Notes to Consolidated Financial Statements

Note A - Basis of Presentation

The information furnished herewith reflects all adjustments, which are in the opinion of management necessary to a fair statement of the results for the period. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principals generally accepted in the United States of America have been condensed or omitted pursuant to SEC rules and regulations, although the Company believes the disclosures which are made are adequate to make the information presented not misleading.

The condensed consolidated financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's latest annual report on Form 10-KSB. These unaudited interim financial statements have not been audited or certified by a firm of certified public accountants.

It is the Company's policy to reclassify amounts in the prior year financial statements to conform with the current year presentation.

Note B - New Accounting Standards

In November 2004, the FASB issued SFAS No. 151, "Inventory Costs" (SFAS 151). This statement amends the guidance in ARB No. 43, Chapter 4, "Inventory Pricing," to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs, and wasted material (spoilage). SFAS 151 requires that those items be recognized as current-period charges. In addition, this statement requires that allocation of fixed production overheads to costs of conversion be based upon the normal capacity of the production facilities. The provisions of SFAS 151 are effective for inventory cost incurred in fiscal years beginning after June 15, 2005. As such, the Company is required to adopt these provisions in the beginning of fiscal 2006. The Company is currently evaluating the impact of SFAS 151 on its consolidated financial statements.

Note C - Pension and Other Post-retirement Benefit Plans

The Company uses September 30, 2004 as the measurement date for its plans.

Components of Net Period Benefit Cost:

	Three months ended Dec 31, 2004							
	Pension Benefits				Other Benefits			
	2005		2004		2005		2004

Interest cost		187,628		185,047		17,519		17,737
Expected return on plan assets		(175,545)		(164,256)		0		0
Amortization of prior service cost		17,885		28,720		12,186		15,606
Amortization of net (gain) loss		81,578		114,431		(5,473)		(3,111)
Net periodic benefit cost	\$	201,794	\$	278,538	\$	32,666	\$	40,203

Pension Plan Assets

The Company's Pension Plan weighted-average asset allocations at December 31, 2004 and 2003 by asset category are as follows:

Plan Assets	
At December 31	

	<u>2004</u>	<u>2003</u>
Asset Category	46%	71%
Equity Securities	44%	28%
Debt Securities	10%	1%
Other	100%	100%

There is no Company Common Stock included in the plan assets.

Amounts recognized in the Statement of Financial Position consist of:

	<u>Pension Benefits</u>			<u>Other Benefits</u>		
	<u>2005</u>		<u>2004</u>	<u>2005</u>		<u>2004</u>
Prepaid Benefit Cost						
Accrued Benefit Cost	\$ (1,796,982)	\$	(1,831,012)	\$ (1,035,520)	\$	(956,675)
Intangible Assets	266,828		337,541			
Accumulated Other						
Comprehensive Income	1,202,787		1,606,009			
Net Amount Recognized	\$ (327,367)	\$	112,538	\$ (1,035,520)	\$	(956,675)

The accumulated benefit obligation for all defined benefit pension plans is \$11,199,055 at September 30, 2005 and \$10,685,637 at September 30, 2004, respectively.

Information for pension plans with an accumulated benefit obligation in excess of plan assets:

	September 30			
		<u>2005</u>		<u>2004</u>
Projected Benefit Obligation	\$	12,858,704	\$	12,269,200
Accumulated Benefit Obligation		11,199,055		10,685,637
Fair Value of Plan Assets		9,402,073		8,854,625

The plan objective is to provide real (inflation adjusted) growth in assets vs. benchmark over a complete market cycle. The plan objective assumes asset growth will meet or exceed 7.5% of (risk adjusted) growth over a complete market cycle.

Investment guidelines are based upon an investment horizon of greater than five years. There is a requirement to maintain sufficient liquid reserves to provide for payment of retirement benefits.

The Asset Allocation Guidelines for the Fund are as follows:

	<u>Minimum</u>	<u>Maximum</u>
Domestic Common Stock		
Large/Mid Cap	15%	50%
Small Cap	5%	15%
Reits	0%	20%
International Common Stock	10%	20%
Total Equities	30%	75%
Total Fixed Income	20%	60%
Cash	0%	10%

These Asset Allocation Guidelines reflect the Fund's desire for investment return. They also reflect the full discretion of the Investment Manager to shift the asset mix within the specified ranges.

The desired investment objective is a long-term rate of return on assets that is approximately 7.5%. The target rate of return for the plan has been based upon the assumption that future real returns will approximate the long-term rates of return experienced for each asset class of the Investment Policy Statement over a complete business cycle. The plan's overall annualized total return after deducting advisory, money management and custodial fees, as well as total transaction costs should perform above an index comprised of market indices weighted by the strategic asset allocation of the plan.

In order to accomplish the investment goals, the Investment Committee believes that the investments of the Fund must be diversified to provide the Investment Manager with the flexibility to invest in various types of assets. The Investment Committee recognizes that a moderate amount of risk must be assumed to achieve the Plan's long term objectives. The Investment Committee believes that the Company's prospects for the future, current financial conditions, and several other factors suggest collectively that the plan can tolerate some interim fluctuations in market value and rates of return in order to achieve long-term objectives.

Contributions

The Company expects to contribute \$432,792 to its Pension Plan in 2005. The Post Retirement Benefit Plan is not funded.

Estimated Future Benefit Payments

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

	Pension	Other
	<u>Benefits</u>	<u>Benefits</u>
2005	\$510,776	\$53,361
2006	600,893	64,655
2007	710,575	74,700
2008	693,463	75,078
2009	676,385	75,165
Years 2010 - 2014	3,501,552	416,212

Assumed health care cost trend rates have a significant effect on the amounts reported for health care plans. A one-percentage-point change in assumed health care cost trend rates would have the following effect:

	1 - Percentage- <u>Point Increase</u>	1 - Percentage- <u>Point Decrease</u>
Effect on total of service and interest cost	\$4,275	(\$3,755)
Effect on postretirement benefit obligation	\$47,033	(\$41,297)

CORNING NATURAL GAS CORPORATION

FORM 10-QSB FOR THE QUARTER ENDED DECEMBER 31, 2004

Item 2 - Management's Discussion & Analysis

As the Company's business is seasonal, the interim results should not be used as an indication of what results of the fiscal year 2005 may be.

Consolidated revenue of \$6,581,000 for the quarter increased \$108,800 compared to the same quarter last year due primarily to increased local production revenue in the utility operations.

Consolidated net income for the quarter was \$191,200 compared to a loss of \$41,800 in the same quarter the previous year. Net income of \$146,900 was experienced in the utility operations compared to a loss of \$3,000 last year. The increase is due to

increased local production revenue, as well as incentive revenue discussed below. Corning Realty experienced earnings of \$71,500 for the quarter compared to earnings of \$46,900 for the same quarter last year as the result of reduced advertising, occupancy and commission expenses. Tax Center International experienced a loss of \$28,300 compared to earnings of \$22,900 last year. In October 2004, the Company discontinued operations of Tax Center International. Corning Mortgage experienced a loss of \$5,000 compared to earnings of \$5,800 last year.

The former Appliance segment experienced net income of \$6,100 versus a loss of \$136,500 last year. The assets of the Appliance Corporation were sold and operations discontinued in September 2003, but in the first quarter of last year that segment still incurred expense allocations that were established in the Company's last rate case. Those allocations are currently being deferred, as discussed below.

On March 12, 2004, the Company filed with the PSC a petition to amend the Joint Proposal approved in its last rate case. Among the matters highlighted in the Petition as requiring review and modification were: (a) the allocation of costs between utility and non-utility business functions to reflect the sale of the Company's Appliance business; (b) restrictions on the Company's ability to record as current income the \$174,124 annual additional revenues for improving its equity ratio; (c) the treatment of the costs of Pensions and Other Post-Retirement Benefits (OPEBs) for prior periods; and (d) the computation of costs pertaining to natural gas stored underground. On July 23, 2004, the Company reached a settlement (Joint Proposal) with the staff of the Public Service Commission. The Joint Proposal represents a negotiated resolution of the issues, and was approved by the Public Service Commission on September 1, 2004. The Joint Proposal provides for the release of \$174,124 of annual incentive revenue. The Joint Proposal also provides for the filing of a deferral petition for the allocation costs resulting from the sale of the Appliance business. Hence, these costs have been deferred on the balance sheet, and subject to future PSC review for recovery through utility rates.

The Company finances its capital additions, as well as gas purchased, through a combination of internally generated funds and short-term borrowing. For all operations, the Company has \$7,750,000 available through lines of credit at local banks, the terms of which are disclosed in the Company's latest annual report on form 10-KSB. It is expected that, on a consolidated basis, current capital resources will continue to be sufficient for the Company's operations over the next twelve months. As described in the Company's Petition to the PSC, however, the sufficiency of cash flow for regulated operations continues to be dependent upon resources from the Company's unregulated operations.

Segment Overview

:

The following table reflects year to date results of the segments consistent with the Company's internal financial reporting process. The following results are used in part, by management, both in evaluating the performance of, and in allocating resources to, each of these segments.

(1) Before elimination of intercompany interest.

(2) The Appliance Co. discontinued operations in September 2003.

(3) Tax Center International discontinued operations in October 2004.

(4) Foodmart discontinued operations in July 2004.

Interest income and expense have been displayed in the segment in which it has been earned or incurred. Segment interest expense other than the Gas Company is included within unregulated expenses in the consolidated statements of income.

There were no sales of unregistered securities (debt or equity) during the quarter ended December 31, 2004.

Item 3 - Controls and Procedures

a. Evaluation of Disclosure Controls and Procedures. As of the end of the period covered by this quarterly report Form 10-QSB the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the Evaluation Date, our disclosure controls and procedures were effective to ensure that material information relating to us and our consolidated subsidiaries is recorded, processed, summarized and reported in a timely manner.

b. Changes in Internal Controls. There have been no changes in our internal controls over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Edgar Filing: CORNING NATURAL GAS CORP - Form 10QSB/A

I, Thomas K. Barry, certify that:

1. I have reviewed this quarterly report on Form 10-QSB of Corning Natural Gas Corporation;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;

4. The small business issuer's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the small business issuer and have:

a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

c) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

d) Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter (the small business issuer's fourth fiscal quarter in the case of an annual report) that has materially affected, or reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and

5. The small business issuer's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the small business issuer's auditors and the audit committee of the small business issuer's board of directors (or persons performing the equivalent function):

a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the small business issuer's ability to record, process, summarize and report financial information; and

b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
