None of our directors has any family relationship with any of our other directors or executive officers.

Audit Committee

The Audit Committee confers with our independent registered public accounting firm regarding the scope and adequacy of annual audits; reviews reports from such independent accountants; and meets with the independent accountants to review the adequacy of our accounting principles, financial controls and policies. The Audit Committee met four (4) times in 2012. The Board appointed Messrs. Cozzi and Oliver, Dr. Russell, and Ms. Scarito to this committee at the Board meeting held May 15, 2012. Mr. Oliver is the chairperson of this committee. All current members of the audit committee are independent as defined in Rule 5605(a)(2) of the NASDAQ listing standards and the Audit Committee Qualifications of Rule 5605(c)(2), except Ms. Scarito. Ms. Scarito was appointed to this committee as a non-independent director under the exception contained in the NASDAQ Corporate Governance Requirements pursuant to which a non-independent director can serve on an Audit Committee under exceptional and limited circumstances. The Board determined that due to Ms. Scarito's special expertise in business and financial analysis and corporate equity structures along with her familiarity with the Company, her appointment to the compensation committee was in the best interests of the Company and its shareholders. The Board of Directors has determined that Mr. Oliver is qualified as an "audit committee financial expert" based on a thorough review of his education and financial experience and is independent as described in the preceding sentences. Our Audit Committee has a written charter, which is available on our website at www.isa-inc.com under Investor Relations.

Compensation Committee

The Board appointed Messrs. Cozzi, Gildenberg, Oliver, Dr. Russell, and Ms. Scarito to the Compensation Committee at the Board of Directors meeting held May 15, 2012. Ms. Scarito was appointed to this committee in March 2012 as a non-independent director under the exception contained in the NASDAQ Corporate Governance Requirements pursuant to which a non-independent director can serve on a Compensation Committee under exceptional and limited circumstances. The Board determined that due to Ms. Scarito's special expertise in compensation issues and extensive involvement with our compensation practices, her appointment to the Compensation Committee was in the best interests of the Company and its shareholders.

The Compensation Committee is responsible for making recommendations to the Board regarding salaries and bonuses that we pay to our executive officers, including our Chief Financial Officer. This committee met one (1) time in 2012. This committee does not have a chairperson. All functions of the Compensation Committee are performed by the committee as a whole. However, the Compensation Committee confers with our Chief Executive Officer, Mr. Kletter, to obtain additional input for the committee's decision making process and recording our processes and procedures for the determination of executive and director compensation, including the scope of authority of the Compensation Committee, the extent to which the Compensation Committee may delegate any authority, and any role of executive officers in determining or recommending the amount or form of executive and director compensation.

The Compensation Committee has the authority to delegate to department supervisors decisions regarding compensation in their respective departments. None of our executive officers served as a member of the Compensation Committee of another entity. Our Compensation Committee has a written charter, which is available on our website at www.isa-inc.com under Investor Relations.

The Compensation Committee seeks to structure compensation that will provide sufficient incentives for Named Executive Officers to drive results while avoiding unnecessary or excessive risk taking that could harm the long-term value of the Company. The committee believes that the following measures help achieve this goal:

Named Executive Officers are provided with competitive base salaries that are not subject to performance risk, which helps to mitigate risk-taking behaviors and provides an incentive for executives to retain their employment with the Company;

• We enter into employment agreements with certain Named Executive Officers because they provide a form of protection for the Company and the individual;

- Certain executive officers have long-term, performance-based incentives, such as stock and cash bonuses, included in their employment agreements, which hold individuals accountable for long-term decisions by only rewarding the success of those decisions.

Compensation Committee Consultant

In January 2011 the Compensation Committee retained Bostonian Group, a Marsh & McLennan Agency Company, to undertake a market assessment and provide trend information on incentive compensation plans. Bostonian Group identified a group of public companies that are similar to the Company in the following ways:

- Operate in the scrap metal, waste management, recycling or related environmental services industries; and
- Reported revenue ranging from \$36 million to \$562 million in their most recent fiscal year; and
- Employ executives in positions similar to those of the Company's senior management.

The Compensation Committee also retained a second independent consultant, RS Finance & Consulting, LLC, to supplement Bostonian Group's data by identifying additional public companies with gross margins and number of employees that are similar to those of the Company, and analyzing the compensation practices of those companies. The Compensation Committee used the collective input of the consultants to formulate an executive compensation plan they believe aligns management and shareholder interests; is consistent with market practices; has an appropriate mix of short-term and long-term incentives; and is designed to attract and retain key employees. In 2012, the Compensation Committee also canceled the Company's former Management Incentive Plan (the "MIP") and Executive Incentive Plan (the "EIP") in favor of the revised incentive plan described below. No performance goals set forth in the MIP and EIP were met in 2012 or 2011, and the Company did not pay any compensation based on 2012 or 2011 results.

Base Salary

When determining base salary levels for senior management, the Compensation Committee evaluates base salary levels of similar positions in the group of all selected peer companies used by both the Bostonian Group and RS Finance & Consulting, LLC. Base salaries reflect an executive's roles and responsibilities and recognize and reward individual skills, experience and sustained job performance.

Annual Incentive Bonuses

The Company's annual incentive compensation plan is a cash-based, pay-for-performance incentive plan. The plan covers executives and certain other personnel as determined by the Compensation Committee and the Company's President. The incentive compensation plan rewards the achievement of certain corporate operating and financial targets set by the Compensation Committee at the beginning of each year.

The Compensation Committee may also establish individual performance goals for executives in connection with annual incentive compensation.

The Compensation Committee, in consultation with the Board, establishes the Company's performance goals at the beginning of each year. The Compensation Committee awards incentive bonuses based on the degree to which corporate performance objectives were met during the year. The total amount of the target annual incentive payments ranges from 10% of an executive's base salary to 100% of base salary, although the Compensation Committee reserves the right to adjust awards at its discretion (including awarding over 100% of base salary in incentive payments).

Long Term Incentive Plan

Long-term incentive compensation opportunities are performance-based. Long-term incentives provided by the Company consist of equity awards based on achievement of certain corporate targets. The terms of the long-term

incentive awards are more fully described below. The Company may award long-term incentives in the form of restricted stock, stock options and other forms of equity incentives as more fully described in the Company's Long-Term Incentive Plan. The Compensation Committee believes equity-based performance awards provide an adequate incentive to management to perform well for stockholders. In addition, equity awards have been an effective means of attracting and retaining management talent.

The Company designs its long-term incentive plans to ensure that incentive compensation reflects the growth and profitability of the Company. Each of the equity-based awards offered by the Company is intended to reward specified results. These awards promote a long-term view, reward long-term positive performance of the Company, and are intended to align management's interests with stockholders' interests.

Stock Options

The Company awards stock options because it believes they serve a valuable purpose in aligning management's interests with stockholders' interests. Because stock options vest over time, they serve not only as an incentive for superior performance, but also as a retention device. The Company generally receives an income tax deduction when an executive exercises a stock option.

Restricted Stock Awards

A "Restricted Stock Award" is a grant of shares of company stock in which the recipient's rights in the stock are restricted until the shares either vest or lapse in restrictions. Such shares of stock are subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the recipient, or achievement of performance or other objectives, as determined by the Compensation Committee.

For Restricted Stock awards, the Compensation Committee has established a three-year vesting schedule, in equal, sequential, annual installments beginning on the first anniversary of the grant date.

Unless otherwise prescribed by existing employment contracts or other agreements, long-term incentives will range from 7.5% to 30% of an executive's base salary. The Company may also award long-term incentive compensation to other senior managers in amounts ranging from 3.8% to 15% of the manager's base salary.

Perquisites

The Company provides certain members of management various perquisites that are provided by similar companies throughout the industry and include health, dental, vision, life and disability insurance and in the case of some named executive officers, car allowances. We furnish these benefits to provide an additional incentive for our management and to remain competitive in the general marketplace for managerial talent.

Retirement and Other Benefits

The Named Executive Officers are eligible to participate in the retirement and benefit programs described below. The Compensation Committee reviews the overall cost to the Company of the various programs generally when changes are proposed. The Compensation Committee believes the benefits provided by these programs are important factors in attracting and retaining executive officers, including the Named Executive Officers.

401(k) Savings Plans

The Named Executive Officers are eligible to participate in our defined contribution retirement plan under Section 401(k) of the Internal Revenue Code on the same basis as all other eligible employees. Prior to January 1, 2013, eligible employees could contribute a maximum of 15% of their annual salary. Beginning January 1, 2013, eligible employees may contribute 100.0% of their annual salary to meet the IRS limit of \$17,500. Under the plan, we match 25% of each employee's voluntary contribution up to 6% of their gross salary. We also offer an additional discretionary match for eligible employees who contribute 7.0% - 10.0% of their weekly wages.

Health and Welfare Plan

We share or pay for the cost of medical, dental, vision, basic life insurance and disability benefits with all eligible full-time regular employees. The Named Executive Officers are eligible to participate in these benefits on the same basis as all other employees, unless otherwise specified in an individual employment contract. See "Summary Compensation Table" above for a summary of the reportable benefits for the Named Executive Officers. We furnish the above benefits to provide an additional incentive for our management and to remain competitive in the general marketplace for managerial talent.

President and Chief Operating Officer's Compensation

The Compensation Committee meets to evaluate the President and Chief Operating Officer's performance and determine his total compensation. The Compensation Committee assesses the individual contributions of Mr. Donaghy as well as the Company's performance relative to both pre-established goals and the performance of other companies in similar industries to that of the Company, of similar size, and in the same geographic region as the Company.

In 2012 and 2011, Mr. Donaghy's salary placed him in the 50th percentile of Presidents and Chief Operating Officers in a group of all selected peer companies used by both the Bostonian Group and RS Finance & Consulting, LLC.

Executive Employment Agreement with Brian Donaghy:

On August 2, 2007, we named Brian G. Donaghy our president and chief operating officer. In connection with his selection as president and chief operating officer, we entered into an executive employment agreement with him (the "Original Employment Agreement"), which we amended effective April 14, 2009. The Original Employment Agreement, as amended (the "Amended Employment Agreement") set Mr. Donaghy's annual salary to \$200,000 retroactive to January 1, 2009, and has a term expiring December 31, 2013. The Company approved a \$100,000 increase to Mr. Donaghy's base salary effective January 1, 2011. The Original Employment Agreement authorized the issuance of 30,000 shares of our common stock per year through 2011, payment of which was subject to the Company's achievement of the EBIDTA requirement under the agreement. The Amended Employment Agreement authorizes an additional 30,000 shares of our common stock per year for 2012 and 2013, which was approved by the shareholders at the annual meeting held on June 16, 2009 and payment of which is subject to the Company's achievement of the EBITDA requirement under the agreement. We entered into an amended executive employment agreement effective April 1, 2010 (the "April Amendment"), which extended the initial term of our employment agreement with Mr. Donaghy through June 30, 2015. Other changes in the April Amendment entitled Mr. Donaghy certain bonuses based on the then-applicable EIP and MIP. No bonuses were paid to Mr. Donaghy in 2012 or 2011 based on the April Amendment.

Executive Employment Agreement with Daniel C. Gascoyne

On August 13, 2010, we named Daniel C. Gascoyne our executive vice president for an initial term that commenced on August 16, 2010. Mr. Gascoyne's employment ended on February 27, 2012 when Mr. Gascoyne was terminated without cause. Pursuant to his executive employment agreement, we continued to pay his base salary and welfare plan benefits, such as insurance and 401(K) benefits, for one year after the termination date.

Executive Employment Agreement with James K. Wiseman, III

On August 2, 2007, we named James K. Wiseman, III our vice president for an initial term that commenced on April 4, 2007. This employment agreement ended on April 4, 2012 and was not renewed. Pursuant to Mr. Wiseman's employment agreement, he was entitled to an annual base salary of \$136,500. He was also be eligible for bonus compensation from time to time as determined by our Compensation Committee and approved by our board of directors. In addition, we provided Mr. Wiseman with an \$800 per month car allowance, as well as allowances to cover his fuel and cell phone expenses. Mr. Wiseman was also eligible to participate in our employee benefits and deferred compensation plans that are generally available to our employees.

In 2012 and 2011, Mr. Wiseman's salary and annual bonus placed him in the 50th percentile of Vice Presidents in the group of peer companies selected by Mr. Donaghy. Mr. Wiseman's bonus award for 2011 was granted to recognize his continued contributions within the recycling division of the Company in those years.

Beginning April 5, 2012, Mr. Wiseman's annual salary and benefits remained similar to those he maintained under the terms of his employment agreement and will be renegotiated as necessary.

Compensation Recovery

Under the Sarbanes-Oxley Act, in the event of misconduct that results in a financial restatement that would have reduced a previously paid incentive amount, we can recoup those improper payments from our CEO and CFO. In addition, we expect to implement a clawback policy in fiscal 2013 in accordance with the requirements of the Dodd-Frank Act and the regulations that the SEC will issue under that Act. We elected to wait until the SEC issues guidance about the proper form of a clawback policy in order to ensure that our initial policy is fully compliant with SEC regulations.

Change of Control Agreements.

None of the Company's employment agreements provide for payments in the event of a change of control.

Also, with respect to each director who had not previously received stock options, in 2012 the Company awarded each such director an option for 30,000 shares of common stock with an exercise price equal to fair market value on the date of grant. Each non-employee director now holds an option for 30,000 shares of common stock.

Mr. Kletter and Mr. Donaghy receive no additional consideration for serving on the Board of Directors. Item 13. Certain Relationships and Related Transactions, and Director Independence.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement, or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a “related person,” has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” the related person must report the proposed related person transaction to our Board. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and in its discretion may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between Audit Committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually. If the related person at issue is a director of the Company,

or a family member of a director, then that director would recuse himself and abstain from voting on the approval of the related person transaction, but may, if so requested by the chair of the Audit Committee, participate in some or all of the committee's discussions of the related person transaction.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction.

As appropriate for the circumstances of the related person transaction, the Audit Committee will review and consider the following:

- The related person's interest in the related person transaction;
- The approximate dollar value of the amount involved in the related person transaction;
- The approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- Whether the transaction will be undertaken in the ordinary course of our business;
- Whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- The purpose of, and the potential benefits to us of, the transaction; and
- Any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the transaction only if it determines that, under all of the circumstances, the transaction is in, or not inconsistent with, our best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

Unless the transaction is excluded by the instructions to the SEC's related person transaction disclosure rule, any approved related person transaction would be disclosed in accordance with SEC rules.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

K & R Lease; K & R Consulting Agreement

On February 16, 1998 our Board of Directors ratified and formalized an existing relationship in connection with (i) our leasing of the facilities from K & R and (ii) the provision of consulting services by K & R to us. K & R is our affiliate as Harry Kletter, our Vice-Chairman of the Board and Chief Executive Officer, is the sole member of K & R. Accordingly, Mr. Kletter's interest in the transaction described below is substantially equivalent to that of K & R.

Lease Agreement. The lease agreement, effective as of January 1, 1998, between K & R, as landlord, and us, as tenant, covers approximately 20.5 acres of land and the improvements thereon, which are located at 7100 Grade Lane in Louisville, Kentucky. The principal improvements consist of an approximately 22,750 square foot building used as the corporate office, an approximately 8,286 square foot building used for our commercial, retail and industrial waste and recycling management services offices, an approximately 13,995 square foot building used as the paper recycling plant, an approximately 12,000 square foot building used for metals recycling plant, and an approximately 51,760 square foot building used as the recycling offices and warehouse space, with the remaining 15,575 square feet of space contained in five (5) buildings ranging in size from approximately 8,000 to 256 square feet.

The initial term of the K & R lease was for ten years with two five-year option periods available thereafter. The base rent for the first five years was \$450,000 per annum. The base rent for the second five years, beginning January 1, 2003, became \$505,272 per annum, payable at the beginning of each month in an amount equal to \$42,106. The base

rent for the first five-year option period, beginning January 1, 2008, became \$582,000 per annum, payable at the beginning of each month in an amount equal to \$48,500. The base rent for the second five-year option period, beginning January 1, 2013, became \$645,984 per annum, payable at the beginning of each month in an amount equal to \$53,832. This fixed minimum rent adjusts for each five years, including for each of the option periods, in accordance with the consumer price index. The fixed minimum rent also increases to \$750,000 per annum, in an amount equal to \$62,500 per month in the event of a change in control. We must pay, as additional rent, all real estate taxes, insurance, utilities, maintenance and repairs, replacements (including replacement of roofs if necessary) and other expenses. The K & R lease provides for our indemnification of K & R for all damages arising out of the use of or the condition of the leased premises excepting K & R's negligence. Under the K & R lease, "change in control" means a transaction or series of transactions as a result of which (i) any person who does not currently own a majority of our outstanding stock acquires a majority of our outstanding stock, (ii) we sell or otherwise dispose of all or substantially all of our assets or business operations

to any other person; or (iii) we merge or consolidate with any other person; unless, in any such case, shareholders owning a majority of our outstanding voting stock immediately prior to the consummation of such transaction or transactions will own, upon consummation of such transaction or transactions, at least a majority of the outstanding shares of the voting stock of the person acquiring the shares or assets of the person acquiring us or surviving our merger or consolidation in the transaction(s).

The K & R lease provides that we may use the leased premises in our metal recycling and recycled paper sorting and bailing businesses, and for our corporate offices. Without the prior consent of K & R (and in the case of (ii) below the prior consent of any mortgagee of K & R), we may not (i) make any structural alterations, improvements or additions to the K & R leased premises, or (ii) assign (including a change of control) or sublet the leased premises. The K & R lease requires us to indemnify K & R for all damages arising out of our use or condition of the leased premises excepting therefrom K & R's negligence. The K & R lease further provides that we will agree to subordinate our leasehold interest to the mortgage interest of any mortgagee of K & R.

The K & R lease provides for our right to terminate upon damage by fire or other casualty that cannot be reasonably repaired within, in most instances, 120 days of the damage. All rent ceases as of the "injury date" under these circumstances. The K & R lease also terminates upon condemnation of the leased premises in whole, with a condemnation of a portion of the leased premises resulting in an equitable adjustment of the fixed minimum rent.

In 2004, we paid for repairs totaling \$302,160 that we made to the buildings and property that we lease from K & R, located at 7100 Grade Lane, Louisville, Kentucky. K & R executed an unsecured promissory note, dated March 25, 2005, but effective December 31, 2004, to us for the principal sum of \$302,160. As of January 1, 2012, the outstanding balance owed by K&R was \$45,408. K&R made payments on the promissory note of principal and interest in ninety-six (96) monthly installments of \$3,897.66 through December 31, 2012. As of December 31, 2012, this note was paid in full. The rate of interest was five and one-half percent (5.5%) per annum. Failure of K & R to make any payment when due under this note within fifteen (15) days of its due date would have constituted a default. After the fifteen day period, the note would have borne interest at a rate equal to fifteen percent (15%) per annum and we had the right to exercise our remedies to collect full payment of the note.

Events of default under the K & R lease included (i) our failure to pay the fixed minimum rent for 10 days after written demand therefore, (ii) any other default in our observance or performance of any of the other covenants, agreements or conditions of the K & R lease, which continued for 30 days after written notice, unless we were diligently pursuing curing such default, (iii) certain bankruptcy or related events affecting us, (iv) our vacation of the leased premises, or (v) the transfer or devolution whether by operation of law or otherwise of the K & R lease or our estate or of any of our interest to anyone other than K & R. Upon the occurrence of an event of default, K & R could have, at its option, terminated the K & R lease and entered into and taken possession of the leased premises with the right to sue for and collect all amounts due, including damages.

In an addendum to the K & R lease as of January 1, 2005, our rent increased \$4,000 per month as a result of the improvements made to the property in 2004. For years 2005 through 2012, our payments to K & R of \$4,000 for additional rent and the payment from K & R to us of \$3,897.66 for the promissory note were offset.

K & R Consulting Agreement. The K & R consulting agreement dated as of January 2, 1998, by and between K & R and us, remained in effect until December 31, 2009, with automatic annual renewals thereafter unless one party provided written notice to the other party of its intent not to renew at least six months in advance of the next renewal date. At each of December 31, 2012, 2011, 2010 and 2009, the agreement automatically renewed for an additional one year. The K & R consulting agreement requires K & R to provide strategic planning and development to us, including advice on management activities, advertising, financial planning and mergers and acquisitions. The consulting agreement was amended on April 1, 2010, to increase the annual payment to K & R by \$240,000 to \$480,000, payable

in equal monthly installments of \$40,000. The Board approved the increase to the annual payment pursuant to its determination that the new consideration was consistent with the fair market value of the services provided. The amended consulting agreement was amended effective January 1, 2012 to decrease the annual payment to K&R by \$240,000 to \$240,000, payable in equal monthly installments of \$20,000. The Board approved the decrease to the annual payment pursuant to its determination that the new consideration was consistent with the fair market value of the services provided. We are responsible for all of K & R's expenses incurred on our behalf and pay to K & R \$240,000 in equal monthly installments of \$20,000 in connection with the K & R consulting activities.

The K & R consulting agreement terminates upon a non-defaulting party providing written notice to the other party of its intent to terminate. The recipient of the notice has 10 days to cure monetary defaults and 30 days to cure non-monetary defaults (which will be extended if a cure is being diligently commenced and pursued during that 30-day period). The K & R consulting agreement also terminates upon the condemnation or destruction by fire or other casualty of all or substantially all of the leased premises. Upon termination, K & R agrees not to engage, directly or indirectly, in our business, or hire our employees for a period

of five years and within 100 miles of our operations. We compensate our principal shareholder and chief executive officer through consulting fees pursuant to the K & R consulting agreement.

The K & R consulting agreement provides for cross-indemnification of each party by the other for acts other than negligence or willful malfeasance. The K & R consulting agreement further provides that K & R must maintain the confidentiality of any of our information not otherwise in the public domain or that K & R must disclose by law.

During 2007, we entered into an asset purchase agreement for \$1,300,000 funded primarily by a note payable to Industrial Logistic Services, LLC, the sole member of which is Brian Donaghy, our president and chief operating officer, whereby we paid \$20,000 per month for 60 months for various assets including tractor trailers, trucks and containers. The note payable reflected a seven percent (7%) interest payment on the outstanding balance plus principal amortization. As of January 1, 2012, the outstanding balance on this note was \$155,880, which was the largest aggregate principal amount outstanding during 2012, and the note was paid in full in August of 2012.
