PROXY STATEMENT
FOR
2019 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

Why am I receiving these materials?

NIC Inc. (“NIC” or the “Company” or “we”) has made these materials available to you on the internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Company’s solicitation of proxies for use at the 2019 annual meeting of stockholders (the “Annual Meeting”) to be held on Tuesday, May 7, 2019 at 10:00 a.m., local time, and at any adjournment or postponement thereof. These materials were first sent or made available to stockholders on March 22, 2019. You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement (the “Proxy Statement”). The Annual Meeting will be held at the The Oread Hotel, 1200 Oread Ave., Lawrence, KS 66044.

What is included in these materials?

These materials include:

• This Proxy Statement for the Annual Meeting; and

• The Company’s Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC on February 21, 2019 (the “Annual Report”).

If you requested printed versions by mail, these materials also include the proxy card or vote instruction form for the Annual Meeting.

What are the Board’s recommendations?

The Board of Directors (“Board of Directors” or “Board”) recommends that you vote your shares:

1. “FOR” each of the nominees named herein for director (Proposal No. 1);
2. “FOR” the approval on an advisory basis of the compensation paid to the Company’s named executive officers, as disclosed in these proxy materials (Proposal No. 2); and
3. “FOR” the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2019 (Proposal No. 3).

Where are the Company's principal executive offices located, and what is the Company's main telephone number?

The Company's principal executive offices are located at 25501 West Valley Parkway, Suite 300, Olathe, Kansas 66061. The Company's main telephone number is (877) 234-3468.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, the Company uses the internet as the primary means of furnishing proxy materials to stockholders. Accordingly, the Company is sending the Notice of Internet Availability of Proxy Materials (the "Notice") to the Company's stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the internet to help reduce the environmental impact of its annual meetings.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

The Company has adopted a procedure called "householding," which the SEC has approved. Under this procedure, the Company is delivering a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report, to multiple stockholders who share the same address unless the Company has received contrary instructions from one or more of the stockholders. This procedure reduces the Company's printing and mailing costs, and the environmental impact of the Company's annual meetings. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, the Company will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to any stockholder at a shared address to which the Company delivered a single copy of any of these documents.

To receive a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report, stockholders may write or call the Company at the following address and telephone number:

NIC Corporate Secretary
25501 West Valley Parkway, Suite 300
Olathe, Kansas 66061
(877) 234-3468

Stockholders who hold shares in "street name" (as described below) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

If you and other residents at your address have been receiving multiple copies of the Notice and, if applicable, our Annual Report and Proxy Statement, and desire to receive only a single copy of these materials, you may contact your broker, bank or other nominee or contact us at the above address or telephone number.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

- View on the internet the Company's proxy materials for the Annual Meeting; and
- Instruct the Company to send future proxy materials to you by email.

The Company's proxy materials are also available on the Company's website at www.egov.com/investor-relations.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who can vote?

Your vote is very important. You can vote your shares at the Annual Meeting if you are present in person or represented by proxy. Stockholders of record as of the close of business on March 8, 2019 (also referred to as the Record Date) are entitled to vote. On that date, approximately 67,527,469 shares of Common Stock were outstanding and eligible to vote.

How many votes do I have?

On each matter presented at the Annual Meeting, you are entitled to one vote for each share of Common Stock owned by you at the close of business on the Record Date.

What is the difference between a stockholder of record and a beneficial owner?

Most NIC stockholders hold their shares through a broker, bank, or other nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by NIC. If you request printed copies of the proxy materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in a brokerage account at a brokerage firm, bank, broker-dealer or similar organization, then you are the "beneficial owner" of shares held in "street name," and a Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote your shares. Those instructions are contained in a "voting instruction form." If you request printed copies of the proxy materials by mail, you will receive a voting instruction form. As a beneficial owner, you are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares in

person at the Annual Meeting, unless you obtain a legal proxy from your broker, bank, or other nominee and present it to the inspectors of election at the Annual Meeting with your ballot.

If I am a stockholder of record of the Company's shares, how do I vote?

If you are a stockholder of record, there are four ways to vote:

Internet Voting. You may vote by proxy via the internet by following the instructions provided in the Notice.

Telephone Voting. You may vote by proxy by calling the toll-free number found on the proxy card.

Voting by Mail. If you requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

Voting in Person. You may vote in person at the Annual Meeting. The Company will give you a ballot when you arrive.

Proxies submitted over the internet or by telephone must be received by the deadline set forth on the proxy card. In order to ensure they are voted at the Annual Meeting, proxies submitted by mail must be received by the Company prior to May 7, 2019.

If I am a beneficial owner of the Company's shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, there are four ways to vote:

Internet Voting. You may vote by proxy via the internet by visiting www.proxyvote.com and entering the control number found in the Notice or the voting instruction form.

Telephone Voting. You may vote by proxy by calling the toll-free number found on the voting instruction form.

Voting by Mail. If you requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the voting instruction form and returning it in the envelope provided.

Voting in Person. If you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from your broker, bank, or other nominee. Please contact your broker, bank, or other nominee for instructions regarding obtaining a legal proxy.

What is the quorum requirement for the Annual Meeting?

A majority of the shares entitled to vote at the Annual Meeting must be present at the Annual Meeting in person or by proxy for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining whether there is a quorum if you:

- Are entitled to vote and you are present in person at the Annual Meeting; or
- Have properly voted on the internet, by telephone or by submitting a proxy card or vote instruction form by mail.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

How are proxies voted?

All shares represented by valid proxies received in time for the Annual Meeting in accordance with applicable deadlines will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

Indicate when voting on the internet or by telephone that you wish to vote as recommended by the Board; or
Sign and return a proxy card without giving specific voting instructions, then the persons named as proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on "routine" matters but cannot vote on "non-routine" matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspectors of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

What ballot measures are considered "routine" or "non-routine"?

The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019 (Proposal No. 3) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3.

The election of directors (Proposal No. 1) and the non-binding advisory resolution approving the Company's executive compensation (Proposal No. 2) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals No. 1 and No. 2.

What vote is required to approve each of the proposals?

With respect to the election of directors (Proposal No. 1), directors are elected by a plurality of the votes cast for the election of directors at the Annual Meeting and the director nominees who receive the most votes will be elected. However, under the Company's majority vote policy for the election of directors, in any uncontested election of directors, any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" such election is required to tender his or her resignation to the Board of Directors. The Corporate Governance and Nominating Committee is required to promptly consider the

resignation and make a recommendation to the Board of Directors with respect to the tendered resignation. The Board of Directors is required to take action with respect to this recommendation. Any director who tenders his or her resignation to the Board of Directors will not participate in the committee's consideration or Board action regarding whether to accept such tendered resignation. The policy is more fully described below under the "Structure and Practices of the Board of Directors —Governance Principles and Code of Business Conduct and Ethics—Majority Vote Policy" section of this Proxy Statement.

Approval of Proposals No. 2 (advisory vote on executive compensation) and No. 3 (ratification of independent registered public accounting firm) require the affirmative vote of the holders of a majority of all of the outstanding shares of Common Stock present or represented at the Annual Meeting and entitled to vote thereon.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present.

Directors are elected by a plurality of the votes cast for the election of directors at the Annual Meeting, with the nominees obtaining the most votes being elected. Because there is no minimum vote required for the election of directors, abstentions or withhold votes and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. However, under the Company's majority vote policy for the election of directors, in any uncontested election of directors, any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall be subject to the procedures described above.

Abstentions are counted in determining the total number of shares present in person or represented by proxy and entitled to vote thereon with respect to a proposal that requires the affirmative vote of a majority of such shares and, therefore, will have the same effect as a vote against: (i) the proposal to approve, on an advisory basis, the compensation of our named executive officers as disclosed in these materials; and (ii) the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019. Broker non-votes are not counted in determining the number of shares present in person or represented by proxy and entitled to vote thereon with respect to a proposal that requires the affirmative vote of a majority of such shares and, therefore, will not affect the outcome of the voting on these proposals.

What are the effects of the advisory votes?

The vote of the stockholders regarding the compensation of our named executive officers as disclosed in these materials is an advisory vote, and the results will not be binding on the Board of Directors or the Company. However, the Board of Directors and the Compensation Committee, which is comprised of independent directors, will consider the outcome of the vote when making future executive compensation decisions.

The vote of the stockholders regarding the frequency of future advisory votes on the compensation of our named executive officers is also an advisory vote, and the results will not be binding on the Board of Directors or the Company. However, the Board of Directors and the Compensation Committee will consider the outcome of the vote when deciding on the frequency of future advisory votes on the compensation of our named executive officers.

Can I change my vote after I have voted?

Stockholders of Record. Yes, you may revoke your prior proxy and change your vote on a later date via the internet or by telephone (in which case only your latest internet or telephone proxy submitted prior to the applicable deadline will be counted), by signing and returning a new proxy card with a later date prior to the applicable deadline, or by attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your prior proxy, unless you properly vote at the Annual Meeting. In addition, you may specifically request that your prior proxy be revoked by delivering to the Company's Corporate Secretary at 25501 West Valley Parkway, Suite 300, Olathe, Kansas 66061, a written notice of revocation prior to the date of the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are the beneficial owner of shares held in "street name" by your broker, bank or other nominee and you have instructed such broker, bank or other nominee to vote your shares, you must follow directions received from such broker, bank or other nominee to change those instructions.

Who are the proxies who will vote my shares at the Annual Meeting if I timely return my proxy card?

The Company has designated Harry H. Herington, the Company's Chairman of the Board and Chief Executive Officer, and Stephen M. Kovzan, the Company's Chief Financial Officer, with full power of substitution, to vote the authorized proxies during the Annual Meeting.

Is my vote confidential?

It is the Company's policy to maintain the confidentiality of proxy cards, ballots, and voting tabulations that identify individual stockholders, except they may be disclosed to officers, directors, authorized employees, and retained advisors to the Company, and where disclosure is mandated by law and in other limited circumstances.

Where can I find the voting results of the Annual Meeting?

The Company intends to announce preliminary voting results at the Annual Meeting and disclose final results in a current report on Form 8-K or quarterly report on Form 10-Q filed with the SEC within four business days after the Annual Meeting. If final results are not yet known within that four business day period, the Company will disclose preliminary voting results on Form 8-K and file an amendment to that Form 8-K to disclose the final results within four business days after such final results are known.

Who is paying for the cost of this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. The Company has retained Broadridge Investor Communication Services to assist in the distribution of proxy materials and tally the vote. NIC may supplement the proxy solicitations by additional communications, which may include communications by mail, fax, telephone or personal delivery or by otherwise furnishing such communications to stockholders on the internet, but no additional compensation will be paid to directors, officers or employees for such solicitation. The Company will request brokers, banks and other nominees who hold shares of NIC common stock in their names to furnish the Notice and, if requested, printed proxy materials, to beneficial owners of the shares and will reimburse such brokers, banks and nominees for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

Who can help answer my questions?

If you have any questions about the matters proposed in this Proxy Statement or the procedures for voting your shares, you should contact:

STRUCTURE AND PRACTICES OF THE BOARD OF DIRECTORS

NIC's business and affairs are managed under the direction of the Board of Directors. Currently, there are nine directors: Harry H. Herington; Art N. Burtscher; Venmal (Raji) Arasu; C. Brad Henry; Alexander C. Kemper; William M. Lyons; Anthony Scott, Jayaprakash Vijayan and Pete Wilson. All of the directors are standing for election and their biographies appear on pages 21 to 25.

Governance Principles and Code of Business Conduct and Ethics

The Board of Directors has adopted Governance Principles that address the practices of the Board and, together with the Company's Certificate of Incorporation, Bylaws and Board Committee charters, provide the framework for governance of NIC. The Company has also adopted a Code of Business Conduct and Ethics, which applies to all employees, directors and officers, including the Chief Executive Officer and the Chief Financial Officer.

The Governance Principles are available on the Company's website at <http://www.egov.com/investor-relations/governance-principles> and the Code of Business Conduct and Ethics is available on the Company's website at <http://www.egov.com/investor-relations/code-of-business-conduct-and-ethics>.

If you would like to receive a paper copy of the Governance Principles or the Code of Business Conduct and Ethics by mail, send your request in writing to the Corporate Secretary, NIC Inc., 25501 West Valley Parkway, Suite 300, Olathe, Kansas 66061. The Company intends to disclose any changes in or waivers from its Code of Business Conduct and Ethics by posting such information on its website or by filing a Form 8-K with the SEC, as required.

Majority Vote Policy

The Governance Principles include a majority vote policy for the election of directors. Pursuant to this policy, in any uncontested election of directors, any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall promptly tender his or her resignation to the Board of Directors following certification of the stockholder vote. The Corporate Governance and Nominating Committee shall promptly consider the resignation and make a recommendation to the Board of Directors with respect to the tendered resignation. In considering whether to accept or reject the tendered resignation, the Corporate Governance and Nominating Committee shall consider all factors it deems relevant and appropriate.

The Board of Directors will act on the Corporate Governance and Nominating Committee's recommendation no later than 90 days after the certification of the stockholder vote. Any director who tenders his or her resignation to the Board of Directors will not participate in the Corporate Governance and Nominating Committee's consideration or Board action regarding whether to accept such tendered resignation.

We will promptly disclose the Board of Directors' decision whether to accept the resignation as tendered (providing a full explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation) in a press release, a filing with the SEC, if required, or in another broadly disseminated means of communication.

Meetings of the Board

In 2018, the NIC Board of Directors had six regularly scheduled meetings and three special meetings, for a total of nine meetings. Each of the Company's directors attended 94% or more of the Board and committee meetings to which the director was assigned that were held during the fiscal year (or portion of the fiscal year during which he or she served as a director or committee member). In addition, management and the directors communicate informally on a variety of topics, including suggestions for Board or committee agenda items, recent developments, and other matters of interest to the directors. The Board has access to management at all times. Directors standing for election are encouraged to attend the Annual Meeting of Stockholders. All nine directors standing for election at the 2018 Annual Meeting of Stockholders attended the meeting in person.

Independence

The Board evaluates the independence of each director in accordance with applicable laws and regulations, the listing standards of The Nasdaq Stock Market, LLC ("Nasdaq") and the criteria set forth in NIC's Code of Business Conduct and Ethics and Governance Principles. These standards include evaluating material relationships with NIC, if any, to the best of each director's knowledge, including vendor, supplier, consulting, legal, banking, accounting, charitable and family relationships. Based on the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors has determined that all of the directors, except Mr. Herington, are independent as required by applicable laws and regulations, by the listing standards of Nasdaq and by NIC's Governance Principles. The Board has also assessed the independence of the members of the Audit, Compensation, and Corporate Governance and Nominating Committees based on applicable laws and regulations, the listing standards of Nasdaq and NIC's Governance Principles and has found all members of those committees to be independent. The Board's findings are included in the discussion of the committees below.

Stockholder Communications with Directors

A stockholder who would like to communicate directly with the Board, a committee of the Board or with an individual director, should send the communication to:

NIC Inc.

Board of Directors [or committee name or director's name, as appropriate]
25501 West Valley Parkway, Suite 300
Olathe, Kansas 66061

Also, stockholders can contact the Board of Directors at board@egov.com.

NIC will forward all such stockholder correspondence to the Board, committee or individual director, as appropriate. This process has been approved by the independent directors of NIC.

Board Leadership Structure

Harry H. Herington serves as the Company's Chairman of the Board and Chief Executive Officer. Art N. Burtscher serves as the Lead Independent Director. The Board believes that combining the positions of Chairman of the Board and Chief Executive Officer and having a Lead Independent Director provide an efficient and effective leadership model for the Company, combining clarity on strategy and decision-making

with effective independent oversight. The Board believes that the combined role of Chairman of the Board and Chief Executive Officer promotes unified leadership and direction for the Company and provides a single leader to guide the Company in executing the Company's business strategy. The Board does not believe that the Board's independence is compromised by having a single person serve as Chairman of the Board and Chief Executive Officer. The Board believes that having a Lead Independent Director ensures that a strong, independent director leads the Board's independent directors and is a single point of contact for the Chairman on most routine Board items, especially between meetings. The Board believes this structure avoids the management issues that often arise when the Chairman of the Board and Chief Executive Officer duties are separated. Further, a Lead Independent Director helps facilitate dialogue between the Board and stockholders by specifically identifying an independent director available for consultation and communication.

Pursuant to the Company's Bylaws, the Chairman of the Board is responsible for presiding over all meetings of the Board of Directors and performs such other duties and may exercise such other powers as from time to time may be assigned to him or her by the Bylaws or by the Board or which he believes are appropriate. The Lead Independent Director's powers, duties and responsibilities established by the Board include the following: (a) calling and presiding at executive sessions of the Board at which only independent directors are permitted to be present, along with other persons invited to attend such sessions by the Lead Independent Director or a majority of the independent directors; (b) presiding at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors; (c) having the authority to call meetings of the independent directors; (d) serving as liaison between the Chairman of the Board and the independent directors; (e) reviewing and/or supplementing materials sent to the Board that are initially prepared by or under the direction of the Chairman of the Board; (f) reviewing and/or supplementing meeting agendas for the Board that are initially prepared by or under the direction of the Chairman of the Board; (g) reviewing meeting schedules that are initially prepared by or under the direction of the Chairman of the Board in order to assure that there is sufficient time for discussion of all agenda items; (h) making recommendations to the Board regarding the structure of Board meetings; (i) recommending matters for consideration by the Board; (j) if requested by major stockholders, ensuring availability for consultation and direct communication as an independent point of contact; (k) collaborating with the Chairman of the Board on recommending tasks to be assigned to the appropriate committees; (l) with the approval of the Corporate Governance and Nominating Committee, overseeing the annual evaluation of the Board and its committees; (m) having the right to engage legal, financial and other advisers to represent the independent directors; (n) mentoring new independent directors; (o) with the approval of the Corporate Governance and Nominating Committee, making certain the CEO development and succession planning process is robust; (p) evaluating the Board education program; and (q) collaborating with the Chairman in facilitating consensus among Board members on key issues.

Cybersecurity Risk Oversight

The Board recognizes the importance of maintaining the trust and confidence of our government partners and their citizens, our stockholders, customers and employees. The Board devotes significant time and attention to the oversight of cybersecurity and information security risk. In particular, the Board receives regular reporting on cybersecurity and information security risks from the Company's Chief Security Officer. The Board also receives presentations throughout the year on cybersecurity and information security topics. The Company and Boards' commitment to cybersecurity and information security is evidenced by its appointment of the Company's Chief Security Officer as an Executive Officer of the Company.

Risk Oversight

The Board has delegated to the Audit Committee, consisting solely of independent directors, the responsibility to oversee the assessment and management of the Company’s risks, including reviewing with management significant risk exposures potentially facing the Company and the policies and steps implemented by management to identify, assess, manage and monitor such exposures. The Company’s Compensation Committee, consisting solely of independent directors, is responsible for overseeing the management of risks relating to the Company’s compensation plans and arrangements and reporting to the Audit Committee and the Board. The Board is regularly informed through committee reports regarding the Company’s risks, and reviews and discusses such risks in overseeing the Company’s business strategy and operations.

Committees of the Board

As described below, there are three standing committees of the Board. The Audit Committee

The Audit Committee oversees management’s responsibility for the integrity of the Company’s accounting and financial reporting and systems of internal controls. The Committee also oversees the performance of the Company’s independent registered public accounting firm and the Company’s compliance with legal and regulatory requirements. In addition, the Committee has the responsibility to oversee the assessment and management of the Company’s risks. The Audit Committee met five times during 2018. The report of the Audit Committee is included in this Proxy Statement starting on page 19.

The Board of Directors has determined that all of the members of the Audit Committee are independent as required by applicable laws and regulations, the listing standards of Nasdaq and NIC’s Governance Principles. The Board of Directors has determined that at least one member of the Committee, Mr. Burtscher, qualifies as an “audit committee financial expert.”

The Compensation Committee

The Compensation Committee is responsible for the establishment and oversight of the Company's executive compensation program. The Committee also has responsibility for general oversight of the Company's compensation policies and practices for all employees, particularly with respect to how such policies relate to the achievement of Company business goals and the Company's management of risk. It is the responsibility of the Committee to review, recommend and approve changes to the Company's compensation policies and benefits programs and to otherwise ensure that the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented. The Committee establishes the compensation levels of the Company's Chief Executive Officer and the Company's other executive officers, and reviews and makes recommendations to the Board regarding the level and form of the Company's director compensation. The Committee also administers the Company's stock plans, including the 2014 Amended and Restated Stock Compensation Plan (the "2014 Stock Compensation Plan") and the Amended and Restated Employee Stock Purchase Plan (the "Employee Stock Purchase Plan"). The Committee also administers the NIC Inc. Executive Incentive Plan. Finally, the Committee performs other duties related to compensation that the Board from time to time may assign. The Compensation Committee held six meetings in 2018. The Board of Directors has determined that all of the members of the Committee are independent as required by applicable laws and regulations, the listing standards of Nasdaq and NIC's Governance Principles.

The Compensation Committee may delegate any of its responsibilities to sub-committees and may delegate day-to-day administration of incentive and employee benefit plans to appropriate Company personnel. In addition, upon occasion, matters have been escalated from the Compensation Committee to the full Board of Directors for action when permitted under applicable SEC and Nasdaq rules and regulations. The executive officers receive assignments from the Compensation Committee, for example, researching compensation levels for employees, executives or directors at companies in comparable industries or of comparable size in terms of number of employees, annual revenues or market capitalization. The Compensation Committee also tasks the executive team with the first, and subsequent, drafts of the executive compensation plan each year and with drafting revisions based upon Committee guidance.

The Compensation Committee has reviewed, with management, the design and operation of the Company's compensation arrangements, including the performance objectives and target levels used in connection with incentive awards and maximum caps on performance-based pay for the Executive Leadership Team (as defined below), and has evaluated the relationship between the Company's risk management and these arrangements. The Compensation Committee believes that the Company's compensation policies and practices do not encourage unnecessary or excessive risk taking and that any risks arising from the Company's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

The Committee has the authority to retain, approve fees for and terminate advisors, consultants and legal counsel as it deems necessary to assist in the fulfillment of its responsibilities. Prior to engaging any such advisor, consultant or legal counsel, the Compensation Committee conducts an independence assessment of such advisor pursuant to applicable Nasdaq and SEC rules, but the Compensation Committee retains discretion to engage any such advisor, without regard to its independence, after considering the findings in such assessment. The Compensation Committee also reviews and discusses with the appropriate officers of the Company any disclosures required under applicable SEC rules regarding conflicts of interest with respect to such advisors.

In November 2015, as further discussed below, the Compensation Committee, with the assistance of the executive team, engaged Semler Brossy Consulting Group, LLC (“SBCG”) to assess the Company’s management compensation structure, including executive compensation, for future periods and to perform peer review analysis among other public companies engaged in the information technology services industries with similar annual revenues, number of employees, market capitalization and other financial metrics. SBCG undertook similar analyses in January 2017 with respect to the compensation of the Company’s non-employee directors. In addition, in October 2018, the Compensation Committee engaged SBCG to advise the Committee regarding executive compensation. As required under applicable SEC rules, the Company reviewed the relationships among SBCG and the Company’s directors and executive officers in order to assess whether the work performed by SBCG raised any conflicts of interest. The Company did not identify any such conflicts of interest in its inquiry of these parties as a part of this assessment.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee met four times in 2018. The Board of Directors has determined that all of the members of the Committee are independent as required by applicable laws and regulations, the listing standards of Nasdaq and NIC’s Governance Principles. The Committee focuses on two primary areas: corporate governance and nomination of directors.

The Committee provides oversight and guidance to the Board of Directors to ensure that the membership, structure, policies, and practices of the Board and its committees facilitate the effective exercise of the Board’s role in the governance of the Company. The Committee reviews and evaluates the policies and practices with respect to the size, composition, independence and functioning of the Board and its committees and reflects those policies and practices in NIC’s Governance Principles, which can be found on the Company’s website. The Committee also oversees the Company’s stock ownership guidelines for non-employee directors and certain executive officers.

Nomination of Directors

The Corporate Governance and Nominating Committee evaluates the qualifications of candidates for election as directors. In exploring potential candidates for directors, the Committee considers individuals recommended by members of the Committee, other directors, members of management, stockholders, self-nominated individuals and a third-party search firm, which assists the Committee in identifying and evaluating potential nominees and arranges for Board interviews of several solicited candidates. In nominating candidates, the Committee takes into consideration such factors as it deems appropriate on a case-by-case basis. A discussion of factors that the Committee may consider is included under “Election of Directors” in this Proxy Statement beginning on page 21.

The Committee will consider Board nominees recommended by stockholders who provide the recommendation in accordance with the procedures in the Bylaws for stockholder nominations of directors. The Committee intends to apply the same standards in considering candidates submitted by stockholders and self-nominated individuals as it does in evaluating candidates submitted by members of the Board of Directors and members of management.

The Bylaws require that a stockholder who wishes to nominate an individual for election as a director at the Company’s 2020 Annual Meeting of Stockholders must give the Company advance written notice no earlier than 120 days and no later than 90 days prior to the anniversary date of this year’s Annual Meeting. Accordingly, notice of any director nomination that a stockholder intends to present at the Company’s 2020 Annual Meeting must be received at the Company’s principal executive offices not earlier than January 8,

2020 and not later than February 7, 2020. The Bylaws also require a stockholder who wishes to nominate an individual or himself or herself for election as a director to provide certain specified information. This specified information includes, among other things, certain information about the stockholder and certain information about the nominee, such as the nominee's name, address, principal occupation, relationship with the nominating stockholder, a completed questionnaire and the nominee's written consent to being named a nominee and to serve as a director if elected.

Stockholders may request a copy of the Bylaw requirements from:

Corporate Secretary
NIC Inc.
25501 West Valley Parkway, Suite 300
Olathe, Kansas 66061

Notice of any director nominations for this year's Annual Meeting must have been received no earlier than January 1, 2019 and no later than January 31, 2019. NIC did not receive any stockholder nominations of directors within this time frame.

The Board has determined that a majority of the Board members are independent directors. Each nominee for director is an existing director standing for re-election.

Involvement in Certain Legal Proceedings

In connection with a settlement with the SEC in 2011 resolving its investigation related to the reimbursement and disclosure by the Company of expenses to Jeffery S. Fraser, the Company's former Chairman of the Board and Chief Executive Officer, the Company and Harry H. Herington, Chairman of the Board and Chief Executive Officer, consented to a permanent injunction against future violations of certain provisions of the federal securities laws and SEC rules which are set forth in exhibits to the Current Report on Form 8-K filed by the Company with the SEC on January 12, 2011 describing the settlement.

DIRECTOR COMPENSATION

In January 2017, after three years of the Company operating under its previous director compensation program, the Compensation Committee engaged SBCG to update its assessment of director compensation. For this study, SBCG used the same peer group of companies that it used when the Compensation Committee engaged SBCG for an executive compensation study in November 2015. SBCG determined that director cash and equity compensation levels, and by extension, total compensation levels were low compared to the peer group median. In addition, general committee compensation and committee chair compensation were both low compared to market. Based on the results of the study and on the recommendation of the Compensation Committee, the Board approved the Company's current compensation program for directors for fiscal year 2018. For a list of peer group companies, refer to the "Peer Group" section of the Compensation Discussion and Analysis ("CD&A") in this Proxy Statement beginning on page 27.

Under the Company's current director compensation program, directors are entitled to the following cash compensation: (1) an annual cash retainer of \$45,000, (2) an annual cash retainer premium for committee chairs of \$15,000 for the Audit Committee, \$10,000 for the Compensation Committee and \$7,500 for the Corporate Governance and Nominating Committee, (3) an annual cash retainer premium for committee members of \$7,500 for the Audit Committee, \$5,000 for the Compensation Committee and \$3,750 for the Corporate Governance and Nominating Committee, and (4) an annual cash retainer premium of \$10,000 for the Lead Independent Director. New directors receive a prorated retainer for the portion of the year served on the Board until the next Annual Meeting of Stockholders. From an equity compensation standpoint, the Company's Board compensation program provides for an annual grant of service-based restricted stock with a grant date fair value of \$100,000, which vests after one year. The ratio of equity to cash compensation is approximately 70% to 30%, which is in line with SBCG's recommendation and with the Compensation Committee's philosophy that a preponderance of total value should come from equity compensation.

Upon first joining the Board, any new director will receive an award of restricted stock with an equivalent fair market value of \$25,000 on the date of the award, which vests after one year. Directors are entitled to cash dividends on shares of unvested restricted stock (including initial and annual share grants) in the same amount and at the same time as dividends are paid to other holders of the Company's common stock.

Directors who are also executive officers of the Company do not receive compensation for service on the Board of Directors. Therefore, Mr. Herington is not listed in the Director Compensation table below.

All directors are eligible to participate in the Company's 2014 Stock Compensation Plan. Non-employee directors are not eligible to participate in the Company's Employee Stock Purchase Plan. Directors are reimbursed for travel expenses and other out-of-pocket costs incurred in connection with their attendance at meetings.

In March 2011, the Company adopted a stock ownership policy applicable to non-employee directors and the Company's Executive Leadership Team, as further discussed in the CD&A.

The following table provides information on the compensation of non-employee directors in 2018.

ELECTION OF DIRECTORS (PROPOSAL NO. 1)

The Board of Directors currently consists of nine directors. Each of the nominees listed below is an incumbent director. The nomination of all nine nominees to serve for a one-year term was recommended by the Corporate Governance and Nominating Committee and approved by the Board of Directors. The nine nominees receiving the most votes will be elected. Abstentions and broker non-votes have no effect on the election. Proxies cannot be voted for a greater number of persons than the number of nominees named on the enclosed form of proxy, and stockholders may not cumulate their votes in the election of directors.

Each nominee has consented to stand for election and the Board does not anticipate that any nominee will be unavailable to serve. However, if any nominee becomes unavailable to serve at the time of the Annual Meeting, the Board of Directors may provide for a lesser number of directors or designate substitute nominees. If substitute nominees are designated, the persons named in the enclosed proxy will vote proxies for the remaining nominees and any substitute nominees, unless otherwise instructed by a stockholder.

We have a majority vote policy for the election of directors. In an uncontested election, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election is required to tender his or her resignation to the Board of Directors. The policy is more fully described above under the “Structure and Practices of the Board of Directors —Governance Principles and Code of Business Conduct and Ethics—Majority Vote Policy” section of this Proxy Statement.

If you wish to vote for or withhold your vote from all nominees, please mark the corresponding box on your proxy card. If you do not wish your shares to be voted for a particular nominee, you should note that nominee’s name in the exception space provided on the proxy card. The following biographies provide information about each nominee’s principal occupation and business experience, age, and other directorships, as well as current NIC Board committee memberships.

 COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This CD&A describes our executive compensation programs and compensation decisions in 2018. Our named executive officers (“executive officers” or “NEOs”) included our four Executive Leadership Team members and one member of our Senior Management Steering Group, who for 2018 were:

Name	Title
Harry H. Herington	Chairman of the Board and Chief Executive Officer (“CEO”)
Stephen M. Kovzan	Chief Financial Officer (“CFO”)
Robert W. Knapp, Jr. ¹	Chief Operating Officer (“COO”)
Jayne Friedland Holland	Chief Security Officer (“CSO”)
William A. Van Asselt	General Counsel and Secretary

Mr. Herington, in his role as CEO, has formally designated an Executive Leadership Team, comprised of the Company’s most experienced senior executives having the most knowledge about the Company and its operations. The Executive Leadership Team provides advice and counsel to Mr. Herington on a regular basis and assists in formulating strategy and tactics for furthering the Company’s business. Executive Leadership Team members for 2018 were Messrs. Herington, Kovzan, and Knapp and Ms. Holland.

Mr. Herington has also formally designated a Senior Management Steering Group to provide a forum for discussing risks and opportunities identified by the various NIC divisions that might affect the growth and stability of the Company. The Senior Management Steering Group is comprised of the Executive Leadership Team, as well as Mr. Van Asselt and Mr. Doug Rogers, Senior Vice President of Business Development. Mr. Herington regularly consults with this broader group of senior management.

Philosophy and Objectives

The philosophy underlying the Company's executive compensation program is to link total compensation with both short- and long-term Company performance and increase stockholder value through profitable growth and the execution of specific strategies. Superior performance by our executive team is essential to these goals, so we have structured our executive pay programs to attract and retain talented, highly-qualified executives, to reward performance through incentive compensation and to align the interests of executives and stockholders through longer-term equity-based compensation. The Company’s Compensation Committee (referred to in this CD&A as the “Committee”) has adopted a straightforward approach to executive compensation, whereby material components of pay are tied to elements of the Company’s financial performance. The Committee structures its compensation programs to align executive and stockholder interests, by fostering a team-based environment that recognizes the Company’s entrepreneurial history and strong record of financial performance.

¹ Mr. Knapp stepped down as the Company's Chief Operating Officer effective January 27, 2019.

The Committee considers input from our CEO and CFO regarding the responsibilities and accomplishments of individual executive officers, and recommendations regarding salary, bonus, equity compensation, performance goals and overall compensation levels for executive officers. Our CEO, CFO and other executive officers attended portions of Committee meetings throughout the year in order to provide information and help explain data relating to matters considered by the Committee. Executive officers, however, were not present during deliberations or determination of their respective compensation or during executive sessions. All decisions regarding the compensation of executive officers ultimately were made solely by the Committee, which considered these recommendations and exercised its discretion to modify certain recommended adjustments or awards based on a number of factors considered by the Committee.

The Committee has the authority to retain outside consultants or advisors as it deems necessary to provide desired expertise and counsel. The Committee retains a compensation consultant approximately every three years to provide updated information and analysis to the Committee. The Committee has periodically engaged the services of Semler Brossy Consulting Group (“SBCG”) as its compensation consultant, including for 2016, which resulted in a compensation study that was utilized by the Committee in connection with 2018 executive compensation decisions. SBCG reports directly and exclusively to the Committee and provides advice regarding current and emerging best practices with regard to executive compensation. Specifically, the Committee asked SBCG to review and update the peer group used to benchmark executive compensation levels; and perform a competitive assessment of target pay opportunities for the Executive Leadership Team against the peer group and broader market survey data.

Also, the Committee considers carefully the views and input of stockholders, including previous “say on pay” results, when determining executive pay. At last year’s annual meeting, stockholders voted strongly in favor of the Company’s approach to executive compensation – 97% of the votes cast on the advisory ‘say on pay’ resolution were voted in favor of the resolution. The Committee believes this affirms that our stockholders generally support the Company’s approach to executive compensation. Accordingly, the Committee has taken no specific actions to modify our executive compensation program as a direct result of these non-binding, advisory votes but, rather, has continued to oversee the program in accordance with its best judgment and stated governing principles.

Peer Group

The peer group developed pursuant to the SBCG study consisted of 18 companies in similar businesses and of comparable size to NIC at the time. The 18 members of the peer group used for the 2016 study were as follows:

ACI Worldwide, Inc. (ACIW)	LogMeIn, Inc. (LOGM)
Blackbaud Inc. (BLKB)	Perficient Inc. (PRFT)
Bottomline Technologies, Inc. (EPAY)	Stamps.com, Inc. (STMP)
CoStar Group Inc. (CSGP)	Tyler Technologies Inc. (TYL)
DHI Group, Inc. (DHX)	VASCO Data Security International, Inc. (VDSI) **
Ebix, Inc.(EBIX)	XO Group Inc. (XOXO)*
j2 Global, Inc. (JCOM)	DealerTrack Holdings Inc. (TRAK)*
Liquidity Services, Inc. (LQDT)	EPIQ Systems Inc. (EPIQ)*
LivePerson Inc. (LPSN)	Higher One Holdings, Inc. (ONE)*

* Since the 2016 study this Company has been acquired or taken private.

** Since the 2016 study this Company changed its name to OneSpan and now trades under the ticker symbol OSPN.

SBCG's 2016 study indicated that total pay opportunities (cash, annual cash incentive and long-term equity incentives) for the four members of the Executive Leadership Team were generally at the low end of the competitive range compared to the peer group ("market"), with the largest shortcoming attributable to long-term equity-based incentives. At the Committee's direction, SBCG looked to the 25th and 50th percentiles of market as key competitive pay boundaries for NIC, with the 25th percentile as the low end of the competitive range, and the 50th percentile as the high end, taking into consideration NIC's overall size compared to many peer group members. To this end, SBCG's study indicated that NIC's annual revenue was somewhat below the median of peers, with other measures of company size and scope, such as market value and profitability above peer medians, and assets and employee count below peer medians. Specifically, the study indicated that:

- Base salaries were generally at the 25th percentile of market for the CEO, CFO and CSO, and below the 25th percentile for the COO;

- Target total annual cash compensation (i.e., base salary and annual cash incentive) was at the 25th percentile of market for the CEO and below the 25th percentile for the CFO, COO and CSO; and

- Target total annual compensation, inclusive of long-term, equity-based incentives, was below the 25th percentile for total pay for all four members of the Executive Leadership Team.

In terms of mix of pay between cash and equity, SBCG's study indicated that long-term equity incentive opportunities were light in the overall mix of pay relative to competitive practice. SBCG recommended long-term equity incentives as the most natural lever to ensure the overall competitiveness of the Company's executive compensation program going forward, and in doing so, linking incremental pay to longer-term Company performance and shareholder value.

For 2016, the Committee did not make any changes to the basic structure of the Company's executive compensation program, but the Committee did approve certain changes to executive compensation as more fully described in the proxy statement for the 2017 annual meeting of stockholders filed with the SEC on March 17, 2017. The underlying intention of these changes was to increase total pay opportunities for the Executive Leadership team, in the aggregate, to more closely align with the 25th percentile levels of market. Among the changes, the Committee increased base salaries of the Executive Leadership Team, made certain modifications to the annual cash incentive and long-term equity incentives components to increase target incentive percentages. In addition, the Committee adjusted certain performance levels used to evaluate Company performance to reflect past and expected future performance of the Company.

Components of Our Executive Compensation Program

The Committee has maintained a very consistent approach and structure for compensation of the specified members of the Executive Leadership Team since 2008, with modest adjustments from year to year, determined by the Committee, to maintain strong alignment with our business objectives and organizational context. The primary components of our executive compensation program are as follows:

Type	Component	Objective
Base Salary	Fixed portion of compensation; reviewed annually.	Provide competitive pay reflective of an executive's role, responsibilities and individual performance in order to attract and retain top talent.
Short-Term Incentive	Annual cash incentive; performance-based cash opportunity; amount varies based on company performance.	Drive achievement of annual corporate goals.
Long-Term Incentive	Service-based and performance-based restricted stock awards, subject to time-based vesting requirements and certain performance-conditions.	Promote achievement of long-term corporate goals through operating performance objectives over a three-year period, encourage ownership stake, and promote retention.

The Executive Compensation Program for Messrs. Herington, Kovzan and Knapp and Ms. Holland

Base salary. The Committee annually reviews Executive Leadership Team base salaries, and annual salary increases are not automatic or guaranteed. When considering any adjustments, the Committee considers the most recent SBCG study, market data, job responsibilities and individual performance. Base salaries paid to the Executive Leadership Team in 2018 are presented in the 2018 Summary Compensation Table of this Proxy Statement. There were no changes to base salaries for the Executive Leadership Team in 2018.

Annual cash incentives. As further discussed below under “The Executive Incentive Plan and Tax Considerations,” the 2018 annual cash incentive was granted under the Management Annual Incentive Plan for Senior Executives, or (“MAIPSE”), which establishes initial performance requirements, or the “outer layer,” pursuant to which an executive may earn the right to receive the maximum award under the NIC Inc. Executive Incentive Plan, which provides an upper limit on cash bonuses to be awarded upon achievement of certain objective performance goals. The outer layer component of the MAIPSE for 2018 was as follows: positive net income, as reported on NIC’s consolidated statement of income for the 2018 fiscal year, or total revenues, as reported on NIC’s consolidated statement of income, that equal or exceed \$336.5 million for the 2018 fiscal year. NIC achieved both qualifications for the 2018 fiscal year and thus the executives achieved the maximum incentive award possible, which is the lesser of (a) 200% of the officer’s base salary on the last day of 2018, or (b) \$2.5 million, as step one in the process.

As the next step in the process, the yearly “inner layer” component of the MAIPSE establishes the criteria within which the Committee would exercise its discretion for awards based upon attainment of Company financial goals that will be used to determine actual award amounts that are below the maximum incentive award. The Committee in effect uses its “negative discretion” to reduce the maximum awards, as it deems appropriate, based on the Company’s financial performance relative to these pre-determined criteria. Within these boundaries, the Committee has discretion to vary the actual awards to take into consideration the particular events of the year in coming to its final award for each executive officer. The following is a discussion of the inner layer component of the MAIPSE.

The 2018 MAIPSE measures annual Company performance using the following key financial metrics as performance criteria (dollar amounts in millions):

Performance Criteria	Performance Levels			
	Threshold	Target	Maximum	Weighting
Operating income	\$60.4	\$67.1	\$73.8	67%
Total revenues	\$326.2	\$343.4	\$360.6	33%

For 2018, the Committee retained “target” performance levels for the Company for operating income and total revenues based upon the Company’s 2018 annual budget approved by the Board of Directors. Threshold levels were set at 90% of the target level for operating income and 95% of the target level for total revenues. Superior levels were set at 110% of the target level for operating income and 105% of the target level for total revenues. Management and the Committee believe that these metrics drive stockholder value in the near term and comprise a strong pay-for-performance relationship. The definitions of operating income and total revenues are consistent with those terms defined in generally accepted accounting principles and may be derived directly from the face of the consolidated statements of income included in the Company’s Annual Report on Form 10-K for the applicable annual period.

Performance of the Company at the target level is intended to result in an annual cash incentive at a specified percentage of the executive’s base salary. The Committee also determined a range of possible cash incentives above and below target performance for achieving “threshold” and “superior” performance. For amounts between the threshold and target levels or between the target and superior levels, straight line interpolation is to be used. No payments are to be awarded under the plan with respect to a performance criterion if threshold performance with respect to that criterion is not achieved, and no additional payments are to be awarded for performance in excess of the superior level. For 2018, the Committee maintained the 2017 percentage levels of base salary for determining potential payouts to be awarded to the members of the Executive Leadership Team with the exception of the CSO for which the Committee increased the 2018 percentage levels of base salary (from 15%, 30% and 50% to 27.5%, 55% and 91.9%.) The percentage levels used by the Committee for the Executive Leadership Team members were as follows:

Name	Base Salary	Threshold	Target Cash	Superior
		Cash Incentive as a % of Base Salary	Incentive as a % of Base Salary	Cash Incentive as a % of Base Salary
Harry H. Herington	\$500,000	50%	100%	167%
Robert W. Knapp, Jr.	\$325,000	37.5%	75%	125%
Stephen M. Kovzan	\$325,000	32.5%	65%	108.6%
Jayne Friedland Holland	\$315,000	27.5%	55%	91.9%

Threshold performance for incentive awards under each performance criterion was 0.5 times target in 2018 and for superior performance each criterion was 2 times target, the same as in 2017 and 2016. However, the maximum total incentive payout for the two performance criteria when combined was capped at 1.67 times target, also the same as in 2017 and 2016.

For 2018, the Company achieved total operating income of \$75.1 million and total revenues of \$344.9 million, which resulted in annual cash incentive payments above target pay levels. Based on the

Company's 2018 actual financial performance in relation to the performance criteria and performance levels, the following annual cash incentive awards were paid in early 2019:

Name	2018 Annual Cash Incentive Paid	2018 % Annual Cash Incentive As a % of Base Salary
Harry H. Herington	\$835,000	167%
Robert W. Knapp, Jr.	\$407,063	125.3%
Stephen M. Kovzan	\$352,788	108.6%
Jayne Friedland Holland	\$289,328	91.9%

Long-term, equity-based incentives. As determined by the Committee, the Company's long-term, equity-based incentive for the specified members of the Executive Leadership Team included in the executive compensation program provides for annual restricted stock grants with a service-based component and a Company performance component to compensate executives with regard to the Company's long-term growth objectives.

Service-Based Component

Service-based restricted stock awards vest ratably over a four-year service period following the date of grant. There is no performance component tied to the service-based award. The members of the Executive Leadership Team are entitled to cash dividends on shares of unvested service-based restricted stock in the same amount and at the same time as dividends are paid to other holders of the Company's common stock. The Company believes that restricted shares further the alignment of executive interests with those of stockholders, foster share ownership and wealth creation and provide significant retention value. Further, restricted shares provide a degree of certainty in an otherwise performance-based equity portfolio.

For 2018, the Committee maintained the 2017 annual amount of service-based restricted stock to be awarded to the members of the Executive Leadership Team with the exception of the CSO. The Committee increased the 2018 percentage level of base salary for the CSO from 50% to 75%. The annual amount, as a percentage of base salary, was as follows: CEO (150%), COO (95%), CFO (75%), and CSO (75%). The amounts of service-based restricted stock awarded to each specified member of the Executive Leadership Team were consistent with the recommendations of management. The differences in percentage of base salary for each specified member of the Executive Leadership Team reflect differences in the scope of duties and responsibilities and, in part, the "gap to market" for total long-term equity incentive compensation determined in the 2016 SBCG study.

On February 22, 2018, the Committee granted the specified members of the Executive Leadership Team the following awards of service-based restricted stock for 2018 based upon the above percentages of base salary (the closing market price of the Company's common stock on February 22, 2018 was \$13.70 per share):

Name	Service-Based Restricted Shares
Harry H. Herington	54,744 shares
Robert W. Knapp, Jr.	22,536 shares
Stephen M. Kovzan	17,791 shares
Jayne Friedland Holland	17,244 shares

Performance-Based Component

The performance-based equity incentive provides for annual grants of restricted stock tied to three-year performance periods. A new three-year period is intended to begin each year. At the end of each three-year period, the members of the Executive Leadership Team receive a number of shares per a pre-defined schedule of threshold, target and superior Company performance. Each level of performance is associated with a pre-defined payout, expressed as a percentage of base salary.

Pursuant to the terms of the performance-based equity grant agreements, the members of the Executive Leadership Team have the opportunity to earn dividend equivalent shares for any cash dividends declared by the Company during the performance period and before any shares are paid under the agreement.

The 2018 performance component measures long-term Company performance using the following performance criteria:

Performance Criteria	Performance Levels			
	Threshold	Target	Maximum	Weighting
Operating income growth (three-year compound annual growth rate (“CAGR”))	5%	10%	15%	33.33%
Total revenue growth (three-year CAGR)	5%	10%	15%	33.33%
Return on invested capital (“ROIC”) (three-year average)	30%	35%	40%	33.34%

The definition of ROIC is income before interest and income taxes, less the effect of income taxes, divided by average net assets. Average net assets is defined as average total assets, less average total liabilities. All elements of the performance criteria definitions are derived directly from the Company’s audited consolidated financial statements.

Performance levels in the table above were recommended by management and approved by the Committee based on the Company’s past and expected future performance and were unchanged from the levels used for the 2017 grants. The target performance level for operating income growth (10%) was lower than the Company’s performance for the three-year period ended December 31, 2016 (14%), but higher than the Company’s performance for the three-year period ended December 31, 2017 (8%) and one-year period ended December 31, 2017 (6%). The target performance level for total revenue growth (10%) was higher than the Company’s performance for the three-year periods ended December 31, 2016 (8%) and 2017 (7%) and one-year period ended December 31, 2017 (1%). The target performance level for ROIC (35%) was lower than the Company’s performance for the three-year periods ended December 31, 2016 (41%) and 2017 (39%), but higher than the Company’s performance for the one-year period ended December 31, 2017 (33%).

Performance of the Company at threshold, target or superior levels is intended to result in a share-based incentive at a specified percentage of the executive’s base salary. For each performance measure, no shares are awarded if threshold performance is not achieved, and no additional shares are awarded for performance in excess of the superior level. For amounts between the threshold and target levels or between the target and superior levels, straight line interpolation, rounded up to the next whole share, will be used to determine the portion of the award that becomes vested. The percentage levels used by the Committee for Executive Leadership Team members are as follows:

Name	Base Salary	Threshold Equity Incentive as a % of Base Salary	Target Equity Incentive as a % of Base Salary	Superior Equity Incentive as a % of Base Salary
Harry H. Herington	\$500,000	75%	150%	250%
Robert W. Knapp, Jr.	\$325,000	47.5%	95%	158.7%
Stephen M. Kovzan	\$325,000	37.5%	75%	125%
Jayne Friedland Holland	\$315,000	25%	50%	83.5%

Threshold performance for incentive awards under each performance criterion remained at 0.5 times target in 2018, and for superior performance each criterion remained at 2 times. However, the maximum total incentive payout for all three performance criteria when combined was capped at 1.67 times target, the same as in 2017 and 2016. These levels were consistent with the levels approved by the Committee for the annual cash incentive, as further discussed above.

2018 Performance-based Grants - On February 22, 2018, the Committee granted the specified members of the Executive Leadership Team the following awards of performance-based restricted stock for 2018 pursuant to the terms of the long-term equity incentive (the closing market price of the Company's common stock on February 22, 2018 was \$13.70 per share):

Name	Performance-Based Restricted Shares Granted (1)
Harry H. Herington	91,241 shares
Robert W. Knapp, Jr.	37,636 shares
Stephen M. Kovzan	29,654 shares
Jayne Friedland Holland	19,199 shares

Represents the maximum number of performance-based restricted shares able to be earned by the NEO at the end of the three-year performance period ending December 31, 2020 pursuant to the terms of the long-term equity (1)incentive. The actual number of shares earned will be based on the Company's performance as indicated above over the three-year period ending December 31, 2020. No shares will vest if threshold performance is not achieved, and no additional shares will vest for performance in excess of the superior level.

Pursuant to the terms of the 2018 performance-based equity grant agreement, at the end of the three-year performance period, each specified member of the Executive Leadership Team may receive an additional number of shares ("Dividend Shares") determined as follows: (1) as of each date (the "Dividend Payment Date") that the Company would otherwise pay a declared cash dividend on the total number of shares set forth in the agreement, the Company credits a number of Dividend Shares to a notional account established for the benefit of each specified member of the Executive Leadership Team, and the number of Dividend Shares so credited is calculated by dividing the amount of such hypothetical cash dividend payment by the fair market value of the Company's common stock on the Dividend Payment Date (rounded down to the nearest whole Dividend Share); and (2) on the date some or all of the shares are paid under the agreement, a pro rata number of notional Dividend Shares will be converted into an equivalent number of Dividend Shares earned and paid to each specified member of the Executive Leadership Team based upon the actual number of underlying shares vested during the performance period.

2018 Performance-based Payouts – The end of the 2018 fiscal year marked the completion of the three-year performance period for performance-based restricted stock awards granted in 2016. The following table sets forth performance levels for the performance criteria included in the long-term equity incentive grant made to the Executive Leadership Team in 2016 and actual results for the three-year period ended December 31, 2018:

Performance Criteria	Performance Levels			Three-Year Actual Results
	Threshold	Target	Superior	
Operating income (three-year CAGR)	5%	10%	15%	3.7%
Total revenue (three-year CAGR)	5%	10%	15%	5.7%
Cash flow return on invested capital, excluding income taxes paid (three-year average)	30%	35%	40%	36.4%

Based on the Company's performance as indicated above over the three-year period ended December 31, 2018, the actual total shares earned by the Executive Leadership Team were as follows:

Name	Restricted	Dividend	Total
	Shares Vested	Shares Earned	
Harry H. Herington	33,312	2,176	35,488
Robert W. Knapp, Jr.	13,713	893	14,606
Stephen M. Kovzan	10,826	704	11,530
Jayne Friedland Holland	6,995	453	7,448

The Executive Compensation Program for William A. Van Asselt

William A. Van Asselt is General Counsel and a member of the Senior Management Steering Group. Mr. Van Asselt is the primary officer responsible for the Company's compliance with the applicable laws and regulations under which the Company operates. Mr. Van Asselt's 2018 compensation program differed from the Executive Leadership Team primarily because he did not participate in a performance-based equity incentive plan in 2018. The other components of Mr. Van Asselt's compensation program include base salary, a short-term annual incentive (i.e., annual cash bonus), and a long-term, service-based equity incentive, as described below.

Base salary. The Committee increased Mr. Van Asselt's annual base salary by 3% in January 2018 to \$291,750.

Annual cash incentive. Under the terms of Mr. Van Asselt's Profit Sharing and Incentive Program, Mr. Van Asselt's annual cash incentive award is based on a pre-established Company annual operating income goal and the award amount is calculated as a percentage of Mr. Van Asselt's base salary, which was recommended by the CEO to, and approved in its sole discretion by, the Committee. Mr. Van Asselt's annual cash incentive target was 25% of his base salary for fiscal 2018. If the pre-established Company annual operating income goal had not been achieved, no annual cash incentive would have been paid, unless

otherwise provided. Based on the achievement of the 2018 Company operating income goal, the Company paid the annual cash incentive payment to Mr. Van Asselt totaling \$72,938 in early 2019.

Long-term, service-based equity incentive. Mr. Van Asselt's long-term, equity-based incentive is comprised of an annual service-based restricted stock grant, in the amount of a percentage of his base salary, designed to strengthen his long-term commitment to the success of the Company, to promote ownership in the Company, and to motivate him to make significant contributions to the Company that increase stockholder value. Under the terms of Mr. Van Asselt's Profit Sharing and Incentive Program, the annual amount of service-based restricted stock to be awarded was a percentage of annual base salary recommended by the CEO to, and approved in its sole discretion by, the Committee. Mr. Van Asselt's 2018 long-term, equity-based incentive target was 35% of his base salary on the grant date of the award. Service-based restricted stock awards vest ratably over a four-year service period following the date of grant. On January 28, 2019, the Committee granted Mr. Van Asselt 7,226 shares of service-based restricted stock for 2018 pursuant to the terms of the long-term incentive plan (the closing market price of the Company's common stock on January 28, 2019 was \$14.13 per share).

Executive Perquisites for 2018

Other components of executive compensation beyond base salary, annual cash incentives and long-term equity-based incentives include Company-paid executive life and disability insurance premiums for Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland pursuant to the terms of their employment agreements. With respect to these perquisites, the Committee considered the cost of each perquisite and the total amount of compensation otherwise provided to each executive.

Stock Ownership Requirements for Executive Leadership Team Members and Non-Employee Directors

In 2011, the Board of Directors approved a stock ownership policy, which is administered by the Corporate Governance and Nominating Committee. Both the Board and management believe such a policy generally represents a progressive governance posture and can help underscore a principal objective of equity-based compensation by fostering alignment of Board and management interests with those of stockholders. The policy is based on a "multiple of" approach to stock ownership whereby ownership guidelines for the members of the Executive Leadership Team are based on a multiple of base salary and for non-employee directors are based on a multiple of annual cash retainer. The policy's stock ownership requirements for each participant are as follows:

Non-employee directors: four (4) times annual cash retainer

CEO: six (6) times annual base salary

The Company's CFO, COO and CSO: three (3) times annual base salary

NIC common stock that is vested and owned by the participant will count toward satisfaction of the policy's requirements. Stock owned by the participant includes shares owned outright (i.e., held individually or as co-owner with a spouse) and shares beneficially owned but held in trust or in another entity for the benefit of the participant and his or her immediate family. Unvested equity awards do not count toward satisfaction of the policy's requirements. During times that the minimum ownership requirement is not attained, the participant is required to retain at least 50% (or such other percentage as subsequently set by the Corporate Governance and Nominating Committee) of net shares of common stock delivered through

the Company's equity compensation plans. Net shares of common stock refer to those shares that remain after shares are forfeited, sold or netted to pay any withholding taxes with respect to the vesting of any restricted stock. The policy contains a hardship provision administered by the Corporate Governance and Nominating Committee.

All non-employee directors and members of the Executive Leadership Team subject to the stock ownership requirements described herein currently meet such requirements, with the exception of Mr. Anthony Scott and Mr. Jayaprakash Vijayan, whom were appointed to the Board of Directors in June 2018. Mr. Scott and Mr. Vijayan are within the grace period allowed under the policy to come into compliance with the policy.

Prohibition of Hedging in Company Stock

All employees and non-employee directors of the Company are prohibited from trading in puts, calls or similar hedging options on the Company's stock, or selling the Company's stock "short," as described in the Company's Trading and Disclosure of Non-Public Information Policy.

Employment Agreements with Named Executive Officers

On February 5, 2013, the Company entered into employment agreements with each of Messrs. Herington, Kovzan, and Knapp. The employment agreements each have substantially the same terms, except with respect to job titles and responsibilities and the amount payable to each executive officer. Each of the employment agreements has a three-year term, and unless notice is provided at least six months prior to the end of the respective term, automatically renews for additional three-year terms. On May 5, 2015, the Company entered into an employment agreement with Ms. Holland, which included terms consistent with the employment agreements of the other executive officers, when she was promoted to the Executive Leadership Team.

On July 27, 2015, the Company entered into the first amendment to the employment agreements with each of Messrs. Herington, Kovzan and Knapp, and Ms. Holland. Each of the amendments is identical and makes the following changes to the employment agreements: (a) acknowledges the indemnification agreement previously entered into between the Company and the executive, clarifies that the executive shall be an officer covered by the indemnification agreement, and requires that such indemnification agreement be maintained throughout the period of the employment agreement; and (b) clarifies that any notice to the executive from the Company intending to terminate the executive's employment for cause must include the facts and circumstances that are the basis for the termination.

On July 29, 2018, the Company entered into an employment agreement with Mr. Van Asselt on terms substantially similar to the other executive officers, except that Mr. Van Asselt did not participate in a performance-based equity incentive plan in 2018.

The Committee believes that the employment agreements include certain provisions that reflect strong corporate governance practices, as well as protect stockholders' interests in the event of a change of control of NIC or certain accounting restatements. The employment agreements include a "double trigger" severance right under which an executive would only be entitled to severance payments in connection with a change of control if the executive terminates his employment for "Good Reason" or NIC terminates the executive without "Cause" (as each of those terms are defined in the agreement). The Committee believes this provision protects stockholders' interests in the event of a change of control by, among other things, ensuring continuity in management following the transaction. The employment agreements also contain a

clawback provision under which NIC may recoup incentive compensation paid to the executive in the event of an accounting restatement under certain circumstances. The provision is based upon the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and will apply following the SEC's adoption of final rules regarding the same.

The employment agreements also provide additional protections to executives for certain compensation and benefits in the event of termination. The Company has also included termination provisions in the various plans and award agreements relating to incentive compensation in which the named executive officers participate, which provisions will apply to the extent not covered by the employment agreements, such as in the case of death, disability or retirement. These provisions are described below under "Employment Agreements and Severance Payments." The Committee believes these arrangements are reasonable and appropriate to retain and focus executives during periods of potential uncertainty.

The employment agreements also provide the executives with a contractual right to certain compensation and benefits consistent with NIC's historical pay practices, such as rights to paid vacation and minimum target levels for incentive compensation based upon the executives' base salaries. The Committee believes these additional rights are appropriate given NIC's historical and anticipated future pay practices.

In addition, each named executive officer has entered into indemnification agreements with NIC, each in a form approved by the Company's Board and previously disclosed by the Company. The Company has also entered into a form of the indemnification agreement with each of its directors. The Company's Board has further authorized the Company to enter into the form of indemnification agreement with future directors and executive officers of the Company and other persons or categories of persons that may be designated from time to time by the Board. The indemnification agreement supplements and clarifies existing indemnification provisions of the Company's Certificate of Incorporation and Bylaws and, in general, provides for indemnification to the fullest extent permitted by law, subject to the terms and conditions provided in the indemnification agreement. The indemnification agreement also establishes processes and procedures for indemnification claims, advancement of expenses and costs and other determinations with respect to indemnification.

For additional discussion of employment agreements with executive officers, refer to the discussion below set forth under "Employment Agreements and Severance Payments."

Realized Equity Compensation

It is important to recognize the difference between the compensation reported in the Summary Compensation Table ("SCT") on page 41 included in the Stock Awards column and compensation actually realized by our NEOs related to long-term equity awards. This supplemental information is important because a significant portion of equity compensation reported in the SCT is an incentive for future performance, which, with respect to the performance-based restricted stock awards, only provides an economic benefit if the applicable performance goals are achieved.

The Stock Awards column in the SCT includes the grant date fair value of equity awards granted to our NEOs in 2018. The value that may be potentially realized from these equity awards in the future may differ from the grant date fair value required to be reported in the SCT. The greatest drivers of differences in the reported and realized value for long-term equity awards include our stock price performance, the performance assumptions used on the grant date for performance-based grants and the vesting and dividend-equivalent shares earned based on the actual performance of the Company over the three-year performance period of the performance-based grant.

The pay of our CEO, as reported in the SCT, reflects the reported value of long-term equity awards at grant and not the value actually realized by him from these awards. Because a significant portion of the reported compensation of our CEO represents potential pay, we believe it is useful to supplement the information provided in the SCT by also looking at the pay that our CEO actually realized during the year.

The following table reports base salary, annual incentive earned, performance-based restricted stock awards vested in each respective year and the vesting of service-based restricted stock awards regardless of when they were granted:

Name and Principal Position	Year	Salary (\$)	Annual Cash Incentive (\$)	Long-term Equity Vesting (\$)	All Other Compensation (Including Perquisites) (\$)	Total Realized Pay (\$)
Harry H. Herington CEO	2018	500,000	835,000	480,031	134,544	1,949,575
	2017	500,000	783,781	1,637,921	117,741	3,039,443
	2016	497,438	788,510	1,496,782	204,159	2,986,889

The table below shows compensation actually realized by our CEO as compared to the compensation reported in the SCT totals.

Realized pay includes base salary, actual annual cash incentive earned in the applicable year and all other compensation, each as reported in the 2018 SCT on page 41 and the value of long-term equity awards vested in the applicable year.

Reported pay includes base salary, actual annual cash incentive earned in the applicable year, the grant date fair value of long-term equity awards granted in the applicable year and all other compensation, each as reported in the 2018 SCT on page 41.

The primary driver of the decrease in realized pay in 2018 relates to the performance-based restricted stock award granted to our CEO in 2015. This award was eligible to vest in early 2018 based on certain Company financial performance criteria over the three-year performance period ended on December 31,

2017. Based on the Company's actual performance during this performance period, the value realized from this equity award was zero, which is reflected in the decrease in the amount included in the "Long-term Equity Vesting (\$)" column for 2018 in the table above.

The “Option Awards” and “Change in Pension Value and Non-qualified Deferred Compensation Earnings” columns have been omitted from the Summary Compensation Table because the Company did not grant any stock option awards to the named executive officers in the years presented and does not provide a pension program or other non-qualified deferred compensation.

Amounts reported in the Stock Awards column represent the aggregate grant date fair value of service-based restricted stock and performance-based restricted stock awards, computed in accordance with FASB ASC Topic 718. Pursuant to SEC rules, the amounts shown reflect the probable outcome of performance conditions that affect the vesting of awards granted to the named executive officers. For a discussion of valuation assumptions, see Note (2) 12 in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2018. If the performance-based restricted stock awards were valued at the maximum number of shares able to be earned by the NEO at the end of the three-year performance period pursuant to the terms of the long-term equity incentives, the amounts shown in the column would be:

Name	2018 (\$)	2017 (\$)	2016 (\$)
Herington	1,999,995	2,000,002	2,000,013
Kovzan	649,997	649,988	650,005
Knapp	824,356	824,361	824,351
Holland	499,269	420,523	517,914

For 2018, for Messrs. Herington, Kovzan and Knapp and Ms. Holland, amount consists of compensation earned in 2018, based on the Company’s fiscal 2018 financial performance, but paid in 2019 under the Company’s MAIPSE.

(3) For Mr. Van Asselt, the amount in 2018 consists of compensation earned in 2018, based on the Company’s fiscal 2018 performance, but paid in 2019 under the terms of his Profit Sharing and Incentive Program. For additional information regarding the Company’s annual cash incentive plans, refer to the “Annual Case Incentives” section of the CD&A in this Proxy Statement beginning on page 27.

(4) All other compensation (including perquisites) for 2018 consists of the following:

Name	Executive Cash Life & Disability Insurance (\$)	Dividends Paid: Service-based Equity Awards (\$)(A)	Dividend Equivalents: Performance-based Equity Awards (\$)(B)	Employer 401(k) Match (\$)	Total Other Compensation (\$)
Herington	20,012	35,201	70,081	9,250	134,544
Kovzan	10,779	11,425	22,776	9,250	54,230
Knapp	10,877	14,242	28,907	9,250	63,276
Holland	11,337	10,614	14,746	9,250	45,947
Van Asselt	1,106	4,360	—	9,250	14,716

(A) This column reflects cash dividends paid in connection with unvested shares subject to service-based restricted stock awards during the year.

This column reflects dividend and dividend equivalents declared on shares subject to each outstanding performance-based restricted stock award during the year, based upon the maximum number of shares which may become vested under the performance-based restricted stock award; Under each award agreement relating to the performance-based restricted stock awards, the actual dividend is payable to the named executive officer in the form of shares of Company common stock at the end of the three-year performance period for each award, but only to the extent the underlying shares have vested. At the end of the three-year performance period and on the

(B) date some or all of the shares vest under the award, a pro rata number of notional dividend shares will be converted into an equivalent number of dividend shares earned and shall be paid to the named executive officers based upon the actual number of underlying shares vested during the performance period. No cash dividends or dividend equivalents are paid on any performance-based restricted stock awards during the three-year performance period. The amounts shown do not reflect any forfeitures at the end of the respective performance period of dividends previously declared on shares of performance-based restricted stock.

The number represents the maximum number of shares which may vest based on the three-year performance period that began on January 1, 2016 and end on December 31, 2018. The shares earned during this performance period vested on February 22, 2019.

(4) Performance-based restricted stock award granted on February 22, 2017. The number represents the maximum number of shares which may vest based on the three-year performance period that began on January 1, 2017 and ending on December 31, 2019. If the performance criteria are met, awards are issued in stock in the first quarter following the end of the performance period and are subject to service-based vesting through February 22, 2020.

(5) Performance-based restricted stock award granted on February 22, 2018. The number represents the maximum number of shares which may vest based on the three-year performance period that began on January 1, 2018 and ending on December 31, 2020. If the performance criteria are met, awards are issued in stock in the first quarter following the end of the performance period and are subject to service-based vesting through February 22, 2021. Performance criteria and calculation of performance awards are described in CD&A of this Proxy Statement.

OPTION EXERCISES AND STOCK VESTED IN FISCAL 2018

The following table sets forth information concerning shares of restricted stock acquired on vesting by the named executive officers during the fiscal year ended December 31, 2018.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (1) (\$)

Jayne Friedland Holland	—	—	9,527	143,766
William A. Van Asselt	—	—	4,153	63,316

(1) The “value realized” on vesting of a restricted stock award is calculated based on the per share closing market price for our common stock on the vesting date of the award multiplied by the number of shares vested.

The “Pension Benefits” and “Non-qualified Deferred Compensation” tables have been omitted because NIC does not provide such compensation.

REQUIRED PAY RATIO DISCLOSURE

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the total annual compensation of the Company's CEO to the median employee's annual total compensation. Set forth below for 2018 is a comparison of (i) the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries (except the CEO of the Company) and (ii) the annual total compensation of the CEO. The median of the annual total compensation and the pay ratio described below are reasonable estimates calculated by the Company in a manner consistent with Item 402(u) of Regulation S-K.

We estimate that the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries (except our CEO) was approximately \$81,962 for 2018. The annual total compensation of Harry H. Herington, our CEO, as reported in the Summary Compensation Table included in this Proxy Statement, was \$2,344,812 for 2018.

Based on this information, we estimate that the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 29 to 1 for 2018. This compares to a ratio of 33 to 1 for 2017.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our CEO, we used the following methodology and made the following material assumptions, adjustments, and estimates:

1. We determined that, as of December 31, 2018, our employee population consisted of approximately 913 individuals, all of whom are located in the United States. This population consisted of our full-time and part-time employees.
2. To identify the "median employee" from our employee population, we compared the amount of salary and wages of our employees as reflected in our payroll records as reported to the Internal Revenue Service for the safe harbor provision for 401(k) discrimination testing, annualized for employees who were employed on December 31, 2018 but did not work for us for all of 2018.
3. We did not make any cost-of-living adjustments in identifying the "median employee."
4. Once we identified our median employee, we included the elements of such employee's compensation for 2018 determined in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$81,962. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2018 Summary Compensation Table included in this Proxy Statement, which was calculated in accordance with the same requirements of Item 402(c)(2)(x) of Regulation S-K.

EMPLOYMENT AGREEMENTS AND SEVERANCE PAYMENTS

Employment Agreements

On February 5, 2013, the Company entered into employment agreements with each of Messrs. Herington, Kovzan and Knapp. On July 27, 2015, the Company entered into the first amendment to the employment agreements with each of Messrs. Herington, Kovzan and Knapp. Ms. Holland, who was appointed an Executive Officer in May 2015, entered into an employment agreement with the Company on terms consistent with the employment agreements of the other executive officers. Ms. Holland also executed an amendment. On July 29, 2018, the Company and Mr. Van Asselt executed an employment agreement on terms consistent with the as-amended employment agreements of the other executive officers, except that Mr. Van Asselt did not participate in a performance-based equity incentive plan in 2018. The Compensation Committee determined that the employment agreements were appropriate and desirable for the reasons set forth under “CD&A – Employment Agreements with Named Executive Officers” in this Proxy Statement beginning on page 37.

The employment agreements each have substantially the same terms, except with respect to job titles and responsibilities, amounts paid to executives and certain performance-based incentive components. In connection with entering into the employment agreements, Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland have each entered into a proprietary information and inventions agreement and a non-competition agreement, each of which are substantially similar to the prior forms of agreements entered into between each executive and the Company. If the executive’s employment with the Company terminates for any reason, the agreements provide collectively that the executive: (a) will not use any of the Company’s proprietary information without the Company’s prior written consent; (b) will not use any confidential information to compete against the Company or any of the Company’s employees; (c) will not, for three years following termination, solicit any of the Company’s employees or customers; and (d) will not, for two years following termination, own (whether in whole or part), aid, or render services to, directly or indirectly, or engage in certain activities with respect to, any competitor of NIC.

Under the employment agreements, Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland are entitled to a minimum annual base salary, which may be increased by the Compensation Committee, as well as other benefits that are generally available to NIC employees. Each executive is also entitled to: (a) paid vacation; (b) reimbursement of reasonable and necessary business expenses incurred by the executive in connection with his duties in accordance with the Company’s policies; and (c) participate in and receive benefits under executive life insurance and disability policies. Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland are also entitled to participate, at a level commensurate with his or her position, in the Company’s annual performance-based cash bonus plan and long-term equity incentive plan. For Mr. Herington, the minimum target amount payable under the annual performance-based cash bonus plan is 100% of the executive’s salary and the minimum target amounts under the service-based and performance-based components of the long-term equity incentive plan are 150% of the executive’s salary. For Mr. Kovzan, the minimum target amount payable under the annual performance-based cash bonus plan is 65% of the executive’s salary and the minimum target amounts under both the service-based and performance-based components of the long-term incentive plan are 75% of the executive’s salary. For Mr. Knapp, the minimum target amount payable under the annual performance-based cash bonus plan is 75% of the executive’s salary and the minimum target amounts under both the service-based and performance-based components of the long-term incentive plan are 95% of the executive’s salary. For Ms. Holland, the

minimum target amount payable under the annual performance-based cash incentive plan is 55% of the executive's salary and the minimum target amounts payable under both the service-based and performance-based components of the long-term equity incentive plan are 50% of the executive's salary. For Mr. Van Asselt, the minimum target amount payable under the service-based component of the long-term equity incentive plan is 35% of the executive's salary.

Each of the employment agreements has a three-year term, and unless notice is provided at least six months prior to the end of the respective term, automatically renews for additional three-year terms.

Payments upon Termination of Employment or Change of Control

The following discussion summarizes each of the employment agreements and describes the payments and benefits that would be provided to each of the named executive officers if their employment was terminated, including termination in connection with a change of control of NIC, in each case, as of December 31, 2018.

Under the aforementioned employment agreements, the Company may terminate the employment of the executive at any time, with or without "Cause," or the executive may voluntarily terminate his employment for "Good Reason" or at any time and for any reason. "Cause" is defined in the employment agreements as the executive's conviction of any felony or willful and deliberate failure to perform such executive's customary duties in a manner consistent with the manner reasonably prescribed by the Board (other than any failure resulting from incapacity due to physical or mental illness, disability or death). "Good Reason" is defined in the employment agreements generally as: (a) any material reduction in the executive's compensation; (b) requiring the executive to relocate more than 60 miles from the Company's current location; or (c) any material breach of the employment agreement by the Company.

Cash Severance Payments – Employment Agreements. Under the employment agreements, upon the executive's termination for any reason, the executive will receive: (a) accrued and unpaid salary through the termination date; (b) any earned but unpaid annual bonus for a previously completed fiscal year (but not for the year in which the termination occurs); (c) reimbursement of reimbursable expenses; (d) COBRA continuation coverage benefits and other employee benefits through the termination date; (e) any other amounts and benefits that the executive is entitled to receive under any Company employee benefit plan or program in accordance with the terms and provisions of such plan or program, except to the extent such amounts and benefits are determined pursuant to the employment agreement; and (f) such other compensation, if any, which the Company's Board of Directors may elect to pay or grant (collectively, the "Base Termination Benefits"). If the Company terminates the executive for Cause, or the executive voluntarily terminates his employment without Good Reason, the executive would only be entitled to the foregoing benefits.

Under the employment agreements, if the Company terminates the executive without Cause or if the executive resigns for Good Reason, the executive is entitled to receive, in addition to the Base Termination Benefits, the amounts described under "Severance", "Life, Health and Other Benefits" and "Annual Incentive Plan" in Note 1 to the table below.

As described further below, the executive may also be entitled to certain severance pay if a "Change of Control" of the Company occurs, and within either the six-month period ending on the date of the "Change of Control" or the 18-month period beginning on the date of the "Change of Control," the executive's employment is terminated without Cause or the executive terminates employment for Good Reason. In such event, the executive is entitled to receive, in addition to the Base Termination Benefits, the amounts described under "Severance", "Life, Health and Other Benefits" and "Annual Incentive Plan" in

Note 6 to the table below. The employment agreements provide for reductions in the amounts payable to the extent the present value of compensation would more likely than not be non-deductible under Section 280G of the Internal Revenue Code.

Under the employment agreements, a “Change of Control” will be deemed to have occurred if: (a) any person (other than a trustee or a fiduciary holding securities under the Company’s employee benefit plan) becomes the beneficial owner (as that term is defined in Rule 13d-3 under the Exchange Act) of 30% or more of the Company’s Common Stock; (b) a merger or consolidation of the Company is consummated with another company, other than a merger or consolidation in which the stockholders of the Company own 50% or more of the voting stock of the surviving corporation; (c) “Continuing Directors” (defined to include current Board members and future directors approved by a majority of continuing directors) no longer constitute at least a majority of the Company’s Board; (d) the sale of all or substantially all of the assets of the Company; or (e) the liquidation or dissolution of the Company.

Under the employment agreements, in the event of the executive’s death, the executive’s designated beneficiaries will be entitled to receive, in addition to the Base Termination Benefits, the amounts described under “Life, Health and Other Benefits” in Note 4 to the table below.

If the Company terminates the executive’s employment due to disability (as defined in the Company’s disability policies), the executive is entitled to receive under the employment agreement and the Company’s disability policies, in addition to the Base Termination Benefits, the amounts described under “Severance” and “Life, Health and Other Benefits” in Note 5 to the table below.

Cash Severance Payments – Annual Incentive Plan. Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland are each eligible participants under the Company’s annual cash incentive plans, which provide each executive with an annual cash incentive payment generally based on a percentage of his/her base salary if and to the extent pre-established Company performance goals are met for a given one-year performance period. The performance goals and potential payment amounts are established on an annual basis.

Under the plans, if the executive voluntarily terminates his/her employment prior to the end of the applicable performance period (other than for Good Reason, which is governed by his/her employment agreement, or retirement) or if the executive’s employment is terminated for “Cause” prior to the end of the applicable performance period, all amounts payable to the executive under the annual cash incentive plan are forfeited. The plan references the executive’s employment agreement for the definition of “Cause.” If the executive’s employment is terminated prior to the end of the performance period due to retirement, death or disability, the executive will be entitled to the amounts described under “Annual Incentive Plan” in Notes 3, 4 and 5 to the table below, respectively. Under the employment agreements, payments of incentive cash compensation for the applicable year of a termination of employment relating to a “Change of Control” would be governed by the employment agreements rather than the annual cash incentive plan.

Restricted Stock. Messrs. Herington, Kovzan, Knapp and Van Asselt and Ms. Holland have restricted stock agreements for each year awards are granted that govern the terms of each of the executive’s restricted stock awards granted under the Company’s 2014 Stock Compensation Plan. The executives have one form of agreement requires no execution by the recipient, applies automatically upon award, and is the same for all Company recipients of service-based restricted stock awards granted under the 2014 Stock Compensation Plan. This agreement governs the terms of the executive’s service-based restricted stock awards (the “Service-Based Restricted Stock Agreement”). The service-based restricted stock awards do

not contain a performance component and vest ratably over a four-year service period following the date of grant.

Messrs. Herington, Kovzan and Knapp and Ms. Holland also have a separate form of agreement governs the terms of the executive's performance-based restricted stock awards (the "Performance-Based Restricted Stock Agreement") and a copy of the agreement is executed by the executive in connection with the grant of performance-based stock each year. The performance-based restricted stock awards are tied to a three-year performance period and the actual number of shares (including dividend shares payable for such awards), if any, vested at the end of the period is based on pre-established Company performance goals. The Performance-Based Restricted Stock Agreements entered into by Messrs. Herington, Kovzan, and Knapp and Ms. Holland are of substantially the same form, except for provisions regarding the number of shares to be awarded at the end of the performance period.

The treatment of restricted stock upon termination of employment is governed by the employment agreements and the Restricted Stock Agreements described above. Under the employment agreements, if the Company terminates the executive without Cause or if the executive resigns for Good Reason, the executive is entitled to receive, with respect to equity incentives, the amounts described under "Service-Based Restricted Stock" and "Performance-Based Restricted Stock" in Note 1 to the table below.

Under the employment agreements, if a Change of Control of the Company occurs, and within either the six-month period ending on the date of the Change of Control or the 18-month period beginning on the date of the Change of Control, the executive's employment is terminated without Cause or the executive terminates employment for Good Reason, the executive will receive, with respect to equity incentives, the amounts described under "Service-Based Restricted Stock" and "Performance-Based Restricted Stock" in Note 6 to the table below. The employment agreements provide for reductions in the amounts payable to the extent the present value of compensation would more likely than not be non-deductible under Section 280G of the Internal Revenue Code.

The Service-Based Restricted Stock Agreements and Performance-Based Restricted Stock Agreements continue to apply to a Change of Control or termination of employment from and after February 5, 2013 only to the extent that the employment agreements are not applicable. Under the Service-Based Restricted Stock Agreements, if the executive's employment is terminated for any reason, including retirement, death or disability, all outstanding unvested shares of restricted stock under the Service-Based Restricted Stock Agreement are forfeited. Under the Performance-Based Restricted Stock Agreements, if the executive's employment is terminated for any reason, other than in the case of death, disability or a Change of Control (as described above), all undelivered shares of restricted stock under the Performance-Based Restricted Stock Agreement are forfeited (including dividend shares payable for such awards), provided that if the executive's employment is terminated for death or disability, the executive is entitled to a pro rata portion of the undelivered shares (including dividend shares payable for such awards) based upon the number of months the executive was employed during the performance period and the Company's actual performance (only if such performance levels were met).

The following table is a summary of the aforementioned payments and benefits that would be provided to each of the named executive officers if (i) their employment was terminated or (ii) their employment was terminated in connection with a change of control of NIC, in each case, as of December 31, 2018.

(1) “Severance” amount includes a lump sum payment equal to the sum of: (i) two (2) times the executive’s base salary in effect on the date of termination; and (ii) two (2) times the largest cash award received by the executive

under the Annual Incentive Plan during the immediately preceding three annual incentive periods. “Life, Health and Other Benefits” amount includes: (i) payment of accrued paid vacation time; and (ii) a lump sum payment equal to 150% of the Company’s portion of the annual costs (determined as of the date of termination) associated with providing the executive and eligible family members with medical and health benefits coverage under the Company’s group health plans. “Annual Incentive Plan” amount includes the amount of any cash award under the Annual Incentive Plan payable for the year of the executive’s termination, which: (i) for Mr. Kovzan is payable based upon target performance; and (ii) for all other executives, is payable based solely upon actual performance. “Service-Based Restricted Stock” amount includes the market value of unvested service-based restricted stock subject to accelerated vesting. “Performance-Based Restricted Stock” amount includes the market value of unvested performance-based restricted stock subject to accelerated vesting, which vests and is payable based solely upon actual performance (which for current performance periods that have not yet been completed is estimated by extrapolating from the actual performance during the completed portion of such periods).

(2) “Life, Health and Other Benefits” amount includes payment of accrued paid vacation time.

“Life, Health and Other Benefits” amount includes payment of accrued paid vacation time. “Annual Incentive Plan”

(3) amount includes the pro rata amount of any cash award under the Annual Incentive Plan payable for the year of the executive’s termination (based on the number of days worked) based solely upon actual performance.

“Life, Health and Other Benefits” amount includes: (i) payment of accrued paid vacation time; and (ii) payment of the proceeds from the executive’s life insurance policy payable by the insurer, the proceeds of which are equal to two (2) times the executive’s base salary. “Annual Incentive Plan” amount includes the pro rata amount of any cash award under the Annual Incentive Plan payable for the year of the executive’s termination (based on the number of

(4) days worked) based solely upon actual performance. “Performance-Based Restricted Stock” amount includes the market value of a pro rata portion of unvested performance-based restricted stock subject to accelerated vesting (based on the number of months worked during the performance period), which vests and is payable based solely upon actual performance.

“Severance” amount includes salary continuation benefits payable to the executives under their respective employment agreements and the Company’s disability policies. Under the employment agreements, each executive is entitled to salary continuation benefits for a period of one year following the date of disability consisting of a payment equal to such executive’s base salary then in effect, reduced by payments made to the executive under the Company’s disability policies. Following the one-year period, the executive is then to receive only payments under the Company’s disability policies. Under the Company’s disability policies, each executive is also entitled to a lump sum payment of \$1,000,000 if the executive is disabled for more than 365 days. “Severance” amount reflects the amount which each executive would receive if such executive qualified as disabled for a one-year period and therefore reflects the payment of the salary continuation benefit for one year and the lump sum payment. For each

(5) executive, the entire amount of the salary continuation benefit would be paid under the Company’s disability policies because the amount payable under such policies would exceed their base salary, such amounts payable as follows: Mr. Herington (\$540,000); Mr. Kovzan (\$526,200); Mr. Knapp (\$540,000); Ms. Holland (\$313,800); and Mr. Van Asselt (\$279,444). “Life, Health and Other Benefits” amount includes: (i) payment of accrued paid vacation time; and (ii) the value of medical, dental, supplemental life, life and disability insurance premiums paid by the Company for each executive for a period of one year following termination due to disability. “Annual Incentive Plan” amount includes the pro rata amount of any cash award under the Annual Incentive Plan payable for the year of the executive’s termination (based on the number of days worked) based solely upon actual performance.

“Performance-Based Restricted Stock” amount includes the market value of a pro rata portion of unvested performance-based restricted stock subject to accelerated vesting (based on the number of months worked during the performance period), which vests and is payable based solely upon actual performance.

(6) “Severance” amount includes a lump sum payment equal to the sum of: (i) two (2) times the executive’s base salary in effect on the date of termination; and (ii) two (2) times the largest cash award received by the executive under the Annual Incentive Plan during the immediately preceding three annual incentive periods.

“Life,

Health and Other Benefits” amount includes: (i) payment of accrued paid vacation time; and (ii) a lump sum payment equal to 150% of the Company’s portion of the annual costs (determined as of the date of termination) associated with providing the executive and eligible family members with medical and health benefits coverage under the Company’s group health plans. “Annual Incentive Plan” amount includes the amount of any cash award under the Annual Incentive Plan payable for the year of the executive’s termination as if target performance had been achieved. “Service-Based Restricted Stock” amount includes the market value of unvested service-based restricted stock subject to accelerated vesting. “Performance-Based Restricted Stock” amount includes the market value of unvested performance-based restricted stock subject to accelerated vesting, which vests as if target performance for such awards had been achieved. (7) Market value is based on the closing sales price per share of the Company’s Common Stock on December 31, 2018 of \$12.48 per share.

ADVISORY VOTE ON EXECUTIVE COMPENSATION
(PROPOSAL NO. 2)

As required by Section 14A of the Exchange Act, the Company is asking stockholders to approve, on an advisory basis, the compensation for the named executive officers disclosed in these materials. This proposal, commonly referred to as a “say on pay” proposal, gives stockholders the opportunity to express their views on the compensation of the named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the Company’s compensation program.

The Company is asking stockholders to approve the 2018 compensation of our named executive officers as disclosed in these materials by adopting the following advisory resolution at the 2019 Annual Meeting:

“RESOLVED, that in the advisory opinion of a majority of the stockholders of the Company voting the compensation paid to the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

At the Company’s prior Annual Meeting of Stockholders held in May 2018, 97% of the votes cast on the “say on pay” resolution were voted in favor of the resolution.

As described in detail under “Compensation Discussion and Analysis” the Company’s compensation program is designed to motivate its executives to evolve and grow a successful company. The Company believes that its executive compensation program, with its balance of short-term incentives (including performance-based cash bonus awards) and long-term incentives (including service-based and performance-based restricted stock that vests over a period of years), which was influenced by evaluating the executive compensation of peer companies and the broader market, rewards sustained performance that is aligned with long-term stockholder interests. Stockholders are encouraged to read the “Executive Compensation,” “Compensation Discussion and Analysis” and “Employment Agreements and Severance Payments” sections of this Proxy Statement, the accompanying compensation tables and related narrative disclosure included in the “Compensation Tables” section of this Proxy Statement and the other compensation-related disclosure contained elsewhere in this Proxy Statement for more information regarding our executive compensation program.

Although this vote is non-binding, the Board of Directors and the Compensation Committee, which is comprised of independent directors, will continue to consider the outcome of the vote when making future executive compensation decisions. The Company currently submits the compensation of named executive officers to an advisory vote of stockholders on an annual basis.

The Board of Directors unanimously recommends that stockholders advise the Company with a vote FOR approval of the compensation paid to the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

The Vice President of Internal Audit reports periodically to the Audit Committee about the status of outstanding engagements, including actual services provided and associated fees, and must promptly report any noncompliance with the pre-approval policy to the Chairman of the Audit Committee.

The affirmative vote of the holders of a majority of all the outstanding shares of Common Stock present or represented at the Annual Meeting and entitled to vote thereon is required to ratify the appointment of E&Y as the Company's independent registered public accounting firm for the year ending December 31, 2019. Proxies solicited by the Board will be voted in favor of ratification unless a stockholder has indicated otherwise on the proxy. If this appointment is not ratified by the stockholders, the Audit Committee will reconsider the appointment.

The Committee shall not ratify any Related Person Transaction that is not in the best interests of the Company and its stockholders. Based on this analysis, the Committee or the Chair shall evaluate all options, including but not limited to ratification, amendment or termination of the Related Person Transaction; and

Review of Ongoing Transactions
