PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD JUNE 2, 2011

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

The Solicitation of Proxies

The Board of Directors of Arlington Asset Investment Corp. (we, us, our or the Company) is soliciting proxies in connection with the 2011 annual meeting of shareholders to be held on June 2, 2011. The mailing address of our principal executive office is 1001 Nineteenth Street North, Arlington, Virginia 22209. Our definitive proxy materials, including this proxy statement and the accompanying proxy card, together with the Notice of Annual Meeting of Shareholders and a copy of our Annual Report on Form 10-K for the year ended December 31, 2010, are first being mailed to shareholders on or about April 28, 2011.

The solicitation of proxies is being made primarily by the use of standard mail. The cost of preparing and mailing this proxy statement and accompanying proxy materials, and the cost of any supplementary solicitations, which may be made by standard mail, e-mail, telephone or personally by our directors, officers or employees, will be borne by us. None of our directors, officers or employees will receive any additional or special compensation for soliciting your proxy. In addition, we have retained Phoenix Advisory Partners to assist us in the solicitation of proxies. We will pay Phoenix Advisory Partners a proxy solicitation fee in the amount of \$6,500 for its services in connection with the solicitation of proxies. We also will reimburse Phoenix Advisory Partners for its reasonable out-of-pocket costs and expenses incurred in connection with the solicitation of proxies. We will, on request, reimburse brokers, banks and other nominees for their reasonable expenses in sending our proxy materials and voting instruction forms to street name holders to obtain their voting instructions.

Matters to be Presented

At the annual meeting, shareholders will consider and vote on:

the election of the seven directors nominated by our Board of Directors, each to serve until the 2012 annual meeting of shareholders and until his successor is duly elected and qualified;

a proposal to approve our 2011 Long-Term Incentive Plan;

an advisory vote on executive compensation;

an advisory vote on the frequency of future advisory votes on executive compensation; and

a proposal to ratify the appointment of PwC as our independent registered public accounting firm for 2011.

We are not aware of any other matters to be presented at the annual meeting. If any other matters are properly presented at the annual meeting, the proxies will vote your shares, if authorized, in accordance with the recommendation of our Board of Directors or use their own judgment to determine how to vote your shares.

Who Can Vote

Edgar Filing: Arlington Asset Investment Corp. - Form DEF 14A

You are entitled to vote at the annual meeting if our records show that you held shares of our Class A or Class B common stock as of the close of business on the record date, April 12, 2011. At the close of business on the record date, 7,084,740 shares of our Class A common stock and 566,112 shares of our Class B common stock were outstanding. Holders of our Class A and Class B common stock will vote together as a single group on all matters presented at the annual meeting. Each share of our Class A common stock is entitled to one vote per share. Each share of our Class B common stock is entitled to three votes per share.

-1-

How to Vote

If you are a shareholder of record, you have three options for voting before the annual meeting. You may authorize your proxy over the Internet or by telephone as described on the proxy card accompanying this proxy statement. Alternatively, you may authorize your proxy and instruct the proxies named in the proxy card how to vote by signing and returning the proxy card in the envelope provided. Once you authorize your proxy, you may revoke your proxy by executing and delivering to us a later dated proxy card, by subsequently authorizing your proxy over the Internet or by telephone, by sending a written revocation of your proxy to our Corporate Secretary at our principal executive office or by attending the annual meeting and voting in person.

If you hold your shares in street name (*i.e.*, through a bank, broker or other nominee), you will receive instructions from your nominee that you must follow in order to provide voting instructions to your nominee, or you may contact your nominee directly to request these instructions. If you hold your shares in street name, you must follow the instructions you receive from your nominee in order to revoke your voting instructions.

Attending the Annual Meeting in Person

If you are a shareholder of record, you may vote your shares at the annual meeting if you attend in person. If you would like to attend the annual meeting in person, you will need to bring valid photo identification and an account statement or other evidence acceptable to us of ownership of your shares as of the close of business on the record date. If you hold your shares in street name and wish to vote in person at the annual meeting, you will need to contact your nominee and obtain a legal proxy from your nominee and bring it to the annual meeting. Even if you plan to attend the annual meeting, we encourage you to vote your shares before the meeting via the Internet, by telephone or by mail.

Quorum Requirement

A majority of the votes entitled to be cast on a matter, represented in person or by proxy, constitutes a quorum for action on that matter. A quorum is required to conduct the annual meeting. If you have (1) authorized your proxy over the Internet or by telephone or by signing and returning the proxy card and you have not revoked your proxy or (2) you attend the annual meeting and vote in person, your shares will be counted for the purpose of determining whether there is a quorum. Abstentions and shares held by brokers, banks or nominees that are voted on any matter will be included in determining whether a quorum is present.

Discretionary Authority to Vote Shares Held in Street Name

If you hold your shares in street name through a brokerage account, your broker may or may not vote your shares in its discretion in the absence of your voting instructions depending on the proposal before the meeting. Under the rules of the New York Stock Exchange (the NYSE), your broker may vote your shares in its discretion on routine matters. The proposal to approve the ratification of the appointment of PwC as our independent registered public accounting firm is considered a routine matter on which brokers may vote if no voting instructions are furnished.

Unlike the proposal to ratify the appointment of our independent auditors, the proposal to elect directors, the proposal to approve our 2011 Long-Term Incentive Plan, the advisory vote on executive compensation and the advisory vote on the frequency of future votes on executive compensation are non-routine matters for which brokers do not have discretionary voting power and for which specific instructions from beneficial owners are required. As a result, brokers are not allowed to vote on the election of directors, the proposal to approve our 2011 Long-Term Incentive Plan, the advisory vote on executive compensation or the advisory vote on the frequency of future votes on executive compensation on behalf of their beneficial owner customers if the customers do not return specific voting instructions. Shares held in street name that are not voted due to a lack of discretionary authority are referred to as broker non-votes.

Vote Required for Each Matter to be Presented at the Annual Meeting

If a quorum is present at the annual meeting, directors will be elected by a plurality of the votes cast by the shares entitled to vote in the election of directors. Votes withheld and broker non-votes are not treated as votes cast and thus will have no effect on the outcome of the vote on the election of directors.

If a quorum is present, in order to pass, the proposal with respect to the 2011 Long-Term Incentive Plan must be approved by a majority of the votes cast on the proposal, provided that the total votes cast on the proposal represent over 50% in interest of all shares entitled to vote on the proposal. Abstentions and broker non-votes are not treated as votes cast and thus will have no effect on the outcome of a vote on this proposal, provided that the total votes cast represent over 50% in interest of all shares entitled to vote on the proposal.

If a quorum is present, the advisory vote on executive compensation will be approved if the votes cast in favor of the proposal exceed the number of votes cast against the proposal. Voting for this proposal is being conducted on an advisory basis and, therefore, the voting results will not be binding on the Company, the Board of Directors or the Compensation Committee. Abstentions and broker non-votes are not treated as votes cast and thus will have no effect on this proposal.

If a quorum is present, the advisory vote regarding the frequency of future advisory votes on executive compensation will require shareholders to choose between a frequency of every one, two or three years or abstain from voting. Shareholders are not voting to approve or disapprove the recommendation of the Board with respect to this proposal. The option of one year, two years or three years that receives the highest number of votes cast by the Company's shareholders will be considered the frequency that has been recommended by shareholders. Voting for this proposal is being conducted on an advisory basis and, therefore, the voting results will not be binding on the Company, the Board of Directors or the Compensation Committee. Abstentions and broker non-votes are not treated as votes cast and thus will have no effect on this proposal.

If a quorum is present, the proposal to ratify the appointment of PwC as our independent registered public accounting firm for 2011 will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal. Abstentions are not treated as votes cast and thus will have no effect on the outcome of the vote on this proposal. Brokers may vote in their discretion on the proposal to ratify the appointment of PwC on behalf of clients who have not furnished voting instructions. As a result, broker non-votes will not arise in connection with, and thus will have no effect on, this proposal.

Board Recommendation

The Board of Directors recommends that you vote:

FOR the election of all seven nominees for director recommended by our Board of Directors;

FOR the approval of the 2011 Long-Term Incentive Plan;

FOR the approval of our executive compensation;

for future advisory votes on executive compensation to occur every THREE YEARS ; and

FOR the ratification of the appointment of PwC as our independent registered public accounting firm for 2011.

Shareholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, it is intended that all proxies that are signed and returned will be voted FOR the election of all seven nominees for director recommended by our Board of Directors, FOR approval of the 2011 Long-Term Incentive Plan, FOR the approval of our executive compensation, for future advisory votes on executive compensation to occur every THREE YEARS, and FOR the ratification of the appointment of PwC.

You may access this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2010 (including exhibits) on our website at www.arlingtonasset.com under SEC Filings. If you would like to reduce our costs of printing and mailing proxy materials for next year's annual meeting of shareholders, you can opt to receive all future proxy statements, proxy cards and Annual Reports on Form 10-K electronically via e-mail or the Internet rather than in printed form. If you hold shares of our common stock in your own name as a holder of record, you may sign up for electronic delivery of future proxy materials by contacting our transfer agent, American Stock Transfer & Trust Company, and following their procedures. Electronic delivery will continue in future years until you revoke your election by sending a written request to the Corporate Secretary at the following address: Arlington Asset Investment Corp., 1001 Nineteenth Street North, Arlington, Virginia 22209, Attention: Corporate Secretary. If you are a street name shareholder who wishes to register for electronic delivery of future proxy materials, you should review the information provided in the proxy materials mailed to you by your broker, bank or other nominee. If you have agreed to electronic delivery of proxy materials and Annual Reports on Form 10-K to shareholders, but wish to receive printed copies, please contact the Corporate Secretary at the address provided above or your broker, bank or other nominee in accordance with its procedures.

Householding of Proxy Statements and Annual Reports

Securities and Exchange Commission (SEC) rules allow for the delivery of a single copy of an annual report to shareholders and proxy statement to any household at which two or more shareholders reside, if it is believed the shareholders are members of the same family. This delivery method, known as householding, will save us printing and mailing costs. Duplicate account mailings will be eliminated by allowing shareholders to consent to such elimination, or through implied consent, if a stockholder does not request continuation of duplicate mailings. Brokers, dealers, banks or other nominees or fiduciaries that hold our shares in street name for beneficial owners of our common stock and that distribute proxy materials and annual reports they receive to beneficial owners may be householding. Depending upon the practices of your broker, bank or other nominee or fiduciary, you may need to contact them directly to discontinue duplicate mailings to your household. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee or fiduciary.

If you hold our Class A or Class B common stock in your own name as a holder of record, householding will not apply to your shares. Also, if you own our Class A or Class B common stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one set of our proxy statements and annual reports to shareholders. To assist us in saving money and to provide you with better shareholder services, we encourage you to have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, American Stock Transfer & Trust Company, and following their procedures.

Shareholder Proposals and Nominations for the 2012 Annual Meeting

Shareholders may submit proposals for inclusion in our proxy statement for our 2012 annual meeting of shareholders, nominate individuals for election at our 2012 annual meeting and propose other business for consideration by our shareholders at our 2012 annual meeting. The following describes certain procedures and deadlines applicable to these shareholder proposals:

Shareholder Proposals for Inclusion in 2012 Proxy Statement. Under SEC rules, proposals that shareholders seek to have included in the proxy statement for our 2012 annual meeting of shareholders must be received by the Corporate Secretary no later than December 30, 2011.

Other Shareholder Proposals and Nominations. Our Bylaws, which are available on our website as discussed below, govern the submission of nominations for director or other business proposals that a shareholder wishes to have considered at a meeting of shareholders, but which are not included in our proxy statement for that meeting. Under our Bylaws, nominations for director or other business proposals to be addressed at our next annual meeting may be made by a shareholder entitled to vote who has delivered a notice to the Corporate Secretary no later than the close of business on March 4, 2012, and no earlier than February 3, 2012. The notice must contain the information required by our Bylaws.

The advance notice provisions in our Bylaws are in addition to, and separate from, the requirements that a shareholder must meet in order to have a proposal included in the proxy statement under the rules of the SEC. Copies of our Bylaws are available on our website at www.arlingtonasset.com under Corporate Governance, or may be obtained from the Corporate Secretary at the address shown above under Electronic Delivery of Proxy Materials.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Nominating and Governance Committee has recommended for nomination, and the Board of Directors has nominated for re-election, each of the seven nominees listed below under the heading Nominees for Election as Directors. All of the nominees currently are serving as members of our Board of Directors. If elected, these directors will serve until the 2012 annual meeting of shareholders and until his successor is duly elected and qualified. Each nominee has agreed to be named in this proxy statement and to serve if elected.

Although we know of no reason why any of the nominees for director listed below would not be able to serve, if unforeseen circumstances (e.g., death or disability) make it necessary for the Board of Directors to propose a substitute nominee for any of the nominees named below and you have authorized the proxies to vote your shares for the election of the nominees named below, the proxies will vote your shares for that substitute nominee. Proxies cannot be voted at the annual meeting for more than these seven nominees, except as described above.

Unless you direct otherwise in the proxy card, the persons named as proxies in the proxy card will vote your proxy FOR the election of each of the nominees listed below. If a quorum is present at the annual meeting, directors will be elected by a plurality of the votes cast by the shares entitled to vote in the election of directors. Cumulative voting is not permitted in the election of directors.

Nominees for Election as Directors

ERIC F. BILLINGS, age 58, is our Chairman and Chief Executive Officer. Since co-founding our company in 1989, he has continuously served as a director. He served as Vice Chairman and Chief Operating Officer from 1989 to 1999, Vice Chairman and Co-Chief Executive Officer from 1999 to April 2003 and Co-Chairman and Co-Chief Executive Officer from April 2003 to April 2005. He was appointed Chairman and Chief Executive Officer on April 28, 2005. Mr. Billings also serves as Chairman of FBR Capital Markets Corporation (FBR Capital Markets), a publicly-traded investment banking, institutional brokerage and asset management firm, a position he has held since its formation in 2006. From 2006 to 2008, Mr. Billings also served as the Chief Executive Officer of FBR Capital Markets. In addition, he concurrently holds the position of Senior Managing Partner and Co-Portfolio Manager of Billings Capital Management, LLC, an investment management company he runs with his sons. Mr. Billings serves on the Board of Visitors and the Center for Financial Policy Advisory Board at the University of Maryland's Robert H. Smith School of Business. He also sits on the Leadership Council of the Board of Boys and Girls Clubs of Greater Washington.

The Board of Directors determined that Mr. Billings' qualifications to serve as a director include his more than 30 years of career investment experience and his extensive knowledge of the environment in which we operate due, in part, to his senior management positions with our Company since its founding over 20 years ago. Further, his past and present senior management positions with FBR Capital Markets and Billings Capital Management, LLC, provide him with additional business and leadership experience in the areas of investment banking, institutional brokerage and asset management. Mr. Billings also serves as Chairman of the Board of FBR Capital Markets, which provides him with additional leadership and consensus-building skills to guide the Board, as well as exposure to an array of best practices.

DANIEL J. ALTOBELLO, age 70, has served as a director of our company since June 2000. Since October 2000, Mr. Altobello, Chairman of Altobello Family LP, has been a private investor and active board member of several companies. From September 1995 until October 2000, Mr. Altobello was the Chairman of Onex Food Services, Inc., the parent of Caterair International, Inc. and LSG/SKY Chefs. From 2004 to December 2010, he served as a member of the board of JER Investors Trust, Inc., a specialty finance company. Mr. Altobello serves on the advisory board of Thayer | Hidden Creek, a private equity firm. Mr. Altobello is also a trustee of Loyola Foundation, Inc.

The Board of Directors determined that Mr. Altobello's qualifications to serve as a director include his notable business and leadership experience in the areas of specialty finance and real estate through his service as a director of DiamondRock Hospitality Company and JER Investors Trust, Inc. He also has experience in the areas of airlines and food service distribution, due to his past position as Chairman of Onex Food Services, Inc. and his current position as a director of Mesa Air Group. His past and present service on multiple public and private company boards, including his service on DiamondRock Hospitality Company's audit committee, can be extremely valuable to Board and Company operations.

DANIEL E. BERCE, age 57, has served as a director of our Company since January 2011. Mr. Berce is Chief Executive Officer and President of General Motors Financial Company, Inc. (formerly AmeriCredit Corp.), a position he has held since General Motors Co. acquired AmeriCredit Corp. on October 1, 2010. He also has more than 20 years of experience in the consumer finance industry, experience in finance and accounting as well as experience as a director of multiple publicly-traded companies. Mr. Berce is also a licensed Certified Public Accountant.

PETER A. GALLAGHER, age 70, served as a director of FBR Asset Investment Corporation, a predecessor of our Company, since August 2000 and, upon the merger that formed our Company in March 2003, he became a director of our Company. Mr. Gallagher retired in May 2004 as the President and Chief Executive Officer of America's Promise - the Alliance for Youth, a non-profit organization dedicated to building the character and competence of America's youth, in which capacity he had served since July 1997. From 1994 through 1996, Mr. Gallagher served as Chief Executive Officer of Source One Financial Services, Inc., and from 1989 through 1993 he served as Senior Vice President of AT&T Consumer Affairs. Mr. Gallagher has also served as a member of the Board of Trustees of Pew Charitable Trust-Partnership for Civic Change, VHA Health Foundation, Inc., and the National Assembly of Health and Human Service Organizations, and from 1996 through 1999 he served as Vice Chairman of the District of Columbia Emergency Board of Education.

The Board of Directors determined that Mr. Gallagher's qualifications to serve as a director include his significant business experience in the areas of loan origination financial services through his past senior management position with Source One Financial Services, Inc. He complements his business experience with experience gained through his past position as President and Chief Executive Officer of America's Promise - the Alliance for Youth, and through his service on the boards of several other non-profit organizations.

RALPH S. MICHAEL, III, age 56, has served as a director of our Company since 2006. He currently serves as President and Chief Executive Officer of Fifth Third Bank, Greater Cincinnati, a position he has held since December 2010. Mr. Michael is a director of AK Steel Corporation, Key Energy Services, Inc. and FBR Capital Markets, each of which is a publicly-traded company. He is also a director of Cincinnati Bengals, Inc. and a trustee of Xavier University (Ohio).

The Board of Directors determined that Mr. Michael's qualifications to serve as a director include the broad business and finance background obtained through his more than 30 years of experience working in financial

services, much of which has been in executive management positions, as well as his extensive experience as a corporate board member, including his service on our and other companies' audit committees, all of which have designated him as an audit committee financial expert.

WALLACE L. TIMMENY, age 73, has served as a director of our Company since December 1997. From 1979 to April 2007, Mr. Timmeny was a securities attorney in private practice, most recently as a partner in the Washington, D.C. office of Dechert LLP from 1996 until his retirement from Dechert LLP in April 2007. From 1965 to 1979, Mr. Timmeny was an attorney with the SEC and ultimately the deputy director of the division of enforcement of the SEC. The Board of Directors determined that Mr. Timmeny's qualifications to serve as a director include his more than 40 years of experience as a securities attorney as well as his serving on the staff of the SEC. He also serves as an important resource to the Board with regard to legal and regulatory matters, such as insider trading, corporate governance, financial reporting and internal controls. His former service as a board member of public companies, which included Whitney Information Network, Inc. and Waste Services, Inc., is also beneficial to the Company.

J. ROCK TONKEL, JR., age 48, has served as a director of our Company since March 2007. He serves as our President and Chief Operating Officer, a position he assumed in February 2007. From April 2004 to February 2007, Mr. Tonkel served as President and Head of Investment Banking at Friedman, Billings, Ramsey & Co., Inc. (currently a subsidiary of FBR Capital Markets). Prior to that, Mr. Tonkel served as Executive Vice President and Head of Investment Banking, a position he assumed in February 2002. Mr. Tonkel joined Friedman, Billings, Ramsey & Co., Inc. in 1994 as a Managing Director and Head of Investment Banking's financial institutions group.

The Board of Directors determined that Mr. Tonkel's qualifications to serve as a director include his 25 years of experience in financial services companies, the mortgage industry, the investment banking industry, his experience in capital markets, as well as his expertise in public and private company finance. Further, his past positions as President and Head of Investment Banking at Friedman, Billings, Ramsey & Co., Inc. and as Managing Director of Friedman, Billings, Ramsey & Co., Inc.'s financial institutions investment banking group provide him with additional business and leadership experience in key areas of the investment and asset management industry.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE FOR THE ELECTION OF EACH

OF THE NOMINEES LISTED ABOVE.

PROPOSAL NO. 2

2011 LONG-TERM INCENTIVE PLAN

On April 13, 2011, the Board of Directors adopted the Arlington Asset Investment Corp. 2011 Long-Term Incentive Plan (the *Plan*), subject to approval by the Company's shareholders at the annual meeting. The Board of Directors is unanimously recommending this proposal because it believes strongly in encouraging selected employees, directors, consultants and advisors of the Company and its affiliates to acquire a proprietary and vested interest in the growth and performance of the Company. Stock-based incentives granted under the Plan will help to generate an increased incentive to contribute to the Company's future success and prosperity, thus enhancing the value of the Company for the benefit of shareholders. In addition, the Plan will enable the Company to continue to attract and retain individuals of exceptional managerial talent upon whom, in large measure, the sustained progress, growth and profitability of the Company depends.

In connection with our 2010 annual meeting, we sought shareholder approval of our 2010 Long-Term Incentive Plan (the *2010 Plan*), the terms of which were substantially similar to the terms of the currently-proposed Plan. In connection with the 2010 annual meeting, the 2010 Plan was approved by 78.4% of the votes cast, with the total votes cast constituting 49.91% of the shares entitled to vote. Although approved for state law purposes, the proposal did not meet NYSE approval requirements because the total votes cast represented less than 50.1% of the shares entitled to vote. As a result, the 2010 Plan was not implemented. We did not award any long-term equity awards to our eligible named executive officers in 2011 for 2010 performance, principally because we lacked sufficient availability under our 2004 Plan to make competitive long-term equity awards. We are now seeking approval of the Plan, which we believe is critical to our ability to structure a competitive and well-aligned compensation program.

The Plan will replace the Company's 2004 Long-Term Incentive Plan (the *2004 Plan*). If the Plan is approved by the shareholders, no additional grants will be made under the 2004 Plan. If the proposal is not approved by shareholders, awards would continue to be granted pursuant to the 2004 Plan; however, the Company would have insufficient shares remaining under the 2004 Plan to address its overall compensation needs in the future.

Description of the Plan

A summary of the significant features of the Plan, assuming shareholder approval at the annual meeting, is provided below, but is qualified in its entirety by the full text of the Plan attached as Annex A to this proxy statement.

Administration and Eligibility

Administration. The Plan is administered by the Compensation Committee of the Board of Directors (the *Committee*), in its discretion. The Committee has the authority to select individuals to whom awards are granted, to determine the types of awards and the number of shares covered, and to set the terms, conditions and provisions of such awards and to cancel or suspend awards. The Committee is authorized to interpret the Plan and to establish, amend and rescind any rules and regulations relating to the Plan, and to make all other determinations which may be necessary or advisable for the administration of the Plan.

The Committee has the authority to grant the following types of awards under the Plan: options, stock appreciation rights (*SARs*), restricted stock, restricted stock units, performance awards and/or other stock-based awards. Each of these awards may be granted alone or together with other awards under the Plan and/or cash awards outside the Plan.

Persons Eligible for Grants. Employees and directors of the Company and its affiliates are eligible to participate in the Plan. In addition, consultants, advisors and independent contractors who provide bona fide services to the Company are also eligible to participate. As of March 31, 2011, there were approximately 15 persons eligible to participate in the Plan.

Shares Subject to the Plan

Shares of Class A common stock may be issued under the Plan. The maximum number of shares authorized for issuance under the Plan is equal to 500,000 shares plus any remaining shares available for issuance under the 2004 Plan, the FBR Stock and Annual Incentive Plan and the Company's Non-Employee Director Stock Compensation Plan (the Prior Plans). As of March 31, 2011, approximately 45,097 shares remained available for grants under the Prior Plans. The shares deliverable under the Plan may consist in whole or in part of treasury shares or authorized but unissued shares. If an award under either the Plan or any award made under the Prior Plans that is outstanding on the date shareholders approve the Plan expires, or is canceled, terminated, forfeited or otherwise settled without the issuance of shares subject to such award, those shares will be available for future grants under the Plan. Shares that are delivered to the Company, either actually or by attestation, in payment of the exercise price for any option granted under the Plan or any outstanding option granted under the Prior Plans, or any shares that are delivered or withheld to satisfy tax withholding obligations arising from awards under the Plan, or any outstanding awards made under the Prior Plans, will also be available for future grant under the Plan.

Substitute awards, i.e., awards issued in assumption of, or in substitution for, awards previously granted by a company that is acquired by the Company or that the other company is obligated to make in the future, shall not reduce the shares authorized for issuance under the Plan or authorized for grant to a participant in any calendar year. In the event that a company acquired by the Company or with which the Company combines has shares available under a pre-existing plan, those shares may be used for awards under the Plan and will not reduce the shares that may be delivered under the Plan, provided the awards are only made to individuals who were then eligible for awards under that pre-existing plan.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin-off, extraordinary cash dividend or similar transaction or other change in corporate structure affecting the shares, the Board will make appropriate adjustments in the number and kind of shares that may be issued in the future, the number and kind of shares that may be issued under the individual grant limits described below and in the terms of all outstanding grants made before the event; provided, however, that the number of shares subject to any award shall always be a whole number.

Stock Options

The Committee may grant options under the Plan. The exercise price of an option granted under the Plan will not be less than 100% of the fair market value of the share on the date of the grant. Options will be exercisable at the time or times and subject to the terms and conditions determined by the Committee. Except in certain circumstances related to a Change in Control (as defined in the Plan) or related to a participant's death or disability, an option may not be exercised before the expiration of one year from grant nor more than ten years after grant. A participant exercising an option may pay the exercise price in cash, by surrendering previously acquired shares (either actually or by attestation) or delivery of other consideration having a fair market value on the exercise date equal to the total option price, or by any combination of the foregoing, as the Committee may specify in the applicable award agreement. The Company may not reprice option grants, including the cancellation of an existing grant followed by a replacement grant of a lower-priced option or another type of award, without the express approval of shareholders. The Plan contains provisions, which apply unless otherwise determined by the Committee, regarding the vesting and post-termination exercisability of options held by participants whose employment with the Company terminates by reason of death, disability, retirement, for cause or otherwise.

Stock Appreciation Rights

The Committee may grant an SAR in conjunction with an option or other award granted under the Plan (a tandem SAR) or independent of any option (a freestanding SAR). An SAR granted in tandem with an option will terminate and will no longer be exercisable upon the termination or exercise of the related option. Such tandem SAR may be exercised by a participant at the time or times and to the extent the related option is exercisable by surrendering the applicable portion of the related option in accordance with procedures established

by the Committee. Upon exercise, an SAR granted in tandem with an option permits the participant to receive cash, shares, or a combination of cash or shares, as determined by the Committee. The amount of cash or the value of the shares payable to the participant is equal to the excess of the fair market value of a share on the date of exercise over the per share exercise price of the related option, multiplied by the number of shares with respect to which the tandem SAR is exercised.

A freestanding SAR may not have a term of greater than ten years nor an exercise price less than 100% of the fair market value of the share on the date of the grant. The exercise price may not be reduced or reset, including the cancellation of an existing grant followed by a replacement grant of a lower-priced SAR or another type of award, without express approval of shareholders. The Committee may determine exercisability restrictions on freestanding SARs at the time of grant. Upon exercise, a freestanding SAR permits the holder to receive cash, shares, or a combination of cash or shares, as determined by the Committee. The amount of cash or the value of the shares payable to the participant is equal to the excess of the fair market value of a share on the date of exercise over the exercise price, multiplied by the number of shares with respect to which the freestanding SAR is exercised.

The Plan contains provisions, which apply unless otherwise determined by the Committee, regarding the vesting and post-termination exercisability of SARs held by an individual whose employment with the Company terminates by reason of death, disability, retirement, for cause or otherwise.

Restricted Stock and Restricted Stock Units

The Committee may also award restricted stock and restricted stock units under the Plan. The award agreement will set forth a specified period of time (the Restriction Period), during which an award of restricted stock or restricted stock units will remain subject to forfeiture or restrictions on transfer. Except for certain limited situations, such as death, disability, retirement or Change in Control (as defined in the Plan), the Restriction Period for employees shall not be less than three years, but will permit pro-rata vesting during such period. During the Restriction Period, the participant who is granted restricted stock will generally have all the rights of a shareholder, including the right to vote the shares and the right to receive dividends, unless the Committee shall determine otherwise. Restricted stock units may be granted with the right to receive dividend equivalent rights, i.e., the right to receive payments, on a current or deferred basis, equal to the dividends paid on shares of common stock during the Restriction Period. Noncash dividends paid on shares of restricted stock and corresponding dividend equivalents paid on restricted stock units will be subject to the same vesting requirements as the underlying award. In addition, if the vesting of restricted stock or restricted stock units is conditioned on the satisfaction of performance objectives, dividends paid on the restricted stock and dividend equivalents payable on the restricted stock units will be accumulated and paid after, and then only to the extent that, the performance objectives are achieved. Except as determined otherwise by the Committee, restricted stock and restricted stock units will be forfeited by the participant and reacquired by the Company upon termination of employment or services for any reason during the Restriction Period.

Other Stock-Based Awards

The Committee may also grant other awards of shares and other awards that are valued in whole or in part by reference to, or are otherwise based on, shares or securities convertible into shares either alone or in addition to other awards granted under the Plan. Such other stock-based awards shall also be available as a form of payment in the settlement of other awards granted under the Plan. Except for certain limited situations, such as death, disability or Change in Control (as defined in the Plan), other stock-based awards subject solely to continued employment restrictions shall have a Restriction Period of not less than three years, but will permit pro-rata vesting during such period. Such minimum vesting requirements shall not be applicable to any substitute awards, grants of other stock-based awards in payment of performance awards, or grants of other stock-based awards on a deferred basis.

Performance Awards

The Committee may also grant performance awards, which may be granted either alone or in addition to other awards granted under the Plan. Performance awards may be stock-based awards (Performance Shares) or cash-based awards (Performance Units). Performance awards may be granted subject to the attainment of performance goals and the continued service of the participant for a specified time period (Performance Period). At the conclusion of the Performance Period, which may not be shorter than 12 months, the Committee shall evaluate the degree to which any applicable performance goals have been achieved and the performance awards earned and shall cause to be delivered the amount earned in either cash, shares, other property, or any combination thereof, in the sole discretion of the Committee at the time of payment.

Performance Measures

The Committee may specify performance goals that apply to awards. These goals may be based on the attainment of specified levels of one or more of the following measures: net sales; revenues; revenue growth; asset growth; combined net worth; debt to equity ratio; debt to capitalization ratio; debt reduction; earnings before interest, taxes, depreciation and amortization; earnings before interest and taxes; operating income (before or after taxes); operating margin; gross margin; operating cash flow; pre- or after-tax net income or loss (before or after allocation of corporate overhead and/or bonus); cash flow or free cash flow; cash flow or free cash flow per share (before or after dividends); earnings per share; year-end cash; cash margin; net income or loss (before or after taxes); return on equity; return on investment; return on total capital; return on capital employed; return on assets or net assets; return on revenue; cash flow return on investments; economic value added (or an equivalent metric); share price performance; total shareholder return; comparisons with various stock market indices; attainment of strategic and operational initiatives; improvement in or attainment of expense levels; or improvement in or attainment of working capital levels of the Company or any affiliate, division or business unit of the Company. Such performance goals may be based solely by reference to the Company's performance or the performance of an affiliate, division or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee may also exclude the impact of an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of changes in tax or accounting standards required by generally accepted accounting principles. Such performance goals shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Internal Revenue Code to preserve tax-deductibility of compensation to covered executives.

Individual Award Limits

No participant may be granted (i) options or SARs covering more than 250,000 shares in any calendar year or (ii) restricted stock, restricted stock units, performance awards and/or other stock-based awards denominated in shares covering more than 250,000 shares in any calendar year. These share limits are subject to adjustment as described above in the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin-off, extraordinary cash dividend or similar transaction or other change in corporate structure affecting the share. In addition, the maximum dollar value payable to any participant in any calendar year with respect to awards valued with reference to property (including cash) other than shares is \$10 million.

Change in Control

In the event of a Change in Control (as defined in the Plan), the successor company may assume or provide a substitute award for an option, SAR, restricted share, restricted stock unit, performance award or other stock-based award of substantially equal value. Furthermore, in the event of an involuntary termination without cause or a voluntary termination for good reason within 24 months of the Change in Control, any assumed or replacement awards shall vest in full.

The Plan also provides that if outstanding awards are not assumed or replaced in the Change in Control, (a) each unvested option and SAR shall become fully exercisable and vested to the full extent of the original grant, (b) the restrictions and deferral limitations applicable to restricted stock shall become free of all restrictions and limitations and become fully vested and transferable to the full extent of the original grant, (c) all restricted stock unit and performance awards shall be considered to be earned and payable (either in full or pro-rata based on the portion of the Restriction Period or Performance Period that has been completed as of the date of the Change in Control), and any deferral or other restriction shall lapse and such restricted stock units and performance awards shall be immediately settled or distributed, and (d) the restrictions and deferral limitations and other conditions applicable to any other stock-based awards or any other awards shall lapse, and such awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original term.

Notwithstanding any other provision of the Plan, in the event of a Change in Control, the Committee may, in its discretion, provide that each option or SAR that is not assumed or replaced shall be cancelled in exchange for a payment in an amount equal to the amount by which the Change of Control Price per Share (as defined in the Plan) exceeds the purchase price per share under the option or SAR multiplied by the number of shares granted under the option or SAR.

The Internal Revenue Code has special rules that apply to parachute payments, i.e., compensation that is payable on account of a Change in Control. If the parachute payments exceed a safe harbor amount prescribed by the Internal Revenue Code, then the recipient is liable for a 20% excise tax on a portion of the parachute payments, and the Company is not allowed to claim a federal income tax deduction for a portion of the parachute payments.

The Plan provides for a reduction in Plan benefits if those benefits, either alone or together with parachute payments under other plans and agreements, exceed the safe harbor amount. In that event, the participant's total parachute payments will be reduced to the safe harbor amount, i.e., the maximum amount that may be paid without an excise tax liability or loss of deduction. However, the benefits will not be reduced, and the participant will receive all of the parachute payments, if the participant will receive a greater after-tax benefit, taking into account the excise tax payable by the participant, by receiving all of the parachute payments. The Plan also provides that these provisions will not apply to a participant who, under an agreement with the Company or the terms of another plan, is either entitled to indemnification by the Company for the excise tax liability or is not entitled to receive benefits in excess of the safe harbor amount.

Amendments and Termination

The Board of Directors may at any time amend, alter, suspend or discontinue the Plan; provided, however, that such action will not be taken without the participant's consent, if such action would impair the rights of a participant under any outstanding award. Furthermore, no amendment may be made without the approval of the Company's shareholders if such approval is required by law or the rules of any exchange or quotation system on which the common stock is listed or quoted. Shareholder approval is also required for any amendment that materially increases the benefits that may be provided under the Plan, materially increases the number of shares that may be issued under the Plan (other than on account of adjustments as described above) or materially changes the Plan's eligibility requirements.

Term

The Plan shall be effective upon approval of the Plan by shareholders and will terminate on the tenth anniversary of such approval unless sooner terminated by the Board.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax rules relevant to participants in the Plan, based upon the Internal Revenue Code as currently in effect. These rules are highly technical and subject to change in the future. The following summary relates only to the federal income tax treatment of the awards and the state, local and foreign tax consequences may be substantially different.

Options. The federal income tax rules relevant to options depend on whether the option qualifies as an incentive stock option (ISO). If an option is an ISO, a participant does not recognize income at the time of the grant or the exercise of the option (although the exercise of the option may affect the participant's alternative minimum tax consequences). If the participant does not dispose of the shares acquired under the ISO until after the first anniversary of the exercise and the second anniversary of the grant, all of the participant's gain in the sale of the shares, which is the amount received in the sale over the exercise price, will be taxed as long-term capital gain. If the participant disposes of the shares acquired under the ISO before that holding period is satisfied, all or part of the participant's gain will be taxed as ordinary income. The Company generally is not entitled to a deduction on account of the grant or exercise of an ISO but is entitled to a deduction equal to the ordinary income recognized by a participant on account of a disposition of the shares before the ISO holding period is satisfied.

Generally, a participant does not recognize any taxable income at the time of grant of an option that is not an incentive stock option (often described as a nonqualified stock option or NQSO). The participant generally will recognize ordinary income upon the exercise of the NQSO equal to the excess of the fair market value of the share acquired on the date of exercise over the exercise price, and will be subject to wage and employment tax withholding. The Company will generally be entitled to a deduction equal to such ordinary income.

The participant will have a capital gain or loss upon the subsequent sale of the share in an amount equal to the sale price less the fair market value of the share on the date of exercise. The capital gain or loss will be long- or short-term depending on whether the share was held for more than one year after the exercise date. The Company will not be entitled to a deduction for any capital gain realized. Capital losses on the sale of shares acquired upon an option's exercise may be used to offset capital gains.

The Plan permits the Committee to allow transfers of NQSOs. The participant will not recognize taxable income if the participant transfers a NQSO to a member of the participant's family. However, when the transferee of the option exercises the option, the participant will recognize ordinary income equal to the excess of the fair market value of the share acquired by the transferee of the option on the date of exercise over the exercise price, and will be subject to wage and employment tax withholding. The Company will generally be entitled to a deduction equal to such ordinary income. The transferee of the option will have a capital gain or loss upon a subsequent sale of the share in an amount equal to the sale price less the fair market value of the share on the date the option was exercised. Any capital gain recognized by the transferee will be long-term capital gain if the transferee has held the share for more than one year after the exercise date.

Stock Appreciation Rights. A participant does not recognize any taxable income at the time of grant of an SAR. The participant will recognize ordinary income tax upon the exercise of an SAR and will be subject to wage and employment tax withholding. Upon the exercise of an SAR, the participant will recognize ordinary income equal to the excess of the fair market value of the share on the exercise date over the strike price of the SAR. The Company will generally be entitled to a corresponding deduction equal to the amount of ordinary income that the participant recognizes. Upon the sale of a share acquired upon exercise of an SAR, the participant will recognize long- or short-term capital gain or loss, depending on whether the participant has held the stock for more than one year from the date of exercise.

Restricted Stock. A participant receiving restricted stock generally will recognize ordinary income in the amount of the fair market value of the restricted stock on the first date that the share is no longer subject to forfeiture or is transferable. The ordinary income recognized by the participant is equal to the fair market value of the share on that date over any consideration paid for the share. A participant may elect to recognize income on the grant of

the restricted stock in which case the ordinary income recognized by the participant is equal to the fair market value of the share on the grant date over any consideration paid for the share. The Company will be entitled to a deduction at the same time that the participant recognizes income and in the same amount as the income recognized by the participant. The holding period to determine whether the participant has long-term or short-term capital gain or loss on the subsequent sale of such shares generally begins on the date the participant recognizes income. The participant's tax basis for such shares will generally equal the fair market value of such shares on the date the participant recognizes income.

Restricted Stock Units. The participant will not recognize taxable income at the time restricted stock units are awarded. The participant will recognize ordinary income on the date that cash is paid under the award or, if shares or other property are issued in settlement of the restricted stock units, on the first date that the shares or other property are no longer subject to forfeiture or are transferable. The ordinary income recognized by the participant will equal the amount of any cash paid in settlement of the restricted stock units and the value of any shares or property issued in settlement of the restricted stock units on the date the shares or property are not subject to forfeiture or are transferable. The Company generally will be entitled to claim a deduction equal to the ordinary income recognized by the participant.

Performance Awards. The participant will not recognize taxable income at the time performance awards are granted, but the participant will recognize ordinary income and be subject to wage and employment tax withholding upon the receipt of shares or cash at the end of the applicable performance period. The Company will generally be entitled to claim a corresponding deduction.

Other Stock-Based Awards. The recipient of other stock-based awards will recognize taxable income on the date that cash is paid under the award or, if shares or other property are issued, on the first date that the shares or other property are no longer subject to forfeiture or are transferable. The Company will generally be entitled to claim a corresponding deduction.

Withholding Taxes. Because the amount of ordinary income the participant recognizes with respect to the receipt or exercise of an award may be treated as compensation that is subject to applicable withholding of federal, state and local income taxes and Social Security taxes, the Company may require the participant to pay the amount required to be withheld by the Company before delivering to the participant any shares or other payment to be received under the Plan. Arrangements for payment may include deducting the amount of any withholding or other tax due from other compensation, including salary or bonus, otherwise payable to the participant.

Future Plan Benefits

Because awards under the Plan are determined by the Committee in its sole discretion, the Company cannot determine the benefits or amounts that will be received or allocated in the future under the Plan.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Securities Exchange Act of 1934 (the Exchange Act) added by the Dodd-Frank Wall Street Reform and Consumer Protection Act provides our shareholders with an advisory vote to approve our executive compensation. This advisory vote gives our shareholders the opportunity to express their views on the compensation of our named executive officers. Although this vote is advisory and is not binding, the Board of Directors and the Compensation Committee plan to take into consideration the outcome of the vote when making future executive compensation decisions.

As described in detail under Compensation Discussion and Analysis and Executive Compensation Tables, our compensation program is designed to align the interests of management with those of our shareholders, apply a pay-for-performance philosophy and attract and retain top management talent. Our Board believes that our current executive compensation program directly links executive compensation to our performance and properly aligns the interests of our executive officers with those of our shareholders. For example:

A meaningful portion of the total compensation paid or awarded to our named executive officers is performance-based. Among other things, the Compensation Committee has determined to make more significant use of performance-based awards that vest based on achievement of certain performance goals. Such performance-based awards are directly linked to the Company's financial performance metrics and vest accordingly, as opposed to time based-securities that vest based simply on continued employment.

In 2010, the Board conducted an extensive evaluation of our compensation practices with the support of an independent compensation consultant and adopted compensation practices that we believe align the interests of our executive officers with those of our shareholders.

In 2010, management conducted a risk assessment of our compensation programs to ensure they do not create unnecessary or excessive risks that are reasonably likely to have a material adverse effect on the Company.

The Board has adopted stock ownership guidelines that apply to our executive officers and non-employee directors.

In February 2011, the Board adopted a compensation clawback policy under which we can recover any cash bonus paid during the prior fiscal year to an executive officer whose intentional misconduct causes us to restate our financial statements.

We have a policy that does not allow the revision of any bonus formula for a given fiscal year once it has been established for that year.

We do not provide perquisites or similar special benefits to our executive officers.

We do not have employment contracts or post-termination compensation agreements with any of our named executive officers, and we do not provide excise tax gross-ups for excess parachute payments.

As part of our policy of maintaining performance-based compensation plans, we do not provide defined benefit or other retirement benefits to the named executive officers, other than the tax-qualified 401(k) plan available to all employees.

Edgar Filing: Arlington Asset Investment Corp. - Form DEF 14A

See the information set forth under Compensation Discussion and Analysis and Executive Compensation Tables for more information on these elements of our executive compensation program.

For these reasons, the Board strongly endorses the Company's executive compensation program and recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed under the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion contained in the proxy statement for the 2011 annual meeting of shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE

FOR THE APPROVAL OF OUR EXECUTIVE COMPENSATION.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

In Proposal 3 above, we ask our shareholders to vote on an advisory basis to approve the compensation of our named executive officers. Section 14A of the Exchange Act also provides our shareholders with the opportunity to recommend, on an advisory basis, how frequently we should provide future advisory executive compensation votes. By voting on this Proposal 4, shareholders may tell us whether they would prefer to have an advisory executive compensation vote each year, every two years or every three years.

After careful consideration, our Board has determined that having an advisory vote on executive compensation every three years is the most appropriate policy for our Company at this time and, therefore, recommends that you vote to have future advisory executive compensation votes every three years.

As noted in Proposal 3 above, in 2010, the Board conducted an extensive evaluation of our compensation practices with the support of an independent compensation consultant and adopted compensation practices that we believe align the interests of our executive officers with those of our shareholders.

A significant portion of our compensation program is designed to encourage and reward performance over a multi-year period. A vote held every three years would be more consistent with, and provide better input on, our long-term compensation, which is an important element to the total compensation of our named executive officers.

A three-year vote gives the Board and the Compensation Committee sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to our executive compensation programs and policies.

A three-year vote promotes a long-term perspective.

A three-year cycle will provide shareholders sufficient time to evaluate the effectiveness of our short- and long-term executive compensation programs (which are usually granted on three-year cycles) and policies and any changes we have implemented in response to the views and input of shareholders, as well as the related performance of the Company over the cycle.

Although our Board believes that holding an advisory vote on executive compensation every three years currently reflects the appropriate balance, our Board may reassess this issue periodically and may vary our practice based on factors such as discussions with our shareholders and the adoption of any material changes to our compensation programs.

Shareholders can choose one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Shareholders are not voting to approve or disapprove our Board's recommendation. The option of one year, two years or three years that receives the highest number of votes cast by the Company's shareholders will be the frequency that has been selected by shareholders. Because this is an advisory vote, the voting results will not be binding on the Company, the Board or the Compensation Committee, although our Board plans to consider the frequency receiving the most votes when deciding how often to have advisory executive compensation votes in the future.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS

VOTE TO HOLD FUTURE ADVISORY VOTES ON EXECUTIVE

COMPENSATION EVERY THREE YEARS .

PROPOSAL NO. 5

RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed PwC as our independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2011. A resolution will be presented at the annual meeting to ratify the appointment of PwC by the Audit Committee. If our shareholders do not ratify the appointment of PwC at the annual meeting, the Audit Committee will consider that fact in its review and future selection of our independent registered public accounting firm. Representatives of PwC will be present at the annual meeting and will have the opportunity to make statements if they desire to do so. Representatives of PwC are expected to be available to respond to appropriate questions.

Unless you direct otherwise in the proxy card, the persons named as proxies will vote your proxy **FOR** the approval of the ratification of PwC as our independent registered public accounting firm for 2011. If a quorum is present at the annual meeting, the ratification of the appointment of PwC as our independent registered public accounting firm for 2011 will be approved if the votes cast in favor of the ratification exceed the votes cast opposing the ratification.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR

INFORMATION ON OUR BOARD OF DIRECTORS, ITS COMMITTEES AND CORPORATE GOVERNANCE

Independence of our Board of Directors

The listing standards of the NYSE and our Corporate Governance Guidelines require that a majority of our directors must be independent directors. Our Corporate Governance Guidelines specify that an independent director is a director who meets the independence requirements of the NYSE, as then in effect, and of such additional guidelines as our Board may adopt. These categorical standards provide a baseline for determining the independence of members of the Board. The independence standards used by our Board are attached to our Corporate Governance Guidelines, which are available on our website at www.arlingtonasset.com.

In making affirmative independence determinations, the Board broadly considers all relevant facts and circumstances, including, among other factors, any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships to which a director is party. Using these criteria, the Board has affirmatively determined that the following directors have no material relationship with our Company and are independent under the listing standards of the NYSE and our Corporate Governance Guidelines: Daniel J. Altobello, Daniel E. Berce, Peter A. Gallagher, Ralph S. Michael III and Wallace L. Timmeny.

Board Leadership Structure

Mr. Billings has served as our Chairman and CEO since April 2005. The Company believes that the most effective Board leadership structure for the Company at the present time is for the CEO to serve as Chairman of the Board in conjunction with the appointment of a non-management Lead Independent Director as described below. The Company believes that combining the positions of Chairman and CEO provides the Company with decisive and effective leadership. In his capacity as Chairman, Mr. Billings is the person best suited to set the agendas, priorities and procedures of the Board and to lead discussions of the Company's strategy due to his in-depth knowledge of the Company's business and operations. In addition, we believe combining the positions of Chairman and CEO makes clear who is responsible for managing the Company's business, under the oversight and review of the Board. The Board retains the authority to modify this structure to best advance the interests of the Company's shareholders, if circumstances warrant such a change.

The Board also believes that its existing corporate governance practices achieve independent oversight and management accountability. These governance practices are reflected in the Company's Corporate Governance Guidelines and individual committee charters and include the following:

a substantial majority of the Board members are independent;

the Audit, Compensation and Nominating and Governance Committees are comprised entirely of independent directors;

the Board has a non-management Lead Independent Director, Mr. Altobello, with the responsibilities described below; and

the independent directors meet at least quarterly in executive session without management present.

Board Meetings and Executive Sessions of our Non-Management Directors

The Board of Directors held a total of 13 meetings during 2010. Each of the incumbent directors attended at least 75% of the aggregate of the total number of meetings of the Board and the Board committees on which he served. In accordance with our Corporate Governance Guidelines, our non-management directors are required to meet without the management directors being present at least quarterly. Mr. Altobello, the Lead Independent Director, presides at all meetings of the non-management directors. Shareholders and other interested persons may contact the Lead

Lead Independent Director

In accordance with our Corporation Governance Guidelines, the Board of Directors has a Lead Independent Director who is elected annually by secret ballot by the independent directors of the Board to act in a lead capacity to coordinate the actions of the other independent directors, as described below. Mr. Altobello is our current Lead Independent Director. The Lead Independent Director coordinates and moderates executive sessions of the Board's independent directors and acts as principal liaison between the independent directors and the CEO on (i) topics or issues as requested by the independent directors, any committee of the Board or the full Board or (ii) any topic selected by the Lead Independent Director. In addition to the duties of all Board members, the Lead Independent Director is responsible to ensure that the following functions are addressed as needed or as appropriate, as determined in the good faith discretion of the Lead Independent Director:

presiding over non-committee meetings of the non-management directors;

timing and agendas for Board and committee meetings;

nature, quantity, and timing of information provided to the independent directors by management, including information specifically requested by the Lead Independent Director;

retention of counsel or consultants who report directly to the Board, or to the Lead Independent Director;

delivery of reports from the Nominating and Governance Committee regarding compliance with and implementation of the Company's corporate governance policies;

delivery of reports from the Nominating and Governance Committee regarding recommended revisions to the Company's corporate governance policies;

evaluation, along with the members of the Compensation Committee and the full Board, of the CEO's performance and meeting with the CEO to discuss the Board's evaluation; and

recommending members for various Board committees, as well as selection of the committee chairs.

The Board currently has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. From time to time the Board of Directors may establish other standing or special committees to discharge specific duties delegated to such committees by the Board. Current standing committee membership and the number of meetings of each committee during 2010 are described below. Messrs. Billings and Tonkel do not serve on any of our Board's standing committees.

The Board has also determined that Mr. Michael is qualified as an audit committee financial expert, within the meaning of SEC regulations, and possesses related financial management expertise within the meaning of the listing standards of the NYSE. The Board has further determined that Mr. Michael's simultaneous service on the audit committees of four public companies does not impair his ability to effectively serve on our Audit Committee. The Board of Directors has adopted a written charter for the Audit Committee, a current copy of which is available to shareholders on our website at www.arlingtonasset.com. For additional information on our Audit Committee, please refer to Audit Committee Report in this proxy statement.

The Compensation Committee reviews our compensation plans and makes recommendations concerning those plans and concerning executive officer compensation. The Board of Directors has adopted a written charter for the Compensation Committee, a current copy of which is available to shareholders on our website at www.arlingtonasset.com. For additional information on the Compensation Committee's processes and procedures for the consideration and determination of executive and director compensation, please refer to Compensation Discussion and Analysis and Compensation Committee Report in this proxy statement.

The Nominating and Governance Committee assists the Board of Directors in identifying individuals qualified to become Board members, plays a leadership role in shaping the governance of our company and oversees the evaluation of the Board. The Board of Directors has adopted a written charter for the Nominating and Governance Committee, a current copy of which is available to shareholders on our website at www.arlingtonasset.com.

Code of Ethics

We have not adopted a code of ethics that applies only to our principal executive officer, principal financial officer and principal accounting officer, because our Board of Directors has adopted a Statement of Business Principles that is broadly written and covers these officers and their activities. Our Statement of Business Principles is available on our website at www.arlingtonasset.com.

Availability of Corporate Governance Materials

Shareholders may view our corporate governance materials, including our Bylaws, Corporate Governance Guidelines, Statement of Business Principles and the charters of each of the committees of our Board of Directors, on our website at www.arlingtonasset.com. Our corporate governance materials may be obtained free of charge by submitting a written request to the Corporate Secretary c/o Arlington Asset Investment Corp., 1001 Nineteenth Street North, Arlington, Virginia 22209.

Director Nominations

Our Nominating and Governance Committee's responsibilities, as noted above and as described in its charter, include seeking, screening and recommending director candidates for nomination to serve on our Board of Directors. Our Corporate Governance Guidelines also contain information concerning the responsibilities of the

Nominating and Governance Committee with respect to identifying and evaluating director candidates. The Nominating and Governance Committee may identify potential Board candidates from a variety of sources, including recommendations of our shareholders.

Director Candidate Recommendations and Nominations by Shareholders

A shareholder may nominate a person for election to the Board of Directors in compliance with applicable Virginia law and our Bylaws. No candidates were nominated by shareholders for election to the Board of Directors at the 2011 annual meeting in accordance with this policy. Our Bylaws require that any such nominations for our 2012 annual meeting of shareholders must be received by us no earlier than February 3, 2012, and no later than March 4, 2012. Any such notice must satisfy the other requirements with respect to such proposals and nominations contained in our Bylaws. If a shareholder fails to meet the requirements or deadlines described in our policy, such nominations will be considered out of order and will not be acted upon at our 2012 annual meeting of shareholders. We may exercise discretionary voting authority under proxies we solicit to vote against any such proposal.

Process for Identifying and Evaluating Director Candidates

The Nominating and Governance Committee evaluates all director candidates in accordance with the director qualifications described in our Corporate Governance Guidelines, a copy of which is available on our website at www.arlingtonasset.com. The Committee evaluates properly submitted shareholder nominations no differently than other nominations. In accordance with our Corporate Governance Guidelines, the Nominating and Governance Committee considers, among other things, business experience and skills, independence, diversity, judgment, integrity, the ability to commit sufficient time and attention to the activities of the Board, the absence of any potential conflicts with the Company's interests, and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. The Nominating and Governance Committee recommends candidates based on its consideration of each individual's specific skills and experience and its annual assessment of the composition and needs of the Board as a whole, including with respect to diversity. Consideration of diversity as one of many attributes relevant to a nomination to the Board is implemented through the Nominating and Governance Committee's standard evaluation process. In particular, the Committee obtains and reviews questionnaires, interviews candidates as appropriate and engages in thorough discussions at Committee meetings in an effort to identify the best candidates and to populate an effective Board. The effectiveness of the Board's diverse mix of viewpoints, backgrounds, experience, expertise, skills and other demographics is considered as part of the Nominating and Governance Committee's annual assessment.

Communications with the Board of Directors

Shareholders wishing to communicate with the Board of Directors should send any communication in writing to our Corporate Secretary c/o Arlington Asset Investment Corp., 1001 Nineteenth Street North, Arlington, Virginia 22209. Any such communication must state the number of shares of Class A common stock and Class B common stock beneficially owned by the shareholder making the communication. The Corporate Secretary will forward such communication to the full Board of Directors, a committee of the Board of Directors, the Lead Independent Director or to any other individual director or directors, as appropriate. If a communication is unduly hostile, threatening, illegal or otherwise inappropriate, the Corporate Secretary is authorized by the Board to discard the communication or take appropriate legal action regarding the communication.

Risk Oversight

Our Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the Board. The Audit Committee receives reports from management and the internal auditor regarding the Company's assessment of risks. While the Board (through the Audit Committee) oversees the Company's risk management, our management team is responsible for day-to-day risk management processes. We believe this division of responsibilities is the most effective approach for addressing the risks facing our Company.

Director Attendance at the Annual Meeting

In accordance with our Corporate Governance Guidelines, directors are expected to attend the Company's annual meeting of shareholders, unless excused by the Lead Independent Director with good cause. All of the then-current members of our Board of Directors attended the 2010 annual meeting of shareholders in person.

Contributions to Charitable Entities

During the past three fiscal years, we have not made any charitable contributions to any charitable organization for which any of our directors served as an executive officer.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of the following non-employee directors, all of whom are independent according to the standards set forth in the NYSE listing standards and our Corporate Governance Guidelines: Messrs. Altobello (Chairman), Berce, Michael and Gallagher. None of the current members of the Compensation Committee has ever served as an officer or employee of the Company or had any relationship with the Company requiring disclosure as a related party transaction under the applicable SEC rules. During fiscal year 2010, none of our executive officers served on the compensation committee or board of directors of another entity, one of whose executive officers served on our Compensation Committee and none of our executive officers served on the Compensation Committee of another entity, one of whose executive officers served on our Board.

Director Stock Ownership Guidelines

On February 9, 2011, the Board affirmed the stock ownership guidelines applicable to each member of the Board who is not also an executive officer. Under these ownership guidelines, each non-executive director is required to retain 100% of any equity awards made to such director from and after February 9, 2011 until the date on which the director is no longer a director of the Company.

Director Compensation for 2010

Compensation for non-employee directors is established by our Compensation Committee to provide an appropriate level of compensation relative to the work required for service on our Board, as well as to director compensation practices in the competitive market. Our Compensation Committee reviews non-employee director compensation on an as-needed basis, assuring that individual cash components (i.e., retainers and meeting fees), total cash, and equity awards are appropriately positioned.

Our non-employee directors are compensated in both cash and equity in order to align our directors' interests with the long-term interest of our stockholders. Our non-employee director compensation includes:

Annual Grant of RSUs to Non-Employee Directors

On June 2, 2010, the day of our 2010 annual meeting of shareholders, each of our non-employee directors received an annual grant of 4,278 restricted stock units (RSUs) having an aggregate grant date fair value of \$80,000 based on the closing sale price of our Class A common stock on the NYSE on June 1, 2010, which was \$18.70. The RSUs were granted pursuant to our 2004 Plan by reference to the terms of a predecessor plan, the

Non-Employee Director Stock Compensation Plan. In addition to the annual grant of RSUs, we also granted additional RSUs to our non-employee directors in lieu of certain cash payments for services as our Lead Independent Director or as a chairman of one of our Board's standing committees, as noted in the footnotes to the above table.

A non-employee director's interest in RSUs vests if he serves on our Board of Directors from the date of grant until the first anniversary of the award. Vesting is accelerated if the non-employee director's service on our Board of Directors ends on account of death or disability or if there is a change in control of our company. Vested RSUs are converted to shares of Class A common stock upon the director ceasing to be a member of our Board of Directors. If the non-employee director's service on our Board of Directors ends for a reason other than death, disability or involuntary termination, he or she receives a cash payment for any non-vested RSUs, based on the fair market value of shares of Class A common stock on the date that the non-employee director retired from our Board. If a non-employee director's service on our Board ends due to an involuntary termination (that is, a termination for a reason other than death, disability, failure to stand for re-election, resignation or a termination for cause), any non-vested RSUs will be settled partly in Class A common stock and partly in cash. In the event of an involuntary termination, a pro rata number of the non-vested RSUs (i.e., the number of non-vested RSUs multiplied by a fraction, the numerator of which is the number of months of service after the date of grant and the denominator of which is twelve), will be settled by the issuance of an equal number of shares of Class A common stock. The remaining non-vested RSUs will be settled by a single cash payment based on the fair market value of the Class A common stock on the date the director's Board membership terminated.

RSUs do not have any voting rights but are entitled to cash dividend equivalent payments.

The following table sets forth certain information regarding RSUs granted on June 2, 2010 to our non-employee directors as discussed above. The grant date fair value is calculated in accordance with FASB ASC Topic 718 and is based on the closing sale price of our Class A common stock on the NYSE on June 1, 2010, which was \$18.70.

Name	Aggregate Number of RSUs Awarded	Grant Date Fair Value of RSUs Awarded
Daniel J. Altobello	5,213	\$ 97,500
Peter A. Gallagher	4,545	\$ 85,000
Ralph S. Michael, III	4,679	\$ 87,500
Wallace L. Timmeny	4,278	\$ 80,000
John T. Wall ⁽¹⁾		

(1) Mr. Wall ceased being a member of the Board on June 1, 2010. Pursuant to the terms of the RSUs previously granted to Mr. Wall, a total of 15,147 vested RSUs will be converted into an equivalent number of shares of our Class A common stock on June 1, 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires directors, executive officers and greater-than-10% beneficial owners to file reports of ownership and changes in ownership of our securities with the SEC. Based solely upon our review of the copies of such reports furnished to us and written representations from certain of our executive officers and directors that no other such reports were required, we believe that during the period from January 1, 2010 through December 31, 2010, all Section 16(a) filing requirements applicable to our officers, directors and greater-than-10% beneficial owners were complied with on a timely basis.

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

Review, Approval or Ratification of Transactions With Related Persons

Our policy and practice is not to enter into any related party transaction with any of our executive officers or directors (or transactions not in the ordinary course of business or not performed on standard market terms with shareholders known to beneficially own over 5% of a class of our voting securities or their related persons), unless the transaction is approved by a majority of our disinterested directors. Pursuant to its charter, the Audit Committee is responsible for reviewing and approving all transactions between the Company and any related person that are required to be disclosed pursuant to Item 404 of SEC Regulation S-K. In addition, pursuant to its charter, the Nominating and Governance Committee periodically reviews our conflict of interest policies as set forth in our Statement of Business Principles concerning directors and executive officers, and reviews with management our procedures for implementing and monitoring compliance with the conflict of interest policies.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis describes our compensation strategy, policies, programs and practices for 2010 for the executive officers identified in the Summary Compensation Table. Throughout this proxy statement, we refer to these individuals as our named executive officers.

Our named executive officers for the year ended December 31, 2010 are Eric F. Billings, Chairman of the Board and Chief Executive Officer, J. Rock Tonkel, Jr., President and Chief Operating Officer, and Kurt R. Harrington, Executive Vice President, Chief Financial Officer and Chief Accounting Officer.

The primary purpose of the Compensation Committee is to assist the Board in discharging its responsibilities relating to compensation of the Company's directors and officers. In furtherance of this role, the Committee seeks to attract and retain high-quality leadership and ensure that the Company's executive compensation strategy supports the Company's objectives and shareholder interests.

Executive Summary

Key Financial and Strategic Accomplishments

Our executive compensation programs are designed with the intent to align our named executive officers' interests with those of our shareholders as well as increase total corporate performance as measured by the Compensation Committee. The Committee determined that our executives have successfully achieved their key objectives for 2010. During 2010, the Company continued its strategic initiatives designed to strengthen and stabilize its financial and operational positions to maximize the returns to its shareholders and increase shareholder value. For 2010, 75% of the executive performance-based cash bonus was based on the achievement of specific return on equity (Adjusted ROE) levels. The Adjusted ROE goals for 2010 were 8%, 11% and 17% at threshold, target and maximum, respectively. The Company's actual Adjusted ROE for 2010 was 23%. The remaining 25% of the executive performance-based cash bonus was based on the Committee's subjective assessment of the executives performance as well as the overall performance of the Company during 2010. During 2010, the Company returned 55% to shareholders from book value per share growth plus dividends, increased its book value per share by 46% and repurchased a total of 243,815 shares of its Class A common stock at an average price of \$20.08 per share. The Company was also able to initiate a \$0.35 per share quarterly dividend during the first quarter of 2010 and was able to increase its quarterly dividend in the third quarter to \$0.60 per share.

Summary of Total Direct Compensation Program Elements

In 2010, our Compensation Committee revised our approach to executive compensation with the overarching goals of linking pay for performance, aligning the interests of management with those of shareholders and retaining top management talent. Our executive compensation program includes three direct compensation components: base salary, annual cash incentive and long-term incentive compensation opportunities for each executive. Summarized below is a description of the three components and the rationale for the key actions and decisions made with respect to our executive compensation program for 2010.

Compensation Component	Description and Principal Contribution to Compensation Objectives	2010 Highlights
<i>Base Salary</i>	Salaries are set based on a variety of factors, including competitive market data, scope of the individual's role in the organization, the individual's level of experience and individual performance and potential.	The Committee approved a base salary increase for Mr. Harrington, effective April 1, 2010, to bring his salary closer to market-competitive levels. Base salaries for Messrs. Billings and Tonkel remained the same in 2010 as in 2009.
<i>Annual Cash Incentive</i>	<p>Executives are eligible to earn a maximum of 250% of their target bonus opportunities based on performance achievements relative to specific metrics and goals. For 2010, 75% of the bonus was based on achievement of a specific Adjusted ROE. The Adjusted ROE was selected because it measures both our profitability as well as our efficient use of equity capital.</p> <p>The remaining 25% was based on a subjective assessment of the executives' performance during 2010.</p>	<p>Actual Adjusted ROE in 2010 was 23%, resulting in bonuses for Messrs. Tonkel and Harrington of 250% of target for 75% of the bonus opportunity.</p> <p>Based on the executives' leadership and ability to continue to implement the Company's strategy that was designed to strengthen and stabilize its financial and operational positions to maximize the returns to its shareholders and increase shareholder value, as shown by its overall performance during 2010, the Committee determined that based upon its subjective assessment Messrs. Tonkel and Harrington warranted payment at 72.5% of 25% of the bonus opportunity for 2010.</p> <p>In 2008, Mr. Billings agreed to forgo any cash bonuses for 2008, 2009 and 2010.</p>

Compensation Component <i>Long-Term Incentives</i>	Description and Principal Contribution to Compensation Objectives	2010 Highlights
	<p>The long-term incentive program is designed to reward long-term shareholder value creation.</p> <p>The long-term incentive program is also designed to provide the appropriate balance with the short-term annual bonus program and help ensure management focuses on the long-term impact of short-term decisions.</p> <p>In March 2010, the Committee established a long-term program design that could use Market Stock Units (MSUs), which are performance-based restricted stock units that are earned based on total shareholder return (i.e., share price appreciation plus reinvested dividends) over a multi-year period (three-years in the Committee s long-term incentive compensation design). In addition, the Committee s MSU design requires the achievement of a threshold level of Adjusted ROE in each of the three years of the performance period in order for the MSUs to vest.</p> <p>The Committee is considering the use of MSUs because they provide strong alignment with shareholders by rewarding positive total shareholder return, both from share price appreciation and dividends, and are more performance-based than time-vesting restricted stock.</p>	<p>Despite our strong performance, no long-term equity awards were granted to the named executive officers in 2010 because of insufficient availability of shares in the 2004 Plan.</p> <p>In March 2010, the Committee established a new long-term incentive program. The Committee designed this plan to reward long-term shareholder value creation and also to provide a balance with the short-term compensation component to ensure that management maintains focus on the long-term impact of their day-to-day decisions. Under this program, the Committee intends to grant long-term incentives in the form of MSUs in the future. The Committee decided to use an equity-based vehicle that would reward positive total shareholder return, both from share price appreciation and dividends, and that would not require setting financial or market performance goals.</p>

Compensation Policies

Since the beginning of 2010, we have made several changes to our compensation policies and practices to align the interests of our executive officers with those of our shareholders. The actions taken include the following:

Management conducted a risk assessment of our compensation policies and practices and reported the results to the Committee. Based on this analysis, the Committee concluded that our compensation policies and practices for fiscal 2010 did not create risks that are reasonably likely to have a material adverse effect on the Company.

The Compensation Committee revisited its approach to structuring total compensation arrangements and adopted new short- and long-term incentive plans for 2010. The new plans allow executives to earn incentive compensation based on the achievement of financial, strategic and individual goals, while more closely aligning the interests of the executives and the shareholders.

In addition to the recent changes to our compensation policies and practices described above, the Company has previously implemented a number of governance best practices with respect to the Company's executive compensation program, including the following:

The Committee implemented stock ownership guidelines for executive officers that seek to ensure each named executive officer has a meaningful ownership interest in the Company. The stock ownership guidelines are described on page 39.

The Committee adopted a clawback policy under which we can recover any cash bonus paid during the prior fiscal year to an executive officer whose intentional misconduct causes us to restate our financial statements. The clawback policy is described on page 39.

We do not have employment contracts or post-termination compensation agreements with any of our named executive officers, and we do not have contractual provisions or other arrangements with any of the named executive officers, which provide for payments by us to a named executive officer at, following, or in connection with the resignation, severance, retirement or other termination (including constructive termination). We do not provide excise tax gross-ups for excess parachute payments.

We do not provide perquisites or any special benefits to our named executive officers. Named executive officers are eligible to participate in the same benefits programs as all other employees. These include a defined contribution savings plan, healthcare plan, and other standard company benefit plans.

As part of our policy of maintaining performance-based compensation plans, we do not provide defined benefit plans or other retirement benefits to the named executive officers, other than a tax-qualified defined contribution savings plan available to all of our employees pursuant to Section 401(k) of the Internal Revenue Code.

Compensation Philosophy and Objectives

Our overall compensation program seeks to align executive compensation with the achievement of the Company's business objectives and with individual performance towards these objectives. It also seeks to enable the Company to attract, retain and reward executive officers and other key employees who contribute to our success and to incentivize them to enhance long-term shareholder value. In reviewing the components of compensation for each executive officer, the Committee emphasizes pay for performance on both an annual and long-term basis. To implement this philosophy, the total compensation program is designed to be competitive with the programs of other companies with which the Company competes for executives, and to be fair and equitable to both the Company and the executives. Consideration is given to each executive's overall responsibilities, professional qualifications, length of service, business experience, historical job performance and competitive employment opportunities.

Our compensation program for the named executive officers for 2010 was designed to meet the following objectives:

Attract and Retain Talented Executives. Given the highly competitive nature of our business, the mobility of skilled and experienced executives and the competitive importance of compensation in our industry, our 2010 executive compensation program was designed to motivate, reward and retain highly-qualified individuals. Our executive compensation program was also designed to provide compensation that is competitive with compensation provided by other companies to executive officers who provide comparable services, taking into account the size and characteristics of our company, as well as other factors, including past contributions, individual performance and the amount of base salary paid in the past years and any recent adjustments.

Pay-for-Performance. Our executive compensation program is designed to create a compensation structure under which a meaningful portion of the total compensation paid or awarded is based on corporate performance as measured by the Compensation Committee. As discussed further below, the 2010 annual cash bonus program provided each executive (other than Mr. Billings) the opportunity to earn a cash bonus dependent on the Company's Adjusted ROE performance as well as achievement of individual strategic objectives for each named executive officer.

Alignment of Interests with Shareholders. Our executive compensation program is designed to encourage the aggregation and maintenance of meaningful equity ownership, and alignment of executive and shareholder interests. In 2010, the Committee was unable to provide equity-based awards to the named executive officers because of insufficient availability of shares under the 2004 Plan.

Compensation Committee Responsibilities and Authority

Our Compensation Committee reviews executive compensation and makes recommendations to our Board of Directors. Generally, the Committee is responsible for reviewing existing compensation and benefits policies, including reviewing and approving incentive- and equity-based compensation plans. Specifically, with regard to its discretionary power to determine short- and long-term incentive awards, the Committee has the duty to evaluate the performance of our named executive officers, as well as to review and approve corporate goals and objectives relevant to the compensation of our Chief Executive officer and, in consultation with our Chief Executive Officer, our other executive officers.

In December 2009, the Compensation Committee engaged Frederic W. Cook & Co., Inc. (Frederic W. Cook) as its independent compensation consultant, to provide advice and assistance on the design and structure of the Company's 2010 executive compensation programs. Frederic W. Cook reports directly to the Compensation Committee, works with management only under the direction of the Compensation Committee, and does not provide any other advice or consulting services to the Company.

Setting Compensation

Developing recommendations for our Board of Directors regarding our compensation programs and the specific elements and levels of compensation for our named executive officers is central to the role of the Compensation Committee. The Committee does not have a specific allocation goal between cash and equity-based compensation or between annual and long-term incentive compensation. Instead, the Committee relies upon its collective business judgment as applied to the challenges confronting our Company, together with regular peer group analyses, evaluations of internal equity considerations and the recommendations of management. The Committee also considers advice and data from independent consultants, including Frederic W. Cook, and information provided by our employees. The Committee also utilizes subjective information when considering the compensation to be paid or awarded to each of our named executive officers, including the executive's overall responsibilities, professional qualifications, length of service, experience, historical job performance and competitive employment opportunities. We believe the variety of inputs considered by the Committee provides a basis for the Committee to make informed decisions on the design of our executive compensation program and the elements and amounts of compensation paid or awarded to our named executive officers.

Peer Group Analysis

In structuring the 2010 executive compensation program, the Compensation Committee established a peer group for purposes of analyzing competitive compensation practices. Based on input from Frederic W. Cook, the Committee established a comparative peer group consisting of organizations that the Committee believes are consistent with those included in the performance peer group index from our Annual Report. The peer group includes companies that are competitors either in our industry or for executive talent, or that have similar financial characteristics.

In 2010, the peer group approved by the Committee for compensation purposes consisted of the following companies: Allied Capital Corporation; American Capital, Ltd.; Anworth Mortgage Asset Corporation; Arbor Realty Trust, Inc.; Capital Trust, Inc.; Capital Source; Capstead Mortgage Corporation; Financial Federal Corporation; MCG Capital Corporation; MFA Financial, Inc.; Newstar Financial, Inc.; NorthStar Realty Finance Corp.; RAIT Financial Trust; and Redwood Trust, Inc.

Role of Executive Officers in Determining Executive Compensation For Named Executive Officers

The recommendations of our Chairman and Chief Executive Officer and our President and Chief Operating Officer also play a role in the compensation decision making process. Our Chairman and Chief Executive Officer and President and Chief Operating Officer provide the Committee with an assessment of our achievements and performance, their evaluation of individual performance and their recommendations for direct report base salary, short-term bonus, and long-term incentive awards. The Committee has the discretion to accept, reject or modify these recommendations.

Elements of Executive Compensation

Our 2010 executive compensation program consisted of the following direct compensation elements, each of which are described in more detail below:

Base Salary

Annual Performance-Based Cash Bonus Opportunities

Long-Term Equity Incentive Awards

2010 Base Salaries

Base salary provides our executives with a minimum amount of cash compensation that is not variable, or at risk. The Compensation Committee seeks to pay our executive officers a competitive base salary in recognition of their job responsibilities for a publicly-held company and has generally reviewed base salaries for our executives on an annual basis by considering several factors, including competitive factors within our industry, past contributions and individual performance. As discussed above, in setting base salaries the Committee is mindful of the total compensation paid to each individual and the overall goal of keeping the amount of cash compensation that is provided in the form of base salary substantially lower than the amount of bonus opportunity that is available, assuming that performance targets are met or exceeded. The Committee also takes into account compensation provided to the named executive officers in past years, including any recent adjustments to their respective base salaries.

The Committee carefully reviewed the responsibilities and anticipated relative contributions of certain executives and decided to increase Mr. Harrington's salary to bring it closer to market-competitive levels for his position, but maintained the base salaries for Mr. Billings and Mr. Tonkel at the 2009 levels as described in the table below:

Named Executive Officer	2009	2010
	Base Salary	Base Salary
Eric F. Billings	\$ 800,000	\$ 800,000
J. Rock Tonkel, Jr.	\$ 750,000	\$ 750,000

Edgar Filing: Arlington Asset Investment Corp. - Form DEF 14A

Kurt R. Harrington ⁽¹⁾	\$ 250,000	\$ 300,000
-----------------------------------	------------	------------

(1) Mr. Harrington's 2010 base salary increase was effective April 1, 2010. The actual base salary that he received for 2010 was \$285,961.

2010 Annual Performance-Based Cash Bonus Opportunities

For 2010, short-term incentives were targeted at 100% of base salary for each named executive officer (other than Mr. Billings), with actual earnings opportunities ranging from 50% of target for threshold performance to a maximum of 250% of target for superior performance. The Committee further determined that performance below threshold levels would not be rewarded with a payout. The Committee believes that these payout levels positioned annual total cash compensation near the median of competitive practices for target performance, while providing appropriate downside risk and upside opportunity for each executive.

75% of the short-term performance-based cash bonus was based on achievement of corporate performance, defined as Adjusted Return on Equity (Adjusted ROE) levels, and 25% was based on a subjective assessment of the executives' performance during 2010. Adjusted ROE is defined as core cash earnings, excluding non-cash stock compensation amortization and other non-cash and non-recurring expenses, divided by shareholders' equity as of December 31, 2009. For the Adjusted ROE component of the incentives, the following table summarizes the performance goals and corresponding payouts as a percentage of target.

Adjusted ROE Achievement	Bonus Payout (% of Target)
< 8%	0%
8%	50%
11%	100%
17%	250%

The Committee was advised by outside counsel that the 2010 executive bonuses would not be considered performance-based compensation that is fully tax-deductible under Section 162(m) of the Internal Revenue Code.

Our actual Adjusted ROE for 2010 was 23%, which resulted in the maximum payout of 250% of target for the corporate performance component representing 75% of the total annual cash bonus opportunity.

The remaining 25% of the short-term performance-based cash bonus was based on the Committee's subjective assessment of the executives' performance during 2010. The Committee conducted a thorough review of the executives' performance as well as the overall performance of the Company for 2010. Based on their leadership and ability to continue to implement the Company's strategy that was designed to strengthen and stabilize its financial and operational positions to maximize the returns to its shareholders and increase shareholder value, as shown by its overall performance during 2010, the Committee determined that based upon its subjective assessment Messrs. Tonkel and Harrington warranted payment at 72.5% of 25% of the bonus opportunity for 2010.

Bonuses were awarded and paid in cash to Messrs. Tonkel and Harrington in 2011 for performance in 2010. Actual bonuses for Messrs. Tonkel and Harrington were \$1,746,094 and \$698,438 as illustrated in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. No cash bonus was awarded to Mr. Billings in 2011 for performance in 2010, pursuant to his agreement to forgo bonuses in 2008, 2009 and 2010.

2010 Long-Term Equity Incentive Awards

The Committee believes that a meaningful portion of named executive officer compensation should be in the form of equity awards, as a retention tool and to align further the long-term interests of our named executive officers with those of our other shareholders. Equity awards of restricted stock have historically been made pursuant to our 2004 Plan. No equity awards were made to the named executive officers in 2011 for the 2010 performance year. While the annual bonus program is designed to reward short-term operational results, the long-term incentive program is designed to reward long-term shareholder value creation. The long-term incentive component will also provide a balance with the short-term component and will ensure management maintains

focus on the long-term impact of their day-to-day decisions. For example, absent a counterbalancing incentive, the annual bonus program might encourage management to prematurely sell investments in order to increase Adjusted ROE, even if it is not in the best long-term interests of the Company. To provide incentives to maximize investment value and to reward the long-term shareholder value creation, the Committee decided to implement a separate long-term incentive program, rather than tying equity grants to the same performance objectives as the short-term incentives.

Although the Committee determined that the 2010 performance of the Company and the named executive officers was exceptional, no long-term equity awards were granted by us to our named executive officers under our 2004 Plan for performance in 2010. We did not award any long-term equity awards to our eligible named executive officers in 2011 for 2010 performance principally because we lacked sufficient availability under our 2004 Plan to make competitive long-term equity awards. While 78.4% of the votes cast at our 2010 annual meeting of shareholders voted to approve the then proposed 2010 long-term incentive plan, which if approved would have given us sufficient availability to make competitive long-term equity awards to our named executive officers, the total votes cast on this proposal constituted 49.91% of the shares entitled to vote. The number of votes cast on that proposal did not meet the NYSE listing standards that require votes cast by at least a majority of the shares entitled to vote and consequently the 2010 long-term incentive plan was not implemented. As described in Proposal No. 2, we are therefore seeking approval of our 2011 Long-Term Incentive Plan which we believe is critical to our ability to structure a competitive and well-aligned compensation program.

Once and if there are sufficient shares available for grant under the 2011 Long-Term Incentive Plan, if approved by shareholders, the Committee intends to grant long-term incentives in the form of Market Stock Units (MSUs), which are performance-based restricted stock units that are earned based on total shareholder return (i.e., share price change plus dividends on a deemed reinvested basis) over a multi-year period. Earned share units, if any, would be paid out in actual common shares. The Committee is also contemplating the requirement to achieve a minimum level of Adjusted ROE before any MSUs may be earned. Initial MSU grant sizes, if any, are expected to be determined using the targeted total pay approach, where the grant-date fair value of awards may be targeted to position annual total direct compensation near the median of competitive practices for target performance.

Subject to the achievement of any required Adjusted ROE threshold over the performance period, the number of MSUs earned at maturity would be determined by the following formula:

MSUs earned at maturity = (MSUs granted + reinvested MSU dividends) X Stock performance multiplier

The stock performance multiplier would be calculated as the 30 trading-day average closing stock price (adjusted for dividends) at the end of the performance period divided by the 30 trading-day average closing price on grant date. Dividend equivalents would be deemed reinvested and subject to the same vesting schedule as underlying MSUs. The Committee is also considering applying additional thresholds and caps. For example, if the ending 30 trading-day average stock price is less than 50% of the 30 trading-day average at grant date, there would be no payout, and the maximum value for the stock performance multiplier would be 150%.

2008 Cash Retention Incentive Payment to Chief Executive Officer

On February 20, 2008, the Committee approved a one-time cash retention incentive payment to Mr. Billings in the amount of \$2.0 million in an effort to ensure his continued service in the capacity of our Chairman or as our Chairman and Chief Executive Officer. The cash retention incentive payment was made subject to the terms and conditions of a retention incentive agreement, which was filed as an exhibit to our Quarterly Report on Form 10-Q for the quarter ended March 31, 2008. If Mr. Billings had voluntarily resigned or was terminated for cause (as defined in the agreement) prior to December 31, 2009, the entire \$2.0 million cash retention incentive payment would have immediately become due for repayment in full, except as described below. If Mr. Billings had voluntarily resigned prior to December 31, 2009 after a change in control of our company (as defined in the 2004 Plan), together with any demotion or diminution of his responsibilities, no portion of the cash retention

incentive payment would have been repayable. For purposes of the retention incentive agreement only, the definition of change in control (as defined in the 2004 Plan) excluded any business combination with an affiliated company, including our former subsidiary FBR Capital Markets. The cash retention incentive payment made to Mr. Billings is now fully vested and we have not entered into a similar arrangement with Mr. Billings or any of our executive officers. Mr. Billings will be entitled to participate in our executive bonus pool and other compensation arrangements going forward.

2011 Total Direct Compensation Plan Updates

The Compensation Committee continued its approach in structuring total compensation arrangements for short- and long-term incentive plans for 2011 in generally the same manner as they were designed in 2010. The plans allow executives to earn incentive compensation based on the achievement of financial, strategic and individual goals, while more closely aligning the interests of our executives and shareholders.

Stock Ownership Guidelines

On February 9, 2011, the Board of Directors adopted stock ownership guidelines for our executive officers. Under the ownership guidelines, each executive officer is required to retain 25% of any equity awards made to such executive officer from and after February 9, 2011 until the earlier of (i) the date on which the executive officer is no longer an executive officer of the Company or (ii) the executive officer's achievement of the following ownership levels of the Company's stock as of the date of the grant, as applicable:

Eric F. Billings	\$4,000,000 (five times 2009 base salary)
J. Rock Tonkel, Jr.	\$3,000,000 (four times 2009 base salary)
Kurt R. Harrington	\$1,000,000 (four times 2009 base salary)

As of March 31, 2011, the named executive officers beneficially owned approximately 8.1% of our outstanding Class A common stock in aggregate. As of March 31, 2011, Messrs. Billings and Tonkel also collectively beneficially owned approximately 73.7% of our outstanding Class B common stock. The Committee believes that the current equity holdings of the named executive officers closely align their interests with those of our shareholders.

Compensation Clawback Policy

On February 9, 2011, the Board of Directors adopted a compensation clawback policy for the recovery of compensation from our executive officers under certain circumstances. Pursuant to the clawback policy, we have the right to recover any cash bonus awarded to an executive officer (i) in the event of an accounting restatement due to material noncompliance by our Company with the financial reporting requirements of the federal securities laws with respect to financial statements filed by our Company within twelve (12) months after the date of such award, and (ii) where such noncompliance was the result of intentional misconduct by that executive officer. Under the policy, the executive officer must reimburse us for the difference between the amount of the original bonus received by that executive officer and the amount of the bonus such officer would have received had the bonus amount been calculated based on the restated financial statements. As adopted, the clawback policy applies to the award of any cash bonus to an executive officer from and after February 9, 2011.

Perquisites and Other Personal Benefits

Given the focus on cash and equity-based compensation in our industry as well as following executive compensation best practices, we do not believe that it is necessary to provide perquisites and other personal benefits as part of the total compensation of our named executive officers. We do not provide to our named executive officers perquisites such as personal financial planning services, tax advice, income tax preparation

fees, housing or other living expenses, personal use of corporate aircraft or other personal travel, car allowances, commuting expenses or payment of uninsured medical costs. We do not provide tax gross up payments or other tax reimbursement payments to our named executive officers.

Our named executive officers are eligible to participate in our group health insurance and life insurance benefit programs on the same terms as our other employees.

Deferred Compensation Plans

We do not have a deferred compensation plan available to our named executive officers or to our other employees.

Post-Termination Compensation; Potential Payments Upon a Change of Control

We do not have employment contracts or post-termination compensation agreements with any of our named executive officers, and we do not have contractual provisions or other arrangements with any of the named executive officers that provide for payments by us to a named executive officer at, following, or in connection with the resignation, severance, retirement or other termination (including constructive termination) of a named executive officer. The Board of Directors retains discretion to provide severance in a particular case, although we are under no obligation to do so. Unvested stock options and restricted stock awards held by grantees, including those held by named executive officers, may vest upon a change of control or following a change of control as provided under the terms of our 2004 Plan.

As of April 12, 2011, no equity awards to our named executive officers were outstanding. See Outstanding Equity Awards at 2010 Fiscal Year-End for additional information.

Retirement Benefits

As part of our policy of maintaining performance-based compensation plans, we do not provide defined benefit plans or other retirement benefits to our named executive officers, other than a tax-qualified defined contribution savings plan available to all of our employees pursuant to Section 401(k) of the Internal Revenue Code.

Tax Deductibility of Certain Compensation

Section 162(m) of the Internal Revenue Code limits the ability of a public company to deduct for tax purposes compensation in excess of \$1.0 million paid annually to each of the Chief Executive Officer and other executive officers, other than the Chief Financial Officer, named in the Summary Compensation Table (other than our Chief Financial Officer, Mr. Harrington). There are exceptions to this limit, including an exception for compensation that is based on the attainment of performance goals that are established by the Committee and approved by our shareholders. It is our intention to pay compensation that is fully tax deductible, pursuant to Section 162(m), when that is practicable. However, the Committee is of the view that there are circumstances in which the provision of compensation that is not fully deductible may be more consistent with the compensation philosophy and objectives of the Committee, as discussed above, and/or may be in the best interests of our company and our shareholders. The Committee's ability to exercise discretion and to retain flexibility in this regard may, in certain circumstances, outweigh the advantages of qualifying all compensation as tax deductible under Section 162(m). The Committee believes that the compensation of the named executive officers has been appropriately structured and administered so that a substantial component of total compensation is dependent upon, and directly related to, our performance.

Compensation Risk Analysis

The Compensation Committee regularly monitors the risks and rewards associated with our compensation programs. The Committee also establishes our compensation programs with the intent to align our interests with shareholders and to help prevent unnecessary or excessive risk taking. We believe that our compensation policies and practices are well balanced and designed to avoid creating compensation incentives that encourage unnecessary or excessive risks that could potentially have a material adverse effect on our Company. The Compensation Discussion and Analysis section above describes our general compensation policies, practices, and philosophies that are applicable for our executive officers. We use variable compensation for all of our executive officers, with a focus on performance. As an additional safeguard against unnecessary or excessive risk taking, even if pre-established performance metrics are satisfied, the Compensation Committee retains the right to reduce overall and individual awards. The Committee continually assesses our executive compensation programs and has added additional policies and practices during 2010 and 2011, which we believe will further mitigate compensation driven risk. Some of these policies and practices include limits on executive bonuses, the adoption of a new clawback policy and the adoption of new executive officer stock ownership guidelines, as described in more detail earlier in the proxy statement.

(b) If any Shares subject to an Award or to an award under the Prior Plans are forfeited, expire or otherwise terminate without issuance of such Shares on or after the effective date of the Plan, or any Award or award under the Prior Plans is settled for cash or otherwise does not result in the issuance of all or a portion of the Shares subject to such Award on or after the effective date of the Plan, the Shares shall, to the extent of such forfeiture, expiration, termination, cash settlement or non-issuance, again be available for Awards under the Plan.

(c) In the event that (i) any Option or other Award granted hereunder is exercised through the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company, or (ii) withholding tax liabilities arising from such Option or other Award are satisfied by the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company, then the Shares so tendered or withheld shall be available for issuance under the Plan. (c) Decisions of the Committee shall be final, conclusive and binding on all persons or entities, including the Company, any Participant, any stockholder and any Employee or any Affiliate. A majority of the members of the Committee may determine its actions and fix the time and place of its meetings. Notwithstanding the foregoing, any action or determination by the Committee specifically affecting or relating to an Award to a Director shall require the final approval of the Board.

(d) To the extent not inconsistent with applicable law or the rules and regulations of the principal U.S. national securities exchange on which the Shares are traded, the Committee may delegate to (i) a committee of one or more Directors of the Company any of the authority of the Committee under the Plan, including the right to grant, cancel or suspend Awards and (ii) to the extent permitted by law, to one or more officers or a committee of officers the right to grant Awards to Employees who are not Directors or officers of the Company and the authority to take action on behalf of the Committee pursuant to the Plan to cancel or suspend Awards to Employees who are not Directors or officers of the Company.

5. OPTIONS

5.1. *Grant of Options.* Options may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Any Option shall be subject to the terms and conditions of this Section 5 and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall deem desirable.

5.2. *Award Agreements.* All Options granted pursuant to this Section 5 shall be evidenced by a written Award Agreement in such form and containing such terms and conditions as the Committee shall determine which are not inconsistent with the provisions of the Plan. The terms and conditions of Options need not be the same with respect to each Participant. The grant of an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Section 5 may hold more than one Option granted pursuant to the Plan at the same time.

5.3. *Option Price.* Other than in connection with Substitute Awards, the option price per each Share purchasable under any Option granted pursuant to this Section 5 shall not be less than 100% of the Fair Market Value of such Share on the date of grant of such Option. Other than pursuant to Section 12.2, the Committee shall not without the approval of the Company's stockholders (a) lower the option price per Share of an Option after it is granted, (b) cancel an Option in exchange for cash or another Award (other than in connection with a Change in Control as described in Section 11.2 or Substitute Awards), and (c) take any other action with respect to an Option that may be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Shares are traded.

5.4. *Option Term.* The term of each Option shall be fixed by the Committee in its sole discretion; provided that no Option shall be exercisable after the expiration of ten years from the date the Option is granted, except in the event of death or disability.

5.5. *Exercise of Options.*

(a) Vested Options granted under the Plan shall be exercised by the Participant or by a Permitted Assignee thereof (or by the Participant's executors, administrators, guardian or legal representative, as may be provided in an Award Agreement) as to all or part of the Shares covered thereby, by giving notice of exercise to

the Company or its designated agent, specifying the number of Shares to be purchased. The notice of exercise shall be in such form, made in such manner, and shall comply with such other requirements consistent with the provisions of the Plan as the Committee may prescribe from time to time.

(b) Unless otherwise provided in an Award Agreement, full payment of such purchase price shall be made at the time of exercise and shall be made (i) in cash or cash equivalents (including by certified check or bank check or wire transfer of immediately available funds), (ii) by tendering previously acquired Shares (either actually or by attestation), valued at their then Fair Market Value, (iii) with the consent of the Committee, by delivery of other consideration (including, where permitted by law and the Committee, other Awards) having a Fair Market Value on the exercise date equal to the total purchase price, (iv) with the consent of the Committee, by withholding Shares otherwise issuable in connection with the exercise of the Option, (v) through any other method specified in an Award Agreement, or (vi) any combination of any of the foregoing. The notice of exercise, accompanied by such payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. In no event may any Option granted hereunder be exercised for a fraction of a Share. Except under certain circumstances contemplated by Section 11 or as may be set forth in an Award Agreement with respect to death or disability of a Participant, Options granted to employees of the Company or any Subsidiary will not be exercisable before the expiration of one year from the date the Option is granted (but may be exercisable pro rata over such time).

(c) Notwithstanding the foregoing, an Award Agreement may provide that if on the last day of the term of an Option the Fair Market Value of one Share exceeds the option price per Share, the Participant has not exercised the Option (or a Tandem Stock Appreciation Right, if applicable) and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Participant the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total purchase price and required withholding taxes; provided, however, any fractional Share shall be settled in cash.

5.6. *Form of Settlement.* In its sole discretion, the Committee may provide, at the time of grant, that the Shares to be issued upon an Option's exercise shall be in the form of Restricted Stock or other similar securities, or may reserve the right so to provide after the time of grant.

6. STOCK APPRECIATION RIGHTS

6.1. *Grant and Exercise.* The Committee may grant Stock Appreciation Rights (a) in conjunction with all or part of any Option granted under the Plan or at any subsequent time during the term of such Option (Tandem Stock Appreciation Right), (b) in conjunction with all or part of any Award (other than an Option) granted under the Plan or at any subsequent time during the term of such Award, or (c) without regard to any Option or other Award (a Freestanding Stock Appreciation Right), in each case upon such terms and conditions as the Committee may establish in its sole discretion.

6.2. *Terms and Conditions.* Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) Upon the exercise of a Stock Appreciation Right, the holder shall have the right to receive the excess of (i) the Fair Market Value of one Share on the date of exercise or such other lesser amount as the Committee shall so determine at any time during a specified period before the date of exercise over (ii) the grant price of the right on the date of grant which, except in the case of Substitute Awards or in connection with an adjustment provided in Section 12.2, shall not be less than the Fair Market Value of one Share on such date of

grant of the right or, in the case of a Tandem Stock Appreciation Right granted on the date of grant of the related Option, the option price per share of the related Option.

(b) Upon the exercise of a Stock Appreciation Right, the Committee shall determine in its sole discretion whether payment shall be made in cash, in whole Shares or other property, or any combination thereof.

(c) Any Tandem Stock Appreciation Right may be granted at the same time as the related Option is granted or at any time thereafter before exercise or expiration of such Option.

(d) Any Tandem Stock Appreciation Right related to an Option may be exercised only when the related Option would be exercisable and the Fair Market Value of the Shares subject to the related Option exceeds the option price at which Shares can be acquired pursuant to the Option. Any Option related to a Tandem Stock Appreciation Right shall no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised and any Tandem Stock Appreciation Right shall no longer be exercisable to the extent the related Option has been exercised; provided, however, that if a Tandem Stock Appreciation Right exists with respect to less than the full number of Shares covered by a related Option, then an exercise or termination of such Option shall not reduce the number of Shares to which the Tandem Stock Appreciation Right applies until the number of Shares then exercisable under such Option equals the number of Shares to which the Tandem Stock Appreciation Right applies.

(e) The provisions of Stock Appreciation Rights need not be the same with respect to each recipient.

(f) The Committee may impose such other conditions or restrictions on the terms of exercise and the exercise price of any Stock Appreciation Right, as it shall deem appropriate. In connection with the foregoing, the Committee shall consider the applicability and effect of Section 162(m) of the Code. Notwithstanding the foregoing provisions of this Section 6.2(f), but subject to Section 12.2, a Freestanding Stock Appreciation Right shall not have (i) an exercise price less than Fair Market Value on the date of grant, or (ii) except in the event of death or disability, a term of greater than ten years. Except under certain circumstances contemplated by Section 11 or as may be set forth in an Award Agreement with respect to death or disability of a Participant, Freestanding Stock Appreciation Rights will not be exercisable before the expiration of one year from the date the right is granted.

(g) The Committee may impose such terms and conditions on Stock Appreciation Rights granted in conjunction with any Award (other than an Option) as the Committee shall determine in its sole discretion.

(h) An Award Agreement may provide that if on the last day of the term of a Stock Appreciation Right the Fair Market Value of one Share exceeds the grant price per Share of the Stock Appreciation Right, the Participant has not exercised the Stock Appreciation Right or the related Option (if applicable), and the Stock Appreciation Right has not expired, the Stock Appreciation Right (or the related Option, but not both) shall be deemed to have been exercised by the Participant on such day. In such event, the Company shall make payment to the Participant in accordance with this Section, reduced by the number of Shares (or cash) required for withholding taxes and any fractional Share shall be settled in cash.

(i) Without the approval of the Company's stockholders, other than pursuant to Section 12.2, the Committee shall not (i) reduce the grant price of any Stock Appreciation Right after the date of grant (ii) cancel any Stock Appreciation Right in exchange for cash or another Award (other than in connection with a Change in Control as defined in Section 11.3 or a Substitute Award)), or (iii) take any other action with respect to a Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Shares are traded.

7. RESTRICTED STOCK AWARDS AND RESTRICTED STOCK UNITS

7.1. *Grants.* Awards of Restricted Stock and Restricted Stock Units may be issued hereunder to Participants either alone or in addition to other Awards granted under the Plan (a Restricted Stock Award or Restricted

Stock Unit Award, respectively). To the extent provided in the Award Agreement evidencing a Performance Award or the terms of other cash-based incentive compensation awards, Restricted Stock Awards and Restricted Stock Unit Awards shall also be available as a form of payment of Performance Awards and other earned cash-based incentive compensation. A Restricted Stock Award or Restricted Stock Unit Award shall be subject to vesting restrictions imposed by the Committee covering a period of time specified by the Committee (the Restriction Period). The provisions of Restricted Stock Awards and Restricted Stock Unit Awards need not be the same with respect to each recipient. The Committee has absolute discretion to determine whether any consideration (other than services) is to be received by the Company or any Affiliate as a condition precedent to the issuance of Restricted Stock or Restricted Stock Units.

7.2. Award Agreements. The terms of any Restricted Stock Award or Restricted Stock Unit Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan.

7.3. Rights of Holders of Restricted Stock and Restricted Stock Units. Unless otherwise provided in the Award Agreement, beginning on the date of grant of the Restricted Stock Award and subject to execution of the Award Agreement, the Participant shall become a shareholder of the Company with respect to all Shares subject to the Award Agreement and shall have all of the rights of a shareholder, including the right to vote such Shares and the right to receive distributions made with respect to such Shares. A Participant receiving a Restricted Stock Unit Award shall not possess voting or other rights of a shareholder with respect to such Award (unless and until the Restricted Stock Unit Award is settled in Shares) but the Award Agreement evidencing the Restricted Stock Unit Award may provide for the payment (on a current or deferred basis) of Dividend Equivalents under Section 12.5. Except as otherwise provided in an Award Agreement, any Shares or any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Award and any Dividend Equivalents representing a distribution of property (but not cash) for the number of Shares covered by a Restricted Stock Unit Award as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Stock Award or Restricted Stock Unit Award. Notwithstanding the provisions of this Section, cash dividends with respect to any Restricted Stock Award and any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Award that vests based on achievement of performance goals and any Dividend Equivalents representing cash dividends or any property other than cash for the number of Shares covered by a Restricted Stock Unit Award that vests based on achievement of performance goals shall be accumulated, shall be subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock or Restricted Stock Units with respect to which such cash, Shares or other property has been distributed and shall be paid at the time such restrictions and risk of forfeiture lapse.

7.4. Minimum Vesting Period. Except for certain limited situations (including the death, disability or retirement of the Participant or a Change in Control referred to in Section 11), Restricted Stock Awards and Restricted Stock Unit Awards subject solely to continued employment restrictions shall have a Restriction Period of not less than three years from the date of grant (but permitting pro-rata vesting over such time); provided, that the provisions of this Section 7.4 shall not be applicable to any Substitute Awards or grants of Restricted Stock in payment of Performance Awards pursuant to Section 9. Subject to the foregoing three-year minimum vesting requirement, the Committee may, in its sole discretion and subject to the limitations imposed under Section 162(m) of the Code and the Treasury Regulations thereunder in the case of a Restricted Stock Award intended to comply with the performance-based compensation exception under Code Section 162(m), waive the forfeiture period and any other conditions set forth in any Award Agreement subject to such terms and conditions as the Committee shall deem appropriate. The minimum Vesting Period requirements of this Section shall not apply to Restricted Stock Awards or Restricted Stock Unit Awards granted to Directors.

8. OTHER STOCK-BASED AWARDS

8.1. Stock and Administration. Other Awards of Shares and other Awards that are valued in whole or in part by reference to, or are otherwise based on, Shares or securities convertible into Shares (Other Stock-Based Awards) may be granted hereunder to Participants, either alone or in addition to other Awards granted under the

Plan, and such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan. Other Stock-Based Awards shall be paid in Shares, cash or a combination, as determined by the Committee. Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the Employees and Directors to whom and the time or times at which such Other Stock-Based Awards shall be made, the number of Shares to be granted pursuant to such Awards, and all other conditions of the Awards. The provisions of Other Stock-Based Awards need not be the same with respect to each recipient. Except for certain limited situations (including the death, disability or retirement of the Participant or a Change in Control referred to in Section 11), Other Stock-Based Awards subject solely to continued employment restrictions shall be subject to restrictions imposed by the Committee for a period of not less than three years from date of grant (but permitting pro-rata vesting over such time); provided, that such restrictions shall not be applicable to any Substitute Awards, grants of Other Stock-Based Awards in payment of Performance Awards pursuant to Section 9, or grants of Other Stock-Based Awards on a deferred basis. The minimum Vesting Period requirements of this Section shall not apply to Other Stock-Based Awards granted to Directors or any consultant or advisor who provides services to the Company or an Affiliate. In addition, the Committee may award unrestricted Shares to Participants in lieu of certain cash payments awarded under other compensation plans or programs of the Company.

8.2. *Terms and Conditions.* Shares (including securities convertible into Shares) subject to Awards granted under this Section 8 may be issued for no consideration or for such minimum consideration as may be required by applicable law. Shares (including securities convertible into Shares) purchased pursuant to a purchase right awarded under this Section 8 shall be purchased for such consideration as the Committee shall determine in its sole discretion.

8.3. *Deferral of Director Fees.* Directors shall, if determined by the Board, receive Other Stock-Based Awards in the form of deferred stock units in lieu of all or a portion of their annual retainer. In addition, Directors may elect to receive Other Stock-Based Awards in the form of deferred stock units in lieu of all or a portion of their annual and committee retainers and annual meeting fees, provided that such election is made in accordance with the requirements of Section 409A of the Code. The Committee shall, in its absolute discretion, establish such rules and procedures as it deems appropriate for such elections and for the payment the deferred stock units.

9. PERFORMANCE AWARDS

9.1. *Terms of Performance Awards.* Performance Awards in the form of Performance Shares or Performance Units may be issued hereunder to Participants, for no consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, that a Performance Period shall not be shorter than 12 months. The performance goals to be achieved for each Performance Period shall be conclusively determined by the Committee and may be based upon the criteria set forth in Section 10.2.

9.2. *Award Agreements.* The terms of any Performance Award granted under the Plan shall be set forth in an Award Agreement (or, if applicable, in a resolution duly adopted by the Committee) which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether such Awards shall have Dividend Equivalents. The terms of Performance Awards need not be the same with respect to each Participant.

9.3. *Payment.* Except as provided in Section 11 or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period. Performance Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee at the time of payment. The amount of the Award to be distributed shall be conclusively determined by the Committee. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period or, in accordance with procedures established by the Committee, on a deferred basis, subject to the requirements of Section 409A of the Code.

10. CODE SECTION 162(m) PROVISIONS

10.1. *Covered Employees.* Notwithstanding any other provision of the Plan, if the Committee determines at the time a Restricted Stock Award, a Restricted Stock Unit Award, a Performance Award or an Other Stock-Based Award is granted to a Participant who is, or is likely to be, as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that this Section 10 is applicable to such Award.

10.2. *Performance Criteria.* If the Committee determines that a Restricted Stock Award, a Restricted Stock Unit Award, a Performance Award or an Other Share-Based Award is intended to be subject to this Article 10, then the lapsing of restrictions on such an Award and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, which shall be based on the attainment of specified levels of one or any combination of the following: net sales; revenues; revenue growth; asset growth; combined net worth; debt to equity ratio; debt to capitalization ratio; debt reduction; earnings before interest, and taxes, or earnings before interest, taxes, depreciation and amortization; operating income (before or after taxes); operating margin, gross margin; operating cash flow; pre- or after-tax net income or loss (before of after allocation of corporate overhead and/or bonus); cash flow or free cash flow; cash flow or free cash flow per share (before or after dividends); year-end cash; cash margin; net income or loss (before of after taxes); earnings per share; return on equity; return on investment; return on total capital; return on capital employed; return on assets or net assets; return on revenue; cash flow return on investment; economic value added (or an equivalent metric); share price performance; total shareholder return; comparisons with various stock market indices; attainment of strategic and operational initiatives; improvement in or attainment of expense levels or improvement in or attainment of working capital levels of the Company or any Affiliate, division or business unit of the Company for or within which the Participant is primarily employed. Such performance goals also may be based solely by reference to the Company's performance or the performance of an Affiliate, division or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee may also exclude the impact of an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects changes in tax or accounting standards required by generally accepted accounting principles. Such performance goals shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code, or any successor provision thereto, and the regulations thereunder.

10.3. *Adjustments.* Notwithstanding any provision of the Plan (other than Section 11), with respect to any Restricted Stock, Performance Award or Other Stock-Based Award that is subject to this Section 10, the Committee may adjust downwards, but not upwards, the amount payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance goals, except in the case of the death or disability of the Participant.

10.4. *Restrictions.* The Committee shall have the power to impose such other restrictions on Awards subject to this Section 10 as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code, or any successor provision thereto.

11. CHANGE IN CONTROL PROVISIONS

11.1. *Definition of Change in Control.* For purposes of the Plan, a Change in Control shall mean the happening of any of the following events:

(a) acquisition by any individual, entity or group (with the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership

(within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of either (A) the then outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (B) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); provided, however, that, for purposes of this subsection (a), the following acquisitions shall not constitute a Change in Control: (1) any acquisition directly from the Company, (2) any acquisition by the Company, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, (4) any acquisition by any corporation pursuant to a transaction which complies with clauses (A), (B) and (C) of subsection (c) of this Section 11.1 or (5) any acquisition of beneficial ownership by Eric Billings or any entity that is controlled by Eric Billings; or

(b) During any 24 month period, individuals who, as of the beginning of such period, constitute the Board (the Incumbent Board) cease to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the beginning of such period whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(c) Consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the acquisition of assets or stock of another corporation (a Business Combination), in each case, unless, following such Business Combination, (A) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 60% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination or the Founders or Founder Affiliates) beneficially owns, directly or indirectly, 50% or more of, respectively, the then outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such corporation except to the extent that such ownership existed prior to the Business Combination and (C) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

(d) Consummation of a complete liquidation or dissolution of the Company.

If a Change in Control constitutes a payment event with respect to any Award that provides for the deferral of compensation and that is subject to Section 409A of the Code, no payment will be made under that Award on account of a Change in Control unless the event described in subsection (a), (b) or (c) above, as applicable, constitutes a change in control event under Treasury Regulation Section 1.409A-3(i)(5).

11.2. *Assumption Upon Change in Control.* In the event of a Change in Control the successor company may assume or grant a substitute for an Option, Stock Appreciation Right, share of Restricted Stock, Restricted Stock Unit, Performance Award or Other Stock-Based Award. For the purposes of this Section 11.2, an Option, Stock Appreciation Right, share of Restricted Stock, Restricted Stock Unit, Performance Award or Other Stock-Based

Award shall be considered assumed or substituted for if following the Change in Control the award confers the right to purchase or receive, for each Share subject to the Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award, Performance Award or Other Stock-Based Award immediately prior to the Change in Control, the consideration (whether stock, cash or other securities or property) received in the transaction constituting a Change in Control by holders of Shares for each Share held on the effective date of such transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares); provided, however, that if such consideration received in the transaction constituting a Change in Control is not solely common stock of the successor company, the Committee may, with the consent of the successor company, provide that the consideration to be received upon the exercise or vesting of an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award, Performance Award or Other Stock-Based Award, for each Share subject thereto, will be solely common stock of the successor company substantially equal in fair market value to the per share consideration received by holders of Shares in the transaction constituting a Change in Control. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding. Notwithstanding the foregoing, on such terms and conditions as may be set forth in an Award Agreement, in the event of an involuntary termination without cause or a voluntary termination for good reason of a Participant's employment in such successor company within a 24-month period following such Change in Control, each Award held by such Participant at the time of the Change in Control shall be accelerated as described in Sections 11.3 below.

11.3. *Impact of Change in Control.* Notwithstanding the foregoing, if the successor company in a Change in Control does not assume or make a substitute grant for an Award in accordance with Section 11.2 (a) Options and Stock Appreciation Rights outstanding as of the date of the Change in Control shall immediately vest and become fully exercisable, (b) restrictions and deferral limitations on Restricted Stock and Restricted Stock Units shall lapse and the Restricted Stock become free of all restrictions and limitations and become fully vested and the Restricted Stock Units shall be earned and payable (either in full or pro rata based on the portion of the Restriction Period completed as of the date of the Change in Control), (c) all Performance Awards shall be considered to be earned and payable (either in full or pro-rata based on the portion of Performance Period completed as of the date of the Change in Control), and any deferral or other restriction shall lapse and such Performance Awards shall be immediately settled or distributed, (d) the restrictions and deferral limitations and other conditions applicable to any Other Stock-Based Awards or any other Awards shall lapse, and such Other Stock-Based Awards or such other Awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant, and (e) such other additional benefits as the Committee deems appropriate shall apply, subject in each case to any terms and conditions contained in the Award Agreement evidencing such Award. Notwithstanding the preceding sentence, if an Option or Stock Appreciation Right is not assumed or replaced with a substitute grant in accordance with Section 11.2, the Committee, in its discretion, may determine that each such Option and Stock Appreciation Right shall terminate within a specified number of days after notice to the Participant, and such Participant shall receive, with respect to each Share subject to such Option or Stock Appreciation Right, an amount equal to the excess of the Fair Market Value of such Share immediately prior to the occurrence of such Change in Control over the exercise price per share of such Option and/or Stock Appreciation Right; such amount to be payable in cash, in one or more kinds of stock or property (including the stock or property, if any, payable in the transaction) or in a combination thereof, as the Committee, in its discretion, shall determine.

11.4. *Limitations on Benefits.*

The benefits that a Participant may be entitled to receive under this Plan and other benefits that a Participant is entitled to receive under other plans, agreements and arrangements (which, together with the benefits provided under this Plan, are referred to as Payments), may constitute Parachute Payments that are subject to Sections 280G and 4999 of the Code. As provided in this Section 11.4, the Parachute Payments will be reduced pursuant to this Section 11.4 if, and only to the extent that, a reduction will allow a Participant to receive a greater Net After Tax Amount than the Participant would receive absent a reduction.

The Accounting Firm will first determine the amount of any Parachute Payments that are payable to a Participant. The Accounting Firm also will determine the Net After Tax Amount attributable to the Participant's total Parachute Payments.

The Accounting Firm will next determine the largest amount of Payments that may be made to the Participant without subjecting the Participant to tax under Section 4999 of the Code (the Capped Payments). Thereafter, the Accounting Firm will determine the Net After Tax Amount attributable to the Capped Payments.

The Participant will receive the total Parachute Payments or the Capped Payments, whichever provides the Participant with the higher Net After Tax Amount. If the Participant will receive the Capped Payments, the total Parachute Payments will be adjusted by first reducing the amount of any benefits under this Plan or any other plan, agreement or arrangement that are not subject to Section 409A of the Code (with the source of the reduction to be directed by the Participant) and then by reducing the amount of any benefits under this Plan or any other plan, agreement or arrangement that are subject to Section 409A of the Code (with the source of the reduction to be directed by the Participant) in a manner that results in the best economic benefit to the Participant (or, to the extent economically equivalent, in a pro rata manner). The Accounting Firm will notify the Participant and the Company if it determines that the Parachute Payments must be reduced to the Capped Payments and will send the Participant and the Company a copy of its detailed calculations supporting that determination.

As a result of the uncertainty in the application of Sections 280G and 4999 of the Code at the time that the Accounting Firm makes its determinations under this Section 11.4, it is possible that amounts will have been paid or distributed to the Participant that should not have been paid or distributed under this Section 11.4 (Overpayments), or that additional amounts should be paid or distributed to the Participant under this Section 11.4 (Underpayments). If the Accounting Firm determines, based on either the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant, which assertion the Accounting Firm believes has a high probability of success or controlling precedent or substantial authority, that an Overpayment has been made, the Participant must repay to the Company with interest; provided, however, that no loan will be deemed to have been made and no amount will be payable by the Participant to the Company unless, and then only to the extent that, the deemed loan and payment would either reduce the amount on which the Participant is subject to tax under Section 4999 of the Code or generate a refund of tax imposed under Section 4999 of the Code. If the Accounting Firm determines, based upon controlling precedent or substantial authority, that an Underpayment has occurred, the Accounting Firm will notify the Participant and the Company of that determination and the amount of that Underpayment will be paid to the Participant promptly by the Company.

For purposes of this Section 11.4, the term Accounting Firm means the independent accounting firm engaged by the Company immediately before the Change in Control. For purposes of this Section 11.4, the term Net After Tax Amount means the amount of any Parachute Payments or Capped Payments, as applicable, net of taxes imposed under Sections 1, 3101(b) and 4999 of the Code and any State or local income taxes applicable to the Participant on the date of payment. The determination of the Net After Tax Amount shall be made using the highest combined effective rate imposed by the foregoing taxes on income of the same character as the Parachute Payments or Capped Payments, as applicable, in effect on the date of payment. For purposes of this Section 11.4, the term Parachute Payment means a payment that is described in Section 280G(b)(2) of the Code, determined in accordance with Section 280G of the Code and the regulations promulgated or proposed thereunder.

Notwithstanding any other provision of this Section 11.4, the limitations and provisions of this Section 11.4 shall not apply to any Participant who, pursuant to an agreement with the Company or the terms of another plan maintained by the Company, is entitled to indemnification for any liability that the Participant may incur under Section 4999 of the Code. In addition, nothing in this Section 11.4 shall limit or otherwise supersede the provisions of any other agreement or plan which provides that a Participant cannot receive Parachute Payments in excess of the Capped Payments.

12. GENERALLY APPLICABLE PROVISIONS

12.1. *Amendment and Modification of the Plan.* The Board may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable; provided, however, that no such action may adversely impair the rights of Participants with respect to outstanding Awards. In addition, an amendment, alteration or modification of the Plan shall be subject to the approval of the Company's stockholders to the extent required by law, the rules and regulations of any exchange or quotation system on which the Shares are listed or quoted or if such action would materially increase the benefits accruing to Participants under the Plan, materially increase the number of Shares that may be issued under the Plan (other than an adjustment pursuant to Section 12.2) or materially modify the requirements for eligibility to participate in the Plan.

12.2. *Adjustments.* The number, class and kind of securities that may be issued under the Plan, the terms of outstanding Awards and the Limitations shall be adjusted as the Board shall determine to be equitably required in the event that (i) the Company (a) effects one or more nonreciprocal transactions between the Company and its shareholders such as a stock dividend, stock split-up, extraordinary cash dividend, subdivisions or consolidations of shares that affect the number or kind of shares (or other securities of the Company) or the Fair Market Value (or the value of other Company securities) and causes a change in the Fair Market Value of the Shares subject to outstanding Awards or (b) engages in a transaction to which Section 424 of the Code applies or (ii) there occurs any other event which, in the judgment of the Board necessitates such action. Any determination made under this Section 12.2 by the Board shall be nondiscretionary, final and conclusive.

12.3. *Transferability of Awards.* Except as provided below, and except as otherwise authorized by the Committee in an Award Agreement, no Award and no Shares subject to Awards that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order, and such Award may be exercised during the life of the Participant only by the Participant or the Participant's guardian or legal representative. Notwithstanding the foregoing, a Participant may assign or transfer an Award with the consent of the Committee (each transferee thereof, a Permitted Assignee) to (i) the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations; provided that such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any Permitted Assignee and the Company's transfer agent in effectuating any transfer permitted under this Section 12.3.

12.4. *Termination of Employment.* Unless the Committee shall determine otherwise at or after the date of grant, the following termination provisions shall apply:

(a) *Death or Disability.* Upon a Participant's termination due to death or disability, as those terms may be defined in the Award Agreement, (i) Options and Stock Appreciation Rights outstanding as of the date of termination shall immediately vest and become fully exercisable, and remain exercisable for one year, even if one year exceeds the original option term, and even if death occurs during a post-termination exercise period; (ii) Performance Awards shall be considered to be earned and payable (either in full or pro-rata based on the portion of Performance Period completed as of the date of termination and performance to such date), and any deferral or other restriction shall lapse and such Performance Awards shall be immediately settled or distributed; (iii) restrictions and deferral limitations on Restricted Stock, Other Stock-Based Awards, and any other Awards shall lapse and the Restricted Stock shall become free of all restrictions, limitations, or conditions and become fully vested and transferable to the full extent of the original grant; and (iv) such other additional benefits as the Committee deems appropriate shall apply, subject in each case to any terms and conditions contained in the Award Agreement evidencing such Award.

(b) *Retirement.* Upon a Participant's retirement, as that term may be defined in the Award Agreement, and conditioned upon the Participant entering into non-compete, non-solicitation, non-disclosure, and non-disparagement agreements, (i) Options and Stock Appreciation Rights outstanding as of the date of termination shall continue to vest and, once vested, shall remain exercisable for the lesser of three (3) years from vesting date or their original terms; (ii) Performance Awards shall continue to vest and shall be payable upon completion of the applicable Performance Period to the extent the associated performance goals are achieved; (iii) Restricted Stock, Other Stock-Based Awards, or any other Awards shall continue to vest, as applicable; and (iv) such other additional benefits as the Committee deems appropriate shall apply, subject in each case to any terms and conditions contained in the Award Agreement evidencing such Award.

(c) *Involuntary Termination Without Cause due to a Reduction in Force.* Upon a Participant's involuntary termination without cause due to a reduction in force, as that term may be defined in the Award Agreement, and conditioned upon the Participant entering into non-solicitation, non-disclosure, and non-disparagement agreements, (i) vested Options and Stock Appreciation Rights outstanding as of the date of termination shall remain exercisable for 90 days, and unvested Options and Stock Appreciation Rights shall be forfeited; (ii) Performance Awards shall be payable at the end of the applicable Performance Period, to the extent the associated performance goals are achieved, pro-rata based on the number of months of the Performance Period that have been completed as of the date of termination divided by the total number of months in the Performance Period; (iii) Restricted Stock, Other Stock-Based Awards or any other Awards subject to a cliff vesting or annual pro rata vesting provision shall vest pro-rata based on the number of months of the vesting period completed as of the date of termination divided by the total number of months in the vesting period, and unvested Restricted Stock, unvested Other Stock-Based Awards or any other unvested Awards shall be forfeited; and (iv) such other additional benefits as the Committee deems appropriate shall apply, subject in each case to any terms and conditions contained in the Award Agreement evidencing such Award.

(d) *Termination for Cause.* Upon a Participant's termination for cause, as that term may be defined in the Award Agreement, (i) all Options and Stock Appreciation Rights outstanding as of the date of termination, whether vested or not vested, shall be immediately canceled, and (ii) any unvested awards of Restricted Stock, Performance Awards, Other Stock-Based Awards or other Awards shall be immediately forfeited.

(e) *Other Termination.* Upon a Participant's termination for any other reason, including voluntary resignation and involuntary termination without cause not due to a reduction in force, as those terms may be defined in the Award Agreement, (i) vested Options and Stock Appreciation Rights outstanding on the date of termination shall remain exercisable for 90 days, and unvested Options and Stock Appreciation Rights shall be forfeited, and (ii) unvested Restricted Stock, Performance Awards, Other Stock-Based Awards or other Awards shall be immediately forfeited.

12.5. *Deferral; Dividend Equivalents and Interest Equivalents.* The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred. Subject to the provisions of the Plan and any Award Agreement, the recipient of an Award (including any deferred Award) may, if so determined by the Committee, be entitled to receive, currently or on a deferred basis, cash, stock or other property dividends, or cash payments in amounts equivalent to cash, stock or other property dividends on Shares (*Dividend Equivalents*) with respect to the number of Shares covered by the Award, as determined by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Any cash-based Award, including deferred Awards or accumulated cash Dividend Equivalents, may be credited with interest (*Interest Equivalents*) on the same basis as provided above.

13. MISCELLANEOUS

13.1. *Tax Withholding.* The Company shall have the right to make all payments or distributions pursuant to the Plan to a Participant (or a Permitted Assignee thereof) (any such person, a *Payee*) net of any applicable federal, state and local taxes required to be paid or withheld as a result of (a) the grant of any Award, (b) the

exercise of an Option or Stock Appreciation Right, (c) the delivery of Shares or cash, (d) the lapse of any restrictions in connection with any Award or (e) any other event occurring pursuant to the Plan. The Company or any Affiliate shall have the right to withhold from wages or other amounts otherwise payable to such Payee such withholding taxes as may be required by law, or to otherwise require the Payee to pay such withholding taxes. If the Payee shall fail to make such tax payments as are required, the Company or its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Payee or to take such other action as may be necessary to satisfy such withholding obligations. The Committee shall be authorized to establish procedures for election by Participants to satisfy such obligation for the payment of such taxes by tendering previously acquired Shares (either actually or by attestation, valued at their then Fair Market Value), or by directing the Company to retain Shares (up to the employee's minimum required tax withholding rate or such other rate that will not cause an adverse accounting consequence or cost) otherwise deliverable in connection with the Award.

13.2. *Right of Discharge Reserved; Claims to Awards.* Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Employee or Director the right to continue in the employment or service of the Company or any Affiliate or affect any right that the Company or any Affiliate may have to terminate the employment or service of (or to demote or to exclude from future Awards under the Plan) any such Employee or Director at any time for any reason. Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of termination of an employment or other relationship. No Employee or Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Employees or Participants under the Plan.

13.3. *Prospective Recipient.* The prospective recipient of any Award under the Plan shall not, with respect to such Award, be deemed to have become a Participant, or to have any rights with respect to such Award, until and unless such recipient shall have executed an agreement or other instrument evidencing the Award and delivered a copy thereof to the Company, and otherwise complied with the then applicable terms and conditions.

13.4. *Cancellation of Award.* Notwithstanding anything to the contrary contained herein, all outstanding Awards granted to any Participant shall be canceled if the Participant, without the consent of the Company, while employed by the Company or any Affiliate or after termination of such employment or service, establishes a relationship with a competitor of the Company or any Affiliate or engages in activity that is in conflict with or adverse to the interest of the Company or any Affiliate, as determined by the Committee in its sole discretion. The Committee may provide in an Award Agreement that if within the time period specified in the Agreement the Participant establishes a relationship with a competitor or engages in an activity referred to in the preceding sentence, the Participant will forfeit any gain realized on the vesting or exercise of the Award and must repay such gain to the Company.

13.5. *Stop Transfer Orders.* All certificates for Shares delivered under the Plan pursuant to any Award shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

13.6. *Nature of Payments.* All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or any Affiliate, division or business unit of the Company. Any income or gain realized pursuant to Awards under the Plan constitute a special incentive payment to the Participant and shall not be taken into account, to the extent permissible under applicable law, as compensation for purposes of any of the employee benefit plans of the Company or any Affiliate except as may be determined by the Committee or by the Board or board of directors of the applicable Affiliate.

13.7. *Other Plans.* Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

13.8. *Severability.* If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

13.9. *Construction.* All references in the Plan to *Section or Sections* are intended to refer to the Section or Sections, as the case may be, of the Plan. As used in the Plan, the words *include* and *including*, and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words *without limitation*.

13.10. *Unfunded Status of the Plan.* The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the Shares or payments in lieu of or with respect to Awards hereunder; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

13.11. *Governing Law.* The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the Commonwealth of Virginia and construed accordingly.

13.12. *Effective Date of Plan; Termination of Plan.* The Plan shall be effective if the votes cast in favor of the approval of the Plan by the stockholders of the Company exceed the votes cast opposing such proposal at a duly constituted meeting of the stockholders of the Company; provided that the total votes cast on the proposal with respect to the Plan represents over 50% in interest of all shares entitled to vote on such proposal. The Plan shall be null and void and of no effect if the foregoing condition is not fulfilled and in such event each Award shall, notwithstanding any of the preceding provisions of the Plan, be null and void and of no effect. Awards may be granted under the Plan at any time and from time to time on or prior to the tenth anniversary of the effective date of the Plan, on which date the Plan will expire except as to Awards then outstanding under the Plan. Such outstanding Awards shall remain in effect until they have been exercised or terminated, or have expired.

13.13. *Foreign Employees.* Awards may be granted to Participants who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those applicable to Awards to Employees employed in the United States as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Employees on assignments outside their home country.

13.14. *Captions.* The captions in the Plan are for convenience of reference only, and are not intended to narrow, limit or affect the substance or interpretation of the provisions contained herein.

13.15. *Compliance with Section 409A of the Code.* All awards made under this Plan are intended to comply with, or otherwise be exempt from, Section 409A of the Code (Section 409A), after giving effect to the exemptions in Treasury Regulation sections 1.409A-1(b)(3) through (b)(12). This Plan and all Award Agreements shall be administered, interpreted and construed in a manner consistent with Section 409A. If any provision of this Plan or any Award Agreement is found not to comply with, or otherwise not be exempt from, the provisions of Section 409A, it shall be modified and given effect, in the sole discretion of the Committee and without requiring the Participant s consent, in such manner as the Committee determines to be necessary or appropriate to comply with, or effectuate an exemption from, Section 409A. Each payment under an award granted under this Plan shall be treated as a separate identified payment for purposes of Section 409A.

If a payment obligation under an Award or an Award Agreement arises on account of the Participant s termination of employment and such payment obligation constitutes deferred compensation (as defined under Treasury Regulation section 1.409A-1(b)(1), after giving effect to the exemptions in Treasury Regulation sections 1.409A-1(b)(3) through (b)(12)), it shall be payable only after the Participant s separation from service (as defined under Treasury Regulation section 1.409A-1(h)); provided, however, that if the Participant is a specified employee (as defined under Treasury Regulation section 1.409A-1(i)), any such payment that is scheduled to be paid within six months after such separation from service shall accrue without interest and shall be paid on the first day of the seventh month beginning after the date of the Participant s separation from service or, if earlier, within fifteen days after the appointment of the personal representative or executor of the Participant s estate following the Participant s death.
