-

Section 2 - Financial Information

Item 2.02 Results of Operations and Financial Condition.

On July 18, 2005, Mattel issued a press release regarding its second quarter 2005 financial results, a copy of which is furnished at Exhibit 99.1 hereto. This exhibit is incorporated herein by reference.

In its second quarter 2005 press release, Mattel includes a non-GAAP financial measure, gross sales, which it uses to analyze its operations and to monitor, assess and identify meaningful trends in its operating and financial performance. Net sales, as reported in the consolidated statements of income, include the impact of sales adjustments, such as trade discounts and other allowances. Gross sales represent sales to customers, excluding the impact of sales adjustments. Consistent with its segment reporting, Mattel presents changes in gross sales as a metric for comparing its aggregate, business unit, brand and geographic results to highlight significant trends in Mattel's business. Changes in gross sales are discussed because, while Mattel records the detail of such sales adjustments in its financial accounting systems at the time of sale, such sales adjustments are generally not associated with individual products, making net sales less meaningful. A reconciliation of gross sales to the most directly comparable GAAP financial measure, net sales, is provided in Exhibit II to the press release furnished as Exhibit 99.1 in this Form 8-K.

In its second quarter 2005 press release, Mattel uses a financial measure that may be a non-GAAP financial measure, an American Jobs Creation Act-related tax expense of \$0.28 per share, which discloses the impact of such tax expense on the reported loss per share of \$0.23. This measure has been disclosed since it could be meaningful in evaluating Mattel's operating results and financial condition for the quarter in light of the nature and magnitude of the expense. This measure is used by management to analyze the profitability of Mattel's business for the second quarter of, and full year, 2005.
