Seating is limited and will be on a first-come, first-served basis. Registration will begin at 5:30 p.m., and seating will be available at approximately 6:00 p.m.

Please note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the Meeting.

What Constitutes a Quorum?

The presence at the Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the Company to conduct its business. As of the record date, 17,221,938 shares of common stock of the Company were outstanding. Table of Contents

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

For the election of the nominated slate of directors (see pages 9-35).

For the approval of an amendment to the Company's Restated Articles of Incorporation, as amended, to increase the authorized shares of common stock from 25,000,000 to 50,000,000 (see pages 36-37).

For the approval of an amendment to the Company's 2006 Stock Option and Performance Incentive Plan to increase the number of shares reserved for issuance under such plan to 1,500,000 (see pages 37-41).

For the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm (see pages 42-44).

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast in person or by proxy at the Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present, will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the vote.

If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The authorized common stock of the Company consists of 25,000,000 shares at \$0.01 par value. As of the close of business on March 23, 2007, there were 17,221,938 shares eligible to vote.

Table of Contents

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

How Many Directors Are There?

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. Currently, we have twelve directors.

How Long Do Directors Serve?

Our Bylaws provide that the directors shall serve a term of one year and until their successors are duly elected and qualified. The shareholders of the Company elect successors for directors whose terms have expired at the Annual Meeting. The Board elects members to fill new membership positions and vacancies in unexpired terms on the Board.

Do the Shareholders Elect the Executive Officers?

No. Executive officers are elected by the Board and hold office until their successors are elected and qualified or until the earlier of their death, retirement, resignation or removal.

You Should Carefully Read this Proxy Statement in its Entirety.

PROPOSAL ONE ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. The Board of Directors proposes that the nominees for directors described below be re-elected for a new term of one year and until their successors are duly elected and qualified. If any nominee becomes unavailable for election, which is not anticipated, the directors' proxies will vote for the election of such other person as the Board may nominate, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the meeting.

Corporate Governance Guidelines and Policies

We believe that good corporate governance helps ensure that the Company is managed for the long-term benefit of its shareholders. We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the SEC), and the listing standards of the Nasdaq Stock Market on which our common stock is traded. The Board has adopted various corporate governance guidelines and policies to assist the Board in the exercise of its responsibilities to the Company and its shareholders. The guidelines and policies address, among other items, director independence and director qualifications. You can access and print our corporate governance guidelines and policies, including the charters of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, our Corporate Code of Ethics for Directors, Executive Officers and Employees and other Company policies and procedures required by applicable law or regulation, on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Director Independence

Nasdaq rules require that a majority of the directors of Nasdaq-listed companies be independent. An independent director generally means a person other than an officer or employee of the listed company or its subsidiaries, or any other individual having a relationship which, in the opinion of the listed company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Certain categories of persons are deemed not to be independent under the Nasdaq rules, such as persons employed by the listed company within the last three years, and persons who have received (or whose immediate family members have received) payments exceeding a specified amount from the listed company within the last three years, excluding payments that are not of a disqualifying nature (such as compensation for board service, payments arising solely from investments in the listed company's securities, and benefits under a tax-qualified retirement plan). Nasdaq rules impose somewhat more stringent independence requirements on persons who serve as members of the audit committee of a listed company.

Of the twelve persons who currently serve on our Board of Directors, we believe that nine are independent for purposes of Nasdaq rules. Messrs. Allison, Strother, and Sims are not considered independent because they are officers of Home BancShares. The Board has also determined that no member of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the Nasdaq listing standards.

This Code of Ethics is published in its entirety on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents. We will post on our website any amendment to this code and any waivers of any provision of this code made for the benefit of any of our senior executive officers or directors.

The Compensation Committee charter authorizes the Committee to delegate to subcommittees of the Committee any responsibility the Committee deems necessary or appropriate. The Committee shall not, however, delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole. The Committee did not utilize the services of a subcommittee in 2006.

The CEO provides recommendations to the Committee regarding the form and amount of compensation paid to executive officers who report directly to him. Additionally, the CEO and COO regularly attend Committee meetings, other than executive sessions. Traditionally, management has provided to the Committee historical and prospective breakdowns of primary compensation components for each executive officer, including internal pay equity analyses.

Table of Contents

Historically, the Committee meets each February to finalize discussion regarding the Company's performance goals for the previous and current year with respect to performance-based compensation to be paid to executive officers and to approve its report for the annual proxy statement. These goals are approved within 90 days of the beginning of the year. Each year in December, the Committee generally discusses any new compensation issues, the compensation, bonus and incentive plan award analyses and the engagement of a compensation consultant for annual executive and director compensation. The Committee also meets in December to:

1. review and discuss the recommendations made by the CEO;
2. review the performance of the Company and the individual officers;
3. review the level to which the Company's performance goals were attained and approve short-term cash bonus and long-term incentive awards; and
4. determine the executive officers' base salaries for the following year.

Management also advises the full Board, including the Committee members, throughout the year of new issues and developments regarding executive compensation during the year.

Table of Contents

The Nominating and Corporate Governance Committee, which was formed by the Company in 2006, is comprised of Alex R. Lieblong, Chairman, Dale A. Bruns, Frank D. Hickingbotham, and William G. Thompson. The Board has determined that all members of the Committee satisfy independence requirements of the Nasdaq listing standards. The Nominating and Corporate Governance Committee met in March 2007 to select director nominees to be voted on at the Annual Meeting.

Director Candidate Qualifications

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy outlines the qualifications the Committee looks for in a director nominee. Generally, the candidate should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with performance as a director.

More specifically, the Nominating Committee seeks candidates who possess various qualifications or skills, including leadership experience in business or other relevant fields, knowledge of the Company and the financial services industry, experience in serving as a director of another financial institution or public company generally, wisdom, integrity, analytical ability, familiarity with and participation in the communities served by the Company and its subsidiaries, commitment to and availability for services as a director, and any other factors the Committee deems relevant.

Director Nominations Process

After assessing and considering prevailing business conditions of the Company, legal and listing standard requirements for Board composition, the size and composition of the current Board, and the skills and experience of current Board members, any of the Chairman, the Nominating Committee or any Board member may identify the need to add a Board member or to fill a vacancy on the Board. The Committee identifies qualified director nominees from among persons known to the members of the Committee, by reputation or otherwise, and through referrals from trusted sources, including senior management, existing Board members, shareholders and independent consultants hired for such purpose. The Committee may request that senior officers of the Company assist the Committee in identifying and assessing prospective candidates who meet the criteria established by the Board.

The Nominating Committee evaluates candidates based upon the candidate's qualifications, recommendations, or other relevant information, including a personal interview. The Committee meets to consider and approve the candidates to be presented to the Board. The Committee then presents its proposed nominees to the full Board. The Board considers the recommendations of the Committee and approves candidates for nomination.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

In accordance with its written charter, which was approved in its current form by the Board of Directors on January 20, 2006, the Audit Committee assists the Board in, among other things, oversight of our accounting and financial reporting processes, our compliance with legal regulatory requirements, the qualifications and independence of the independent auditors and the performance of the internal and independent auditors. A copy of the Audit Committee charter is published on the Company's website at *www.homebancshares.com* under the caption "Investor Relation"/ "Corporate Profile"/ "Governance Documents".

Our Board of Directors has determined that all four members of the Committee are independent based upon the independence requirements of the SEC and Nasdaq, and that our Chairman, Mr. Engelkes, satisfies the criteria of an audit committee financial expert as defined by the regulations of the SEC.

Management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of our accounting principles and reporting policies and for implementing and maintaining internal control over financial reporting. Our independent auditors are responsible for auditing the financial statements and for reviewing our unaudited interim financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. Except for our Chairman, Mr. Engelkes, the members of the Audit Committee are not engaged in the practice of accounting or auditing and are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

During 2006, the Audit Committee had three meetings. The Audit Committee's regular meetings were conducted in order to encourage communication among the members of the Audit Committee, management, the internal auditors, and our independent auditors, BKD, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for

Table of Contents

their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees.

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2006, with management, the internal auditors, and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to BKD, LLP for audit and non-audit services. The Audit Committee concluded that the provision of services by BKD, LLP is compatible with the maintenance of BKD's independence.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the calendar year ended December 31, 2006, for filing with the SEC.

The Committee met three times in 2006 to discuss, among other items, the salaries, bonuses and other compensation of the senior executive officers and other key employees of the Company, including the Chief Executive Officer. The Committee did not act by unanimous written consent at any time in 2006.

In determining the compensation of the executive officers for 2007, the Committee, among other things, evaluated the performance of the Chief Executive Officer and the other executive officers in light of corporate goals and objectives and reviewed the Chief Executive Officer's compensation recommendations. The Committee also set the annual cash bonuses of the executive officers for 2006.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Philosophy and Program

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee Home BancShares' compensation and benefit plans and policies, administer its stock plans, and review and approve annually all compensation decisions related to the named executive officers, the board members, and the CEO and Chief Financial Officer (CFO). The Committee submits its decision with regard to the CEO and CFO to the independent directors for their ratification.

The Committee recognizes the importance of compensation and performance and seeks to reward performance with cost-effective compensation that aligns employee efforts with the business strategy of the Company and with the interest of the shareholders. The Committee also recognizes that the compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

The following principles guide the Committee:

Compensation levels should be sufficiently competitive to attract and retain key management for the banks and holding company. The Company hires experienced bank executives that have a track record in the market. Competition is strong for these talented and experienced people. The compensation package must be strong and competitive in that market.

Compensation should relate directly to performance and responsibility. Compensation should vary with the performance and responsibility of the individual. It should always be proportional to the contribution to the Company's success.

Short-term incentive compensation should motivate high performance. The Company uses the cash bonus plan to motivate individuals with roles and responsibility that give them the ability to directly impact performance and strategic direction.

The Company's Incentive Stock Option Plan should align management with shareholders' interests. Awards of stock options or other forms of long-term compensation should encourage management to focus on the long-term growth and success of the Company. It should provide management with a meaningful stake in the Company and the prospects of a long-term career.

Examples of actions of the Committee to implement this philosophy are:

Engaged an independent consultant in 2005 to advise on executive compensation issues.

Adopted and recommended to shareholders the 2006 Stock Option and Performance Incentive Plan.

Granted stock options to senior executives with 5 year vesting and performance goals.

The Committee compares total compensation levels for the executive officers to the compensation paid to executives of a peer group comprised of similar financial holding companies of comparable size. For 2006, the peer group consisted of: Alabama National BancCorporation, BancFirst Corp., BancorpSouth, Inc., Bank of the Ozarks,

BankAtlantic Bancorp, Inc., BankUnited Financial Corp., First Financial Bankshares, Great Southern Bancorp, IBERIABANK Corporation, Omni Financial Services, Inc., Seacoast Banking Corp. of Florida, Security Bank Corp., Simmons First National Corporation, Southside Bancshares, Southwest Bancorp, Sterling Bancshares, Superior Bancorp, TIB Financial Corp. and United Community Banks.

Table of Contents

The Company did not use the services of an independent compensation consultant to advise on compensation issues in 2006. The Committee will review this decision on an annual basis and employ such a consultant when the Committee determines that it would be helpful.

Components of Compensation

The key elements of the Company's executive compensation program are base salary, short-term incentives (bonuses) and long-term incentives compensation (options). The Company tries to determine the proper mix of base, short-term and long-term incentive compensation. In our markets there are a number of national, regional and community banks. The competition for experienced executives in banking is strong. The Committee understands that being a public company that can offer equity incentives, a community banking philosophy, and an above average base pay puts the Company in a competitive position for strong management. The public market for the stock and its easily accessible value is a positive factor in aligning the management's interest with that of the shareholders and making them meaningful stakeholders.

Base Salary

Base salaries are targeted at the upper levels for the peer group of companies and are adjusted to recognize varying levels of responsibility, individual performance, individual banks performance if appropriate and internal equity issues. The Committee reviews the base salaries of the executive officers annually. This base salary provides the foundation for a total compensation package that is required to attract, retain and motivate the officers. Mr. Allison, CEO, has declined to receive a salary or bonus. He believes that not receiving compensation for his duties as Chairman and CEO, but instead depending on dividends and appreciation in the value of the stock he holds, his interests are best aligned with those of our shareholders. Consistent with this belief, Mr. Allison did not receive a salary in 2006 and does not intend to do so in the future. Generally, base salaries are not directly related to specific measures of performance, but are determined by experience, the scope and complexity of the position, current job responsibilities, and salaries of competing banks. The Company does not use benchmarking.

Short-term Incentives

An annual cash bonus plan is intended to reward individual performance for that year. The Compensation Committee reviews the individual performance of the officer, and if they are in charge of a subsidiary bank, the performance of that bank. In evaluating a bank president, the Committee reviews the goals for that subsidiary bank, including return on assets, growth in assets, asset quality, return on equity, gross margin, net income, operating income, net cash flow and regulatory examination results. In evaluating an executive officer of the parent, the Committee reviews the goals of the parent company including shareholder return, earnings per share, and the other criteria noted above. The final consideration is the overall profitability of the Company. The Committee then determines the amount of the awards.

Long-term Incentives

Consistent with the Company's philosophy that favors compensation based upon performance, long-term incentives comprise a significant component of total compensation. In March 2006, the Board of Directors adopted and, at the 2006 annual meeting, the shareholders approved the 2006 Stock Option and Performance Incentive Plan (the "Plan"). The purpose of the Plan is to attract and retain highly qualified officers, directors, and key employees, and to encourage those employees to improve our business results. The Committee has set a cliff-vesting date of January 1, 2010, for the currently issued performance based options, and has tied the eligibility for those options to annual or cumulative performance goals for the Company and for individual banks. If the annual goals are met, then a percentage of the options are eligible for exercise at the end of the cliff-vesting period. If annual goals are not met, but the Company meets its five-year cumulative goals, participants in the Plan may still become eligible for 100% of the options originally awarded to them. The Committee believes that these

Table of Contents

performance based options that are based in part on the results of the subsidiary bank under the direction of the officer and the cliff vesting of all the options provide annual incentives. The stock awards granted in 2006 are achieving their objective, but the Committee will continue to evaluate the need for additional awards.

It is the policy of the Committee to award grants with an exercise price set at the fair market value on the date of the grant. The Company does not have a practice of timing option grants to coordinate with the release of material non-public information. Although the Plan is less than one year old, it is the intention of the Committee to evaluate opportunities under the Plan along with the annual setting of salaries and awarding bonuses. The Committee will also consider awards under the Plan if appropriate in recruiting a new employee. The Committee does not have a policy of adjusting awards if performance goals are not met.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that Home BancShares may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation and stock option awards are generally performance-based meeting those requirements and, as such, are deductible. We do not currently have any executive officer with compensation of \$1,000,000 and the Compensation Committee has not adopted a policy with regard to this issue.

Post-Termination Benefits

We do not have any employment, salary continuation, or severance agreements currently in effect for any of our executive officers.

Supplemental Executive Retirement Plan

Prior to our acquisition of Community Bank, the bank purchased life insurance policies on its President and Chief Executive Officer, Tracy M. French. The policies offset benefit expenses associated with a supplemental annual retirement benefit that grows on a tax-deferred basis. A portion of the benefit is determined by an indexed formula. The balance of the benefit is determined by crediting interest on the accrued balances. The calculation for the benefit expense accrual is: insurance policy income minus opportunity cost plus interest. The opportunity cost is determined by the bank and is equal to the one year Treasury Bill rate. Community Bank retains the opportunity cost. Prior to Mr. French's retirement, any earnings in excess of the opportunity costs are accrued to a liability reserve account for his benefit. In addition, that liability account is credited with interest at a rate of 8.0%. At retirement, this liability reserve account is amortized with interest and paid out over a period of 15 years. Subsequent to the liability account being paid out in full, Mr. French will begin receiving an index retirement benefit payable for life. If Mr. French dies while there is a balance in his account, this balance will be paid in a lump sum to Mr. French's beneficiaries.

Community Bank has all ownership rights in the death benefits and surrender values of the insurance policy on Mr. French. Its obligations under the retirement benefit portion of this policy are unfunded; however, the bank has purchased life insurance policies on Mr. French that are actuarially designed to offset the annual expenses associated with the benefit portion of the policy and will, given reasonable actuarial assumptions, offset all of the cost during Mr. French's lifetime and provide a complete recovery of costs at death.

The Compensation Committee is currently investigating a retirement benefit plan for the Chairman and Chief Executive Officer, John W. Allison. The Committee is planning to recommend to the Board of Directors a \$250,000 annual benefit that would begin on Mr. Allison's 65th birthday and continue for his lifetime.

Table of Contents

401(k) Plan

All our full- and part-time employees over the age of 21 are eligible to participate in our 401(k) Plan immediately. We contribute a matching contribution equal to 50% of the participants' first 6% of deferred compensation contribution. In addition, we may make a discretionary contribution of up to 3% of total compensation.

Health and Insurance Benefits

Our full-time officers and employees are provided hospitalization and major medical insurance. We pay a substantial part of the premiums for these coverages. All insurance coverage under these plans is provided under group plans on generally the same basis to all of our full-time employees. Also, we provide other basic insurance coverage including dental, life, and long-term disability insurance.

In 2004, First State Bank adopted an endorsement split dollar life insurance plan which provides for the purchase of life insurance policies insuring the life of Mr. Allison. Both the bank and Mr. Allison have an interest in each of the policies, and therefore, this is classified as an endorsement split-dollar plan. Mr. Allison's beneficiaries will be entitled to an amount equal to 50% of the net-at-risk insurance portion of the total proceeds. The net-at-risk portion is the total proceeds less the cash value of the policy. Mr. Allison recognizes the economic value of this death benefit each year on his individual income tax return. The beneficiaries of the policies are named by Mr. Allison and the bank will receive the remainder of the death benefit. The bank has all ownership rights in the death benefits and surrender values of the policies. The premium paid on June 4, 2004, for the policies was \$4.8 million. Effective December 22, 2006, the death benefits payable under these policies split between the bank and Mr. Allison's beneficiaries. If the death benefit were paid in 2007, approximately \$7.7 million would be paid to the bank and approximately \$2.4 million would be paid to Mr. Allison's beneficiaries.

Pension Plans

In connection with the acquisition of Bank of Mountain View and Community Bank, we assumed two defined benefit pension plans. The Community Bank plan was frozen in 2000, and the Bank of Mountain View plan was frozen at the time of the acquisition. As a result, there have been no new participants in the plans and additional benefits earned. None of our executive officers or directors are participants in these frozen plans. The two plans have combined assets of \$2.6 million as of December 31, 2006. We made no employer contributions to the plans in 2006.

Perquisites

Home Bancshares provided certain perquisites to executive management in 2006. These perquisites included country club dues, gasoline for personal cars, 401(k) contributions, and the use of company owned cars. The Company does not own its own airplane, but does use an airplane owned by Mr. Allison's company, Capital Buyers. An employee of the Company is a pilot and flies the airplane. Mr. Allison also uses the pilot for personal travel which may or may not occur during working hours. When the Company uses the plane, Capital Buyers charges the Company for out of pocket expenses only.

Table of Contents***Compensation of the Chairman and Chief Executive Officer***

As of December 31, 2006, Mr. Allison received no salary or bonus from the Company. He has stated publicly to investors and to the Compensation Committee that he does not want a salary so that his interests are the same as the investors. His compensation will come from an increase in stock value. On March 13, 2006, Mr. Allison received 62,400 performance based stock options at the then fair market value of \$13.18 per share. He surrendered SARS of approximately the same value. The stock options vest on January 1, 2010, if the Company meets stated performance goals. Twenty percent of the options become eligible for exercise every year if the Company meets the annual performance goals. If the annual performance goals are not met, that 20% of the options would only become eligible if before January 1, 2010, the Company had met the cumulative goals. The Company met its annual goals in 2006. Therefore, 12,480 options became eligible and can be exercised by Mr. Allison on January 1, 2010, if he is still holding office with the Company at that time. The Committee believes that Mr. Allison's compensation arrangement is very beneficial to shareholders.

At its meeting on January 19, 2007, the Compensation Committee discussed a plan to provide Mr. Allison an annual benefit of \$250,000 a year beginning on his 65th birthday and continuing for his life. The Committee is continuing to investigate such a plan and hopes to make a recommendation to the Board at its April 20, 2007, meeting. During its January meeting the Committee also awarded Mr. Allison 20,000 stock options that will vest 50% in one year from the date of grant and 50% in two years from the date of grant. The exercise price of these options is \$24.15, the fair market value on date of grant. The Committee based the award on its conclusion that, through Mr. Allison's leadership, the Company had completed a very successful year, which included an initial public stock offering.

(1) Includes

Company Board of Directors and committee fees, subsidiary bank director fees and subsidiary bank committee fees.

During 2006, our non-employee directors received \$1,000 (\$2,000 for the chairman) for each meeting of the board attended. Directors serving on the Audit or Compensation Committees received \$400 (\$800 for the chairman) for each meeting attended of those committees, and directors serving on other board committees received \$250 (\$500 for the chairman) for each meeting attended of those other committees. The fees for 2007 will be the same.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Banking Transactions. Most of our directors and officers, as well as the firms and businesses with which they or members of their immediate families are associated, are customers of our bank subsidiaries. Our bank subsidiaries have engaged in a variety of loan transactions in the ordinary course of business with these individuals and their families and businesses, and it is anticipated that such transactions will occur in the future. In the case of all such related party transactions, each transaction was approved by either the Audit Committee, the Nominating and Corporate Governance Committee, the Board of Directors or the bank subsidiary's board of directors. In addition, these loans were made on the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions of others. In the opinion of our management, those loan transactions do not involve more than a normal risk of collectability or present other unfavorable features.

Table of Contents

As of December 31, 2006, the loans made by our bank subsidiaries to their respective directors and officers and to directors and officers of the Company, either directly or as guarantors, amounted to \$53.0 million. We believe that all such extensions of credit were made in conformity with the requirements of Federal Reserve Board Regulation O.

Real Estate Transactions. We lease certain of our properties from persons who are affiliated with us. The property used by our Marketing and Sales Department, in Conway, Arkansas, is leased from the Robert H. Bunny Adcock, Jr. Blind Trust, which is the beneficial owner of more than 5% of our common stock. We lease the property located on Hogan Lane in Conway, Arkansas, from Allison, Adcock & Rankin, LLC, a limited liability company owned in part by John W. Allison and the Robert H. Bunny Adcock, Jr. Blind Trust. Mr. Allison is our Chairman and Chief Executive Officer. We lease the land for Twin City Bank's principal office in Lakewood Village Shopping Center from Conservative Development Company, a corporation controlled, through common ownership, by Richard H. Ashley, who is one of our directors. During 2006, the aggregate payments we made, directly or indirectly, to the named persons for the various leases described above were less than \$120,000.

We believe the terms of each of the agreements described above are no less favorable to us than we could have obtained from an unaffiliated third party. We expect we will continue to engage in similar banking and business transactions in the ordinary course of business with our directors, executive officers, principal shareholders and their associates. All proposed related party transactions are presented to the Nominating and Corporate Governance Committee of our Board of Directors for consideration and approval. The Committee does not currently have any formal policies or procedures with respect to its review, approval, or ratification of related party transactions, but considers each related party transaction or proposed related party transaction on a case-by-case basis. According to its charter, the Committee follows the definition of "related party transaction" provided in the SEC's regulations under the Securities Act of 1933.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities and Exchange Act of 1934, as amended, requires each director, officer, and any individual beneficially owning more than 10 percent of the Company's common stock to file reports on Forms 3, 4, and 5 disclosing beneficial ownership and changes in beneficial ownership of the common stock of the Company with the SEC within specified time frames. These specified time frames require the Form 3's to be filed on or before the effective date of the issuer's registration statement. Changes in ownership must be filed on Form 4 within two business days of the transaction. The Company filed with the SEC a Form S-1 registration statement on March 14, 2006, and a Form 10 registration statement on April 7, 2006. The S-1 was not declared effective by the SEC until June 22, 2006, but the Form 10 became effective on June 6, 2006, by operation of law. All 19 Form 3's were submitted for filing on June 6, 2006. Eleven were processed by the SEC and dated June 6, and eight were dated the next day, June 7. The following were dated June 7, 2006: Alex R. Lieblong, C. Randall Sims, Ron Sims, Ron W. Strother, Brian Davis, Jack E. Engelkes, John W. Allison, and Frank D. Hickingbotham. Based upon a review of copies of such forms, we believe that all our Section 16 filers complied with the filing requirements during the fiscal year except as indicated below. The following inadvertently failed to timely file a Form 4 disclosing the conversion of the Company's preferred stock into common stock: Alex R. Lieblong, Tracy M. French, John W. Allison, Richard A. Buckheim, William G. Thompson, and Robert Hunter Padgett. Based upon incomplete legal advice, the following failed to timely file a Form 4 disclosing purchases of common stock by their 401(k) plans: Randy E. Mayor, Jennifer Holbrook, and Tracy M. French. C. Randall Sims inadvertently failed to timely file a Form 4 following a purchase of common stock by his 401(k) plan.

PRINCIPAL SHAREHOLDERS OF THE COMPANY

The authorized common stock of the Company consists of 25,000,000 shares at \$0.01 par value. As of the close of business on February 9, 2007, there were 17,217,997 shares outstanding held by approximately 3,442 shareholders of record.

The following table sets forth certain information as of January 31, 2007, concerning the number and percentage of shares of our common stock beneficially owned by our directors, our named executive officers, and all of our directors and executive officers as a group, and by each person known to us who beneficially owned more than 5% of the outstanding shares of our common stock.

Information in this table is based upon beneficial ownership concepts described in the rules issued under the Securities Exchange Act of 1934. Under these rules, a person is deemed to be a beneficial owner of any shares of our common stock if that person has or shares voting power, which includes the power to vote or direct the voting of the shares, or investment power, which includes the right to dispose or direct the disposition of the shares. Thus, under the rules, more than one person may be deemed to be a beneficial owner of the same shares. A person is also deemed to be a beneficial owner of any shares as to which that person has the right to acquire beneficial ownership within 60 days from January 31, 2007.

Except as otherwise indicated, all shares are owned directly, and the named person possesses sole voting and investment power with respect to his shares. The address for each of our directors and named executive officers is c/o Home BancShares, Inc., 719 Harkrider, Suite 100, Conway, Arkansas 72032.

**PROPOSAL TWO APPROVAL OF AMENDMENT TO
ARTICLES OF INCORPORATION TO INCREASE
NUMBER OF AUTHORIZED SHARES**

General

Our Restated Articles of Incorporation, as amended, currently authorize the issuance of up to 25,000,000 shares of common stock, \$0.01 par value. As of the record date, 17,221,938 shares of common stock were issued and outstanding, 1,042,225 shares were subject to currently outstanding stock options, and 99,960 shares were subject to stock options available for future grant, leaving 6,635,877 shares available for other uses.

The Board of Directors is proposing an amendment to the Restated Articles of Incorporation, as amended, to increase the number of authorized shares of common stock from 25,000,000 to 50,000,000. If the shareholders approve this proposal, the first sentence of Article THIRD in the Company's Restated Articles of Incorporation, as amended, will be amended to read as follows:

The authorized capital stock (the Capital Stock) of this Corporation shall be 50,000,000 shares of voting common stock (the Common Stock) having a value of \$.01 per share, and 5,500,000 shares of \$0.01 par value preferred stock (the Preferred Stock), divided into 2,500,000 shares of class A non-voting, non-cumulative, callable and redeemable, convertible preferred stock (Class A Preferred Stock) and 3,000,000 shares of class B non-voting, non-cumulative, callable and redeemable, convertible preferred stock (Class B Preferred Stock).

Purpose and Effect of the Proposed Amendment

The Board believes that the current number of authorized shares does not provide the Company with adequate flexibility to issue stock in connection with any future acquisitions or for general corporate purposes. In particular, if the Board determines that it would be appropriate to effect a significant acquisition through the exchange of common stock, conduct a stock offering or declare a dividend or split, the current number of unissued authorized shares might not be enough to complete such transaction. Although we cannot guarantee that any future acquisitions, stock offerings, dividends or splits will occur, the Board believes that the proposed increase in the number of authorized shares will provide the Company with the flexibility necessary to maintain a reasonable stock price through future stock dividends or splits, or to issue shares in connection with an acquisition or other corporate purpose, without incurring the expense of convening a special shareholder's meeting or the delay of waiting until the next annual meeting.

If this proposal is approved, all authorized but unissued shares of common stock will be available from time to time for any proper purpose approved by the Board, including issuances in connection with stock-based benefit plans, future stock splits or dividends and issuances to raise capital or effect acquisitions. Neither the Company nor the Board currently has any arrangements or understandings with respect to the issuance or use of the additional shares of authorized common stock sought to be approved (other than issuances permitted or required under the Company's stock-based benefit plans or awards made pursuant to those plans). If this proposal is approved, all or any of the shares may be issued without further shareholder action, unless required by law or the rules of the Nasdaq Stock Market.

Table of Contents

Existing shareholders do not have preemptive or similar rights to subscribe for or purchase any additional shares of common stock that the Company may issue in the future. Therefore, issuances of common stock other than issuances on a pro rata basis to all shareholders would reduce each shareholder's proportionate interest in the Company.

An increase in the authorized number of shares of common stock could have an anti-takeover effect. If we issue additional shares in the future, such an issuance could dilute the voting power of a person seeking control of the Company, thereby making an attempt to acquire control of the Company more difficult or expensive. Neither the Board nor management is currently aware of any attempt, or contemplated attempt, to acquire control of the Company, and we are not presenting this proposal with the intent that it be used as an anti-takeover device.

Vote Required to Approve Proposal

Approval of the amendment to the Restated Articles of Incorporation to increase the number of authorized shares requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present.

The Board of Directors Recommends that Shareholders Vote

**PROPOSAL THREE APPROVAL OF AMENDMENT TO THE COMPANY'S
2006 STOCK OPTION AND PERFORMANCE INCENTIVE PLAN**

The 2006 Stock Option and Performance Incentive Plan (the Plan) was adopted by our Board of Directors in March 2006 and approved by our stockholders in June 2006. The number of shares originally authorized for issuance under the Plan was 1,200,000. As of the record date, options and other stock awards to purchase 1,042,225 shares of common stock were issued and outstanding under the Plan, and 99,960 shares of common stock were available for issuance under the Plan.

On February 28, 2007, our Board of Directors approved an amendment to the Plan, subject to shareholder approval, to increase the number of shares reserved for issuance under the Plan by 300,000 shares. This amendment is being submitted to our shareholders for approval.

2006 Stock Option and Performance Incentive Plan

In 2006, our board of directors adopted and our shareholders approved the Home BancShares 2006 Stock Option and Performance Incentive Plan. The purpose of the Plan is to attract and retain highly qualified officers, directors, key employees, and other persons, and to motivate those persons to improve our business results and to attract and retain officers and employees.

The Plan amends and restates various prior plans that were adopted either by us or companies that we acquired. Awards made under any of the prior plans will be subject to the terms and conditions of the

Table of Contents

Plan, which is designed not to impair the rights of award holders under the prior plans. The Plan goes beyond the prior plans by including new types of awards (such as unrestricted stock, performance shares, and performance and annual incentive awards) in addition to the stock options (incentive and non-qualified), stock appreciation rights, and restricted stock that could have been awarded under one or more of the prior plans.

Administration. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Compensation Committee may select participants to receive awards; determine the types of awards, terms, and conditions of awards; and interpret provisions of the Plan.

Source of Shares. The common stock issued or to be issued under the Plan consists of authorized but unissued shares and treasury shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any common stock, then the number of shares of common stock counted against the aggregate number of shares available under the Plan with respect to the award will, to the extent of any such forfeiture or termination, again be available for making awards.

If the option price, a withholding obligation or any other payment is satisfied by tendering shares or by withholding shares, only the number of shares issued net of the shares tendered or withheld will be deemed delivered for the purpose of determining the maximum number of shares available for delivery under the Plan.

Eligibility. Awards may be made under the Plan to all employees, officers, directors, consultants and other key persons. In determining to whom awards will be granted, the committee will take into account the nature of the services, potential contributions, and other relevant factors.

Amendment or Termination of the Plan. While our Board of Directors may suspend, terminate or amend the Plan at any time, no amendment may adversely impair the rights of grantees with respect to outstanding awards. In addition, an amendment will be contingent on approval of our shareholders to the extent required by law. Unless terminated earlier, the Plan will automatically terminate ten years after its adoption by our Board of Directors.

Options. The Plan permits the granting of options to purchase shares of common stock intended to qualify as incentive stock options under the Internal Revenue Code (incentive stock options) and stock options that do not qualify as incentive stock options (non-qualified stock options). The exercise price of each stock option may not be less than 100% of the fair market value of our common stock on the date of grant. If we were to grant incentive stock options to any 10% shareholder, the exercise price may not be less than 110% of the fair market value of our common stock on the date of grant. We may grant options in substitution for options held by employees of companies that we may acquire. The fair market value of our common stock on March 1, 2007, based upon the closing price as reported on the Nasdaq Stock Market on that date, was \$23.20.

The term of each stock option will be fixed by the Compensation Committee and may not exceed ten years from the date of grant. The committee determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. The exercisability of options may be accelerated by the Compensation Committee. In general, an optionee may pay the exercise price of an option by cash or cash equivalent, or, if permitted by the committee, by tendering shares of our common stock (which if acquired from us have been held by the optionee for at least six months).

Table of Contents

Stock options granted under the Plan may not be sold, transferred, pledged, or assigned other than by will or under applicable laws of descent and distribution or pursuant to a domestic relations order.

Other Awards. The Compensation Committee may also award under the Plan:

restricted shares of common stock, which are shares of our common stock subject to restrictions;

stock units, which are common stock units subject to restrictions;

unrestricted shares of common stock, which are shares of our common stock issued at no cost or for a purchase price determined by the Compensation Committee and which are free from any restrictions under the Plan;

tax offset payments, which are common stock or cash used to pay income taxes incurred as a result of participation in the Plan;

stock appreciation rights, tandem or non-tandem, which are a right to receive a number of shares or, in the discretion of the committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market value of the shares underlying the right during a stated period specified by the Compensation Committee; and

performance and annual incentive awards, ultimately payable in our common stock or cash, as determined by the Compensation Committee. The Compensation Committee may grant multi-year and annual incentive awards subject to achievement of specified goals tied to business criteria (described below). The Compensation Committee may modify, amend or adjust the terms of each award and performance goal.

Section 162(m) of the Internal Revenue Code limits publicly held companies to an annual deduction for federal income tax purposes of \$1.0 million for compensation paid to their chief executive officer and the four highest compensated executive officers (other than the chief executive officer) determined at the end of each year (referred to as covered employees). However, performance-based compensation is excluded from this limitation. The Plan was not subject to Section 162(m) in 2006 because the regulations under Section 162(m) provide for a grace period for awards granted during the year in which a corporation becomes a publicly held company. Beginning as of the calendar year 2007, the Plan is subject to Section 162(m). The Plan is designed to permit the Compensation Committee to grant awards that qualify as performance-based compensation for purposes of satisfying the conditions of Section 162(m).

Business Criteria. The Compensation Committee uses one or more of the following business criteria, on a consolidated basis, and/or with respect to specified subsidiaries (except with respect to the total shareholder return and earnings per share criteria), in establishing performance goals for awards intended to comply with Section 162(m) of the Internal Revenue Code granted to covered employees:

shareholder return;

return on assets;

growth in assets;

return on equity;

earnings per share;

Table of Contents

net income;

operating income; and

free cash flow.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee makes appropriate adjustments in outstanding awards and the number of shares available for issuance under the Plan, including the individual limitations on awards, to reflect common stock dividends, stock splits, spin-offs and other similar events.

Federal Income Tax Consequences of Options and Stock Awards Under the Plan

THE FOLLOWING IS A GENERAL SUMMARY OF THE TYPICAL FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS, STOCK APPRECIATION RIGHTS OR AWARDS OF RESTRICTED STOCK UNDER THE PLAN. IT DOES NOT DESCRIBE APPLICABLE FOREIGN, STATE, LOCAL AND OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OF THE GRANT OF RESTRICTED STOCK. THIS SUMMARY IS BASED UPON THE PROVISIONS OF THE INTERNAL REVENUE CODE, APPLICABLE TREASURY REGULATIONS, ADMINISTRATIVE RULINGS AND JUDICIAL DECISIONS, ALL AS IN EFFECT AS OF THE DATE OF THIS PROXY STATEMENT. THERE CAN BE NO ASSURANCE THAT FUTURE LEGISLATIVE, ADMINISTRATIVE OR JUDICIAL CHANGES OR INTERPRETATIONS, WHICH CHANGES COULD APPLY RETROACTIVELY, WILL NOT AFFECT THE ACCURACY OF THIS SUMMARY.

Stock Awards. A recipient of a stock award has taxable income in the amount equal to the excess of the fair market value of the stock on the date it vests over any consideration paid for the common stock (the *spread*). Stock vests either (i) when it is no longer subject to a substantial risk of forfeiture (such as a requirement that the recipient retransfer shares at cost or some other material discount from fair market value upon cessation of employment), (ii) when it is freely transferable, or (iii) at the time of issuance if the recipient makes an election under Section 83(b) of the Internal Revenue Code within 30 days of the issuance. The taxable income constitutes wages subject to income and employment tax withholding, and the Company receives a corresponding income tax deduction. The recipient will have a basis in his or her shares equal to the value of the shares on the date they vest, and the holding period for the shares will date from vesting. In general, a sale of the shares will produce capital gain or loss which will be long term or short term depending on the period of time included in the recipient's holding period, except that a recipient who makes a Section 83(b) election will not be entitled to any loss should the shares subsequently be forfeited back to the Company.

Options. The grant of an option has no federal income tax effect on the optionee. Upon exercise of the option, unless the option was qualified as an incentive stock option as discussed below, the optionee is treated in the same manner as a recipient of a stock award. Special federal income tax rules apply if our common stock is used to pay all or part of the option exercise price whether or not the options qualify as incentive stock options.

Incentive Stock Options. Like other options, the recipient of an incentive stock option does not recognize any income on the grant of the option. Unlike other transferees of shares, however, the optionee does not recognize income for regular tax purposes at the time the option is exercised. If the optionee does not dispose of the incentive stock option shares until at least one year after the date the incentive stock option was exercised and two years after the date the incentive stock option was granted, the only gain or loss the optionee will recognize for regular tax purposes will be the long-term capital gain or loss on the sale of the shares. However, any shares sold or otherwise disposed of before both of the

Table of Contents

holding period requirements have been met (a *disqualifying disposition*), will result in the gain being treated as ordinary income in an amount up to the excess of the fair market value of the stock subject to an option over the exercise price of such option (the *option spread*). Any additional gain will be treated as capital gain or loss and as long-term or short-term depending on the holding period for the stock.

In addition to the regular tax consequences discussed above, the exercise of an incentive stock option can have material alternative minimum tax consequences. In general, the transfer of the shares pursuant to the incentive stock option will create alternative minimum taxable income in the same way that the exercise of other options would create regular taxable income. As a result, the exercise of an incentive stock option can result in substantial alternative minimum tax. The Company is not entitled to a federal income tax deduction in connection with incentive stock options, except to the extent that the optionee has taxable ordinary income on a disqualifying disposition.

Stock Appreciation Rights. Upon the grant of a stock appreciation right, the recipient will not recognize ordinary income. However, upon the exercise of a stock appreciation right, the recipient will, in general, recognize ordinary income in an amount equal to the amount of cash (or the value of the shares) distributed to the recipient. Such income will be treated as wages subject to income and employment tax withholding. The Company will have a deduction equal to the income to the recipient.

Limitation on Deduction of Certain Compensation. A publicly held corporation may not deduct compensation of over a certain amount that is paid in any year to one of its executive officers unless the compensation constitutes qualified performance-based compensation under the Internal Revenue Code. We will generally attempt to ensure that any awards under the Plan will qualify for deduction, but may not do so in every instance.

Plan Benefits

Awards under the Plan are granted at the discretion of the Compensation Committee or the Administrator, and accordingly, the amount of any such awards that may be granted to any individual is not yet determinable. Benefits under the Plan depend on a number of factors, including the fair market value of our common stock on future dates, our actual performance against performance goals established with respect to performance awards and decisions made by the participants, and accordingly, are also not yet determinable.

Required Vote

The approval of the amendment to the Plan to increase the number of shares reserved for issuance under such plan by 300,000 shares requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present.

**PROPOSAL FOUR RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our consolidated financial statements as of and for the fiscal year ended December 31, 2006, were audited by BKD, LLP, an independent registered public accounting firm. In 2006, the Audit Committee of the Board of Directors and our shareholders approved the engagement of BKD, LLP to be our independent registered accounting firm for fiscal year 2006. As of March 9, 2007, the Audit Committee has approved the re-engagement of BKD, LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2007, subject to the ratification of the appointment by our shareholders at the Annual Meeting.

BKD, LLP became our independent registered public accounting firm on October 21, 2005. Our consolidated financial statements as of and for the fiscal years ended December 31, 2003 and 2004, were audited by Ernst & Young LLP, an independent registered public accounting firm. On October 21, 2005, following the closing of the Ernst & Young LLP Little Rock, Arkansas office, we dismissed Ernst & Young LLP and appointed BKD, LLP to audit our financial statements for the year ended December 31, 2005. Our Board of Directors and Audit Committee approved the dismissal of Ernst & Young LLP and appointment of BKD, LLP as our independent registered public accounting firm.

The reports of Ernst & Young LLP on our financial statements as of and for the years ended December 31, 2003 and 2004, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2003 and 2004, and through October 21, 2005, there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused them to make reference thereto in their report on the financial statements for such years. During the years ended December 31, 2003 and 2004, and through October 21, 2005, there have been no reportable events as defined in Regulation S-K Item 304(a)(1)(v).

On October 21, 2005, we engaged BKD, LLP as our new independent auditor. Our Audit Committee and Board of Directors approved this action. During the years ended December 31, 2003 and 2004, respectively, and through October 21, 2005, neither we nor any person on our behalf consulted with BKD, LLP regarding the application of accounting principles to a specific completed or contemplated transaction or the type of audit opinion that might be rendered on our financial statements, and we were not provided with a written report or oral advice by BKD, LLP that was an important factor that we considered in reaching a decision as to an accounting, auditing or financial reporting issue. We have delivered a copy of this disclosure to BKD, LLP, and BKD, LLP has not indicated that it disagrees with any of the statements made in this section.

We delivered a copy of this disclosure to Ernst & Young LLP on March 10, 2006, in connection with the filing with the SEC of our registration statement for the initial public offering of our common stock, and requested that Ernst & Young LLP furnish us with a letter addressed to the SEC stating whether or not it agrees with the above statements regarding Ernst & Young LLP. A copy of the letter from Ernst & Young LLP to the SEC dated March 13, 2006, stating that it agrees with the statements made in this section was attached as Exhibit 16.1 to our registration statement, which became effective as of June 22, 2006. A copy of our registration statement and the letter to the SEC from Ernst & Young LLP attached as Exhibit 16.1 to the registration statement are available on the SEC's website at www.sec.gov.

Table of Contents

Shareholders' ratification of the selection of BKD, LLP to be our independent registered public accounting firm for fiscal year 2007 is not required by our Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of BKD, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if it determines that such change is in the best interests of the Company and our shareholders.

Representatives of BKD, LLP are expected to attend the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning and tax advice.
- (4) **Other fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.
