MECHEL REPORTS TEMPORARY HALTING OF MINING OPERATIONS AT MECHEL BLUESTONE

Moscow, Russia - April 29, 2014 - Mechel OAO (NYSE: MTL), one of the leading Russian mining and metals companies, reports the temporary halting of mining at Mechel Bluestone (West Virginia, USA), which is part of the Group's mining division.

Due to unfavorable market conditions, mining operations was temporarily halted at all of Mechel Bluestone's mines and open pits. Some of the company's washing facilities will continue operating to meet the company's contractual obligations.

"Temporary halting of mining works at Mechel Bluestone is a coercive measure. Spot prices for coking coal are at their minimum since 2007, which makes coal production at Mechel Bluestone unprofitable. We will make the decision to re-launch depending on the market situation," Mechel Mining Management OOO's Chief Executive Officer Pavel Shtark commented.

Mechel is an international mining and steel company which employs over 70,000 people. Its products are marketed in Europe, Asia, North and South America, Africa. Mechel unites producers of coal, iron ore concentrate, steel, rolled products, ferroalloys, heat and electric power. All of its enterprises work in a single production chain, from raw materials to high value-added products.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of Mechel, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not intend to update these statements. We refer you to the documents Mechel files from time to time with the U.S. Securities and Exchange Commission, including our Form 20-F. These documents contain and identify important factors, including those contained in the section captioned "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" in our Form 20-F, that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the achievement of anticipated levels of profitability, growth, cost and synergy of our recent acquisitions, the impact of competitive pricing, the ability to obtain necessary regulatory approvals and licenses, the impact of developments in the Russian economic, political and legal environment, volatility in stock markets or in the price of our shares or ADRs, financial risk management and the impact of general business and global economic conditions.
