million of unrealized losses on our cash flow hedges and \$3.1 million of unrealized losses on our available-for-sale portfolio, shown as a component of accumulated other comprehensive loss. Stockholders' equity at December 31, 2012 was \$613.3 million and gave the effect to \$15.6 million of unrealized losses on cash flow hedges and \$11.5 million of unrealized losses on our available-for-sale portfolio, shown as a component of accumulated other comprehensive income. The increase in stockholder's equity during the year ended December 31, 2013 was principally due to the proceeds from sales of our common stock through a public offering and our DRIP as well as the issuance by our at-the market offering of Series B 8.25% Preferred Stock.

Funds from Operations

We evaluate our performance based on several performance measures, including funds from operations, or FFO, and Adjusted Funds from Operations, or AFFO, in addition to net income. Historically, we have calculated distributions to our shareholders based on our estimate of REIT taxable income. Because of our investments in CRE and the resulting significant tax depreciation charges, we now compute and present FFO, and use AFFO, as our primary operating measures to determine distributions to shareholders, in addition to net income and REIT taxable income. We expect that our FFO will be greater than our net income under generally accepted accounting principles, or GAAP, primarily because real estate related depreciation and amortization and other non-cash charges are not deducted in the calculation of these measures. We compute FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts as net income (computed in accordance with GAAP), excluding gains or losses on the sale of depreciable real estate, the cumulative effect of changes in accounting principles, real estate-related depreciation and amortization, and after adjustments for unconsolidated/uncombined partnerships and joint ventures.

AFFO is a computation made by analysts and investors to measure a real estate company's cash flow generated by operations. We calculate AFFO by adding or subtracting from FFO the non-cash impacts of the following: non-cash impairment losses resulting from fair value adjustments on financial instruments, provision for loan losses, equity investment gains and losses, straight-line rental effects, share based compensation, amortization of various deferred items and intangible assets, gains on sales of property that are wholly owned or through a joint venture in addition to the cash impact of capital expenditures that are related to our real estate owned. In addition, we calculate AFFO by adding and subtracting from FFO the cash impacts of the following: extinguishment of debt, sales of property and capital expenditures.

Management believes that FFO and AFFO are appropriate measures of our operating performance in that they are frequently used by analysts, investors and other parties in the evaluation of REITs. Management uses FFO and AFFO as measures of our operating performance, and believes they are also useful to investors, because they facilitate an understanding of our operating performance after adjustment for certain non-cash items, such as real estate depreciation, share-based compensation and various other items required by GAAP, and capital expenditures, that

may not necessarily be indicative of current operating performance and that may not accurately compare our operating performance between periods.

While our calculations of AFFO may differ from the methodology used for calculating AFFO by other REITs and our AFFO may not be comparable to AFFO reported by other REITs, we also believe that FFO and AFFO may provide us and our investors with an additional useful measure to compare our performance with some other REITs. Neither FFO nor AFFO is equivalent to net income or cash generated from operating activities determined in accordance with GAAP. Furthermore FFO and AFFO do not represent amounts available for management's discretionary use because of needed capital replacement or expansion, debt service obligations or other commitments or uncertainties. Neither FFO nor AFFO should be considered as an alternative to GAAP net income as an indicator of our operating performance or as an alternative to cash flow from operating activities as a measure of our liquidity.

Weighted average shares – diluted	124,436	100,959	120,039	89,284
AFFO per share – diluted	\$ 0.14	\$ 0.22	\$ 0.74	\$ 0.97

Amount represents gains/losses on sales of joint venture real estate interests that were recorded by us on an equity (1) basis. Amounts for the year ended December 31, 2013 also includes a net gain on sale of property of \$16.6 million after deducting incentive management fees paid to the manager of \$1.9 million.

[\(Back to Index\)](#)

[\(Back to Index\)](#)**Liquidity and Capital Resources**

For the year ended December 31, 2013, our principal sources of liquidity were proceeds from the sale of common stock through our common stock offering in April, our DRIP and proceeds from our ATM program with respect to our 8.25% Series B Preferred Stock as well as funds available in existing CDO financings of \$35.1 million and cash flow from operations. For the year ended December 31, 2013, we received \$114.5 million of net proceeds from our common stock offering, \$19.2 million of DRIP proceeds, and \$56.8 million of preferred stock sales proceeds, remaining proceeds of which are included in our \$262.4 million of unrestricted cash at December 31, 2013. In addition, we had capital available through a CMBS term facility to help finance the purchase of CMBS securities of \$52.4 million and two CRE term facilities for the origination of commercial real estate loans of \$219.3 million and \$200.0 million. As of December 31, 2012, our principal sources of current liquidity were proceeds from the sale of common stock through our DRIP, proceeds from our offerings of 8.5% Series A Preferred Stock and 8.25% Series B Preferred Stock as well as funds available in existing CDO financings of \$78.5 million and cash flow from operations. For the year ended December 31, 2012, we received \$73.0 million of DRIP proceeds and \$43.1 million of preferred stock sales proceeds, the remainder of which are included in our \$85.3 million of unrestricted cash at December 31, 2012. In addition, we had capital available through two CRE term facilities to help finance the purchase of CMBS securities and the origination of commercial real estate loans of \$45.3 million and \$90.9 million, respectively.

In October 2013, we closed and issued \$115.0 million aggregate principal amount of our 6.0% Convertible Senior Notes due 2018. We received net proceeds of approximately \$111.1 million after payment of underwriting discounts and commissions and other offering expenses, all of which is included in our \$262.4 million of unrestricted cash. Our on-going liquidity needs consist principally of funds to make investments, make debt repurchases, make distributions to our stockholders and pay our operating expenses, including our management fees. Our ability to meet our on-going liquidity needs will be subject to our ability to generate cash from operations and, with respect to our investments, our ability to maintain and/or obtain additional debt financing and equity capital together with the funds referred to above. Historically, we have financed a substantial portion of our portfolio investments through CDOs that essentially match the maturity and repricing dates of these financing vehicles with the maturities and repricing dates of our investments. We derive substantial operating cash from our equity investments in our CDOs which, if the CDOs fail to meet certain tests, will cease. Through December 31, 2013, we have not experienced difficulty in maintaining our existing CDO financing and have passed all of the critical tests required by these financings. However, we cannot assure you that we will continue to meet all such critical tests in the future. If we are unable to renew, replace or expand our sources of existing financing on substantially similar terms, we may be unable to implement our investment strategies successfully and may be required to liquidate portfolio investments. If required, a sale of portfolio investments could be at prices lower than the carrying value of such assets, which would result in losses and reduced income.

The following table sets forth the distributions made and coverage test summaries for each of our securitizations for the periods presented (in thousands):

Name	Cash Distributions		Annualized Interest Coverage Cushion	Overcollateralization Cushion	
	Year Ended December 31, 2013 ⁽¹⁾ (actual)	Year Ended December 31, 2012 ⁽¹⁾ (actual)	As of December 31, 2013 ⁽²⁾ ⁽³⁾	As of December 31, 2013 ⁽⁴⁾	As of Initial Measurement Date
Apidos CDO I ⁽⁵⁾	\$4,615	\$7,971	\$1,583	\$13,252	\$17,136
Apidos CDO III ⁽⁶⁾	\$6,495	\$8,742	\$2,385	\$9,700	\$11,269
Apidos Cinco CDO ⁽⁷⁾	\$12,058	\$11,109	\$5,451	\$19,639	\$17,774
Apidos CLO VIII ⁽⁸⁾	\$20,021	\$2,992	\$—	\$—	\$—
Whitney CLO I ⁽⁹⁾	\$13,470	\$802	\$—	\$—	\$—

Edgar Filing: Resource Capital Corp. - Form 10-K

RREF 2006-1 ⁽¹⁰⁾	\$36,828	\$15,050	\$5,675	\$67,512	\$24,941
RREF 2007-1 ⁽¹¹⁾	\$10,880	\$13,226	\$7,418	\$43,803	\$26,032

Distributions on retained equity interests in CDOs (comprised of note investments and preference share ownership) (1) and principal paydowns on notes owned; RREF CDO 2006-1 includes \$28.1 million and \$2.3 million of paydowns as of December 31, 2013 and 2012, respectively.

(2) Interest coverage includes annualized amounts based on the most recent trustee statements.

(3) Interest coverage cushion represents the amount by which annualized interest income expected exceeds the annualized amount payable on all classes of CDO notes senior to our preference shares.

[\(Back to Index\)](#)

79

[\(Back to Index\)](#)

(4) Overcollateralization cushion represents the amount by which the collateral held by the CDO issuer exceeds the maximum amount required.

(5) Apidos CDO I's reinvestment period expired in July 2011.

(6) Apidos CDO III's reinvestment period expired in June 2012.

(7) Apidos Cinco CDO's reinvestment period ends in May 2014.

(8) Distributions from Apidos CLO VIII, include \$1.3 million and \$752,000 in collateral management fees for the years ended December 31, 2013 and 2012, respectively, RSO's contribution of \$15.0 million represents 43% of the subordinated debt. Apidos CLO VIII's non-call period ended on October 17, 2013, at which time all assets were liquidated and all outstanding notes were paid off.

(9) Whitney CLO I was acquired in October 2012. Distributions from Whitney CLO I include \$442,000 and \$236,000 of collateral management fees for the years ended December 31, 2013 and 2012, respectively. We held 68.3% of the outstanding preference shares before Whitney CLO I was called and substantially liquidated in September 2013.

(10) RREF CDO 2006-1's reinvestment period expired in September 2011.

(11) RREF CDO 2007-1's reinvestment period expired in June 2012.

At January 31, 2014, after paying our fourth quarter 2013 common and preferred stock dividends, our liquidity is derived from three primary sources:

- unrestricted cash and cash equivalents of \$199.2 million, restricted cash of \$500,000 in margin call accounts and \$998,000 in the form of real estate escrows, reserves and deposits;

- capital available for reinvestment in its eight securitizations of \$40.5 million, of which \$6.4 million is designated to finance future funding commitments on CRE loans; and

- loan principal repayments that will pay down outstanding CLO notes of \$18.9 million and \$5.0 million in interest collections.

In addition, we have funds available through three term financing facilities to finance the origination of CRE loans of \$207.6 million and \$200.0 million, respectively, and to finance the purchase of CMBS of \$43.3 million.

Our leverage ratio may vary as a result of the various funding strategies we use. As of December 31, 2013 and 2012, our leverage ratio was 1.7 times and 2.9 times, respectively. The decrease in leverage ratio was primarily due to the repayment of our CDO notes and equity offering proceeds received through our DRIP and preferred stock issuances which were partially offset by borrowings under our Wells Fargo CMBS and Deutsche Bank CRE repurchase facilities.

Distributions

In order to maintain our qualification as a REIT and to avoid corporate-level income tax on the income we distribute to our stockholders, we intend to make regular quarterly distributions of all or substantially all of our net taxable income to holders of our common stock. This requirement can impact our liquidity and capital resources.

The following tables presents dividends declared (on a per share basis) for the years ended December 31, 2013:

Common Stock

	Date Paid	Total Dividend Paid (in thousands)	Dividend Per Share

Total	\$1,350,460	\$103,898	\$13,832	\$—	\$1,232,730

Contractual commitments does not include \$1.2 million, \$3.8 million, \$2.0 million, \$6.8 million, and \$10.9 million of interest expense payable through the stated maturity dates of July 2014, May 2015, May 2015, August 2016, (1) and June 2017, respectively, on Apidos CDO I, Apidos Cinco CDO, Apidos CDO III, RREF 2006-1, and RREF 2007-1. The maturity date represents the time at which the CDO assets can be sold, resulting in repayment of the CDO notes.

(2) Contractual commitments include \$48,000 of interest expense payable through the maturity date of January 20, 2014 on our repurchase agreements.

(3) Contractual commitments do not include \$45.6 million and \$46.5 million of estimated interest expense payable through the maturity dates of June 2036 and October 2036, respectively, on our trust preferred securities.

(4) Contractual commitments do not include \$35.0 million of interest expense payable through the maturity date of December 1, 2018 on our 6.0% convertible senior notes.

The joint venture agreement requires us to contribute 3% to 5% (depending on the terms of the agreement pursuant (5) to which the particular asset is being acquired) of the total funding required for each asset acquisition as needed, up to a specified amount. We expect that all remaining assets will be sold within two years.

Unfunded commitments on CRE loans generally fall into two categories: (1) pre-approved capital improvement (6) projects; and (2) new or additional construction costs subject, in each case, to the borrower meeting specified criteria. Upon completion of the improvements or construction, we would receive additional loan interest income on the advanced amount.

(7)

Calculated only for the next 12 months based on our current equity, as defined in our management agreement. Our management agreement also provides for an incentive fee arrangement that is based on operating performance. Because the incentive fee is not a fixed and determinable amount, it is not included in this table. At December 31, 2013, we had 12 interest rate swap contracts with a notional value of \$129.5 million. These contracts are fixed-for-floating interest rate swap agreements under which we contracted to pay a fixed rate of interest for the term of the hedge and will receive a floating rate of interest. As of December 31, 2013, the average fixed pay rate of our interest rate hedges was 5.03% and our receive rate was one-month LIBOR, or 0.16%.

[\(Back to Index\)](#)

81

[\(Back to Index\)](#)

Off-Balance Sheet Arrangements

General

As of December 31, 2013, we did not maintain any relationships with unconsolidated entities or financial partnerships that were established for the purpose of facilitating off-balance sheet arrangements or contractually narrow or limited purposes, although we do have interests in unconsolidated entities not established for those purposes. Except as set forth below, as of December 31, 2013, we had not guaranteed obligations of any such unconsolidated entities or entered into any commitment or letter of intent to provide additional funding to any such entities.

Unfunded Loan Commitments

In the ordinary course of business, we make commitments to borrowers whose loans are in our commercial real estate loan portfolio to provide additional loan funding in the future. These commitments generally fall into two categories: (1) pre-approved capital improvement projects; and (2) new or additional construction costs. Disbursement of funds pursuant to these commitments is subject to the borrower meeting pre-specified criteria. Upon disbursement of funds, we receive loan interest income on any such advanced funds. As of December 31, 2013, we had 19 loans with unfunded commitments totaling \$13.7 million, of which \$7.1 million will be funded by restricted cash in RCC CRE Notes 2013 and \$430,000 will be funded by restricted cash in RREF CDO 2007-1; we intend to fund the remaining \$6.2 million through cash flow from normal operating activities and principal repayments on other loans in our portfolio. These commitments are subject to the same underwriting requirements and ongoing portfolio maintenance as are the on-balance sheet financial instruments that we hold. Since these commitments may expire without being drawn upon, the total commitment amount does not necessarily represent future cash requirements.

Guarantees and Indemnifications

In the ordinary course of business, we may provide guarantees and indemnifications that contingently obligate us to make payments to the guaranteed or indemnified party based on changes in the value of an asset, liability or equity security of the guaranteed or indemnified party. As such, we may be obligated to make payments to a guaranteed party based on another entity's failure to perform or achieve specified performance criteria, or we may have an indirect guarantee of the indebtedness of others. On November 16, 2011, as set forth in " -Financial Condition", as part of the LCC transaction, we and Resource America become jointly and severally liable to contribute cash to LCC, to the extent that the value of the equity on the balance sheet of LRF 3 is less than \$18.7 million (the value of LRF 3's equity when it was contributed to LCC by RCC) as of a specified final testing date within 90 days following December 31, 2013. The LRF 3 equity as of December 31, 2013 was in excess of this commitment.

Critical Accounting Policies and Estimates

Our consolidated financial statements are prepared by management in accordance with GAAP. The preparation of financial statements in conformity with GAAP requires that we make estimates and assumptions that may affect the value of our assets or liabilities and our financial results. We believe that certain of our policies are critical because they require us to make difficult, subjective and complex judgments about matters that are inherently uncertain. The critical policies summarized below relate to valuation of investment securities, accounting for derivative financial instruments and hedging activities, income taxes, allowance for loan and lease losses and variable interest entities. We have reviewed these accounting policies with our board of directors and believe that all of the decisions and assessments upon which our financial statements are based were reasonable at the time made based upon information available to us at the time. We rely on the Manager's experience and analysis of historical and current market data in order to arrive at what we believe to be reasonable estimates.

Valuation of Investment Securities

We classify our investment portfolio as either available-for-sale investments or trading investments. For a discussion of the basis of fair value analysis, and of the determination of whether an asset's valuation should be characterized as Level 1, Level 2 or Level 3, see Note 21, "Fair Value of Financial Instruments" in the notes to consolidated financial statements.

[\(Back to Index\)](#)

We report securities available-for-sale at fair value, with unrealized gains and losses reported as a component of accumulated other comprehensive income (loss) in stockholders' equity. We also report investment securities, trading at fair value with unrealized gains and losses reported on the statement of income as net realized and unrealized gain on investment securities, trading. As of December 31, 2013 and 2012, we had aggregate unrealized losses on our available-for-sale securities of \$3.1 million and \$11.5 million, respectively, which, if not recovered, may result in the recognition of future losses. To determine fair value, we use an independent third-party valuation firm. These valuations are validated using a quote from a dealer, which typically will be the dealer who sold us the security. If there is a material difference between the value indicated by the third-party valuation firm and the dealer quote, we will evaluate the difference which could result in an updated valuation from the third-party firm or a revised dealer quote. Based on the market color available for each position, we categorize these investments as either 2, or 3 in the fair value hierarchy.

We are required to determine when an investment is considered impaired (i.e., decline in fair value below its amortized cost), evaluate whether the impairment is other than temporary (i.e., the investment value will not be recovered over its remaining life), and, if the impairment is other than temporary, recognize an impairment loss equal to the difference between the investment's cost and its fair value.

We record investment securities transactions on the trade date. We record purchases of newly issued securities when all significant uncertainties regarding the characteristics of the securities are removed, generally shortly before settlement date. We determine realized gains and losses on investment securities on the specific identification method. Accounting for Derivative Financial Instruments and Hedging Activities

Our policies permit us to enter into derivative contracts, including interest rate swaps and interest rate caps, as a means of mitigating our interest rate risk on forecasted interest expense associated with the benchmark rate on forecasted rollover/reissuance of repurchase agreements or the interest rate repricing of repurchase agreements, or other similar hedged items, for a specified future time period.

As of December 31, 2013, we had engaged in 12 interest rate swaps with a notional value of \$129.5 million and a fair value of \$(10.6) million to seek to mitigate our interest rate risk for specified future time periods as defined in the terms of the hedge contracts. As of December 31, 2012, we had engaged in 16 interest rate swaps with a notional value of \$135.2 million and a fair value of \$(14.7) million to seek to mitigate our interest rate risk for specified future time periods as defined in the terms of the hedge contracts. The contracts we have entered into have been designated as cash flow hedges and are evaluated at inception and on an ongoing basis in order to determine whether they qualify for hedge accounting. The hedge instrument must be highly effective in achieving offsetting changes in the hedged item attributable to the risk being hedged in order to qualify for hedge accounting. A hedge instrument is highly effective if changes in the fair value of the derivative provide an offset to at least 80% and not more than 125% of the changes in fair value or cash flows of the hedged item attributable to the risk being hedged. The interest rate swap contracts are carried on our consolidated balance sheets at fair value. Any ineffectiveness which arises during the hedging relationship must be recognized in interest expense or income during the period in which it arises. Before the end of the specified hedge time period, the effective portion of all contract gain and losses (whether realized or unrealized) is recorded in other comprehensive income or loss. Realized gains and losses on the interest rate hedges are reclassified into earnings as an adjustment to interest expense during the period after the swap repricing date through the remaining maturity of the swap. For taxable income purposes, realized gains and losses on interest rate cap and swap contracts are reclassified into earnings over the term of the hedged transactions as designated for tax. We are not required to account for derivative contracts using hedge accounting as described above. If we decided not to designate the derivative contracts as hedges and to monitor their effectiveness as hedges, or if we entered into other types of financial instruments that did not meet the criteria to be designated as hedges, changes in the fair values of these instruments would be recorded in our statement of income, potentially resulting in increased volatility in our earnings. We had no interest rate cap agreements at December 31, 2013 and 2012.

We may also enter into forward contracts for the sale of mortgage-backed securities for the purpose of hedging our closed residential mortgage loans held for sale and our pipeline of residential mortgage loans expected to close. As residential mortgage loans are closed, they are typically sold at prices specified in the forward contracts. Gains or losses may arise if the yields of the loans delivered vary from those specified in the forward contracts. Derivative

mortgage loan commitments, or interest rate locks, may also be utilized and relate to the origination of a mortgage that will be held for sale upon funding.

Income Taxes

The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and the future tax consequences of events that have been recognized in our consolidated financial statements or tax returns.

[\(Back to Index\)](#)

83

The tax rates we use to determine deferred tax assets or liabilities are the enacted tax rates in effect for the year in which we expect the differences to reverse. We recognize effects of tax rate changes on deferred tax liabilities and deferred tax assets, as well as other changes in income tax laws in net earnings in the period during which such changes are enacted. The future realization of deferred tax assets depends upon the generation of future taxable income during the periods in which those temporary differences become deductible. We continually evaluate our ability to realize the tax benefits associated with deferred tax assets by analyzing forecasted taxable income using both historical and projected future operating results, the reversal of existing temporary differences, taxable income in prior carryback years (if permitted) and the availability of tax planning strategies. We must establish a valuation allowance unless we determine that it is more likely than not that we will ultimately realize the tax benefit associated with a deferred tax asset.

We account for taxes assessed by a governmental authority that is directly imposed on a revenue-producing transaction (e.g., sales, use, value added) on a net (excluded from revenue) basis.

Allowance for Loan Losses

We maintain an allowance for loan losses. Loans held for investment are first individually evaluated for impairment, and then evaluated as a homogeneous pool as loans with substantially similar characteristics for impairment. We perform the reviews at least quarterly.

We consider an individual loan to be impaired when, based on current information and events, management believes it is probable that we will be unable to collect all amounts due according to the contractual terms of the loan agreement. When a loan is impaired, we increase the allowance for loan losses by the amount of the excess of the amortized cost basis of the loan over its fair value. Fair value may be determined based on the present value of estimated cash flows; on market price, if available; or the fair value of the collateral less estimated disposition costs. When we consider a loan, or a portion thereof, uncollectible and pursuit of the collection is not warranted, we will record a charge-off or write-down of the loan against the allowance for credit losses.

Variable Interest Entities

We consolidate entities that are variable interest entities, or VIEs where we have determined that we are the primary beneficiary of such entities. Once it is determined that we hold a variable interest in a VIE, management performs a qualitative analysis to determine (i) if we have the power to direct the matters that most significantly impact the VIE's financial performance; and (ii) if we have the obligation to absorb the losses of the VIE that could potentially be significant to the VIE or the right to receive the benefits of the VIE that could potentially be significant to the VIE. If our variable interest possesses both of these characteristics, we are deemed to be the primary beneficiary and would be required to consolidate the VIE. This assessment must be done on an ongoing basis. As of December 31, 2013, we determined that RCC CRE Notes 2013, RREF CDO 2007-1, RREF CDO 2006-1, Apidos CDO I, Apidos CDO III and Apidos Cinco CDO and Apidos CLO VIII and Whitney CLO I are VIEs and that we are the primary beneficiary.

Recent Accounting Pronouncements

In January 2014, the FASB issued guidance that clarifies when a creditor is considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan. Furthermore, the guidance requires interim and annual disclosure of the amount of foreclosed residential real estate property held by the creditor and the recorded investment in consumer mortgage loans collateralized by residential real estate property that are in the process of foreclosure according to local requirements of the applicable jurisdiction. This guidance is effective on annual periods, and interim periods within those annual periods, beginning after December 15, 2014. We are currently evaluating the effect of adoption, but do not expect adoption will have a material impact on our consolidated financial statements.

In July 2013, the FASB issued guidance which permits the Federal Funds Effective Swap Rate (OIS) to be used as a U.S. benchmark interest rate for hedge accounting purposes. This guidance is effective prospectively for qualifying new or redesignated hedging relationships entered into on or after July 17, 2013. Adoption did not have a material impact on our consolidated financial statements.

In June 2013, the FASB issued guidance which clarifies the characteristics of an investment company, provides comprehensive guidance for assessing whether an entity is an investment company and requires an investment company to measure noncontrolling ownership interests in other investment companies at fair value rather than using

the equity method of accounting. The guidance also requires additional disclosure. This guidance is effective for an entity's interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. We are currently evaluating the effect of adoption, but do not expect adoption will have a material impact on our consolidated financial statements.

84

In February 2013, the FASB issued guidance which amends required information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under GAAP to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under GAAP that provide additional detail about those amounts. The amendments in this guidance were effective for reporting periods beginning after December 15, 2012. We provided the enhanced footnote disclosure required by this guidance in our consolidated financial statements.

In January 2013, the FASB issued guidance which clarifies the scope of accounting for certain derivatives including bifurcated embedded derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset or subject to an enforceable master netting arrangement or similar agreement. The amendments in this guidance were effective for interim and annual reporting periods beginning on or after January 1, 2013 and will be applied retrospectively for all comparative periods presented. We provided the enhanced footnote disclosure required by this guidance in our consolidated financial statements.

Inflation

Virtually all of our assets and liabilities are interest rate sensitive in nature. As a result, interest rates and other factors influence our performance far more than does inflation. Changes in interest rates do not necessarily correlate with inflation rates or changes in inflation rates. Our financial statements are prepared in accordance with GAAP and our distributions are determined by our board of directors based primarily on adjusted funds from operations, a non-GAAP measure; in each case, our activities and balance sheet are measured with reference to historical cost and/or fair market value without considering inflation.

ITEM 7A . QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As of December 31, 2013, the primary component of our market risk was interest rate risk, as described below. While we do not seek to avoid risk completely, we do seek to assume risk that can be quantified from historical experience, to actively manage that risk, to earn sufficient compensation to justify assuming that risk and to maintain capital levels consistent with the risk we undertake or to which we are exposed.

Effect on Fair Value

A component of interest rate risk is the effect changes in interest rates will have on the fair value of our assets. We face the risk that the fair value of our assets will increase or decrease at different rates than that of our liabilities, including our hedging instruments.

We primarily assess our interest rate risk by estimating the duration of our assets and the duration of our liabilities. Duration essentially measures the market price volatility of financial instruments as interest rates change. We generally calculate duration using various financial models and empirical data. Different models and methodologies can produce different duration numbers for the same securities.

The following sensitivity analysis tables show, at December 31, 2013, the estimated impact on the fair value of our interest rate-sensitive investments and liabilities of changes in interest rates, assuming rates instantaneously fall 100 basis points and rise 100 basis points (dollars in thousands):

	December 31, 2013			
	Interest rates fall 100 basis points	Unchanged	Interest rates rise 100 basis points	
CMBS – private placement ⁽¹⁾ :				
Fair value	\$247,630) \$255,670) \$264,267	
Change in fair value	(8,040) —) 8,597	
Change as a percent of fair value	3.14	% —	% 3.36	%
Hedging instruments:				
Fair value	\$(12,545) \$(10,586) \$(7,435)

Edgar Filing: Resource Capital Corp. - Form 10-K

Change in fair value	(1,959)	—	3,151	
Change as a percent of fair value	18.51	%	—	% 29.77	%

(Back to Index)

85

(1)Includes the fair value of available-for-sale investments that are sensitive to interest rate change.

For purposes of the table, we have excluded our investments with variable interest rates that are indexed to LIBOR. Because the variable rates on these instruments are short-term in nature, we are not subject to material exposure to movements in fair value as a result of changes in interest rates.

It is important to note that the impact of changing interest rates on fair value can change significantly when interest rates change beyond 100 basis points from current levels. Therefore, the volatility in the fair value of our assets could increase significantly when interest rates change beyond 100 basis points from current levels. In addition, other factors impact the fair value of our interest rate-sensitive investments and hedging instruments, such as the shape of the yield curve, market expectations as to future interest rate changes and other market conditions. Accordingly, in the event of changes in actual interest rates, the change in the fair value of our assets would likely differ from that shown above and such difference might be material and adverse to our stockholders.

Risk Management

To the extent consistent with maintaining our status as a REIT, we seek to manage our interest rate risk exposure to protect our portfolio of fixed-rate commercial real estate mortgages and CMBS and related debt against the effects of major interest rate changes. We generally seek to manage our interest rate risk by:

- monitoring and adjusting, if necessary, the reset index and interest rate related to our mortgage-backed securities and our borrowings;

- attempting to structure our borrowing agreements for our CMBS to have a range of different maturities, terms, amortizations and interest rate adjustment periods; and

- using derivatives, financial futures, swaps, options, caps, floors and forward sales, to adjust the interest rate sensitivity of our fixed-rate commercial real estate mortgages and CMBS and our borrowing which we discuss in “Financial Condition-Hedging Instruments.”

[\(Back to Index\)](#)

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Resource Capital Corp.

We have audited the accompanying consolidated balance sheets of Resource Capital Corp. (a Maryland corporation) and subsidiaries (the "Company") as of December 31, 2013 and 2012, and the related consolidated statements of income, comprehensive income (loss), equity, and cash flows for each of the three years in the period ended December 31, 2013. Our audits of the basic consolidated financial statements included the financial statement schedules listed in the index appearing under Item 15(a)(2). These financial statements and financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Resource Capital Corp. and subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2013, in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the related financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2013, based on criteria established in the 1992 Internal Control -Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) and our report dated March 3, 2014, expressed an unqualified opinion.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2013
(Unaudited)

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Resource Capital Corp. and subsidiaries' (collectively the "Company") principal business activity is to purchase and manage a diversified portfolio of commercial real estate-related assets and commercial finance assets. The Company's investment activities are managed by Resource Capital Manager, Inc. ("Manager") pursuant to a management agreement (the "Management Agreement"). The Manager is a wholly-owned indirect subsidiary of Resource America, Inc. ("Resource America") (NASDAQ: REXI). In September 2013, it was determined that the Company is a variable interest entity ("VIE") and that Resource America is the primary beneficiary of the Company. Therefore, the Company's financial statements will be consolidated into Resource America's financial statements. The following subsidiaries are consolidated in the Company's financial statements:

RCC Real Estate, Inc. ("RCC Real Estate") holds real estate investments, including commercial real estate loans, commercial real estate-related securities and investments in real estate. RCC Real Estate owns 100% of the equity of the following VIEs:

Resource Real Estate Funding CDO 2006-1 ("RREF CDO 2006-1"), a Cayman Islands limited liability company and qualified real estate investment trust ("REIT") subsidiary ("QRS"). RREF CDO 2006-1 was established to complete a collateralized debt obligation ("CDO") issuance secured by a portfolio of commercial real estate ("CRE") loans and commercial mortgage-backed securities ("CMBS").

Resource Real Estate Funding CDO 2007-1 ("RREF CDO 2007-1"), a Cayman Islands limited liability company and QRS. RREF CDO 2007-1 was established to complete a CDO issuance secured by a portfolio of CRE loans, CMBS. RCC CRE Notes 2013 ("CRE Notes 2013"), a Cayman Islands limited liability company and QRS. CRE Notes 2013 was established to complete a CRE securitization issuance secured by a portfolio of CRE loans.

RCC Commercial, Inc. ("RCC Commercial") holds bank loan investments and the Company's self-originated middle market loans. RCC Commercial owns 100% of the equity of the following VIE:

Apidos CDO III, Ltd. ("Apidos CDO III"), a Cayman Islands limited liability company and taxable REIT subsidiary ("TRS"). Apidos CDO III was established to complete a CDO issuance secured by a portfolio of bank loans and asset-backed securities ("ABS").

RCC Commercial II, Inc. ("Commercial II") holds bank loan investments. Commercial II owns 100% and 68.3%, respectively, of the equity of the following VIEs:

Apidos Cinco CDO, Ltd. ("Apidos Cinco CDO"), a Cayman Islands limited liability company and TRS. Apidos Cinco CDO was established to complete a CDO issuance secured by a portfolio of bank loans, ABS and corporate bonds.

Whitney CLO I, Ltd. ("Whitney CLO I"), a Cayman Islands limited liability company and TRS. In September 2013, the Company liquidated Whitney CLO I, and as a result substantially all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the remaining balance on the outstanding notes of \$103.7 million.

RCC Commercial III, Inc. ("Commercial III") holds bank loan investments. Commercial III owns 90% of the equity of the following VIE:

Apidos CDO I, Ltd. ("Apidos CDO I"), a Cayman Islands limited liability company and TRS. Apidos CDO I was established to complete a CDO issuance secured by a portfolio of bank loans and ABS.

Resource TRS, Inc. ("Resource TRS"), a TRS directly owned by the Company, holds the Company's equity investment in a leasing company and holds all of its investment securities, trading. Resource TRS also owns 100% of the following:

Resource TRS, LLC, a Delaware limited liability company, which holds bank loan investments.

Resource TRS II, Inc. (“Resource TRS II”), a TRS directly owned by the Company, holds the Company’s management rights in bank loan CLOs not originated by the Company. Resource TRS II owns 100% of the equity of the following VIE:

Resource Capital Asset Management (“RCAM”), a domestic limited liability company, which is entitled to collect senior, subordinated, and incentive fees related to three CLO issuers to which it provides management services through CVC Credit Partners, LLC, formerly Apidos Capital Management, a subsidiary of CVC Capital Partners

[\(Back to Index\)](#)

DECEMBER 31, 2013

SICAV-FIS, S.A., a private equity firm (“CVC”). Resource America, Inc. owns a 33% interest in CVC Credit Partners, LLC, (“CVC Credit Partners”).

Resource TRS III, Inc. (“Resource TRS III”), a TRS directly owned by the Company, holds the Company’s interests in a bank loan CDO originated by the Company. Resource TRS III owns 33% of the equity of the following VIE:

Apidos CLO VIII, Ltd (“Apidos CLO VIII”), a Cayman Islands limited liability company and TRS. Apidos CLO VIII was established to complete a CLO issuance secured by a portfolio of bank loans and corporate bonds. The Company is the primary beneficiary of Apidos CLO VIII and therefore consolidates 100% of this VIE in its financial statements. In October 2013, the Company liquidated Apidos CLO VIII, and as a result all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the remaining balance on the outstanding notes of \$317.6 million.

Resource TRS IV, Inc. (“Resource TRS IV”), a TRS directly owned by the Company, holds the Company's equity investment in hotel condominium units acquired in conjunction with a loan foreclosure.

Resource TRS V, Inc. (“Resource TRS V”), a TRS directly owned by the Company, holds the Company's equity investment in a held for sale condominium complex.

RSO EquityCo, LLC owns 10% of the equity of Apidos CDO I and 10% of the equity of Apidos CLO VIII.

Long Term Care Conversion, Inc. (“LTCC”), a TRS directly owned by the Company, is a Delaware corporation which owns 100% of the following entity:

Long Term Care Conversion, Funding (“LTCC Funding”), a New York limited liability company, owns a 30% equity interest in Life Care Funding, LLC (“LCF”) and provides funding through a financing facility to fund the acquisition of life settlement contracts. LCF, a New York limited liability company, is a joint venture between LTCC and Life Care Funding Group Partners and was established for the purpose of originating and acquiring life settlement contracts.

RCC Residential, Inc., a TRS directly owned by the Company, is a Delaware corporation which owns 100% of the following entity:

Primary Capital Advisors LLC (“PCA”), a limited liability company which originates and services residential mortgage loans.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The consolidated financial statements include the accounts of the Company.

A VIE is defined as an entity in which equity investors (i) do not have a controlling financial interest and/or (ii) do not have sufficient equity at risk for the entity to finance its activities without additional financial support from other parties. A VIE is required to be consolidated by its primary beneficiary, which is defined as the party that (a) has the power to control the activities that most significantly impact the VIE's economic performance and (b) has the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE.

In determining whether the Company is the primary beneficiary of a VIE, the Company reviews governing contracts, formation documents and any other contractual arrangements for any relevant terms and determines the activities that have the most significant impact on the VIE and who has the power to direct those activities. The Company also looks for kick-out rights, protective rights and participating rights as well as any financial or other support provided to the VIE and the reason for that support, and the terms of any explicit or implicit arrangements that may require the Company to provide future support. The Company then makes a determination based on its power to direct the most significant activities of the VIE and/or a financial interest that is potentially significant. The Company continually reassesses whether it should be deemed to be the primary beneficiary of its VIEs.

All inter-company transactions and balances have been eliminated.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates affecting the accompanying consolidated financial statements include the net realizable and fair values of the Company's investments and derivatives, the estimated life used on investments to calculate depreciation, amortization, and accretion of premiums and discounts, respectively, provisions for loan losses, valuation of servicing asset and the disclosure of contingent liabilities.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and all highly liquid investments with original maturities of three months or less at the time of purchase. At December 31, 2013 and 2012, this included \$22.5 million and \$19.9 million, respectively, held in a prime brokerage account, \$156.6 million and \$20.6 million, respectively, held in a money market account, \$81.1 million and \$43.3 million, respectively, held in checking accounts, and \$2.1 million and \$1.5 million, respectively, held in accounts at the Company's investment properties.

Investment Securities

The Company classifies its investment portfolio as trading or available-for-sale. The Company, from time to time, may sell any of its investments due to changes in market conditions or in accordance with its investment strategy. The Company's investment securities, trading and investment securities available-for-sale are reported at fair value. To determine fair value, the Company uses an independent third-party valuation firm utilizing data available in the market as well as appropriate prepayment default, and recovery rates. These valuations are validated utilizing dealer quotes or bids. If there is a material difference between the value indicated by the third-party valuation firm and the dealer quote or bid, the Company will evaluate the difference which could result in an updated valuation from the third-party or a revised dealer quote. Based on a prioritization of inputs used in valuation of each position, the Company categorizes these investments as either Level 2 or Level 3 in the fair value hierarchy. Any changes in fair value to the Company's investment securities, trading are recorded in the Company's consolidated statements of income as net realized and unrealized (loss) gain on investment securities, trading. Any changes in fair value to the Company's investment securities available-for-sale are recorded in the Company's consolidated balance sheets as a component of accumulated other comprehensive income (loss) in stockholders' equity.

On a quarterly basis, the Company evaluates its available-for-sale investments for other-than-temporary impairment. An available-for-sale investment is impaired when its fair value has declined below its amortized cost basis. An impairment is considered other-than-temporary when the amortized cost basis of the investment or some portion thereof will not be recovered. In addition, the Company's intent to sell as well as the likelihood that the Company will be required to sell the security before the recovery of the amortized cost basis is considered. Where credit quality is believed to be the cause of the other-than-temporary impairment, that component of the impairment is recognized as an impairment loss in the consolidated statements of income. Where other market components are believed to be the cause of the impairment, that component of the impairment is recognized as other comprehensive loss.

The Company performs an on-going review of third-party reports and updated financial data on the underlying properties in order to analyze current and projected security performance. Rating agency downgrades are considered with respect to the Company's income approach when determining other-than temporary impairment and, when inputs are subjected to testing for economic changes within possible ranges, the resulting projected cash flows reflect a full recovery of principal and interest indicating no impairment.

The determination of other-than-temporary impairment is a subjective process, and different judgments and assumptions could affect the timing of loss realization. The Company reviews its portfolios and makes other-than-temporary impairment determinations at least quarterly. The Company considers the following factors

when determining if there is an other-than-temporary impairment on a security:

- the length of time the market value has been less than amortized cost;
- the severity of the impairment;
- the expected loss of the security as generated by a third-party valuation model;

[\(Back to Index\)](#)

99

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

original and current credit ratings from the rating agencies;
underlying credit fundamentals of the collateral backing the securities;
whether, based upon the Company's intent, it is more likely than not that the Company will sell the security before the recovery of the amortized cost basis; and
third-party support for default, for recovery, prepayment speed and reinvestment price assumptions.

Investment security transactions are recorded on the trade date. Realized gains and losses on investment securities are determined on the specific identification method.

Investment Interest Income Recognition

Interest income on the Company's mortgage-backed and other asset-backed securities is accrued using the effective yield method based on the actual coupon rate and the outstanding principal amount of the underlying mortgages or other assets. Premiums and discounts are amortized or accreted into interest income over the lives of the securities also using the effective yield method, adjusted for the effects of estimated prepayments. For an investment purchased at par, the effective yield is the contractual interest rate on the investment. If the investment is purchased at a discount or at a premium, the effective yield is computed based on the contractual interest rate increased for the accretion of a purchase discount or decreased for the amortization of a purchase premium. The effective yield method requires the Company to make estimates of future prepayment rates for its investments that can be contractually prepaid before their contractual maturity date so that the purchase discount can be accreted, or the purchase premium can be amortized, over the estimated remaining life of the investment. The prepayment estimates that the Company uses directly impact the estimated remaining lives of its investments. Actual prepayment estimates are reviewed as of each quarter end or more frequently if the Company becomes aware of any material information that would lead it to believe that an adjustment is necessary. If prepayment estimates are incorrect, the amortization or accretion of premiums and discounts may have to be adjusted, which would have an impact on future income.

Loans

The Company acquires loans through direct origination, through the acquisition of participations in commercial real estate loans and corporate leveraged loans in the secondary market and through syndications of newly originated loans. Loans are held for investment; therefore, the Company initially records them at their acquisition price, and subsequently, accounts for them based on their outstanding principal plus or minus unamortized premiums or discounts. The Company may sell a loan held for investment where the credit fundamentals underlying a particular loan have changed in such a manner that the Company's expected return on investment may decrease. Once the determination has been made by the Company that it no longer will hold the loan for investment, the Company identifies these loans as "Loans held for sale" and will account for them at the lower of amortized cost or fair value.

Loan Interest Income Recognition

Interest income on loans includes interest at stated rates adjusted for amortization or accretion of premiums and discounts. Premiums and discounts are amortized or accreted into income using the effective yield method. If a loan with a premium or discount is prepaid, the Company immediately recognizes the unamortized portion as a decrease or increase to interest income. In addition, the Company defers loan origination fees and loan origination costs and recognizes them over the life of the related loan against interest income using the effective yield method.

Residential Loan Origination

The Company originates residential loans to be funded by permanent investors. Origination fees and direct origination costs are initially deferred and are recognized as income at the time the loan is sold to a permanent investor. The Company originates loans primarily in 6 states with a focus on the Southeast. The Company may sell or retain the right to service the loans. Servicing fees are recognized as income when the related mortgage payments are collected based on the outstanding balance of the related mortgage loans or on an agreed upon rate. Servicing fee income is reduced by amortization of capitalized servicing rights.

[\(Back to Index\)](#)

100

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

Mortgage loans held for sale are valued at the lower of cost or market, determined on an aggregate basis for each type of loan after the net effect of any hedging activities. Market value is determined using sales commitments to permanent investors or on current market rates for loans of similar quality and type (Level 2). Mortgage loans are included as loans held for sale in the consolidated balance sheets.

Residential real estate properties acquired through foreclosure to be sold are initially recorded at fair value less selling costs at the date of foreclosure, establishing a new cost basis. Any write down to fair value at the time of foreclosure is charged to the allowance for loan losses. After foreclosure, valuations are periodically performed by management and the real estate is carried at the lower of the carrying amount or fair value less costs to sell. Costs related to holding foreclosed real estate and subsequent adjustments to value are expensed. The fair value of real estate owned is determined using unobservable inputs including estimates of selling costs and marketability of the property (Level 3). The unpaid principal balances of loans serviced by the Company for others are not included in the accompanying consolidated balance sheets. The fair value of residential servicing rights included on the consolidated balance sheets was determined using an estimated current market value at the date of loan origination and other assumptions. Capitalized servicing rights are amortized over the life of the loan, assuming certain prepayment and other assumptions.

Allowance for Loan Loss

The Company maintains an allowance for loan loss. For the Company's bank and CRE loan portfolios, loans held for investment are first individually evaluated for impairment to determine whether a specific reserve is required. Loans that are not determined to be impaired individually are then evaluated for impairment as a homogeneous pool of loans with substantially similar characteristics so that a general reserve can be established, if needed. The reviews are performed at least quarterly.

The Company considers a loan to be impaired if one of two conditions exists. The first condition is if, based on current information and events, management believes it is probable that the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement. The second condition is if the loan is deemed to be a troubled-debt restructuring ("TDR") where a concession has been given to a borrower in financial difficulty. These TDRs may not have an associated specific loan loss allowance if the principal and interest amount is considered recoverable based on current market conditions, expected collateral performance and/or guarantees made by the borrowers.

When a loan is impaired under either of these two conditions, the allowance for loan losses is increased by the amount of the excess of the amortized cost basis of the loan over its fair value. Fair value may be determined based on the present value of estimated cash flows; on market price, if available; or on the fair value of the collateral less estimated disposition costs. When a loan, or a portion thereof, is considered uncollectible and pursuit of collection is not warranted, the Company will record a charge-off or write-down of the loan against the allowance for loan losses.

An impaired loan may remain on accrual status during the period in which the Company is pursuing repayment of the loan; however, the loan would be placed on non-accrual status at such time as (i) management believes that scheduled debt service payments will not be met within the coming 12 months; (ii) the loan becomes 90 days delinquent; (iii) management determines the borrower is incapable of, or has ceased efforts toward, curing the cause of the impairment; or (iv) the net realizable value of the loan's underlying collateral approximates the Company's carrying value for such loan. While on non-accrual status, the Company recognizes interest income only when an actual payment is received. When a loan is placed on non-accrual, previously accrued interest is reversed from interest income.

For the Company's residential mortgage loans, the allowance is based upon management's periodic review of the collectability of the loans in light of historical experience, the nature and amount of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. This evaluation is inherently subjective, as it requires estimates that are susceptible to significant

revision as more information becomes available. The allowance consists of specific and general components. The specific component relates to loans that are classified as doubtful, substandard, or special mention. For such loans that are also identified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan are lower than the carrying value of that loan. A general component is maintained to cover uncertainties that could affect management's estimate of probable losses. The general component of the allowance reflects the margin of imprecision inherent in the underlying assumptions used in the methodologies for estimating specific and general losses in the portfolio.

[\(Back to Index\)](#)

101

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impaired loans are carried at fair value and are measured on a nonrecurring basis. The fair value is determined using unobservable inputs including estimates of selling costs (Level 3).

Investments in Real Estate

Investments in real estate are carried net of accumulated depreciation. Costs directly related to the acquisition are expensed as incurred. Ordinary repairs and maintenance which are not reimbursed by the tenants are expensed as incurred. Costs related to the improvement of the real property are capitalized and depreciated over their useful lives. Acquisitions of real estate assets and any related intangible assets are recorded initially at fair value under Financial Accounting Standards Board ("FASB") Accounting Standards Codifications ("ASC") Topic 805, "Business Combinations". The Company allocates the purchase price of its investments in real estate to land, building, site improvements, the value of in-place leases and the value of above or below market leases. The value allocated to above or below market leases is amortized over the remaining lease term as an adjustment to rental income. The Company amortizes the value allocated to in-place leases over the weighted average remaining lease term to depreciation and amortization expense. The Company depreciates real property using the straight-line method over the estimated useful lives of the assets as follows:

Category	Term
Building	25 – 40 years
Site improvements	Lesser of the remaining life of building or useful lives

Long-Lived and Intangible Assets

Long-lived assets and certain identifiable intangibles to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. The review of recoverability is based on an estimate of the future undiscounted cash flows (excluding interest charges) expected to result from the long-lived asset's use and eventual disposition. If impairment has occurred, the loss will be measured as the excess of the carrying amount of the asset over the fair value of the asset.

There were no impairment charges recorded with respect to the Company's investment in real estate or intangible assets during the years ended December 31, 2013 and 2012.

Comprehensive Income (Loss)

Comprehensive income (loss) for the Company includes net income and the change in net unrealized gains (losses) on available-for-sale securities, derivative instruments used to hedge exposure to interest rate fluctuations and protect against declines in the market value of assets resulting from general market trends as well as translation of currency as a result of the Company's investment in the equity of foreign CDOs.

Income Taxes

The Company operates in such a manner as to qualify as a real estate investment trust ("REIT") under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"); therefore, applicable REIT taxable income is included in the taxable income of its shareholders, to the extent distributed by the Company. To maintain REIT status for federal income tax purposes, the Company is generally required to distribute at least 90% of its REIT taxable income to its shareholders as well as comply with certain other qualification requirements as defined under the Code. As a REIT, the Company is not subject to federal corporate income tax to the extent that it distributes 100% of its REIT taxable income each year.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

Taxable income, from non-REIT activities managed through the Company's taxable REIT subsidiaries, is subject to federal, state and local income taxes. The Company's taxable REIT subsidiaries' income taxes are accounted for under the asset and liability method. Under the asset and liability method, deferred income taxes are recognized for the temporary differences between the financial reporting basis and tax basis of assets and liabilities.

Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CLO VIII, Whitney CLO I, and Harvest CLO VII, the Company's foreign TRSs, are organized as exempted companies incorporated with limited liability under the laws of the Cayman Islands and, with respect to Harvest CLO VII, Ireland, and are generally exempt from federal and state income at the corporate level because their activities in the United States are limited to trading in stock and securities for their own account. Therefore, despite their status as TRSs, they generally will not be subject to corporate tax on their earnings and no provision for income taxes is required; however, because they are "controlled foreign corporations," the Company will generally be required to include Apidos CDO I's, Apidos CDO III's, Apidos Cinco CDO's, Apidos CLO VIII's, Whitney CLO I's, and Harvest CLO VII's current taxable income in its calculation of REIT taxable income.

On October 27, 2011 the Company reorganized the ownership structure of Apidos CDO I and Apidos CDO III. As a result, the earnings from Apidos CDO I and Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. On January 24, 2012, the Company again reorganized the ownership structure of Apidos CDO I and Apidos CDO III. As a result, for the period January 1, 2012 through January 23, 2012, the earnings from Apidos CDO I and Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. For the period January 24, 2012 through December 31, 2012 the earnings from Apidos CDO I are included in the Company's calculation of REIT taxable income.

On December 11, 2012, the Company further reorganized the ownership structure of Apidos CDO III. As a result, for the period from January 24, 2012 through December 10, 2012 the earnings from Apidos CDO III are included in the Company's calculation of REIT taxable income. Also as a result of the reorganization on December 11, 2012, for the period December 11, 2012 through December 31, 2012, the earnings from Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax.

On November 12, 2012, the Company reorganized the ownership structure of Apidos Cinco CDO and Whitney CLO I. As a result, for the period November 12, 2012 through December 31, 2012, the earnings from Apidos Cinco CDO and Whitney CLO I are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. Accordingly, a provision for income taxes on the earnings from November 12, 2012 through December 31, 2012 was recorded.

On February 13, 2013, the Company reorganized the ownership structure of Apidos Cinco CDO and Whitney CLO I. As a result, for the period January 1, 2013 through February 12, 2013, the earnings from Apidos Cinco CDO and Whitney CLO I are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. Accordingly, a provision for income taxes on the earnings from January 1, 2013 through February 12, 2013 has been recorded. Also as a result of the reorganization on February 13, 2013, for the period February 13, 2013 and ending December 31, 2013 the earnings from Apidos Cinco CDO and Whitney CLO I are included in the Company's calculation of REIT taxable income.

On March 8, 2013 the Company reorganized the ownership structure of Apidos CDO III. As a result, the earnings from Apidos CDO III for the period January 1, 2013 through March 7, 2013 are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. Accordingly, a provision for income taxes on the earnings from January 1, 2013 through March 7, 2013 has been recorded. Also as a result of the reorganization on March 8, 2013, for the period March 8, 2013 and ending December 31, 2013 the earnings from Apidos CDO III are included in the Company's calculation of REIT taxable income.

On September 10, 2013, the Company acquired approximately 9.5% of the equity of Harvest CLO VII, which is a foreign TRS, organized as an exempt company incorporated with limited liability under the laws of Ireland. This

equity is directly owned by a domestic QRS (Qualified REIT Subsidiary) of the Company; therefore, its earnings are included in the Company's calculation of REIT taxable income.

The Company accounts for taxes assessed by a governmental authority that is directly imposed on a revenue-producing transaction (e.g., sales, use, value added) on a net (excluded from revenue) basis.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

Stock Based Compensation

Issuances of restricted stock and options are accounted for using the fair value based methodology whereby the fair value of the award is measured on the grant date and expensed monthly to equity compensation expense-related party on the consolidated statements of income with a corresponding entry to additional paid-in capital. For issuances to the Company's Manager and to non-employees, the unvested stock and options are adjusted quarterly to reflect changes in fair value as performance under the agreement is completed. For issuances to the Company's seven non-employee directors or to any direct employees of the Company's subsidiaries, the amount is not remeasured under the fair value-based method. The compensation for each of these issuances is amortized over the service period and included in equity compensation expense.

Net Income Per Share

The Company calculates basic income per share by dividing net income for the period by the weighted-average number of shares of its common stock, including vested restricted stock and participating securities, outstanding for that period. Diluted income per share takes into account the effect of dilutive instruments, such as stock options, unvested restricted stock and convertible debt, but uses the average share price for the period in determining the number of incremental shares that are to be added to the weighted-average number of shares outstanding.

Derivative Instruments

The Company's policies permit it to enter into derivative contracts, including interest rate swaps and interest rate caps, to add stability to its interest expense and to manage its exposure to interest rate movements or other identified risks. The Company has designated these transactions as cash flow hedges. The contracts or hedge instruments are evaluated at inception and at subsequent consolidated balance sheets dates to determine if they qualify for hedge accounting which requires that the Company recognize all derivatives on the consolidated balance sheets at fair value. The Company records changes in the estimated fair value of the derivative in other comprehensive income to the extent that it is effective. Any ineffective portion of a derivative's change in fair value is immediately recognized in earnings. The Company may also enter into forward contracts for the sale of mortgage-backed securities for the purpose of hedging its closed residential mortgage loans held for sale and its pipeline of residential mortgage loans expected to close. As residential mortgage loans are closed, they are typically sold at prices specified in the forward contracts. Gains or losses may arise if the yields of the loans delivered vary from those specified in the forward contracts. Derivative mortgage loan commitments, or interest rate locks, may also be utilized and relate to the origination of a mortgage that will be held for sale upon funding.

Linked Transactions

If the Company finances the purchase of securities with repurchase agreements with the same counterparty from whom the securities are purchased and both transactions are entered into contemporaneously or in contemplation of each other, the transactions are presumed not to meet sale accounting criteria and the Company will account for the purchase of such securities and the repurchase agreement on a net basis and record a forward purchase commitment to purchase securities (each, a "Linked Transaction") at fair value on the Company's consolidated balance sheets in the line item linked transactions, at fair value. Changes in the fair value of the assets and liabilities underlying the linked transactions and associated interest income and interest expense are reported as unrealized (loss) gain and net interest income on linked transactions, net on the Company's consolidated statements of income.

Recent Accounting Standards

In January 2014, the FASB issued guidance that clarifies when a creditor is considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan. Furthermore, the guidance requires interim and annual disclosure of the amount of foreclosed residential real estate property held by the creditor and the recorded investment in consumer mortgage loans collateralized by residential real estate property that are in the process of foreclosure according to local requirements of the applicable jurisdiction. This guidance is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2014. The Company is

currently evaluating the effect of adoption, but does not expect adoption will have a material impact on its consolidated financial statements.

[\(Back to Index\)](#)

104

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

In July 2013, the FASB issued guidance which permits the Federal Funds Effective Swap Rate (OIS) to be used as a U.S. benchmark interest rate for hedge accounting purposes. This guidance is effective prospectively for qualifying new or redesignated hedging relationships entered into on or after July 17, 2013. Adoption did not have a material impact on the Company's consolidated financial statements.

In June 2013, the FASB issued guidance which clarifies the characteristics of an investment company, provides comprehensive guidance for assessing whether an entity is an investment company and requires an investment company to measure noncontrolling ownership interests in other investment companies at fair value rather than using the equity method of accounting. The guidance also requires additional disclosure. This guidance is effective for an entity's interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. The Company is currently evaluating the effect of adoption, but does not expect adoption will have a material impact on its consolidated financial statements.

In February 2013 the FASB issued guidance which amends required information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under U.S. GAAP to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under U.S. GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. The amendment in this guidance was effective for reporting periods beginning after December 15, 2012. The Company provided the enhanced footnote disclosure required by this guidance in its consolidated financial statements. In January 2013, the FASB issued guidance which clarifies the scope of accounting for certain derivatives including bifurcated embedded derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset or subject to an enforceable master netting arrangement or similar agreement. The amendments in this guidance were effective for interim and annual reporting periods beginning on or after January 1, 2013 and must be applied retrospectively for all comparative periods presented. The Company provided the enhanced footnote disclosure required by this guidance in its consolidated financial statements.

Reclassifications

Certain reclassifications have been made to the 2011 and 2012 consolidated financial statements to conform to the 2013 presentation.

NOTE 3 – VARIABLE INTEREST ENTITIES

The Company has evaluated its securities, loans, investments in unconsolidated entities, liabilities to subsidiary trusts issuing preferred securities (consisting of unsecured junior subordinated notes) and its securitizations in order to determine if they qualify as VIEs. The Company monitors these investments and, to the extent it has determined that it owns a material investment in the current controlling class of securities of a particular entity, analyzes the entity for potential consolidation. The Company will continually analyze investments and liabilities, including when there is a reconsideration event, to determine whether such investments or liabilities are VIEs and whether such VIE should be consolidated. This analysis requires considerable judgment in determining the primary beneficiary of a VIE and could result in the consolidation of an entity that would otherwise not have been consolidated or the non-consolidation of an entity that would have otherwise been consolidated.

Consolidated VIEs (the Company is the primary beneficiary)

Based on management's analysis, the Company is the primary beneficiary of eight VIEs at December 31, 2013: Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CLO VIII, RREF CDO 2006-1, RREF CDO 2007-1, Whitney CLO I and RCC CRE Notes 2013. In performing the primary beneficiary analysis for seven of these VIEs (other than Whitney CLO I, which is discussed below), it was determined that the parties that have the power to direct the

activities that are most significant to each of these VIEs and the Company who has the right to receive benefits and the obligation to absorb losses that could potentially be significant to these VIEs, are a related party group. It was then determined that the Company was the party within that group that is more closely associated to each such VIE because of its preferred equity (and in some cases debt) interest in them.

[\(Back to Index\)](#)

105

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

These securitizations were formed on behalf of the Company (except for Whitney CLO I, referred to below) to invest in real estate-related securities, CMBS, property available-for-sale, bank loans, corporate bonds and asset-backed securities, and were financed by the issuance of debt securities. The manager manages these entities on behalf of the Company. By financing these assets with long-term borrowings through the issuance of bonds, the Company seeks to generate attractive risk-adjusted equity returns and to match the term of its assets and liabilities. The primary beneficiary determination for each of these VIEs was made at each VIE's inception.

Whitney CLO I, the eighth consolidated VIE, is one in which the Company acquired the rights to manage the assets held by the entity as collateral for its CLOs in February 2011. For a discussion on the primary beneficiary analysis for Whitney, see “— Unconsolidated VIEs – Resource Capital Asset Management,” below. For a discussion of the Company's securitizations, see Note 1 and for a discussion of the debt issued through the securitizations, see Note 13.

For CLOs in which the Company does not own 100% of the subordinated notes, the Company imputes an interest rate using expected cash flows over the life of the CLO and records the third party's share of the cash flows as interest expense on the consolidated statements of income.

The Company has exposure to losses on its securitizations to the extent of its subordinated debt and preferred equity interests in them. The Company is entitled to receive payments of principal and interest on the debt securities it holds and, to the extent revenues exceed debt service requirements and other expenses of the securitizations, distributions with respect to its preferred equity interests. As a result of consolidation, debt and equity interests the Company holds in these securitizations have been eliminated, and the Company's consolidated balance sheets reflects both the assets held and debt issued by the securitizations to third parties and any accrued expense to third parties. The Company's operating results and cash flows include the gross amounts related to the securitizations' assets and liabilities as opposed to the Company's net economic interests in the securitizations. Assets and liabilities related to the securitizations are disclosed, in the aggregate, on the Company's consolidated balance sheets.

The creditors of the Company's eight consolidated VIEs have no recourse to the general credit of the Company. However, in its capacity as manager, the Company has voluntarily supported two credits in one of its commercial real estate CDOs as the credits went through a restructuring in order to maximize their future cash flows. For the years ended December 31, 2013, 2012 and 2011, the Company has provided financial support of \$166,000, \$156,000 and \$710,000, respectively. The Company has provided no other financial support to any other of its VIEs nor does it have any requirement to do so, although it may choose to do so in the future to maximize future cash flows on such investments by the Company. There are no explicit arrangements or implicit variable interests that obligate the Company to provide financial support to any of its consolidated VIEs, although the Company may choose to do so in the future.

Accrued interest expense	269	62	313	—	—	44	113	117	918
Derivatives, at fair value	—	—	—	—	—	1,186	9,005	—	10,191
Accounts payable and other liabilities	162	19	25	973	394	30	1	—	1,604
Total liabilities	\$87,562	\$133,290	\$321,485	\$973	\$834	\$95,264	\$186,956	\$256,688	\$1,083,052

(1) Includes \$35.1 million available for reinvestment in certain of the securitizations.

(2) Assets of each of the consolidated VIEs may only be used to settle the obligations of each respective VIE.

Unconsolidated VIEs (the Company is not the primary beneficiary, but has a variable interest)

Based on management's analysis, the Company is not the primary beneficiary of the VIEs discussed below since it does not have both (i) the power to direct the activities that most significantly impact the VIE's economic performance and (ii) the obligation to absorb the losses of the VIE or the right to receive the benefits from the VIE, which could be significant to the VIE. Accordingly, the following VIEs are not consolidated in the Company's financial statements as of December 31, 2013. The Company's maximum exposure to risk for each of these unconsolidated VIEs is set forth in the "Maximum Risk Exposure" column in the table below.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

LEAF Commercial Capital, Inc.

On November 16, 2011, the Company together with LEAF Financial, Inc. ("LEAF Financial"), a subsidiary of Resource America, and LEAF Commercial Capital, Inc. ("LCC"), another subsidiary of Resource America, entered into a stock purchase agreement and related agreements (collectively the "SPA") with Eos Partners, L.P., a private investment firm, and its affiliates ("Eos"). In exchange for its prior interests in its lease related investments, the Company received 31,341 shares of Series A Preferred Stock (the "Series A Preferred Stock"), 4,872 shares of newly issued 8% Series B Redeemable Preferred Stock (the "Series B Preferred Stock") and 2,364 shares of newly issued Series D Redeemable Preferred Stock (the "Series D Preferred Stock"), collectively representing, on a fully-diluted basis assuming conversion, a 26.7% interest in LCC. The Company's investment in LCC was valued at \$36.3 million based on a third-party valuation. Several approaches were used, including discounted expected cash flows, market approach and comparable sales transactions to estimate the fair value of its investment in LCC as a result of the transaction. These approaches required assumptions and estimates of many critical factors, including revenue and market growth, operating cash flows, market multiples, and discount rates, which were based on the current economic environment and credit market conditions. The Company recorded a loss of \$2.2 million in conjunction with the transaction. The Company's resulting interest is accounted for under the equity method. During 2013, the Company entered into a third stock purchase agreement with LCC to purchase 3,682 shares of newly issued Series A-1 Preferred Stock (the "Series A-1 Preferred Stock") for \$3.7 million and 4,445 shares of newly issued Series E Preferred Stock (the "Series E Preferred Stock") for \$4.4 million. The Series E Preferred Stock has priority over all other classes of preferred stock. The Company's fully-diluted interest in LCC assuming conversion is 27.5%. The Company's investment in LCC was recorded at \$41.0 million and \$33.1 million as of December 31, 2013 and 2012, respectively. The Company determined that it is not the primary beneficiary of LCC because it does not participate in any management or portfolio decisions, holds only two of six board positions, and only controls 27.5% of the voting rights in the entity. Furthermore, Eos holds consent rights with respect to significant LCC actions, including incurrence of indebtedness, consummation of a sale of the entity, liquidation or initiating a public offering.

In connection with this transaction, the Company and Resource America have undertaken a contingent obligation with respect to the value of the equity on the balance sheets of LEAF Receivables Funding 3 ("LRF 3"), a wholly-owned subsidiary of LCC which owns equipment, equipment leases and notes. LRF 3 was included in the assets contributed to LCC by the Company. As part of the SPA, the Company and Resource America agreed that, to the extent the value of the equity on the balance sheets of LRF 3 is less than approximately \$18.7 million (the value of the equity of LRF 3 on the date it was contributed to LCC by the Company), as of the final testing date, which must be within 90 days following December 31, 2013, they will be jointly and severally obligated to contribute cash to LCC to make up the deficit. The LRF 3 equity as of December 31, 2013 was in excess of this commitment.

Unsecured Junior Subordinated Debentures

The Company has a 100% interest in the common shares of Resource Capital Trust I ("RCT I") and RCC Trust II ("RCT II"), valued at \$1.5 million in the aggregate (or 3% of each trust). RCT I and RCT II were formed for the purposes of providing debt financing to the Company, as described below. The Company completed a qualitative analysis to determine whether or not it is the primary beneficiary of each of the trusts and determined that it was not the primary beneficiary of either trust because it does not have the power to direct the activities most significant to the trusts, which include the collection of principal and interest and protection of collateral through servicing rights.

Accordingly, neither trust is consolidated into the Company's consolidated financial statements.

The Company records its investments in RCT I and RCT II's common shares as investments in unconsolidated trusts using the cost method and records dividend income when declared by RCT I and RCT II. The trusts each hold subordinated debentures for which the Company is the obligor in the amount of \$25.8 million for RCT I and \$25.8 million for RCT II. The debentures were funded by the issuance of trust preferred securities of RCT I and RCT II. The Company will continuously reassess whether it should be deemed to be the primary beneficiary of the trusts.

[\(Back to Index\)](#)

108

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

Resource Capital Asset Management CLOs

In February 2011, the Company purchased a company that managed \$1.9 billion of bank loan assets through five CLOs. As a result, the Company became entitled to collect senior, subordinated and incentive management fees from these CLOs. The purchase price of \$22.5 million resulted in an intangible asset that was allocated to each of the five CLOs and is amortized over the expected life of each CLO. The unamortized balance of the intangible asset was \$11.2 million and \$13.1 million at December 31, 2013 and 2012, respectively. The Company recognized fee income of \$5.3 million, \$7.0 million and \$7.8 million for the years ended December 31, 2013, 2012 and 2011, respectively. With respect to four of these CLOs, the Company determined that it does not hold a controlling interest and, therefore, is not the primary beneficiary. One of the CLOs was liquidated in February 2013. With respect to the fifth CLO, Whitney CLO I, in October 2012, the Company purchased 66.6% of its preferred equity, which was determined to be a reconsideration event. Based upon that purchase, the Company determined that it did have an obligation to absorb losses and/or the right to receive benefits that could potentially be significant to Whitney CLO I and that a related party had the power to direct the activities that are most significant to the VIE. As a result, together with the related party, the Company had both the power to direct and the right to receive benefits and the obligation to absorb losses. It was then determined that, between the Company and the related party, the Company was the party within that group that was more closely associated with Whitney CLO I because of its preferred equity interest in Whitney CLO I. The Company, therefore, consolidated Whitney CLO I. In May 2013, the Company purchased additional equity in this CLO which increased its equity ownership to 68.3% of the outstanding preferred equity of Whitney CLO I. In September 2013, the Company liquidated Whitney CLO I, and, as a result, substantially all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the remaining balance on the outstanding notes of \$103.7 million.

Real Estate Joint Ventures

On December 1, 2009, the Company purchased a membership interest in RRE VIP Borrower, LLC (a VIE that holds interests in a real estate joint venture) from Resource America. This joint venture, which is structured as a credit facility with Värde Investment Partners, LP acting as lender, finances the acquisition of distressed properties and mortgage loans and has the objective of repositioning both the directly-owned properties and the properties underlying the mortgage loans to enhance their value. The Company acquired the membership interests for \$2.1 million. The joint venture agreement requires the Company to contribute 3% to 5% (depending on the terms of the agreement pursuant to which the particular asset is being acquired) of the total funding required for each asset acquisition as needed up to a specified amount. The Company provided funding of \$160,000 and \$591,000 for these investments for the years ended December 31, 2013 and 2012, respectively. Resource Real Estate Management, LLC (“RREM”), an affiliate of Resource America, acts as asset manager of the venture and receives a monthly asset management fee. The Company’s investment in RRE VIP Borrower, LLC at December 31, 2013 and 2012 was zero and \$2.3 million, respectively.

On June 19, 2012, the Company entered into a joint venture with Värde Investment Partners, LP acting as lender, to purchase two condominium developments. The Company purchased a 7.5% equity interest in the venture. RREM was appointed as the asset manager of the venture to perform lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 1.0% of outstanding contributions. For the years ended December 31, 2013 and 2012, the Company paid RREM management fees of \$38,000 and \$39,000, respectively. The investment balance of \$674,000 and \$526,000 at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

The Company has determined that it does not have the power to direct the activities that most significantly impact the economic performance of each of these ventures, which include asset underwriting and acquisition, lease review and

approval, and loan asset servicing, and, therefore, the Company is not the primary beneficiary of either.

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

CVC Global Credit Opportunities Fund

In May, June, and July 2013, the Company invested a total of \$15.0 million in CVC Global Credit Opportunities Fund, L.P., ("the Partnership"), a Delaware limited partnership which generally invests in assets to generate returns targeting corporate credit through a master-feeder fund structure ("the Master Fund"). The General Partner of the Partnership and the Master Fund is CVC Global Credit Opportunities Fund GP, LLC, a Delaware limited liability company. The investment manager of the partnership and the Master Fund is CVC Credit Partners, LLC. CVC Capital Partners SICAV-FIS, S.A., a Luxembourg company, together with its affiliates, and Resource America, own a majority and a significant minority, respectively, of the investment manager. Because the Partnership is not a VIE and the Company owns only 34.4%, the Company does not consolidate it. The Company records its investment in the fund using the equity method. For the year ended December 31, 2013, the Company recognized \$1.2 million of income in equity in net earnings (losses) of unconsolidated entities on the consolidated statements of income. The investment balance of \$16.2 million at December 31, 2013 is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets.

Life Care Funding

In January 2013, Long Term Care Conversion, Inc. ("LTCC"), a wholly-owned subsidiary of the Company, invested \$2.0 million into Life Care Funding, LLC ("LCF") for the purpose of originating and acquiring life settlement contracts. Although the Investment Committee and Board of LCF are controlled by the joint venture partner, the joint venture partner must obtain LTCC's approval to make any investments and the joint venture partner must obtain LTCC approval for all material business operations. As a result, the Company determined that there was joint control and does not consolidate LCF. The Company's investment in LCF of \$1.5 million at December 31, 2013 is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets.

Harvest CLO VII Limited

In September 2013, the Company invested \$5.3 million in the subordinated notes of a European CLO, which represented 9.5% of the subordinated notes. The CLO is managed by an independent third party and therefore the Company does not have control and is not deemed to be the primary beneficiary. Therefore, the CLO is not consolidated onto the Company's consolidated financial statements. The Company records its investment in the CLO by imputing an interest rate using expected cash flows over the expected life of the CLO and records the income as interest income - other on the consolidated statements of income.

The following table shows the classification, carrying value and maximum exposure to loss with respect to the Company's unconsolidated VIEs as of December 31, 2013 (in thousands):

	Unconsolidated Variable Interest Entities								Maximum Exposure to Loss (1)	
	LEAF Commercial Capital, Inc.	Unsecured Junior Subordinated Debentures	Resource Capital Asset Management CDOs	RRE VIP Borrowers LLC	Värde Investment Partners, LP	Life Care Funding	CVC Global Opps Fund	Harvest CLO VII	Total	
Investment in unconsolidated entities	\$41,016	\$ 1,548	\$ —	\$ —	\$674	\$1,530	\$16,177	\$5,369	\$66,314	\$66,314

NOTE 6 – INVESTMENT SECURITIES, TRADING

The following table summarizes the Company's structured notes and residential mortgage-backed securities (“RMBS”) which are classified as investment securities, trading and carried at fair value (in thousands):

	Amortized Cost	Unrealized Gains	Unrealized Losses	Fair Value
December 31, 2013:				
Structured notes	\$8,057	\$4,050	\$(1,000)) \$11,107
RMBS	1,919	—	(1,468)) 451
Total	\$9,976	\$4,050	\$(2,468)) \$11,558
December 31, 2012:				
Structured notes	\$9,413	\$10,894	\$(1,028)) \$19,279
RMBS	6,047	858	(1,341)) 5,564
Total	\$15,460	\$11,752	\$(2,369)) \$24,843

The Company purchased four securities and sold nine securities during the year ended December 31, 2013, for a net realized gain of \$7.5 million. The Company held eight and 13 investment securities, trading as of December 31, 2013 and 2012, respectively. The Company purchased two securities and sold 15 securities during the year ended December 31, 2012, for a net realized gain of \$5.5 million. The Company also had one position liquidate during the year ended December 31, 2012 which resulted in a gain of \$224,000.

NOTE 7 – INVESTMENT SECURITIES AVAILABLE-FOR-SALE

The Company pledges a portion of its CMBS as collateral against its borrowings under repurchase agreements and derivatives. CMBS that are accounted for as components of linked transactions are not reflected in the tables set forth in this note, as they are accounted for as derivatives.

The following table summarizes the Company's investment securities, including those pledged as collateral and classified as available-for-sale, which are carried at fair value (in thousands):

	Amortized Cost ⁽¹⁾	Unrealized Gains	Unrealized Losses	Fair Value
December 31, 2013:				
CMBS	\$185,178	\$7,570	\$(12,030)) \$180,718

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table summarizes the estimated maturities of the Company's CMBS, ABS and corporate bonds according to their estimated weighted average life classifications (in thousands, except percentages):

Weighted Average Life	Fair Value	Amortized Cost	Weighted Average Coupon
December 31, 2013:			
Less than one year	\$39,256	(1) \$ 40,931	5.25%
Greater than one year and less than five years	139,700	141,760	4.69%
Greater than five years and less than ten years	26,526	25,707	1.10%
Greater than ten years	4,355	4,703	4.03%
Total	\$209,837	\$ 213,101	4.32%
December 31, 2012:			
Less than one year	\$42,618	(1) \$ 46,522	4.09%
Greater than one year and less than five years	122,509	131,076	4.55%
Greater than five years and less than ten years	61,780	60,801	3.31%
Greater than ten years	4,683	4,675	4.03%
Total	\$231,590	\$ 243,074	4.12%

(1) The Company expects that the maturity date of these CMBS will either be extended or the CMBS will be paid in full.

The contractual maturities of the CMBS investment securities available-for-sale range from January 2014 to April 2025. The contractual maturities of the ABS investment securities available-for-sale range from November 2015 to August 2022. The contractual maturities of the corporate bond investment securities available-for-sale range from December 2015 to December 2019.

The following table shows the fair value, gross unrealized losses and number of securities aggregated by investment category and length of time, that individual investment securities available-for-sale have been in a continuous unrealized loss position during the periods specified (in thousands, except number of securities):

	Less than 12 Months			More than 12 Months			Total		
	Fair Value	Unrealized Losses	Number of Securities	Fair Value	Unrealized Losses	Number of Securities	Fair Value	Unrealized Losses	Number of Securities
December 31, 2013:									
CMBS	\$52,012	\$(7,496)	34	\$14,159	\$(4,534)	10	\$66,171	\$(12,030)	44
ABS	143	(1)	1	6,692	(393)	9	6,835	(394)	10
Corporate bonds	865	(70)	1	—	—	—	865	(70)	1
Total temporarily impaired securities	\$53,020	\$(7,567)	36	\$20,851	\$(4,927)	19	\$73,871	\$(12,494)	55

December 31,
2012:

Edgar Filing: Resource Capital Corp. - Form 10-K

CMBS	\$25,803	\$(442)	22	\$38,734	\$(16,197)	19	\$64,537	\$(16,639)	41
ABS	—	—	—	5,961	(1,115)	9	5,961	(1,115)	9
Corporate bonds	19,445	(190)	12	—	—	—	19,445	(190)	12
Total temporarily impaired securities	\$45,248	\$(632)	34	\$44,695	\$(17,312)	28	\$89,943	\$(17,944)	62

The unrealized losses in the above table are considered to be temporary impairments due to market factors and are not reflective of credit deterioration.

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The Company's securities classified as available-for-sale have decreased on a net basis as of December 31, 2013 as compared to December 31, 2012, primarily due to the call and liquidation of Apidos VIII and Whitney CLO I which resulted in the sale of most of the Company's corporate bonds during 2013. The Company performs an on-going review of third-party reports and updated financial data on the properties underlying these securities in order to analyze current and projected security performance. Rating agency downgrades are considered with respect to the Company's income approach when determining other-than-temporary impairment and, when inputs are subjected to testing for economic changes within possible ranges, the resulting projected cash flows reflect a full recovery of principal and interest indicating no impairment. During the years ended December 31, 2013 and 2012, the Company recognized other-than-temporary impairment losses of \$328,000 and \$42,000, respectively, on positions that supported the Company's CMBS investments.

The following table summarizes the Company's sales of investment securities available-for-sale during the period indicated (in thousands, except number of securities):

	Positions Sold	Par Amount Sold	Realized Gain (Loss)
December 31, 2013:			
CMBS position	4	\$14,500	\$466
Corporate bond position	35	\$34,253	\$(474)
December 31, 2012:			
CMBS position	7	\$31,000	\$1,372
ABS position	5	\$4,255	\$147
Corporate bond position	1	\$2,250	\$27

The amounts above do not include redemptions. During the year ended December 31, 2013, the Company had three corporate bond positions redeemed with a total par of \$4.3 million, and recognized a loss of \$11,000. During the year ended December 31, 2012, the Company had two corporate bond positions redeemed with a total par of \$2.1 million, and recognized a gain of \$27,000.

Changes in interest rates may also have an effect on the rate of principal prepayments and, as a result, prepayments on the Company's investment portfolio. The aggregate discount (premium) due to interest rate changes were as follows (in thousands):

	December 31,	
	2013	2012
CMBS	\$6,583	\$8,011
ABS	\$2,394	\$3,145
Corporate bond	\$(68)	\$(479)

 DECEMBER 31, 2013

NOTE 8 – INVESTMENTS IN REAL ESTATE

The table below summarizes the Company's investments in real estate (in thousands, except number of properties):

	As of December 31, 2013		As of December 31, 2012	
	Book Value	Number of Properties	Book Value	Number of Properties
Multi-family property	\$22,107	1	\$42,179	2
Office property	10,273	1	10,149	1
Hotel property	—	—	25,608	1
Subtotal	32,380		77,936	
Less: Accumulated depreciation	(2,602)		(2,550)	
Investments in real estate	\$29,778		\$75,386	

During the year ended December 31, 2013, the Company made no acquisitions and sold one of its multi-family properties. The gain from the sale of this property of \$16.6 million is recorded on the consolidated statements of income in gain on sale of real estate. The Company also confirmed the intent and ability to sell one of its other investments in real estate. This asset has been reclassified to property available-for-sale on the consolidated balance sheets at December 31, 2013.

During the year ended December 31, 2012, the Company foreclosed on one self-originated loan and converted the loan to an owned property with a fair value of \$25.5 million at acquisition. The loan was collateralized by a 179 unit hotel property in Coconut Grove, Florida. The property had a hotel occupancy rate of 75% at acquisition.

The following table is a summary of the aggregate estimated fair value of the assets and liabilities acquired on the respective date of acquisition during the year ended December 31, 2012 (in thousands):

Description	December 31, 2012
Assets acquired:	
Investments in real estate	\$25,500
Other assets	(89)
Total assets acquired	25,411
Liabilities assumed:	
Accounts payable and other liabilities	3,750
Total liabilities assumed	3,750
Estimated fair value of net assets acquired	\$21,661

Total	\$1,870,134	\$(27,460)) \$1,842,674

Amounts include deferred amendment fees of \$216,000 and \$450,000 and deferred upfront fees of \$141,000 and \$334,000 being amortized over the life of the bank loans as of December 31, 2013 and 2012,

(1) respectively. Amounts include loan origination fees of \$3.3 million and \$1.9 million and loan extension fees of \$73,000 and \$214,000 being amortized over the life of the commercial real estate loans as of December 31, 2013 and 2012, respectively.

(2) Substantially all loans are pledged as collateral under various borrowings at December 31, 2013 and 2012, respectively.

(3) Amounts include \$6.9 million and \$14.9 million of bank loans held for sale at December 31, 2013 and 2012, respectively.

(4) Amount includes \$15.0 million of residential mortgage loans held for sale at December 31, 2013.

(5) Amount includes \$34.0 million from two whole loans which are classified as loans held for sale at December 31, 2012.

At December 31, 2013 and 2012, approximately 39.0% and 47.7%, respectively, of the Company's commercial real estate loan portfolio was concentrated in commercial real estate loans located in California; approximately 6.4% and 7.9%, respectively, in Arizona, and approximately 14.6% and 11.1%, respectively, in Texas. At December 31, 2013 and 2012, approximately 15.8% and 13.9%, of the Company's bank loan portfolio was concentrated in the collective

industry grouping of healthcare, education and childcare. During the year ended December 31, 2013, approximately 66% of the Company's residential mortgage loans were originated in Georgia, 9% in North Carolina, 7% in Tennessee and Virginia and 6% in Alabama.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

At December 31, 2013, the Company's bank loan portfolio consisted of \$548.4 million (net of allowance of \$3.4 million) of floating rate loans, which bear interest ranging between the three month London Interbank Offered Rate ("LIBOR") plus 1.5% and the three month LIBOR plus 10.5% with maturity dates ranging from January 2014 to December 2021.

At December 31, 2012, the Company's bank loan portfolio consisted of \$1.2 billion (net of allowance of \$9.7 million) of floating rate loans, which bear interest ranging between the three month LIBOR plus 1.5%, and the three month LIBOR plus 8.8% with maturity dates ranging from August 2013 to January 2021.

The following is a summary of the weighted average life of the Company's bank loans, at amortized cost (in thousands):

	December 31,	
	2013	2012
Less than one year	\$36,985	\$10,028
Greater than one year and less than five years	369,624	821,568
Five years or greater	145,164	361,718
	\$551,773	\$1,193,314

The following is a summary of the Company's commercial real estate loans held for investment (in thousands):

Description	Quantity	Amortized Cost	Contracted Interest Rates	Maturity Dates ⁽³⁾
December 31, 2013:				
Whole loans, floating rate (1) (4) (5)	52	\$745,789	LIBOR plus 2.68% to LIBOR plus 12.14%	March 2014 to February 2019
B notes, fixed rate	1	16,205	8.68%	April 2016
Mezzanine loans, floating rate	1	12,455	LIBOR plus 13.53%	April 2016
Mezzanine loans, fixed rate (7)	3	51,862	0.50% to 18.72%	September 2014 to September 2019
Total (2)	57	\$826,311		
December 31, 2012:				
Whole loans, floating rate (1) (4) (6)	37	\$567,938	LIBOR plus 2.50% to LIBOR plus 5.50%	June 2013 to February 2019
B notes, fixed rate	1	16,327	8.68%	April 2016
Mezzanine loans, floating rate	2	15,845	LIBOR plus 2.50% to LIBOR plus 7.45%	August 2013 to December 2013
Mezzanine loans, fixed rate (7)	3	66,941	0.50% to 20.00%	September 2014 to September 2019
Total (2)	43	\$667,051		

Whole loans had \$13.7 million and \$8.9 million in unfunded loan commitments as of December 31, 2013 and (1)2012, respectively. These unfunded commitments are advanced as the borrowers formally request additional funding as permitted under the loan agreement and any necessary approvals have been obtained.

(2) The total does not include an allowance for loan loss of \$10.4 million and \$8.0 million as of December 31, 2013 and 2012, respectively.

(3) Maturity dates do not include possible extension options that may be available to the borrowers.

(4)

Floating rate whole loans include a combined \$11.4 million mezzanine component of two whole loans, which have a fixed rate of 12.0% as of December 31, 2013, and includes a \$2.0 million mezzanine component of a whole loan that has a fixed rate of 15.0% at December 31, 2012.

(5) Floating rate whole loans include a \$799,000 junior mezzanine tranche of a whole loan that has a fixed rate of 10.0% as of December 31, 2013.

(6) Amount includes \$34.0 million from two whole loans that were classified as loans held for sale at December 31, 2012.

(Back to Index)

117

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Fixed rate mezzanine loans include a mezzanine loan that was modified into two tranches, which both currently (7) pay interest at 0.50%. In addition, the subordinate tranche accrues interest at LIBOR plus 18.50% which is deferred until maturity.

The following is a summary of the weighted average life of the Company's commercial real estate loans, at amortized cost (in thousands):

Description	2014	2015	2016 and Thereafter	Total
December 31, 2013:				
B notes	\$—	\$—	\$16,205	\$16,205
Mezzanine loans	5,711	—	58,606	64,317
Whole loans	—	17,949	727,840	745,789
Total ⁽¹⁾	\$5,711	\$17,949	\$802,651	\$826,311

(1) Weighted average life of commercial real estate loans assumes full exercise of extension options available to borrowers.

The following is a summary of the allocation of the allowance for loan loss with respect to the Company's commercial real estate and bank loans (in thousands, except percentages) by asset class:

Description	Allowance for Loan Loss	Percentage of Total Allowance
December 31, 2013:		
B notes	\$174	1.26%
Mezzanine loans	559	4.05%
Whole loans	9,683	70.13%
Bank loans	3,391	24.56%
Total	\$13,807	
December 31, 2012:		
B notes	\$206	1.16%
Mezzanine loans	860	4.86%
Whole loans	6,920	39.12%
Bank loans	9,705	54.86%
Total	\$17,691	

As of December 31, 2013, the Company had recorded an allowance for loan losses of \$13.8 million consisting of a \$3.4 million allowance on the Company's bank loan portfolio and a \$10.4 million allowance on the Company's commercial real estate portfolio as a result of the provisions taken on three bank loans and one commercial real estate loan as well as the maintenance of a general reserve with respect to these portfolios. The bank loan allowance decreased \$6.3 million from \$9.7 million as of December 31, 2012 to \$3.4 million as of December 31, 2013 as a result of improved credit conditions. The whole loan allowance increased \$2.8 million from \$6.9 million as of December 31, 2012 to \$9.7 million as of December 31, 2013 as a result of specific provisions taken on one commercial real estate loan.

As of December 31, 2012, the Company had recorded an allowance for loan losses of \$17.7 million consisting of a \$9.7 million allowance on the Company's bank loan portfolio and a \$8.0 million allowance on the Company's commercial real estate portfolio as a result of the provisions taken on five bank loans and one commercial real estate loan as well as the maintenance of a general reserve with respect to these portfolios.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

NOTE 10 – INVESTMENTS IN UNCONSOLIDATED ENTITIES

In May, June and July 2013, the Company invested \$15.0 million into the Partnership which generally invests in assets through the Master Fund. The General Partner of the Partnership and the Master Fund is CVC Global Credit Opportunities Fund GP, LLC, a Delaware limited liability company. The investment manager of the partnership and the Master Fund is CVC Credit Partners, LLC. CVC Capital Partners SICAV-FIS, S.A., a Luxembourg company, together with its affiliates, and Resource America, own a majority and a significant minority, respectively, of the investment manager. The fund will pay the investment manager a quarterly management fee in advance calculated at the rate of 1.5% annually based on the balance of each limited partner's capital account. The Company's management fee was waived upon entering the agreement given that the Company is a related party of CVC Credit Partners, LLC. For the year ended December 31, 2013, the Company recorded earnings of \$1.2 million, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated the consolidated statements of income. The Company's investment balance of \$16.2 million at December 31, 2013 is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

In January 2013, LTCC invested \$2.0 million into LCF for the purpose of originating and acquiring life settlement contracts. Using the equity method, the Company recognized a loss of \$470,000 during the year ended December 31, 2013, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statements of income. The Company's investment in LCF was \$1.5 million at December 31, 2013 and is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

On June 19, 2012, the Company entered into a joint venture with Värde Investment Partners, LP acting as lender, to purchase two condominium developments. The Company purchased a 7.5% equity interest in the venture. RREM, was appointed as the asset manager of the venture to perform lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 1% of outstanding contributions. For the years ended December 31, 2013 and 2012, the Company paid RREM management fees of \$38,000 and \$39,000, respectively. For the years ended December 31, 2013 and 2012, the Company recorded income of \$148,000 and losses of \$135,000, respectively, which were recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of \$674,000 and \$526,000 at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

On November 16, 2011, the Company, together with LEAF Financial and LCC, entered into a SPA with Eos. The Company's resulting interest is accounted for under the equity method. The Company recorded losses of \$183,000 and \$3.3 million for the years ended December 31, 2013 and 2012, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statements of income. No such loss was recorded for the year ended December 31, 2011. The Company's investment in LCC was valued at \$41.0 million and \$33.1 million as of December 31, 2013 and 2012, respectively, and is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

On December 1, 2009, the Company purchased a membership interest in RRE VIP Borrower, LLC (an unconsolidated VIE that holds an interest in a real estate joint venture) from Resource America at book value. RREM, an affiliate of Resource America, acts as asset manager of the venture and receives a monthly asset management fee equal to 1% of the combined investment calculated as of the last calendar day of the month. For the years ended December 31, 2013, 2012 and 2011, the Company paid RREM management fees of \$28,000, \$45,000 and \$55,000 respectively. For the years ended December 31, 2013, 2012 and 2011, the Company recorded income of \$278,000, \$683,000 and \$112,000, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of zero and \$2.3 million at December 31, 2013 and 2012, respectively, is

recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

The Company has a 100% interest valued at \$1.5 million in the common shares (3% of the total equity) in two trusts, RCT I and RCT II. The Company records its investments in RCT I and RCT II's common shares of \$774,000 each as investments in unconsolidated trusts using the cost method and records dividend income upon declaration by RCT I and RCT II. For the years ended December 31, 2013, 2012, and 2011 the Company recognized \$2.4 million, \$2.5 million and \$3.3 million, respectively, of interest expense with respect to the subordinated debentures it issued to RCT I and RCT II which included \$191,000, \$183,000 and \$277,000, respectively, of amortization of deferred debt issuance costs.

Credit quality indicators

Bank Loans

The Company uses a risk grading matrix to assign grades to bank loans. Loans are graded at inception and updates to assigned grades are made continually as new information is received. Loans are graded on a scale of 1-5 with 1 representing the Company's highest rating and 5 representing its lowest rating. The Company also designates loans that are sold after the period end as held for sale at the lower of their fair market value or cost, net of any allowances and costs associated with the loan sales. The Company considers metrics such as performance of the underlying company, liquidity, collectability of interest, enterprise valuation, default probability, ratings from rating agencies and industry dynamics in grading its bank loans.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Credit risk profiles of bank loans were as follows (in thousands):

	Rating 1	Rating 2	Rating 3	Rating 4	Rating 5	Held for Sale	Total
As of December 31, 2013:							
Bank loans	\$477,754	\$42,476	\$18,806	\$2,333	\$3,554	\$6,850	\$551,773

As of December 31, 2012:

Bank loans	\$1,095,148	\$33,677	\$27,837	\$16,318	\$5,440	\$14,894	\$1,193,314
------------	-------------	----------	----------	----------	---------	----------	-------------

All of the Company's bank loans were performing with the exception of three loans with an amortized cost of \$3.6 million as of December 31, 2013, one of which defaulted in 2012, one of which defaulted as of March 31, 2013 and one of which defaulted as of June 30, 2013. As of December 31, 2012, all of the Company's bank loans were performing with the exception of five loans with an amortized cost of \$5.4 million, one of which defaulted as of December 31, 2012, three of which defaulted as of March 31, 2012, (including a loan acquired with deteriorated credit quality as a result of the acquisition of Whitney CLO I) and one of which defaulted as of December 31, 2011.

Commercial Real Estate Loans

The Company uses a risk grading matrix to assign grades to commercial real estate loans. Loans are graded at inception and updates to assigned grades are made continually as new information is received. Loans are graded on a scale of 1-4 with 1 representing the Company's highest rating and 4 representing its lowest rating. The Company also designates loans that are sold after the period ends at the lower of their fair market value or cost, net of any allowances and costs associated with the loan sales. In addition to the underlying performance of the loan collateral, the Company considers metrics such as the strength of underlying sponsorship, payment history, collectability of interest, structural credit enhancements, market trends and loan terms in grading its commercial real estate loans.

Credit risk profiles of commercial real estate loans were as follows (in thousands):

	Rating 1	Rating 2	Rating 3	Rating 4	Held for Sale	Total
As of December 31, 2013:						
Whole loans	\$680,718	\$32,500	\$32,571	\$—	\$—	\$745,789
B notes	16,205	—	—	—	—	16,205
Mezzanine loans	51,862	12,455	—	—	—	64,317
	\$748,785	\$44,955	\$32,571	\$—	\$—	\$826,311

As of December 31, 2012:

Whole loans	\$427,456	\$—	\$106,482	\$—	\$34,000	\$567,938
B notes	16,327	—	—	—	—	16,327
Mezzanine loans	38,296	—	44,490	—	—	82,786
	\$482,079	\$—	\$150,972	\$—	\$34,000	\$667,051

All of the Company's commercial real estate loans were performing as of December 31, 2013 and 2012.

Residential Mortgage Loans

Residential mortgage loans are reviewed periodically for collectability in light of historical experience, the nature and amount of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing underlying conditions. The Company also designates loans that are sold after the period ends as held for sale at the lower of their fair market value or cost.

Bank loans	—	—	—
Loans receivable - related party	1	7,797	7,797
Total loans	8	\$189,130	\$172,815

As of December 31, 2013 and 2012, there were no troubled-debt restructurings that subsequently defaulted.

NOTE 12 – INTANGIBLE ASSETS

Intangible assets represent identifiable intangible assets acquired as a result of the Company's acquisition of RCAM in February 2011, its conversion of loans to investments in real estate in June 2011, and the acquisition of real estate in August 2011. The Company amortizes identified intangible assets to expense over their estimated lives or period of benefit using the straight-line method. The Company evaluates intangible assets for impairment as events and circumstances change. In October 2012, the Company purchased 66.6% of the preferred equity of, and began consolidating, Whitney CLO I, one of the RCAM CLOs (see Note 3). As a result of this transaction and the consolidation of Whitney CLO I, the Company wrote-off the unamortized balance of \$2.6 million, the intangible asset associated with this CLO, which was recorded in gain (loss) on consolidation in the consolidated statement of income during the year ended December 31, 2012. In May 2013, the Company purchased additional equity, increasing its ownership percentage to 68.3%. Due to an event whereby a second CLO liquidated in early 2013, the Company accelerated the amortization of the remaining balance of its intangible asset and recorded a \$657,000 charge to depreciation and amortization on the consolidated statement of income during the year ended December 31, 2012. Upon acquisition of PCA, the Company recognized an intangible asset of \$600,000 related to its wholesale-correspondent relationships, which have a finite life of approximately two years.

The Company recorded amortization expense on intangible assets of \$2.0 million for the year ended December 31, 2013, and expects to record amortization expense on intangible assets of approximately \$2.1 million for the year ended December 31, 2014, \$2.0 million for the year ended December 31, 2015, \$1.8 million for the years ended December 31, 2016 and 2017 and \$1.6 million for the year ended December 31, 2018. The weighted average amortization period was 7.7 years and 8.7 years at December 31, 2013 and 2012, respectively and the accumulated amortization was \$12.5 million and \$10.5 million at December 31, 2013 and 2012, respectively.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table summarizes intangible assets at December 31, 2013 and 2012 (in thousands).

	Beginning Balance	Accumulated Amortization	Net Asset
December 31, 2013:			
Investment in RCAM	\$21,213	\$(9,980)) \$11,233
Investments in real estate:			
In-place leases	2,461	(2,430)) 31
Above (below) market leases	29	(29)) —
Investment in PCA:			
Wholesale or correspondent relationships	600	(42)) 558
Total intangible assets	\$24,303	\$(12,481)) \$11,822
December 31, 2012:			
Investment in RCAM	\$21,213	\$(8,108)) \$13,105
Investments in real estate:			
In-place leases	2,461	(2,379)) 82
Above (below) market leases	29	(24)) 5
Total intangible assets	\$23,703	\$(10,511)) \$13,192

For the years ended December 31, 2013, 2012, and 2011, the Company recognized \$5.3 million, \$7.0 million, and \$7.8 million, respectively of fee income related to the investment in RCAM.

On October 31, 2013, the Company through its taxable REIT subsidiary, RCC Residential, Inc. acquired PCA, an Atlanta based company that originates and services residential mortgage loans for approximately \$7.6 million in cash. The total cost of the acquisition including legal and other professional fees was \$333,000. All legal and professional fees were expensed as incurred. The Company's acquisition of PCA represents a return to the residential mortgage investment market by providing a residential mortgage origination platform.

As part of this transaction, a key employee of PCA was granted approximately \$800,000 of the Company's restricted stock. The grant is accounted for as compensation and is being amortized to equity compensation expense over three years, the vesting period. Dividends declared on the stock while unvested are recorded as compensation expense. Dividends declared after the stock vests will be recorded as a distribution. For the year ended December 31, 2013, \$48,000 of amortization of this stock grant was recorded to equity compensation expense on the Company's consolidated statement of income and \$27,000 of compensation expense related to dividends on unvested shares was recorded to general and administrative on the Company's consolidated statement of income.

The purchase price has been allocated to the assets acquired and liabilities assumed based upon the Company's best estimate of fair value with any shortage under the net tangible and intangible assets acquired allocated to gain on bargain purchase. The gain on bargain purchase resulted from the stock grant described above being accounted for as compensation under GAAP and was recorded as other income (expense) on the Company's consolidated statement of income.

The valuation of the identified intangibles including wholesale and correspondent relationship assets totaling \$600,000, which relates to PCA's operations, was determined based upon estimated net profits, after taxes, to be received as a result of those relationships. The wholesale correspondent relationships are being amortized over their estimated useful life, two years.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table sets forth the allocation of the purchase price (in thousands):

Assets acquired:	
Cash and cash equivalents	\$1,233
Loans held for sale	15,021
Loans held for investment	2,071
Wholesale and correspondent relationships	600
Other assets	5,828
Total assets	24,753
Less: Liabilities assumed:	
Borrowings	14,584
Other liabilities	2,165
Total liabilities	16,749
Gain on bargain purchase	391
Total cash purchase price	\$7,613

Although no further purchase price adjustments for PCA are anticipated, the Company has not yet completed the process of estimating the fair value of assets acquired and liabilities assumed on this investment. Accordingly, the Company's preliminary estimates and the allocation of the purchase price to the assets acquired and liabilities assumed may change as the Company completes the process. In accordance with FASB ASC Topic 805, changes, if any, to the preliminary estimates and allocation will be reported in the Company's consolidated financial statements, retrospectively.

NOTE 13 – BORROWINGS

The Company historically has financed the acquisition of its investments, including investment securities, loan and lease receivables, through the use of secured and unsecured borrowings in the form of CDOs, securitized notes, repurchase agreements, secured term facilities, warehouse facilities and trust preferred securities issuances. Certain information with respect to the Company's borrowings at December 31, 2013 and 2012 is summarized in the following table (in thousands, except percentages):

	Outstanding Borrowings	Unamortized Issuance Costs and Discounts	Principal Outstanding	Weighted Average Borrowing Rate	Weighted Average Remaining Maturity	Value of Collateral	Date Securitization Closed

(1) The securitized borrowings are collateralized by the same assets as the Apidos CLO VIII Senior Notes and the Whitney CLO I Senior Notes, respectively.

(2) Amount represents junior subordinated debentures issued to RCT I and RCT II in May 2006 and September 2006, respectively.

(3) Amount also includes accrued interest costs of \$26,000 and \$79,000 related to CRE repurchase facilities as of December 31, 2013 and 2012, respectively.

Amounts also includes accrued interest costs of \$22,000 and \$23,000 related to CMBS repurchase facilities as of (4) December 31, 2013 and 2012, respectively. Amount does not reflect CMBS repurchase agreement borrowings that components of linked transactions.

Securitizations

RCC CRE Notes 2013

In December 2013, the Company closed RCC CRE Notes 2013 ("CRE Notes 2013"), a \$307.8 million CRE securitization transaction that provided financing for transitional commercial real estate loans. The investments held by CRE Notes 2013 securitized the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. CRE Notes 2013 issued a total of \$260.8 million of senior notes at par to unrelated investors. RCC Real Estate purchased 100% of the Class D senior notes (rated BBB:DBRS), class E senior notes (rated BB:DBRS) and class F senior notes (rated B:DBRS) for \$30.0 million. In addition, RCC CRE Notes 2013 Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$16.9 million equity interest representing 100% of the outstanding preference shares. The senior notes purchased by RCC Real Estate are subordinated in right of payment to all other senior notes issued by CRE Notes 2013 but are senior in right of payment to the preference shares. The equity interest is subordinated in right of payment to all other securities issued by CRE Notes 2013. There is no reinvestment period for CRE Notes 2013, which will result in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, none of the notes have been paid down.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

At closing, the senior notes issued to investors by CRE Notes 2013 consisted of the following classes: (i) \$136.9 million of Class A notes bearing interest at one-month LIBOR plus 1.30%; (ii) \$78.5 million of Class A-S notes bearing interest at one-month LIBOR plus 2.15%; (iii) \$30.8 million of Class B notes bearing interest at one-month LIBOR plus 2.85%; (iv) \$14.6 million of Class C notes bearing interest at one-month LIBOR plus 3.50%; (v) \$13.8 million of Class D notes bearing interest at one-month LIBOR plus 4.50%; (vi) \$9.2 million of Class E notes bearing interest at one-month LIBOR plus 5.50%; (vii) and \$6.9 million of Class F notes bearing interest at one-month LIBOR plus 6.50%. All of the notes issued mature in December 2028, although the Company has the right to call the notes anytime after January 2016 until maturity. The weighted average interest rate on all notes issued to outside investors was 2.03% at December 31, 2013.

As a result of the Company's ownership of senior notes, the notes retained at the CRE securitization's closing eliminate in consolidation.

Resource Real Estate Funding CDO 2007-1

In June 2007, the Company closed RREF CDO 2007-1, a \$500.0 million CDO transaction that provided financing for commercial real estate loans and commercial mortgage-backed securities. The investments held by RREF CDO 2007-1 collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. RREF CDO 2007-1 issued a total of \$265.6 million of senior notes at par to unrelated investors. RCC Real Estate purchased 100% of the Class H senior notes (rated BBB+:Fitch), class K senior notes (rated BBB-:Fitch), class L senior notes (rated BB:Fitch) and Class M senior notes (rated B: Fitch) for \$68.0 million. In addition, Resource Real Estate Funding 2007-1 CDO Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$41.3 million equity interest representing 100% of the outstanding preference shares. The senior notes purchased by RCC Real Estate are subordinated in right of payment to all other senior notes issued by RREF CDO 2007-1 but are senior in right of payment to the preference shares. The equity interest is subordinated in right of payment to all other securities issued by RREF CDO 2007-1. The reinvestment period for RREF 2007-1 ended in June 2012, which results in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, \$63.4 million of Class A-1 notes have been paid down and \$50.0 million of the Class A-1R notes have been paid down.

At closing, the senior notes issued to investors by RREF CDO 2007-1 consisted of the following classes: (i) \$180.0 million of class A-1 notes bearing interest at one-month LIBOR plus 0.28%; (ii) \$50.0 million of unissued Class A-1R notes, which allowed the CDO to fund future funding obligations under the existing whole loan participations that had future funding commitments; the undrawn balance of the Class A-1R notes accrued a commitment fee at a rate per annum equal to 0.18%, the drawn balance bore interest at one-month LIBOR plus 0.32%; (iii) \$57.5 million of Class A-2 notes bearing interest at one-month LIBOR plus 0.46%; (iv) \$22.5 million of Class B notes bearing interest at one-month LIBOR plus 0.80%; (v) \$7.0 million of Class C notes bearing interest at a fixed rate of 6.423%; (vi) \$26.8 million of Class D notes bearing interest at one-month LIBOR plus 0.95%; (vii) \$11.9 million of Class E notes bearing interest at one-month LIBOR plus 1.15%; (viii) \$11.9 million of Class F notes bearing interest at one-month LIBOR plus 1.30%; (ix) \$11.3 million of Class G notes bearing interest at one-month LIBOR plus 1.55%; (x) \$11.3 million of Class H notes bearing interest at one-month LIBOR plus 2.30%; (xi) \$11.3 million of Class J notes bearing interest at one-month LIBOR plus 2.95%; (xii) \$10.0 million of Class K notes bearing interest at one-month LIBOR plus 3.25%; (xiii) \$18.8 million of Class L notes bearing interest at a fixed rate of 7.50% and (xiv) \$28.8 million of Class M notes bearing interest at a fixed rate of 8.50%. All of the notes issued mature in September 2046, although the Company has the right to call the notes anytime after July 2017 until maturity. The weighted average interest rate on all notes issued to outside investors and net of repurchased notes was 0.84% and 0.81% at December 31, 2013 and 2012, respectively.

During the year ended December 31, 2013, the Company did not repurchase any notes. During the year ended December 31, 2012 the Company repurchased and redeemed \$50.0 million of the Class A-1R notes and \$26.8 million

of the Class D notes in RREF CDO 2007-1 at a weighted average price of 78.85% to par which, after fees paid to an investment bank to finance the transaction and related expenses, resulting in a \$14.9 million gain reported as a gain on the extinguishment of debt in the consolidated statements of income. During the year ended 2011, the Company repurchased \$10.0 million of Class A-2 notes at a weighted average price of 61.25% to par which resulted in a \$3.9 million gain.

As a result of the Company's ownership of senior notes, both the notes repurchased subsequent to closing and those retained at the CDO's closing eliminate in consolidation.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Resource Real Estate Funding CDO 2006-1

In August 2006, the Company closed RREF CDO 2006-1, a \$345.0 million CDO transaction that provided financing for commercial real estate loans. The investments held by RREF CDO 2006-1 collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. RREF CDO 2006-1 issued a total of \$308.7 million of senior notes at par to investors of which RCC Real Estate purchased 100% of the Class J senior notes (rated BB: Fitch) and Class K senior notes (rated B:Fitch) for \$43.1 million. In addition, Resource Real Estate Funding 2006-1 CDO Investor, LLC, a subsidiary of RCC Real Estate, purchased a \$36.3 million equity interest representing 100% of the outstanding preference shares. The senior notes purchased by RCC Real Estate are subordinated in right of payment to all other senior notes issued by RREF CDO 2006-1 but are senior in right of payment to the preference shares. The equity interest is subordinated in right of payment to all other securities issued by RREF CDO 2006-1. The reinvestment period for RREF 2006-1 ended in September 2011 which results in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, \$110.0 million of Class A-1 notes have been paid down.

At closing, the senior notes issued to investors by RREF CDO 2006-1 consisted of the following classes: (i) \$129.4 million of Class A-1 notes bearing interest at one-month LIBOR plus 0.32%; (ii) \$17.4 million of Class A-2 notes bearing interest at one-month LIBOR plus 0.35%; (iii) \$5.0 million of Class A-2 notes bearing interest at a fixed rate of 5.842%; (iv) \$6.9 million of Class B notes bearing interest at one-month LIBOR plus 0.40%; (v) \$20.7 million of Class C notes bearing interest at one-month LIBOR plus 0.62%; (vi) \$15.5 million of Class D notes bearing interest at one-month LIBOR plus 0.80%; (vii) \$20.7 million of Class E notes bearing interest at one-month LIBOR plus 1.30%; (viii) \$19.8 million of Class F notes bearing interest at one-month LIBOR plus 1.60%; (ix) \$17.3 million of Class G notes bearing interest at one-month LIBOR plus 1.90%; (x) \$12.9 million of Class H notes bearing interest at one-month LIBOR plus 3.75%, (xi) \$14.7 million of Class J notes bearing interest at a fixed rate of 6.00% and (xii) \$28.4 million of Class K notes bearing interest at a fixed rate of 6.00%. All of the notes issued mature in August 2046, although the Company has the right to call the notes anytime after August 2016 until maturity. The weighted average interest rate on all notes issued to outside investors and net of repurchased notes was 1.87% and 1.42% at December 31, 2013 and 2012, respectively.

During the year ended December 31, 2013, the Company did not repurchase any notes. During the year ended December 31, 2012, the Company repurchased \$4.3 million of the Class A-1 notes and \$4.0 million of the Class C notes in RREF CDO 2006-1 at a weighted average price of 81.63% to par which resulted in a \$1.5 million gain reported as a gain on the extinguishment of debt in the consolidated statements of income. During the year ended December 31, 2011, the Company did not repurchase any notes.

As a result of the Company's ownership of senior notes, both the notes repurchased subsequent to closing and those retained at the CDO's closing eliminate in consolidation.

Whitney CLO I

In February 2011, the Company acquired the rights to manage the assets held by Whitney CLO I. In October 2012, the Company purchased a \$20.9 million preferred equity interest at a discount of 42.5% which represented 66.6% of the outstanding preference shares in Whitney CLO I. In May 2013 the Company purchased an additional \$550,000 equity interest in Whitney CLO I and as of December 31, 2013 holds 68.3% of the outstanding preference shares. Based upon those purchases, the Company determined that it had a controlling interest and consolidated Whitney CLO I. The preferred equity interest is subordinated in right of payment to all other securities issued by Whitney CLO I. In 2013, the Company liquidated Whitney CLO I, and as a result substantially all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the outstanding notes by \$103.7 million. The weighted average interest rate on all notes was 1.82% at December 31, 2012.

Apidos CLO VIII

In October 2011, the Company closed Apidos CLO VIII, a \$350.0 million CLO transaction that provides financing for bank loans. The investments held by Apidos CLO VIII collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. Apidos CLO VIII issued a total of \$317.6 million of senior notes at a discount of 4.4% to investors and Resource TRS III purchased a \$15.0 million interest representing 43% of the outstanding subordinated debt. The remaining 57% of subordinated debt is owned by unrelated third parties. The subordinated debt interest was subordinated in right of payment to all other securities issued by Apidos CLO VIII. In 2013, Apidos CLO VIII was called and liquidated and, as a result, all of the assets were sold. Total proceeds from the sale of these assets, plus proceeds from previous sales and paydowns in the CLO were used to pay down the notes in full. The weighted average interest rate on all notes was 2.16% at December 31, 2012.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

Apidos Cinco CDO

In May 2007, the Company closed Apidos Cinco CDO, a \$350.0 million CDO transaction that provides financing for bank loans. The investments held by Apidos Cinco CDO collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. Apidos Cinco CDO issued a total of \$322.0 million of senior notes at par to investors and RCC commercial purchased a \$28.0 million equity interest representing 100% of the outstanding preference shares. The reinvestment period for Apidos Cinco CDO ends in May 2014. The equity interest is subordinated in right of payment to all other securities issued by Apidos Cinco CDO. The senior notes issued to investors by Apidos Cinco CDO consist of the following classes: (i) \$37.5 million of Class A-1 notes bearing interest at LIBOR plus 0.24%; (ii) \$200.0 million of Class A-2a notes bearing interest at LIBOR plus 0.23%; (iii) \$22.5 million of Class A-2b notes bearing interest at LIBOR plus 0.32%; (iv) \$19.0 million of Class A-3 notes bearing interest at LIBOR plus 0.42%; (v) \$18.0 million of Class B notes bearing interest at LIBOR plus 0.80%; (vi) \$14.0 million of Class C notes bearing interest at LIBOR plus 2.25% and (vii) \$11.0 million of Class D notes bearing interest at LIBOR plus 4.25%. All of the notes issued mature on May 14, 2020, although the Company has the right to call the notes anytime after May 14, 2011 until maturity. The weighted average interest rate on all notes was 0.74% and 0.82% at December 31, 2013 and 2012, respectively.

Apidos CDO III

In May 2006, the Company closed Apidos CDO III, a \$285.5 million CDO transaction that provides financing for bank loans. The investments held by Apidos CDO III collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. Apidos CDO III issued a total of \$262.5 million of senior notes at par to investors and RCC Commercial purchased a \$23.0 million equity interest representing 100% of the outstanding preference shares. The equity interest is subordinated in right of payment to all other securities issued by Apidos CDO III.

At closing, the senior notes issued to investors by Apidos CDO III consist of the following classes: (i) \$212.0 million of Class A-1 notes bearing interest at 3-month LIBOR plus 0.26%; (ii) \$19.0 million of Class A-2 notes bearing interest at 3-month LIBOR plus 0.45%; (iii) \$15.0 million of Class B notes bearing interest at 3-month LIBOR plus 0.75%; (iv) \$10.5 million of Class C notes bearing interest at 3-month LIBOR plus 1.75%; and (v) \$6.0 million of Class D notes bearing interest at 3-month LIBOR plus 4.25%. All of the notes issued mature on September 12, 2020, although the Company has the right to call the notes anytime after September 12, 2011 until maturity. The weighted average interest rate on all notes was 0.88% and 0.80% at December 31, 2013 and 2012, respectively. The reinvestment period for Apidos CDO III ended in June 2012 which results in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, \$129.2 million of Class A-1 notes have been paid down.

Apidos CDO I

In August 2005, the Company closed Apidos CDO I, a \$350.0 million CDO transaction that provides financing for bank loans. The investments held by Apidos CDO I collateralize the debt it issued and, as a result, the investments are not available to the Company, its creditors or stockholders. Apidos CDO I issued a total of \$321.5 million of senior notes at par to investors and RCC Commercial purchased a \$28.5 million equity interest representing 100% of the outstanding preference shares. The equity interest is subordinated in right of payment to all other securities issued by Apidos CDO I.

At closing, the senior notes issued to investors by Apidos CDO I consisted of the following classes: (i) \$259.5 million of Class A-1 notes bearing interest at 3-month LIBOR plus 0.26%; (ii) \$15.0 million of Class A-2 notes bearing interest at 3-month LIBOR plus 0.42%; (iii) \$20.5 million of Class B notes bearing interest at 3-month LIBOR plus 0.75%; (iv) \$13.0 million of Class C notes bearing interest at 3-month LIBOR plus 1.85%; and (v) \$8.0 million of Class D notes bearing interest at a fixed rate of 9.25%. All of the notes issued mature on July 27, 2017, although the Company has the right to call the notes anytime after July 27, 2010 until maturity. The weighted average interest rate

on all notes was 1.68% and 1.07% and at December 31, 2013 and 2012, respectively. The reinvestment period for Apidos CDO I ended in July 2011 which results in the sequential pay down of notes as underlying collateral matures and pays down. As of December 31, 2013, \$232.4 million of the Class A-1 notes have been paid down.

During the year ended December 31, 2012 the Company repurchased \$2.0 million of the Class B notes in Apidos CDO I at a weighted average price of 85.11% to par which resulted in a \$298,000 gain reported as a gain on the extinguishment of debt in the consolidated statements of income. During the years ended December 31, 2013 and 2011, the Company did not repurchase any notes.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

6.0% Convertible Senior Notes

On October 21, 2013, the Company issued and sold in a public offering \$115.0 million aggregate principal amount of its 6.0% Convertible Senior Notes due 2018, ("6.0% Convertible Senior Notes"). After deducting the underwriting discount and the estimated offering costs, the Company received approximately \$111.1 million of net proceeds. The discount of \$4.9 million on the 6.0% Convertible Senior Notes reflects the difference between the stated value of the debt and the fair value of the notes as if they were issued without a conversion feature and at a higher rate of interest that the Company estimated would have been applicable without the conversion feature. The discount will be amortized on a straight-line basis as additional interest expense through maturity on December 1, 2018. Interest on the 6.0% Convertible Senior Notes is paid semi-annually and the 6.0% Convertible Senior Notes mature on December 1, 2018. Prior to December 1, 2018, the 6.0% Convertible Senior Notes are not redeemable at the Company's option, except to preserve the Company's status as a REIT. On or after December 1, 2018, the Company may redeem all or a portion of the 6.0% Convertible Senior Notes at a redemption price equal to the principal amount plus accrued and unpaid interest. Holders of 6.0% Convertible Senior Notes may require the Company to repurchase all or a portion of the 6.0% Convertible Senior Notes at a purchase price equal to the principal amount plus accrued and unpaid interest on December 1, 2018, or upon the occurrence of certain defined fundamental changes. The 6.0% Convertible Senior Notes are convertible at the option of the holder at a current conversion rate of 150.1502 common shares per \$1,000 principal amount of 6.0% Convertible Senior Notes (equivalent to a current conversion price of \$6.66 per common share). Upon conversion of 6.0% Convertible Senior Notes by a holder, the holder will receive cash, our common shares or a combination of cash and our common shares, at the Company's election.

Unsecured Junior Subordinated Debentures

In May 2006 and September 2006, the Company formed RCT I and RCT II, respectively, for the sole purpose of issuing and selling capital securities representing preferred beneficial interests. Although the Company owns \$774,000 of the common securities of RCT I and RCT II, RCT I and RCT II are not consolidated into the Company's consolidated financial statements because the Company is not deemed to be the primary beneficiary of these entities. In connection with the issuance and sale of the capital securities, the Company issued junior subordinated debentures to RCT I and RCT II of \$25.8 million each, representing the Company's maximum exposure to loss. The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II are included in borrowings and are being amortized into interest expense in the consolidated statements of income using the effective yield method over a ten year period.

The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II at December 31, 2013 were \$261,000 and \$282,000, respectively. The debt issuance costs associated with the junior subordinated debentures for RCT I and RCT II at December 31, 2012, were \$358,000 and \$377,000, respectively. The rates for RCT I and RCT II, at December 31, 2013, were 4.20% and 4.19%, respectively. The rates for RCT I and RCT II, at December 31, 2012, were 4.26% and 4.26%, respectively.

The rights of holders of common securities of RCT I and RCT II are subordinate to the rights of the holders of capital securities only in the event of a default; otherwise, the common securities' economic and voting rights are pari passu with the capital securities. The capital and common securities of RCT I and RCT II are subject to mandatory redemption upon the maturity or call of the junior subordinated debentures held by each. Unless earlier dissolved, RCT I will dissolve on May 25, 2041 and RCT II will dissolve on September 29, 2041. The junior subordinated debentures are the sole assets of RCT I and RCT II, mature on September 30, 2036 and October 30, 2036, respectively, and may be called at par by the Company any time after September 30, 2011 and October 30, 2011, respectively. The Company records its investments in RCT I and RCT II's common securities of \$774,000 each as investments in unconsolidated entities and records dividend income upon declaration by RCT I and RCT II.

(1) Equal to the estimated fair value of securities or loans sold, plus accrued interest income, minus the sum of repurchase agreement liabilities plus accrued interest expense.

(2) \$6.5 million and \$12.2 million of linked repurchase agreement borrowings are being included as derivative instruments as of December 31, 2013 and 2012, respectively, (see Note 21).

(3) \$17.0 million of linked repurchase agreement borrowings are being included as derivative instruments as of December 31, 2013.

(4) As of December 31, 2012, \$3.5 million of linked repurchase agreement borrowings are being included as derivative instruments, (see Note 21).

CMBS – Term Repurchase Facility

In February 2011, the registrant's wholly-owned subsidiaries, RCC Commercial Inc. and RCC Real Estate, Inc. (collectively, the "RCC Subsidiaries"), entered into a master repurchase and securities contract (the "2011 Facility") with Wells Fargo Bank, National Association ("Wells Fargo"). Under the 2011 Facility, from time to time, the parties may enter into transactions in which the RCC Subsidiaries and Wells Fargo agree to transfer from the RCC Subsidiaries to Wells Fargo all of their right, title and interest to certain commercial mortgage backed securities and other assets (the "Assets") against the transfer of funds by Wells Fargo to the RCC Subsidiaries, with a simultaneous agreement by Wells Fargo to transfer back to the RCC Subsidiaries such Assets at a date certain or on demand, against the transfer of funds from the RCC Subsidiaries to Wells Fargo. The maximum amount of the Facility is \$100.0 million which had an original two year term with a one year option to extend, and an interest rate equal to the

one-month LIBOR plus 1.00% plus a .25% initial structuring fee and a .25% extension fee upon exercise. The 2011 facility has a current maturity date of January 31, 2015. The RCC Subsidiaries may enter into interest rate swaps and cap agreements for securities whose average life exceeds two years to mitigate interest rate risk under the 2011 Facility.

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

The 2011 Facility contains customary events of default, including payment defaults, breaches of covenants and/or certain representations and warranties, cross-defaults, guarantor defaults, and the institution of bankruptcy or insolvency proceedings that remain unstayed. The remedies for such events of default are also customary for this type of transaction and include the acceleration of all obligations of the RCC Subsidiaries to repay the purchase price for purchased assets.

The 2011 Facility also contains margin call provisions relating to a decline in the market value of a security. Under these circumstances, Wells Fargo may require the RCC Subsidiaries to transfer cash in an amount sufficient to eliminate any margin deficit resulting from such a decline.

Under the terms of the 2011 Facility and pursuant to a guarantee agreement dated February 1, 2011 (the “2011 Guaranty”), the Company agreed to unconditionally and irrevocably guarantee to Wells Fargo the prompt and complete payment and performance of (a) all payment obligations owing by the RCC Subsidiaries to Wells Fargo under or in connection with the Facility and any other governing agreements and any and all extensions, renewals, modifications, amendments or substitutions of the foregoing; (b) all expenses, including, without limitation, reasonable attorneys' fees and disbursements, that are incurred by Wells Fargo in the enforcement of any of the foregoing or any obligation of the registrant; and (c) any other obligations of the RCC Subsidiaries with respect to Wells Fargo under each of the governing documents. The 2011 Guaranty includes covenants that, among other things, limit the Company's leverage and debt service ratios and require maintenance of certain levels of cash and net worth. RCC Real Estate and RCC Commercial were in compliance with all financial debt covenants as of December 31, 2013.

CRE – Term Repurchase Facilities

On February 27, 2012, the RCC Real Estate entered into a master repurchase and securities agreement (the “2012 Facility”) with Wells Fargo to finance the origination of commercial real estate loans. The 2012 facility had an original maximum amount of \$150.0 million and an initial 18 month term. The Company paid an origination fee of 37.5 basis points (0.375%). On April 2, 2013, RCC Real Estate entered into an amendment which increased the size to \$250.0 million and extended the current term of the 2012 Facility to February 27, 2015. The amendment also provides two additional one year extension options at RCC Real Estate's discretion. RCC Real Estate paid an additional structuring fee of \$101,000 and an extension fee of \$938,000 in connection with the amendment and will amortize the additional fees over the term of the extension.

This 2012 Facility contains customary events of default, including payment defaults, breaches of covenants and/or certain representations and warranties, cross-defaults, guarantor defaults, and the institution of bankruptcy or insolvency proceedings that remain unstayed. The remedies for such events of default are also customary for this type of transaction and include the acceleration of all obligations of the Company to repay the purchase price for purchased assets.

The 2012 Facility also contains margin call provisions relating to a decline in the market value of a security. Under these circumstances, Wells Fargo may require the Company to transfer cash in an amount sufficient to eliminate any margin deficit resulting from such a decline.

Under the terms of the 2012 Facility and pursuant to a guarantee agreement dated February 27, 2012 (the “2012 Guaranty”), the Company agreed to unconditionally and irrevocably guarantee to Wells Fargo the prompt and complete payment and performance of (a) all payment obligations owing by the Company to Wells Fargo under or in connection with the 2012 Facility and any other governing agreements and any and all extensions, renewals, modifications, amendments or substitutions of the foregoing; (b) all expenses, including, without limitation, reasonable attorneys' fees and disbursements, that are incurred by Wells Fargo in the enforcement of any of the foregoing or any obligation of the registrant; and (c) any other obligations of the Company with respect to Wells Fargo under each of the governing documents. The 2012 Guaranty includes covenants that, among other things, limit the the Company's leverage and debt service ratios and require maintenance of certain levels of cash and net worth. RCC Real Estate was in compliance with all debt covenants as of December 31, 2013 and the Company was in

compliance with all financial covenants under the 2012 Guaranty as of December 31, 2013.

On July 19, 2013, RCC Real Estate's wholly-owned subsidiary, RCC Real Estate SPE 5 (or "SPE 5"), entered into a master repurchase and securities agreement (the "DB Facility") with Deutsche Bank AG, Cayman Islands Branch ("DB") to finance the origination of commercial real estate loans. The DB Facility had a maximum amount of \$200.0 million and an initial 12 month term, ending on July 19, 2014, with two one-year extensions at the option of SPE 5 and subject further to the right of SPE 5 to repurchase the assets held in the facility earlier. The Company paid a structuring fee of 0.25% of the maximum facility amount, as well as other reasonable closing costs. The Company guaranteed SPE 5's performance of its obligations under the DB Facility. There were no outstanding borrowings under this facility as of December 31, 2013 or 2012.

[\(Back to Index\)](#)

135

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

The DB Facility contains provisions that provide DB with certain rights if certain credit events have occurred with respect to one or more assets financed on the DB Facility to either repay a portion of the advance on such asset(s) or repay such advance in full (by repurchase of such asset(s)). Depending on the nature of the credit event, such repayment may be required notwithstanding the availability of interest and principal payments from assets financed on the DB Facility, or may only be required to the extent of the availability of such payments.

The DB Facility contains events of default (subject to certain materiality thresholds and grace periods) customary for this type of financing arrangement, including but not limited to: payment defaults; bankruptcy or insolvency proceedings; a change of control of SPE 5 or the Company; breaches of covenants and/or certain representations and warranties; performance defaults by the Company; a judgment in an amount greater than \$100,000 against SPE 5 or \$5.0 million in the aggregate against the Company; or a default involving the failure to pay or acceleration of a monetary obligation in excess of \$100,000 of SPE 5 or \$5.0 million of the Company. The remedies for such events of default are also customary for this type of transaction and include the acceleration of the principal amount outstanding under the DB Facility and the liquidation by DB of assets then subject to the DB Facility. The Company was in compliance with all financial debt covenants as of December 31, 2013.

Short-Term Repurchase Agreements - CMBS

On November 6, 2012, RCC Real Estate entered into a master repurchase and securities agreement with JP Morgan Securities LLC to finance the purchase of CMBS. There is no stated maximum amount of the facility and the repurchase agreement has no stated maturity. Interest rates reset monthly.

On February 14, 2012, RCC Real Estate entered into a master repurchase and securities agreement with Wells Fargo Securities, LLC to finance the purchase of CMBS. There is no stated maximum amount of the facility and the repurchase agreement has no stated maturity date with monthly resets of interest rates. The Company guaranteed RCC Real Estate's performance of its obligations under the repurchase agreement.

On March 8, 2005, RCC Real Estate entered into a master repurchase and securities agreement with Deutsche Bank Securities Inc. to finance the purchase of CMBS and the origination commercial real estate loans. There is no stated maximum amount of the facility and the repurchase agreement has an initial 12 month term with monthly resets of interest rates. The Company guaranteed RCC Real Estate's performance of its obligations under the repurchase agreement.

Residential Mortgage Financing Agreements

PCA has a master repurchase agreement with New Century Bank d/b/a Customer's Bank ("New Century") to finance the acquisition of residential mortgage loans. The facility has a maximum amount of \$30.0 million and a termination date of July 2, 2014, which was amended from the original terms over the course of four amendments. At December 31, 2013, PCA had borrowed \$11.9 million under this facility. The facility bears interest at one month LIBOR plus 3.50%. The Company did not own PCA nor was it party to the agreement with New Century at December 31, 2012.

The New Century facility contains provisions that provide New Century with certain rights if certain credit events have occurred with respect to one or more assets financed on the New Century facility to either require PCA to repay a portion of the advance on such asset(s) or repay such advance in full (by repurchase of such asset(s)). Depending on the nature of the credit event, such repayment may be required notwithstanding the availability of interest and principal payments from assets financed on the New Century facility, or may only be required to the extent of the availability of such payments.

The New Century facility contains events of default (subject to certain materiality thresholds and grace periods) customary for this type of financing arrangement, including but not limited to: payment defaults; bankruptcy or insolvency proceedings; a change in the nature of PCA's business as a mortgage banker as presently conducted or a

change in senior management, including the employment of two senior members of PCA's management staff; breaches of covenants and/or certain representations and warranties; performance defaults by PCA; a judgment in an amount greater than \$10,000 against PCA or \$50,000 in the aggregate against PCA. The remedies for such events of default are also customary for this type of transaction and include the acceleration of the principal amount outstanding under the New Century facility and the liquidation by New Century of assets then subject to the New Century facility. The agreement requires PCA to maintain a minimum maintenance balance account at all times of \$1.5 million and PCA was in compliance as of December 31, 2013. PCA was in compliance with all financial debt covenants as of December 31, 2013.

136

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

PCA has a loan participation agreement with ViewPoint Bank, NA ("ViewPoint") to finance the acquisition of residential mortgage loans. The facility has a maximum amount of \$15.0 million and a termination date of December 30, 2014, which was amended from the original terms over the course of five amendments. At December 31, 2013, PCA had borrowed \$2.7 million. The facility bears interest at one month LIBOR with a 4.00% floor. The Company did not own PCA nor was it party to the agreement with ViewPoint at December 31, 2012.

The ViewPoint facility contains provisions that provide ViewPoint with certain rights if certain credit events have occurred with respect to one or more assets financed on the ViewPoint facility to either require PCA to repay a portion of the advance on such asset(s) or repay such advance in full (by repurchase of such asset(s)). Depending on the nature of the credit event, such repayment may be required notwithstanding the availability of interest and principal payments from assets financed on the ViewPoint facility, or may only be required to the extent of the availability of such payments. The agreement requires PCA to maintain a minimum balance in a deposit account at all times of \$1.0 million and PCA was in compliance as of December 31, 2013.

PCA received a waiver on a covenant due to an event of default that requires PCA to maintain consolidated net income of at least one dollar for the preceding twelve month period and not allow PCA's consolidated net income to be a negative number for three consecutive months. The waiver removed all existing defaults and waived the net income covenant requirement until September 30, 2014. PCA was in compliance with all other financial covenant requirements under the agreement as of December 31, 2013.

Mortgage Payable

On August 1, 2011, the Company, through RCC Real Estate, purchased Whispertree Apartments, a 504 unit multi-family property located in Houston, Texas, for \$18.1 million. The property was 95% occupied at acquisition. In conjunction with the purchase of the property, the Company entered into a seven year mortgage of \$13.6 million with a lender. The mortgage bore interest at a rate of one-month LIBOR plus 3.95%. At December 31, 2012, the borrowing rate was 4.17%. At December 31, 2013 there were no outstanding borrowings under this agreement as the property was sold and the underlying mortgage was repaid in 2013.

NOTE 14 – STOCK INCENTIVE PLANS AND SHARE ISSUANCE AND REPURCHASE

Upon formation of the Company, the 2005 Stock Incentive Plan (the "2005 Plan") was adopted for the purpose of attracting and retaining executive officers, employees, directors and other persons and entities that provide services to the Company. The 2005 Plan authorizes the issuance of up to 1,533,333 shares of common stock in the form of options to purchase common stock, stock awards, performance shares and stock appreciation rights.

In July 2007, the Company's shareholders approved the 2007 Omnibus Equity Compensation Plan (the "2007 Plan"). The 2007 Plan authorizes the issuance of up to 2,000,000 shares of common stock in the form of options to purchase common stock, stock awards, performance shares and stock appreciation rights. On June 23, 2011, the 2007 Plan was amended to: (i) increase the number of shares authorized for issuance under the Plan from 2,000,000 shares to 5,400,000 shares; (ii) extend the expiration date of the Plan to June 23, 2021; (iii) provide that the Administrator making certain determinations after a change of control, as defined in the 2007 Plan, will be comprised of the same persons who constitute the Administrator immediately before the change of control; and (iv) make other clarifying and updating amendments to the Plan.

In December 2013, the Company and Resource Capital Manager entered into an At-the-Market Issuance Sales Agreement with MLV & Co, LLC ("MLV") to sell up to 1,400,000 shares of its 8.25% Series B Cumulative Redeemable Preferred Stock from time to time through an "at-the-market" equity offering program under which MLV will act as sales agent. The Company did not utilize this plan during the year ended December 31, 2013. This agreement superseded the March 15, 2013 agreement with MLV.

In April 2013, the Company sold 18,687,500 shares of common stock in an underwritten public common stock follow-on offering, including 2,437,500 shares exercised through the underwriters' over-allotment option, at a price of

\$6.33 per share. The Company received net proceeds of approximately \$114.5 million after payment of underwriting discounts and commissions of approximately \$3.6 million and before other offering costs of approximately \$200,000. On March 15, 2013, the Company and Resource Capital Manager entered into an At-the-Market Issuance Sales Agreement with MLV to sell up to 1,500,000 shares of its 8.25% Series B Cumulative Redeemable Preferred Stock from time to time through an "at-the-market" equity offering program under which MLV will act as sales agent. As of December 31, 2013, 2,485,078 shares have been issued under this agreement at a weighted average offering price of \$24.44. This agreement superseded the November 2012 agreement with MLV.

[\(Back to Index\)](#)

137

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Under the November 2012 agreement, MLV had agreed to sell up to 1,000,000 shares the Company's 8.25% Series B Cumulative Redeemable Preferred Stock from time to time. As of June 2013, all shares under this agreement had been issued at a weighted average price of \$24.77.

On June 28, 2012, the Company and Resource Capital Manager, Inc. entered into an At-the-Market Issuance Sales Agreement with MLV to sell up to 1,000,000 shares of its 8.5% Series A Cumulative Redeemable Preferred Stock from time to time through an “at-the-market” equity offering program under which MLV will act as sales agent. During the year ended December 31, 2013, the Company issued 4,579 shares at a weighted-average offering price of \$25.02. As of December 31, 2013, 415,952 shares had been issued under this agreement at a weighted average offering price of \$24.26.

Under a dividend reinvestment plan authorized by the board of directors on March 21, 2013, the Company is authorized to issue up to 20,000,000 shares of common stock. Under this plan, the Company issued 193,470 shares during the year ended December 31, 2013 at a weighted-average net share price of \$6.07 and received proceeds of \$1.2 million (net of costs). This plan superseded the February 2012 plan.

Under the February 2012 dividend reinvestment plan, the Company was authorized to issue up to 15,000,000 shares of common stock. Under this plan, the Company issued 2,899,708 shares in January 2013 and February 2013 at a weighted average share price of \$6.20 per share. The Company issued a total of 13,095,754 shares of common stock under this plan.

NOTE 15 – SHARE-BASED COMPENSATION

The following table summarizes restricted common stock transactions:

	Non-Employee Directors	Non-Employees	Employees	Total
Unvested shares as of January 1, 2013	19,509	3,288,834	—	3,308,343
Issued	38,704	555,074	238,368	832,146
Vested	(19,509)	(999,603)	—	(1,019,112)
Forfeited	—	(8,782)	—	(8,782)
Unvested shares as of December 31, 2013	38,704	2,835,523	238,368	3,112,595

The Company is required to value any unvested shares of restricted common stock granted to non-employees at the current market price. The estimated fair value of the unvested shares of restricted stock granted during the years ended December 31, 2013, 2012, and 2011, including the grant date fair value of shares issued to the Company's seven non-employee directors, was \$5.1 million, \$12.9 million, and \$8.2 million, respectively.

March 8, 2013	13,572	100%	3/8/2014
December 12, 2013	16,065	100%	12/12/2014
June 6, 2013	5,485	100%	6/6/2014
March 21, 2013	2,000	33.3%	3/21/14, 3/21/15, 3/21/16
April 1, 2013	112,000	1/6 per quarter	4/1/13, 6/30/13, 9/30/13, 12/31/13, 3/31/14, 6/30/14 (1)
August 7, 2013	97,719	33.3%	8/7/14, 8/7/15, 8/7/16
October 31, 2013	16,260	100%	10/31/2014
October 31, 2013	52,845	50%	10/31/2014, 10/31/15
October 31, 2013	36,585	33.3%	10/31/14, 10/31/15, 10/31/16
October 31, 2013	132,678	33.3%	10/31/14, 10/31/15, 10/31/16 (2)
November 1, 2013	121,951	33.3%	11/1/14, 11/1/15, 11/1/16
November 7, 2013	136,659	100%	11/7/2016 (2)
December 30, 2013	84,745	33.3%	12/30/14, 12/30/15, 12/30/16

In connection with a grant of restricted common stock made on August 25, 2011, the Company agreed to issue up to 336,000 additional shares of common stock if certain loan origination performance thresholds are achieved by personnel from the Company's loan origination team. The performance criteria are measured at the end of three annual measurement periods beginning April 1, 2011. The agreement also provides dividend equivalent rights pursuant to which the dividends that would have been paid on the shares had they been issued on the date of grant 1. will be paid at the end of each annual measurement period if the performance criteria are met. If the performance criteria are not met, the accrued dividends will be forfeited. As a consequence, the Company will not record the dividend equivalent rights until earned. On March 30, 2013, the second annual measurement period ended and 112,000 shares were earned on April 1, 2013. In addition, \$168,000 of accrued dividend equivalent rights was earned. At December 31, 2013, there was an additional \$258,000 of dividends payable upon achievement of the performance criteria.

2. All shares were issued from the 2007 Plan with the exception of these shares which were issued from unregistered shares as part of the consideration for the purchase of PCA.

The following table summarizes the status of the Company's unvested stock options as of December 31, 2013:

Unvested Options	Options	Weighted Average Grant Date Fair Value
Unvested at January 1, 2013	26,667	\$6.40
Granted	—	
Vested	(13,333)) 6.40
Forfeited	—	
Unvested at December 31, 2013	13,334	\$6.40

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table summarizes the status of the Company's vested stock options as of December 31, 2013:

Vested Options	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (in thousands)
Vested as of January 1, 2012	614,999	\$14.80		
Vested	13,333	\$6.40		
Exercised	—			
Forfeited	(1,000)	\$15.00		
Vested as of December 31, 2012	627,332	\$14.62	1	\$23

There were no options granted during the years ended December 31, 2013 and December 31, 2012. There were 40,000 options granted during the year ended December 31, 2011. The outstanding stock options have a weighted average remaining contractual term of three years.

For the years ended December 31, 2013, 2012, and 2011, the components of equity compensation expense were as follows (in thousands):

	December 31,		
	2013	2012	2011
Options granted to Manager and non-employees	6	2	15
Restricted shares granted non-employees	10,142	4,522	2,399
Restricted shares granted employees	106	—	—
Restricted shares granted to non-employee directors	218	112	112
Total equity compensation expense	10,472	4,636	2,526

During the years ended December 31, 2013, 2012, and 2011, the Manager received 190,828, 146,534, and 80,228 shares as incentive compensation valued at \$1.1 million, \$814,000, and \$463,000, respectively pursuant to the Management Agreement. The incentive management fee is paid one quarter in arrears.

Apart from incentive compensation payable under the Management Agreement, the Company has established no formal criteria for equity awards as of December 31, 2013. All awards are discretionary in nature and subject to approval by the Compensation Committee of the Company's board of directors.

NOTE 16 –EARNINGS PER SHARE

The following table presents a reconciliation of basic and diluted earnings per share for the periods presented as follows (in thousands, except share and per share amounts):

	Years Ended December 31		
	2013	2012	2011
Basic:			
Net income allocable to common shares	\$39,232	\$63,199	\$37,716
Weighted average number of shares outstanding	118,478,672	88,410,272	70,410,131
Basic net income per share	\$0.33	\$0.71	\$0.54
Diluted:			
Net income allocable to common shares	\$39,232	\$63,199	\$37,716
Weighted average number of shares outstanding	118,478,672	88,410,272	70,410,131
Additional shares due to assumed conversion of dilutive instruments	1,560,301	874,216	398,957
Adjusted weighted-average number of common shares outstanding	120,038,973	89,284,488	70,809,088
Diluted net income per share	\$0.33	\$0.71	\$0.53

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Potentially dilutive shares relating to 3,999,505, 641,666 and 641,666 shares and options for the years ended December 31, 2013, 2012, and 2011 respectively, were not included in the calculation of diluted net income per share because the effect was anti-dilutive.

NOTE 17 - ACCUMULATED OTHER COMPREHENSIVE LOSS

The following table, which is presented gross of tax, presents the changes in each component of accumulated other comprehensive income for the year ended December 31, 2013 (dollars in thousands):

	Net unrealized (loss) gain on derivatives	Net unrealized (loss) gain on securities, available-for-sale	Foreign Currency Translation	Net unrealized (loss) gain
January 1, 2013	\$(15,595)	\$ (11,483)	\$—	\$(27,078)
Other comprehensive gain (loss) before reclassifications	4,045	10,858	196	15,099
Amounts reclassified from accumulated other comprehensive income	395	(2,459)	—	(2,064)
Net current-period other comprehensive income	4,440	8,399	196	13,035
December 31, 2013	\$(11,155)	\$ (3,084)	\$196	\$(14,043)

NOTE 18 - THE MANAGEMENT AGREEMENT

On March 8, 2005, the Company entered into a Management Agreement with the Manager and Resource America pursuant to which the Manager provides the Company investment management, administrative and related services. The agreement has been amended several times over the years. Under the amended and restated agreement, the Manager receives fees and is reimbursed for its expenses as follows:

A monthly base management fee equal to 1/12th of the amount of the Company's equity multiplied by 1.50%. Under the management agreement, "equity" is equal to the net proceeds from any issuance of shares of capital stock less offering related costs, plus or minus the Company's retained earnings (excluding non-cash equity compensation incurred in current or prior periods) less any amounts the Company has paid for common stock repurchases. The calculation is adjusted for one-time events due to changes in GAAP, as well as other non-cash charges, upon approval of the independent directors of the Company.

Incentive compensation is calculated as follows: (i) twenty-five percent (25%) of the dollar amount by which (A) the Company's adjusted operating earnings (before incentive compensation but after the base management fee) for such quarter per common share (based on the weighted average number of common shares outstanding for such quarter) exceeds (B) an amount equal to (1) the weighted average of the price per share of the common shares in the initial offering by the Company and the prices per share of the Common Shares in any subsequent offerings by the Company, in each case at the time of issuance thereof, multiplied by (2) the greater of (a) 2.0% and (b) 0.50% plus one-fourth of the Ten Year Treasury Rate for such quarter, multiplied by (ii) the weighted average number of common shares outstanding during such quarter, subject to adjustment, to exclude events pursuant to changes in GAAP or the application of GAAP, as well as non-recurring or unusual transactions or events, after discussion between the Manager and the Independent Directors and approval by a majority of the independent directors in the case of non-recurring or unusual transactions or events. The fees paid by a taxable REIT subsidiary of the Company to employees, agents or affiliates of the Manager with respect to profits of such taxable REIT subsidiary (or any subsidiary thereof) are deducted from the Company's quarterly calculation of incentive compensation payable to the Manager. Additionally, any income taxes payable by a taxable REIT subsidiary of the Company will be excluded from the Company's calculation of operating earnings.

Reimbursement of out-of-pocket expenses and certain other costs incurred by the Manager that relate directly to the Company and its operations.

[\(Back to Index\)](#)

141

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

Incentive compensation is paid quarterly. Up to 75% of the incentive compensation is paid in cash and at least 25% is paid in the form of an award of common stock. The Manager may elect to receive more than 25% is incentive compensation in common stock. All shares are fully vested upon issuance. However, the Manager may not sell such shares for one year after the incentive compensation becomes due and payable. Shares payable as incentive compensation are valued as follows:

- if such shares are traded on a securities exchange, at the average of the closing prices of the shares on such exchange over the thirty day period ending three days prior to the issuance of such shares;
- if such shares are actively traded over-the-counter, at the average of the closing bid or sales price as applicable over the thirty day period ending three days prior to the issuance of such shares; and
- if there is no active market for such shares, the value is the fair market value thereof, as reasonably determined in good faith by the board of directors of the Company.

On February 24, 2011, the Company entered into further amendment to the Management Agreement. Pursuant to this amendment, the Company agreed to pay CVC Credit Partners, LLC, formerly Apidos Capital Management (“ACM”) such fees as are set forth in a Services Agreement dated as of February 24, 2011 among a subsidiary of the Company, RCAM and CVC. The Services Agreement provides that 10% of all base collateral management fees and additional collateral management fees paid to RCAM and 50% of all incentive collateral management fees will be paid by RCAM to CVC. During the years ended December 31, 2013, 2012 and 2011, RCAM paid CVC \$643,000, \$800,000 and \$1.0 million respectively in fees.

The Manager provides the Company with a Chairman, a Chief Financial Officer and several accounting professionals, each of whom is exclusively dedicated to the Company's operations. The Manager also provides the Company with a director of investor relations who is 50% dedicated to the Company's operations. The Company bears the expense of the wages, salaries and benefits of the Chief Financial Officer and a sufficient amount of additional accounting professionals, and bears 50% of the salary and benefits of the director of investor relations.

In November 2013, the Company amended the second amended and restated management agreement to allow an ancillary operating subsidiary (PCA), that is an operating entity principally engaged in the evaluation, underwriting, origination, servicing, holding, trading and financing of loans, securities, investments and credit products other than commercial real estate loans to directly incur and pay all of its own operating costs and expenses, including compensation of employees and reimbursement of any compensation costs incurred by the Manager for personnel principally devoted to such ancillary operating subsidiary.

As amended, the Management Agreement has an initial term ending March 31, 2013 with automatic annual one-year renewals unless at the end of the initial term or any renewal term at least two-thirds of the independent directors or a majority of the outstanding common shares agreed not to renew the Management Agreement. With a two-thirds vote of the independent directors, the independent directors may elect to terminate the Management Agreement because of the following:

- unsatisfactory performance; and/or
- unfair compensation payable to the Manager where fair compensation cannot be agreed upon by the Company (pursuant to a vote of two-thirds of the independent directors) and the Manager.

If the Management Agreement is terminated based on the above provisions, the Company must pay the Manager a termination fee equal to four times the sum of the average annual base management fee and the average annual incentive during the two 12-month periods immediately preceding the date of such termination. The Company is also entitled to terminate the Management Agreement for cause (as defined therein) without payment of any termination fee.

The base management fee for the years ended December 31, 2013, 2012 and 2011 was \$11.6 million, \$8.3 million and \$7.0 million, respectively. The Manager earned an incentive management fee of \$2.1 million of which \$1.5 million was paid in cash, which also included \$123,000 related to the Company's investment management agreement with a

subsidiary of the Manager, and \$484,000 was paid in stock (80,189 shares) for the period from January 1, 2013 to December 31, 2013. The Manager earned an incentive management fee of \$9.6 million of which \$8.2 million was paid in cash, which also included \$3.7 million related to the Company's investment management agreement with a subsidiary of the Manager, and \$1.4 million paid in stock (257,173 shares) for the period from January 1, 2012 to December 31, 2012. The Manager earned an incentive management fee of \$3.6 million of which \$3.2 million was paid in cash, which also included \$1.9 million related to the Company's investment management agreement with a subsidiary of the Manager, and \$430,000 was paid in stock (75,746 shares) for the period from January 1, 2011 to December 31, 2011.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

At December 31, 2013, the Company was indebted to the Manager for base management fees of \$1.0 million, incentive management fees to a subsidiary of the Manager under the Company's investment management agreement of \$123,000, \$85,000 of fees payable to CVC from RCAM, and expense reimbursements of \$166,000. At December 31, 2012, the Company was indebted to the Manager for base management fees of \$833,000, incentive management fees of \$2.6 million, incentive management fees to a subsidiary of the Manager under the Company's investment management agreement of \$3.7 million, \$109,000 of fees payable to CVC from RCAM, and expense reimbursements of \$372,000.

NOTE 19 – RELATED PARTY TRANSACTIONS

Relationship with Resource America and Certain of its Subsidiaries

Relationship with Resource America. On September 19, 2013, the Audit Committee of the Board of Directors of Resource America concluded that Resource America should consolidate the financial statements of the Company, which was previously treated as an unconsolidated variable interest entity. The Audit Committee reached this conclusion after consultations with the Office of the Chief Accountant of the Securities and Exchange Commission (the "Commission") following comments received from the staff of the Division of Corporation Finance of the Commission and the Audit Committee's discussion with the Company's management and its independent registered public accounting firm. Resource America's Audit Committee noted that consolidation of the Company was not expected to materially affect Resource America's previously reported net income attributable to common shareholders. At December 31, 2013, Resource America owned 2,861,592 shares, or 2.2%, of the Company's outstanding common stock. In addition, Resource America held 2,166 options to purchase restricted stock. The Company is managed by the Manager, which is a wholly-owned subsidiary of Resource America, pursuant to a Management Agreement that provides for both base and incentive management fees. For the years ended December 31, 2013, 2012, and 2011, the Manager earned base management fees of approximately \$11.6 million, \$8.3 million and \$7.0 million, respectively, and incentive management fees of \$1.9 million, \$6.0 million and \$1.7 million, respectively. The Company also reimburses the Manager and Resource America for expenses, including the expense of employees of Resource America who perform legal, accounting, due diligence and other services that outside professionals or consultants would otherwise perform, and for the wages, salaries and benefits of several Resource America personnel dedicated to the Company's operations. For the years ended December 31, 2013, 2012, and 2011, the Company paid the Manager \$3.8 million, \$3.6 million and \$2.5 million, respectively, as expense reimbursements. On November 24, 2010, the Company entered into an Investment Management Agreement with Resource Capital Markets, Inc. ("RCM"), a wholly-owned subsidiary of Resource America. The initial agreement provided that: (a) RCM may invest up to \$5.0 million of the Company's funds, with the investable amount being adjusted by portfolio gains (losses) and collections, and offset by expenses, taxes and realized management fees, and (b) RCM can earn a management fee in any year that the net profits earned exceed a preferred return. On June 17, 2011, the Company entered into a revised Investment Management Agreement with RCM which provided an additional \$8.0 million of the Company's funds. The management fee is 20% of the amount by which the net profits exceed the preferred return. During the years ended December 31, 2013, 2012 and 2011, RCM earned \$123,000, \$3.7 million and \$1.9 million in management fees, respectively. The Company has reinvested gains from its activity and holds \$11.6 million in fair market value of trading securities as of December 31, 2013, a decrease of \$13.2 million from \$24.8 million at fair market value as of December 31, 2012. The portfolio began a partial liquidation during the year ended December 31, 2013 that resulted in the outstanding portfolio balance being significantly decreased as compared to December 31, 2012. The Company and RCM also established an escrow account that allocates the net profit or net losses of the portfolio on a yearly basis based on the net asset value of the account. During the years ended December 31, 2013, 2012 and 2011, RCM earned \$35,000, \$560,000 and \$404,000, respectively, as its share of the net profits as defined in the Investment Management Agreement. The Company also reimburses RCM for expenses paid on the Company's behalf. For the years ended December 31, 2013 and 2012, the Company paid RCM \$258,000

and \$167,000, respectively, as expense reimbursements. There were no such reimbursements for the year ended December 31, 2011.

At December 31, 2013, the Company was indebted to the Manager for \$1.6 million, comprised of base management fees of \$997,000 and expense reimbursements of \$572,000. At December 31, 2012, the Company was indebted to the Manager for \$3.8 million, comprised of base management fees of \$833,000, \$2.6 million of incentive management fees, and expense reimbursements of \$307,000. At December 31, 2013, the Company was indebted to RCM, under the Company's Investment Management Agreement for \$289,000, comprised of incentive management fees of \$123,000 and expense reimbursements of \$166,000. At December 31, 2012, the Company was indebted to RCM for \$4.3 million, comprised of \$3.7 million of incentive management fees and \$605,000 of expense reimbursements.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

During the year ended December 31, 2013, the Company, through one of its subsidiaries, began originating middle-market loans, which Resource America is paid origination fees in connection with the Company's middle-market lending operation, which fees may not exceed 2% of the loan balance for any loan originated.

On November 7, 2013, the Company, through a wholly-owned subsidiary, purchased all of the membership interests in Elevation Home Loans, LLC, a start-up residential mortgage company, from an employee of Resource America for \$830,000, paid in the form of 136,659 shares of restricted Company common stock. The restricted stock cliff vests in full on November 7, 2016, and includes dividend equivalent rights.

The Company had executed seven securitizations as of December 31, 2013 and 2012, which were structured for the Company by the Manager. Under the Management Agreement, the Manager was not separately compensated by the Company for executing these transactions and is not separately compensated for managing the securitization's entities and their assets. The Company liquidated one of these CDOs in October 2013.

Relationship with LEAF Financial. LEAF Financial, originated and managed equipment leases and notes on behalf of the Company. On March 5, 2010, the Company entered into agreements with Lease Equity Appreciation Fund II, L.P. ("LEAF II") (an equipment leasing partnership sponsored by LEAF Financial and of which a LEAF Financial subsidiary is the general partner), pursuant to which the Company provided and funded an \$8.0 million credit facility to LEAF II. The credit facility initially had a one year term at with interest at 12% per year, payable quarterly, and was secured by all the assets of LEAF II, including its entire ownership interest in LEAF II Receivables Funding. The Company received a 1% origination fee in connection with establishing the facility. The facility originally matured on March 3, 2011 and was extended until September 3, 2011 with a 1% extension fee paid on the outstanding loan balance. On June 3, 2011, the Company entered into an amendment to extend the maturity to February 15, 2012 and to decrease the interest rate from 12% to 10% per annum resulting in a troubled-debt restructuring under current accounting guidance. On February 15, 2012, the credit facility was further amended to extend the maturity to February 15, 2013 with a 1% extension fee accrued and added to the amount outstanding. On January 11, 2013, the Company entered into another amendment to extend the maturity to February 15, 2014 with an additional 1% extension fee accrued and added to the amount outstanding. On December 17, 2013, the Company entered into another amendment to extend the maturity to February 15, 2015. The loan amount outstanding at December 31, 2013 and 2012 was \$5.7 million and \$6.8 million, respectively.

On November 16, 2011, the Company together with LEAF Financial and LCC entered into the SPA with Eos (see Note 3). The Company's resulting interest is accounted for under the equity method. For the years ended December 31, 2013 and 2012, the Company recorded a loss of \$183,000 and \$3.3 million, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. No such income or loss was incurred for the year ended December 31, 2011. The Company's investment in LCC was valued at \$41.0 million and \$33.1 million as of December 31, 2013 and 2012, respectively.

In accordance with the SPA, the Company and Resource America have undertaken a contingent obligation with respect to the value of the equity on the balance sheet of LRF 3, a wholly-owned subsidiary of LCC which owns equipment, equipment leases and notes. To the extent that the value of the equity on the balance sheet of LRF 3 is less than approximately \$18.7 million (the value of the equity of LRF 3 on the date it was contributed to LCC by the Company), as of the final testing date within 90 days of December 31, 2013, the Company and Resource America have agreed to be jointly and severally obligated to contribute cash to LCC to make up the deficit. The LRF 3 equity as of December 31, 2013 was in excess of this commitment.

Relationship with CVC Credit Partners. On April 17, 2012, Apidos Capital Management ("ACM"), a former subsidiary of Resource America, was sold to CVC Credit Partners, LLC ("CVC Credit Partners"), a joint venture entity in which Resource America owns a 33% interest. CVC Credit Partners manages internally and externally originated bank loan assets on the Company's behalf. On February 24, 2011, a subsidiary of the Company purchased 100% of the ownership interests in Churchill Pacific Asset Management LLC ("CPAM") from Churchill Financial Holdings LLC

for \$22.5 million. CPAM subsequently changed its name to RCAM. Through RCAM, the Company is entitled to collect senior, subordinated and incentive fees related to five CLOs holding approximately \$1.9 billion in assets managed by RCAM. RCAM is assisted by CVC Credit Partners in managing these CLOs. CVC Credit Partners is entitled to 10% of all subordinated fees and 50% of the incentive fees received by RCAM. For the years ended December 31, 2013, 2012 and 2011, CVC Credit Partners earned subordinated fees of \$643,000, \$800,000 and \$1.0 million, respectively. In October 2012, the Company purchased 66.6% of the preferred equity in one of the RCAM CLOs. In May 2013, the Company purchased additional equity in this CLO, increasing its ownership percentage to 68.3%. In September 2013, this CLO was called and the notes were paid down in full. Another RCAM-managed CLO also elected to redeem its outstanding notes in whole in February 2013.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

In May, June and July 2013, the Company invested a total of \$15.0 million in CVC Global Credit Opportunities Fund which generally invests in assets through the Master Fund (see Note 3). The fund will pay the investment manager a quarterly management fee in advance calculated at the rate of 1.5% annually based on the balance of each limited partner's capital account. The Company's management fee was waived upon entering the agreement given that the Company is a related party of CVC Credit Partners. For the year ended December 31, 2013, the Company recorded earnings of \$1.2 million, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The Company's investment balance of \$16.2 million is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

Relationship with Resource Real Estate. Resource Real Estate, a subsidiary of Resource America, originates, finances and manages the Company's commercial real estate loan portfolio, including whole loans, B notes, mezzanine loans, and investments in real estate. The Company reimburses Resource Real Estate for loan origination costs associated with all loans originated. At December 31, 2013, the Company had no indebtedness to Resource Real Estate for loan origination costs in connection with the Company's commercial real estate loan portfolio. At December 31, 2012, the Company was indebted to Resource Real Estate for loan origination costs in connection with the Company's commercial real estate loan portfolio in the amount of \$20,000.

On August 9, 2006, the Company, through its subsidiary, RCC Real Estate, originated a loan to Lynnfield Place, a multi-family apartment property, in the amount of \$22.4 million. The loan was then purchased by RREF CDO 2006-1. The loan, which matures on May 9, 2018, carries an interest rate of LIBOR plus a spread of 3.50% with a LIBOR floor of 2.50%. On June 14, 2011, RCC Real Estate converted this loan collateralized by a multi-family building, to equity. The loan was kept outstanding and continues to be used as collateral in RREF CDO 2006-1. RREM was appointed as the asset manager as of August 1, 2011. RREM performs lease review and approval, debt service collection, loan workout, foreclosure, disposition and/or entitlements and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM is entitled to a monthly asset management fee equal to 4.0% of the gross receipts generated from the property. The Company incurred fees payable to RREM in the amounts of \$136,000, \$136,000 and \$63,000 during the years ended December 31, 2013, 2012 and 2011, respectively.

On December 1, 2009, the Company purchased a membership interest in RRE VIP Borrower, LLC (an unconsolidated VIE that holds an interest in a real estate joint venture) from Resource America for \$2.1 million, its book value (see Note 3). RREM acts as asset manager of the venture and receives a monthly asset management fee equal to 1.0% of the combined investment calculated as of the last calendar day of the month. For the years ended December 31, 2013, 2012 and 2011, the Company paid RREM management fees of \$28,000, \$45,000 and \$55,000, respectively. For the years ended December 31, 2013, 2012 and 2011, the Company recorded income of \$278,000, \$683,000 and \$112,000, respectively, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of zero and \$2.3 million at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

On January 15, 2010, the Company loaned \$2.0 million to Resource Capital Partners, Inc. ("RCP"), a wholly-owned subsidiary of Resource America, so that it could acquire a 5.0% limited partnership interest in Resource Real Estate Opportunity Fund, L.P. ("RRE Opportunity Fund"). RCP is the general partner of the RRE Opportunity Fund. The loan is secured by RCP's partnership interest in the RRE Opportunity Fund. The promissory note bears interest at a fixed rate of 8.0% per annum on the unpaid principal balance. In the event of default, interest will accrue and be payable at a rate of 5.0% in excess of the fixed rate. Interest is payable quarterly. Mandatory principal payments must also be made to the extent distributable cash or other proceeds from the partnership represent a return of RCP's capital. The loan matures on January 14, 2015, and RCP has options to extend the loan for two additional 12-month periods. Principal payments of \$621,000 and \$107,000 were made during the years ended December 31, 2013 and

2012. The loan balance was \$950,000 and \$1.6 million at December 31, 2013 and 2012, respectively.

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

On June 21, 2011, the Company entered into a joint venture with an unaffiliated third party to form CR SLH Partners, L.P. (“SLH Partners”) to purchase a defaulted promissory note secured by a mortgage on a multi-family apartment building. The Company purchased a 10% equity interest in the venture and also loaned SLH Partners \$7.0 million to finance the project secured by a first mortgage lien on the property. The loan had a maturity date of September 21, 2012 and bore interest at a fixed rate of 10.0% per annum on the unpaid principal balance, payable monthly. The Company received a commitment fee equal to 1.0% of the loan amount at the origination of the loan and received a \$70,000 exit fee upon repayment. On May 23, 2012, SLH Partners repaid the \$7.0 million loan in its entirety, RREM was appointed as the asset manager of the venture. RREM performs lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 2.0% of the gross receipts generated from the property. The Company held a \$975,000 and \$1.2 million preferred equity investment in SLH Partners as of December 31, 2013 and 2012, respectively.

On August 1, 2011, the Company, through RCC Real Estate, entered into an agreement to purchase Whispartree Apartments, a multi-family apartment building, for \$18.1 million. RREM was appointed as asset manager. RREM performed lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM was also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM is entitled to a monthly asset management fee equal to the greater of 4.0% of the gross receipts generated from the property or \$12,600. The Company incurred fees payable to RREM in the amounts of \$151,000, \$167,000 and \$63,000 during years ended December 31, 2013, 2012 and 2011, respectively. On September 30, 2013, the property was sold for a gain of \$16.6 million, which was recorded in gain on sale of real estate on the consolidated statements of income.

On June 19, 2012, the Company entered into a joint venture with Värde Investment Partners, LP acting as lender, to purchase two condominium developments. RREM acts as asset manager and is responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 1% of outstanding contributions. For the years ended December 31, 2013 and 2012, the Company paid RREM management fees of \$38,000 and \$39,000, respectively. For the years ended December 31, 2013 and 2012, the Company recorded income of \$148,000 and losses of \$135,000, respectively, which were recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of \$674,000 and \$526,000 at December 31, 2013 and 2012, respectively, is recorded as an investment in unconsolidated entities on the Company's consolidated balance sheets using the equity method.

In December 2013, the Company closed CRE Notes 2013, a \$307.8 million real estate securitization that provides financing for commercial real estate loans. Resource Real Estate serves as special servicer. With respect to each Specialty Service Mortgage Loan, Resource Real Estate receives an amount equal to the product of (a) the Special Servicing Fee Rate, 0.05% per annum, and (b) the outstanding principal balance of such Specialty Service Mortgage Loan. The servicing fee is payable monthly, on an asset-by-asset basis. The Company utilizes the brokerage services of Resource Securities Inc. (“Resource Securities”), a wholly-owned broker-dealer subsidiary of Resource America, on a limited basis to conduct some of its asset trades. The Company paid Resource Securities a \$205,000 placement agent fee in connection with this transaction.

Relationship with The Bancorp. The Bancorp, Inc. (Nasdaq: TBBK), or TBBK, is a bank holding company that was organized in 2000 with Resource America's participation. Mr. Daniel G. Cohen, or Mr. D. Cohen, is the chairman of the board and Mrs. Betsy Z. Cohen, or Mrs. B. Cohen, is the Chief Executive Officer of TBBK and its subsidiary bank. Mrs. B. Cohen is the wife of Mr. E. Cohen, and Mr. E. Cohen and Mrs. B. Cohen are the parents of Messrs. J. Cohen, the Company's President and chief executive officer, and D. Cohen. Walter Beach, a director of TBBK since

1999, has also served as a director of the Company since March 2005. On July 7, 2011, the Company and RCC Real Estate entered into a \$10.0 million revolving credit facility with Bancorp. The note matured on June 30, 2012 and was not renewed.

Relationship with Law Firm. Until 1996, Edward E. Cohen, a director who was the Company's Chairman from its inception until November 2009, was of counsel to Ledgewood, P.C., a law firm. In addition, one of the Company's executive officers, Jeffrey F. Brotman, was employed by Ledgewood until 2007. Mr. E. Cohen receives certain debt service payments from Ledgewood related to the termination of his affiliation with Ledgewood and its redemption of his interest in the firm. Mr. Brotman also receives certain debt service payments from Ledgewood related to the termination of his affiliation with the firm. For the years ended December 31, 2013, 2012 and 2011, the Company paid Ledgewood \$360,000, \$438,000 and \$238,000, respectively, in connection with legal services rendered to the Company.

 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

NOTE 20 – DISTRIBUTIONS

For the years ended December 31, 2013, 2012 and 2011, the Company has declared and paid \$0.80, \$0.80, and \$1.00 dividends per common share, respectively.

In order to qualify as a REIT, the Company must currently distribute at least 90% of its taxable income. In addition, the Company must distribute 100% of its taxable income in order not to be subject to corporate federal income taxes on retained income. The Company anticipates it will distribute substantially all of its taxable income to its stockholders. Because taxable income differs from cash flow from operations due to non-cash revenues or expenses (such as provisions for loan and lease losses and depreciation), in certain circumstances, the Company may generate operating cash flow in excess of its distributions or, alternatively, may be required to borrow to make sufficient distribution payments.

The Company's 2014 dividends will be determined by the Company's board of directors which will also consider the composition of any dividends declared, including the option of paying a portion in cash and the balance in additional common shares.

The following tables presents dividends declared (on a per share basis) for the years ended December 31, 2013, 2012 and 2011:

Common Stock

	Date Paid	Total Dividend Paid (in thousands)	Dividend Per Share

NOTE 21 – FAIR VALUE OF FINANCIAL INSTRUMENTS

In analyzing the fair value of its investments accounted for on a fair value basis, the Company follows the fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The Company determines fair value based on quoted prices when available or, if quoted prices are not available, through the use of alternative approaches, such as discounting the expected cash flows using market interest rates commensurate with the credit quality and duration of the investment. The hierarchy followed defines three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the entire contractual term of the asset or liability.

Level 3 - Unobservable inputs that reflect the entity's own assumptions about the assumptions that market participants would use in the pricing of the asset or liability and are consequently not based on market activity, but rather through particular valuation techniques.

The determination of where an asset or liability falls in the hierarchy requires significant judgment. The Company evaluates its hierarchy disclosures each quarter; depending on various factors, it is possible that an asset or liability may be classified differently from quarter to quarter. However, the Company expects that changes in classifications between levels will be rare.

Certain assets and liabilities are measured at fair value on a recurring basis. The following is a discussion of these assets and liabilities as well as the valuation techniques applied to each for fair value measurement.

The Company reports its investment securities available-for-sale at fair value. To determine fair value, the Company uses an independent third-party valuation firm utilizing data available in the market as well as appropriate prepayment, default, and recovery rates. These valuations are validated utilizing dealer quotes or bids. If there is a material difference between the value indicated by the third-party valuation firm and the dealer quote or bid, the Company will evaluate the difference which could result in an updated valuation from the third party or a revised dealer quote. Based on a prioritization of inputs used in the valuation of each position, the Company categorizes these

investments as either Level 2 or Level 3 in the fair value hierarchy.

[\(Back to Index\)](#)

148

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The Company reports its investment securities, trading at fair value, based on an independent third-party valuation. The Company evaluates the reasonableness of the valuation it receives by using a dealer quote. If there is a material difference between the value indicated by the third party and a quote the Company receives, the Company will evaluate the difference. Any changes in fair value are recorded on the Company's results of operations as net unrealized (loss) gain on investment securities, trading.

The CMBS underlying the Company's linked transactions are valued using the same techniques as those used for the Company's other CMBS. The value of the underlying CMBS is then netted against the carrying amount (which approximates fair value) of the repurchase agreement borrowing at the valuation date. The fair value of linked transactions also includes accrued interest receivable on the CMBS and accrued interest payable on the underlying repurchase agreement borrowings. The Company's linked transactions are classified as Level 2 or Level 3 in the fair value hierarchy.

Derivatives (interest rate swaps and interest rate caps), both assets and liabilities, are reported at fair value, and are valued by a third-party pricing agent using an income approach with models that use, as their primary inputs, readily observable market parameters. This valuation process considers factors including interest rate yield curves, time value, credit factors and volatility factors. Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by the Company and its counterparties. The Company assesses the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and, if material, categorizes those derivatives within Level 3 of the fair value hierarchy.

The following table presents information about the Company's assets (including derivatives that are presented net) measured at fair value on a recurring basis and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value as follows (in thousands):

	Level 1	Level 2	Level 3	Total
December 31, 2013:

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table presents additional information about assets which are measured at fair value on a recurring basis for which the Company has utilized Level 3 inputs (in thousands):

	Level 3	
Beginning balance, January 1, 2012	\$58,508	
Total gains or losses (realized or unrealized):		
Included in earnings	14,105	
Purchases	8,341	
Sales	(37,632))
Paydowns	(2,012))
Transfers into Level 3	66,381	
Unrealized losses – included in accumulated other comprehensive income	8,457	
Beginning balance, January 1, 2013	116,148	
Total gains or losses (realized or unrealized):		
Included in earnings	10,094	
Purchases	106,570	
Sales	(37,499))
Paydowns	(41,571))
Unrealized gains (losses) – included in accumulated other comprehensive income	362	
Transfers into level 3	94,895	
Ending balance, December 31, 2013	\$248,999	

The Company is not able to obtain significant observable inputs and market data points due to a change in methodology whereby the Company began using a third party valuation firm to determine fair value. As a result, \$94.9 million of CMBS (including certain CMBS accounted for as linked transactions, were reclassified to Level 3 during the year ended December 31, 2013.

The following table presents additional information about liabilities which are measured at fair value on a recurring basis for which the Company has utilized Level 3 inputs (in thousands):

	Level 3	
Beginning balance, January 1, 2012	\$12,000	
Unrealized losses – included in accumulated other comprehensive income	2,077	
Beginning balance, January 1, 2013	14,077	
Unrealized losses – included in accumulated other comprehensive income	(3,886))
Ending balance, December 31, 2013	\$10,191	

The Company had \$328,000, \$42,000 and \$4.6 million of losses included in earnings due to the other-than-temporary impairment charges during the years ended December 31, 2013, 2012 and 2011, respectively. With respect to December 31, 2013 and 2012 the Company record final charge off adjustments on assets that had previous principal losses and in 2011 there was other-than-temporary impairment taken on one asset. These losses are included in the consolidated statements of income as net impairment losses recognized in earnings.

Loans held for sale consist of bank loans CRE loans identified for sale due to credit concerns. Interest on loans held for sale is recognized according to the contractual terms of the loan and included in interest income on loans. The fair value of bank loans held for sale and impaired bank loans is based on what secondary markets are currently offering for these loans. As such, the Company classifies these loans as nonrecurring Level 2. For the Company's CRE loans where there is no primary market, fair value is measured using discounted cash flow analysis and other valuation

techniques and these loans are classified as nonrecurring Level 3. The amount of nonrecurring fair value losses for impaired loans for the years ended December 31, 2013 , 2012 and 2011 was \$3.1 million, \$7.8 million and \$11.4 million, respectively, and is included in the consolidated statements of income as provision for loan and lease losses.

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The following table summarizes the financial assets and liabilities measured at fair value on a nonrecurring basis and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value as follows (in thousands):

	Level 1	Level 2	Level 3	Total
December 31, 2013:				
Assets:				
Loans held for sale	\$—	\$6,850	\$15,066	\$21,916
Impaired loans	—	225	—	225
Total assets at fair value	\$—	\$7,075	\$15,066	\$22,141
December 31, 2012:				
Assets:				
Loans held for sale	\$—	\$14,894	\$34,000	\$48,894
Impaired loans	—	4,366	21,000	25,366
Total assets at fair value	\$—	\$19,260	\$55,000	\$74,260

For Level 3 assets and liabilities measured at fair value on a recurring or non-recurring basis as of December 31, 2013, the significant unobservable inputs used in the fair value measurements were as follows (in thousands):

	Fair Value at December 31, 2013	Valuation Technique	Significant Unobservable Inputs	Significant Unobservable Input Value	
Interest rate swap agreements	\$10,191	Discounted cash flow	Weighted average credit spreads	5.03	%

The Company is required to disclose the fair value of financial instruments for which it is practicable to estimate that value. The fair value of short-term financial instruments such as cash and cash equivalents, restricted cash, principal paydown receivable, interest receivable, distribution payable and accrued interest expense approximates their carrying value on the consolidated balance sheets. The fair value of the Company's investment securities, trading is reported in Note 6. The fair value of the Company's investment securities available-for-sale is reported in Note 7. The fair value of the Company's derivative instruments and linked transactions is reported in this Note 21.

Loans held-for-investment: The fair value of the Company's Level 2 Loans held-for-investment was primarily measured using a third-party pricing service. The fair value of the Company's Level 3 Loans held-for-investment was measured by discounting the expected future cash flows using the current interest rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Loans receivable-related party are estimated by discounting the expected future cash flows using the current interest rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

CDO notes are valued using the dealer quotes, typically the dealer who underwrote the CDO in which the notes are held.

Junior subordinated notes are estimated by obtaining quoted prices for similar assets in active markets.

Repurchase agreements	\$ 106,303	\$ 106,303	\$—	\$—	\$ 106,303

NOTE 22 – INTEREST RATE RISK AND DERIVATIVE INSTRUMENTS

A significant market risk to the Company is interest rate risk. Interest rates are highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond the Company's control. Changes in the general level of interest rates can affect net interest income, which is the difference between the interest income earned on interest-earning assets and the interest expense incurred in connection with the interest-bearing liabilities, by affecting the spread between the interest-earning assets and interest-bearing liabilities. Changes in the level of interest rates also can affect the value of the Company's interest-earning assets and the Company's ability to realize gains from the sale of these assets. A decline in the value of the Company's interest-earning assets pledged as collateral for borrowings could result in the counterparties demanding additional collateral pledges or liquidation of some of the existing collateral to reduce borrowing levels. The Company seeks to manage the extent to which net income changes as a function of changes in interest rates by matching adjustable-rate assets with variable-rate borrowings. During periods of changing interest rates, interest rate mismatches could negatively impact the Company's consolidated financial condition, consolidated results of operations and consolidated cash flows. In addition, the Company mitigates the potential impact on net income of periodic and lifetime coupon adjustment restrictions in its investment portfolio by entering into interest rate hedging agreements such as interest rate caps and interest rate swaps.

At December 31, 2013, the Company had 12 interest rate swap contracts outstanding whereby the Company paid an average fixed rate of 5.03% and received a variable rate equal to one-month LIBOR. The aggregate notional amount of these contracts was \$129.5 million at December 31, 2013. The counterparties for the Company's designated interest rate hedge contracts at such date were Credit Suisse International and Wells Fargo, with which the Company had master netting agreements.

At December 31, 2012, the Company had 16 interest rate swap contracts outstanding whereby the Company paid an average fixed rate of 4.94% and received a variable rate equal to one-month LIBOR. The aggregate notional amount

of these contracts was \$135.2 million at December 31, 2012. The counterparties for the Company's designated interest rate hedge contracts are Credit Suisse International and Wells Fargo with which the Company has master netting agreements.

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

The estimated fair value of the Company's interest rate swaps was \$(10.6) million and \$(14.7) million as of December 31, 2013 and 2012, respectively. The Company had aggregate unrealized losses of \$10.8 million and \$15.6 million on the interest rate swap agreements as of December 31, 2013 and 2012, respectively, which is recorded in accumulated other comprehensive loss. In connection with the August 2006 close of RREF CDO 2006-1, the Company realized a swap termination loss of \$119,000, which is being amortized over the term of RREF CDO 2006-1. The amortization is reflected in interest expense in the Company's consolidated statements of income. In connection with the June 2007 close of RREF CDO 2007-1, the Company realized a swap termination gain of \$2.6 million, which is being amortized over the term of RREF CDO 2007-1. The accretion is reflected in interest expense in the Company's consolidated statements of income. In connection with the termination of a \$53.6 million swap related to RREF CDO 2006-1 during the nine months ended September 30, 2008, the Company realized a swap termination loss of \$4.2 million, which is being amortized over the term of a new \$45.0 million swap. The amortization is reflected in interest expense in the Company's consolidated statements of income. In connection with the payoff of a fixed-rate commercial real estate loan during the three months ended September 30, 2008, the Company terminated a \$12.7 million swap and realized a \$574,000 swap termination loss, which is being amortized over the original term of the terminated swap. The amortization is reflected in interest expense in the Company's consolidated statements of income.

In the next twelve months, the Company expects to reclassify \$282,000 from accumulated other comprehensive loss to earnings. The amount relates to the termination of 18 hedges during the years ended December 31, 2006, 2007 and 2008 and the requirement for the remaining gains and losses to be amortized over the life of the remaining debt. In addition, in the next twelve months, the Company expects to pay \$6.4 million in net interest expense for its hedges.

During the years ended December 31, 2013, 2012 and 2011, the Company recognized expense of \$288,000, \$279,000 and \$227,000, respectively, into earnings related to the amortization of gains and losses on 18 terminated hedges.

The following tables present the fair value of the Company's derivative financial instruments as well as their classification on the Company's consolidated balance sheets and on the consolidated statements of income for the years presented:

Fair Value of Derivative Instruments as of December 31,
 (in thousands)

	Liability Derivatives		
	Notional Amount	Balance Sheet Location	Fair Value
Interest rate swap contracts 2013	\$129,497	Derivatives, at fair value	\$(10,586)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
 DECEMBER 31, 2013

Mortgage Banking Derivatives

The Company's mortgage banking subsidiary may use derivatives in the ordinary course of business that consist of forward sales contracts and interest rate lock commitments on residential mortgage loans. Forward sales contracts represent future commitments to deliver loans at a specified price and by a specified date and are used to manage interest rate risk on loan commitments and mortgage loans held for sale. Rate lock commitments represent commitments to fund loans at a specific rate and by a specified time and are used to mitigate risk of changes in interest rate. These derivatives involve underlying items, such as interest rates, and are designed to mitigate risk. Notional amounts are amounts on which calculations and payments are based, but which do not represent credit exposure, as credit exposure limited to the amounts required to be received or paid.

Forward sales contracts also contain an element of risk in that the counterparties may be unable to meet the terms of such agreements. In the event the parties to deliver commitments are unable to fulfill their obligations, the Company could potentially incur significant additional costs by replacing the positions at then current market rates. The Company manages its risk of exposure by limiting counterparties to those banks and institutions deemed appropriate by management and the Members. The Company does not expect any counterparty to default on its obligations and, therefore, the Company does not expect to incur any cost related to counterparty default.

The Company is exposed to interest rate risk on loans held for sale and interest rate lock commitments. As market interest rates increase or decrease, the fair value of mortgage loans held for sale and rate lock commitments will decline or increase accordingly. To offset this interest rate risk, the Company may enter into derivatives such as forward contracts to sell loans. The fair value of these forward sales contracts will change as market interest rates change, and the change in the value of these instruments is expected to largely, though not entirely, offset the change in fair value of loans held for sale and rate lock commitments. The objective of this activity is to minimize the exposure to losses on rate lock commitments and loans held for sale due to market interest rate fluctuations. The net effect of derivatives on earnings will depend on risk management activities and a variety of other factors, including market interest rate volatility, the amount of interest rate lock commitments that close, the ability to fill the forward contracts before expiration, and the time period required to close and sell loans.

Linked Transactions

The Company's linked transactions are evaluated on a combined basis, reported as forward (derivative) instruments and presented as assets on the Company's consolidated balance sheets at fair value. The fair value of linked transactions reflect the value of the underlying CMBS, linked repurchase agreement borrowings and accrued interest payable on such instruments. The Company's linked transactions are not designated as hedging instruments and, as a result, the change in the fair value and net interest income from linked transactions is reported in other income on the Company's consolidated statements of income.

The following tables present certain information about the CMBS and repurchase agreements underlying the Company's linked transactions at December 31, 2013 and 2012.

Fair Value of Derivative Instruments as of December 31,
 (in thousands)

	Asset Derivatives		Fair Value
	Designation	Balance Sheet Location	
Linked transactions at fair value, 2013	Non-Hedging	Linked transactions, net at fair value	\$30,066
Linked transactions at fair value, 2012	Non-Hedging	Linked transactions, net at fair value	\$6,835

NOTE 23 - OFFSETTING OF FINANCIAL ASSETS AND LIABILITIES

The Company has no offsetting of financial assets. The following table presents a summary of the Company's offsetting of financial liabilities and derivative liabilities as of December 31, 2013 and 2012 (in thousands):

	(i) Gross Amounts of Recognized Liabilities	(ii) Gross Amounts Offset in the Consolidated Balance Sheets	(iii) = (i) - (ii) Net Amounts of Liabilities Presented in the Consolidated Balance Sheets	(iv) Gross Amounts Not Offset in the Consolidated Balance Sheets Financial Instruments (1)	Cash Collateral Pledged (2)	(v) = (iii) - (iv) Net Amount
December 31, 2013						
Derivative hedging instruments, at fair value (3)	\$ 10,586	\$—	\$ 10,586	\$—	\$ 500	\$ 10,086
Repurchase agreements (4)	91,931	—	91,931	91,931	—	—
Total	\$ 102,517	\$—	\$ 102,517	\$ 91,931	\$ 500	\$ 10,086
December 31, 2012						
Derivative hedging instruments, at fair value (3)	\$ 14,687	\$—	\$ 14,687	\$—	\$ 500	\$ 14,187
Repurchase agreements (4)	106,303	—	106,303	106,303	—	—
Total	\$ 120,990	\$—	\$ 120,990	\$ 106,303	\$ 500	\$ 14,187

(1) Amounts represent collateral pledged that is available to be offset against liability balances associated with repurchase agreement and derivative transactions.

(2) Amounts represent amounts pledged as collateral against derivative transactions.

(3) The fair value of securities pledged against the Company's swaps was \$3.5 million and \$8.3 million at December 31, 2013 and 2012, respectively.

(4) The fair value of securities pledged against the Company's repurchase agreements was \$121.6 million and \$284.3 million at December 31, 2013 and 2012, respectively.

In the Company's consolidated balance sheets, all balances associated with repurchase agreement and derivatives transactions are presented on a gross basis.

Certain of the Company's repurchase agreement and derivative transactions are governed by underlying agreements that generally provide for a right of offset in the event of default or in the event of a bankruptcy of either party to the transaction.

NOTE 24 - INCOME TAXES

The Company operates in such a manner as to qualify as a REIT, under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"); therefore, applicable REIT taxable income is included in the taxable income of its shareholders, to the extent distributed by the Company. To maintain REIT status for federal income tax purposes, the Company is generally required to distribute at least 90% of its REIT taxable income to its shareholders as well as comply with certain other qualification requirements as defined under the Code. As a REIT, the Company is not subject to federal corporate income tax to extent that it distributes 100% of its REIT taxable income each year. Taxable income from non-REIT activities managed through the Company's taxable REIT subsidiaries is subject to federal, state and local income taxes. The Company's taxable REIT subsidiaries' income taxes are accounted for under the asset and liability method. Under the asset and liability method, deferred income taxes are recognized for the temporary differences between the financial reporting basis and tax basis of assets and liabilities.

Total deferred tax liabilities	\$(4,112)	\$(8,376)

Apidos CDO I, Apidos CDO III, Apidos Cinco CDO, Apidos CLO VIII, Whitney CLO I, and Harvest CLO VII, the Company's foreign TRSs, are organized as exempted companies incorporated with limited liability under the laws of the Cayman Islands and, with respect to Harvest CLO VII, Ireland, and are generally exempt from federal and state income at the corporate level because their activities in the United States are limited to trading in stock and securities for their own account. Therefore, despite their status as TRSs, they generally will not be subject to corporate tax on their earnings and no provision for income taxes is required; however, because they are "controlled foreign corporations," the Company will generally be required to include Apidos CDO I's, Apidos CDO III's, Apidos Cinco CDO's, Apidos CLO VIII's, Whitney CLO I's, and Harvest CLO VII's current taxable income in its calculation of REIT taxable income.

On October 27, 2011 the Company reorganized the ownership structure of Apidos CDO I and Apidos CDO III. As a result, the earnings from Apidos CDO I and Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. On January 24, 2012, the Company again reorganized the ownership structure of Apidos CDO I and Apidos CDO III. As a result, for the period January 1, 2012 through January 23, 2012, the earnings from Apidos CDO I and Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. For the period January 24, 2012 through December 31, 2012 the earnings from Apidos CDO I are included in the Company's calculation of REIT taxable income. On December 11, 2012, the Company further reorganized the ownership structure of Apidos CDO III. As a result, for the period from January 24, 2012 through December 10, 2012 the earnings from Apidos CDO III are included in the Company's calculation of REIT taxable income. Also as a result of the reorganization on December 11, 2012, for the period December 11, 2012 through December 31, 2012, the earnings from Apidos CDO III are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax.

On November 12, 2012, the Company reorganized the ownership structure of Apidos Cinco CDO and Whitney CLO I. As a result, for the period November 12, 2012 through December 31, 2012, the earnings from Apidos Cinco CDO and Whitney CLO I are excluded from the Company's calculation of REIT taxable income and are subject to corporate

tax. Accordingly, a provision for income taxes on the earnings from November 12, 2012 through December 31, 2012 has been recorded.

160

[\(Back to Index\)](#)

RESOURCE CAPITAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

DECEMBER 31, 2013

On February 13, 2013, the Company reorganized the ownership structure of Apidos Cinco CDO and Whitney CLO I. As a result, for the period January 1, 2013 through February 12, 2013, the earnings from Apidos Cinco CDO and Whitney CLO I are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. Accordingly, a provision for income taxes on the earnings from January 1, 2013 through February 12, 2013 has been recorded. Also as a result of the reorganization on February 13, 2013, for the period February 13, 2013 and ending December 31, 2013 the earnings from Apidos Cinco CDO and Whitney CLO I are included in the Company's calculation of REIT taxable income.

On March 8, 2013 the Company reorganized the ownership structure of Apidos CDO III. As a result, the earnings from Apidos CDO III for the period January 1, 2013 through March 7, 2013 are excluded from the Company's calculation of REIT taxable income and are subject to corporate tax. Accordingly, a provision for income taxes on the earnings from January 1, 2013 through March 7, 2013 has been recorded. Also as a result of the reorganization on March 8, 2013, for the period March 8, 2013 and ending December 31, 2013 the earnings from Apidos CDO III are included in the Company's calculation of REIT taxable income.

On September 10, 2013, the Company acquired approximately 9.5% of the equity of Harvest CLO VII, which is a foreign TRS, organized as an exempt company incorporated with limited liability under the laws of Ireland. This equity is directly owned by a domestic qualified REIT subsidiary of the Company and, accordingly, its earnings are included in the Company's calculation of REIT taxable income.

Effective January 1, 2007, the Company adopted the provisions of FASB's guidance for uncertain tax positions. This implementation did not have an impact on the Company's consolidated balance sheets or consolidated statements of income. The guidance prescribes that a tax position should only be recognized if it is more likely than not that the position will be sustained upon examination by the appropriate taxing authority. A tax position that meets this threshold is measured as the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. The Company is required to disclose its accounting policy for classifying interest and penalties, the amount of interest and penalties charged to expense each period as well as the cumulative amounts recorded in the consolidated balance sheets. The Company will continue to classify any tax penalties as other operating expenses and any interest as interest expense. The Company does not have any unrecognized tax benefits that would affect the Company's financial position.

As of December 31, 2013, we had \$2.1 million of federal net operating losses and \$2.0 million of state net operating losses. The federal net operating losses will begin to expire in 2032; the state net operating losses will begin to expire in 2032. We have concluded that it is more likely than not that all losses will be utilized during their respective carry forward periods; and as such, a valuation allowance has not been established against these deferred tax assets.

As of December 31, 2013, income tax returns for the calendar years 2010 - 2013 remain subject to examination by IRS and/or any state or local taxing jurisdiction. The Company has not executed any agreements with the IRS or any state and/or local taxing jurisdiction to extend a statute of limitations in relation to any previous year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – (Continued)
DECEMBER 31, 2013

NOTE 26 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the filing of this form and determined that there have not been any events that have occurred that would require adjustments to or disclosures in the consolidated financial statements, except the following.

The Company received \$2.9 million in proceeds from the issuance of 124,091 shares of Series A preferred stock through the Company's at-the-market program during January and February 2014.

The Company received \$4.6 million in proceeds from the issuance of 207,104 shares of Series B preferred stock through the Company's dividend reinvestment plan during January and February 2014.

In January and February 2014, the Company invested a total of \$33.7 million into the warehouse of the Company's second European securitization, Harvest CLO VIII. The CLO is managed by an independent third party. The Company will not have control and will not be deemed to be the primary beneficiary. Therefore, the CLO will not be consolidated onto the Company's consolidated financial statements.

ITEM 9. CHANGES AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Securities Exchange Act of 1934 reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Under the supervision of our Chief Executive Officer and Chief Financial Officer, we have carried out an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at the reasonable assurance level.

Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of our internal control over financial reporting as of December 31, 2013. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control-Integrated Framework. Based on this assessment, management believes that, as of December 31, 2013, our internal control over financial reporting is effective.

Our independent registered public accounting firm, Grant Thornton LLP, audited our internal control over financial reporting as of December 31, 2013. Their report, dated March 3, 2014, expressed an unqualified opinion on our internal control over financial reporting. This report is included in this Item 9A.

Changes in Internal Control of Financial Reporting

There were no changes in our internal control over financial reporting during the three months ended December 31, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

[\(Back to Index\)](#)

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Resource Capital Corp.

We have audited the internal control over financial reporting of Resource Capital Corp. (a Maryland Corporation) and subsidiaries (the "Company") as of December 31, 2013, based on criteria established in the 1992 Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2013, based on criteria established in the 1992 Internal Control-Integrated Framework issued by COSO.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements of the Company as of and for the year ended December 31, 2013, and our report dated March 3, 2014, expressed an unqualified opinion on those financial statements.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

All members of the board of directors are elected for a term of one year or until their successors are elected and qualified. Information is set forth below regarding the principal occupation of each of our directors. There are no family relationships among the directors and executive officers except that Jonathan Z. Cohen, our Chief Executive Officer, President and a director, is a son of Edward E. Cohen, a director and, until November 2009, our Chairman of the Board.

Names of Directors, Principal Occupation and Other Information

Walter T. Beach, age 47, has been a director since March 2005. Mr. Beach has been Managing Director of Beach Investment Counsel, Inc., an investment management firm, since 1997. From 1993 to 1997, Mr. Beach was a Senior Analyst and Director of Research at Widmann, Siff and Co., Inc., an investment management firm where, beginning in 1994, he was responsible for the firm's investment decisions for its principal equity product. Before that he was an associate and financial analyst at Essex Financial Group, a consulting and merchant banking firm, and an analyst at Industry Analysis Group, an industry and economic consulting firm. Mr. Beach has served as a director of The Bancorp, Inc., a publicly-traded (NASDAQ: TBBK) bank holding company, and its subsidiary bank, The Bancorp Bank, since 1999. Mr. Beach has also served as a director of Institutional Financial Markets, Inc. and its predecessor, Cohen & Company, a publicly-traded (AMEX: IFMI) financial services company specializing in credit related fixed income investments, since December 2009.

Edward E. Cohen, age 75, has been a director since March 2005 and was our Chairman from March 2005 to November 2009. Mr. Cohen is Chairman of Resource America, the corporate parent of our manager, a position he has held since 1990. He was Resource America's Chief Executive Officer from 1988 to 2004 and its President from 2000 to 2003. He has been the Chief Executive Officer of Atlas Energy GP, LLC, the general partner of Atlas Energy, L.P. (formerly known as Atlas Pipeline Holdings, L.P.), a publicly-traded (NYSE:ATLS) energy limited partnership, from its formation in December 2005 until February 2009, Chief Executive Officer and President since February 2011 and Chairman from December 2005 through February 2011. He was also the Chairman and Chief Executive Officer of Atlas America, Inc., a publicly-traded energy company, from its formation in 2000 until its sale in February 2011, and was President from September 2000 to October 2009. He has also been the Chairman of the Managing Board of Atlas Pipeline Partners GP, LLC, the general partner of Atlas Pipeline Partners, L.P., a publicly-traded (NYSE: APL) midstream natural gas gathering and processing limited partnership, since its formation in 1999, and was Chief Executive Officer from 1999 to January 2009. He was also Chairman of the Management Board and Chief Executive Officer from 1999 to January 2009. He has also been the Chairman of the Managing Board and Chief Executive Officer of Atlas Resource Partners GP, LLC, the general partner of Atlas Resource Partners, L.P., a publicly-traded (NYSE: ARP) oil and gas exploration and production limited partnership, since February 2012. He has also been the Chairman of the Board of Brandywine Construction and Management, Inc. (a property management company) since 1994.

Jonathan Z. Cohen, age 43, has been our Chief Executive Officer, President and a director since March 2005. Mr. Cohen has been President since 2003, Chief Executive Officer since 2004 and a director since 2002 of Resource America. He was Chief Operating Officer of Resource America from 2002 to 2004, Executive Vice President from 2001 to 2003, and a Senior Vice President from 1999 to 2001. He has been the Executive Chairman of Atlas Energy GP, LLC since January 2012, was Chairman from February 2011 to January 2012 and Vice Chairman from its formation in December 2005 to February 2011. He was also the Vice Chairman of Atlas America, Inc. from its formation in 2000 to its sale in February 2011. He has also been the Vice Chairman of of the Managing Board of Atlas Pipeline Partners GP, LLC since its formation in 1999. He has also been the Vice Chairman of the Managing Board of Atlas Resource Partners, GP, LLC since February 2012.

Richard L. Fore, age 68 has been a director since March 2013. Mr Fore has been Chairman and Chief Executive Officer of Fore Property Company, a national real estate development company that builds, owns and manages

multi-family residences throughout the United States, since 1994. Prior to founding Fore Property Company, he was a partner at Lincoln Property Company. Mr. Fore co-founded the National Multi Housing Council, the leading trade association in the apartment industry, in 1978. He was also appointed to the Presidential Housing Commission by President Reagan. Mr. Fore also served in the U.S. Department of Housing and Urban Development during the Nixon and Ford administrations.

[\(Back to Index\)](#)

166

[\(Back to Index\)](#)

William B. Hart, age 70 has been a director since March 2005. Mr. Hart was Chairman of the Board of Trustees of the National Trust for Historic Preservation from 1999 to 2004. He was also a director of Anthem, Inc. (now Wellpoint, Inc.), a publicly-traded (NYSE: WLP) health insurance company, from 2000 to 2004. Mr. Hart was Director of SIS Bancorp from 1995 to 2000. From 1988 to 1999, Mr. Hart served in various positions with Blue Cross/Blue Shield of New Hampshire, ending as Chairman of the Audit Committee and Chairman of the Board of Directors from 1996 to 1999. He also served as President of the Foundation for the National Capital Region, Washington, DC, from 1993 to 1996 and President of The Dunfey Group, a private investment firm, from 1986 to 1998. From 1986 to 1994 he was a director of First NH Banks where he was Chairman of the Audit Committee from 1992 to 1994.

Gary Ickowicz, age 58, has been a director since February 2007. Mr. Ickowicz has been the Managing Partner of IR Capital LLC, a real estate company that owns and operates real estate assets in the New York Metropolitan area since 2008. He was a Managing Principal of Lazard Freres Real Estate Investors, a manager of funds invested in debt and equity securities of North American real estate assets and enterprises from 2001 to 2011. He was a director of Lazard Freres's real estate investment banking unit from 1989 through 2001. Since 2000 he has been a director of Grant Street Settlement, and since 2002 he has been a director of NCC/Neumann, both not-for-profit developers of senior housing. From 2001 to 2011, he was a director of Commonwealth Atlantic Properties, Inc., a privately-held REIT. From 2001 to 2006 he was a director of Kimsouth, Inc., a joint venture with Kimco Realty Corporation, a publicly-traded (NYSE: KIM) REIT.

Steven J. Kessler, age 70, has been our Chairman since November 2009 and was our Senior Vice President - Finance from September 2005 to November 2009 and, before that, served as our Chief Financial Officer, Chief Accounting Officer and Treasurer from March 2005 to September 2005. Mr. Kessler has been Executive Vice President of Resource America since 2005 and was Chief Financial Officer from 1997 to December 2009 and Senior Vice President from 1997 to 2005. He was a Trustee of GMH Communities Trust, a then publicly-traded specialty housing REIT, from 2004 to 2008 when it was sold. He was Vice President - Finance and Acquisitions at Kravco Company, a shopping center developer and operator, from 1994 to 1997. From 1983 to 1993 he was employed by Strouse Greenberg & Co., a regional full service real estate company, ending as Chief Financial Officer and Chief Operating Officer. Before that, he was a partner at Touche Ross & Co. (now Deloitte & Touche LLP), independent public accountants.

Murray S. Levin, age 71, has been a director since March 2005. Mr. Levin is a senior litigation partner at Pepper Hamilton LLP, a law firm with which he has been associated since 1970. Mr. Levin served as the first American president of the Association Internationale des Jeunes Avocats (Young Lawyers International Association), headquartered in Western Europe. He is a past president of the American Chapter and a member of the board of governors of the Union Internationale des Avocats (International Association of Lawyers), a Paris-based organization that is the world's oldest international lawyers association.

P. Sherrill Neff, age 62, has been a director since March 2005. Mr. Neff is a founding partner of Quaker Partners, a health care venture and growth equity fund since 2002. From 1994 to 2002 he was President and Chief Financial Officer, and from 1994 to 2003, a director of Neose Technologies, Inc., a then publicly-traded life sciences company. Mr. Neff was also a director of The Bancorp, Inc., a publicly traded (NASDAQ: TBBK) bank holding company, from its formation in 1999 until 2002, and a director of Resource America from 1998 to 2005. Mr. Neff is on the boards of directors of five Quaker Partners' portfolio companies, including Cempra, Inc., a publicly-traded (NASDAQ:CEMP) pharmaceutical company, since 2011, Ragado BioSciences, Inc. (NASDAQ: RGDO), a publicly traded biopharmaceutical company, since 2005, and three other private portfolio companies. Mr. Neff was also a director of Amicus Therapeutics, a publicly-traded (NASDAQ: FOLD) biopharmaceutical company, from 2005 to 2011. Until 2013, he was a member of the board of directors of the National Venture Capital Association.

Stephanie H. Wiggins, age 48, has been a director since April 2013. Ms. Wiggins has been Executive Vice President and Chief Investment Officer for the AFL-CIO Housing Investment Trust since 2000. From 1997 to 2000 she served in various positions at Prudential Mortgage Capital Company (formerly WMF Group), culminating as Director and Senior Investment Officer. She previously served as a Senior Underwriter and Review Appraiser at Green Park Financial (currently d/b/a Walker & Dunlop). Ms. Wiggins is a member of the Urban Land Institute Council, National Housing Conference and Mortgage Bankers Association.

The board of directors has not adopted specific minimum qualifications for service on our board, but rather seeks a mixture of skills that are relevant to our business as an externally-managed REIT that focuses primarily upon investments in commercial real estate and commercial finance assets, principally loans and interests in loans. The following presents a brief summary of the attributes of each director that led to the conclusion that he or she should serve as such:

Mr. Beach has extensive experience in finance and investment management and a strong financial background.

[\(Back to Index\)](#)

167

[\(Back to Index\)](#)

Mr. E. Cohen has lengthy experience in real estate and real estate finance (a principal business of Resource America), corporate finance (through the formation and funding of public companies such as Atlas Energy, Atlas America, Atlas Pipeline, and Resource America) and operations of both public and private companies, and is affiliated with the Manager.

Mr. J. Cohen has significant real estate, real estate finance and operational experience as an officer (currently Chief Executive Officer and President) and director of Resource America, and is affiliated with the Manager.

Mr. Fore has extensive experience in, and significant knowledge of, the real estate industry as a founder and principal of a national real estate company. Mr. Fore also has significant government experience, having served in government positions with three Presidential administrations.

Mr. Hart has extensive experience in finance and investment management, both as an officer and director of banks and insurance companies, as well as an officer of a private investment firm.

Mr. Ickowicz has broad real estate and real estate finance experience as a principal in the real estate operations of an international investment bank, as a director of a REIT and as a director of several real estate ventures.

Mr. Kessler has a significant financial and accounting background in real estate as the former Chief Financial Officer of Resource America and, previously, as a principal financial officer for a major operator of commercial real estate.

Mr. Levin has a lengthy and diverse legal background and has practiced complex litigation for over forty years.

Mr. Neff has significant experience in investments, operations and finance as a principal or officer of a venture fund and a public company and, prior thereto, as an investment banker.

Ms. Wiggins has extensive real estate finance experience, including underwriting, originating and valuing income-producing real estate, as an officer of several real estate companies.

Non-Director Executive Officers

Jeffrey D. Blomstrom, age 45, has been our Senior Vice President since March 2005. Mr. Blomstrom has been President and Managing Director of Resource Financial Fund Management, Inc., an asset management subsidiary of Resource America, since 2003. Mr. Blomstrom serves as the head of collateral origination and as a member of the credit committee for Trapeza Capital, Resource America's trust preferred securities collateral manager. From 2001 to 2003 Mr. Blomstrom was a Managing Director at Cohen and Company, an investment banking firm. From 2000 to 2001 he was Senior Vice President of iATMglobal.net, Inc., an ATM software development company. Mr. Blomstrom was, from 1999 to 2000, an associate at Covington & Burling, a law firm, where he focused on mergers and acquisitions and corporate governance.

David E. Bloom, age 49, has been our Senior Vice President-Real Estate Investments since March 2005. Mr. Bloom has been Senior Vice President of Resource America since 2001. He has also been President of Resource Real Estate, Inc., a wholly-owned real estate subsidiary of Resource America, since 2004 and was President of Resource Capital Partners, a wholly-owned real estate subsidiary of Resource America, from 2002 to 2006. From 2001 to 2002 he was President of Resource Properties, a former real estate subsidiary of Resource America. Before that he was Senior Vice President at Colony Capital, LLC, an international real estate opportunity fund, from 1999 to 2001. From 1998 to 1999 he was Director at Sonnenblick-Goldman Company, a real estate investment bank. From 1995 to 1998 he was an attorney at the law firm of Willkie Farr & Gallagher, LLP.

Jeffrey F. Brotman, 50, has been our Executive Vice President since June 2009 and Executive Vice President of Resource America since June 2007. He was co-founder of Ledgewood, P.C. (a Philadelphia-based law firm) and affiliated with the firm from 1992 until June 2007, serving as managing partner from 1995 until March 2006. Mr. Brotman is also a non-active certified public accountant and an Adjunct Professor at the University of Pennsylvania Law School. Mr. Brotman was Chairman of the Board of Directors of TRM Corporation, a then publicly-traded consumer services company, from September 2006 until September 2008 and was its President and Chief Executive Officer from March 2006 through June 2007.

David J. Bryant, age 56, has been our Senior Vice President, Chief Financial Officer, Chief Accounting Officer and Treasurer since June 2006. From 2005 to 2006 Mr. Bryant served as Senior Vice-President, Real Estate Services, at Pennsylvania Real Estate Investment Trust, a publicly-traded (NYSE: PEI) REIT principally engaged in owning, managing, developing and leasing malls and strip centers in the eastern United States. From 2000 to 2005, Mr. Bryant served as PEI's Senior Vice President - Finance and Treasurer, and was its principal accounting officer. From 1994 to

2000, Mr. Bryant was Vice President -Finance and Controller at PEI and its predecessor, The Rubin Organization. Mr. Bryant is also a certified treasury professional and a non-active certified public accountant.

Other Significant Employees

The following sets forth certain information regarding other significant employees of the Manager and Resource America who provide services to us:

Thomas C. Elliott, age 40, has been our Senior Vice President-Finance and Operations since September 2006 and, prior to that, was our Chief Financial Officer, Chief Accounting Officer and Treasurer from September 2005 to June 2006. He was our Senior Vice President - Assets and Liabilities Management from June 2005 until September 2005 and, before that, served as our Vice President - Finance from March 2005. Mr. Elliott has been Chief Financial Officer of Resource America since December 2009 and Senior Vice President since 2005. He was Senior Vice President - Finance and Operations of Resource America from 2006 to December 2009; Senior Vice President - Finance from 2005 to 2006 and Vice President - Finance from 2001 to 2005. From 1997 to 2001 Mr. Elliott was a Vice President at Fidelity Leasing, where he managed all capital market functions, including the negotiation of all securitizations and credit and banking facilities in the U.S. and Canada. Mr. Elliott also oversaw the financial controls and budgeting departments.

Alan F. Feldman, age 50, has been our Senior Vice President-Real Estate Investments since March 2005. Mr. Feldman has been Chief Executive Officer of Resource Real Estate since 2004 and Senior Vice President of Resource America since 2002. Mr. Feldman was President of Resource Properties from 2002 to 2005. From 1998 to 2002, Mr. Feldman was Vice President at Lazard Freres & Co., an investment banking firm, specializing in real estate mergers and acquisitions, asset and portfolio sales and recapitalization. From 1992 through 1998, Mr. Feldman was Executive Vice President of PREIT-RUBIN, Inc. the management subsidiary of Pennsylvania Real Estate Investment Trust and its predecessor, The Rubin Organization. Before that, from 1990 to 1992, he was a Director at Strouse, Greenberg & Co., a regional full service real estate company.

Kevin M. Finkel, age 42, has been our Vice President - Real Estate Investments since 2006. Senior Vice President of Resource America since 2013 and Vice President of Resource America from 2008 to 2013. President of Resource Capital Partners, Inc. (a wholly-owned real estate subsidiary of Resource America) since 2006, and Vice President and Director of Acquisitions from 2004 to 2006. Executive Vice President of Resource Real Estate, Inc. since 2008, Director of Acquisitions since 2004 and Vice President from 2004 to 2008. Joined Resource America as a consultant in 2002. Investment Banking Associate at Barclays Capital from 1998 to 2000. Investment Banking Associate and Analyst at Deutsche Bank Securities from 1994 to 1998.

Kyle Geoghegan, age 45, has been our Senior Vice President - Loan Originations since 2007. Mr. Geoghegan has been a Managing Director of Resource Real Estate Funding, Inc., a real estate subsidiary of Resource America, since July 2006. Mr. Geoghegan co-manages the whole loan origination platform for Resource Real Estate Funding and is based in Los Angeles. Mr. Geoghegan worked at Bear Stearns from January 1998 to May 2006, serving as a Managing Director who co-managed the Bear Stearns Commercial Mortgage office in Los Angeles. Prior to joining Bear Stearns, Mr. Geoghegan spent four years as a real estate loan officer at PNC Bank in Philadelphia, PA, primarily originating construction and bridge loans.

Shivan Govindan, age 41, has been a Vice President of Resource America since 2008. President of Resource Financial Institutions Group, Inc. (a wholly-owned subsidiary of Resource America) since 2008 and Vice President from 2005 to 2008. Senior Vice President of Resource Financial Fund Management, Inc. (a wholly-owned subsidiary of Resource America) since 2006 and Vice President from 2004 to 2006. Principal of Beehive Ventures, LLC (a Deutsche Bank seeded private equity firm) from 2000 to 2004. Director of Corporate Development at IQ Financial Systems (a Deutsche Bank Ventures portfolio company) from 1998 to 2000. Associate in fixed income derivatives at Bankers Trust Securities from 1995 to 1998. Vice Chairman of First NBC Bank Holding Co. (Nasdaq: NBCD) and Director of Colorado National Bancorp.

David Jansky, age 43, has been President of Resource Capital Markets, Inc., a subsidiary of Resource America, since April 2008. Mr. Jansky was head of Global ABS CDOs in the Structured Credit Products group at J.P. Morgan from 2005 to 2008. Prior thereto, he was an Executive Director at Credit Suisse First Boston from 2002 to 2005. Mr. Jansky was also responsible for structuring CDOs as a Vice President at Deutsche Bank from 1997 to 2000 and as an Associate at Merrill Lynch from 1996 to 1997.

Edgar Filing: Resource Capital Corp. - Form 10-K

Darryl Myrose, age 40, has been our Senior Vice President - Loan Originations since 2007. Mr. Myrose has been a Managing Director of Resource Real Estate Funding since July 2006. Mr. Myrose co-manages the whole loan origination platform for Resource Real Estate Funding and is based in Los Angeles. Mr. Myrose worked at Bear Stearns from April 1996 to May 2006, serving as a Managing Director who co-managed the Bear Stearns Commercial Mortgage office in Los Angeles. Prior to joining Bear Stearns, Mr. Myrose was employed with Clarion Advisors (formerly Jones Lang Wootton Realty Advisors) where he was an asset management analyst.

[\(Back to Index\)](#)

169

[\(Back to Index\)](#)

Joan M. Sapinsley, age 61, has been our Senior Vice President - CMBS since 2007. Ms. Sapinsley joined Resource Financial Fund Management, Inc. in February 2007 as Managing Director and manages our CMBS portfolio. Prior to joining Resource Financial Fund Management, Ms. Sapinsley was a Managing Director at Teachers Insurance and Annuity Association (TIAA), where she worked from 1992 through 2006 purchasing CMBS. She was responsible for all single borrower and single asset CMBS, as well as subordinate CMBS and B notes. She also directed TIAA's conduit origination and securitization activities. Before TIAA, Ms. Sapinsley was a Director in the Financial Services Group of Cushman & Wakefield, a global commercial real estate company, and a real estate consultant at Laventhol & Horwath, an accounting firm.

Michael S. Yecies, age 46, has been our Chief Legal Officer and Secretary since March 2005 and our Senior Vice President since July 2007. Mr. Yecies has been Senior Vice President of Resource America since 2005, Chief Legal Officer and Secretary since 1998 and was Vice President from 1998 to 2005. From 1994 to 1998 he was an attorney at the international law firm of Duane Morris LLP.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of all such reports. Based solely on our review of the reports received by us, we believe that, during fiscal 2013, our officers, directors and greater than ten percent shareholders complied with all applicable filing requirements.

Code of Ethics

We have adopted a code of business conduct and ethics applicable to all directors, officers and employees. We will provide to any person without charge, upon request, a copy of our code of conduct. Any such request should be directed at us as follows: Resource Capital Corp., 712 Fifth Avenue, New York, NY 10019, Attention: Secretary. Our code of conduct is also available on our website: www.resourcecapitalcorp.com. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of conduct by posting such information on our website, unless otherwise required by applicable law or regulation.

Information Concerning the Audit Committee

Our Board of Directors has a standing audit committee. The audit committee reviews the scope and effectiveness of audits by the internal and independent accountants, is responsible for the engagement of independent accountants, and reviews the adequacy of our internal financial controls. Members of the committee are Messrs. Neff (Chairman), Beach and Hart. The Board has determined that each member of the committee meets the independence standards for audit committee members set forth in the listing standards of the New York Stock Exchange, or NYSE, including those set forth in Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, and that Messrs. Beach and Neff each qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations thereunder.

ITEM 11. EXECUTIVE
COMPENSATION

Compensation Discussion and Analysis

We are required to provide information regarding the compensation program in place for our Chief Executive Officer, Chief Financial Officer and the three other most highly-compensated executive officers. In the following discussion, we refer to our Chief Executive Officer, Chief Financial Officer and the other three most highly-compensated executive officers whose compensation for fiscal 2013 exceeded \$100,000 as our “Named Executive Officers” or “NEOs.”

Objectives of Our Compensation Program

We are externally managed by our Manager pursuant to a management agreement among our Manager, Resource America and us. All of our NEOs are employees of Resource America or our Manager. We have not paid, and do not intend to pay, any cash compensation to our NEOs, although we reimburse Resource America or our Manager, for the wages, salary and benefits established and paid to our Chairman and Chief Financial Officer. Our Compensation Committee has, from time to time, granted equity awards in the form of restricted stock, stock options or performance awards to our NEOs pursuant to our Amended and Restated 2007 Omnibus Equity Compensation Plan. These awards are designed to align the interests of our NEOs with those of our stockholders, by connecting their compensation to the performance of our stock and by allowing them to share in the creation of value for our stockholders through stock appreciation and dividends. These equity awards are subject to time-based vesting requirements designed to promote the retention of management, incentivize long term objectives and to achieve strong performance for our company. These awards further provide us flexibility in our ability to enable Resource America to attract, motivate and retain talented individuals for our Manager.

Setting Executive Compensation

Our NEOs are employees of Resource America, which determines the base salary, cash incentive compensation and grants of Resource America equity securities that is paid to our NEOs. Since we pay fees to our Manager pursuant to the management agreement, we believe that an unspecified portion of the base salary and cash incentive compensation paid to our NEOs is derived from such fees paid by us. We do not control how such fees are allocated by Resource America. For a description of our management agreement, see Item 1: “Business-Management Agreement.” We disclose the cash amounts paid by Resource America to our Chief Financial Officer (for which we reimburse Resource America), our only NEO who devotes his full business time to our affairs, in the Summary Compensation Table below.

When Resource America makes its determination of the amount of compensation it will award to one of our NEOs, including in particular the amount of Resource America securities that Resource America will grant as equity incentive compensation, Resource America also considers, but does not determine or control, the amount of our securities we propose to grant as equity incentive compensation to that NEO. Similarly, in determining the amount of equity incentive compensation we grant to one of our NEOs, our Compensation Committee considers, but does not determine, the compensation that Resource America proposes to grant to that NEO, including Resource America's grant of Resource America securities as equity incentive compensation. Our respective Compensation Committees base their analyses and determinations upon recommendations submitted by Jonathan Z. Cohen, who is chief executive officer of both companies, for all of our NEOs other than himself. Resource America's Compensation Committee determines the amount of compensation Resource America will award Mr. J. Cohen, while our Compensation Committee determines the amount of any Resource Capital equity incentive compensation we award to Mr. J. Cohen. These analyses and determinations are not based upon any particular compensation matrix or formula, but instead are based upon qualitative evaluations by Mr. J. Cohen and the Compensation Committee. Our Compensation Committee does not make recommendations to Resource America as to the amount of compensation Resource America grants to our NEOs, nor does Resource America's Compensation Committee make recommendations to us regarding the amount of equity incentive compensation awarded by us to our NEOs.

Our Compensation Committee operates under a written charter adopted by our Board of Directors, a copy of which is available on our website at www.resourcecapitalcorp.com. Our Compensation Committee determines compensation amounts after the end of our and Resource America's fiscal year and makes equity awards near or after our and Resource America's fiscal year end. Awards made after our fiscal year end are reflected in our Summary

Compensation Table but not our Grants of Plan-Based Awards table until our following fiscal year. Our Compensation Committee has the discretion to issue equity awards at other times during our fiscal year.

[\(Back to Index\)](#)

171

[\(Back to Index\)](#)

Elements of Our Compensation Program

As described above, our NEOs do not receive cash compensation from us, although beginning in October 2009, we agreed to reimburse Resource America for the wages, salary and benefits of our Chief Financial Officer. In addition, we began reimbursing Resource America for the wages, salary and benefits of our Chairman in February 2010. However, our Compensation Committee has, from time to time, granted equity awards in the form of restricted stock, stock options or performance awards to our NEOs pursuant to our Amended and Restated 2007 Omnibus Equity Compensation Plan as follows:

Stock Options. Stock options provide value to the executive only if our stock price increases after the grants are made. Stock options typically vest 33.3% per year. No stock options have been granted to any of our NEOs since 2006.

Restricted Stock. Restricted stock grants reward stockholder value creation slightly differently than stock options: restricted stock units are impacted by all stock price changes, both increases and decreases. Restricted stock generally vests 33.3% per year and includes a right to receive dividends on unvested shares.

How We Determined 2013 Compensation

As discussed above, our Compensation Committee believes that it is important for our NEOs, who are employees of Resource America, to remain significantly aligned to our shareholders. Accordingly, we have traditionally made grants of restricted stock to such NEOs.

For 2013, such stock awards were materially less than in 2012. The grants will vest 33.33% per year over three years and included dividend equivalent rights. Our Compensation Committee analyzed the management agreement and reviewed how our operating costs compared to other REITs' operating costs. Our Compensation Committee considered our growth, complexity and success, including our stable and substantial dividend payments to our stockholders. The Committee also considered the amount of our restricted stock that had been granted in recent years. In particular, the Compensation Committee desired to continue to build alignment between key employees of the Manager and our stockholders, provide meaningful incentive for the retention of such key employees, reward the performance of such key employees that has resulted in a consistent meaningful cash dividend to stockholders and improved Company performance and ensure that total compensation paid to the Manager and its employees is consistent with similar companies. For 2013, our Compensation Committee approved the awards discussed below, based upon our performance and the individual performance of our NEOs. Among the factors considered by our Compensation Committee were our continued growth, expansion of business units, distributions to our shareholders and our ability to raise and deploy capital. Our Compensation Committee considered these stock awards in addition to considering the total compensation that Resource America proposed for our NEOs.

Upon our CEO's recommendation, other than for himself, our Compensation Committee approved the following awards for fiscal 2013:

• Mr. J. Cohen was awarded 211,864 shares of restricted stock for fiscal 2013, as compared to 466,893 shares of restricted stock for fiscal 2012.

• Mr. Blomstrom was awarded 25,423 shares of restricted stock for fiscal 2013, as compared to 135,823 shares of restricted stock for fiscal 2012.

• Mr. Bloom was awarded 50,847 shares of restricted stock for fiscal 2013, as compared to 135,823 shares of restricted stock for fiscal 2012.

• Mr. Brotman was awarded 25,423 shares of restricted stock for fiscal 2013, as compared to 135,823 shares of restricted stock for fiscal 2012.

Mr. Bryant was awarded 8,474 shares of restricted stock for fiscal 2013, as compared to 67,911 shares of restricted stock for fiscal 2012. Mr. Bryant was also awarded 1,446 shares of restricted Resource America stock for fiscal 2013, as compared to 7,256 shares of restricted Resource America stock for fiscal 2012.

Compensation and Risks

We believe that the risks material to our business are those that derive from broad-based economic trends and specific trends relating to particular loans, assets securing such loans and properties we hold. We do not believe that these risks are materially affected by, or materially arise from, our compensation policies, since our compensation is in the form of equity grants which typically vest over time. We believe that this encourages our executives to focus on sustained share price appreciation, rather than short-term results. Moreover, risk behavior is a factor considered in all

performance assessments.

Compensation Committee Report

The compensation committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management and, based on its review and discussions, the compensation committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this filing.

This report has been provided by the Compensation Committee of the Board of Directors of Resource Capital Corp.

Walter T. Beach, Chairman

Murray S. Levin

P. Sherrill Neff

The following table sets forth certain information concerning the compensation earned for fiscal 2013, 2012 and 2011 for our NEOs:

SUMMARY COMPENSATION

	2011	—	—	199,994	—	199,994

Mr. Bryant's salary and bonus were paid by Resource America. We began to reimburse Resource America for Mr. (1) Bryant's salary and bonus in October 2009. Amounts represent salary and bonus earned for the years indicated, but may not have been paid in full in the respective years.

(2) Grant date fair value, valued in accordance with FASB Accounting Standards Codification Topic 718 as the closing price of our common stock on the grant date.

Amounts for Mr. Bryant represent awards of Resource America restricted stock earned during 2013 and 2012.

(3) Awards of Resource America restricted stock are valued at the closing price of Resource America common stock on the date of each grant.

2013 OPTION EXERCISES AND STOCK VESTED

The following table sets forth information regarding restricted stock awards that vested during 2013 for our NEOs. There were no stock options exercised by such officers during 2013.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽¹⁾
Jonathan Z. Cohen	119,251	723,730
David J. Bryant (our stock)	29,060	177,235
(Resource America stock)	4,223	34,891
Jeffrey D. Blomstrom	55,909	342,643
David E. Bloom	58,968	361,573
Jeffrey F. Brotman	63,517	385,522

⁽¹⁾ Represents the per share market value of the respective common stock on the vesting dates multiplied by the number of shares vesting.

Director Compensation

We provide cash compensation only to independent directors for their services as directors. We also reimburse Resource America for all of the wages, salary and benefits established and paid by Resource America to our Chairman of the Board. In fiscal 2013, we reimbursed Resource America \$368,649 for Mr. Kessler's compensation and related business expenses, since Resource America employs Mr. Kessler; Mr. Kessler, however, is dedicated exclusively to his service as our Chairman. Mr. Kessler had 15,037 shares vest in 2013 and realized \$90,993 upon vesting. In addition, Mr. E. Cohen, the Chairman of the Board of Resource America, had 16,977 shares vest in 2013 and realized \$103,729 upon vesting.

Our 2013 compensation package for independent directors was comprised of cash (annual retainer) and restricted stock awards. The annual pay package is designed to attract and retain highly-qualified, independent professionals to represent our stockholders. Our compensation package is also designed to create alignment between our directors and our stockholders through the use of equity-based grants. For 2013, the Board approved compensation for each independent director consisting of an annual cash retainer of \$65,000 and an annual stock award valued at approximately \$35,000 on the date of grant, which is the anniversary of the date each independent director became a director. In addition, the members of the investment committee, Messrs. Beach, Ickowicz, and Fore, received an additional \$100,000 in cash, members of the audit committee, Messrs. Neff, Beach and Hart, received an additional \$10,000 in cash and members of the compensation committee, Messrs. Beach, Levin and Neff received an additional \$5,000 in cash. Finally the chairmen of the audit committee and compensation committee, Messrs. Neff and Beach, respectively, received an additional stock award each valued at approximately \$5,000.

[\(Back to Index\)](#)

[\(Back to Index\)](#)

The following table sets forth director compensation for each of our independent directors and the Chairman of the Board of Resource America and the Chairman of our Board of Directors for 2013:

Name ⁽¹⁾	Fees Earned or Paid in Cash (\$)	Stock Awards (\$) ^{(2) (3)}	Total (\$)
Walter T. Beach	180,000	39,999	219,999
Richard L. Fore	109,306	34,995	144,301
William B. Hart	75,000	34,993	109,993
Murray S. Levin	70,000	34,993	104,993
P. Sherrill Neff	80,000	39,999	119,999
Gary Ickowicz	165,000	34,992	199,992
Stephanie H. Wiggins	37,014	34,994	72,008
Edward E. Cohen	—	—	—
Steven J. Kessler	368,649	—	368,649

(1) Table excludes Mr. J. Cohen, an NEO, whose compensation is set forth in the Summary Compensation Table.

On February 1, 2013, Mr. Ickowicz was granted 3,582 shares based upon a price of \$6.28, the closing price on that day. On March 8, 2013, Messrs. Beach, Hart, Levin and Neff, were each granted 3,393 shares valued at \$6.63 per share, the closing price on that day. On March 12, 2013, Messrs. Beach and Neff were each granted 2,615 shares, (2) Messrs. Hart, Levin and Ickowicz were each granted 1,868 shares, and Mr. R. Fore was granted 5,231 shares valued at \$6.69, the closing price on that day. On June 6, 2013, Ms. S Wiggins was granted 5,485 shares valued at \$6.38 per share, the closing price on that day.

(3) Cash awards for Mr. Fore and Ms. Wiggins are prorated to their date of election to the Board of Directors on March 12, 2013 and June 6, 2013, respectively.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consisted of Messrs. Beach, Levin and Neff during fiscal 2013. None of such persons was an officer or employee of ours or any of our subsidiaries or affiliated companies during fiscal 2013, or was formerly an officer or employee of ours. None of our executive officers was a director or executive officer of any entity of which any member of the Compensation Committee was a director or executive officer during 2013.

Equity Compensation Plan Information

The following table summarizes certain information about our 2005 Stock Incentive Plan and Amended and Restated 2007 Omnibus Equity Compensation Plan as of December 31, 2013.

Plan category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans excluding securities reflected in column (a)
Equity compensation plans approved by security holders:			
Options	640,666	\$14.45	
Restricted stock	3,112,595	N/A	
Total	3,753,261		771,989 ⁽¹⁾

We agreed to award certain personnel up to 112,000 shares of restricted stock upon the achievement of certain (1) performance thresholds. The shares, which have been reserved for future issuance under the plans, have not been deducted from the number of securities remaining available for future issuance.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Relationships and Related Transactions

Relationship with Resource America and Certain of its Subsidiaries. Resource America, entities affiliated with it and our executive officers and directors collectively beneficially own 6,736,440 shares of common stock, representing approximately 5.24% of our common stock on a fully-diluted basis. Our executive officers are also officers of our Manager and/or of Resource America or its subsidiaries.

We have entered into a management agreement under which the Manager receives substantial fees. We describe these fees in Item 1 – “Business – Management Agreement.” For the year ended December 31, 2013, Resource Capital Manager, or the Manager, earned base management fees of approximately \$11.6 million and incentive management fees of \$2.1 million (including \$484,000 paid in the form of 80,189 shares of common stock). We reimburse the Manager and Resource America for expenses and employees of Resource America who perform legal, accounting, due diligence and other services that outside professionals or consultants would otherwise perform. The Management Agreement, as amended, also provides that the Manager must furnish us with a director of investor relations who will be 50% dedicated to our operations. We bear the expense of the wages, salaries and benefits of the Chairman, Chief

Financial Officer and several accounting professionals and 50% of the salary and benefits of the director of investor relations. On November 7, 2013, we entered into another amendment to include the definition of an “Ancillary Operating Subsidiary” which means one or more subsidiaries, including a TRS and its subsidiaries, that is an operating entity principally engaged in the evaluation, underwriting, origination, servicing, holding, trading and financing of loans,

[\(Back to Index\)](#)

178

[\(Back to Index\)](#)

securities, investments and credit products other than commercial real estate loans. An Ancillary Operating Subsidiary shall, with the approval of a majority of the Independent Directors, directly incur and pay all of its own operating costs and expenses, including without limitation, compensation of employees of such Ancillary Operating Subsidiary and reimbursement of any compensation costs incurred by the Manager for personnel principally devoted to such Ancillary Operating Subsidiary. For the year ended December 31, 2013, we reimbursed the Manager \$3.8 million. On November 24, 2010, we entered into an Investment Management Agreement with Resource Capital Markets, Inc., or RCM, a wholly-owned subsidiary of Resource America. The initial agreement provides that: (a) RCM may invest up to \$5.0 million of our funds, with the investable amount being adjusted by portfolio gains (losses) and collections, and offset by expenses, taxes and realized management fees, and (b) RCM can earn a management fee in any year that the net profits earned exceed a preferred return. On June 17, 2011, we entered into a revised Investment Management Agreement with RCM which provided an additional \$8.0 million of our funds. The management fee is 20% of the amount by which the net profits exceed the preferred return. During the year ended December 31, 2013, RCM earned \$123,000 in management fees. We have reinvested gains from its activity and hold \$11.6 million in fair market value of trading securities as of December 31, 2013. In addition, we and RCM established an escrow account that allocates the net profit or net losses of the portfolio on a yearly basis based on the net asset value of the account. During the year ended December 31, 2013, RCM earned \$35,000 as its share of the net profits as defined in the Investment Management Agreement. The portfolio began a partial liquidation during the year ended December 31, 2013. We also reimburse RCM for expenses paid on our behalf. For the year ended December 31, 2013, we paid RCM \$258,000 as expense reimbursements.

At December 31, 2013, we were indebted to the Manager for \$1.6 million, comprised of base management fees of \$997,000 and expense reimbursements of \$572,000. At December 31, 2013, we were indebted to RCM, under our Investment Management Agreement for \$289,000, comprised of incentive management fees of \$123,000 and expense reimbursements of \$166,000.

During the year ended December 31, 2013, one of our subsidiaries began originating middle market loans, which Resource America is paid origination fees in connection with our middle market lending operations, which fees may not exceed 2% of the loan balance for any loan originated.

On November 7, 2013, a wholly-owned subsidiary of ours purchased all of the membership interests in Elevation Home Loans, LLC, a start-up residential mortgage company, from an employee of Resource America for \$830,000, paid in the form of 136,659 shares of restricted Company common stock. The restricted stock cliff vests in full on November 7, 2016, and includes dividend equivalent rights.

As of December 31, 2013, we had executed seven securitizations, which were structured for us by the Manager. Under the Management Agreement, the Manager was not separately compensated by us for executing these transactions and is not separately compensated for managing the these entities and their assets. One of these CDOs was liquidated in October 2013.

Relationship with LEAF Financial. LEAF Financial, originated and managed equipment leases and notes on our behalf. On March 5, 2010, we entered into agreements with Lease Equity Appreciation Fund II, L.P., or LEAF II, (an equipment leasing partnership sponsored by LEAF Financial and of which a LEAF Financial subsidiary is the general partner), pursuant to which we provided an \$8.0 million credit facility to LEAF II. The credit facility initially had a one year term with interest at 12% per year, payable quarterly, and was secured by all the assets of LEAF II, including its entire ownership interest in LEAF II Receivables Funding. We received a 1% origination fee in connection with establishing the facility. The facility originally matured on March 3, 2011 and was extended until September 3, 2011 with a 1% extension fee paid on the outstanding loan balance. On June 3, 2011, we entered into an amendment to extend the maturity to February 15, 2012 and to decrease the interest rate from 12% to 10% per annum resulting in a troubled-debt restructuring under current accounting guidance. On February 15, 2012, the credit facility was further amended to extend the maturity to February 15, 2013 with a 1% extension fee accrued and added to the amount outstanding. On January 11, 2013, we entered into another amendment to extend the maturity to February 15, 2014 with an additional 1% extension fee accrued and added to the amount outstanding. On December 17, 2013, we entered into another amendment to extend the maturity to February 15, 2015. The loan amount outstanding at December 31, 2013 was \$5.7 million.

On November 16, 2011, we, together with LEAF Financial and LCC, subsidiaries of Resource America, entered into the SPA with Eos Partners, L.P., a private investment firm, and its affiliates. In exchange for our prior interest in LCC, we received 31,341 shares of Series A Preferred Stock, 4,872 shares of newly issued 8% Series B Redeemable Preferred Stock and 2,364 shares of newly issued Series D Redeemable Preferred Stock, collectively representing, on a fully-diluted basis, a 27.5% interest in LCC. On January 18, 2013, we entered into another stock purchase agreement with LCC to purchase 3,682 shares of newly issued Series A-1 Preferred Stock for \$3.7 million. During 2013, we entered into another stock purchase agreement with LCC to purchase 4,445 shares of newly issued Series E Preferred Stock for \$4.4 million. The Series E Preferred Stock has priority over all other classes of preferred stock. We accrued \$207,000 of interest on the Series E Preferred Stock shares to date. Our resulting interest

[\(Back to Index\)](#)

179

[\(Back to Index\)](#)

is accounted for under the equity method. For the year ended December 31, 2013, we recorded a loss of \$183,000 which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. Our investment in LCC was valued at \$41.0 million as of December 31, 2013.

In accordance with the SPA, we, together with Resource America, have undertaken a contingent obligation with respect to the value of the equity on the balance sheet of LEAF Receivables Funding 3 ("LRF 3"), a wholly-owned subsidiary of LCC which owns equipment, equipment leases and notes. To the extent that the value of the equity on the balance sheet of LRF 3 is less than approximately \$18.7 million (the value of the equity of LRF 3 on the date it was contributed to LCC by us), as of the final testing date within 90 days of December 31, 2013, we and Resource America have agreed to be jointly and severally obligated to contribute cash to LCC to make up the deficit. The LRF 3 equity as of December 31, 2013 was in excess of this commitment.

Relationship with CVC Credit Partners. On April 17, 2012, Apidos Capital Management (ACM), a former subsidiary of Resource America, was sold to CVC Credit Partners, LLC (CVC Credit Partners), a joint venture entity in which Resource America owns a 33% interest. CVC Credit Partners manages internally and externally originated bank loan assets on our behalf. On February 24, 2011, one of our subsidiaries purchased 100% of the ownership interests in Churchill Pacific Asset Management LLC, or CPAM, from Churchill Financial Holdings LLC for \$22.5 million. CPAM subsequently changed its name to RCAM. Through RCAM, we are entitled to collect senior, subordinated and incentive fees related to five collateralized loan obligation issuers, or CLO, holding approximately \$1.9 billion in assets managed by RCAM. RCAM is assisted by CVC Credit Partners in managing these CLOs. CVC Credit Partners is entitled to 10% of all subordinated fees and 50% of the incentive fees received by RCAM. For the year ended December 31, 2013, CVC Credit Partners earned subordinated fees of \$643,000. In October 2012, we purchased 66.6% of the preferred equity in one of the RCAM CDOs. In May 2013, we purchased additional equity in this CLO, increasing our ownership percentage to 68.3%. In September 2013, this CLO was called and the notes were paid down in full. Another RCAM-managed CLO also elected to redeem its outstanding notes in whole earlier this year in February 2013.

In May, June and July 2013, we invested \$15.0 million in CVC Global Credit Opportunities Fund, L.P., a Delaware limited partnership which generally invests in assets through a master-feeder fund structure ("the Master Fund"). The General Partner of the Partnership and the Master Fund is CVC Global Credit Opportunities Fund GP, LLC, a Delaware limited liability company. The investment manager of the partnership and the Master Fund is CVC Credit Partners, LLC. CVC Capital Partners SICAV-FIS, S.A., a Luxembourg company, together with its affiliates, and Resource America, own a majority and a significant minority, respectively, of the investment manager. The fund will pay the investment manager a quarterly management fee in advance calculated at the rate of 1.5% annually based on the balance of each limited partner's capital account. Our management fee was waived upon entering the agreement given that we are a related party of CVC Credit Partners. For the year ended December 31, 2013, we recorded earnings of \$1.2 million, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The Company's investment balance of \$16.2 million is recorded as an investment in unconsolidated entities on the consolidated balance sheets using the equity method.

Relationship with Resource Real Estate. Resource Real Estate, a subsidiary of Resource America, originates, finances and manages our commercial real estate loan portfolio, including whole loans, B notes, mezzanine loans, and investments in real estate. We reimburse Resource Real Estate for loan origination costs associated with all loans originated. At December 31, 2013, we had no indebtedness to Resource Real Estate for loan origination costs in connection with our commercial real estate loan portfolio.

On August 9, 2006, our subsidiary, RCC Real Estate, originated a loan on Lynnfield Place, a multi-family apartment property, in the amount of \$22.4 million. The loan was then purchased by RREF CDO 2006-1. The loan, which matures on May 9, 2018, carries an interest rate of LIBOR plus a spread of 3.50% with a LIBOR floor of 2.50%. On June 14, 2011, RCC Real Estate converted this loan collateralized by a multi-family building to equity. The loan was kept outstanding and continues to be used as collateral in RREF CDO 2006-1. Resource Real Estate Management, LLC, or RREM, an affiliate of Resource America, was appointed as asset manager as of August 1, 2011. RREM performs lease review and approval, debt service collection, loan workout, foreclosure, disposition and/or entitlements and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property

management, property leasing, rent collection, maintenance, and capital improvements. RREM is entitled to a monthly asset management fee equal to 4.0% of the gross receipts generated from the property. For the year ended December 31, 2013, we incurred management fees payable to RREM in the amount of \$136,000.

On December 1, 2009, we purchased a membership interest in RRE VIP Borrower, LLC (an unconsolidated VIE that holds an interest in a real estate joint venture) from Resource America for \$2.1 million, its book value. This joint venture, which is structured as a credit facility with Värde Investment Partners, LP, acting as lender, finances the acquisition of distressed properties and mortgage loans and has the objective of repositioning both the directly-owned properties and the properties underlying the mortgage loans to enhance their value. The agreement requires us to contribute 3% to 5% (depending on the terms of the agreement pursuant to which the particular asset is being acquired) of the total funding required for each asset acquisition as needed up to a

[\(Back to Index\)](#)

180

[\(Back to Index\)](#)

specified amount. RREM acts as asset manager of the venture and receives a monthly asset management fee equal to 1.0% of the combined investment calculated as of the last calendar day of the month. For the year ended December 31, 2013, we paid RREM management fees of \$28,000. For the year ended December 31, 2013, we recorded income of \$278,000, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of zero at December 31, 2013 is recorded as an investment in unconsolidated entities on our consolidated balance sheets using the equity method.

On January 15, 2010, we loaned \$2.0 million to Resource Capital Partners, Inc., or RCP, a wholly-owned subsidiary of Resource America, so that it could acquire a 5.0% limited partnership interest in Resource Real Estate Opportunity Fund, L.P., or RRE Opportunity Fund. RCP is the general partner of the RRE Opportunity Fund. The loan is secured by RCP's partnership interest in the RRE Opportunity Fund. The promissory note bears interest at a fixed rate of 8.0% per annum on the unpaid principal balance. In the event of default, interest will accrue and be payable at a rate of 5.0% in excess of the fixed rate. Interest is payable quarterly. Mandatory principal payments must also be made to the extent distributable cash or other proceeds from the partnership represent a return of RCP's capital. The loan matures on January 14, 2015, and RCP has options to extend the loan for two additional 12-month periods. Principal payments of \$621,000 were made during the year ended December 31, 2013. The loan balance was \$950,000 at December 31, 2013.

On June 21, 2011, we entered into a joint venture with an unaffiliated third party to form CR SLH Partners, L.P., or SLH Partners, to purchase a defaulted promissory note secured by a mortgage on a multi-family apartment building. We purchased a 10% preferred equity interest in the venture and also loaned SLH Partners \$7.0 million to finance the project secured by a first mortgage lien on the property. The loan had a maturity date of September 21, 2012 and bore interest at a fixed rate of 10.0% per annum on the unpaid principal balance, payable monthly. On May 23, 2012, SLH Partners repaid the \$7.0 million loan in its entirety. We received a commitment fee equal to 1.0% of the loan amount at the origination of the loan and received a \$70,000 exit fee upon repayment. RREM was appointed as the asset manager of the venture. RREM performs lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 2.0% of the gross receipts generated from the property. We hold a \$975,000 preferred equity investment in SLH Partners as of December 31, 2013.

On August 1, 2011, our subsidiary, RCC Real Estate, entered into an agreement to purchase Whispertree Apartments, a multi-family apartment building, for \$18.1 million. RREM was appointed as asset manager. RREM performs lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM is entitled to a monthly asset management fee equal to the greater of 4.0% of the gross receipts generated from the property or \$12,600. We paid fees of \$151,000 to RREM during the year ended December 31, 2013. On September 30, 2013, the property was sold for a gain of \$16.6 million, which was recorded in gain on sale of real estate on the consolidated statements of income.

On June 19, 2012, we entered into a joint venture with Värde Investment Partners, LP acting as lender, to purchase two condominium developments. We purchased a 7.5% equity interest in the venture. RREM was appointed as the asset manager of the venture to perform lease review and approval, debt service collection, loan workout, foreclosure, disposition and permitting, as applicable. RREM is also responsible for engaging third parties to perform day-to-day property management, property leasing, rent collection, maintenance, and capital improvements. RREM receives an annual asset management fee equal to 1% of outstanding contributions. We paid RREM management fees of \$38,000 during the year ended December 31, 2013. For the year ended December 31, 2013, we recorded income of \$148,000, which was recorded in equity in net earnings (losses) of unconsolidated subsidiaries on the consolidated statement of income. The investment balance of \$674,000 at December 31, 2013 is recorded as an investment in unconsolidated entities on the consolidated balance sheets using the equity method.

In December 2013, we closed CRE Notes 2013, a \$307.8 million real estate securitization that provides financing for commercial real estate loans. Resource Real Estate serves as special servicer. With respect to each Specialty Service Mortgage Loan, Resource Real Estate receives an amount equal to the product of (a) the Special Servicing Fee Rate,

0.05% per annum, and (b) the outstanding principal balance of such Specialty Service Mortgage Loan. The servicing fee shall be payable monthly, on an asset-by-asset basis. We utilize the brokerage services of Resource Securities Inc. ("Resource Securities"), a wholly-owned broker-dealer subsidiary of Resource America, on a limited basis to conduct some of its asset trades. We paid Resource Securities a \$205,000 placement agent fee in connection with this transaction.

[\(Back to Index\)](#)

Relationship with The Bancorp. The Bancorp, Inc. (Nasdaq: TBBK), or TBBK, is a bank holding company that was organized in 2000 with Resource America's participation. Mr. Daniel G. Cohen, or Mr. D. Cohen, is the chairman of the board and Mrs. Betsy Z. Cohen, or Mrs. B. Cohen, is the Chief Executive Officer of TBBK and its subsidiary bank. Mrs. B. Cohen is the wife of Mr. E. Cohen, and Mr. E. Cohen and Mrs. B. Cohen are the parents of Messrs. J. Cohen, our President and Chief Executive Officer, and D. Cohen. Walter Beach, a director of TBBK since 1999, has also served as one of our directors since March 2005. On July 7, 2011, we and RCC Real Estate entered into a \$10.0 million revolving credit facility with Bancorp. The note matured on June 30, 2012 and was not renewed.

Relationship with Law Firm. Ledgewood is a law firm that has provided legal services to us since our formation. Mr. E. Cohen, who was of counsel to Ledgewood until April 1996, receives certain debt service payments from Ledgewood related to the termination of his affiliation with Ledgewood and its redemption of his interest in the firm. From 1995 until March 2006, Mr. Jeffrey F. Brotman was the managing member of Ledgewood. Mr. Brotman remained of counsel to Ledgewood through June 2007, at which time he became an Executive Vice President of Resource America. In connection with his separation arrangement, Mr. Brotman receives payments from Ledgewood.

Policies and Procedures Regarding Related Transactions

Under our Management Agreement with the Manager and Resource America, we have established written policies regarding the offer of potential investments to us, our acquisition of those investments and the allocation of those investments among other programs managed by the Manager or Resource America. We have also established written policies regarding investing in investment opportunities in which the Manager or Resource America has an interest and regarding investing in any investment fund or CDO structured, co-structured or managed by the Manager or Resource America.

The Manager and Resource America must offer us the right to consider all investments they identify that are within the parameters of our investment strategies and policies. If the Manager and Resource America identify an investment that is appropriate both for us and for one or more other investment programs managed by them, but the amount available is less than the amount sought by all of their investment programs, they will allocate the investment among us and such other investment programs in proportion to the relative amounts of the investment sought by each. If the portion of the investment allocable to a particular investment program would be too small for it to be appropriate for that investment program, either because of economic or market inefficiency, regulatory constraints (such as REIT qualification or exclusion from regulation under the Investment Company Act) or otherwise, that portion will be reallocated among the other investment programs. Investment programs that do not receive an allocation will have preference in future investments where investment programs are seeking more of the investment than is available so that, on an overall basis, each investment program is treated equitably.

To equitably allocate investments that the Manager or Resource America has acquired at varying prices, the Manager and Resource America will allocate the investment so that each investment program will pay approximately the same average price.

The Manager and Resource America may make exceptions to these general policies when other circumstances make application of the policies inequitable or uneconomic.

The Manager has also instituted policies designed to mitigate potential conflicts of interest between it and us, including:

We will not be permitted to invest in any investment fund or CDO structured, co-structured or managed by the Manager or Resource America other than those structured, co-structured or managed on our behalf. The Manager and Resource America will not receive duplicate management fees from any such investment fund or CDO to the extent we invest in it.

We will not be permitted to purchase investments from, or sell investments to, the Manager or Resource America, except that we may purchase investments that have been originated by the Manager or Resource America within 60 days before our investment.

Any transactions between entities managed by the Manager or Resource America and us must be approved by a majority of our independent directors.

Except as described above or provided for in our management agreement with the Manager and Resource America, we have not adopted a policy that expressly prohibits transactions between us or any of our directors, officers,

employees, security-holders or affiliates. However, our code of business conduct and ethics prohibits any transaction that involves an actual or potential conflict except for transactions permitted under guidelines which may be adopted by our Board of Directors. No such guidelines have been adopted as of the date of this report. In addition, our Board of Directors may approve a waiver of the code of ethics and business conduct for a specific transaction, which must be reported to our stockholders to the extent required by applicable law or NYSE rule.

Director Independence

Our common stock is listed on the NYSE under the symbol “RSO” and we are subject to the NYSE's listing standards. The Board has determined that each of Messrs. Beach, Fore, Hart, Ickowicz, Levin, Neff and Ms. Wiggins satisfy the requirement for independence set out in Section 303A.02 of the rules of the NYSE and that each of these directors has no material relationship with us (other than being a director and/or a stockholder). In making its independence determinations, the Board sought to identify and analyze all of the facts and circumstances relating to any relationship between a director, his or her immediate family or affiliates and our company and our affiliates and did not rely on categorical standards other than those contained in the NYSE rules.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Audit Fees. The aggregate fees billed by our independent auditors, Grant Thornton LLP, for professional services rendered for the audit of our annual financial statements for the years ended December 31, 2013 and 2012 (including a review of internal controls for December 31, 2013 and 2012 as required under Section 404 of the Sarbanes-Oxley Act of 2002) and for the reviews of the consolidated financial statements included in our Quarterly Reports on Form 10-Q during each of the years then ended were \$824,000 and \$840,000, respectively.

Audit-Related Fees. For audit-related services, principally including consulting on accounting issues, for the years ended December 31, 2013 and 2012 were \$62,000 and \$24,000, respectively.

Tax Fees. There were \$24,000 and \$51,000 fees paid to Grant Thornton LLP for professional services related to tax compliance, tax advice or tax planning for the years ended December 31, 2013 and 2012.

All Other Fees

We did not incur any fees in 2013 and 2012 for other services not included above.

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee, on at least an annual basis, reviews audit and non-audit services performed by Grant Thornton LLP as well as the fees charged by Grant Thornton LLP for such services. Our policy is that all audit and non-audit services must be pre-approved by the Audit Committee. All of such services and fees were pre-approved during the year ended December 31, 2013.
