THE ANNUAL GENERAL MEETING

We are furnishing this proxy statement to holders of our common shares in connection with the solicitation of proxies by our Board of Directors at the annual general meeting, and at any adjournments and postponements of the meeting.

Internet Availability of Proxy Materials

Important Notice Regarding the Availability of Proxy Materials for the Annual General Meeting of Shareholders to be held on May 9, 2012: this proxy statement and 2011 Annual Report to Shareholders are available at: www.proxyvote.com.

We are furnishing proxy materials to our shareholders primarily via the internet. On or about March 30, 2012, we expect to mail to our shareholders a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and 2011 Annual Report to Shareholders. The Notice of Internet Availability also will instruct you on how to access and submit your proxy through the internet or by telephone.

Internet distribution of our proxy materials is intended to expedite receipt by shareholders, reduce the cost of the annual meeting, and conserve natural resources. However, if you would like to receive printed proxy materials, please follow the instructions on the Notice of Internet Availability.

Time and Place

The annual general meeting of Arch Capital Group Ltd. ("ACGL," "we," or the "Company") will be held at 9:00 a.m. (local time) on May 9, 2012 at the Tucker's Point Hotel, 60 Tucker's Point Drive, Hamilton Parish HS02, Bermuda.

Record Date; Voting at the Annual General Meeting

Our Board of Directors has fixed the close of business on March 12, 2012 as the record date for determination of the shareholders entitled to notice of and to vote at the annual general meeting and any and all postponements or adjournments of the meeting. On the record date, there were 135,420,600 common shares outstanding and entitled to vote, subject to the limitations in our bye-laws described below. At that date, there were an estimated 524 holders of record and approximately 22,200 beneficial holders of the common shares. Each holder of record of shares on the record date is entitled to cast one vote per share, subject to the limitations described below. A shareholder may vote in person or by proxy submitted by mail, telephone or internet, on each proposal put forth at the annual general meeting. Only holders of the Company's common shares may vote at the annual general meeting. The Company's outstanding preferred shares have no voting rights (except in very limited circumstances which do not currently apply).

Limitation on Voting Under Our Bye-Laws

Under our bye-laws, if the votes conferred by shares of the Company, directly or indirectly or constructively owned (within the meaning of Section 958 of the Internal Revenue Code of 1986, as amended (the "Code")) by any U.S. person (as defined in Section 7701(a)(30) of the Code) would otherwise represent more than 9.9% of the voting power of all shares entitled to vote generally at an election of directors, the votes conferred by such shares or such U.S. person will be reduced, subject to certain exceptions, by whatever amount is necessary so that after any such reduction the votes conferred by the shares of such person will constitute 9.9% of the total voting power of all shares entitled to vote generally at an election of directors. There may be circumstances in which the votes conferred on a U.S. person are reduced to less than 9.9% as a result of the operation of our bye-laws because of shares that may be attributed to that person under the Code.

Notwithstanding the provisions of our bye-laws described above, after having applied such provisions as best as they consider reasonably practicable, the Board of Directors may make such final adjustments to the aggregate number of votes conferred by the shares of any U.S. person that they

Table of Contents

consider fair and reasonable in all the circumstances to ensure that such votes represent 9.9% of the aggregate voting power of the votes conferred by all shares of ACGL entitled to vote generally at an election of directors.

In order to implement our bye-laws, we will assume that all shareholders are U.S. persons unless we receive assurances satisfactory to us that they are not U.S. persons.

Quorum; Votes Required for Approval

The presence of two or more persons representing, in person or by proxy, including proxies properly submitted by mail, telephone or internet, not less than a majority of the voting power of our shares outstanding and entitled to vote at the annual general meeting is necessary to constitute a quorum. If a quorum is not present, the annual general meeting may be adjourned from time to time until a quorum is obtained. The affirmative vote of a majority of the voting power of the shares represented at the annual general meeting will be required for approval of each of the proposals, except that Proposal 1 will be determined by a plurality of the votes cast and Proposal 5 is advisory and does not have a required vote.

An automated system administered by our distribution and tabulation agent will tabulate votes cast by proxy at the annual general meeting, and our inspector will tabulate votes cast in person. Abstentions and broker non-votes (*i.e.*, shares held by a broker which are represented at the meeting but with respect to which such broker does not have discretionary authority to vote on a particular proposal) will be counted for purposes of determining whether or not a quorum exists. Abstentions will be considered in determining the number of votes necessary for Proposals 2, 3 and 4.

Several of our officers and directors will be present at the annual general meeting and available to respond to questions. Our independent auditors are expected to be present at the annual general meeting and will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Voting and Revocation of Proxies

All shareholders should follow the instructions on the Notice of Internet Availability to access and submit your proxy through the internet or by telephone or, if you received printed proxy materials, complete, sign, date and return the enclosed proxy card. All shares represented at the annual general meeting by proxies, including proxies properly submitted by mail, telephone or internet, received before or at the annual general meeting, unless those proxies have been revoked, will be voted at the annual general meeting, including any postponement or adjournment of the annual general meeting. **If no instructions are indicated on a properly executed proxy, the proxies will be deemed to be in accordance with the recommendation of the Board of Directors with respect to each of the proposals described in this proxy statement.**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by either:

filing, including by facsimile, with the Secretary of the Company, before the vote at the annual general meeting is taken, a written notice of revocation bearing a later date than the date of the proxy or a later-dated proxy relating to the same shares, including proxies properly submitted by mail, telephone or internet; or

attending the annual general meeting and voting in person.

In order to vote in person at the annual general meeting, shareholders must attend the annual general meeting and cast their vote in accordance with the voting procedures established for the annual general meeting. Attendance at the annual general meeting will not in and of itself constitute a

revocation of a proxy. Solicitation of Proxies

Proxies are being solicited by and on behalf of the Board of Directors. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telegram, facsimile and advertisement in periodicals and postings, in each case by our directors, officers and employees.

We have retained MacKenzie Partners, Inc. to aid in the solicitation of proxies and to verify records related to the solicitation. We will pay MacKenzie Partners, Inc. fees of not more than \$7,500 plus expense reimbursement for its services. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward solicitation materials to beneficial owners and will be reimbursed for their reasonable expenses incurred in so doing. We may request by telephone, facsimile, mail, electronic mail or other means of communication the return of the proxy cards. Please contact MacKenzie Partners at 800-322-2885 with any questions you may have regarding our proposals.

Other Matters

Our audited financial statements for the year ended December 31, 2011, as approved by our Board of Directors, will be presented at this annual general meeting.

As of the date of this proxy statement, our Board of Directors knows of no matters that will be presented for consideration at the annual general meeting other than as described in this proxy statement. If any other matters shall properly come before the annual general meeting or any adjournments or postponements of the annual general meeting and shall be voted on, the enclosed proxies will be deemed to confer discretionary authority on the individuals named as proxies therein to vote the shares represented by such proxies as to any of those matters. The persons named as proxies intend to vote in accordance with the recommendation of our Board of Directors or otherwise in their judgment.

Principal Executive Offices

Our registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda (telephone number: (441) 295-1422), and our principal executive offices are located at Wessex House, 5th Floor, 45 Reid Street, Hamilton HM 12, Bermuda (telephone number: (441) 278-9250).

Board of Directors

Leadership Structure

The Board currently combines the role of chairman of the board and chief executive officer, together with an independent lead director to strengthen our corporate governance structure. We believe that the combined role of chairman and chief executive officer will promote unified leadership and direction for the Company, which will provide a single, clear focus for management to execute the Company's strategy and business plan. This structure will also foster clear accountability and effective decision making. We believe that the combined role of chairman and chief executive officer, together with an independent Board, including an independent lead director, provides an appropriate balance between strategy development and independent oversight of management.

Table of Contents

Several factors ensure that we have a strong and independent Board. As indicated below, all directors, with the exception of Mr. Iordanou and Mr. Vollaro, are independent as defined under the applicable listing standards of The NASDAQ Stock Market LLC ("NASDAQ"), and the audit, compensation and nominating committees of our Board are composed entirely of independent directors. The Company's independent directors bring experience, oversight and expertise from many industries, including the insurance industry. In addition to feedback provided during the course of Board meetings, the independent directors regularly meet in executive session without management present. The Board also has regular access to our management team.

The lead director coordinates the activities of the other non-management/independent directors, and performs such other duties and responsibilities as the Board may determine. The lead director presides at all meetings of the Board at which the chairman of the board is not present, including executive sessions of the non-management/independent directors, and has the authority to call meetings of the non-management/independent directors. The lead director also serves as principal liaison between the chairman of the board and the non-management/independent directors and works with the chairman of the board to develop an appropriate schedule of Board meetings and to establish the agendas for Board meetings. In addition, the lead director advises the chairman of the board as to the quality, quantity and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties. The lead director is also available, when appropriate, for consultation and direct communication with major shareholders.

Board Independence and Composition

The Board of Directors is required to determine which directors satisfy the criteria for independence under the rules of NASDAQ. To be considered independent, a director may not maintain any relationship that would interfere with his or her independent judgment in completing the duties of a director. The rules state that certain relationships preclude a board finding of independence, including a director who is, or during the past three years was, employed by the company, and any director who accepts any payments from the company in excess of \$120,000 during the current year or any of the past three years, other than director fees or payments arising solely from investments in the company's securities. The rules specifically provide that ownership of company stock by itself would not preclude a board finding of independence. Our Board of Directors consists of eleven directors, including nine non-employee directors. Our Board of Directors has concluded that the following nine non-employee directors are independent in accordance with the director independence standards set forth in Rule 5600 of the rules of NASDAQ: Wolfe "Bill" H. Bragin, John L. Bunce, Jr., Eric W. Doppstadt, Kewsong Lee, Yiorgos Lillikas, James J. Meenaghan, John M. Pasquesi, Brian S. Posner and Robert F. Works. In making these independence determinations, the Board reviewed the relationships with the directors set forth under the captions "Compensation Committee Interlocks and Insider Participation" and "Certain Relationships and Related Transactions," including ordinary course transactions not meeting the disclosure threshold with insurers, reinsurers and producers in which a director or a fund affiliated with any of our directors maintained at least a 10% ownership interest.

Role in Risk Oversight

Our Board, as a whole and also at the committee level, has an active role in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's business and operations, including with respect to underwriting, investments, capital management, liquidity, financial reporting and compliance, as well as the risks associated with these activities. Committees of the Board help oversee the business and operations of the Company. The underwriting oversight committee oversees risks relating to our underwriting activities, including with respect to accumulations and aggregations of exposures in our insurance and reinsurance businesses. The

members of the underwriting oversight committee regularly participate in the underwriting review meetings held in our insurance and reinsurance operations. The audit committee oversees management of financial reporting and compliance risks. The compensation committee is responsible for overseeing the management of risks relating to the Company's compensation plans and arrangements, retention of personnel and succession planning. The finance and investment committee oversees risks relating to our investment and capital management activities. The nominating committee oversees risks associated with the composition of the Board of Directors. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. Please refer to "Committees of the Board of Directors."

Code of Business Conduct, Committee Charters and Corporate Governance Guidelines

We have adopted a Code of Business Conduct, which describes our ethical principles, and charters of responsibilities for our standing Board committees, including underwriting oversight, audit, compensation, executive, finance and investment and nominating committees. We have also adopted Corporate Governance Guidelines that cover issues such as executive sessions of the Board of Directors, director qualification and independence requirements, director responsibilities, access to management evaluation and communications with the Board in order to help maintain effective corporate governance at the Company. The full text of our Code of Business Conduct, each committee charter and our Corporate Governance Guidelines is available on the Company's website located at www.archcapgroup.bm. None of the material on our website is incorporated herein by reference.

Mr. Pasquesi has attended all other meetings of the Board and committees on which he served since joining the Board in 2001, and regularly participates in the underwriting review meetings held in our insurance and reinsurance operations. Compensation Discussion and Analysis

Introduction

In this section, we discuss the principal aspects of our compensation program as it pertains to Constantine Iordanou, chairman of the board, president and chief executive officer of ACGL; John C.R. Hele, executive vice president, chief financial officer, chief risk officer and treasurer of ACGL; and our three other most highly-compensated executive officers in 2011, Marc Grandisson, chairman and chief executive officer of Arch Worldwide Reinsurance Group, Mark D. Lyons, chairman and chief executive officer of Arch Worldwide Insurance Group, and W. Preston Hutchings, president of Arch Investment Management Ltd. and senior vice president and chief investment officer of ACGL. We refer to these individuals throughout this section as the "named executive officers." Our discussion focuses on our compensation and practices relating to 2011.

The compensation committee of our Board of Directors (which we refer to as the "Committee" in this section) is responsible for determining and approving the individual elements of total compensation paid to the chief executive officer and our other executive officers and establishing overall compensation policies for our employees. The Committee also oversees the administration of executive compensation plans and certain employee benefits. Our Board of Directors appoints each member of the Committee and has determined that each is an independent director under the applicable standards of NASDAQ.

Executive Summary

We seek to attract and retain quality executives who will contribute to our long-term success and help us to manage all phases of the underwriting cycle. We seek to provide a compensation program that is driven by our overall financial performance and the increase in shareholder value. The principal features of our compensation programs and policies are summarized below. Please refer to the balance of this discussion for additional details.

Key Principles. The main principles of our strategy include the following: (1) compensation decisions are driven by performance, (2) increased compensation is earned through an employee's increased contribution and (3) a majority of total compensation should consist of variable, performance-based compensation.

Emphasis on Performance-Based Incentives. Our compensation program includes both fixed and variable compensation, with an emphasis on long-term compensation that is tied to Company performance. Although we do not apply rigid apportionment goals in our compensation decisions, our philosophy is that variable pay, in the form of annual cash incentive bonuses and share-based awards, should constitute the majority of total direct compensation.

Pay-Mix. Consistent with our philosophy of emphasizing variable, performance-based compensation, the base salaries for 2012 for all named executive officers of the Company were not increased from 2011 levels. Compensation for these executives was weighted significantly towards performance-based compensation in the form of a cash incentive bonus payment and share-based awards. Specifically, in 2011, for our named executive officers, we allocated compensation as follows: (1) base salaries ranging from approximately 12% to 31% of total compensation and (2) variable, performance-based compensation, in the form of annual cash incentive bonuses and long-term incentive share-based awards, ranging from approximately 69% to 88% of total compensation, as described below.

Alignment of Pay-for-Performance. The incentive compensation paid in 2011 reflected the substantially higher level of catastrophic activity in 2011 and the impact of continuing difficult market conditions in the insurance and financial markets. Specifically, on an overall basis, incentive compensation paid to senior employees who participate under the subjective Target

Table of Contents

Bonus Approach described below, including all of the named executive officers, was approximately 10% less in 2011 than 2010. The results for 2011 are also reflected in the level of the bonus pools determined under the Formula Approach, the quantitative formula based measure included in our Incentive Compensation Plan, which resulted in incentive compensation paid at approximately 90% of aggregate target bonus levels.

Share-Based Awards. A substantial component of variable compensation is granted in the form of multi-year vesting share-based awards, which make stock price appreciation over an extended period of time fundamental in realizing a compensation benefit. By emphasizing long-term performance through using long-term incentives, we align our executives' interests with our shareholders' interests and create a strong retention tool. The Company provides awards in the form of restricted share grants and share-settled share appreciation rights ("SARs") and stock options. Our plans do not permit granting of SARs or stock options at an exercise price below the fair market value on the grant date, do not allow for repricing or reducing the exercise price of a stock option or SAR, and also do not permit repurchases of out-of-the-money stock options. We set the exercise price of stock options and SARs at the closing share price on the date of grant.

Key Metrics. Specific factors affecting compensation decisions include key financial metrics, such as return on average common equity ("ROE"), growth in book value per share, after-tax operating income, combined ratio and investment performance, as well as achieving strategic objectives and supporting our values by promoting a culture of integrity through compliance with law and our ethics policies. We generally do not adhere to rigid formulas in determining the amount and mix of compensation elements. We employ flexibility in our compensation programs and in the evaluation process, which we believe enables us to respond to changes in the business environment. The Committee measures Company performance based on an analysis of our financial performance on an absolute basis and as compared to that of Selected Competitors (as defined below) reviewed annually by the Committee.

Risk Management. We believe we allocate our compensation between base salary and performance-based compensation opportunities in such a way as to not encourage excessive risk-taking. We emphasize variable compensation that is tied to Company performance. Furthermore, the Formula Approach included in our Incentive Compensation Plan, which is applied to employees in our insurance and reinsurance groups and is reviewed in connection with compensation decisions relating to our named executive officers, is based on underwriting performance during a given underwriting year. For each underwriting year, the bonus pool will be recalculated annually as actual underwriting results emerge, and any resultant payments will be made to the participants over a 10-year development period. Since much of our business requires multiple years to determine whether we have been successful in our assessment of risk, we have structured our plan in this manner so that incentive payments are made to employees as actual results become known.

Double Trigger Change-in-Control Arrangements. The employment agreements with our named executive officers require an involuntary or constructive termination of the executive's employment following the consummation of a change in control ("double trigger") in order for severance payments to be made. Similarly, the current annual award agreements for the named executive officers provide that unvested shares and unvested options/SARs do not vest immediately upon a change in control. Rather, in the event that the employee's employment is terminated by the Company other than for cause or by the employee for good reason within two years following the consummation of a change in control, unvested shares and unvested options/SARs would immediately vest, and the options/SARs would have a remaining term of 90 days from termination. These provisions are consistent with our objective of providing employees with a level of financial protection upon loss of employment.

Benefits. ACGL seeks to provide benefit plans, such as medical coverage and life and disability insurance, consistent with applicable market conditions. Our health and welfare plans help ensure that the Company has a productive and focused workforce through reliable and competitive healthcare and other benefits. The Company credits only actual service with the Company towards benefits under the Company's benefit plans. The Company does not maintain any defined benefit retirement or pension plans. In addition, the Company provides our named executive officers with perquisites and other benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain key employees. In addition, certain tax regulations often subject our executives to taxation on the receipt of certain of these benefits. In certain of these situations, particularly in the case of those executives working outside their home country, we provide a tax gross-up payment to the executive to reimburse the executive for approximate amounts of additional tax liability the executive will need to pay as a result of receiving such benefits. The Company provides this benefit to be competitive with its peers in order to attract and retain talented individuals.

Complementary Governance Policies and Practices. The Company's compensation philosophy and related governance features are complemented by several specific elements that are designed to align our compensation with long-term shareholder interests, which are outlined below and described in more detail in this proxy statement.

Clawback Policy. The Company maintains a clawback policy covering all executive officers, including the chief executive officer, which provides for specified incentive-based compensation to be recouped by the Company in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws.

Share Ownership Guidelines for Executives and Directors. In an effort to further align the interests of the senior management team and the directors with the interests of shareholders, the Company has share ownership guidelines that require our senior executives and the directors to maintain designated levels of ownership of the common shares of ACGL.

No Hedging Permitted. Under the insider trading policy included in our Code of Business Conduct, our named executive officers, other members of senior management and our directors are not permitted to engage in hedging activities with respect to the Company's securities.

Code of Business Conduct, Committee Charters and Corporate Governance Guidelines. We have adopted a Code of Business Conduct, which describes our ethical principles, and charters of responsibilities for all of our standing Board committees. We have also adopted Corporate Governance Guidelines that cover issues such as executive sessions of our Board of Directors, director qualification and independence requirements, director responsibilities, access to management evaluation and communications with the Board in order to help maintain effective corporate governance at the Company.

Executive Sessions. The Committee meets in executive sessions (without management present) as necessary, particularly when administering any aspect of the compensation program for the chairman and chief executive officer of ACGL. Compensation matters in respect of the chairman and chief executive officer of ACGL, the chief financial officer of ACGL and the general counsel of Arch Capital Services Inc. are subject to ratification by our Board of Directors.

Compensation Objectives and Philosophy

The objectives of our executive compensation program are to:

attract and retain quality executives who will contribute to our long-term success and, thereby, increase shareholder value;

enhance the individual executive's short and long-term performance;

align the interests of the executive with those of our shareholders; and

improve overall Company performance and support the ACGL culture of teamwork, underwriting discipline and commitment to the highest ethical standards.

ACGL seeks to provide a compensation program that is driven by our overall financial performance, the increase in shareholder value, the success of the operating unit or function directly affected by the executive's performance and the individual performance of the executive. The main principles of this strategy include the following: (1) compensation decisions are driven by performance, (2) increased compensation is earned through an employee's increased contribution and (3) a majority of total compensation should consist of variable, performance-based compensation.

We believe that the Company's compensation program provides a competitive mix of pay elements that align executive incentives with shareholder value. Our executive compensation program includes both fixed and variable compensation, with an emphasis on long-term compensation that is tied to Company performance. Although we do not apply rigid apportionment goals in our compensation decisions, our philosophy is that variable pay, in the form of annual cash incentive bonuses and share-based awards, should constitute the majority of total direct compensation. A substantial component of variable compensation is granted in the form of share-based awards, which make stock price appreciation fundamental in realizing a compensation benefit. By emphasizing long-term performance through using long-term incentives, we align our executives' interests with our shareholders' interests and create a strong retention tool.

We rely on the Committee's judgment in making compensation decisions for the named executive officers after reviewing the overall performance of our Company and evaluating an executive's performance during the year against established objectives, leadership qualities, scope of responsibilities and current compensation. Specific factors affecting compensation decisions include key financial metrics, such as ROE, growth in book value per share, after-tax operating income, combined ratio and investment performance, as well as achieving strategic objectives and supporting our values by promoting a culture of integrity through compliance with law and our ethics policies. We generally do not adhere to rigid formulas in determining the amount and mix of compensation elements. We employ flexibility in our compensation programs and in the evaluation process, which we believe helps to position us to respond to changes in the business environment.

Elements of Compensation Program

The four primary components of our executive compensation program are (1) base salary, (2) annual cash incentive bonuses, (3) long-term incentive share-based awards and (4) benefits.

Base Salary. Base salaries are designed to provide competitive levels of compensation to executives based upon their experience, duties and scope of responsibility. We pay base salaries because they provide a basic level of compensation and are necessary to recruit and retain executives. The Committee has the ability, subject to the terms of any employment agreement, to use base salary adjustments to reflect an individual's performance or changed responsibilities.

Table of Contents

Base salary levels are also important because we generally tie the target amount of incentive compensation to an executive's base salary. For example, annual target bonus opportunities are denominated as a percentage of the executive's base salary. In addition, as discussed above, the Committee emphasizes a mix of compensation weighted towards variable, performance-based compensation. At lower executive levels, base salaries represent a larger proportion of total compensation than at senior executive levels.

Annual Cash Incentive Bonuses. We use annual cash incentive bonuses as a short-term incentive to drive achievement of our annual performance goals. Specifically, annual cash incentive bonuses are designed to: (1) promote the achievement of financial goals, (2) support our strategic objectives and (3) reward achievement of specific performance objectives.

Annual bonus awards are designed to provide competitive levels of compensation to executives based upon their experience, duties and scope of responsibilities. The size of an executive's bonus award is influenced by these factors, corporate performance, individual performance and market practice. As an employee's responsibilities increase, the portion of his or her bonus that is dependent on corporate performance increases.

We initially denominate a target annual cash incentive bonus opportunity as a percentage of an executive's base salary. For each employee, his or her target is an approximation of the bonus payment that may be paid if performance goals and other expectations are attained by both the employee and the Company as a whole. These target annual bonuses are indicative and do not set a maximum limit. For each of the named executive officers, the target annual bonus opportunity is 100% of such executive's respective base salary.

Our annual bonus awards are paid under our Incentive Compensation Plan. The plan combines two sets of performance measures: (1) a qualitative judgment about progress and performance each year (referred to as the "Target Bonus Approach") and (2) a quantitative, formula-based measure (referred to as the "Formula Approach").

The Target Bonus Approach is applied to all the named executive officers, as well as to our investment management team, substantially all of the employees of Arch Capital Services Inc. and other designated officers. Under the Target Bonus Approach, the executive's bonus is discretionary and is determined by the Committee taking into account overall Company performance, department or function performance, individual performance and other measures deemed applicable by the Committee. The Committee measures Company performance based on an analysis of our financial performance on an absolute basis and as compared to that of Selected Competitors (as defined below) reviewed annually by the Committee. The financial metrics evaluated by the Committee in measuring Company performance include ROE, growth in book value per share, after-tax operating income, combined ratio and investment performance. Approved annual bonus awards are paid in cash in an amount reviewed and approved by the Committee and ordinarily paid in a single installment in the first quarter following the completion of a given year.

The Formula Approach is applied to executives included in our insurance and reinsurance groups and is reviewed in connection with compensation decisions relating to our named executive officers. Under the Formula Approach, a bonus pool is established for each of our insurance segment and our reinsurance segment based on underwriting performance during a given underwriting year. For each underwriting year, the bonus pool will be recalculated annually as actual underwriting results emerge, and any resultant payments will be made to the participants over a 10-year development period. Since much of our business requires multiple years to determine whether we have been successful in our assessment of risk, we have structured our plan in this manner so that incentive payments are made to employees as actual results become known. Under the Incentive Compensation Plan, if the Board of Directors or the Committee determines that the Formula Approach results in compensation levels that

Table of Contents

do not appropriately reflect the Company's underlying performance, then the Board of Directors or the Committee may terminate the Formula Approach or make adjustments to it that it deems appropriate.

Historically, we have allocated all of the Company's capital to the operating units for purposes of calculating ROE under our Incentive Compensation Plan, which is designed to encourage our underwriters to write insurance and reinsurance business that offers the highest risk-adjusted returns. Since 2006, rates in many of our lines of business declined. In order to reinforce ACGL's commitment to maintaining underwriting discipline, which involves writing only business that is adequately priced, the Board of Directors determined that a portion of the Company's capital would not be allocated to the operating units for purposes of calculating ROE under the Incentive Compensation Plan for the 2006-2011 underwriting years.

Long-Term Incentive Share-Based Awards. We emphasize long-term variable compensation at the senior executive levels because of our desire to reward effective long-term management decision making and provide the named executive officers with a future interest in the Company. Long-term incentives, which comprise a significant portion of executive compensation, are designed to focus attention on long-range objectives and future returns to shareholders, and are delivered to the named executive officers and other employees through share-based awards under our long-term incentive plans. Our long-term incentive share award plans provide for the grant to eligible employees of a wide range of share-based awards.

The Company provided grants in the form of stock options and restricted common share awards through 2006. Since May 2007, we have utilized another form of share-based award, SARs, in replacement of stock options in jurisdictions where this type of award is appropriate. SARs represent a right to be paid, upon exercise, an amount measured by the difference between the fair market value per share on the exercise date and the exercise price of the SAR (the "spread"), multiplied by the number of shares with respect to which the SAR is exercised, with the resultant amount paid in shares valued on the exercise date. The value of SARs to employees should be equivalent to that of options, and SARs are less dilutive to shareholders. In addition, the Company amended outstanding stock option agreements to allow for net exercise to the extent permitted or otherwise advisable under applicable legal and accounting principles.

Since 2007, the Company has shifted the mix of share-based awards to place greater emphasis on restricted shares. One of the key bases for this change is that restricted shares are a more predictable and flexible equity incentive than option and SAR awards. As a result, restricted shares are generally more meaningful to employees and, therefore, could provide a more significant incentive to remain with the Company during the vesting period.

Our share-based compensation is designed to align the interests of executives and shareholders by providing value to the executive as the share price increases. Due to the variability of the share price, the value of stock options, SARs and restricted share awards is dependent upon our overall results and how we are perceived by our shareholders and the marketplace. Based on the foregoing, the Company believes that share-based awards encourage executives and other employees to focus on behaviors and initiatives that should lead to an increase in the price of our common shares, which benefits all ACGL shareholders.

Share-based compensation grant levels and awards are reviewed and determined by the Committee periodically. Grants of share-based compensation are determined on the basis of a number of factors, including: (1) corporate performance on an absolute basis and relative to Selected Competitors and individual performance, (2) the executive's contribution to the Company's success and (3) competitive total compensation and long-term incentive grant levels as determined in the market.

Share-based awards granted to employees vest over a prescribed period, motivating executives to remain with us and sustain high corporate performance in order to increase the value of such awards.

Table of Contents

The May 2011 grants outlined in the "Grants of Plan-Based Awards" table will vest over a three-year period, which the Company believes is consistent with the Company's objectives to retain management and to align further the interests of management and the Company's shareholders. Options and SARs awarded to executives are granted at the closing price of the shares on the date of grant and, subject to earlier termination under certain circumstances as set forth in the award agreements, will expire 10 years from the grant date.

Each annual award agreement expressly provides for the acceleration of the vesting of the applicable award and, in the case of stock options, adjustments to the option/SAR exercise period in the event the award recipient ceases to be an employee of the Company in certain circumstances. Please refer to the description of our award agreements included below under the caption "Share-Based Award Agreements." The current annual award agreements for the named executive officers provide that, in the event that the employee's employment is terminated by the Company other than for cause or by the employee for good reason within two years following a change in control, unvested shares and unvested options/SARs would immediately vest, and the options/SARs would have a remaining term of 90 days from termination. Unlike single trigger provisions that provide for vesting immediately upon a change in control, the agreements require a double trigger, *i.e.*, the consummation of a change in control followed by an involuntary loss of employment or termination following an involuntary change in responsibilities within two years thereafter. This is consistent with the purpose of the provision, which is to provide employees with a level of financial protection upon loss of employment.

In addition, commencing with grants on and after September 2004, our share-based award agreements provide that, if an employee's employment terminates (other than for cause) after retirement age, unvested shares and unvested options would continue to vest pursuant to the normal vesting schedule so long as the employee does not engage in a competitive activity following retirement. However, the award agreements also provide that, if a retired employee does engage in a competitive activity, any unvested awards would be forfeited and the holder would have a reduced period in which to exercise vested options. These provisions are designed to help provide our retired employees with financial security so long as the Company's interests are protected.

Benefits. ACGL seeks to provide benefit plans, such as medical coverage and life and disability insurance, consistent with applicable market conditions. Our health and welfare plans help ensure that the Company has a productive and focused workforce through reliable and competitive healthcare and other benefits. Defined contribution retirement plans are provided for all employees according to local market conditions. Retirement plans help employees save and prepare for retirement. The named executive officers are eligible for the benefit plans provided to all other employees. The Company credits only actual service with the Company towards benefits under the Company's benefit plans. The Company does not maintain any defined benefit retirement or pension plans.

During 2011, certain members of senior management, including Mr. Lyons, participated in the Company's non-qualified defined contribution retirement plan, which provides additional retirement savings opportunities that cannot be achieved with tax-qualified plans due to limits on annual compensation. Participants in the non-qualified plan do not receive preferential earnings on their investments. Account balances are paid in cash following termination of employment in accordance with the terms of the plan. The principal benefit to the participating executives is that U.S. taxes are deferred until distribution of the funds. As described below under "Tax Considerations Sections 409A and 457A," commencing with the 2009 year, this benefit is no longer available to certain employees, including Messrs. Iordanou, Hele and Grandisson, due to changes in the governing law. In lieu of pension and matching contributions previously provided to these former participants through the non-qualified plan, we provide comparable benefits to these employees in the form of current cash payments subject to tax.

Table of Contents

In 2007, the Company adopted a broad based employee share purchase plan. The purpose of this plan is to provide employees with an opportunity to purchase common shares of ACGL through payroll deductions, thereby encouraging employees to share in the economic growth and success of the Company. The Company also provides a broad based matching gift program pursuant to which the Company matches eligible contributions by employees to qualified charitable organizations. During 2011, the Company made an aggregate of approximately \$269,359 in matching contributions on behalf of the named executive officers.

In addition, the Company provides our named executive officers with perquisites and other benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain key employees. In developing our guidelines for the administration of these various benefits, the Company reviews the job requirements of various positions and the anticipated business use of such benefits, as well as available market data. Similar benefits are generally provided by insurers and reinsurers for similarly situated employees and have been necessary for recruitment and retention purposes. These benefits primarily relate to those executives who work and reside in Bermuda and are typical of such benefits provided to expatriates located in Bermuda. Examples of these benefits include housing allowances, club memberships, the cost of tax preparation services and home leave for executives and family for those executives working outside their home country. In addition, certain tax regulations often subject our executives to taxation on the receipt of certain of these benefits. In certain of these situations, particularly in the case of those executives working outside their home country, we provide a tax gross-up payment to the executive to reimburse the executive for approximate amounts of additional tax liability the executive will need to pay as a result of receiving such benefits. The Company provides this benefit to be competitive with its peers in order to attract and retain talented individuals.

Relationship Between Compensation Policies and Risk Management

We believe our approach to evaluation of performance and the design of our compensation programs assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe we have allocated our compensation among base salary and performance-based compensation opportunities in such a way as to not encourage excessive risk-taking. We emphasize long-term compensation that is tied to Company performance. Furthermore, the Formula Approach included in our Incentive Compensation Plan, which is applied to employees in our insurance and reinsurance groups, is based on underwriting performance during a given underwriting year. For each underwriting year, the bonus pool will be recalculated annually as actual underwriting results emerge, and any resultant payments will be made to the participants over a 10-year development period. Since much of our business requires multiple years to determine whether we have been successful in our assessment of risk, we have structured our plan in this manner so that incentive payments are made to employees as actual results become known. In addition, a substantial component of variable compensation is granted in the form of multi-year vesting share-based awards, which make stock price appreciation over an extended period of time fundamental in realizing a compensation benefit.

The Company's compensation philosophy and related governance features are also complemented by several specific elements that are designed to align our compensation with long-term shareholder interests. These elements include a clawback policy covering all executive officers, including the chief executive officer, which provides for specified incentive-based compensation to be recouped by the Company in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws. In an effort to further align the interests of the senior management team and the directors with the interests of shareholders, the Company has share ownership guidelines that require our senior executives and the directors to maintain designated levels of ownership of the common shares of ACGL. In addition, under the insider trading policy included in our Code of Business Conduct, our named executive officers, other members of senior management and our directors are not permitted to engage in hedging activities with respect to the Company's securities.

Employment Agreements

The Company has entered into employment agreements or letters with its chief executive officer and each of its other named executive officers. The employment agreements with our named executive officers require an involuntary or constructive termination of the executive's employment following the consummation of a change in control ("double trigger") in order for severance payments to be made. The terms of the employment agreements, including the severance benefit provisions, were structured to attract and retain persons believed to be key to our success, as well as to be competitive with compensation practices for executives in similar positions at companies of similar size and complexity. Please refer to "Employment Arrangements" below for a description of the employment agreements with our named executive officers.

Clawback Policy

The Company has a clawback policy covering all executive officers, including the chief executive officer. This policy provides that, in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, the Committee will review all incentive-based compensation that was paid to current or former executive officers during the three-year period preceding the required restatement. If any such incentive-based compensation would have been lower as a result of the restated financial results, the Committee will require the reimbursement of the incremental portion of the incentive-based compensation in excess of the compensation that would have been paid based on the restated financial results (to the extent permitted by applicable law). This policy will be interpreted in accordance with applicable rules of NASDAQ (or other securities exchange on which our common shares are listed from time to time).

Matters Relating to Share Ownership and Share-Based Compensation

Share Ownership Guidelines. In an effort to further align the interests of the senior management team with the interests of shareholders, the Company has share ownership guidelines that require these executives to maintain designated levels of ownership of the common shares of ACGL. Specifically, these guidelines require common share ownership levels as follows: (1) chief executive officer of ACGL six times base salary; (2) named executive officers and other executives who file reports under Section 16 of the Exchange Act and certain other members of senior management designated from time to time four times base salary; and (3) other designated members of senior operating management three times base salary. Each executive has five years to comply with the guidelines, and stock options, SARs and unvested restricted shares/units do not count toward the requirement. See also "Director Compensation" for a description of share retention guidelines that require our non-employee directors to maintain designated levels of ownership of common shares of ACGL.

No Hedging Permitted. Under the insider trading policy included in our Code of Business Conduct, our named executive officers, other members of senior management and our directors are not permitted to engage in hedging activities with respect to the Company's securities. Specifically, these insiders may not engage in short sales, purchases on margin or buying or selling put options or call options with respect to our securities.

Options and SARs. Our plans do not permit granting of stock options or SARs at an exercise price below the closing price on the grant date and also do not allow for repricing or reducing the exercise price of a stock option or SAR. We also do not allow out-of-the-money options or SARs to be exchanged for cash or other property. We set the exercise price of stock options and SARs at the closing share price on the date of grant.

Certain Procedures Regarding Share-Based Compensation. The Committee approves all grants of share-based compensation to the named executive officers and other executives who file Section 16 reports with the SEC, and these awards also are generally approved by the full Board of Directors. The Committee approves annual share-based awards to other employees or, alternatively, may approve the size of the pool of such annual share-based awards to be granted to other employees, but may delegate to the chief executive officer and other members of senior management the authority to make and approve specific awards to other employees. In addition, the Committee has delegated to the chief executive officer or, in his absence, the chief financial officer, the authority to make and approve specific share-based awards to non-executives, principally new hires, who are not subject to Section 16 of the Exchange Act. The Committee reviews any grants made under this delegation on a regular basis.

It has been our practice to make annual grants of share-based compensation on the dates of regularly scheduled meetings of the full Board of Directors. Our process for establishing the grant date well in advance provides assurance that grant timing is not being manipulated for employee gain. It is our current intention to consider the determinations for annual grants on the date of the May meeting of our Board of Directors. Under our current practice, we have chosen the May meeting of our Board of Directors because we believe that more complete information will be publicly available at that time regarding the financial performance of our Selected Competitors and the related share-based awards granted by these companies for performance during the prior year, which will provide the Committee and the Board of Directors with additional useful data before making final determinations on share-based compensation. Generally, awards are granted to the named executive officers as part of the annual process, which encompassed approximately 418 company employees worldwide for awards granted in 2011 for 2010 performance. We may grant a small percentage of awards at other times throughout the year on the date of regularly scheduled meetings of the Committee or the full Board of Directors in connection with hiring or the promotion of an executive or special retention circumstances. In addition, pursuant to the delegation of authority by the Committee, the chief executive officer or, in his absence, the chief financial officer, may approve at other times grants of share-based awards to non-executive officers. In the case of a new hire, the awards have grant dates corresponding to the date the employment commences for the new hire.

Tax Considerations

Section 162(m). Section 162(m) of the Code generally limits the deductible amount of annual compensation paid to the chief executive officer and three other most highly compensated executive officers (other than the chief financial officer) to no more than \$1,000,000 each. Since ACGL will not generally be subject to United States income tax, the limitation on deductibility will not directly apply to it. However, the limitation would apply to a United States subsidiary of ACGL if it employs the chief executive officer or one of the three other most highly compensated executive officers (other than the chief financial officer). Qualified performance-based compensation will be excluded from the \$1,000,000 limitation on deductibility. Our policy is to qualify, to the extent consistent with our compensation goals and programs, our executive officers' compensation for deductibility under applicable tax laws. Consistent with this policy, our Incentive Compensation Plan includes a provision pursuant to which payments under the plan may be deferred if it is necessary in order to avoid nondeductibility of the payments under Section 162(m) of the Code. However, the Committee believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to our success. Consequently, the Committee recognizes that the loss of a tax deduction could be necessary in some circumstances due to the restrictions of Section 162(m). The Committee will review tax consequences as well as other relevant considerations in connection with compensation decisions.

Sections 409A and 457A. Section 409A of the Code which governs deferred compensation arrangements, generally, provides that distributions of deferred compensation to our senior officers as a

Table of Contents

consequence of termination of employment may not be made sooner than six months after termination. Section 409A also made changes to a number of other areas, including the timing of elections and distributions with respect to deferred compensation. In late 2008, the Emergency Economic Stabilization Act added Section 457A of the Code. While Section 409A provides certain rules that must be complied with if deferred compensation arrangements are utilized, Section 457A generally prohibits U.S. taxpayers from deferring U.S. income tax on compensation attributable to services performed after December 31, 2008 for certain employers, including Bermuda-based employers such as ACGL and Arch Re (Bermuda). As a result, for periods on or after January 1, 2009, certain employees of ACGL and Arch Re (Bermuda), including Messrs. Iordanou, Hele and Grandisson, are no longer permitted to participate in the non-qualified defined contribution retirement plan. As required by Section 457A, the non-qualified plan provides that compensation that has been previously deferred by these employees will be distributed on or before December 31, 2017. In lieu of pension and matching contributions previously provided to these former participants through the non-qualified plan, we provide comparable benefits to these participants in the form of current cash payments subject to taxation. In addition, in light of Section 457A, and in an effort to maintain comparable benefits for all employees, the Company has provided certain of its Bermuda-based employees who are U.S. taxpayers with the opportunity to receive a portion of their annual incentive bonus in the form of SARs or restricted shares. There is no matching or additional company contributions associated with this election and, as a result, the Company will not incur any additional expense by providing this benefit.

Excise Tax Matters. If payments contingent upon a change in control are made to officers in an amount that equals or exceeds three times the individual's "base amount" (generally, an average of the individual's taxable compensation for the five years preceding the year in which the change in control occurs), then (1) all amounts paid in excess of one times the base amount will be subject to a 20% excise tax payable by the employees who are U.S. taxpayers and (2) such excess amount will be nondeductible to U.S.-based employers (if applicable). In order to avoid an onerous result for the Company's executives under the excise tax rules and to avoid the loss of a tax deduction by the Company (if applicable), during 2008 the Company included a "modified cut back" provision in the Company's employment agreements for all executives for whom excise tax implications had not been otherwise addressed. Under the modified cut back provision, (1) the executive will have his/her expectations under the severance agreement more closely met (*i.e.*, payments will be cut back only if he/she is better off than paying excise taxes); (2) the proposal does not result in the Company paying any additional amounts as there would be no gross-up payments; and (3) if the executive is cut back, the provisions could have the effect of preserving tax deductions that would have otherwise been lost. The modified cut back approach is consistent with the Company's existing policies as this provision is already included in the Company's Incentive Compensation Plan. See also "Employment Arrangements Constantine Iordanou" for a description of excise tax arrangements included in Mr. Iordanou's employment agreement.

Committee Review

The Committee reviews the performance of, and approves the compensation paid to, the chief executive officer and the other named executive officers. The chief executive officer assists in the reviews of the named executive officers other than himself through making recommendations on goals and objectives, evaluating performance and making recommendations regarding compensation. With this input from the chief executive officer with respect to the other named executive officers, the Committee uses discretion in determining compensation for these officers.

The Committee meets in executive sessions (without management present) as necessary, particularly when administering any aspect of the compensation program for the chairman and chief executive officer of ACGL. Compensation matters in respect of the chairman and chief executive

Table of Contents

officer of ACGL, the chief financial officer of ACGL and the general counsel of Arch Capital Services Inc. are subject to ratification by the Board of Directors.

In determining the amount of named executive officer compensation each year, the Committee reviews overall corporate performance, the performance of the business unit or function that the executive leads and an assessment of each executive's performance. In connection with establishing levels of base salary, annual incentives, long-term incentives and benefits, the Committee reviews annual reports on Form 10-K, proxy statements and other publicly available information for a representative sample of publicly-traded insurers and reinsurers which we believe compete directly with us for executive talent (the "Selected Competitors"). Many of these Selected Competitors are of generally similar size and have generally similar numbers of employees, product offerings and geographic scope.

Currently, the Selected Competitors are: ACE Limited, Alterra Capital Holdings Limited, AXIS Capital Holdings Limited, Endurance Specialty Holdings Ltd., Everest Re Group, Ltd., PartnerRe Ltd., Platinum Underwriters Holdings, Ltd., RenaissanceRe Holdings Ltd., Transatlantic Holdings, Inc., Validus Holdings Ltd., W.R. Berkley Corporation and XL Group plc.

2011 Compensation Decisions

The specific compensation decisions made for each named executive officer for 2011 reflect the performance of the Company against key financial and operational measurements. In evaluating the performance of the Company, we focus on two main benchmarks, operating return on average common equity, which measures the generation of earnings and the efficient use of capital, and growth in book value per share, which creates long-term value for shareholders. We believe that we performed reasonably well against both benchmarks in 2011 as we continue to operate in a challenging underwriting and investment environment. Operating return on average common equity was 7.2% in 2011, down from 12.0% in 2010. Book value per common share was \$32.03 at the end of 2011, a 6.8% increase from \$29.99 at the end of 2010, reflecting the combined impact of underwriting results, investment returns and common share repurchases.

Other performance measures reflect the challenging market conditions. After-tax operating income available to shareholders was \$303.6 million, or \$2.20 per share, in 2011, a per share decrease of 29.5% from 2010. Results for 2011 included a higher amount of losses from catastrophic events when compared with 2010. Our results also reflected the impact of current insurance and reinsurance market conditions and the impact of lower interest yields on the investment portfolio. The Company's combined ratio under GAAP was 98.3% in 2011, compared to 92.5% in 2010. Based on modest improvement in the rate environment in 2011, we increased gross premiums written to \$3.44 billion in 2011, an increase of 5.2% compared to 2010, and our net premiums written to \$2.67 billion, a 6.5% increase over 2010. In addition, A.M. Best Co. upgraded the financial strength ratings of our principal insurance and reinsurance subsidiaries to A+ ("Superior") from A ("Excellent"), and Standard & Poor's, Moody's and Fitch Ratings affirmed our financial strength ratings at "A+" or the equivalent.

Please refer to the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section of our 2011 Annual Report for an analysis of our financial and operational performance during 2011. After-tax operating income available to common shareholders, a non-GAAP financial measure, is defined as net income available to common shareholders, excluding net realized gains or losses, net impairment losses included in earnings, equity in net income or loss of investment funds accounted for using the equity method and net foreign exchange gains or losses, net of income taxes. The reconciliation of such measure to net income available to common shareholders (the most directly comparable GAAP financial measure) is included in our 2011 Annual Report.

On an overall basis, incentive compensation paid to senior employees who participate under the subjective Target Bonus Approach, including all of the named executive officers, was approximately

Table of Contents

10% less in 2011 than 2010. The results for 2011 are also reflected in the level of the bonus pools determined under the Formula Approach, the quantitative formula based measure included in our Incentive Compensation Plan, which resulted in incentive compensation paid at approximately 90% of aggregate target bonus levels. The incentive compensation paid in 2011 reflected the substantially higher level of catastrophic activity in 2011 and the impact of continuing difficult market conditions in the insurance and financial markets.

Consistent with our philosophy of emphasizing variable, performance-based compensation, the base salaries for 2012 for all named executive officers of the Company were not increased from 2011 levels.

In determining the performance-based portion of Mr. Iordanou's compensation, the Committee evaluated Mr. Iordanou's contributions toward creation and enhancement of shareholder value by considering a number of factors, including the Company's financial results achieved under his leadership over both the short-term and the long-term. The Committee focused on the fact that the Company continued to maintain underwriting discipline during continuing difficult market conditions. The Committee also reviewed the Company's pursuit of strategic initiatives under Mr. Iordanou and the execution of the Company's common share repurchase program. The Committee did not apply a formula or assign performance measures relative weights but made a subjective determination after considering these measures collectively.

In light of the Committee's assessment, and as a result of his performance, Mr. Iordanou received a bonus of \$3,150,000. Under an election program offered by the Company, Mr. Iordanou elected to receive 50% of his bonus in cash and 50% in the form of SARs on terms provided under the election, namely, 161,636 fully vested SARs exercisable for a 10-year period. The per share exercise price is \$37.05, which was the closing price on the date of grant, and the SAR was valued in same manner as valued for financial reporting purposes. In May 2011, Mr. Iordanou also was granted long-term incentive awards in the form of 100,065 restricted common shares and 100,065 SARs with a per share exercise price of \$33.91, each of which will vest in three equal annual installments commencing on the first anniversary of the grant date. These awards, which are reflected in the "Summary Compensation Table," were awarded following an assessment of Mr. Iordanou's performance during 2010. As noted above, the Committee expects to consider determinations for share-based compensation for 2011 performance at meetings scheduled to be held in May 2012.

In determining the performance-based compensation of our other named executive officers, the Committee evaluated overall performance of the Company and their contributions to that performance, as well as the performance of the business or function that each named executive officer leads. The Committee did not apply a formula or assign performance measures relative weights but made a subjective determination after considering these measures collectively.

With respect to Mr. Hele, the Committee reviewed his key roles in financial reporting, enterprise risk management, regulatory matters and capital management. In addition, the Committee considered that the other aspects of the financial function for the Company, which involved, among other things, investor relations and ratings agency matters, performed well under Mr. Hele's leadership during the year.

In determining the performance-based compensation of Messrs. Grandisson and Lyons, who oversee the Company's reinsurance operations and insurance operations, respectively, the Committee reviewed the profitability of the reinsurance group and the insurance group, including their respective groups' effectiveness in managing the underwriting cycle. As part of that analysis, the Committee reviewed the estimated bonus pool determined under the Formula Approach for the 2011 and prior underwriting years, which is based on various ROE targets. In reviewing these calculations, the Committee recognized that the estimated bonus pool provides only a current indication of underwriting performance as the bonus pool for the underwriting year will be recalculated annually over a 10-year development period as actual results emerge. The Committee also reviewed Mr. Grandisson's and

Table of Contents

Mr. Lyons' oversight of key operational matters for their respective groups, including those relating to overall management, including expense management, risk management and infrastructure. In addition, the Committee considered the Company's pursuit of strategic initiatives under the leadership of Mr. Grandisson and Mr. Lyons, which initiatives will provide us with opportunities to access new sources of business over the long term and further develop our existing businesses.

In determining the performance-based portion of Mr. Hutchings' compensation, the Committee reviewed the performance of the Company's internal and external investment portfolios and Mr. Hutchings' oversight with respect to increasing the Company's allocations to emerging market and global multi-asset funds and equity securities. In addition, the Committee reviewed Mr. Hutchings' management of the Company's expanded internal investment function and other contributions, including his effective implementation of the Company's common share repurchase program.

In light of these assessments, the named executive officers received the following annual incentive cash bonuses for performance during 2011: Mr. Hele \$540,000; Mr. Grandisson \$1,400,000; Mr. Lyons \$910,000; and Mr. Hutchings \$720,000. In addition, in May 2011, these named executive officers were granted the following long-term incentive share-based awards (with the same principal terms included in Mr. Iordanou's May 2011 grants, as described above): Mr. Hele 18,000 SARs and 18,000 restricted common shares; Mr. Grandisson 24,000 SARs and 24,000 restricted common shares; Mr. Lyons 18,900 SARs and 18,900 restricted common share units; and Mr. Hutchings 16,800 SARs and 16,800 restricted common shares. In order to limit the impact of the deductibility cap under Section 162(m) of the Code, the restricted common share units granted to Mr. Lyons will be settled in common shares after the termination of his employment as provided in the award agreement (see " Tax Considerations Section 162(m)"). These share-based awards, which are reflected in the "Summary Compensation Table," were awarded following an assessment of the executives' performance during 2010. As noted above, the Committee expects to consider determinations for share-based compensation for 2011 performance at meetings scheduled to be held in May 2012.

As indicated above, and consistent with the Committee's general compensation philosophy for senior executives, compensation for the named executive officers was weighted significantly towards performance-based compensation in the form of a cash annual incentive bonus payment and share-based awards. Specifically, in 2011, for our named executive officers, we allocated compensation as follows: (1) base salaries ranging from approximately 12% to 31% of total compensation and (2) variable, performance-based compensation, in the form of annual cash incentive bonuses and long-term incentive share-based awards, ranging from approximately 69% to 88% of total compensation. For this purpose, the percentages are based on total compensation that includes the base salary and cash annual incentive bonus payments described above and the full grant date value of the May 2011 share-based awards calculated in accordance with prescribed accounting rules.

Non-Qualified Deferred Compensation

The Company maintains tax-qualified and non-qualified defined contribution plans but does not maintain any defined benefit retirement or pension plans. The following table provides information with respect to our defined contribution plans that provide for deferral of compensation on a basis that is not tax-qualified:

(4)

Indicates the value of restricted common share units that will be settled in common shares after the termination of employment (or December 31, 2017, if earlier, in the case of Mr. Iordanou) as provided in the applicable award agreements. The amount indicated in the "Registrant Contributions in Last FY" column for Mr. Lyons is based on the closing price of ACGL's common shares on the date of grant (May 6, 2011) and the amounts indicated in the "Aggregate Balance at Last FYE" column are based on the closing price of ACGL's common shares on December 31, 2011. The amount for Mr. Lyons set forth under "Registrant Contributions in Last FY" has been included in the "Summary Compensation Table" for fiscal year 2011, and \$500,000 and \$2,259,739 of the amounts for Mr. Iordanou and Mr. Lyons, respectively, set forth under "Aggregate Balance at Last FYE" have been included in the "Summary Compensation Table" for fiscal year 2011 or prior years.

The Company maintains an Executive Supplemental Non-Qualified Savings and Retirement Plan. Under this plan, participants may defer eligible base salary in excess of the compensation limit imposed by the Code ("Excess Compensation") (for 2011, base salary in excess of \$245,000, which amount has been increased to \$250,000 for 2012) and, with respect to the eligible named executive officers, the Company provides matching contributions on these deferrals in amounts equal to 100% of the first 3% of salary contributed to the plan and 50% of the next 3% of salary contributed to the plan. The Company also makes pension-like contributions on behalf of the eligible named executive officers in an amount equal to 10% of Excess Compensation. In addition, the named executive officers may defer up to 100% of annual bonus paid each year and these bonus deferral contributions are not eligible for matching contributions by the Company. Until distribution, the contributions and any earnings are held in an irrevocable trust known as a "rabbi trust" by an independent trustee, and the trust assets remain subject to the Company's creditors. The participants may elect to have their contributions under the plan deemed to be invested among certain permissible mutual fund options. The plan provides that, as soon as practicable following retirement, death or other termination of employment, but subject to any delay required by the Code, all benefits under the plan will be distributed either in a single lump sum in cash or, if elected, in installments over a period not to exceed 10 years.

As indicated above, Section 457A of the Code generally prohibits U.S. taxpayers from deferring U.S. income tax on compensation attributable to services performed after December 31, 2008 for certain employers, including Bermuda-based employers such as ACGL and Arch Re (Bermuda). As a result, for periods on or after January 1, 2009, certain employees of ACGL and Arch Re (Bermuda), including Messrs. Iordanou, Hele and Grandisson, are no longer permitted to participate in the non-qualified defined contribution retirement plan. In addition, and as required by Section 457A, the non-qualified plan provides that compensation that has been previously deferred by these employees will be distributed on or before December 31, 2017. In lieu of pension and matching contributions previously provided to these former participants through the non-qualified plan, we have provided comparable benefits to these participants in the form of current cash payments subject to tax. Such cash payments have been included in the "Summary Compensation Table" in the "All Other Compensation" column for fiscal years 2011, 2010 and 2009.

Employment Arrangements

Set forth below is a summary of the material terms of the employment arrangements with each of the named executive officers.

Constantine Iordanou

In November 2007, ACGL and Constantine Iordanou entered into an employment agreement pursuant to which Mr. Iordanou agreed to serve as ACGL's president and chief executive officer until November 28, 2012. The agreement provides that it will be automatically extended for successive one-year periods after the current term unless either ACGL or Mr. Iordanou gives at least 12 months

notice of the intention not to renew. In December 2008, ACGL and Mr. Iordanou agreed upon certain amendments to the employment agreement intended to comply with Sections 409A and 457A of the Code.

Mr. Iordanou's employment agreement provides for an annual base salary of \$1,000,000, which is subject to review annually for increase at the discretion of the Board of Directors. Mr. Iordanou is eligible to participate in an annual bonus plan on terms established from time to time. The target rate for the annual cash bonus is 100% of his annual base salary. Mr. Iordanou is also entitled to participate in employee benefits programs such as major medical, life insurance and disability insurance; the cost of preparation of annual tax returns and associated tax planning on a basis no less favorable than such arrangements provided to similarly situated senior executives residing in Bermuda; and other fringe benefits customarily provided to similarly situated senior executives residing in Bermuda, which includes housing expense reimbursement, payroll tax reimbursements and automobile allowance. Since Mr. Iordanou relocated to Bermuda, his employment agreement also provides for the use of any private aircraft owned or leased by the Company or such other reasonably comparable air transportation for travel between Bermuda and the New York Metropolitan area. In addition, Mr. Iordanou is entitled to an amount equal to the excess, if any, of the amount of income and employment taxes payable by him to Bermuda, New York and any other governmental taxing authority over the amount that would have been payable by him had he resided in New York for the entire calendar year. The agreement also provides that, during the employment period, ACGL will use its best efforts to cause Mr. Iordanou to be elected to our Board of Directors.

The agreement provides that if Mr. Iordanou's employment is terminated by his death, his estate will receive a prorated portion of his bonus that would have been paid for the year of his death and an amount equal to two times the sum of his base salary and target annual bonus payable in a lump sum, but offset by life insurance proceeds received by his estate from coverage provided by the Company. His agreement also provides that if his employment is terminated due to his permanent disability, he will receive a prorated portion of his bonus that would have been paid for the year in which he becomes disabled, as determined by the Board of Directors, and an amount per annum equal to 40% of his base salary during the period beginning on the date of his permanent disability up to the month in which he reaches age 65, offset by any proceeds scheduled to be received from any disability insurance coverages provided by the Company, such amount to be paid in equal monthly installments, provided, that all installments otherwise scheduled to be made after the first anniversary of termination will instead be made on such first anniversary. The agreement further provides that if we terminate Mr. Iordanou's employment without cause or he resigns for good reason, he will receive a prorated portion of his bonus that would have been paid for the year of his termination and an amount equal to two times the sum of his base salary and target annual bonus payable in 18 equal installments, the first nine of which will be paid monthly over nine months and the last nine of which will be paid in a lump sum on the nine-month anniversary of termination (subject to six month deferral as required under Section 409A of the Code). Mr. Iordanou's and his spouse's major medical insurance coverage benefits pursuant to his employment agreement will continue for 18 months after the date of termination in the event that (1) his employment ends due to death or permanent disability, (2) he is terminated other than for cause or (3) he resigns for good reason (or until such time as he has major medical insurance coverage under the plan of another employer). The agreement also provides that if Mr. Iordanou's employment is terminated by us for cause or he resigns other than for good reason, he will receive his base salary through the date of termination.

Mr. Iordanou has agreed that, during the employment period and for the period of 18 months after termination of employment, he will not compete with the businesses of ACGL or any of its subsidiaries as such businesses exist as of the date of termination, within any geographical area in which ACGL or any of its subsidiaries engage in such businesses. If we terminate Mr. Iordanou's employment without cause or he terminates for good reason, the term of his non-competition period will extend

Table of Contents

only as long as he is receiving severance benefits provided for under his employment agreement under such circumstances. However, in the event of termination due to expiration of the term of the agreement or by reason of Mr. Iordanou's resignation other than for good reason, the non-competition period will continue beyond his termination date for up to 18 months only if the Company so elects and (1) pays Mr. Iordanou an amount equal to two times the sum of his annual base salary and target annual bonus (prorated for the period selected by the Company) in 18 equal installments, the first 12 of which will be paid monthly and continuing monthly thereafter through the month that includes the first anniversary of the separation from service and the last six of which will be paid on the first anniversary of the separation from service (subject to six month deferral as required under Section 409A of the Code); and (2) provides medical benefits for the selected period. Mr. Iordanou also agreed that he will not, for an 18-month period following his date of termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

In addition, in the event of a change in control, the agreement provides for a gross-up payment to reimburse Mr. Iordanou for any excise tax under Code Section 4999 as well as any additional income, excise and employment taxes resulting from such reimbursement. Code Section 4999 imposes a 20% nondeductible excise tax on the recipient of an "excess parachute payment" and Code Section 280G disallows the tax deduction to the payor of any amount of an excess parachute payment. The agreement provides that any payments contingent on a change of control will be reduced by an amount equal to the lesser of (1) the smallest amount possible such that no payment would be treated as a "parachute payment" under Section 280G of the Code and (2) \$2,500,000. Notwithstanding the foregoing provision, if, without regard to any gross-up payment and without any reduction in payments, the net amount retained by Mr. Iordanou, after subtracting from the payments otherwise to be made all taxes imposed thereon, would exceed the after-tax amount that would be retained by him with the gross-up payment and after the reduction described above, then no reduction in payments will be made and no gross-up payment will be made. The agreement also provides for indemnification of Mr. Iordanou to the fullest extent permitted by applicable law and the Company's governing instruments in connection with suits or proceedings arising by reason of the fact that he is or was a director, officer or employee of the Company. The Company has also agreed to pay reasonable legal fees incurred by Mr. Iordanou as result of any dispute or contest with the Company regarding the agreement, unless the Company substantially prevails on all material causes of action in the dispute or contest.

John C.R. Hele

ACGL and John Hele entered into an employment agreement with a term extending through April 1, 2013. The agreement will be automatically extended for additional one-year periods, unless we or Mr. Hele gives notice at least 180 days prior to the expiration of the original term or any extended term. The agreement provides for an annual base salary of \$600,000, and the target rate for the annual cash bonus is 100% of the annual base salary. Mr. Hele is eligible to receive annual cash bonuses and share-based awards at the discretion of the Board and is also entitled to participate in employee benefits programs such as major medical, life insurance and disability insurance, the cost of preparation of annual tax returns and associated tax planning, and other fringe benefits customarily provided to similarly situated senior executives residing in Bermuda, which includes housing expenses, payroll tax reimbursements and automobile allowance. His agreement also provides that the Company will reimburse him, on an after-tax basis, for his reasonable expenses incurred in traveling between Bermuda and the United States. In addition, Mr. Hele is entitled to an amount equal to the excess, if any, of the amount of income and employment taxes payable by him to Bermuda, New York and any other governmental taxing authority over the amount that would have been payable by him had he resided in New York for the entire calendar year. ACGL also reimbursed him for certain relocation expenses and reasonable expenses incurred by him in establishing his residence in Bermuda. In

addition, upon the termination of his employment for any reason, ACGL will reimburse him for reasonable expenses incurred by him for the cost of relocating his household items to the United States and airfare for Mr. Hele and his family to return to the United States.

The agreement provides that if Mr. Hele's employment is terminated without cause or for good reason, he will be entitled to receive an amount equal to 18 months of his base salary payable over 12 months. The agreement also provides that if Mr. Hele's employment is terminated for cause, as a result of his resignation or leaving employment other than for good reason, as a result of death or permanent disability, or by written notice of the intention not to renew the agreement by us or Mr. Hele, he (or his estate) will be entitled to receive his base salary through the date of termination. The agreement further provides that if Mr. Hele's employment is terminated by reason of death or permanent disability, he (or his estate) will also be entitled to receive a prorated portion of his target annual bonus (offset by any proceeds received from any insurance coverages provided by the Company), such amount would be paid to him by no later than March 15th of the calendar year following the calendar year of such termination of employment. Mr. Hele's major medical insurance coverage pursuant to his employment agreement will continue for 12 months after the date of termination (or until he is provided by another employer with benefits substantially comparable, with no pre-existing condition limitations, to the benefits provided by such plan) in the event that (a) his employment ends due to permanent disability, (b) he is terminated other than for cause or (c) he resigns for good reason.

Mr. Hele has agreed that, during the employment period and for a period of one year after termination of employment, he will not compete with the businesses of ACGL or any of its subsidiaries as such businesses exist or are in process or being planned as of the date of termination. Mr. Hele also agreed that he will not, for a period of one year following his date of termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

In connection with his retention, on April 1, 2009, Mr. Hele was granted 75,000 restricted common shares and 120,000 stock options, each of which will vest to him in three equal annual installments commencing on the first anniversary of the grant date so long as he remains an employee of the Company on such date. The terms of Mr. Hele's award agreements have the terms described below under "Share-Based Award Agreements," except that, in the event his employment is terminated by ACGL without cause or by him for good reason, the restricted shares will immediately vest to him.

Marc Grandisson

Under an employment agreement, Marc Grandisson serves as chairman and chief executive officer of Arch Worldwide Reinsurance Group. The terms of his employment provide for a current annual base salary of \$625,000. The annual base salary is subject to review annually for increase at the discretion of the Board of Directors. The target rate for the annual cash bonus for Mr. Grandisson is 100% of his annual base salary. Mr. Grandisson is eligible to receive annual cash bonuses and share-based awards at the discretion of our Board of Directors. Mr. Grandisson is also entitled to participate in employee benefits programs such as major medical, life insurance and disability insurance and other fringe benefits customarily provided to similarly situated senior executives residing in Bermuda, which includes housing expenses, payroll tax reimbursements and automobile allowance. His agreement also provides that the Company will reimburse him, on an after-tax basis, for his reasonable expenses incurred in traveling between Bermuda and Canada. The current term of his employment agreement ends on December 31, 2012, but we or Mr. Grandisson may terminate his employment at any time. The agreement will be automatically extended for additional one-year periods, unless we or Mr. Grandisson gives notice at least 60 days prior to the expiration of the original term or any extended term. The agreement provides that if the employment of Mr. Grandisson is terminated without cause or for good reason, he will be entitled to receive an amount equal to his annual base salary over a 12-month

period. Mr. Grandisson's major medical insurance coverage benefits pursuant to his employment agreement will continue for 12 months after the date of termination (or until he is provided by another employer with benefits substantially comparable, with no pre-existing condition limitations, to the benefits provided by such plan) in the event that (1) his employment ends due to permanent disability, (2) he is terminated other than for cause or (3) he resigns for good reason. If Mr. Grandisson's employment is terminated for cause or if he resigns without good reason or as a result of his death or disability, he (or his estate) will receive his annual base salary to the date of such termination.

Mr. Grandisson agreed that, during the employment period and for the period of two years after termination of employment, he will not compete with the businesses of ACGL or any of its subsidiaries as such businesses exist or are in process or being planned as of the date of termination. The non-competition period will be one year following termination if we terminate his employment without cause, he terminates for good reason or he or the Company gives notice of intent not to extend his employment term in accordance with the employment agreement. Mr. Grandisson also agreed that he will not, for a period of two years following termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

Mark D. Lyons

Under an employment agreement, Mark Lyons serves as chairman and chief executive officer of Arch Worldwide Insurance Group and chairman and chief executive officer of Arch Insurance Group. The terms of his employment provide for a current annual base salary of \$500,000. The annual base salary is subject to review annually for increase at the discretion of the Board of Directors. The target rate for the annual cash bonus for Mr. Lyons is 100% of his annual base salary. Mr. Lyons is eligible to receive annual cash bonuses and share-based awards at the discretion of our Board of Directors. Mr. Lyons is also entitled to participate in employee benefits programs such as major medical, life insurance and disability insurance and other fringe benefits customarily provided to similarly situated senior executives. In addition, during the employment period, Arch Insurance Group will reimburse him for reasonable housing costs in the New Jersey Metropolitan area. The current term of his employment agreement ends on July 31, 2012, but Arch Insurance Group or Mr. Lyons may terminate his employment at any time. The agreement will be automatically extended for additional one-year periods, unless Arch Insurance Group or Mr. Lyons gives written notice at least 60 days prior to the expiration of the original term or any extended term. The agreement provides that if the employment of Mr. Lyons is terminated without cause or for good reason, he will be entitled to receive an amount equal to his annual base salary over a 12-month period. Mr. Lyons' major medical insurance coverage benefits pursuant to his employment agreement will continue for 12 months after the date of termination (or until he is provided by another employer with benefits substantially comparable, with no pre-existing condition limitations, to the benefits provided by such plan) in the event that (1) his employment ends due to permanent disability, (2) he is terminated other than for cause or (3) he resigns for good reason. If Mr. Lyons' employment is terminated for cause or if he resigns without good reason or as a result of his death or disability, he (or his estate) will receive his annual base salary to the date of such termination.

Mr. Lyons agreed that, during the employment period and for the period of two years after termination of employment, he will not compete with the businesses of ACGL or any of its subsidiaries as such businesses exist or are in process or being planned as of the date of termination. The non-competition period will be one year following termination if we terminate his employment without cause, he terminates for good reason or he or the Company gives notice of intent not to extend his employment term in accordance with the employment agreement. Mr. Lyons also agreed that he will not, for a period of two years following termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

W. Preston Hutchings

W. Preston Hutchings serves as president of Arch Investment Management Ltd. and senior vice president and chief investment officer of ACGL. The terms of his employment provide for a current annual base salary of \$450,000. The annual base salary is subject to review annually for increase at the discretion of the Board of Directors. In addition, Mr. Hutchings also agreed that he will not, for a period of one year following termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

Share-Based Award Agreements

Our long-term incentive share award plans provide for the grant to eligible employees and directors of stock options, stock appreciation rights, restricted shares, restricted share units payable in common shares or cash, share awards in lieu of cash awards, dividend equivalents, performance shares and performance units and other share-based awards.

To date, the Company has provided grants in the form of stock options, SARs, restricted common shares and restricted common share units. Share-based awards granted to employees vest over a prescribed period, motivating executives to remain with us and sustain high corporate performance in order to increase the value of such awards. The May 2011 grants outlined in the "Grants of Plan-Based Awards" table will vest over a three-year period, which the Company believes is consistent with the Company's objectives to retain management and to align further the interests of management and the Company's shareholders. Options and SARs awarded to executives are granted at the closing price of the shares on the date of grant and, subject to the award agreements, will expire 10 years from the grant date.

Each annual award agreement expressly provides for the acceleration of the vesting of the applicable award and, in the case of stock options and SARs, adjustments to the option exercise period in the event the award recipient ceases to be an employee of the Company in certain circumstances. In the event that an employee's employment terminates due to his death or permanent disability, unvested awards would immediately vest, and the employee or his/her estate may exercise the options and SARs for a period of three years. In the event that an employee's employment is terminated by the Company for cause, all unvested restricted shares would be forfeited and all unvested and vested options and SARs would be forfeited. Commencing with grants on and after September 2004, in the event that an employee's employment terminates (other than for cause) after retirement age, unvested awards would continue to vest on the schedule set forth in the applicable agreement so long as the employee does not engage in a competitive activity. If the employee does engage in a competitive activity, then any unvested awards would be forfeited and the holder would have a reduced period in which to exercise vested options and SARs.

Double Trigger Change-in-Control Provision

Currently, the annual award agreements for the named executive officers provide that, in the event that the employee's employment is terminated by the Company other than for cause or by the employee for good reason within two years following the consummation of a change in control, unvested awards would immediately vest, and the options and SARs would have a remaining term of 90 days from termination. In the event of termination for any other reason, all unvested awards would be forfeited, and the holder may exercise vested options and SARs for a period of 90 days from termination.

The foregoing description is qualified in its entirety by reference to the award agreements.

In the case of termination (i) due to death, (ii) by the Company without cause or (iii) by the executive for good reason, Mr. Iordanou (or his estate) will be entitled to receive a prorated target

bonus based on the termination date plus two times the sum of his base salary and target annual bonus, with such amounts payable (A) in a lump sum as soon as practicable following death but offset by life insurance proceeds received by his estate from coverage provided by the Company and (B) except as otherwise required to be deferred for six months under Section 409A of the Code, over a nine-month period for the other cases as provided in his employment agreement. In the case of termination due to disability, Mr. Iordanou will be entitled to receive a prorated bonus based on the termination date plus 40% of his base salary for the maximum disability term under our plans (*i.e.*, through his 65th birthday), which amount will be payable over one year as provided in his employment agreement, offset by proceeds received by him from disability insurance provided by the Company.

- (2) Represents the intrinsic value (*i.e.*, the value based upon the Company's closing share price on December 31, 2011 or in the case of options, the excess of the closing price over the exercise price) of accelerated vesting of certain unvested share-based awards as of December 31, 2011 under the various circumstances presented. See "Employment Arrangements" and "Share-Based Award Agreements."
- (3) Represents the employer cost relating to the continuation of medical insurance coverage under the terms described in each executive's employment agreement for the various circumstances presented.
- (4) Since Messrs. Iordanou, Lyons and Hutchings are of retirement age (as defined in our plans), any unvested restricted shares/units and unvested stock options/SARs will continue to vest according to the vesting schedule and, in the case of stock options/SARs, the options/SARs will continue to have the full exercise period of 10 years from the date of grant. In the event the executives engage in a competitive activity (as defined in the award agreement) following retirement, the exercise periods for the options/SARs would be reduced.
- (5) In the case of termination due to death or disability, Mr. Hele (or his estate) will receive a prorated bonus based on the termination date; provided, however, that the amount may not be less than the average of the bonuses paid to him for the last three years. In the case of termination by the Company without cause or by the executive for good reason, Mr. Hele will be entitled to receive an amount equal to 18 months of base salary payable, except as otherwise required to be deferred for six months under Section 409A of the Code, in equal monthly installments.
- (6) In the case of termination by the Company without cause or by the executive for good reason, Mr. Grandisson will be entitled to receive 12 months of base salary payable in equal monthly installments.
- (7) In the case of termination by the Company without cause or by the executive for good reason, Mr. Lyons will be entitled to receive 12 months of base salary payable, except as otherwise required to be deferred for six months under Section 409A of the Code, in equal monthly installments.

- (1) Each non-employee member of our Board of Directors is entitled to receive an annual cash retainer fee in the amount of \$75,000. Each such director may elect to receive this retainer fee in the form of common shares instead of cash. If so elected, the number of shares distributed to the non-employee director would be equal to 100% of the amount of the annual retainer fee otherwise payable divided by the fair market value of our common shares. Each non-employee director also receives a meeting fee of \$2,500 for each Board meeting attended and \$1,000 for each committee meeting attended (commencing May 2012, the committee meeting fee will be \$1,500). In addition, each non-employee director serving as chairman of the audit committee receives an annual fee of \$50,000, and other members of the audit committee receive an annual fee of \$25,000. Each non-employee director serving as a chairman of a committee other than the audit committee receives an annual fee of \$5,000. Accordingly, this column includes the annual retainer (whether paid in cash or, at the election of the director, in common shares), meeting fees and committee chairman and retainer fees, as applicable. For the 2011-2012 annual period, Mr. Lillikas received his annual retainer fee in the form of cash and Messrs. Bragin, Bunce, Doppstadt, Lee, Meenaghan, Pasquesi, Posner and Works received their annual retainers in the form of 2,211 common shares.
- (2) Each year, the non-employee directors are granted a number of restricted shares equal to \$60,000 divided by the closing price on the date of grant (*i.e.*, the first day of the annual period of compensation for the non-employee directors), and such shares will vest on the first anniversary of the grant date (commencing May 2012, the value of the restricted share grant will be \$75,000). The grant date fair value indicated in the table has been calculated in accordance with FASB ASC Topic 718 Compensation - Stock Compensation. On May 6, 2011, each director received 1,767 restricted common shares. All of such shares will vest on May 5, 2012.

The aggregate number of share awards outstanding (*i.e.*, unvested) as of December 31, 2011 for each non-employee director was 1,767 shares. In addition, the aggregate number of option awards outstanding as of December 31, 2011 for each non-employee director was as follows: (a) Kewsong Lee, 4,500 options; (b) James J. Meenaghan, 4,500 options; and (c) Robert F. Works, 4,500

options. Mr. Pasquesi received share-based awards in connection with his service to the Company in other capacities, including vice chairman. In addition, as of December 31, 2011 Mr. Vollaro had 10,200 unvested common shares and 334,050 outstanding stock options, which were awarded in connection with his service to the Company as chief financial officer. For additional information on ownership of the Company's securities, please refer to "Security Ownership of Certain Beneficial Owners and Management."

- (3) Includes reimbursement of certain travel expenses of a spouse/guest incurred in connection with a Company meeting.
- (4) The amount for Mr. Pasquesi includes \$45,000 for payment of a Hart Scott Rodino filing fee, as required under his option agreement, and matching gifts made under the Company's matching gift program ("Matching Gifts") of \$50,000. The amounts for Messrs. Lee and Meenaghan include Matching Gifts of \$50,000 and \$40,000, respectively. In addition, the amounts for Messrs. Bragin and Works include Matching Gifts, which did not exceed the greater of \$25,000 or 10% of the total amount of "All Other Compensation."
- (5) Mr. Vollaro is a senior advisor and an employee of the Company. Mr. Vollaro's employment agreement provides that he receives an annual base salary of \$250,000 and a bonus determined by the compensation committee and the Board of Directors for his role as senior advisor of the Company. For 2011, Mr. Vollaro received a cash bonus of \$360,000. In addition, Mr. Vollaro serves as chairman of the underwriting and oversight committee and is a member of each of the finance and investment committees of the Board. A description of Mr. Vollaro's employment agreement is included below.
- (6) The amount for Mr. Vollaro includes: (a) \$30,185 in contributions to our defined contribution plans and payment of an amount in lieu of pension and matching contributions into the non-qualified deferred compensation plan of \$725; and (b) \$9,794 in tax gross up payments to reimburse Mr. Vollaro for the payment of taxes for club dues. In addition, includes the payment for life insurance premiums, club dues and tax preparation services, which did not exceed the greater of \$25,000 or 10% of the total amount of these benefits for Mr. Vollaro.

In addition to the above arrangements, all non-employee directors are entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to and attendance at meetings of the Board of Directors or committees. Directors who are also employees of ACGL or its subsidiaries receive no cash compensation for serving as directors or as members of Board committees. The Company also provides a matching gift program pursuant to which the Company matches eligible contributions by non-employee directors to qualified charitable organizations. During 2011, the Company made an aggregate of approximately \$174,250 in matching contributions on behalf of the non-employee directors.

Employment Agreement of John D. Vollaro

ACGL and John Vollaro entered into an employment agreement with a term extending through April 1, 2013. The employment period will continue on the same terms and conditions for an indefinite period until terminated by either party by providing at least six months' prior written notice to the other party. Pursuant to the agreement, Mr. Vollaro has served as senior advisor of ACGL since April 1, 2009. Mr. Vollaro's base salary is paid at the rate \$250,000 per annum from April 1, 2009 through the remainder of the employment period, and the target rate for the annual cash bonus is 100% of the annual base salary. Mr. Vollaro is eligible to receive annual cash bonuses and share-based awards at the discretion of ACGL's Board of Directors and is also entitled to participate in employee benefits programs such as major medical, life insurance and disability insurance, the cost of preparation of annual tax returns and associated tax planning, and other fringe benefits customarily provided to similarly situated senior executives. His agreement also provides that the Company will reimburse him,

on an after-tax basis, for his reasonable expenses incurred in traveling between Bermuda and the United States. In addition, Mr. Vollaro is entitled to an amount equal to the excess, if any, of the amount of income and employment taxes payable by him to Bermuda, Connecticut and any other governmental taxing authority over the amount that would have been payable by him had he resided in Connecticut for the entire calendar year.

The agreement provides that if Mr. Vollaro's employment is terminated without cause or for good reason, he will be entitled to receive an amount equal to the sum of the total remaining base salary and target annual bonus which would have been paid to Mr. Vollaro under his employment agreement for the period through the later of (a) the end of the original term of the agreement and (b) six months after the date of termination of employment (the "Severance Amount"). The Severance Amount would be payable over 12 months. The agreement also provides that if Mr. Vollaro's employment is terminated for cause, as a result of his resignation or leaving employment other than for good reason, as a result of death or permanent disability, or by written notice of the intention not to renew the agreement by us or Mr. Vollaro, he (or his estate) will be entitled to receive his base salary through the date of termination. The agreement further provides that if Mr. Vollaro's employment is terminated by reason of death or permanent disability, he (or his estate) will also be entitled to receive for the period extending from April 1, 2009 through the remainder of the employment period, an amount equal to the Severance Amount, in each case, (i) offset by any proceeds received from any insurance coverages provided by the Company, and (ii) such amount, will be paid to him (or his estate) promptly upon death or permanent disability, as applicable, and in no event later than March 15 of the calendar year following the calendar year of such termination of employment. Mr. Vollaro's major medical insurance coverage benefits pursuant to his employment agreement will continue for 12 months after the date of termination (or until he is provided by another employer with benefits substantially comparable, with no pre-existing condition limitations, to the benefits provided by such plan) in the event that (1) his employment ends due to permanent disability, (2) he is terminated other than for cause or (3) he resigns for good reason.

Mr. Vollaro has agreed that, during the employment period and for a period of two years after termination of employment for cause or as a result of his resignation or leaving employment other than for good reason, he will not compete with the businesses of ACGL or any of its subsidiaries as such businesses exist or are in process or being planned as of the date of termination. If we terminate Mr. Vollaro's employment without cause or he terminates for good reason, the term of his non-competition period will extend for one year following termination. Mr. Vollaro also agreed that he will not, for a period of two years following his date of termination, induce or attempt to induce any of our employees to leave his or her position with us or induce any customer to cease doing business with us.

Director Share Ownership Guidelines

In an effort to further align the interests of the non-employee directors with the interests of shareholders, the Company has adopted share ownership guidelines that require the directors to retain common shares having a value of at least three times the annual cash retainer fee payable to the director. Each non-employee director has five years to comply with the guidelines, and stock options, SARs and unvested restricted shares/units do not count toward the requirement.

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of our common shares, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of our equity securities. Such persons are also required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. Certain Relationships and Related Transactions

Generally, transactions with related persons are subject to the review by the Board of Directors of ACGL. The Board of Directors has adopted written procedures regarding the review of transactions involving companies affiliated with funds managed by Warburg Pincus or another company in which a non-employee director of ACGL has a material interest (each a "portfolio company"), on the one hand, and ACGL or one of its subsidiaries, on the other hand.

Under the procedures, these transactions must be reviewed and approved by the management of ACGL or the operating subsidiary entering into the transaction (as applicable), and the terms of such transaction should be arm's-length or on terms that are otherwise fair to ACGL and its subsidiaries. In addition, these transactions also require the approval of ACGL under its holding company oversight guidelines, except for the following: (1) ordinary course transactions pursuant to which any insurance subsidiary of ACGL writes a direct insurance policy for a portfolio company unless a non-U.S. subsidiary will receive \$3 million or more in annual premiums and (2) a transaction in which a U.S.-based subsidiary of ACGL (a) assumes reinsurance from, or cedes reinsurance to, a portfolio company or (b) provides direct insurance to a portfolio company pursuant to which such U.S.-based insurance subsidiary of ACGL will receive \$3 million or more in annual premiums, in which case, the general counsel of Arch Capital Services Inc. should be pre-notified and appropriate steps will be implemented based on the transaction. In reviewing these proposed transactions, the effects, if any, on the independence of the relevant directors are considered under the governing NASDAQ and SEC standards. Any applicable regulatory, tax and ratings agency matters are also considered. Under these procedures, the Board of Directors is provided with an update of related party transactions entered into by the Company in accordance with the procedures on a regular basis.

In addition, as of March 12, 2012, BlackRock, Inc. owned approximately 5.5% of the Company's outstanding common shares based on BlackRock's most recent Schedule 13G filing. BlackRock, through its subsidiaries, provides various investment management, investment trade support and investment accounting and risk analysis services to ACGL and its subsidiaries. During 2011, the Company incurred approximately \$7.1 million, in the aggregate, under these services arrangements with BlackRock.

Graham B. Collis, a director of certain of our non-U.S. subsidiaries, is partner in the law firm of Conyers Dill & Pearman Limited, which provides legal services to the Company and its subsidiaries.

Table of Contents**PROPOSAL 3 APPROVAL OF ARCH CAPITAL GROUP LTD. 2012 LONG TERM INCENTIVE AND SHARE AWARD PLAN****Introduction**

A proposal will be presented at the annual general meeting to approve the Arch Capital Group Ltd. 2012 Long Term Incentive and Share Award Plan (the "2012 Plan"). On February 29, 2012, with the recommendation of the compensation committee, the Board of Directors adopted the 2012 Plan, subject to shareholder approval. The purposes of the 2012 Plan are to advance the interests of ACGL and its shareholders by providing a means to attract, retain and motivate employees and directors of ACGL and its subsidiaries. The 2012 Plan is intended to provide for competitive compensation opportunities, to encourage long-term service, to recognize individual contributions and reward achievement of performance goals and to promote the creation of long-term value for shareholders by aligning the interests of such persons with those of shareholders.

The Arch Capital Group Ltd. 2007 Long Term Incentive and Share Award Plan (the "2007 Plan") will be merged with and into the 2012 Plan as of the effective date of the 2012 Plan. No additional grants will be made thereafter under the 2007 Plan. Outstanding grants under the 2007 Plan as of the effective date will continue in effect in accordance with their terms as in effect on the effective date (subject to such amendments as the Committee determines appropriate, consistent with the terms of the 2007 Plan), and the shares with respect to such outstanding grants will be issued or transferred under the 2012 Plan.

As of February 21, 2012, the status of stock options and stock appreciation rights, restricted shares and restricted share units under ACGL's 2007 Plan and 2005 Long Term Incentive and Share Award Plan (the "2005 Plan"), which was previously merged into the 2007 Plan, is as follows:

<i>Stock Options and Stock Appreciation Rights</i>	
Number of common shares subject to outstanding options	7,422,852
Weighted average exercise price per share	\$ 20.77
Weighted average remaining term in years	5.44
<i>Restricted Common Shares and Units</i>	
Restricted common share awards unvested balance	1,422,530
Restricted unit awards unissued balance	298,125
<i>Available for Future Grant</i>	
2007 Plan	3,366,409

The following summary is qualified in its entirety by reference to the 2012 Plan, which is attached as *Appendix A* to this proxy statement.

Description of 2012 Plan*General*

The 2012 Plan will provide for the grant to eligible employees and directors of stock options, stock appreciation rights ("SARs"), restricted shares, restricted share units payable in common shares or cash, dividend equivalents, performance shares and performance units and other share-based awards (the "Awards"). The 2012 Plan also will provide our non-employee directors with the opportunity to receive the annual retainer fee for Board service in common shares. The number of common shares reserved for grants of Awards under the 2012 Plan, subject to anti-dilution adjustments in the event of certain changes in the Company's capital structure, will be the sum of (i) 4,280,000 and (ii) the number of common shares remaining available for grants under the 2007 Plan (which will be merged into the 2012 Plan) as of the effective date; provided, that no more than 50% of such common shares may be

issued in connection with Full Value Awards (*i.e.*, Awards other than stock options or SARs) and no more than 2,000,000 common shares may be issued as incentive stock options under Section 422 of the Code. If any Awards (including any Awards granted under the 2007 Plan or under the 2005 Plan, which was previously merged into the 2007 Plan) are forfeited, cancelled, terminated, exchanged or surrendered or any such Award is settled in cash or otherwise terminates without a distribution of common shares to the participant, any common shares counted against the number of common shares reserved and available under the 2012 Plan with respect to such Award will, to the extent of any such forfeiture, settlement, termination, cancellation, exchange or surrender, again be available for Awards under the 2012 Plan in the same form (*i.e.*, either (A) Full Value Awards or (B) stock options or SARs) as the form of the Award that was forfeited, settled, terminated, cancelled, exchanged or surrendered, as the case may be. Notwithstanding the foregoing, common shares subject to an Award under the 2012 Plan may not again be made available for issuance under the 2012 Plan if such common shares (x) were subject to a stock option or stock-settled SAR and were not issued upon the net settlement or net exercise of such stock option or SAR, or (y) were delivered to or withheld by the Company to pay the exercise price or withholding taxes under stock options, SARs or other Awards. If the 2012 Plan is approved by shareholders, the total number of common shares that will be reserved for new Awards under our stock incentive plans as of February 21, 2012, will be 7,646,409.

Eligibility and Administration

Officers, other employees and directors of ACGL and its subsidiaries and affiliates will be eligible for grants of Awards under the 2012 Plan. The 2012 Plan will be administered by the compensation committee or such other committee of the Board of Directors (or the entire Board of Directors) as may be designated by the Board of Directors (the "Committee"). The Committee will determine which eligible employees and directors receive Awards, the types of Awards to be received and the terms and conditions thereof. The Committee will have authority to waive conditions relating to an Award or accelerate vesting of Awards. The 2012 Plan will provide for the payment of all or a portion of the annual retainer fee for non-employee directors in our common shares or cash. Approximately 1,400 employees and nine non-employee directors are currently eligible to participate in the 2012 Plan.

The Committee will be permitted to delegate to officers of the Company the authority to perform administrative functions for the 2012 Plan and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the Committee may determine to the extent permitted under Rule 16b-3 of the Exchange Act and applicable law.

Awards

Stock Options. Incentive stock options, intended to qualify for special tax treatment in accordance with the Code, and non-qualified stock options, not intended to qualify for special tax treatment under the Code, may be granted for such number of common shares as the Committee determines. The Committee will be authorized to set the terms relating to a stock option, including exercise price and the time and method of exercise. The terms of incentive stock options will comply with the provisions of Section 422 of the Code. Awards may be granted alone, in tandem with or in exchange for any other Award.

SARs. A SAR will entitle the holder thereof to receive with respect to each share subject thereto, an amount equal to the excess of the fair market value of one common share on the date of exercise over the exercise price of the SAR set by the Committee as of the date of grant. Payment with respect to SARs may be made in cash or common shares as determined by the Committee.

No Repricing/Maximum Term/Exercise Price. The 2012 Plan specifically provides that the exercise price per share of stock options and SARs will not be less than the fair market value per share on the date of grant of the Award. The 2012 Plan also specifically provides that, unless the approval of

Table of Contents

shareholders is obtained, (i) outstanding stock options and SARs cannot be amended to lower their exercise price or exchanged for other stock options or SARs with lower exercise prices; (ii) outstanding stock options and SARs issued under the Plan with an exercise price in excess of the fair market value of the underlying common shares will not be exchanged for cash or other property and (iii) no other action will be taken with respect to stock options or SARs that would be treated as a repricing under applicable stock exchange rules. In addition, the term of stock options and SARs may not exceed 10 years.

Maximum Annual Individual Grants. During a calendar year, the maximum number of common shares with respect to which stock options and SARs may be granted to an eligible participant under the 2012 Plan will be 3,000,000 shares, subject to antidilution adjustments in the event of certain changes in the Company's capital structure.

Restricted Shares. Awards of restricted shares will be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose. Such restrictions will lapse under circumstances as the Committee may determine, including upon the achievement of performance criteria. Except as otherwise determined by the Committee, eligible employees granted restricted shares will have all of the rights of a shareholder, including the right to vote restricted shares and receive dividends thereon, and unvested restricted shares will be forfeited upon termination of employment during any applicable restriction period.

Restricted Share Units. A restricted share unit will entitle the holder thereof to receive common shares or cash at the end of a specified deferral period. Restricted share units also will be subject to such restrictions as the Committee may impose. Such restrictions will lapse under circumstances as the Committee may determine, including upon the achievement of performance criteria. Except as otherwise determined by the Committee, restricted share units subject to restriction will be forfeited upon termination of employment during any applicable restriction period.

Performance Shares/Performance Units. Performance shares and performance units will provide for future issuance of shares or payment of cash, respectively, to the recipient upon the attainment of corporate performance goals established by the Committee over specified performance periods. Except as otherwise determined by the Committee, performance shares and performance units will be forfeited upon termination of employment during any applicable performance period.

Qualified Performance-Based Compensation Awards. If the Company determines that an Award (other than a stock option or SAR) to be granted under the 2012 Plan should qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, the grant, vesting, exercise and/or settlement of such Award will be contingent upon one or more of the following performance criteria as the Committee may deem appropriate: (1) earnings per share (basic or fully diluted); (2) revenues; (3) earnings, before or after taxes, from operations (generally or specified operations), or before or after interest expense, depreciation, amortization, incentives, or extraordinary or special items; (4) cash flow, free cash flow, operating cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin or operating expense; (8) net income or net profit margin; (9) Share price or total stockholder return; (10) book value or growth in book, economic book and/or intrinsic book value; (11) expense ratio; (12) operating income; (13) comprehensive income or pro forma net income; and (14) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of Subsidiaries, Affiliates or joint ventures. The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal

Table of Contents

compared to the performance of one or more comparable companies or an index covering multiple companies. The Committee may revise performance objectives if significant events occur during the performance period which the Committee expects to have a substantial effect on such objectives. Performance objectives may vary from employee to employee.

Maximum Annual Individual Awards. During a calendar year, the maximum number of common shares with respect to which restricted shares, restricted share units, performance shares, performance units and other share-based awards intended to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code to an eligible participant under the 2012 Plan will be 1,500,000 shares, subject to antidilution adjustments in the event of certain changes in the Company's capital structure. The maximum amount payable upon settlement of a cash-settled performance unit (or other cash-settled Award) granted under the 2012 Plan for any calendar year which is intended to qualify as performance-based compensation within Section 162(m) of the Code will not exceed \$5,000,000.

Dividend Equivalents/Other Share-Based Awards. Dividend equivalents granted under the 2012 Plan will entitle the holder thereof to receive cash, common shares or other property equal in value to dividends paid with respect to a specified number of common shares. Dividend equivalents may be awarded on a free-standing basis or in connection with another Award, and may be paid currently or on a deferred basis. Dividend equivalents will not be paid with respect to any performance-based Awards prior to achievement of the performance goals. The Committee is also authorized, subject to limitations under applicable law, to grant such other Awards that may be denominated in, valued in, or otherwise based on, common shares, as deemed by the Committee to be consistent with the purposes of the 2012 Plan.

Payment of Board Retainer Fees in Stock or Cash

Under the 2012 Plan, each non-employee director will have the election to receive his annual retainer fee in the form of common shares instead of cash. Any shares so elected will be payable at the time cash retainer fees are otherwise payable to non-employee directors, and the number of shares distributed will be equal to 100% of the amount of the annual retainer fee otherwise payable on such payment date divided by the fair market value of a common share on such date. See "Proposal 1 Election of Directors Director Compensation."

Nontransferability

Awards (except for vested shares) will generally not be transferable by the participant other than by will or the laws of descent and distribution and will be exercisable during the lifetime of the participant only by such participant or his or her guardian or legal representative, provided that, if the Committee expressly so provides, an Award (other than incentive stock options) may be transferred by a participant to members of his or her immediate family or to a trust established for the exclusive benefit of solely one or more members of the participant's immediate family or to a partnership, limited liability company or other entity under which the only partners or equity holders are one or more members of the participant's immediate family.

Capital Structure Changes

In the event that the Committee determines that any dividend in shares, recapitalization, share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, extraordinary distribution or share exchange, or other such change affects our common shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the 2012 Plan, then the Committee will make such equitable changes or adjustments as it deems appropriate to (i) the number and kind of shares which may thereafter be issued under the 2012 Plan,

Table of Contents

(ii) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards and (iii) the exercise price, grant price or purchase price relating to any Award.

Amendment and Termination

The 2012 Plan may be amended, altered, suspended, discontinued or terminated by the Board of Directors at any time, in whole or in part without the approval of shareholders, except that an amendment will be subject to shareholder approval (i) to the extent such shareholder approval is required under the rules of any stock exchange or automated quotation system on which the common shares may then be listed or quoted or (ii) as it applies to incentive stock options, to the extent such shareholder approval is required under Section 422 of the Code. In addition, no amendment, alteration, suspension, discontinuation or termination of the 2012 Plan may materially and adversely affect the rights of a participant under any Award theretofore granted to him or her without the consent of the affected participant. Unless earlier terminated, the 2012 Plan will expire February 28, 2022, and no further Awards may be granted thereunder after such date.

Market Value

The per share closing price of our common shares on March 22, 2012 was \$36.13.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences of the 2012 Plan, based upon current provisions of the Code, the treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, and does not address the consequences under any other applicable tax laws. The provisions of the Code, regulations thereunder and related interpretations are complicated and their impact in any one case may depend upon the particular circumstances relating thereto.

Stock Options. In general, the grant of a stock option will not be a taxable event to the recipient and it will not result in a deduction to ACGL or any of its subsidiaries. The tax consequences associated with the exercise of a stock option and the subsequent disposition of common shares acquired on the exercise of such stock option depend on whether the stock option is a non-qualified stock option or an incentive stock option.

Upon the exercise of a non-qualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the common shares received upon exercise over the exercise price. If the participant is employed by a United States subsidiary, the subsidiary will generally be able to claim a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the common shares will be capital gain or loss. If the holding period for the shares is not more than one year, the gain or loss will be short-term capital gain or loss. Short-term capital gain is taxable at the same rates as ordinary income. If the holding period is more than one year, the gain or loss will be long-term capital gain or loss. In general, long-term capital gain is subject to lower maximum federal income tax rates than ordinary income.

Generally, upon the exercise of an incentive stock option, a participant will not recognize ordinary taxable income and no deduction will be available to ACGL, provided the stock option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of termination of employment by reason of disability or death). If an incentive stock option granted under the 2012 Plan is exercised after these periods, the exercise will be treated for United States federal income tax purposes as the exercise of a non-qualified stock option. Also, an incentive stock option granted under the 2012 Plan will be treated as a non-qualified stock option to the extent it (together with any other incentive stock options granted under other plans of ACGL and

Table of Contents

its subsidiaries) first becomes exercisable in any calendar year for common shares having a fair market value, determined as of the date of grant, in excess of \$100,000.

If common shares acquired upon exercise of an incentive stock option are sold or exchanged more than one year after the date of exercise and more than two years from the date of grant of the stock option, any gain or loss will be long-term capital gain or loss. If common shares acquired upon exercise of an incentive stock option are disposed of prior to the expiration of these one-year or two-year holding periods (a "Disqualifying Disposition"), the participant will recognize ordinary income at the time of disposition, and, if the participant is employed by a United States subsidiary, the subsidiary will generally be able to claim a deduction, in an amount equal to the excess of the fair market value of the common shares at the date of exercise over the exercise price (or, in certain circumstances, the gain on sale, if less). Any additional gain will be treated as capital gain, long-term or short-term, depending on how long the common shares have been held. Where common shares are sold or exchanged in a Disqualifying Disposition (other than certain related party transactions) for an amount less than their fair market value at the date of exercise, any ordinary income recognized in connection with the Disqualifying Disposition will be limited to the amount of gain, if any, recognized in the sale or exchange, and any loss will be a long-term or short-term capital loss, depending on how long the common shares have been held.

Although the exercise of an incentive stock option as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability for the year of exercise.

Restricted Shares. A participant who receives restricted shares will generally recognize ordinary income at the time they vest. The amount of ordinary income so recognized will be the fair market value of the common shares at the time the income is recognized, determined without regard to any restrictions other than restrictions which by their terms will never lapse. If the participant is employed by a United States subsidiary, this amount will generally be deductible for United States federal income tax purposes by the subsidiary. Dividends paid with respect to common shares that are not vested will be ordinary compensation income to the participant (and generally deductible by an employer that is a United States subsidiary). Any gain or loss upon a subsequent sale or exchange of the common shares, measured by the difference between the sale price and the fair market value on the date the shares vest, will be capital gain or loss, long-term or short-term, depending on the holding period for the common shares. The holding period for this purpose will begin on the date following the date the shares vest.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the fair market value of the restricted shares at the time of grant (determined without regard to any restrictions other than restrictions which by their terms will never lapse), and if the participant is employed by a United States subsidiary, the subsidiary will generally be entitled to a corresponding deduction. Dividends paid with respect to shares as to which a proper Section 83(b) election has been made will not be deductible to ACGL or any of its subsidiaries. If a Section 83(b) election is made and the restricted shares are subsequently forfeited, the participant will not be entitled to any offsetting tax deduction.

SARs and Other Awards. With respect to SARs, restricted share units, performance shares, performance units, dividend equivalents and other Awards under the 2012 Plan not described above, generally, when a participant receives payment with respect to any such Award granted to him or her under the 2012 Plan, the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction for United States federal income tax purposes to an employer that is a United States subsidiary.

Table of Contents

Payment of Withholding Taxes. ACGL may withhold, or require a participant to remit to ACGL or a subsidiary, an amount sufficient to satisfy any federal, state or local withholding tax requirements associated with Awards under the 2012 Plan.

Limitation on Deductibility

Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, compensation otherwise deductible in connection with Awards granted under the 2012 Plan) by a public company to a "covered employee" (*i.e.*, the chief executive officer and three other most highly compensated executive officers of ACGL, other than the chief financial officer) to no more than \$1,000,000 each. Since ACGL will not generally be subject to United States income tax, the limitation on deductibility will not directly apply to it. However, the limitation would apply to a United States subsidiary of ACGL if it employs a covered employee. Qualified performance-based compensation will be excluded from the \$1,000,000 limitation on deductibility. Our policy is to qualify, to the extent consistent with our compensation goals and programs, our executive officers' compensation for deductibility under applicable tax laws. However, the Committee believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to our success. Consequently, the Committee recognizes that the loss of a tax deduction could be necessary in some circumstances due to the restrictions of Section 162(m). The Committee will review tax consequences as well as other relevant considerations in connection with compensation decisions.

Compliance with Sections 409A and 457A

It is intended that the 2012 Plan and the Awards granted thereunder will either be exempt from or comply with Section 409A and 457A of the Code and any regulations and guidelines issued thereunder, and that the 2012 Plan and the Awards granted thereunder be interpreted on a basis consistent with such intent.

New Plan Benefits

No benefits have been received or allocated to any employee or non-employee director under the 2012 Plan and the Awards to be granted in the future are not currently determinable and, therefore, a "New Plan Benefits" table has not been included.

Securities Authorized for Issuance under Equity Compensation Plans

In October 2001, we adopted the Long Term Incentive Plan for New Employees ("New Employee Plan") to provide incentives to attract and motivate new hires in connection with the launch of our underwriting initiative. A total of 10,902,510 of such share awards were granted under the New Employee Plan. The New Employee Plan was not approved by our shareholders and was subsequently terminated in 2002, although a total of 1,207,500 share awards remain outstanding under the New Employee Plan as of December 31, 2011. For information about our equity compensation plans, see note 17, "Share-Based Compensation," of the notes accompanying our consolidated financial statements included in our 2011 Annual Report.

PROPOSAL 5 ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") allows our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

We have a "pay-for-performance" philosophy that forms the foundation of all decisions regarding compensation of our named executive officers. This compensation philosophy, and the compensation programs approved by the compensation committee of our Board of Directors, is central to our ability to attract, retain and motivate individuals who can achieve superior results. Our approach has resulted in our ability to attract and retain the executive talent necessary to guide us during all phases of the underwriting cycle.

We are requesting shareholder approval of the compensation of our named executive officers pursuant to the compensation disclosure rules of the SEC, including the "Compensation Discussion and Analysis," the compensation tables and any related material disclosed in this proxy statement. This vote is not intended to address any one specific item of compensation, but instead the overall compensation of our named executive officers and the policies and practices described in this proxy statement.

This vote is advisory and therefore not binding on the Company, the compensation committee of the Board of Directors or the Board. The Board and the compensation committee value the views of our shareholders and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those shareholders' concerns and will evaluate whether any actions are necessary to address those concerns.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

3. *Administration.*

(a) *Authority of the Committee.* The Plan shall be administered by the Committee, and the Committee shall have full and final authority to take the following actions, in each case subject to and consistent with the provisions of the Plan:

(i) to select Eligible Persons to whom Awards may be granted;

(ii) to designate Affiliates;

(iii) to determine the type or types of Awards to be granted to each Eligible Person;

(iv) to determine the type and number of Awards to be granted, the number of Shares to which an Award may relate, the terms and conditions of any Award granted under the Plan (including, but not limited to, any exercise price, grant price, or purchase price, any restriction or condition, any schedule for lapse of restrictions or conditions relating to transferability or forfeiture, exercisability, or settlement of an Award, and waiver or accelerations thereof, and waivers of performance conditions relating to an Award, based in each case on such considerations as the Committee shall determine), and all other matters to be determined in connection with an Award;

(v) to determine whether, to what extent, and under what circumstances an Award may be settled, or the exercise price of an Award may be paid, in cash, Shares, other Awards, or other property, or an Award may be cancelled, forfeited, exchanged, or surrendered;

(vi) to determine whether, to what extent, and under what circumstances cash, Shares, other Awards, or other property payable with respect to an Award will be deferred either automatically, at the election of the Committee, or at the election of the Eligible Person; *provided* that such deferral shall be structured to be in compliance with Section 409A of the Code;

(vii) to prescribe the form of each Award Agreement, which need not be identical for each Eligible Person;

(viii) to adopt, amend, suspend, waive, and rescind such rules and regulations and appoint such agents as the Committee may deem necessary or advisable to administer the Plan;

(ix) to correct any defect or supply any omission or reconcile any inconsistency in the Plan and to construe and interpret the Plan and any Award, rules and regulations, Award Agreement, or other instrument hereunder;

Any action of the Committee with respect to the Plan shall be final, conclusive, and binding on all persons, including the Company, Subsidiaries, Affiliates, Eligible Persons, any person claiming any rights under the Plan from or through any Eligible Person, and

shareholders. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any Subsidiary or Affiliate the authority, subject to such terms as the Committee shall determine, to perform administrative functions and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the Committee may determine, to the extent permitted under Rule 16b-3 (if applicable) and applicable law. Notwithstanding any provision of this Plan to the contrary, the Committee may grant Awards which are subject to the approval of the Board; *provided* that an Award shall be subject to Board approval only if the Committee expressly so states.

(c) *Limitation of Liability.* Each member of the Committee shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or other employee of the Company or any Subsidiary or Affiliate, the Company's independent certified public accountants, or other professional retained by the Company to assist in the administration of the Plan. No member of the Committee, and no officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination, or interpretation.

(d) *Limitation on Committee's Discretion.* Anything in this Plan to the contrary notwithstanding, in the case of any Award which is intended to qualify as "performance-based compensation" within the meaning of Section 162(m)(4)(C) of the Code, the Committee shall have no discretion to increase the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as such performance-based compensation.

(e) *No Option or SAR Repricing Without Shareholder Approval.* Except as provided in the first sentence of Section 4(c) hereof relating to certain anti-dilution adjustments, unless the approval of shareholders of the Company is obtained, (i) Options and SARs issued under the Plan shall not be amended to lower their exercise price, (ii) Options and SARs issued under the Plan will not be exchanged for other Options or SARs with lower exercise prices, (iii) Options and SARs issued under the Plan with an exercise price in excess of the Fair Market Value of the underlying Shares will not be exchanged for cash or other property, and (iv) no other action shall be taken with respect to Options or SARs that would be treated as a repricing under the rules of the principal stock exchange or market system on which the Shares are listed.

(f) *Limitation on Committee's Authority Under 409A.* Anything in this Plan to the contrary notwithstanding, the Committee's authority to modify outstanding Awards shall be limited to the extent necessary so that the existence of such authority does not (i) cause an Award that is not otherwise deferred compensation subject to Section 409A of the Code to become deferred compensation subject to Section 409A of the Code or (ii) cause an Award that is otherwise deferred compensation subject to Section 409A of the Code to fail to meet the requirements prescribed by Section 409A of the Code.

4. *Shares Subject to the Plan.*

(a) Subject to adjustment as provided in Section 4(c) hereof, the total number of Shares reserved for issuance under the Plan shall be the sum of (i) 4,280,000, (ii) the number of Shares remaining available for grants of awards under the 2007 Plan (which plan will be merged into this Plan) as of the Effective Date; and (iii) the number of Shares subject to outstanding unvested, unexercised or unsettled grants under the 2007 Plan (which plan will be merged into this Plan) as of the Effective Date, which Shares shall be available to settle such outstanding grants made under the 2007 Plan; *provided, however*, that (I) no more than 50% of the Shares referred to in clauses (i) and (ii) above may be issued in connection with Full Value Awards (*i.e.*, Awards other than Options or SARs), and (II) subject to adjustment as provided in Section 4(c) hereof, no more than 2,000,000 Shares may be issued as ISOs. No Award may be granted if the number of Shares to which such Award relates, when added to the number of Shares previously issued under the Plan, exceeds the number of Shares reserved under the applicable provisions of the preceding sentence. If any Awards (including any Awards granted under the 2007 Plan or under the Company's 2005 Long Term Incentive and Share Award Plan (the "2005 Plan"), which was previously merged into the 2007 Plan) are forfeited, cancelled, terminated, exchanged or surrendered or such Award (including any Awards granted under the 2007 Plan or the 2005 Plan) is settled in cash or otherwise terminates without a distribution of Shares to the Participant, any Shares counted against the number of Shares reserved and available under the applicable provisions of the Plan with respect to such Award (including any Awards granted under the 2007 Plan or the 2005 Plan) shall, to the extent of any such forfeiture, settlement, termination, cancellation, exchange or surrender, again be available for Awards under the Plan in the same form (*i.e.*, either (A) Full Value Awards or (B) Options or SARs) as the form of the Award that was forfeited settled, terminated, cancelled, exchanged or surrendered, as the case may be; *provided, however*, that Shares subject to an Award under the Plan may not again be made available for issuance under the Plan if such Shares are (x) Shares that were subject to an Option or a stock-settled SAR and were not issued upon the net settlement or net exercise of such Option or SAR, or (y) Shares delivered to or withheld by the Company to pay the exercise price or the withholding taxes under Options, SARs or other Awards. Upon the exercise of any Award granted in tandem with any other Awards, such related Awards shall be cancelled to the extent of the number of Shares as to which the Award is exercised. Subject to adjustment as provided in Section 4(c) hereof, the maximum number of Shares (i) with respect to which Options and SARs may be granted during a calendar year to any Eligible Person under this Plan shall be 3,000,000 Shares and (ii) with respect to which Performance Shares, Performance Units, Restricted Shares, Restricted Share Units, or Other Share-Based Awards intended to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code may be granted during a calendar year to any Eligible Person under this Plan shall be 1,500,000 Shares.

(b) Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or treasury Shares including Shares acquired by purchase in the open market or in private transactions.

(c) In the event that the Committee shall determine that any dividend in Shares, recapitalization, Share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, extraordinary distribution or other similar corporate transaction or event, affects the Shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Eligible Persons under the Plan, then the Committee shall make such equitable changes or adjustments as it deems appropriate and, in such manner as it may deem equitable, (i) adjust any or all of (x) the number and kind of shares which may thereafter be issued under the Plan, (y) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards, and (z) the exercise price, grant price, or purchase price relating to any Award, or (ii) provide for a distribution of cash or property in respect of any Award; *provided, however*, in each case that, with respect to ISOs, such adjustment shall be made in accordance with Section 424(a) of the Code, unless

the Committee determines otherwise; *provided further, however*, that no adjustment shall be made pursuant to this Section 4(c) that causes any Award that is not otherwise deferred compensation subject to Section 409A of the Code to be treated as deferred compensation pursuant to Section 409A of the Code. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria and performance objectives, if any, included in, Awards in recognition of unusual or non-recurring events (including, without limitation, events described in the preceding sentence) affecting the Company or any Subsidiary or Affiliate or the financial statements of the Company or any Subsidiary or Affiliate, or in response to changes in applicable laws, regulations, or accounting principles; *provided, however*, that the Committee shall not have discretion to increase the amount of compensation payable under any Award intended to qualify as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

5. *Specific Terms of Awards.*

(a) *General.* Awards may be granted on the terms and conditions set forth in this Section 5. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 9(d)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms regarding forfeiture of Awards or continued exercisability of Awards in the event of termination of service by the Eligible Person.

(b) *Options.* The Committee is authorized to grant Options, which may be NQSOs or ISOs, to Eligible Persons on the following terms and conditions:

(i) *Exercise Price.* The exercise price per Share purchasable under an Option shall be determined by the Committee; *provided, however*, that the exercise price per Share of an Option shall not be less than the Fair Market Value of a Share on the date of grant of the Option. The Committee may, without limitation, set an exercise price that is based upon achievement of performance criteria if deemed appropriate by the Committee.

(ii) *Option Term.* The term of each Option shall be determined by the Committee, but such term shall not exceed ten years from the date of grant of the Option.

(iii) *Time and Method of Exercise.* The Committee shall determine at the date of grant or thereafter the time or times at which an Option may be exercised in whole or in part (including, without limitation, upon achievement of performance criteria if deemed appropriate by the Committee), the methods by which such exercise price may be paid or deemed to be paid (including, without limitation, broker-assisted exercise arrangements), the form of such payment (including, without limitation, cash, Shares or other property), and the methods by which Shares will be delivered or deemed to be delivered to Eligible Persons.

(iv) *ISOs.* The terms of any ISO granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code, including but not limited to the requirement that no ISO shall be granted more than ten years after the earlier of the date of adoption or shareholder approval of the Plan. ISOs may only be granted to employees of the Company or a Subsidiary.

(c) *SARs.* The Committee is authorized to grant SARs (Share Appreciation Rights) to Eligible Persons on the following terms and conditions:

(i) *Right to Payment.* A SAR shall confer on the Eligible Person to whom it is granted a right to receive with respect to each Share subject thereto, upon exercise thereof, the excess of (1) the Fair Market Value of one Share on the date of exercise over (2) the exercise price per Share of the SAR as determined by the Committee as of the date of grant of the SAR (which shall

Table of Contents

not be less than the Fair Market Value per Share on the date of grant of the SAR and, in the case of a SAR granted in tandem with an Option, shall be equal to the exercise price of the underlying Option).

(ii) *Other Terms.* The Committee shall determine, at the time of grant or thereafter, the time or times at which a SAR may be exercised in whole or in part (which shall not be more than ten years after the date of grant of the SAR), the method of exercise, method of settlement, form of consideration payable in settlement, method by which Shares will be delivered or deemed to be delivered to Eligible Persons, whether or not a SAR shall be in tandem with any other Award, and any other terms and conditions of any SAR. Unless the Committee determines otherwise, a SAR (1) granted in tandem with a NQSO may be granted at the time of grant of the related NQSO or at any time thereafter or (2) granted in tandem with an ISO may only be granted at the time of grant of the related ISO.

(d) *Restricted Shares.* The Committee is authorized to grant Restricted Shares to Eligible Persons on the following terms and conditions:

(i) *Issuance and Restrictions.* Restricted Shares shall be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose at the date of grant or thereafter, which restrictions, if any, may lapse separately or in combination at such times, under such circumstances (including, without limitation, upon achievement of performance criteria if deemed appropriate by the Committee), in such installments or otherwise, as the Committee may determine. Except to the extent restricted under the Award Agreement relating to the Restricted Shares, an Eligible Person granted Restricted Shares shall have all of the rights of a shareholder including, without limitation, the right to vote Restricted Shares and the right to receive dividends thereon.

(ii) *Forfeiture.* Except as otherwise determined by the Committee, at the date of grant or thereafter, upon termination of service during any applicable restriction period, Restricted Shares and any accrued but unpaid dividends or Dividend Equivalents that are at that time subject to restrictions shall be forfeited; *provided, however,* that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Shares will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Shares.

(iii) *Certificates for Shares.* Restricted Shares granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Shares are registered in the name of the Eligible Person, such certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Shares, and, unless otherwise determined by the Committee, the Company shall retain physical possession of the certificate.

(iv) *Dividends.* Dividends paid on Restricted Shares shall be either paid at the dividend payment date, or deferred for payment to such date, and subject to such conditions, as determined by the Committee, in cash or in restricted or unrestricted Shares having a Fair Market Value equal to the amount of such dividends. Unless otherwise determined by the Committee, Shares distributed in connection with a Share split or dividend in Shares, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Shares with respect to which such Shares or other property has been distributed.

Table of Contents

(e) *Restricted Share Units.* The Committee is authorized to grant Restricted Share Units to Eligible Persons, subject to the following terms and conditions:

(i) *Award and Restrictions.* Delivery of Shares or cash, as the case may be, will occur upon expiration of the deferral period specified for Restricted Share Units by the Committee (or, if permitted by the Committee, as elected by the Eligible Person). In addition, Restricted Share Units shall be subject to such restrictions as the Committee may impose, if any (including, without limitation, the achievement of performance criteria if deemed appropriate by the Committee), at the date of grant or thereafter, which restrictions may lapse at the expiration of the deferral period or at earlier or later specified times, separately or in combination, in installments or otherwise, as the Committee may determine.

(ii) *Forfeiture.* Except as otherwise determined by the Committee at the date of grant or thereafter, upon termination of service (as determined under criteria established by the Committee) during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award Agreement evidencing the Restricted Share Units), or upon failure to satisfy any other conditions precedent to the delivery of Shares or cash to which such Restricted Share Units relate, all Restricted Share Units that are at that time subject to deferral or restriction shall be forfeited; *provided, however*, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Share Units will be waived in whole or in part in the event of termination resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Share Units.

(iii) *Dividend Equivalents.* Unless otherwise determined by the Committee at the date of grant, Dividend Equivalents on the specified number of Shares covered by a Restricted Share Unit shall be either (A) paid with respect to such Restricted Share Unit at the dividend payment date in cash or in restricted or unrestricted Shares having a Fair Market Value equal to the amount of such dividends, or (B) deferred with respect to such Restricted Share Unit and the amount or value thereof automatically deemed reinvested in additional Restricted Share Units or other Awards, as the Committee shall determine.

(f) *Performance Shares and Performance Units.* The Committee is authorized to grant Performance Shares or Performance Units or both to Eligible Persons on the following terms and conditions:

(i) *Performance Period.* The Committee shall determine a performance period (the "Performance Period") of one or more years or other periods and shall determine the performance objectives for grants of Performance Shares and Performance Units. Performance objectives may vary from Eligible Person to Eligible Person and shall be based upon the performance criteria as the Committee may deem appropriate. The performance objectives may be determined by reference to the performance of the Company, or of a Subsidiary or Affiliate, or of a division or unit of any of the foregoing. Performance Periods may overlap and Eligible Persons may participate simultaneously with respect to Awards for which different Performance Periods are prescribed.

(ii) *Award Value.* At the beginning of a Performance Period, the Committee shall determine for each Eligible Person or group of Eligible Persons with respect to that Performance Period the range of number of Shares, if any, in the case of Performance Shares, and the range of dollar values, if any, in the case of Performance Units, which may be fixed or may vary in accordance with such performance or other criteria specified by the Committee, which shall be paid to an Eligible Person as an Award if the relevant measure of Company performance for the Performance Period is met.

Table of Contents

(iii) *Significant Events.* If during the course of a Performance Period there shall occur significant events as determined by the Committee which the Committee expects to have a substantial effect on a performance objective during such period, the Committee may revise such objective; *provided, however,* that, in the case of any Award intended to qualify as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code, the Committee shall not have any discretion to increase the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

(iv) *Forfeiture.* Except as otherwise determined by the Committee, at the date of grant or thereafter, upon termination of service during the applicable Performance Period, Performance Shares and Performance Units for which the Performance Period was prescribed shall be forfeited; *provided, however,* that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in an individual case, that restrictions or forfeiture conditions relating to Performance Shares and Performance Units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Performance Shares and Performance Units.

(v) *Payment.* Each Performance Share or Performance Unit may be paid in whole Shares, or cash, or a combination of Shares and cash either as a lump sum payment or in installments, all as the Committee shall determine, at the time of grant of the Performance Share or Performance Unit or otherwise, commencing at the time determined by the Committee.

(g) *Dividend Equivalents.* The Committee is authorized to grant Dividend Equivalents to Eligible Persons. The Committee may provide, at the date of grant or thereafter, that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Shares, or other investment vehicles as the Committee may specify, provided that unless otherwise determined by the Committee, Dividend Equivalents (other than freestanding Dividend Equivalents) shall be subject to all conditions and restrictions of any underlying Awards to which they relate.

(h) *Other Share-Based Awards.* The Committee is authorized, subject to limitations under applicable law, to grant to Eligible Persons such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including, without limitation, unrestricted shares awarded purely as a "bonus" and not subject to any restrictions or conditions, other rights convertible or exchangeable into Shares, purchase rights for Shares, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the performance of specified Subsidiaries or Affiliates. The Committee shall determine the terms and conditions of such Awards at date of grant or thereafter. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 5(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Shares, notes or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under the Plan, shall also be authorized pursuant to this Section 5(h).

6. *Certain Provisions Applicable to Awards.*

(a) *Stand-Alone, Additional, Tandem and Substitute Awards.* Awards granted under the Plan may, in the discretion of the Committee, be granted to Eligible Persons either alone or in addition to, in tandem with, or in exchange or substitution for, any other Award granted under the Plan or any award granted under any other plan or agreement of the Company, any Subsidiary or Affiliate, or any business entity to be acquired by the Company or a Subsidiary or Affiliate, or any other right of an Eligible Person to receive payment from the Company or any Subsidiary or Affiliate. Awards may be granted in addition to or in tandem with such other Awards or awards, and may be granted either as of the same time as or a different time from the grant of such other Awards or awards. Subject to the provisions of Section 3(e) hereof prohibiting Option and SAR repricing without shareholder approval, the per Share exercise price of any Option, grant price of any SAR, or purchase price of any other Award conferring a right to purchase Shares which is granted, in connection with the substitution of awards granted under any other plan or agreement of the Company or any Subsidiary or Affiliate, or any business entity to be acquired by the Company or any Subsidiary or Affiliate, shall be determined by the Committee, in its discretion.

(b) *Term of Awards.* The term of each Award granted to an Eligible Person shall be for such period as may be determined by the Committee; *provided, however*, that in no event shall the term of any Option or SAR exceed a period of ten years from the date of its grant (or, in the case of an ISO, such shorter period as may be applicable under Section 422 of the Code).

(c) *Form of Payment Under Awards.* Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Subsidiary or Affiliate upon the grant, maturation, or exercise of an Award may be made in such forms as the Committee shall determine at the date of grant or thereafter, including, without limitation, cash, Shares, or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis; *provided* that any such deferral shall be structured to be in compliance with Section 409A of the Code. The Committee may make rules relating to installment or deferred payments with respect to Awards, including the rate of interest to be credited with respect to such payments, and the Committee may require deferral of payment under an Award if, in the sole judgment of the Committee, it may be necessary in order to avoid nondeductibility of the payment under Section 162(m) of the Code.

(d) *Nontransferability.* Except as set forth below and except for vested Shares, Awards shall not be transferable by an Eligible Person except by will or the laws of descent and distribution (except pursuant to a Beneficiary designation) and shall be exercisable during the lifetime of an Eligible Person only by such Eligible Person or his guardian or legal representative. Notwithstanding the foregoing, if the Committee expressly so provides in the applicable Award agreement (at the time of grant or at any time thereafter), an Award (other than an ISO) granted hereunder may be transferred by a Participant to members of his or her "immediate family", to a trust established for the exclusive benefit of solely one or more members of the Participant's "immediate family", or to a partnership, limited liability company or other entity under which the only partners, members or equity holders are one or more members of the Participant's "immediate family." Any Award held by the transferee will continue to be subject to the same terms and conditions that were applicable to the Award immediately prior to the transfer, except that the Award will be transferable by the transferee only by will or the laws of descent and distribution. For purposes hereof, "immediate family." means the Participant's children, stepchildren, grandchildren, parents, stepparents, grandparents, spouse, siblings (including half brothers and sisters), in-laws, and relationships arising because of legal adoption. An Eligible Person's rights under the Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to claims of the Eligible Person's creditors.

(e) *Noncompetition.* The Committee may, by way of the Award Agreements or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any Award, provided

they are not inconsistent with the Plan, including, without limitation, the requirement that the Participant not engage in competition with, solicit customers or employees of, or disclose or use confidential information of, the Company or its Affiliates.

(f) *No Dividend Equivalents on Unvested Performance Awards.* Notwithstanding any provision of this Plan to the contrary, Dividend Equivalents shall not be paid with respect to Performance Shares, Performance Units or other Awards that vest based on achievement of performance objectives prior to the time the applicable performance objectives have been achieved.

7. *Director's Shares.* Each Director may make an election in writing to receive the Director's annual retainer fees payable annually in the form of Shares instead of cash at least ten (10) days prior to the payment of such annual retainer fee. Any Shares elected shall be payable at the time cash retainer fees are otherwise payable, and the number of Shares distributed shall be equal to the amount of the annual retainer fee otherwise payable on such payment date divided by the Fair Market Value of a Share on such date. Notwithstanding the foregoing, a Director who is first elected or appointed to the Board may make an election under this Section 7 within 30 days of such election or appointment in respect of annual retainer fees payable after the date of the election. Any election made under this Section 7 shall remain in effect unless and until a new election is made in accordance with the provisions of this Section 7.

8. *Performance Awards.*

(a) *Performance Awards Granted to Covered Employees.* If the Committee determines that an Award (other than an Option or SAR) to be granted to an Eligible Person should qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, the grant, vesting, exercise and/or settlement of such Award (each, a "Performance Award") shall be contingent upon achievement of preestablished performance goals and other terms set forth in this Section 8(a).

(i) *Performance Goals Generally.* The performance goals for such Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 8(a). The performance goals shall be objective and shall otherwise meet the requirements of Section 162(m) of the Code and regulations thereunder (including Treasury Regulation 1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance Awards shall be granted, vested, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, vesting, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(ii) *Business Criteria.* One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries or Affiliates or other business units or lines of business of the Company shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share (basic or fully diluted); (2) revenues; (3) earnings, before or after taxes, from operations (generally or specified operations), or before or after interest expense, depreciation, amortization, incentives, or extraordinary or special items; (4) cash flow, free cash flow, operating cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin or operating expense; (8) net income or net profit margin; (9) Share price or total stockholder return; (10) book value or growth in book, economic book and/or intrinsic book value; (11) expense ratio; (12) operating income; (13) comprehensive income or pro forma net income; and (14) strategic business criteria, consisting of one or more objectives

based on meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of Subsidiaries, Affiliates or joint ventures. The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies.

(iii) *Performance Period; Timing for Establishing Performance Goals; Per-Person Limit.* Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period, as specified by the Committee. A performance goal shall be established not later than the earlier of (A) 90 days after the beginning of any performance period applicable to such Performance Award or (B) the time 25% of such performance period has elapsed. In all cases, the maximum Performance Award of any Participant shall be subject to the limitation set forth in Section 4(a) or Section 8(a)(v), as applicable.

(iv) *Settlement of Performance Awards; Other Terms.* Settlement of such Performance Awards shall be in cash, Shares, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to the Participant in respect of a Performance Award subject to this Section 8(a). Any settlement which changes the form of payment from that originally specified shall be implemented in a manner such that the Performance Award and other related Awards do not, solely for that reason, fail to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code. The Committee shall specify the circumstances, consistent with the requirements to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, in which such Performance Awards shall be paid or forfeited in the event of termination of service of the Participant or other event (including a change in control) prior to the end of a performance period or settlement of such Performance Awards.

(v) *Maximum Annual Cash Award.* The maximum amount payable upon settlement of a cash-settled Performance Unit (or other cash-settled Award) granted under this Plan that is intended to satisfy the requirements for "performance-based compensation" under Section 162(m) of the Code for any calendar year to any Eligible Person shall not exceed \$5,000,000.

(b) *Written Determinations.* Determinations by the Committee as to the establishment of performance goals, the amount potentially payable in respect of Performance Awards, the level of actual achievement of the specified performance goals relating to Performance Awards and the amount of any final Performance Award shall be recorded in writing in the case of Performance Awards intended to qualify under Section 162(m) of the Code. Specifically, the Committee shall certify in writing, in a manner conforming to applicable regulations under Section 162(m), prior to settlement of each such Award, that the performance objective relating to the Performance Award and other material terms of the Award upon which settlement of the Award was conditioned have been satisfied.

9. *General Provisions.*

(a) *Compliance with Legal and Trading Requirements.* The Plan, the granting and exercising of Awards thereunder, and the other obligations of the Company under the Plan and any Award Agreement, shall be subject to all applicable federal, state and foreign laws, rules and regulations, and to such approvals by any stock exchange, regulatory or governmental agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Shares under any Award until completion of such stock exchange or market system listing or registration or qualification of such Shares or any required action under any state, federal or foreign law, rule or regulation as the Company may consider appropriate, and may require any Participant to make such representations and

furnish such information as it may consider appropriate in connection with the issuance or delivery of Shares in compliance with applicable laws, rules and regulations. No provisions of the Plan shall be interpreted or construed to obligate the Company to register any Shares under federal, state or foreign law. The Shares issued under this Plan may be subject to such other restrictions on transfer as determined by the Committee.

(b) *No Right to Continued Employment or Service.* Neither the Plan nor any action taken thereunder shall be construed as giving any employee or director the right to be retained in the employ or service of the Company or any of its Subsidiaries or Affiliates, nor shall it interfere in any way with the right of the Company or any of its Subsidiaries or Affiliates to terminate any employee's or director's employment or service at any time.

(c) *Taxes.* The Company or any Subsidiary or Affiliate is authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Shares, or any payroll or other payment to an Eligible Person, amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Eligible Persons to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of an Eligible Person's tax obligations; *provided, however*, that the amount of tax withholding to be satisfied by withholding Shares shall be limited to the minimum amount of taxes, including employment taxes, required to be withheld under applicable Federal, state and local law.

(d) *Changes to the Plan and Awards.* The Board may amend, alter, suspend, discontinue, or terminate the Plan or the Committee's authority to grant Awards under the Plan without the consent of shareholders of the Company or Participants, except that any such amendment, alteration, suspension, discontinuation, or termination shall be subject to the approval of the Company's shareholders (i) to the extent such shareholder approval is required under the rules of any stock exchange or automated quotation system on which the Shares may then be listed or quoted, or (ii) as it applies to ISOs, to the extent such shareholder approval is required under Section 422 of the Code; *provided, however*, that, without the consent of an affected Participant, no amendment, alteration, suspension, discontinuation, or termination of the Plan may materially and adversely affect the rights of such Participant under any Award theretofore granted to him or her. The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate, any Award theretofore granted, prospectively or retrospectively; *provided, however*, that, without the consent of a Participant, no amendment, alteration, suspension, discontinuation or termination of any Award may materially and adversely affect the rights of such Participant under any Award theretofore granted to him or her. Except as provided in the first sentence of Section 4(c) hereof relating to certain anti-dilution adjustments, unless the approval of shareholders of the Company is obtained, (i) Options and SARs issued under the Plan shall not be amended to lower their exercise price, (ii) Options and SARs issued under the Plan will not be exchanged for other Options or SARs with lower exercise prices, (iii) Options and SARs issued under the Plan with an exercise price in excess of the Fair Market Value of the underlying Shares will not be exchanged for cash or other property, and (iv) no other action shall be taken with respect to Options or SARs that would be treated as a repricing under the rules of the principal stock exchange or market system on which the Shares are listed.

(e) *No Rights to Awards; No Shareholder Rights.* No Eligible Person or employee shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons and employees. No Award shall confer on any Eligible Person any of the rights of a shareholder of the Company unless and until Shares are duly issued or transferred to the Eligible Person in accordance with the terms of the Award.

(f) *Unfunded Status of Awards.* The Plan is intended to constitute an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; *provided, however*, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Shares, other Awards, or other property pursuant to any Award, which trusts or other arrangements shall be consistent with the "unfunded" status of the Plan unless the Committee otherwise determines with the consent of each affected Participant.

(g) *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board nor its submission to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of options and other awards otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

(h) *Not Compensation for Benefit Plans.* No Award payable under this Plan shall be deemed salary or compensation for the purpose of computing benefits under any benefit plan or other arrangement of the Company for the benefit of its employees or directors unless the Company shall determine otherwise.

(i) *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. In the case of Awards to Eligible Persons, the Committee shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of such fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) *Governing Law.* The validity, construction, and effect of the Plan, any rules and regulations relating to the Plan, and any Award Agreement shall be determined in accordance with the laws of New York without giving effect to principles of conflict of laws.

(k) *Effective Date; Plan Termination.* The Plan shall become effective as of May 9, 2012 (the "Effective Date"), subject to approval by the shareholders of the Company. The Plan shall terminate as to future awards on February 28, 2022.

(l) *Section 409A.* Awards granted under the Plan are intended to comply with, or be exempt from, the applicable requirements of Section 409A and Section 457A of the Code and shall be limited, construed and interpreted in accordance with such intent. Although the Company does not guarantee any particular tax treatment, to the extent that any Award is subject to Section 409A of the Code, it shall be paid in a manner that is intended to comply with Section 409A of the Code, including regulations and any other guidance issued by the Secretary of the Treasury and the Internal Revenue Service with respect thereto. In no event whatsoever shall the Company be liable for any additional tax, interest or penalties that may be imposed on a Participant by Sections 409A or 457A of the Code or any damages for failing to comply with Sections 409A or 457A of the Code.

(m) *Titles and Headings.* The titles and headings of the sections in the Plan are for convenience of reference only. In the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.
