Notes to Condensed Consolidated Financial Statements (unaudited)
Chromcraft Revington, Inc.

Note 1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statement presentation.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine month periods ended September 29, 2001 are not necessarily indicative of the results that may be expected for the year ending December 31, 2001.

The balance sheet at December 31, 2000 has been derived from the audited financial statements at that date but does not include all information and footnotes required by generally accepted accounting principles for complete financial statements.

For further information, refer to the consolidated financial statements and footnotes thereto included in Chromcraft Revington's annual report on Form 10-K for the year ended December 31, 2000.

Note 2. Withdrawal of Purchase Offer from Court Square Capital Limited

On July 17, 2001, Court Square Capital Limited, a unit of Citigroup, notified the Company that it had decided to withdraw its proposal to acquire the issued and outstanding capital stock of Chromcraft Revington, Inc. not owned by Court Square Capital Limited. Under the proposal, holders of Chromcraft Revington's publicly traded common stock would have received cash of \$10.30 per share in a transaction to take the Company private. Court Square Capital Limited owns 59.5%

Edgar Filing: CHROMCRAFT REVINGTON INC - Form 10-Q

of Chromcraft Revington's common stock.

Note 3. Earnings per Share of Common Stock

Weighted average shares used in the calculation of diluted earnings per share included dilutive potential common shares (stock options) of approximately 101,000 and 118,000 for the three and nine months ended September 29, 2001, respectively, and 150,000 and 133,000 for the three and nine months ended September 30, 2000, respectively.

Certain stock options to purchase shares of common stock were outstanding during the third quarter and first nine months of 2001 and 2000, but were not included in the computation of diluted earnings per share because the options' exercise prices were greater than the average market price of the common shares during

6

those periods and, therefore, their effect would be antidilutive. Options excluded from the computation of diluted earnings per share were as follows:

	2001		2000	
	Shares	Average Exercise Price	Shares	Average Exercise Price
Third quarter	462,160	\$ 12.74	326,060	\$ 13.91
First nine months	376,060	\$ 13.48	376,060	\$ 13.48

Note 4. Inventories

The components of inventories consisted of the following:

	Sept. 29, 2001	Sept. 30, 2000	Dec. 31, 2000
Raw materials	\$ 14,701	\$ 19,256	\$ 17,729

Edgar Filing: CHROMCRAFT REVINGTON INC - Form 10-Q

Ended September 30, 2000

Consolidated sales for the three months ended September 29, 2001 were \$52,282,000, a 15.8% decrease from sales of \$62,062,000 for the three months ended September 30, 2000. For the first nine months of 2001, consolidated sales were \$166,552,000, a decrease of 17.3% from sales of \$201,469,000 for the same period last year. Shipments of occasional, dining room, bedroom, upholstered and commercial furniture were lower during the third quarter and first nine months of 2001 as compared to the corresponding periods of 2000. The decline in sales was primarily due to softness in retail sales as a result of the economic slowdown. The consolidated sales order backlog at September 29, 2001 was lower as compared to September 30, 2000. In general, selling prices for the first nine months of 2001 were slightly higher as compared to the prior year period.

Gross margin as a percentage of sales was 21.1% and 22.1% for the three and nine month periods ended September 29, 2001, respectively, as compared to 22.6% and 24.0% for the three and nine month periods ended September 30, 2000, respectively. The decline in the gross margin percentage for the third quarter and first nine months of 2001 was primarily due to unabsorbed fixed overhead resulting from the lower sales volume.

Selling, general and administrative expenses as a percentage of sales were 13.5% for the three and nine months ended September 29, 2001, as compared to 14.5% and 13.8% for the three and nine months ended September 30, 2000, respectively. The decrease in selling, general and administrative expenses as a percentage of sales for the three months ended September 29, 2001, as compared to the prior year period, was primarily due to lower bad debt expense.

Interest expense during the third quarter and first nine months of 2001 was \$127,000 and \$631,000, respectively, as compared to \$540,000 and \$1,531,000 for the same periods last year. The decreased interest expense for 2001 was due to lower average bank borrowings during the period and interest rate reductions.

Chromcraft Revington's effective income tax rate for the three and nine month periods ended September 29, 2001 was 39.0% as compared to 39.2% and 39.3% for the three and nine month periods ended September 30, 2000, respectively. The decrease in the effective tax rate for 2001 was due to lower state income taxes.

Liquidity and Capital Resources

Operating activities provided \$20,253,000 of cash during the nine months ended September 29, 2001, an increase of \$13,092,000 from the year ago period. The increase in cash flow from operating activities for 2001 was primarily due to a reduction in working capital investment, offset, in part, by lower net earnings. Due to the lower sales volume, accounts receivable increased \$1,739,000 during the first nine months of 2001 as compared to an increase of \$4,008,000 for the same period last year. Inventories decreased \$7,688,000 during the period as compared to an increase of \$7,973,000 during the first nine months of last year, reflecting the reduced operating activity.

9

Investing activities, primarily for capital expenditures, used \$1,494,000 of cash during the first nine months of 2001 as compared to \$3,275,000 during the same period last year. Chromcraft Revington expects capital expenditures to be less than \$3,000,000 for the year ending December 31, 2001.

Financing activities used \$19,200,000 of cash during the nine months ended

Edgar Filing: CHROMCRAFT REVINGTON INC - Form 10-Q

September 29, 2001 to reduce bank indebtedness. During the first nine months of 2000, financing activities used \$4,445,000 of cash to acquire shares of Chromcraft Revington's common stock under a stock repurchase plan and \$700,000 to reduce bank indebtedness.

At September 29, 2001, Chromcraft Revington had unused capacity under its bank revolving credit facility, after reduction for outstanding letters of credit, of \$45,491,000.

Fourth Quarter 2001 Outlook

Entering the fourth quarter, Chromcraft Revington's incoming orders and backlog were below the year ago levels. Chromcraft Revington anticipates that fourth quarter earnings per share on a diluted basis will be between \$.18 and \$.23, as compared to \$.41 last year.

New Financial Accounting Standards Board Statements

The Financial Accounting Standards Board (FASB) recently issued Statement No. 141, "Business Combinations" and Statement No. 142, "Goodwill and Other Intangible Assets." Statement No. 141 requires that the purchase method be used for all business combinations initiated after June 30, 2001. Statement No. 142 requires, among other things, that goodwill no longer be amortized to earnings, but instead be reviewed periodically for impairment. The amortization of goodwill ceases upon adoption of Statement No. 142 on January 1, 2002. As of the date of adoption, Chromcraft Revington expects to have unamortized goodwill of \$28,180,000, which will be subject to the transition provisions of Statements 141 and 142. Amortization expense related to goodwill was approximately \$1,248,000 and \$978,000 for the year ended December 31, 2000 and the nine months ended September 29, 2001, respectively. Chromcraft Revington is currently evaluating the impact of these Statements on its financial statements.
