Item 2.05 Costs Associated with Exit or Disposal Activities; Item 8.01 Other Events

On September 27, 2011, LyondellBasell Industries N.V. (the Company) filed a Current Report on Form 8-K (the Original 8-K) to report that the management of Compagnie Petrochimique de Berre S.A.S. (CPB) and Compagnie de Distribution des Hydrocarbures S.A.S. (CDH), its indirect subsidiaries, intended to initiate consultations with their Works Councils on the potential cessation of refinery operations at their refinery in Berre, France and of the associated refined products business (the Consultations). The Company is filing this Form 8-K/A to amend the Original 8-K to update the disclosure therein.

On January 4, 2012, refinery operations were suspended. The suspension of operations was in accordance with an agreement executed in the fourth quarter of 2011 by CDH, CPB and union representatives addressing the procedures by which suspension of refinery operations and the Consultations would be governed. Consultations with the relevant Works Councils are in progress.

The Company has recorded a charge of \$136 million in the fourth quarter of 2011 based on CDH and CPB's current estimation of the cost of the Social Plan and as a result of inventory write-downs. Final costs to be incurred are contingent on completion of the Consultations. The Company expects to incur additional costs in connection with the cessation of operations. The Company does not believe any such additional costs will be material to its results of operations.

This filing contains forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995.
