We are involved in several lawsuits in the normal course of business and all amounts for exposure to these lawsuits have been recorded in our financial statements except as noted below.

On May 18, 1999, a complaint was filed against the Company in the Sonoma County Superior Court, State of California. The complaint alleged that we owed, based on a theory of successor liability, \$84,801.40 for damages resulting from a lease between the plaintiff and SoftKat, Inc., and a judgment obtained against SoftKat for unpaid rent. We filed an answer denying that we were obligated to pay any of these claims and we opposed any attempt to impose successor liability. At trial, the court rendered a judgment, subject to appeal, in favor of eSynch. The appeal period has not yet expired.

## Edgar Filing: ESYNCH CORP/CA - Form PRE 14C

In September, 1999, a lawsuit was filed by C-Group in United States District Court, District of Maryland, against Intermark seeking \$99,110 for goods that were claimed to be purchased by Intermark. In October, 1999, the plaintiff amended the complaint and reduced the amount it is seeking to \$81,326. Discovery proceedings are currently underway and the Company intends to vigorously defend its position.

In June 2000, the Company was named as a co-defendant along with its landlord, Bixby Land Company, in a lawsuit filed by Terry Murphy, a former employee, in California Superior Court, County of Orange, claiming unspecified damages resulting from an accident that occurred at the Company's leased offices. Subsequently, Bixby filed a cross-complaint against the Company related to the lawsuit seeking indemnity, equitable contribution and declaratory relief. The Company's insurance carriers are defending the claims against the Company.

On January 11, 2001, the Company was named as defendant in a lawsuit filed by Post Modern Edit, LLC, in California Superior Court, County of Los Angeles, seeking damages of not less than \$50,000 for breach of a confidentiality agreement, breach of contract, and other claims related to a proposed but unconsummated acquisition by the Company of Post Modern Edit. Certain executive Officers and Directors plus two unrelated parties were named as Selling Stockholders. The Company registered 505,700 shares, 300,000 shares and 18,000 shares related to Stock Options, Warrants, and Consulting Agreements, respectively.

On March 1, 2000, the Company entered into a License Agreement with Garfinkle Limited Partnership II, of which Norton Garfinkle, a director and shareholder of the Company, is a Partner. The License Agreement grants the Company the use of two patents for use in the video-on-demand segment of the Company's business. As consideration for the grant of license, Garfinkle Limited Partnership II was given a warrant for 950,000 shares of the Company's common stock plus the Company will pay a royalty of five percent of the gross revenue paid by end users as a result of the use of the Patents.

On June 14, 2000, the Company borrowed \$450,000 from Norton Garfinkle, a director and shareholder, evidenced by an unsecured note bearing interest at eight percent and due on demand. consideration of the change in payment terms, the Company issued to Mr. Garfinkle a warrant to purchase 250,000 shares of the Company's common stock.

On August 28, 2000, the Company loaned Thomas Hemingway, Chairman and Chief Executive Officer, and a director of the Company, the sum of \$500,000 evidenced by a promissory note bearing interest at ten percent per annum, due and payable on February 24, 2001. ### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and NASDAQ. These persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file.

The Company has been registered pursuant to Section 12 of the Securities Exchange Act of 1934 since September 23, 1990 and, by reason thereof, all officers, directors and 10% or more shareholders of the Company became obligated to file Forms 3, 4 and 5, describing the ownership of securities in the Company and any changes thereto, as they may apply, since that date. To the Company's knowledge, based solely upon a review of the copies of such reports furnished to the Company and representations made to the Company, no other reports were required, during and with respect to the fiscal year ended December 31, 2000 and all Reporting Persons have complied with all filing requirements applicable to them

### AUTHORIZATION OF INCREASE OF SHARES AUTHORIZED FOR ISSUANCE

#### INTRODUCTION

Under the resolution passed by a majority of the shareholders, the Company agrees to amend the Corporation's Certificate of Incorporation, as amended, to increase the aggregate number of shares authorized for issuance from 50,000,000 shares to 400,000,000 shares.

#### REASONS FOR APPROVING THE INCREASE OF SHARES AUTHORIZED FOR ISSUANCE

The purpose for the increase of shares authorized for issuance the Corporation is the following: The Company is competing in a dynamic and rapidly evolving technology marketplace where the competitive pressures are very high and companies with access to capital and with the flexibility to acquire emerging technologies or synergistic businesses have greater opportunities for corporate growth. To take advantage of these opportunities the Corporation needs an adequate supply of authorized unissued shares available for use primarily in connection with corporate acquisitions, raising additional capital for operations, and granting shares to key employees to retain and award their services to the Company.

#### GENERAL EFFECT ON THE COMPANY

The additional shares which the Board would be authorized to issue upon approval of the proposed Resolution, if so affirmed, would have a dilutive effect upon the percentage of our equity owned by present stockholders. The issuance of the additional shares might be disadvantageous to current stockholders in that any additional issuances would potentially reduce per share dividends, if any. Stockholders should consider, however, that the possible impact upon dividends is likely to be minimal in view of the fact that we have never paid dividends on shares of our Common Stock and we do not intend to pay any cash dividends in the

Edgar Filing: ESYNCH CORP/CA - Form PRE 14C

foreseeable future. We instead intend to retain earnings, if any, for investment and use in business operations.
