REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

We have audited the accompanying balance sheets of TRSG CORPORATION as of December 31, 2002 and the related statements of operations, stockholders' equity, and cash flows for the two years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of TRSG CORPORATION as of December 31, 2002 and the results of its operations and its cash flows for the two years ended December 31, 2002 and 2001 in conformity with accounting principles

Edgar Filing: TRSG CORP - Form 10KSB

generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As disclosed in the financial statements and notes to the financial statements, the Company has suffered significant losses. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans regarding these matters are described in the notes to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

TRSG CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

[PG NUMBER]

NOTE 1 - ORGANIZATION, HISTORY AND BUSINESS ACTIVITY:

The Company incorporated on January 11, 1988 as a Delaware corporation under the name of Jutland Enterprises, Inc. The Company has had several subsequent names including Jutland Enterprises, Inc., Treat Enterprises, Inc. and Professional Wrestling Alliance Corporation. On November 1, 2000, the Company's name was changed to TRSG CORPORATION. ("the Company").

On March 20, 2003 the company filed a certificate of amendment of incorporation with the State of Delaware and increased its authorized shares from 200,000,000 to 2,000,000,000. Par value remained the same at \$.001 per share.

On December 31, 2002 the Company sold all of its assets, selected liabilities and all of its operations as a distributor of vitamin, nutritional supplements and whole health foods mainly in the United States of America and Canada to Gateway Distributors, Ltd. ("Gateway"). As a result, It ceased operations as of December 31, 2002. Gateway, a publicly held corporation, held the majority of the stock ownership in the Company from January 11, 2001 to December 31, 2002 and had reported its financial statements by including the Company in its consolidated financial statements as a majority owned subsidiary. Subsequent to December 31, 2002, refer to note on subsequent events.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

REPORTING RESULTS OF OPERATIONS

The accompanying financial statements include the activity and results of operations of the Company and its ceased operations through the date it ceased operations, which is December 31, 2002.

Both the financial statements and the income tax returns are reported as of December 31 and are on the accrual basis of accounting.

CASH AND CASH EQUIVALENTS

Edgar Filing: TRSG CORP - Form 10KSB

TRSG CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

INVENTORIES

Inventories, consisting primarily of nutritional, health, beauty and cleaning products are stated at cost determined by the first-in, first-out (FIFO) method.

ACCOUNTS RECEIVABLE

Management has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to reflect bad debts. However, the effect of the use of the direct write-off method is not materially different from the results that would have been obtained had the allowance method been followed.

PROPERTY & EQUIPMENT

Until property and equipment was sold December 31, 2002 it was stated at cost. Major replacements and improvements are capitalized while replacements, maintenance and repairs which do not improve or extend the life of the respective assets are expensed.

The Company provides for depreciation of equipment and amortization of leasehold improvements and software principally by use of declining balance and straight-line methods for financial reporting purposes or the following estimated useful lives:

Leasehold improvements	39 years
Software	5 years
All equipment	3 - 5 years

Depreciation and amortization expense for the years ended December 31, 2002 and 2001 was \$38,868 and \$137,024 respectively.

Edgar Filing: TRSG CORP - Form 10KSB

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

EARNINGS (LOSS) PER SHARE

Basic and diluted earnings (loss) per share are computed on a weighted average of shares issued and outstanding through the year. No recognition of stock options and warrants and other dilutive stock interests are recognized in the computation as there are net operating (losses) and it would be anti-dilutive.

INCOME TAXES

The Company has adopted the provisions of statements of Financial Accounting Standards No. 109, "Accounting for Income Taxes," which incorporates the use of the asset and liability approach of accounting for income taxes. The asset and liability approach requires the recognition of deferred tax assets and liabilities for the expected future consequences of temporary differences between the financial reporting basis and the income tax basis of assets and liabilities.

INTANGIBLE ASSETS

The Financial Accounting Standards Board has issued FASB 142 "GOODWILL AND OTHER INTANGIBLE ASSETS" effective for fiscal years beginning after December 15, 2001. According to this FASB, goodwill should not be amortized. Instead it should be reviewed for impairment annually and charged to earnings only when its recorded value exceeds its implied fair value.

The Company in its purchases of formulas, marketing strategies and goodwill established values of the intangibles and amortized them accordingly through December 31, 2001 as previously required by the Financial Accounting Standards Board. For the year ending December 31, 2002, under the same guidelines established under FASB 142, the goodwill and other intangible assets were reviewed for impairment. Its recorded value exceeded its implied fair value by \$728,953, which was therefore charged to earnings.

RECENT ACCOUNTING PRONOUNCEMENTS

The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

TRSG CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

COMPREHENSIVE INCOME

Edgar Filing: TRSG CORP - Form 10KSB

The Company has adopted SFAS No. 130 Reporting Comprehensive Income. The Company has no reportable differences between net income and comprehensive income, therefore a statement of comprehensive income has not been presented.

FAIR VALUES OF FINANCIAL INSTRUMENTS

The carrying amounts of the Company's cash, accounts receivable, accounts payable and accrued expenses approximate fair value because of the short maturity of these items.

ADVERTISING COSTS.

The Company conducts nondirect response advertising for which the costs are expensed when incurred. Total advertising costs of \$8,325 and \$2,560 were incurred for the years ended December 31, 2002 and 2001, respectively.

REVENUE RECOGNITION

Revenue is recognized in the period in which the products are sold and shipped.

RECLASSIFICATIONS

Certain amounts in 2001 have been reclassified and represented to conform to the current financial statement presentation.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

F-9

TRSG CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

NOTE 3 - SALE OF ALL ASSETS, SELECTED LIABILITIES & OPERATIONS:

The Company sold to Gateway all of its assets and operations. Gateway assumed all but \$635,000 of the debts of the Company. In closing this agreement the Company freed itself of \$501,073 more debt than the recorded carrying value of the assets sold. This difference of \$501,073 is reported as income on the statement of operations as other income under "gain on sale of assets to Gateway."

Edgar Filing: TRSG CORP - Form 10KSB

NOTE 4 - ACCOUNTS AND NOTES PAYABLE:

In the sale of all assets and operations of the Company on December 31, 2002 to Gateway, Gateway also assumed all debts of the Company except:

Two notes payable to two companies for consulting services Amounts are due now and bear no interest	\$ 350,000
Unsecured accounts, commissions and accrued expenses	285,000 -----
Total as of December	\$ 635,000 =====

The unsecured accounts, commissions and accrued expenses are not specific as to which debts they represent.

NOTE 5 - COMMITMENTS AND CONTINGENCIES:

SALE OF ASSETS AND OPERATIONS

In the asset sales agreement Gateway assumes all debt of the Company, except the \$350,000 notes and \$285,000 in unspecified debt for a total of \$635,000. The Company retained the right to choose which unspecified debts totaling \$285,000 it will retain and pay. The Company is negotiating with creditors to convert debt to stock.

However, the creditors are not obligated to recognize this agreement or convert their debt for stock. So, the Company ultimately could be held responsible to pay obligations passed on to Gateway.

TRSG CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

NOTE 5 - COMMITMENTS AND CONTINGENCIES (CONTINUED):

LEGAL PROCEEDING

The Company is named as a defendant in the lawsuit of F.W. Jones & Associates v. Apgood & Associates, Inc. ("Plaintiff"); TRSG Corporation and A and A Medical Company (Defendants"). The suit was filed August 2, 2002 in the Third Judicial District Court of Salt Lake County, Utah as file number 020907272 seeking damages for breach of a lease and unjust enrichment.

The plaintiff claims that on July 1, 2000, defendant Apgood & Associates executed a written lease for property located in Salt Lake City, Utah. Plaintiff claims the lease was subsequently assigned to

Edgar Filing: TRSG CORP - Form 10KSB

TRSG Corporation ("TRSG") by the lessee, Apgood & Associates, and that TRSG then assigned the lease to A and A Medical. Plaintiff seeks damages of \$115,753 plus interest, cost and attorney's fee.

TRSG denies that it has any obligation on the lease. TRSG expects to defend the claims and has filed an answer denying liability. Discovery is ongoing in the case. Defendant A and A Medical has filed a cross claim against Apgood & Associates, Inc. and TRSG is claiming indemnity. Counsel estimates that the maximum potential exposure to the Company in this case is \$150,000.

CONTINGENCY

Management is of the opinion there exists significant exposure to potential liabilities from these matters of unknown outcome and have established a contingency of \$650,000 as of December 31, 2002.

NOTE 6 - INCOME TAXES:

No provision was made for income taxes in 2002 and 2001 as a result of the net loss for each year and a net operating loss carryforward. A valuation reserve on the deferred tax assets of approximately \$125,000 offsets deferred tax benefit of equal amount as no assurance can be given it can be used. As of December 31, 2002, the Company has available net operating loss carryforwards of approximately \$580,000. Expiration dates on these carryforwards begin in 2016 and end in 2017. Should the Company undergo an ownership change as defined in Section 382 of the Internal Revenue Code, the Company's tax net operating loss carry forwards generated prior to the ownership change will be subject to an annual limitation which could reduce, eliminate, or defer the utilization of these losses.

the sale of the Company's assets and operations and the resultant relief of \$501,073 of debt in excess of the carrying value of the assets. In a related transaction also on December 31, 2002 Gateway sold 133,319,000 shares of restricted stock of the Company, or approximately 51% of its approximate 58% ownership in the Company, to Suburban Capital Corp. Therefore, the results of operations of A&A are excluded from these financial statements. Instead, management has reported what the Company paid other than the stock issued in the acquisition as a part of the statement of operations under "selling, general & administrative expenses" for 2001.

After the closing, effective the end of the day on December 31, 2002, Gateway owned approximately 7% and Suburban owned approximately 51% of the Company.

NOTE 9 - OPERATING LEASES:

The Company does not lease any office space or any equipment. It therefore, has no operating leases.

NOTE 10 - GOING CONCERN ISSUES:

The Company does not have the necessary working capital to service its debt and for its planned activity, which raises substantial doubt about its ability to continue as a going concern.

NOTE 11 - SUBSEQUENT EVENTS:

OWNERSHIP CHANGES AND CONTROL IN QUESTION

On December 31, 2002 the major shareholder, Gateway Distributors, Ltd. ("Gateway") sold 133,319,000 restricted shares, or approximately 51% of

Edgar Filing: TRSG CORP - Form 10KSB

the ownership, of the Company to Suburban Capital, Corp. ("Suburban") for \$15,000. Efforts have gone on to sell the controlling interests but have not yet been consummated.

The stock transfer agent's shareholders list as of May 1, 2003 has 994,610,231 shares issued and outstanding. Since December 31, 2002, 800,000,000 shares were issued to Kevin Gallagher leaving the shareholder list short by 1,000,000 shares compared to the December 31, 2002 list. New management indicates the 800,000,000 shares of stock were issued in error. New management changed stock transfer agents May 13, 2003. On May 16, 2003, the new stock transfer agent received the certificate for 800,000,000 made out to Kevin Gallagher and can now to properly cancel the 800,000,000 shares off the shareholder list. Neither New management or the new stock transfer agent knows why there are 1,000,000 shares short and unaccounted for. Management is looking into this. The financial statements recognize 195,610,231 shares outstanding as of December 31, 2002.

TRSG CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 11 - SUBSEQUENT EVENTS - CONTINUED:

Also on May 1, 2003 the stock transfer company identifies on the stockholders list that the 133,319,000 shares of stock Gateway passed to Suburban effective December 31, 2002 are still in the name of Gateway and not Suburban. Suburban acknowledges receipt of the stock from Gateway. Suburban, which is New management, indicates it is holding the stock without making a name change, pending determination of whom it will be reissued to.

On April 8, 2003 the Company co-signed a note guaranteeing payment of a \$62,000 obligation due by one of its consultants. In the event of default by the consultant on the note due July 15, 2003, the consultant and the Company consent that the consultant will relinquish its controlling interest in the Company, of up to 49% of the total stock ownership in the Company. If this happens, then the Company as co-signer would still remain liable for the total debt obligation of \$62,000 plus interest..

As of May 15, 2003 these apparent discrepancies as to ownership, ownership control and potential claims against ownership have not been corrected or resolved.

It is the intention of the parties hereto to strictly comply with and conform to all applicable law, including usury laws. Accordingly, notwithstanding any provision of this Note, or any security instrument or other document, instrument or agreement evidencing, accruing or entered into in connection with this Note or the loan transaction evidenced hereby, it is expressly stipulated and agreed as follows:

(1) In no event shall Maker or any other liable party be required to pay interest in excess of the maximum non-usurious contract rate of interest (determined from time to time if the applicable maximum rate is a floating rate) that Payee may charge Maker under applicable law in regard to which Maker would be prevented successfully from raising the claim or defense of usury (hereinafter called "Maximum Rate"), nor under any circumstances shall the aggregate of all consideration which constitutes interest under applicable law and taken, reserved, charged, received, contracted for, chargeable or receivable under this Note, or any security instrument or other document, instrument or agreement evidencing hereby exceed the maximum amount of interest allowed by applicable law, and any excess interest shall be deemed a mistake and canceled automatically or, if theretofore paid, shall, at the option of the holder of this Note, either be refunded to Maker or credited on this Note or any other obligation of Maker or any other liable party to the holder hereof; and

In determination whether or not interest paid or payable exceeds the Maximum Rate, Maker and Payee shall, to the extent permitted by applicable law, (a) characterize any non-principal payment as an expense fee, or premium rather than as interest, (b) exclude voluntary prepayments and effects thereof, and (c) authorize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the indebtedness evidenced by this note so that interest for the entire term does not exceed the Maximum Rate.

The laws of the State of Nevada shall apply to the enforcement of this Note and the loan transaction contemplated hereby, this agreement shall be deemed to have been executed in the state of Nevada, and Maker expressly consents to the jurisdiction of any Court located within the State of Nevada in any action pertaining to this secured promissory note. Fax signatures shall be the same as original signatures in accepting to and agreeing with this agreement and secured promissory note.

Edgar Filing: TRSG CORP - Form 10KSB

It is expressly understood by Maker and Payee that in selecting Nevada instead of Illinois as the Maker's preference and Utah as the Payee's preference that no rights of either party are lost or mitigated as invalid or diminished for any reason even if it would otherwise be so in Nevada for not being legally registered or licensed or otherwise represented in Nevada. Nevada is selected as neutral grounds of resolving disputes as if both are legally and lawfully able to do so in Nevada. In the case of stock ownership of TRSG, bearer stock shall not apply, but shall remain in the hands of Frank and his associates and control throughout the performance and possible non-performance of this agreement. Intent of this Note and Agreement shall prevail over content in the event of a dispute and/or conflict in understanding. If any part of this agreement is deemed not legal or enforceable does not affect any other portion as to enforceability.

Any check, draft, money order or other instrument given in payment of any portion of this Note may be accepted by the holder hereof and handled in collection in the customary manner, but the same shall not constitute payment hereunder or diminish any rights of the holder hereof except to the extent that actual cash proceeds of such instrument are unconditionally received by the holder and applied to this indebtedness in the manner provided elsewhere herein.

This Note includes the agreement of security protecting the secured promissory note referred to in this Note, and has been issued pursuant to, and is entitled to the benefits of security, as executed at the end of this Note and agreement by Maker in favor of Payee and incorporated herewith as part of this secured promissory note. Assets pledged, as security shall at all times equal or exceed three (3) times the accrued value of the debt to the Payee including accrued interest and other costs associated to the administration and collection and enforcement of this secured promissory note. The intent of security is to assure compliance to and fulfillment of prompt payment of this Note, not to acquire the secured assets. Assets securing this debt are all inclusive of Frank and his ownerships in his name and in various entities. Secured assets are all inclusive of the assets of Frank not matter where they are and include but are not limited to:

-4-

Frank's home, savings, cars, investments in and out of the USA, and stock in companies not related to PBS, TRSG and Core Solution.

Value of the stock shall be what the Payee actually receives for it when sold. Any excess proceeds received from stock sales over the amounts due the Payee will be returned back to the Maker, or applied to additional or new work done or yet to do for the Maker, at the option of the Payee.

In the event this Note is not satisfied within 90 days, or July 15, 2003, whichever ever comes first, then 49% non-dilutive interest in the total ownership of TRSG will be paid to Payee on top of what is owed Payee as additional compensation over the amount of this secured note as a result of non performance in payment of this secured promissory note. The stock of TRSG the Maker pledges to the Payee is unrestricted stock. During the time this secured promissory note remains unpaid in whole or in part the Maker shall not dispose in any

Edgar Filing: TRSG CORP - Form 10KSB
