ACTAVIS PLC

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 General

Actavis plc is an integrated global specialty pharmaceutical company engaged in the development, manufacturing, marketing, sale and distribution of generic, branded generic, brand name (brand, specialty brand or branded), biosimilar and over-the-counter (OTC) pharmaceutical products. The Company also develops and out-licenses generic pharmaceutical products primarily in Europe through our Medis third-party business. The Company operates manufacturing, distribution, research and development (R&D) and administrative facilities in many of the world s established and growing international markets, including the United States of America (U.S.), Canada and Puerto Rico (together North America), and its key international markets around the world (International).

The accompanying consolidated financial statements should be read in conjunction with the Company s annual report on Form 10-K for the year ended December 31, 2013 (Annual Report), as revised by Form 8-K filed on May 20, 2014, in which the Company revised its previously filed financial statements and other relevant sections of the Annual Report to reflect the impact of changes in operating segments. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with United States generally accepted accounting principles (GAAP) have been condensed or omitted from the accompanying consolidated financial statements. The accompanying year end consolidated balance sheet was derived from the audited financial statements included in the Annual Report. The accompanying interim financial statements are unaudited, and reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the Company s consolidated financial position, results of operations, comprehensive income / (loss) and cash flows for the periods presented. Unless otherwise noted, all such adjustments are of a normal, recurring nature. All intercompany transactions and balances have been eliminated in consolidation. The Company s results of operations, comprehensive income / (loss) and cash flows for the interim periods are not necessarily indicative of the results of operations, comprehensive income / (loss) and cash flows that it may achieve in future periods.

The Company has made certain reclassifications to prior period information to conform to the current period presentation including (i) changes to the definition and reporting of our operating segments and (ii) the reclassification of contingent consideration accretion expense from interest expense into operating expenses.

In prior periods, the Company s consolidated financial statements presented the accounts of Actavis, Inc. On May 16, 2013, Actavis plc was incorporated in Ireland as a private limited company and re-registered effective September 18, 2013 as a public limited company. It was established for the purpose of facilitating the business combination between Actavis, Inc. and Warner Chilcott plc (Warner Chilcott). On October 1, 2013, pursuant to the transaction agreement dated May 19, 2013 among Actavis, Inc., Warner Chilcott, the Company, Actavis Ireland Holding Limited, Actavis W.C. Holding LLC (now known as Actavis W.C. Holding Inc.) and Actavis W.C. Holding 2 LLC (now known as Actavis W.C. Holding 2 Inc.) (MergerSub), (i) the Company acquired Warner Chilcott (the Warner Chilcott Acquisition) pursuant to a scheme of arrangement under Section 201, and a capital reduction under Sections 72 and 74, of the Irish Companies Act of 1963 where each Warner Chilcott ordinary share was converted into 0.160 of a Company ordinary share (the Company Ordinary Shares), or $5,833.9 million in equity consideration, and (ii) MergerSub merged with and into Actavis, Inc., with Actavis, Inc. as the surviving corporation in the merger (the Merger and, together with the Warner Chilcott Acquisition, the Transactions). Following the consummation of the Transactions, Actavis, Inc. and Warner Chilcott became wholly-owned subsidiaries of Actavis plc. Each of Actavis, Inc. s common shares was converted into one Company Ordinary Share.

References throughout to ordinary shares refer to Actavis Inc. s Class A common shares, par value $0.0033 per share, prior to the consummation of the Transactions and to the Company s ordinary shares, par value $0.0001 per share, since the consummation of the Transactions.

On October 31, 2012, Watson Pharmaceuticals, Inc. completed the acquisition of the Actavis Group for a cash payment of 4.2 billion, or approximately $5.5 billion, and contingent consideration of 5.5 million newly issued shares of Actavis, Inc., which have since been issued (the Actavis Group Acquisition). Watson Pharmaceuticals, Inc. s Common Stock was traded on the NYSE under the symbol WPI until close of trading on January 23, 2013, at which time Watson Pharmaceuticals, Inc. changed its corporate name to Actavis, Inc. and changed its ticker symbol to ACT.

Table of Contents

References throughout to we, our, us, the Company or Actavis refer to financial information and transactions of Watson Pharmaceuticals, Inc. prior to January 23, 2013, Actavis, Inc. from January 23, 2013 until October 1, 2013 and Actavis plc on and subsequent to October 1, 2013.

NOTE 2 Summary of Significant Accounting Policies

The following are interim updates to certain of the policies described in Note 3 of the notes to the Company s audited consolidated financial statements for the year ended December 31, 2013 included in the Annual Report.

Revenue Recognition Including Multiple-Element Arrangements

General

Revenue from product sales is recognized when title and risk of loss to the product transfers to the customer, which is based on the transaction shipping terms. Recognition of revenue also requires reasonable assurance of collection of sales proceeds, the seller s price to the buyer to be fixed or determinable and the completion of all performance obligations. The Company warrants products against defects and for specific quality standards, permitting the return of products under certain circumstances. Product sales are recorded net of all sales-related deductions including, but not limited to: chargebacks, trade discounts, billback adjustments, sales returns and allowances, commercial and government rebates, customer loyalty programs and fee for service arrangements with certain distributors, which we refer to in the aggregate as SRA allowances.

Royalty and commission revenue is recognized as a component of net revenues in accordance with the terms of their respective contractual agreements when collectability is reasonably assured and when revenue can be reasonably measured.

Multiple-Element Arrangements

The Company identifies each discrete deliverable included in a multiple-element arrangement and identifies which of those deliverables have standalone value to the customer under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 605-25 Revenue Recognition Multiple-Element Arrangements (ASC 605-25) and Accounting Standards Update (ASU) 2009-13 Revenue Recognition Multiple-Deliverable Revenue (ASU No. 2009-13). The Company allocates arrangement consideration to the deliverables based on the appropriate selling price using the hierarchy outlined in ASC 605-25, as amended by ASU No. 2009-13. The selling price used for each deliverable is based on vendor-specific objective evidence (VSOE) if available, third-party evidence (TPE) if VSOE is not available, or best estimated selling price (BESP) if neither VSOE nor TPE is available. BESP is determined in a manner consistent with that used to establish the price to sell the deliverable on a standalone basis. Revenue is recognized for each unit of accounting based on the relevant authoritative literature for that deliverable.

Contingency-Adjusted Performance Model

Revenues recognized from research, development and licensing agreements (including milestone receipts) are recorded on the contingency-adjusted performance model which requires deferral of revenue until such time as contract milestone requirements have been met. Under this model, revenue related to each payment is recognized over the entire contract performance period, starting with the contract s commencement, but not prior to earning and/or receiving the milestone amount (i.e., removal of any contingency). The amount of revenue recognized is based on the ratio of costs incurred to date to total estimated cost to be incurred. In certain circumstances, it may be appropriate to

recognize consideration that is contingent upon achievement of a substantive milestone in its entirety in the period in which the milestone is achieved. In order to recognize milestone consideration as revenue in the period in which the milestone is achieved, there needs to be substantive certainty that the milestone will be achieved, relate solely to past performance and the consideration needs to be commensurate with the Company s performance. Factors the Company considers in determining whether a milestone is substantive at the inception of an arrangement include: whether substantive effort will be required to achieve the milestone; what labor, skill, and other costs will be incurred to achieve the milestone; how certain the achievement of the milestone is; whether a reasonable amount of time will elapse between any upfront payment and the first milestone as well as between each successive milestone; and, whether the milestone is nonrefundable or contains clawback provisions.

Provisions for SRAs

As is customary in the pharmaceutical industry, our gross product sales are subject to a variety of deductions in arriving at reported net product sales. When the Company recognizes gross revenue from the sale of products, an estimate of SRA is recorded, which reduces the gross product revenues. Accounts receivable and/or accrued liabilities are also reduced and/or increased by the SRA amount. These provisions are estimated based on historical payment experience, historical relationship of the deductions to gross product revenues, government regulations, estimated utilization or redemption rates, estimated customer inventory levels and current contract sales terms

Table of Contents

with direct and indirect customers. The estimation process used to determine our SRA provision has been applied on a consistent basis and no material revenue adjustments have been necessary to increase or decrease our reserves for SRA as a result of a significant change in underlying estimates. The Company uses a variety of methods to assess the adequacy of the SRA reserves to ensure that our financial statements are fairly stated. This includes periodic reviews of customer inventory data, customer contract programs and product pricing trends to analyze and validate the SRA reserves.

Chargebacks A chargeback represents an amount payable in the future to a wholesaler for the difference between the invoice price paid by our wholesale customer for a particular product and the negotiated contract price that the wholesaler s customer pays for that product. The chargeback provision and related reserve varies with changes in product mix, changes in customer pricing and changes to estimated wholesaler inventories. The provision for chargebacks also takes into account an estimate of the expected wholesaler sell-through levels to indirect customers at contract prices. The Company validates the chargeback accrual quarterly through a review of the inventory reports obtained from our largest wholesale customers. This customer inventory information is used to verify the estimated liability for future chargeback claims based on historical chargeback and contract rates. These large wholesalers represent the vast majority of the recipients of the Company s chargeback payments. We continually monitor current pricing trends and wholesaler inventory levels to ensure the liability for future chargebacks is fairly stated.

Rebates Rebates include volume related incentives to direct and indirect customers, third party managed care and Medicare Part D rebates, Medicaid rebates and other government rebates. Rebates are accrued based on an estimate of claims to be paid for product sold into trade by the Company. Volume rebates are generally offered to customers as an incentive to use the Company s products and to encourage greater product sales. These rebate programs include contracted rebates based on customers purchases made during an applicable monthly, quarterly or annual period. The provision for third party rebates is estimated based on our customers contracted rebate programs and the Company s historical experience of rebates paid. Any significant changes to our customer rebate programs are considered in establishing the provision for rebates. The provisions for government rebates are based, in part, upon historical experience of claims submitted by the various states / authorities, contractual terms, as well as government regulations. We monitor legislative changes to determine what impact such legislation may have on our provision.

Cash Discounts Cash discounts are provided to customers that pay within a specific period. The provision for cash discounts is estimated based upon invoice billings, utilizing historical customer payment experience. The Company s experience of payment history is fairly consistent and most customer payments qualify for the cash discount. Accordingly, our reserve for cash discounts is readily determinable.

Returns and Other Allowances The Company s provision for returns and other allowances include returns, pricing adjustments, promotional allowances, loyalty cards and billback adjustments.

Consistent with industry practice, the Company maintains a returns policy that allows customers to return product for a credit. In accordance with the Company s policy, credits for customer returns of products are applied against outstanding account activity or are settled in cash. Product exchanges are not permitted. Customer returns of product are generally not resalable. The Company s estimate of the provision for returns is based upon historical experience and current trends of actual customer returns. Additionally, we consider other factors when estimating the current period returns provision, including levels of inventory in the distribution channel, as well as significant market changes which may impact future expected returns.

Pricing adjustments, which includes shelf stock adjustments, are credits issued to reflect price decreases in selling prices charged to the Company s direct customers. Shelf stock adjustments are based upon the amount of product our customers have in their inventory at the time of an agreed-upon price reduction. The provision for shelf stock

adjustments is based upon specific terms with the Company s direct customers and includes estimates of existing customer inventory levels based upon their historical purchasing patterns. We regularly monitor all price changes to evaluate the Company s reserve balances. The adequacy of these reserves is readily determinable as pricing adjustments and shelf stock adjustments are negotiated and settled on a customer-by-customer basis.

Promotional allowances are credits that are issued in connection with a product launch or as an incentive for customers to carry our product. The Company establishes a reserve for promotional allowances based upon contractual terms.

Billback adjustments are credits that are issued to certain customers who purchase directly from us as well as indirectly through a wholesaler. These credits are issued in the event there is a difference between the customer s direct and indirect contract price. The provision for billbacks is estimated based upon historical purchasing patterns of qualified customers who purchase product directly from us and supplement their purchases indirectly through our wholesale customers.

Table of Contents

Loyalty cards allow the end user patients a discount per prescription and is accrued based on historical experience, contract terms and the volume of product and cards in the distribution channel.

Net revenues and accounts receivable balances in the Company s consolidated financial statements are presented net of SRA estimates. SRA balances in accounts receivable were $1,358.7 million and $1,254.8 million at June 30, 2014 and December 31, 2013, respectively. SRA balances in accounts payable and accrued expenses were $668.3 million and $719.0 million at June 30, 2014 and December 31, 2013, respectively. The provisions recorded to reduce gross product sales to net product sales were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Gross product sales	$ 4,505.7	$ 3,355.7	$ 8,834.7	$ 6,562.1
Provisions to reduce gross product sales to net product sales	1,879.7	1,427.5	3,611.8	2,762.6
Net product sales	$ 2,626.0	$ 1,928.2	$ 5,222.9	$ 3,799.5
Percentage of provisions to gross sales	*41.7%*	*42.5%*	*40.9%*	*42.1%*

The decrease in the SRA deductions as a percentage of gross product sales primarily relates to the increase in branded sales versus the prior year periods, which generally have lower rebate percentages, offset, in part, by a shift in U.S. generics sales whereby a higher portion of sales are going through the wholesale channel, which has the impact of raising the rebate percentages. During the six months ended June 30, 2014, the Company lowered SRA balances relating to the valuation of assets and liabilities as part of the Warner Chilcott Acquisition measurement period adjustment by $56.6 million, with an offset to goodwill ($36.8 million) and deferred tax liabilities ($19.8 million).

Goodwill and Intangible Assets with Indefinite-Lives

We test goodwill and intangible assets with indefinite-lives for impairment annually at the end of the second quarter by comparing the fair value of each of our reporting units as determined by a five year cash-flow forecast with a terminal value, to the respective carrying value of the reporting units. Additionally, we may perform tests between annual tests if an event occurs or circumstances change that could potentially reduce the fair value of a reporting unit below its carrying amount. The carrying value of each reporting unit is determined by assigning the assets and liabilities, including the existing goodwill and intangible assets, to those reporting units. During the second quarter of 2014, we performed our annual impairment assessment of goodwill, IPR&D intangible assets and trade name intangibles assets with indefinite-lives. The Company utilized discount rates for its reporting units ranging from 7.5% to 9.5% and long-term growth rates ranging from 2.0% to 4.5% in its estimation of fair value. The factors used in evaluating goodwill for impairment are subject to change and are tracked against historical results by management. Changes in the key assumptions by management can change the results of testing. The Company determined there was no impairment associated with goodwill or trade name intangible assets. During the second quarter of 2014, the Company recorded a $16.3 million impairment related to IPR&D for select projects as the Company decided to no longer invest in these IPR&D projects.

Goodwill is considered impaired if the carrying amount of the net assets exceeds the fair value of the reporting unit. Impairment, if any, would be recorded in operating income and this could result in a material reduction in net income / (loss) and earnings per share. During the 2013 integration of the Actavis Group with the Watson business, the

Company reorganized its organizational structure and management performance reporting, which was then further reorganized in January of 2014. In 2013, the reporting units within our Actavis Pharma operating segment were organized as follows: Americas (The United States of America (U.S.), Canada, Latin America), Europe (Europe, Russia, Commonwealth of Independent States (CIS), and Turkey), and MEAAP (Middle East, Africa, Australia, and Asia Pacific). These reporting units combined the Watson and Actavis Group businesses. The combination of the Watson and the Actavis Group business and net assets in the European reporting unit, combined with other market factors, led to the impairment of the goodwill associated with this reporting unit in the second quarter of 2013.

During the second quarter of 2013, concurrent with the availability of discrete financial information for the then new reporting units, we completed an extensive review of our operating businesses, including exploring options for addressing overall profitability of seven Western European commercial operations consisting of, among other things, restructuring their operations, refocusing their activities on specific sub-markets, as well as potential divestitures of such businesses to other third parties. The potential impact of these conditions were considered in our projections when determining the indicated fair value of our reporting units for the impairment tests that were performed during the second quarter of 2013. Upon completion of step one of the impairment analysis for each of our reporting units, it was concluded the fair value of the Actavis Pharma Europe reporting unit was below its carrying value including goodwill. This was primarily related to the integration of our Arrow Group (acquired on December 2, 2009, in

exchange for cash consideration of $1.05 billion, approximately 16.9 million shares of the Company s Restricted Ordinary Shares and 200,000 shares of the Company s Mandatorily Redeemable Preferred Stock and certain contingent consideration (the Arrow Group Acquisition)) with the Actavis Group in Europe. The fair value of our reporting units was estimated based on a discounted cash flow model using management s business plans and projections as the basis for expected future cash flows for approximately five years and residual growth rates ranging from 2% to 4% thereafter. Management believes that the assumptions it used for the impairment tests performed were consistent with those that would be utilized by a market participant in performing similar valuations of our reporting units. A separate discount rate was utilized for each reporting unit that was derived from published sources and, on a weighted average basis, a discount rate of 8% was utilized using our weighted average cost of capital, which considered the overall inherent risk of the reporting unit and the rate of return a market participant would expect. As a result of completing step two of our impairment analysis, we recorded an impairment of the Actavis Pharma Europe reporting unit of $647.5 million, representing primarily all the goodwill allocated to this reporting unit, in the three and six months ended June 30, 2013.

Litigation and Contingencies

The Company is involved in various legal proceedings in the normal course of its business, including product liability litigation, intellectual property litigation, employment litigation and other litigation. Additionally, the Company, in consultation with its counsel, assesses the need to record a liability for contingencies on a case-by-case basis in accordance with ASC Topic 450 Contingencies (ASC 450). Accruals are recorded when the Company determines that a loss related to a matter is both probable and reasonably estimable. These accruals are adjusted periodically as assessment efforts progress or as additional information becomes available. Acquired contingencies in business combinations are recorded at fair value to the extent determinable, otherwise in accordance ASC 450. Refer to NOTE 17 Commitments and Contingencies for more information.

R&D Activities

R&D activities are expensed as incurred and consist of self-funded R&D costs, the costs associated with work performed under collaborative R&D agreements, regulatory fees, and milestone payments, if any. R&D expenses include direct and allocated expenses. On December 19, 2011, the Company entered into a collaboration agreement with Amgen, Inc. (Amgen) to develop and commercialize, on a worldwide basis, several oncology antibody biosimilar medicines. Amgen has assumed primary responsibility for developing, manufacturing and initially commercializing the oncology antibody products. As of June 30, 2014, the Company s maximum potential remaining co-development obligation under this agreement was $282.2 million.

Earnings Per Share (EPS)

The Company accounts for EPS in accordance with ASC Topic 260, Earnings Per Share (ASC 260) and related guidance, which requires two calculations of EPS to be disclosed: basic and diluted. Basic EPS is computed by dividing net income / (loss) by the weighted average ordinary shares outstanding during a period. Diluted EPS is based on the treasury stock method and includes the effect from potential issuance of ordinary shares, such as shares issuable pursuant to the exercise of stock options and restricted stock units. Ordinary share equivalents have been excluded where their inclusion would be anti-dilutive.

Table of Contents

A reconciliation of the numerators and denominators of basic and diluted EPS consisted of the following (in millions, except per share amounts):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
EPS basic				
Net income / (loss) attributable to ordinary shareholders	$ 48.7	$ (564.8)	$ 145.2	$ (667.6)
Basic weighted average ordinary shares outstanding	174.2	132.2	174.0	131.2
EPS basic	$ 0.28	$ (4.27)	$ 0.83	$ (5.09)
EPS diluted				
Net income / (loss) attributable to ordinary shareholders	$ 48.7	$ (564.8)	$ 145.2	$ (667.6)
Basic weighted average ordinary shares outstanding	174.2	132.2	174.0	131.2
Effect of dilutive securities:				
Dilutive stock awards	0.8		1.0	
Diluted weighted average ordinary shares outstanding	175.0	132.2	175.0	131.2
EPS diluted	$ 0.28	$ (4.27)	$ 0.83	$ (5.09)

Stock awards to purchase 2.0 million and 2.2 million ordinary shares for the three and six months June 30, 2013, respectively, were outstanding, but not included in the computation of diluted EPS, because the awards were anti-dilutive. There were no anti-dilutive shares for the three and six months ended June 30, 2014.

Restructuring Costs

The Company records liabilities for costs associated with exit or disposal activities in the period in which the liability is incurred. In accordance with existing benefit arrangements, employee severance costs are accrued when the restructuring actions are probable and estimable. Costs for one-time termination benefits in which the employee is required to render service until termination in order to receive the benefits are recognized ratably over the future service period. Refer to NOTE 16 Business Restructuring Charges for more information.

Recent Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers: Topic 606 (ASU 2014-09) and the International Accounting Standards Board (IASB) issued International Financial Reporting Standards (IFRS) 15, Revenue from Contracts with Customers. The issuance of these documents completes the joint effort by the FASB and the IASB to improve financial reporting by creating common revenue recognition guidance for U.S. GAAP and IFRS. ASU 2014-09 affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the

scope of other standards (e.g., insurance contracts or lease contracts). ASU 2014-09 will supersede the revenue recognition requirements in Topic 605, Revenue Recognition, and most industry-specific guidance. ASU 2014-09 also supersedes some cost guidance included in Subtopic 605-35, Revenue Recognition Construction-Type and Production-Type Contracts. In addition, the existing requirements for the recognition of a gain or loss on the transfer of nonfinancial assets that are not in a contract with a customer (e.g., assets within the scope of Topic 360, Property, Plant, and Equipment, and intangible assets within the scope of Topic 350, Intangibles Goodwill and Other) are amended to be consistent with the guidance on recognition and measurement (including the constraint on revenue) in this ASU.

The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendments in ASU 2014-09 are effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. The Company is evaluating the impact, if any, this pronouncement will have on future financial positions and results of operations.

NOTE 3 Acquisitions and Other Agreements

The following are interim updates to certain acquisition and other agreements described in Note 4 of the notes to the Company s audited consolidated financial statements for the year ended December 31, 2013 included in the Annual Report, which are expected to, or have had, a material impact on the financial results of the Company as of and for the periods ended June 30, 2014 and 2013.

Forest Laboratories

On February 17, 2014, the Company entered into a Merger Agreement (the Forest Merger Agreement) by and among the Company, Tango US Holdings Inc., a Delaware corporation and a direct wholly owned subsidiary of the Company (US Holdco), Tango Merger Sub 1 LLC, a Delaware limited liability company and a direct wholly owned subsidiary of US Holdco (Merger Sub 1), Tango Merger Sub 2 LLC, a Delaware limited liability company and a direct wholly owned subsidiary of US Holdco (Merger Sub 2 and, together with Merger Sub 1, the Merger Subs) and Forest Laboratories, Inc., a Delaware corporation (Forest or Forest Laboratories).

Under the terms of the Forest Merger Agreement, the acquisition of Forest was accomplished through a merger of Merger Sub 1 with and into Forest (Merger 1), with Forest being the surviving entity (the First Surviving Corporation). Immediately following the consummation of Merger 1, the First Surviving Corporation merged with and into Merger Sub 2 (Merger 2 and, together with Merger 1, the Mergers), with Merger Sub 2 being the surviving entity.

At the effective time of Merger 1, each share of Forest s common stock issued and outstanding immediately prior to Merger 1 (other than dissenting shares) was converted into the right to receive, at the election of the holder of such share of Forest common stock, (i) a combination of $26.04 in cash, plus .3306 Company shares (the Mixed Election), (ii) $86.81 in cash (the Cash Election) or (iii) .4723 Company shares (the Stock Election). On July 1, 2014, the transaction closed and Actavis acquired Forest for equity consideration which includes outstanding equity awards (approximately $20.6 billion) and cash consideration (approximately $7.0 billion which was funded in part with cash on hand and financing available on July 1, 2014) of approximately $27.6 billion (the Forest Acquisition). Under the terms of the transaction, Forest shareholders received 89.8 million Actavis plc ordinary shares, 6.0 million Actavis plc non-qualified stock options and 1.1 million of Actavis plc share units. The assets acquired and the results of operations of Forest will be included in Actavis plc s financial statements from the date of acquisition, July 1, 2014.

Forest was a leading, fully integrated, specialty pharmaceutical company largely focused on the United States market. Forest marketed a portfolio of branded drug products and developed new medicines to treat patients suffering from diseases principally in the following therapeutic areas: central nervous system, cardiovascular, gastrointestinal, respiratory, anti-infective, and cystic fibrosis.

As a result of the transaction, the Company incurred transaction and integration costs of $39.8 million, including severance-related charges of $14.8 million, financing-related charges of $5.8 million and other costs associated with the acquisition of $19.2 million in the three months ended June 30, 2014. For the six months ended June 30, 2014, the Company incurred transaction and integration costs of $53.9 million, including severance-related charges of $14.8 million, financing-related charges of $8.7 million and other costs associated with the acquisition of $30.4 million. The Company also incurred $13.5 million and $23.0 million of other expenses relating to the bridge loan commitments as a result of the transaction in the three and six months ended June 30, 2014, respectively.

In order to complete the acquisition, the Company divested two Actavis products to Impax Laboratories, Inc. (Impax); Lamotrigine ODT and Ursodiol Tablets for cash consideration. In exchange for the products, the Company received

$8.0 million on July 1, 2014. In addition, the Company and Impax entered into a supply agreement whereby the Company will supply product to Impax. Revenues recognized from the divested products were deminimis in the three and six months ended June 30, 2014 and 2013. In addition, on July 1, 2014, the Company divested two acquired Forest products for a combined consideration of $13.5 million. The product revenues were not included in the results of operations of Actavis plc.

May 2014 Acquisition

On May 20, 2014, the Company entered into an agreement to license the product rights for an injectable (the May 2014 Acquisition) in certain European territories for an upfront and milestone payments of 5.7 million, or approximately $7.8 million. Under acquisition accounting, the full consideration includes the fair value contingent consideration of 12.5 million, or approximately $17.1 million, for a total consideration equal to approximately 18.2 million, or approximately $24.9 million. The Company is accounting for the acquisition as a business combination requiring that the assets acquired and liabilities assumed be recognized at their fair values as of the acquisition date. As a result of this transaction, the Company recognized intangible assets of 18.2 million, or $24.9 million, in the six months ended June 30, 2014. The Company also entered into a supply agreement, under which it will receive product for a period of five years from the launch of the product with potential renewals thereafter. Pro forma results of operations have not been presented because the effect was not material.

Akorn

On April 17, 2014, the Company entered into agreements with Akorn, Inc. (Akorn) and Hi-Tech Pharmacal Co. Inc. to purchase four currently marketed products and one product under development for cash consideration of $16.8 million (the Akorn Acquisition). The agreements include three products marketed under Abbreviated New Drug Applications (ANDA): Ciprofloxacin Hydrochloride Ophthalmic Solution, Levofloxacin Ophthalmic Solution and Lidocaine Hydrochloride Jelly, and one product marketed under a New Drug Application (NDA): Lidocaine/Prilocaine Topical Cream. The Company treated the purchase of the specific products as an acquisition of a business requiring that the assets acquired and liabilities assumed in the business combination be recognized at their fair values as of the acquisition date. Included in the purchase price allocation was the fair value of inventory that the Company purchased of $0.7 million and $16.1 million for intangible assets. The Company also entered into a supply agreement with Akorn, under which Akorn will supply product for a period of either of two years or until an alternative supplier is found. Pro forma results of operations have not been presented because the effect was not material.

Silom Medical Company

On April 1, 2014, the Company acquired Silom Medical Company (Silom), a privately held generic pharmaceutical company focused on developing and marketing therapies in Thailand, for consideration of approximately $103.0 million in cash (the Silom Acquisition). The Silom Acquisition immediately elevated the Company into a top-five position in the Thai generic pharmaceutical market, with leading positions in the ophthalmic and respiratory therapeutic categories and a strong cardiovascular franchise.

The Silom Acquisition has been accounted for using the acquisition method of accounting. This method requires that assets acquired and liabilities assumed in a business combination be recognized at their fair values as of the acquisition date as follows:

Cash and cash equivalents	$ 3.0
Inventories, net	4.0
Property, plant and equipment, net	16.0
Product rights and other intangibles	64.0
Goodwill	20.0
Other assets and liabilities	(4.0)
Net assets acquired	**$ 103.0**

Pro forma results of operations have not been presented because the effect of the Silom Acquisition was not material.

Metronidazole 1.3% Vaginal Gel

On May 1, 2013, we entered into an agreement to acquire the worldwide rights to Valeant Pharmaceuticals International, Inc. s (Valeant) metronidazole 1.3% vaginal gel antibiotic development product, a topical antibiotic for the treatment of bacterial vaginosis, which is being accounted for as a business combination. Under the terms of the agreement, we acquired the product upon U.S. Food and Drug Administration (FDA) approval on March 25, 2014 for

acquisition accounting consideration of approximately $62.3 million, which included the fair value contingent consideration of $50.3 million and upfront and milestone payments of $12.0 million, of which $9.0 million was incurred in the six months ended June 30, 2014. As a result of this transaction, the Company recognized intangible assets and goodwill of $61.8 million and $0.5 million, respectively in the six months ended June 30, 2014.

Acquisition of Warner Chilcott

On October 1, 2013, the Company completed the Warner Chilcott Acquisition in a stock for stock transaction for a value, including the assumption of debt, of $9.2 billion. Warner Chilcott was a leading specialty pharmaceutical company focused on the women s healthcare, gastroenterology, urology and dermatology segments of the branded pharmaceuticals market, primarily in North America.

Recognition and Measurement of Assets Acquired and Liabilities Assumed at Fair Value

The Warner Chilcott Acquisition has been accounted for using the acquisition method of accounting. This method requires that assets acquired and liabilities assumed in a business combination be recognized at their fair values as of the acquisition date. During the six months ended June 30, 2014, the Company received updated information regarding estimated rebates and returns recorded as of the acquisition date. While finalizing acquisition accounting, the Company recorded a measurement period adjustment relating to SRAs which impacted current liabilities, goodwill and deferred taxes by $56.6 million, $36.8 million and $19.8 million, respectively, in the six months ended June 30, 2014.

The following table summarizes the fair values of the assets acquired and liabilities assumed at the acquisition date:

(in millions)	**Amount**
Cash and cash equivalents	$ 179.5
Accounts receivable	306.1
Inventories	532.5
Other current assets	83.4
Property, plant and equipment	220.0
Other long-term assets	1.2
IPR&D intangible assets	1,708.0
Intangible assets	3,021.0
Goodwill	3,956.1
Current liabilities	(613.5)
Deferred tax liabilities, net	(60.4)
Other long-term liabilities	(99.6)
Outstanding indebtedness	(3,400.4)
Net assets acquired	$ 5,833.9

Consideration

The total consideration for the Warner Chilcott Acquisition of $5,833.9 million is comprised of the equity value of shares that were outstanding and vested prior to October 1, 2013 ($5,761.3 million) and the portion of outstanding equity awards deemed to have been earned as of October 1, 2013 ($72.6 million). The portion deemed not to have been earned ($77.4 million) as of October 1, 2013 will be expensed over the remaining future vesting period, including $5.0 million and $45.4 million relating to Warner Chilcott restructuring charges recognized in the six months ended June 30, 2014 and the year ended December 31, 2013, respectively.

Inventories

The fair value of inventories acquired included a step-up in the value of inventories of $408.3 million. In the three and six months ended June 30, 2014 and the year ended December 31, 2013, the Company recognized $84.9 million, $209.5 million and $173.5 million, respectively, as a component of cost of sales as the inventory acquired on October 1, 2013 was sold to the Company s customers. Included in finished goods inventory as of June 30, 2014 was $25.3 million relating to the remaining fair value step-up associated with the Warner Chilcott Acquisition.

Unaudited Pro Forma Results of Operations

The following table presents the unaudited pro forma consolidated operating results for the Company, as though the Warner Chilcott Acquisition had occurred as of the beginning of the prior annual reporting period. The unaudited pro forma results reflect certain adjustments related to past operating performance, the impact of the debt assumed, acquisition costs and acquisition accounting adjustments, such as increased depreciation and amortization expense based on the fair valuation of assets acquired and the related tax effects. The pro forma results do not include any anticipated synergies which may be achievable subsequent to the acquisition date. Accordingly, such pro forma amounts are not necessarily indicative of the results that actually would have occurred had the acquisition been completed on the dates indicated, nor are they indicative of the future operating results of the combined company:

(in millions; except per share amounts)	Three Months Ended June 30, 2013	Six Months Ended June 30, 2013
Net revenues	$ 2,600.5	$ 5,082.3
Net (loss) attributable to ordinary shareholders	$ (683.6)	$ (806.7)
(Loss) per share:		
Basic	$ (3.96)	$ (4.70)
Diluted	$ (3.96)	$ (4.70)

Acquisition-Related Expenses

Included in general and administrative expenses for the three and six months ended June 30, 2014 are integration and restructuring charges of $7.2 million and $19.6 million, respectively, including stock-based compensation of $5.0 million incurred in connection with the Warner Chilcott Acquisition during the six months ended June 30, 2014.

Acquisition of Uteron Pharma, SA

On January 23, 2013, the Company completed the acquisition of Uteron Pharma, SA for approximately $142.0 million in cash, plus the assumption of debt and other liabilities of $7.7 million and up to $155.0 million in potential future milestone payments, of which $43.4 million was recognized on the date of acquisition (the Uteron Acquisition). The acquisition expanded the Company s specialty brands pipeline of Women s Health products including two potential near term commercial opportunities in contraception and infertility, and one oral contraceptive project. Several additional products in earlier stages of development were also acquired in the Uteron Acquisition.

Contingent Consideration and IPR&D

Additional consideration is conditionally due to the seller upon the achievement of certain milestones in respect to the development and commercialization of the products as well as reaching certain sales targets. The Company estimated the fair value of the contingent consideration to be $43.4 million using a probability weighting approach that considered the possible outcomes based on assumptions related to the timing and probability of the product launch date, discount rates matched to the timing of first payment, and probability of success rates and discount adjustments on the related cash flows.

At March 31, 2014, the fair value of the contingent consideration was $38.2 million, of which $22.8 million related specifically to IPR&D related to a project named Estelle and $1.5 million related to IPR&D for Colvir. Estelle is a novel natural estrogen-based 28 day cycle oral contraceptive for the prevention of pregnancy. At June 30, 2014, after an identified triggering event, the acquired IPR&D intangible asset of $13.1 million was deemed to be fully impaired. Consequently, the $22.8 million contingent liability related to Estelle was written off, resulting in a net gain of $9.7 million. Colvir is a treatment of premalignant Human Papilloma Virus (HPV) lesions of the uterine. At June 30, 2014, after an identified triggering event, the acquired IPR&D intangible asset of $2.0 million was deemed to be fully impaired. Consequently the $1.5 million contingent liability was also written off, resulting in a net loss of $0.5 million.

Unaudited Pro Forma Results of Operations

Pro forma results of operations have not been presented because the effect of the Uteron Acquisition was not material.

Acquisition of Actavis Group

On October 31, 2012, we completed the Actavis Group Acquisition. Actavis Group was a privately held generic pharmaceutical company specializing in the development, manufacture and sale of generic pharmaceuticals.

The Company funded the cash portion of the transaction through a combination of term loan borrowings and senior unsecured notes. For additional information, refer to Note 10 Long-Term Debt.

Inventories

The fair value of inventories acquired included a step-up in the value of inventories of approximately $137.3 million. In the six months ended June 30, 2013, the Company recognized the remaining $93.5 million as a component of cost of sales as the inventory acquired was sold to the Company s customers.

Table of Contents

Contingent Consideration

At December 31, 2012, the Company estimated the Actavis Group earn-out to be 3.85 million shares, or $329.2 million, which was recognized on the date of acquisition. On March 28, 2013, based on further evaluation, the decision was made to award the remaining 1.65 million contingent shares. Accordingly, during the six months ended June 30, 2013, the Company recorded an expense of $150.3 million for contingent consideration as a result of the decision to award all remaining contingent shares.

Other Transactions

The following transactions are expected to, or have had, a material impact on the financial results of the Company as of and for the periods ended June 30, 2014 and 2013.

Lincolnton Manufacturing Facility

During the six months ended June 30, 2014, the Company sold assets in our Lincolnton manufacturing facility. As of March 31, 2014, these assets were held for sale resulting in an impairment charge of $5.7 million in the three months ended March 31, 2014. During the three months ended June 30, 2014, the Company sold the manufacturing facility to G&W NC Laboratories, LLC (G&W) for $21.5 million. In addition, the Company and G&W entered into a supply agreement, whereby G&W will supply the Company product during a specified transition period. The Company allocated the fair value of the consideration to the business sold of $25.8 million and the supply agreement, which resulted in a prepaid asset to be amortized into cost of sales over the transition period of $4.3 million. As a result of the final sales terms, the Company recorded a gain on business sold of $6.6 million and $0.9 million during the three and six months ended June 30, 2014, respectively.

Corona Facility

During the quarter ended June 30, 2014, the Company held for sale assets in our Corona, California manufacturing facility. As a result, the Company recognized an impairment charge of $18.6 million in the quarter ended June 30, 2014, including a write-off of property, plant and equipment, net, due to the integration of Warner Chilcott of $5.8 million.

Valeant

During the second quarter of 2014, the Company and Valeant terminated our existing co-promotion agreements relating to Zovirax and Cordan® Tape. Prior to this termination, we co-promoted Zovirax® cream (acyclovir 5%) to obstetricians and gynecologists in the U.S. and Valeant co-promoted Actavis Pharma s Cordran® Tape (flurandrenolide) product in the U.S. Under terms of the agreement related to the co-promotion of Zovirax® cream, we utilized our existing Actavis Pharma sales and marketing structure to promote the product and received a co-promotion fee from sales generated by prescriptions written by our defined targeted physician group. The fees we earned under the Zovirax cream co-promotion arrangement were recognized in other revenues in the period in which the revenues were earned. Under the terms of the Cordran® Tape co-promotion agreement, Valeant utilized its existing Dermatology sales and marketing structure to promote the product, and received a co-promotion fee on sales. The fees we paid under the Cordran Tape arrangement were recognized in the period incurred as an operating expense.

Columbia Laboratories Inc.

During the six months ended June 30, 2014, the Company sold its minority interest in Columbia Laboratories Inc. for $8.5 million. As a result, the Company recorded a gain on the sale of the investment of $4.3 million in the six months ended June 30, 2014. Our former investment in Columbia Laboratories, Inc. was accounted for as an equity method investment.

Actavis (Foshan) Pharmaceuticals Co., Ltd. Assets Held for Sale

During the year ended December 31, 2013, the Company held its Chinese subsidiary, Actavis (Foshan) Pharmaceuticals Co., Ltd. (Foshan), for sale, which resulted in an impairment charge of $8.4 million in the fourth quarter of 2013. On January 24, 2014, the Company completed an agreement with Zhejiang Chiral Medicine Chemicals Co., Ltd to acquire its interest in Foshan (the Foshan Sale). The Company intends to continue further commercial operations in China in collaboration with our preferred business partners.

Western European Assets Held for Sale

During the year ended December 31, 2013, the Company held for sale our commercial infrastructure in France, Italy, Spain, Portugal, Belgium, Germany and the Netherlands, including products, marketing authorizations and dossier license rights. The

Company believes that the divestiture allows the Company to focus on faster growth markets including Central and Eastern Europe, and other emerging markets which we believe will enhance our long-term strategic objectives. On January 17, 2014, we announced our intention to enter into an agreement with Aurobindo Pharma Limited (Aurobindo) to sell these businesses. On April 1, 2014, the Company completed the sale of the assets in Western Europe.

In connection with the sale of our Western European assets, the Company entered into a supply agreement whereby the Company will supply product to Aurobindo over a period of five years. In the second quarter of 2014, the Company allocated the fair value of the consideration for the sale of the Western European assets of $65.0 million to each element of the agreement, including the supply of product.

As a result of the transactions, the Company recognized income / (loss) on the net assets held for sale of $3.4 million and $(34.3) million in the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. In addition, the Company recognized a loss on the disposal of the assets in the three and six months ended June 30, 2014 of $20.9 million and deferred revenue of $10.1 million to be recognized over the course of the supply agreement.

The following represents the global net assets held for sale ($ in millions):

	June 30, 2014	December 31, 2013
Cash and cash equivalents	$	$ 37.0

Amendment to Sanofi Collaboration Agreement

On October 28, 2013, Warner Chilcott Company, LLC (WCCL), one of our indirect wholly-owned subsidiaries, and Sanofi-Aventis U.S. LLC (Sanofi) entered into an amendment (the Sanofi Amendment) to the global collaboration agreement as amended (the Collaboration Agreement) to which WCCL and Sanofi are parties. WCCL and Sanofi co-develop and market Actonel® and Atelvia® (risedronate sodium) on a global basis, excluding Japan.

Pursuant to the Sanofi Amendment, the parties amended the Collaboration Agreement with respect to Actonel® and Atelvia® in the U.S. and Puerto Rico (the Exclusive Territory) to provide that, in exchange for the payment of a lump sum of $125.0 million by WCCL to Sanofi in the year ended December 31, 2013, WCCL s obligations with respect to the global reimbursement payment, which represented a percentage of Actavis net sales as defined, as it relates to the Exclusive Territory for the year ended December 31, 2014, shall be satisfied in full. The Sanofi Amendment did not and does not apply to or affect the parties respective rights and obligations under the Collaboration Agreement with

respect to (i) the year ended December 31, 2013 or (ii) territories outside the Exclusive Territory. The $125.0 million was recorded as an intangible asset during the year ended December 31, 2013, which will be amortized over the course of the year ending December 31, 2014 using the economic benefit model.

Endo Pharmaceuticals Inc.

The Company entered into an agreement with Endo Pharmaceuticals Inc. (Endo) and Teikoku Seiyaku Co., Ltd to settle all outstanding patent litigation related to the Company s generic version of Lidoderm®. Per the terms of the agreement, on September 15, 2013, the Company launched its generic version of Lidoderm® (lidocaine topical patch 5%) to customers in the U.S. more than two years before the product s patents expire. Lidoderm® is a local anesthetic indicated to relieve post-shingles pain. Additionally, under the terms of the agreement, the Company received and distributed branded Lidoderm® prior to the launch of the generic version of Lidoderm®.

NOTE 4 Share-Based Compensation

The Company recognizes compensation expense for all share-based compensation awards made to employees and directors based on the grant date fair value of the awards. A summary of the Company s share-based compensation plans is presented below.

Equity Award Plans

The Company has adopted several equity award plans, all of which have been approved by the Company s shareholders, which authorize the granting of options, restricted shares, restricted stock units and other forms of equity awards of the Company s ordinary shares, subject to certain conditions.

The Compensation Committee of the Company s Board of Directors (the Board) authorized and issued restricted stock and restricted stock units and non-qualified options to the Company s employees, including its executive officers and certain non-employee directors (the Participants) under the Company s equity compensation plans. Option award plans require options to be granted at the fair value of the shares underlying the options at the date of the grant and generally become exercisable over periods ranging from three to five years. Each option granted expires ten years from the date of grant. During the year ended December 31, 2013, the Company issued 225,000 stock options with an aggregate fair value of $4.9 million. The grant date fair value of options was based on a Black-Scholes grant date fair value of $21.63 per option. Restricted stock awards are grants that entitle the holder to ordinary shares, subject to

Table of Contents

certain terms. Restricted stock unit awards are grants that entitle the holder the right to receive an ordinary share, subject to certain terms. Restricted stock and restricted stock unit awards (both time-based vesting and performance-based vesting) generally have restrictions eliminated over a one to four year vesting period. Restrictions generally lapse for non-employee directors after one year. Certain restricted stock units are performance-based awards issued at a target number with the actual number of restricted shares issued ranging based on achievement of the performance criteria.

Fair Value Assumptions

The Company has granted equity-based incentives to its employees comprised of non-qualified options, restricted stock and restricted stock units. All restricted stock and restricted stock units (whether time-based vesting or performance-based vesting), are granted and expensed, using the closing market price per share on the applicable grant date, over the applicable vesting period. Non-qualified options to purchase ordinary shares are granted to employees at exercise prices per share equal to the closing market price per share on the date of grant. The fair value of non-qualified options is determined on the applicable grant dates using the Black-Scholes method of valuation and that amount is recognized as an expense over the four year vesting period.

Share-Based Compensation Expense

Share-based compensation expense recognized in the Company s results of operations for the three months ended June 30, 2014 and 2013 was $14.5 million and $13.8 million (including a de minimis amount of non-equity settled awards), respectively. Share-based compensation expense recognized in the Company s results of operations for the six months ended June 30, 2014 and 2013 was $31.2 million and $26.3 million (including a de minimis amount of non-equity settled awards), respectively. Unrecognized future stock-based compensation expense was $93.0 million as of June 30, 2014. This amount will be recognized as an expense over a remaining weighted average period of 3.3 years. Stock-based compensation is being amortized and charged to operations over the same period as the restrictions are eliminated for the participants, which is generally on a straight-line basis. As a result of completion of the Forest Merger, the Company will also have unrecognized future stock-based compensation expense resulting from the acquisition accounting treatment of the outstanding Forest equity awards on July 1, 2014.

NOTE 5 Reportable Segments

In the first quarter of 2014, the Company realigned its global strategic business structure. Prior to the realignment, the Company operated and managed its business as three distinct operating segments: Actavis Pharma, Actavis Specialty Brands and Anda Distribution.

Under the new organizational structure in place for the six months ended June 30, 2014, generics, specialty brands and third-party commercial operations have been consolidated into a single new division. As a result of the realignment, the Company organized its business into two operating segments: Actavis Pharma and Anda Distribution. The Actavis Pharma segment includes patent-protected products and certain trademarked off-patent products that the Company sells and markets as brand pharmaceutical products and off-patent pharmaceutical products that are therapeutically equivalent to proprietary products. The Anda Distribution segment distributes generic and brand pharmaceutical products manufactured by third parties, as well as by the Company, primarily to independent pharmacies, pharmacy chains, pharmacy buying groups and physicians offices. The Anda Distribution segment operating results exclude sales of products developed, acquired, or licensed by the Actavis Pharma segment.

During the quarter ending September 30, 2014, as a result of the Forest Acquisition, the Company realigned its organizational structure. Beginning with the quarter ending September 30, 2014, the Company will be operated and managed as three distinct operating segments: North American Brands, North American Generics and International and Anda Distribution.

The Company evaluates segment performance based on segment contribution. Segment contribution for Actavis Pharma and Anda Distribution represents segment net revenues less cost of sales (excluding amortization and impairment of acquired intangibles including product rights), selling and marketing expenses and general and administrative expenses. The Company does not report total assets, capital expenditures, R&D, amortization, goodwill impairments and asset sales, impairments and contingent consideration adjustment, net by segment as not all such

information has been accounted for at the segment level, nor has such information been used by all segments. R&D related to our Actavis Pharma segment was $158.0 million and $329.5 million in the three and six months ended June 30, 2014, respectively. Within R&D, $124.3 million and $238.2 million was generic development, $9.4 million and $42.6 million was invested in brand development and $24.3 million and $48.7 million was invested in biosimilar development during the three and six months ended June 30, 2014, respectively.

Credit Facility Indebtedness

2013 Term Loan

WC Term Loan Agreement

On October 1, 2013 (the Closing Date), Warner Chilcott Corporation (WC Corporation), WC Luxco S.à r.l. (WC Luxco), WCCL (WC Company and, together with WC Corporation and WC Luxco, the WC Borrowers), as borrowers, and Warner Chilcott Finance LLC, as a subsidiary guarantor, became parties to the Warner Chilcott Term Loan Credit and Guaranty Agreement (the WC Term Loan Agreement), dated as of August 1, 2013, by and among the Company, as parent guarantor, Bank of America (BofA), as administrative agent thereunder and a syndicate of banks participating as lenders. Pursuant to the WC Term Loan Agreement, on the Closing Date, the lenders party thereto provided term loans to the WC Borrowers in a total aggregate principal amount of $2.0 billion, comprised of (i) a $1.0 billion tranche that will mature on October 1, 2016 (the Three Year Tranche) and (ii) a $1.0 billion tranche that will mature on October 1, 2018 (the Five Year Tranche). The proceeds of borrowings under the WC Term Loan Agreement, together with $41.0 million of cash on hand, were used to finance, the repayment in full of all amounts outstanding under Warner Chilcott s then-existing Credit Agreement, dated as of March 17, 2011, as amended by Amendment No. 1 on August 20, 2012, among the WC Borrowers, BofA, as administrative agent and a syndicate of banks participating as lenders.

Borrowings under the WC Term Loan Agreement bear interest at the applicable WC Borrower s choice of a per annum rate equal to either (a) a base rate plus an applicable margin per annum varying from (x) 0.00% per annum to 0.75% per annum under the Three Year Tranche and (y) 0.125% per annum to 0.875% per annum under the Five Year Tranche, depending on the publicly announced debt ratings for non-credit-enhanced, senior unsecured long-term indebtedness of the parent (such applicable debt rating the Debt Rating) or (b) a Eurodollar rate, plus an applicable margin varying from (x) 1.00% per annum to 1.75% per annum under the Three Year Tranche and (y) 1.125% per annum to 1.875% per annum under the Five Year Tranche, depending on the Debt Rating.

The outstanding principal amount of loans under the Three Year Tranche is not subject to quarterly amortization and shall be payable in full on the three year anniversary of the Closing Date. The outstanding principal amount of loans under the Five Year Tranche is payable in equal quarterly amounts of 2.50% per quarter prior to the fifth anniversary of the Closing Date, with the remaining balance payable on the fifth year anniversary of the Closing Date.

The Company is subject to, and, at June 30, 2014, was in compliance with, all financial and operational covenants under the terms of the WC Term Loan Agreement. As of June 30, 2014, the outstanding indebtedness under the Three Year Tranche and the Five Year Tranche was $925.0 million and $861.2 million, respectively. The book value of the outstanding indebtedness approximates fair value as the debt is at variable interest rates and re-prices frequently.

On the Closing Date and pursuant to the Term Loan Amendment Agreement (the Term Amendment Agreement), by and among Actavis, Inc., a wholly owned subsidiary of the Company, BofA, as administrative agent thereunder, and the lenders party thereto, dated as of August 1, 2013, the Company, as parent guarantor, Actavis WC Holding S.à r.l. (the ACT Borrower), as borrower, Actavis, Inc., as a subsidiary guarantor, and BofA, as administrative agent, entered into the Amended and Restated Actavis Term Loan Credit and Guaranty Agreement (the Existing ACT Term Loan Agreement), dated as of October 1, 2013. The Existing ACT Term Loan Agreement amended and restated Actavis, Inc. s $1,800.0 million senior unsecured term loan credit facility, dated as of June 22, 2012. At closing, an aggregate principal amount of $1,572.5 million was outstanding under the Existing ACT Term Loan Agreement.

On March 31, 2014, Actavis plc, Actavis Capital, Actavis, Inc., BofA, as Administrative Agent, and a syndicate of banks participating as lenders entered into an amendment agreement (the ACT Term Loan Amendment) to amend and restate Actavis Capital s Existing ACT Term Loan Agreement. The Existing ACT Term Loan Agreement together with the ACT Term Loan Amendment is referred to herein as the ACT Term Loan Agreement. The ACT Term Loan Agreement became effective in accordance with its terms on March 31, 2014.

The Amended and Restated Term Loan provides that loans thereunder will bear interest, at the Company s choice, of a per annum rate equal to either (a) a base rate, plus an applicable margin per annum varying from 0.00% per annum to 1.00% per annum depending on the Debt Rating or (b) a Eurodollar rate, plus an applicable margin varying from 1.00% per annum to 2.00% per annum depending on the Debt Rating.

Table of Contents

The Amended and Restated Term Loan matures on October 31, 2017. The outstanding principal amount is payable in equal quarterly installments of 2.50% per quarter, with the remaining balance payable on the maturity date.

The Company is subject to, and at June 30, 2014 was in compliance with, all financial and operational covenants under the terms of the ACT Term Loan Agreement. The outstanding balance of the Term Loan at June 30, 2014 was $1,237.2 million. The book value of the outstanding indebtedness approximates fair value as the debt is at variable interest rates and re-prices frequently.

Revolving Credit Facility

On the Closing Date and pursuant to the Revolver Loan Amendment Agreement (the Revolver Amendment Agreement and, together with the Term Amendment Agreement, the Amendment Agreements), by and among Actavis, Inc., as subsidiary guarantor, BofA, as administrative agent thereunder, and the lenders party thereto, dated as of August 1, 2013, the Company, as parent guarantor, the ACT Borrower, as borrower, Actavis, Inc., as a subsidiary guarantor, and BofA, as administrative agent, entered into that certain Amended and Restated Actavis Revolving Credit and Guaranty Agreement (the ACT Revolving Credit Agreement and, together with the ACT Term Loan Agreement, the Amended and Restated Credit Agreements), dated as of October 1, 2013. The ACT Revolving Credit Agreement amended and restated Actavis, Inc. s $750.0 million senior unsecured revolving credit facility dated as of September 16, 2011, as amended by that certain Amendment No. 1 to the credit agreement and joinder agreement, dated as of May 21, 2012. At closing, $9.4 million of letters of credit were outstanding under the ACT Revolving Credit Agreement. At closing, no loans were outstanding under the ACT Revolving Credit Agreement.

The ACT Revolving Credit Agreement provides that loans thereunder will bear interest, at the Company s choice, of a per annum rate equal to either (a) a base rate, plus an applicable margin per annum varying from 0.00% per annum to 0.75% per annum depending on the Debt Rating or (b) a Eurodollar rate, plus an applicable margin varying from 0.875% per annum to 1.75% per annum depending on the Debt Rating. Additionally, to maintain availability of funds, the Company pays an unused commitment fee, which according to the pricing grid is set at 0.15% of the unused portion of the revolver.

The Company is subject to, and as of June 30, 2014 was in compliance with, all financial and operational covenants under the terms of the Revolving Credit Facility. At June 30, 2014, letters of credit outstanding were $8.8 million. The net availability under the Revolving Credit Facility was $741.2 million.

WC Supplemental Indenture

On October 1, 2013, the Company, WCCL, Warner Chilcott Finance LLC (the Co-Issuer and together with WC Company, the Issuers) and Wells Fargo Bank, National Association, as trustee (the WC Trustee), entered into a third supplemental indenture (the Supplemental Indenture) to the indenture, dated as of August 20, 2010 (the WC Indenture), among the Issuers, the guarantors party thereto and the WC Trustee, with respect to the Issuers 7.75% senior notes due 2018 (the WC Notes). Pursuant to the Supplemental Indenture, the Company has provided a full and unconditional guarantee of the Issuers obligations under the WC Notes and the WC Indenture.

The fair value of the Company s outstanding WC Notes ($1,250.0 million face value), as determined in accordance with ASC 820 under Level 2 based upon quoted prices for similar items in active markets, was $1,314.1 million and $1,357.4 million as of June 30, 2014 and December 31, 2013, respectively.

In June 2014, the Company notified the Issuers that it would irrevocably call the WC Notes in July 2014. On July 21, 2014, the Company redeemed the WC Notes for $1,311.8 million, which includes a make-whole premium of $61.8 million and the principal amount of the WC Notes of $1,250.0 million. As a result of the transaction, the Company recognized a gain in July of 2014 of $29.9 million, which includes the write-off of the unamortized premium.

2012 Notes Issuance

On October 2, 2012, Actavis, Inc. issued the 2017 Notes, the 2022 Notes, and the 2042 Notes (collectively the 2012 Senior Notes). Interest payments are due on the 2012 Senior Notes semi-annually in arrears on April 1 and October 1 beginning April 1, 2013. Net proceeds from the offering of the 2012 Senior Notes were used for the Actavis Group Acquisition. The fair value of the Company s outstanding 2012 Senior Notes ($3,900.0 million face value), as determined in accordance with ASC 820 under Level 2 based upon quoted prices for similar items in active markets, was $3,855.7 million and $3,683.2 million as of June 30, 2014 and December 31, 2013, respectively.

2009 Notes Issuance

On August 24, 2009, Actavis, Inc. issued the 2014 Notes and the 2019 Notes (collectively the 2009 Senior Notes). Interest payments are due on the 2009 Senior Notes semi-annually in arrears on February 15 and August 15, respectively, beginning February 15, 2010. Net proceeds from the offering of 2009 Senior Notes were used to repay certain debt with the remaining net proceeds being used to fund a portion of the cash consideration for the Arrow Group Acquisition. The 2014 Notes, which had an outstanding principal balance of $450.0 million and which were fully and unconditionally guaranteed by us, were redeemed on November 5, 2013 at a redemption price equal to $465.6 million, which resulted in a cash expense of $15.6 million in the fourth quarter of 2013. The fair value of the Company s outstanding 2009 Senior Notes ($400.0 million face value), as determined in accordance with ASC 820 under Level 2 based upon quoted prices for similar items in active markets, was $467.6 million and $460.9 million as of June 30, 2014 and December 31, 2013, respectively.

Litigation-related reserves	6.7	24.3
Other long-term liabilities	50.5	45.1
Total other long-term liabilities	$ 261.1	$ 326.2

NOTE 12 Income Taxes

The Company s effective tax rate for the six months ended June 30, 2014 was 37.7% compared to (13.5)% for the six months ended June 30, 2013. The effective tax rate for the six months ended June 30, 2014 was impacted by income earned in jurisdictions with tax rates higher than the Irish statutory rate, losses in certain jurisdictions for which no tax

benefit is provided, and the amortization of the step-up in inventory tax benefited at a lower rate than the Irish statutory rate. This was partially offset by the amortization of intangibles tax benefited at a higher rate than the Irish statutory rate. Additionally, the tax provision included a benefit of $9.7 million related to certain changes in the Company s uncertain tax positions. The effective tax rate for the six months ended June 30, 2013 was impacted by certain one-time non-deductible pre-tax expenses including a goodwill impairment charge of $647.5 million and a charge for consideration due to the former Actavis stakeholders of $150.3 million. This was partially offset by non-taxable pre-tax income of $15.0 million related to the Arrow Acquisition.

The Company conducts business globally and, as a result, it files U.S. federal, state, and non-U.S. tax returns. The Company strives to resolve open matters with each tax authority at the examination level and could reach agreement with a tax authority at any time. While the Company believes it has appropriately accrued for open tax matters, the final outcome with a tax authority may result in a tax liability that is more or less than that reflected in the consolidated financial statements. Furthermore, the Company may later decide to challenge any assessments, if made, and may exercise its right to appeal. The uncertain tax positions are reviewed quarterly and adjusted as events occur that affect potential liabilities for additional taxes, such as lapsing of applicable statutes of limitations, proposed assessments by tax authorities, negotiations between tax authorities, identification of new issues and issuance of new legislation, regulations, or case law. Management believes that appropriate amounts of tax and related penalty and interest have been provided for any adjustments that may result from these uncertain tax positions.

Table of Contents

With few exceptions, the Company is no longer subject to U.S. federal, state, or non-U.S. income tax examinations for years before 2008. For the Company s 2008-2009 tax years, the Internal Revenue Service (IRS) has agreed on all issues except the timing of the deductibility of certain litigation costs. The IRS has begun the examination of the Company s 2010-2011 tax years in the second quarter of 2013. Additionally, the IRS is examining the 2009-2011 tax returns for Actavis pre-acquisition U.S. business.

During the first quarter of 2014, the Company settled Warner Chilcott s U.S. federal tax audit for the 2008-2009 tax years with the IRS. Further, the IRS has indicated that it will commence an audit of the 2010-2011 tax years before the end of 2014. While it is often difficult to predict the final outcome or the timing of resolution of any particular uncertain tax position, the Company has accrued for amounts it believes are the likely outcomes at this time.

NOTE 13 Shareholders Equity

A summary of the changes in shareholders equity for the six months ended June 30, 2014 consisted of the following (in millions):

Shareholders equity as of December 31, 2013	$ 9,532.1

Shareholders equity as of June 30, 2014	$ 9,679.7

During the six months ended June 30, 2014, the Company approved the cancellation of its then outstanding treasury shares. The Company has approved the cancellation of future shares repurchased and currently does not intend to hold shares repurchased by the Company in treasury shares. The financial statement impact resulting from this transaction was a reclassification from treasury stock to additional paid-in-capital.

Accumulated Other Comprehensive Income / (Loss)

For most of the Company s international operations, the local currency has been determined to be the functional currency. The results of its non-U.S. dollar based operations are translated to U.S. dollars at the average exchange rates during the period. Assets and liabilities are translated at the rate of exchange prevailing on the balance sheet date. Equity is translated at the prevailing rate of exchange at the date of the equity transaction. Translation adjustments are reflected in shareholders equity and are included as a component of other comprehensive income / (loss). The effects of converting non-functional currency assets and liabilities into the functional currency are recorded as general and administrative expenses in the consolidated statements of operations.

NOTE 14 Derivative Instruments and Hedging Activities

The Company s revenue, earnings, cash flows and fair value of its assets and liabilities can be impacted by fluctuations in foreign exchange risks and interest rates, as applicable. The Company manages the impact of foreign exchange risk and interest rate movements through operational means and through the use of various financial instruments, including derivative instruments such as foreign currency contracts.

Foreign Currency Forward Contracts

As a result of the acquisition of the Actavis Group on October 31, 2012, the Company s exposure to foreign exchange fluctuations has increased. The Company has entered into foreign currency forward contracts to mitigate volatility in anticipated foreign currency cash flows resulting from changes in foreign currency exchange rates, primarily associated with non-functional currency denominated revenues and expenses of foreign subsidiaries. The foreign currency forward contracts outstanding at June 30, 2014 have settlement dates within 12 months. The effect of the derivative contracts was a loss of $1.4 million for the three and six months ended June 30, 2014. The effect of the derivative contracts was a gain of $1.0 million and $0.7 million for the three and six months ended June 30, 2013, respectively. The forward contracts are classified in the consolidated balance sheet in prepaid expenses and other assets or accounts payable and accrued expenses, as applicable.

The foreign currency forward contracts to buy Euros and sell Russian Rubles at June 30, 2014 were as follows (in millions):

	Notional Amount	
Foreign Currency	**Buy**	**Sell**
Russian Ruble		21.4
		21.4

NOTE 15 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants. Fair values determined based on Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Fair values determined based on Level 2 inputs utilize observable quoted prices for similar assets and liabilities in active markets and observable quoted prices for identical or similar assets in markets that are not very active. Fair values determined based on Level 3 inputs utilize unobservable inputs and include valuations of assets or liabilities for which there is little, if any, market activity. A financial asset or liability s classification within the above hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Assets and liabilities measured at fair value or disclosed at fair value on a recurring basis as of June 30, 2014 and December 31, 2013 consisted of the following (in millions):

	Fair Value Measurements at June 30, 2014 Using:

	Total	Level 1	Level 2	Level 3
Assets:				
Marketable securities	$ 2.5	$ 2.5	$	$
Total assets	2.5	2.5		
Liabilities:				
Foreign exchange forward contracts	1.4		1.4	
Contingent consideration	249.6			249.6
Total liabilities	$ 251.0	$	$ 1.4	$ 249.6

	Fair Value Measurements at December 31, 2013 Using:			
	Total	Level 1	Level 2	Level 3
Assets:				
Marketable securities	$ 2.5	$ 2.5	$	$
Foreign exchange forward contracts	0.3		0.3	
Total assets	2.8	2.5	0.3	
Liabilities:				
Contingent consideration	214.7	6.9		207.8
Total liabilities	$ 214.7	$ 6.9	$	$ 207.8

Table of Contents

Marketable securities and investments consist of available-for-sale investments in U.S. treasury and agency securities and publicly traded equity securities for which market prices are readily available. Unrealized gains or losses on marketable securities and investments are recorded in accumulated other comprehensive income.

The fair value measurement of the contingent consideration obligations is determined using Level 3 inputs and is based on a probability-weighted income approach. The measurement is based upon unobservable inputs supported by little or no market activity based on our own assumptions. Changes in the fair value of the contingent consideration obligations are recorded in our consolidated statement of operations. For the three months ended June 30, 2014, charges / (income) of $7.2 million and ($28.2) million have been included in cost of sales and R&D, respectively. For the six months ended June 30, 2014, charges/ (income) of $7.5 million and ($35.4) million have been included in cost of sales and R&D, respectively. For the three months ended June 30, 2013, charges of $0.3 million and $0.7 million have been included in cost of sales and R&D, respectively. For the six months ended June 30, 2013, charges of $0.7 million and $0.7 million have been included in cost of sales and R&D, respectively.

The table below provides a summary of the changes in fair value, including net transfers in and/or out, of all financial assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the six months ended June 30, 2014 and 2013 (in millions):

	December 31, 2013	Net transfers in to (out of) Level 3	Purchases and settlements, net	Net accretion and fair value adjustments	Foreign currency translation	June 30, 2014
Liabilities:						
Contingent consideration obligations	$ 207.8	$	$ 70.5	$ (27.9)	$ (0.8)	$ 249.6

During the six months ended June 30, 2014, the Company recorded additional contingent consideration of $50.3 million in connection with the acquisition of metronidazole 1.3% vaginal gel antibiotic from Valeant and $17.1 million plus milestones in connection with the May 2014 Acquisition. The Company recorded fair value adjustments of contingent consideration of $22.8 million related specifically to IPR&D related to a project named Estelle and $1.5 million related to IPR&D for Colvir. Estelle is a novel natural estrogen-based 28 day cycle oral contraceptive for the prevention of pregnancy. At June 30, 2014, the acquired IPR&D intangible asset of $13.1 million was deemed to be fully impaired. Consequently the $22.8 million contingent liability was written off, resulting in a net gain of $9.7 million. Colvir is a treatment of premalignant Human Papilloma Virus (HPV) lesions of the uterine cervix. At June 30, 2014, the acquired IPR&D intangible asset of $2.0 million was deemed to be fully impaired. Consequently the $1.5 million contingent liability was written off, resulting in a net loss of $0.5 million. During the six months ended June 30, 2013, the Company transferred to level 1 the contingent obligation for the Actavis Group earn-out ($335.8

million). The Company recorded additional contingent consideration of $43.4 million and $144.8 million in connection with the Uteron Acquisition and the license agreement entered into with Medicines360, respectively, offset in part, by contingent payments made to the Arrow Group selling shareholders based on the after-tax gross profits on sales of atorvastatin within the U.S.

NOTE 17 Commitments and Contingencies

Legal Matters

Actavis plc and its affiliates are involved in various disputes, governmental and/or regulatory inspections, investigations and proceedings, and litigation matters that arise from time to time in the ordinary course of business. The process of resolving matters through litigation or other means is inherently uncertain and it is possible that an unfavorable resolution of these matters will adversely affect the Company, its results of operations, financial condition

and cash flows. The Company s general practice is to expense legal fees as services are rendered in connection with legal matters, and to accrue for liabilities when losses are probable and reasonably estimable.

We evaluate, on a quarterly basis, developments in legal proceedings and other matters that could cause an increase or decrease in the amount of the liability that is accrued. As of June 30, 2014, our consolidated balance sheet includes accrued loss contingencies of approximately $210.0 million.

Our legal proceedings range from cases brought by a single plaintiff to mass tort actions and class actions with thousands of putative class members. These legal proceedings, as well as other matters, involve various aspects of our business and a variety of claims (including, but not limited to, *qui tam* actions, antitrust, product liability, breach of contract, securities, patent infringement and trade practices), some of which present novel factual allegations and/or unique legal theories. In addition, a number of the matters pending against us are at very early stages of the legal process (which in complex proceedings of the sort faced by us often extend for several years). As a result, some matters have not yet progressed sufficiently through discovery and/or development of important factual information and legal issues to enable us to estimate a range of possible loss. In those proceedings in which plaintiffs do request publicly quantified amounts of relief, we do not believe that the quantified amounts are meaningful because they are merely stated jurisdictional limits, exaggerated and/or unsupported by the evidence or applicable burdens of proof.

Antitrust Litigation

Actos® Litigation. On December 31, 2013 two putative class actions were filed in the federal district court (*United Food and Commercial Workers Local 1776 & Participating Employers Health and Welfare Fund v. Takeda Pharmaceutical Co. Ltc. Et al.,* S.D.N.Y. Civ. No. 13-9244 and *Crosby Tugs LLC v. Takeda Pharmaceuticals Co. Ltd., et al.*, S.D.N.Y. Civ. No. 13-9250) against Actavis plc and certain of its affiliates alleging that Watson Pharmaceuticals, Inc. s (Watson now known as Actavis, Inc.) 2010 patent lawsuit settlement with Takeda Pharmaceutical, Co. Ltd. related to Actos® (pioglitazone hydrochloride and metformin Actos®) is unlawful. Several additional complaints have been filed (*Fraternal Order of Police, Fort Lauderdale Lodge 31, Insurance Trust Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-0116; *International Union of Operating Engineers Local 132 Health & Welfare Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-0644; *A.F. of L. A.G.C. Building Trades Welfare Plan v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-1493; *NECA-IBEW Welfare Trust Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-1661; *Painters District Council No. 30 Health and Welfare Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, N.D.Ill. Civ. No. 14-1601; *City of Providence v. Takeda Pharmaceutical Co. Ltd., et al.*, D.R.I. Civ. No. 14-125; *Minnesota and North Dakota Bricklayers and Allied Craftworkers Health Fund and Greater Metropolitan Hotel Employers-Employees Health and Welfare Fund v. No. 14-1691; *Local 17 Hospitality Benefit Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-1788; *New England Electrical Workers Benefit Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, S.D.N.Y. Civ. No. 14-2424; *Plumbers & Pipefitters Local 178 Health & Welfare Trust Fund v. Takeda Pharmaceutical Co. Ltd.*, Civ. No. 14-2378; *Dennis Kreish v. Takeda Pharmaceutical Co. Ltd., et al.*, Civ. No. 14-2137; *Man-U Service Contract Trust Fund and Teamsters Union Local 115 Health & Welfare Fund v. Takeda Pharmaceutical Co. Ltd., et al.*, Civ. No. 14-2846). The Company anticipates additional claims or lawsuits based on the same or similar allegations may be filed. Prior to the filing of the Painters District Council and City of Providence complaints, plaintiffs in the cases pending in federal court in New York filed a consolidated class action complaint. Plaintiffs in the Painters District Council and City of Providence cases subsequently voluntarily dismissed their complaints in Illinois and Rhode Island, respectively, and refiled their complaints in the Southern District of New York where all the cases have been referred to the same judge. Plaintiffs then filed a consolidated, amended complaint on May 20, 2014 (*In re Actos End-Payor Antitrust Litigation*, Civ. No. 13-9244). The amended complaint, asserted on behalf of a putative class of indirect purchaser plaintiffs, generally alleges an overall scheme that included Watson improperly delaying the launch of its generic version of Actos® in exchange for substantial payments from Takeda in violation of federal and state antitrust and consumer protection laws. The complaint seeks declaratory and injunctive relief and unspecified damages. Defendants filed motions to dismiss the consolidated amended complaint on July 11, 2014.

The Company believes that it has substantial meritorious defenses to the claims alleged. However, these actions, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Androgel® Litigation. On January 29, 2009, the U.S. Federal Trade Commission and the State of California filed a lawsuit in the United States District Court for the Central District of California *(Federal Trade Commission, et. al. v. Watson Pharmaceuticals, Inc., et. al., USDC Case No. CV 09-00598)* alleging that the September 2006 patent lawsuit settlement between Watson and Solvay Pharmaceuticals, Inc. (Solvay), related to AndroGel® 1% (testosterone gel) CIII is unlawful. The complaint generally alleged that Watson improperly delayed its launch of a generic version of Androgel® in exchange for Solvay s agreement to permit Watson to co-promote Androgel® for consideration in excess of the fair value of the services provided by Watson, in violation of federal and state antitrust and consumer protection laws. The complaint sought equitable relief and civil penalties. On February 2 and 3, 2009, three separate lawsuits alleging similar claims were filed in the United States District Court for the Central District of California by various private plaintiffs purporting to represent certain classes of similarly situated claimants *(Meijer, Inc., et. al., v. Unimed Pharmaceuticals, Inc., et. al.,* USDC Case No. EDCV 09-0215); *(Rochester Drug Co-Operative, Inc. v. Unimed Pharmaceuticals Inc., et. al.,* Case No. EDCV 09-0226); *(Louisiana Wholesale Drug Co. Inc. v. Unimed Pharmaceuticals Inc., et. al,* Case No. EDCV 09-0228). On April 8, 2009, the Court transferred the government and private cases to the United States District Court for the Northern District of Georgia. On April 21, 2009 the State of California voluntarily dismissed its lawsuit against Watson without

prejudice. The Federal Trade Commission and the private plaintiffs in the Northern District of Georgia filed amended complaints on May 28, 2009. The private plaintiffs amended their complaints to include allegations concerning conduct before the U.S. Patent and Trademark Office, conduct in connection with the listing of Solvay s patent in the FDA Orange Book, and sham litigation. Additional actions alleging similar claims have been filed in various courts by other private plaintiffs purporting to represent certain classes of similarly situated direct or indirect purchasers of Androgel® (*Stephen L. LaFrance Pharm., Inc. d/b/a SAJ Dist. v. Unimed Pharms., Inc., et al.,* D. NJ Civ. No. 09-1507); (*Fraternal Order of Police, Fort Lauderdale Lodge 31, Insurance Trust Fund v. Unimed Pharms. Inc., et al.,* D. NJ Civ. No. 09-1856); (*Scurto v. Unimed Pharms., Inc., et al.,* D. NJ Civ. No. 09-1900); (*United Food and Commercial Workers Unions and Employers Midwest Health Benefits Fund v. Unimed Pharms., Inc., et al.,* D. MN Civ. No. 09-1168); (*Rite Aid Corp. et al. v. Unimed Pharms., Inc. et al.,* M.D. PA Civ. No. 09-1153*); (Walgreen Co., et al. v. Unimed Pharms., LLC, et al.,* MD. PA Civ. No. 09-1240); (*Supervalu, Inc. v. Unimed Pharms., LLC, et al,* ND. GA Civ. No. 10-1024); (*LeGrand v. Unimed Pharms., Inc., et al*., ND. GA Civ. No. 10-2883); (*Jabo s Pharmacy Inc. v. Solvay Pharmaceuticals, Inc., et al*., Cocke County, TN Circuit Court Case No. 31,837). On April 20, 2009, Watson was dismissed without prejudice from the *Stephen L. LaFrance* action pending in the District of New Jersey. On October 5, 2009, the Judicial Panel on Multidistrict Litigation transferred all actions then pending outside of the United States District Court for the Northern District of Georgia to that district for consolidated pre-trial proceedings (*In re: AndroGel® Antitrust Litigation (No. II),* MDL Docket No. 2084), and all currently-pending related actions are presently before that court. On February 22, 2010, the judge presiding over all the consolidated litigations related to Androgel® then pending in the United States District Court for the Northern District of Georgia granted Watson s motions to dismiss the complaints, except the portion of the private plaintiffs complaints that include allegations concerning sham litigation. Final judgment in favor of the defendants was entered in the Federal Trade Commission s action on April 21, 2010. On April 25, 2012, the Court of Appeals affirmed the dismissal. On June 17, 2013, the Supreme Court issued a decision, holding that the settlements between brand and generic drug companies which include a payment from the brand company to the generic competitor must be evaluated under a rule of reason standard of review and ordered the case remanded (the Supreme Court Androgel Decision). On July 20, 2010, the plaintiff in the *Fraternal Order of Police* action filed an amended complaint adding allegations concerning conduct before the U.S. Patent and Trademark Office, conduct in connection with the listing of Solvay s patent in the FDA s Orange Book, and sham litigation similar to the claims raised in the direct purchaser actions. On October 28, 2010, the judge presiding over MDL 2084 entered an order pursuant to which the *LeGrand* action, filed on September 10, 2010, was consolidated for pretrial purposes with the other indirect purchaser class action as part of MDL 2084 and made subject to the Court s February 22, 2010 order on the motion to dismiss. In February 2012, the direct and indirect purchaser plaintiffs and the defendants filed cross-motions for summary judgment, and on June 22, 2012, the indirect purchaser plaintiffs, including Fraternal Order of Police, LeGrand and HealthNet, filed a motion for leave to amend and consolidate their complaints. On September 28, 2012, the district court granted summary judgment in favor of the defendants on all outstanding claims. The plaintiffs then appealed. On September 12 and 13, 2013, respectively, the indirect purchaser plaintiffs and direct purchaser plaintiffs filed motions with the district court, asking the court for an indicative ruling that it would vacate its final order on the parties summary judgment motions and conduct further proceedings in light of the

Supreme Court Androgel Decision, should the Court of Appeals remand the case to the district court. On October 23, 2013, the district court granted the motions. The court of appeals remanded the case back to the district court which has granted plaintiffs relief under Rule 60(b) of the Federal Rules of Civil Procedure, vacating the ruling from which plaintiffs appealed. The remanded case is still in its early stages and the parties are working on additional discovery matters for both the class allegations and merits.

The Company believes it has substantial meritorious defenses and intends to defend itself vigorously. However, these actions, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Cipro® Litigation. Beginning in July 2000, a number of suits were filed against Watson and certain Company affiliates including The Rugby Group, Inc. (Rugby) in various state and federal courts alleging claims under various federal and state competition and consumer protection laws. Several plaintiffs have filed amended complaints and motions seeking class certification. Approximately 42 cases were filed against Watson, Rugby and other Company entities. Many of these actions have been dismissed. Actions remain pending in various state courts, including California, Kansas, Tennessee, and Florida. The actions generally allege that the defendants engaged in unlawful, anticompetitive conduct in connection with alleged agreements, entered into prior to Watson s acquisition of Rugby from Sanofi Aventis (Sanofi), related to the development, manufacture and sale of the drug substance ciprofloxacin hydrochloride, the generic version of Bayer s brand drug, Cipro®. The actions generally seek declaratory judgment, damages, injunctive relief, restitution and other relief on behalf of certain purported classes of individuals and other entities. The action pending in Kansas, which the court previously terminated administratively, has been reopened. Plaintiffs in that case moved for class certification on February 21, 2014; defendants filed opposition to the class certification motion on May 23, 2014. Class discovery ends on July 25, 2014 and plaintiffs reply briefs in support of certification are due on August 22, 2014. There has been no action in the cases pending in Florida and Tennessee since 2003. In the action pending in the California Superior Court for the County of San Diego (*In re: Cipro Cases I & II, JCCP Proceeding Nos. 4154 & 4220*), on July 21, 2004, the California Court of Appeal ruled that the majority of the plaintiffs would be permitted to pursue their claims as a class. On August 31, 2009, the California Superior Court granted defendants motion for summary judgment, and final judgment was entered on September 24, 2009. On October 31, 2011, the California Court of Appeal affirmed the Superior Court s judgment. On December 13, 2011, the plaintiffs filed a petition for review in the California Supreme Court. On February 15, 2012, the California Supreme Court granted review. On September 12, 2012, the California Supreme Court entered a stay of all proceedings in the case pending a decision from the United States Supreme Court in the *Federal Trade Commission v. Actavis* matter involving Androgel, described above. The California Supreme Court lifted the stay on June 26, 2013 following the ruling by the United States Supreme Court. Plaintiffs and Bayer recently announced that they have reached an agreement to settle the claims pending against Bayer. Plaintiffs are continuing to pursue claims against the generic defendants, including Watson and Rugby. The remaining parties submitted letter briefs to the court regarding the impact of the Supreme Court Androgel Decision. Response briefs were submitted on February 14, 2014. Amicus briefs were submitted on March 18, 2014 and the parties filed responses to such briefs on April 24, 2014.

In addition to the pending actions, the Company understands that various state and federal agencies are investigating the allegations made in these actions. Sanofi has agreed to defend and indemnify Watson and its affiliates in connection with the claims and investigations arising from the conduct and agreements allegedly undertaken by Rugby and its affiliates prior to Watson s acquisition of Rugby, and is currently controlling the defense of these actions.

Doryx Litigation. In July 2012, Mylan Pharmaceuticals Inc. (Mylan) filed a complaint against Warner Chilcott and Mayne Pharma International Pty. Ltd. (Mayne) in the U.S. District Court for the Eastern District of Pennsylvania alleging that Warner Chilcott and Mayne prevented or delayed Mylan s generic competition to Warner Chilcott s Doryx® products in violation of U.S. federal antitrust laws and tortiously interfered with Mylan s prospective economic relationships under Pennsylvania state law. (*Mylan Pharmaceuticals Inc. v. Warner Chilcott Public Limited Co., et al*., E.D.Pa. No. 12-cv-03824). In the complaint, Mylan seeks unspecified treble and punitive damages and attorneys fees.

Following the filing of Mylan s complaint, three putative class actions were filed against Warner Chilcott and Mayne by purported direct purchasers, and one putative class action was filed against Warner Chilcott and Mayne by purported indirect purchasers, each in the same court. On December 5, 2013 an additional complaint was filed by the International Union of Operating Engineers Local 132 Health and Welfare Fund and on May 9, 2014, Laborers Trust Fund for Northern California filed a complaint each on behalf of additional groups of purported indirect purchasers. Warner has moved to dismiss each of these new complaints. In each case the plaintiffs allege that they paid higher prices for Warner Chilcott s Doryx® products as a result of Warner Chilcott s and Mayne s alleged actions preventing or delaying generic competition in violation of U.S. federal antitrust laws and/or state laws. Plaintiffs seek unspecified injunctive relief, treble damages and/or attorneys fees. The court consolidated the purported class actions and the action filed by Mylan and ordered that all the pending cases proceed on the same schedule.

On February 5, 2013, four retailers, including HEB Grocery, Safeway, Inc., Supervalu, Inc. and Walgreen Co., filed in the same court a civil antitrust complaint in their individual capacities against Warner Chilcott and Mayne regarding Doryx®. (*Walgreen Co., Safeway, Inc., Supervalu, Inc. and HEB Grocery Co, LP. v. Warner Chilcott Public Limited Co., et al*., E.D.Pa. No. 13-cv-00658). On March 28, 2013, another retailer, Rite Aid, filed a similar complaint in the same court. (*Rite Aid Corp. v. Warner Chilcott Public Limited Co., et al*., E.D.Pa. No. 13-cv-01644). Both retailer complaints recite similar facts and assert similar legal claims for relief to those asserted in the related cases described above. Both retailer complaints have been consolidated with the cases described above.

Warner Chilcott and Mayne moved to dismiss the claims of Mylan, the direct purchasers, the indirect purchasers and the retailers. On November 21, 2012, the Federal Trade Commission filed with the court an amicus curiae brief supporting the plaintiffs theory of relief. On June 12, 2013, the court entered a denial, without prejudice, of Warner Chilcott and Mayne s motions to

Table of Contents

dismiss. On November 13, 2013, Warner Chilcott and Mayne reached an agreement in principle to settle the claims of the Direct Purchaser Plaintiff class representatives for $15.0 million. On February 18, 2014 the court preliminarily approved the settlement and held a hearing for final approval on June 9, 2014. On April 18, 2014, Warner Chilcott and Mayne reached an agreement to settle the claims of the opt-out direct purchasers for $10.9 million. On May 29, 2014 Warner Chilcott and Mayne reached an agreement in principle to settle the claims of the Indirect Purchaser Plaintiff class representatives for $8.0 million. On July 11, 2014, the indirect purchaser plaintiffs filed a motion to approve the settlement with the court. Warner Chilcott and Mylan filed motions for summary judgment on March 10, 2014. On June 2, 2014, the court vacated the trial date. A new trial date has not been set.

The Company intends to vigorously defend its rights in the litigations. However, it is impossible to predict with certainty the outcome of any litigation, and the Company can offer no assurance as to when the lawsuits will be decided, whether the Company will be successful in its defense and whether any additional similar suits will be filed. The plaintiffs collectively seek approximately $1.2 billion in compensatory damages, which includes approximately $1.05 billion in purported damages of the Direct Purchaser Plaintiffs and opt-out direct purchaser plaintiffs with whom the company has settlements in principle. The Company believes these amounts are unfounded and without merit. However, any award of compensatory damages could be subject to trebling. If these claims are successful such claims could adversely affect the Company and could have a material adverse effect on the Company s business, financial condition, results of operation and cash flows.

Lidoderm® Litigation. On November 8, 2013, a putative class action was filed in the federal district court (*Drogueria Betances, Inc. v. Endo Pharmaceuticals, Inc., et al*., E.D.Pa. Civ. No. 13-06542) against Actavis, Inc. and certain of its affiliates alleging that Watson s 2012 patent lawsuit settlement with Endo Pharmaceuticals, Inc. related to Lidoderm® (lidocaine transdermal patches, Lidoderm®) is unlawful. The complaint, asserted on behalf of putative classes of direct purchaser plaintiffs, generally alleges that Watson improperly delayed launching generic versions of Lidoderm® in exchange for substantial payments from Endo Pharmaceuticals in violation of federal and state antitrust and consumer protection laws. The complaint seeks declaratory and injunctive relief and damages. Additional lawsuits contain similar allegations have followed on behalf of putative classes of direct purchasers (*Rochester Drug Cooperative, Inc. v. Endo Pharmaceuticals, Inc., et al*., E.D.Pa. Civ. No. 13-7217; *American Sales Co. LLC, v. Endo Pharmaceuticals, Inc., et al*., M.D.Tenn. Civ. No. 14-0022; *Cesar Castillo, Inc. v. Endo Pharmaceuticals, Inc., et al*., M.D.Tenn. Civ. No. 14-0569) and suits filed on behalf of a putative class of end-payer plaintiffs (*United Food and Commercial Workers Local 1776 & Participating Employers Health and Welfare Fund v.Teikoku Pharma USA, Inc., et al*., N.D.Cal. Civ. No. 13-5257; *Fraternal Order of Police, Fort Lauderdale Lodge 31, Insurance Trust Fund v. Teikoku Pharma USA, Inc., et al*., N.D.Cal. Civ. No. 13-5280; *City of Providence v. The Company anticipates additional claims or lawsuits based on the same or similar allegations may be filed. On December 23, 2013, plaintiffs in the United Food and Commercial Workers action filed a motion with the JPML to have all the Lidoderm® antitrust cases consolidated in the Northern District of California. Plaintiffs in several of the other actions filed objections and argued for consolidation in districts where their suits were filed. The motion was heard by the JPML at a hearing on March 27, 2014 and on April 3, 2014 the JPML consolidated the cases in the Northern District of California. (*In re Lidoderm Antitrust Litigation*, N.D. Cal., MDL No. 14-2521). An initial case conference was held on May 9, 2014 after which the court issued a schedule order. Pursuant to that order, on June 13, 2014 the direct and indirect purchaser plaintiffs filed amended and consolidated complaints. The defendants have until July 28, 2014 to respond to the amended and consolidated complaints.

The Company believes it has substantial meritorious defenses and intends to defend itself vigorously. However, these actions, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Loestrin® 24 Litigation. On April 5, 2013, two putative class actions were filed in the federal district court (*New York Hotel Trades Council & Hotel Assoc. of New York City, Inc. Health Benefits Fund v. Warner Chilcott Pub. Ltd. Co., et al*., D.N.J., Civ. No. 13-02178, and *United Food and Commercial Workers Local 1776 & Participating Employers Health and Welfare Fund v. Warner Chilcott (US), LLC, et al*., E.D.Pa., No. 13-01807) against Actavis, Inc. and certain affiliates alleging that Watson s 2009 patent lawsuit settlement with Warner Chilcott related to Loestrin® 24 Fe (norethindrone acetate/ethinyl estradiol tablets and ferrous fumarate tablets, Loestrin® 24) is unlawful. The complaints, both asserted on behalf of putative classes of end-payors, generally allege that Watson and another generic manufacturer improperly delayed launching generic versions of Loestrin® 24 in exchange for substantial payments from Warner Chilcott, which at the time was an unrelated company, in violation of federal and state antitrust and consumer protection laws. The complaints each seek declaratory and injunctive relief and damages. On April 15, 2013, the plaintiff in *New York Hotel Trades* withdrew its complaint and, on April 16, 2013, refiled it in the federal court for the Eastern District of Pennsylvania (*New York Hotel Trades Council & Hotel Assoc. of New York City, Inc. Health Benefits Fund v. Warner Chilcott Public Ltd. Co., et al*., E.D.Pa., Civ. No. 13-02000). Additional complaints have been filed by different plaintiffs seeking to represent the same putative class of end-payors (*A.F. of L. A.G.C. Building Trades Welfare Plan v. Warner Chilcott, et al*., *D.N.J.*

Co., et al*., D.R.I. Civ. No. 13-307). In addition to the end-payor suits, two lawsuits have been filed on behalf of a class of direct payors (*American Sales Company, LLC v. Warner Chilcott Public Ltd., Co. et al*., D.R.I. Civ. No. 12-347 and *Rochester Drug Co-Operative Inc., v. Warner Chilcott (US), LLC, et al*., E.D.Pa. Civ. No. 13-133476). On June 18, 2013, defendants filed a motion with the Judicial Panel on Multidistrict Litigation (JPML) to consolidate these cases in one federal district court. After a hearing on September 26, 2013, the JPML issued an order conditionally transferring all related Loestrin® 24 cases to the federal court for the District of Rhode Island. (*In re Loestrin 24 Fe Antitrust Litigation*, D.R.I. MDL No. 13-2472). A preliminary hearing was held on November 4, 2013 after which an amended, consolidated complaint was filed on December 6, 2013. On February 6, 2014, the Company filed a motion to dismiss the direct and indirect purchaser plaintiffs complaints. Plaintiffs filed oppositions to the motion on March 24, 2014 and the Company filed its responses on April 23, 2014. A hearing was held on June 27, 2014 on the motion to dismiss. On February 25, 2014, a group of opt-out direct purchasers filed a complaint based on the same or similar allegations asserted by the direct and indirect purchaser plaintiffs. The Company will have forty-five days after the court rules on the pending motions to dismiss the direct and indirect purchaser plaintiffs complaints to respond to the opt-out plaintiffs complaint. If the court denies the pending motions, the Company anticipates additional claims or lawsuits based on the same or similar allegations may be filed. The consolidated case is still in its early stages and discovery has not yet begun on either the class allegations or merits. The Company anticipates additional claims or lawsuits based on the same or similar allegations.

The Company believes it has substantial meritorious defenses and intends to defend both its brand and generic defendant entities vigorously. However, these actions, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Commercial Litigation

Celexa®/Lexapro® Class Actions. Forest and certain of its affiliates are defendants in three federal court actions filed on behalf of individuals who purchased Celexa® and/or Lexapro® for pediatric use, all of which have been consolidated for pretrial purposes in a Multi-District Litigation (MDL) proceeding in the U.S. District Court for the District of Massachusetts under the caption *In re Celexa and Lexapro Marketing and Sales Practices Litigation*. These actions, two of which were originally filed as putative nationwide class actions, and one of which is a putative California-wide class action, allege that Forest marketed Celexa® and/or Lexapro® for off-label pediatric use and paid illegal kickbacks to physicians to induce prescriptions of Celexa® and Lexapro®. The complaints assert various similar claims, including claims under the Missouri and California consumer protection statutes, respectively, and state common laws. On February 5, 2013, the district judge overseeing the MDL denied all plaintiffs motions for class certification. On February 18, 2013, the plaintiff in the California action filed a petition seeking leave to appeal this decision to the U.S. Court of Appeals for the First Circuit. On April 16, 2013, the First Circuit denied the petition. On April 30, 2013, plaintiffs in the other two actions filed an Amended Complaint seeking to certify state-wide class actions in Illinois, Missouri, and New York under those states consumer protection statutes. On January 13, 2014, the district judge denied plaintiffs motion with respect to the proposed Illinois and New York classes and allowed it with respect to the proposed Missouri class. We filed a petition seeking leave to appeal this decision to the U.S. Court of Appeals for the First Circuit on January 27, 2014. On March 12, 2014, we reached agreement with the MDL plaintiffs to settle the Missouri class claims, including claim by both individuals and third party payors that purchased Celexa® or Lexapro® for use by a minor from 1998 to December 31, 2013. In exchange for a release from class members, we will pay $7.65 million into a fund that will cover (1) the settlement benefits paid to class members, (2) administration costs, (3) incentive awards to be paid to the representative plaintiffs, and (4) attorneys fees and costs. If valid claims are greater than $4.215 million, we will pay up to $2.7 million more to pay for the additional valid claims (our total

settlement payment shall not exceed $10.35 million). The district court judge preliminarily approved the settlement on March 14, 2014 and issued an order enjoining all class members and other persons from litigating claims relating to those covered by the settlement. A hearing on whether the court should grant final approval of the settlement was held on July 16, 2014.

On May 3, 2013, another action was filed in the U.S. District Court for the Central District of California on behalf of individuals who purchased Lexapro® for adolescent use, seeking to certify a state-wide class action in California and alleging that our promotion of Lexapro® for adolescent depression has been deceptive. This action was transferred to the MDL mentioned in the preceding paragraph and, on July 29, 2013, we moved to dismiss the complaint. The district court judge granted our motion to dismiss on March 5, 2014. Plaintiff filed a Notice of Appeal with the U.S. Court of Appeals for the First Circuit on March 17, 2014 and filed its appeal brief on July 24, 2014. Our opposition brief is due on August 25, 2014.

On November 13, 2013, another action was filed in the U.S. District Court for the District of Minnesota seeking to certify a nationwide class of third-party payor entities that purchased Celexa® and Lexapro® for pediatric use. The complaint asserts claims under the federal Racketeer Influenced and Corrupt Organizations Act, alleging that Forest engaged in an off-label marketing scheme and paid illegal kickbacks to physicians to induce prescriptions of Celexa® and Lexapro®. This action was transferred to the MDL mentioned in the preceding paragraphs, and we filed a motion to dismiss the complaint on January 15, 2014. On February 5, 2014, the plaintiffs voluntarily dismissed the complaint and filed a First Amended Complaint, which, among other things, added claims on behalf of a Minnesota class of entities and consumers under Minnesota s consumer protection statutes. We filed a motion to dismiss the First Amended Complaint on April 9, 2014. A motion hearing has been scheduled for October 1, 2014.

On March 13, 2014, an action was filed in the U.S. District Court for the District of Massachusetts by two third-party payors seeking to certify a nationwide class of persons and entities that purchased Celexa® and Lexapro® for use by pediatric use. The complaint asserts claims under the federal Racketeer Influenced and Corrupt Organizations Act, state consumer protection statutes, and state common laws, alleging that Forest engaged in an off-label marketing scheme and paid illegal kickbacks to physicians to induce prescriptions of Celexa® and Lexapro®. This action was filed as a related action to the action described above in the preceding paragraph. We filed a motion to dismiss the complaint on April 30, 2014. A motion hearing has been scheduled for October 1, 2014.

We intend to continue to vigorously defend against these actions. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Forest and certain of its affiliates are also named as defendants in two actions filed on behalf of entities or individuals who purchased or reimbursed certain purchases of Celexa® and Lexapro® for pediatric use pending in the Missouri Circuit Court, Twenty-Second Judicial Circuit, and arising from similar allegations as those contained in the federal actions described in the preceding paragraphs. The first action, filed on November 6, 2009 under the caption *St. Louis Labor Healthcare Network et al. v. Forest Pharmaceuticals, Inc. and Forest Laboratories, Inc.*, is brought by two entities that purchased or reimbursed certain purchases of Celexa® and/or Lexapro®. The complaint asserts claims under the Missouri consumer protection statute and Missouri common law, and seeks unspecified damages and attorneys fees. We have reached an agreement with the plaintiffs to resolve this action for payments that are not material to our financial condition or results of operations. The second action, filed on July 22, 2009 under the caption *Crawford v. Forest Pharmaceuticals, Inc.*, and now known as *Luster v. Forest Pharmaceuticals, Inc.*, is a putative class action on behalf of a class of Missouri citizens who purchased Celexa® for pediatric use. The complaint asserts claims under the Missouri consumer protection statute and Missouri common law, and seeks unspecified damages and attorneys fees. In October 2010, the court certified a class of Missouri domiciliary citizens who purchased Celexa® for pediatric use at any time prior to the date of the class certification order, but who do not have a claim for personal injury. On December 9, 2013, we filed a motion for summary judgment, which was argued on January 8, 2014. On February 21, 2014, we filed a motion to de-certify the class. Decisions on these motions are pending. On March 12, 2014, we informed the judge of the MDL Missouri class settlement described above, including that the federal class encompasses the members of the certified Missouri class in *Luster*. At a status conference on April 2, 2014 the parties agreed that the action is stayed in light of the injunction contained in the MDL Preliminary Approval Order, described above. We intend to continue to vigorously defend against this action. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Columbia Laboratories, Inc. Securities Litigation. On June 8, 2012, Watson and certain of its officers were named as defendants in a consolidated amended class action complaint filed in the United States District Court for the District of New Jersey (*In re: Columbia Laboratories*, *Inc. Securities Litigation*, Case No. CV 12-614) by a putative class of Columbia Laboratories

Table of Contents

stock purchasers. The amended complaint generally alleges that between December 6, 2010 and January 20, 2012, Watson and certain of its officers, as well as Columbia Laboratories and certain of its officers, made false and misleading statements regarding the likelihood of Columbia Laboratories obtaining FDA approval of Prochieve® progesterone gel, Columbia Laboratories developmental drug for prevention of preterm birth. Watson licensed the rights to Prochieve® from Columbia Laboratories in July 2010. The amended complaint further alleges that the defendants failed to disclose material information concerning the statistical analysis of the clinical studies performed by Columbia Laboratories in connection with its pursuit of FDA approval of Prochieve®. The complaint seeks unspecified damages. On August 14, 2012, the defendants filed a motion to dismiss all of the claims in the amended complaint, which the court granted on June 11, 2013. Plaintiffs filed a second amended complaint on July 11, 2013. Defendants filed motions to dismiss the second amended complaint on August 9, 2013. On October 21, 2013, the court granted the motion to dismiss the second amended complaint. In ruling on the motion to dismiss, the court also ruled that if the plaintiffs seek to further amend the complaint, they must file a motion within thirty days seeking permission to do so. On December 20, 2013, plaintiffs filed a notice of appeal on the district court s motion to dismiss ruling and filed their opening appellate brief on March 20, 2014. Respondents briefs in the appeal were filed on April 9, 2014. The oral argument on the appeal likely will be held in the third quarter of 2014. The Company believes it has substantial meritorious defenses and it intends to defend itself vigorously. Additionally, the Company maintains insurance to provide coverage for the claims alleged in the action. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. The action, if successful, or if insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Forest Laboratories Securities Litigation. In February and March 2014, nine putative stockholder class actions were brought against Forest, Forest s directors, Actavis plc, and certain of Actavis s affiliates. Four actions were filed in the Delaware Court of Chancery and have been consolidated under the caption *In re Forest Laboratories, Inc. Stockholders Litigation* (the Delaware Action). Five actions were filed in New York State Supreme Court and have been consolidated under the caption *Turberg v. Forest Laboratories, Inc. et al.* (the New York Action). On April 4 and May 5, 2014, respectively, the Delaware and New York plaintiffs filed consolidated amended complaints in their respective jurisdictions. The amended complaints seek, among other remedies, to enjoin Actavis s proposed acquisition of Forest or damages in the event the transaction closes. The complaints generally allege, among other things, that the members of the Forest Board of Directors breached their fiduciary duties by agreeing to sell Forest for inadequate consideration and pursuant to an inadequate process, and that the disclosure document fails to disclose allegedly material information about the transaction. The complaints also allege that Actavis, and certain of its affiliates, aided and abetted these alleged breaches. On May 28, 2014, the defendants reached an agreement in principle with plaintiffs in the Delaware Action and the New York Action regarding a settlement of both Actions, and that agreement is reflected in a memorandum of understanding. In connection with the settlement contemplated by the memorandum of understanding, Forest agreed to make certain additional disclosures related to the proposed transaction with Actavis, which are contained in a Form 8-K filed May 28, 2014. The memorandum of understanding contemplates that the parties will enter into a stipulation of settlement. The stipulation of settlement will be subject to customary conditions, including court approval. In the event that the parties enter into a stipulation of settlement, a hearing will be scheduled at which the Delaware Court of Chancery will consider the fairness, reasonableness, and adequacy of the settlement. If the settlement is finally approved by the court, it will resolve and release all claims in all actions that were or could have been brought challenging any aspect of the proposed transaction, the merger agreement, and any disclosure made in connection therewith, including in the Definitive Joint Proxy Statement/Prospectus, pursuant to terms that will be disclosed to stockholders prior to final approval of the settlement. In addition, in connection with the settlement, the parties contemplate that the parties shall negotiate in good faith regarding the amount of attorneys fees and expenses that shall be paid to plaintiffs counsel in connection with the Actions. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the Delaware Court of Chancery will approve the settlement even if the parties were to enter into such stipulation. In such event, the proposed settlement as contemplated by the

memorandum of understanding may be terminated. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Furiex Securities Litigation. In May 2014, four putative stockholder class actions were brought against Forest, Furiex Pharmaceuticals, Inc. (Furiex), and Furiex s board of directors. Two actions were brought in the Delaware Court of Chancery under the captions *Steven Kollman v. Furiex Pharmaceuticals, Inc. et al.* and *Donald Powell v. Furiex Pharmaceuticals, Inc. et al.* (the Delaware Actions). Two actions were brought in North Carolina state court under the captions *Walter Nakatsukasa v. Furiex Pharmaceuticals, Inc. et al.* and *Christopher Shinneman v. Furiex Pharmaceuticals, Inc. et al.* (the North Carolina Actions). These actions alleged, among other things, that the members of the Furiex Board of Directors breached their fiduciary duties by agreeing to sell Furiex for inadequate consideration and pursuant to an inadequate process. These actions also alleged that Forest aided and abetted these alleged breaches. These actions sought class certification, to enjoin the proposed acquisition of Furiex, and an award of unspecified damages, attorneys fees, experts fees, and other costs. The *Kollman* and *Nakatsukasa* actions also sought recission of the acquisition and unspecified recissory damages if the acquisition was completed. On June 23, 2014, the defendants reached an agreement in principle with plaintiffs in the Delaware Actions and the North Carolina Actions regarding a settlement of all four actions, and that agreement is reflected in a memorandum of understanding. In connection with the settlement contemplated by the memorandum of understanding, Furiex agreed to make certain additional disclosures related to the proposed transaction with us, which are contained in a Form DEFA14A filed June 23, 2014. The memorandum of understanding contemplates that the parties will enter into a stipulation of settlement. The stipulation of settlement will be subject to customary conditions, including court approval. In the event that the parties enter into a stipulation of settlement, a hearing will be scheduled at which the North Carolina state court will consider the fairness, reasonableness, and adequacy of the settlement. If the settlement is finally approved by the court, it will resolve and release all claims in all four actions that were or could have been brought challenging any aspect of the proposed transaction and any disclosure made in connection therewith, pursuant to terms that will be disclosed to stockholders prior to final approval of the settlement. In addition, in connection with the settlement, the parties contemplate that the parties shall negotiate in good faith regarding the amount of attorneys fees and expenses that shall be paid to plaintiffs counsel in connection with the actions. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the North Carolina state court will approve the settlement even if the parties were to enter into such stipulation. In such event, the proposed settlement as contemplated by the memorandum of understanding may be terminated. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Telephone Consumer Protection Act Litigation *Medical West Ballas Pharmacy, LTD, et al. v. Anda, Inc.,* (Circuit Court of the County of St. Louis, State of Missouri, Case No. 08SL-CC00257). In January 2008, Medical West Ballas Pharmacy, LTD, filed a putative class action complaint against Anda, Inc. (Anda), a subsidiary of the Company, alleging conversion and alleged violations of the Telephone Consumer Protection Act (TCPA) and Missouri Consumer Fraud and Deceptive Business Practices Act. In April 2008, plaintiff filed an amended complaint substituting Anda as the defendant. The amended complaint alleges that by sending unsolicited facsimile advertisements, Anda misappropriated the class members paper, toner, ink and employee time when they received the alleged unsolicited faxes, and that the alleged unsolicited facsimile advertisements were sent to the plaintiff in violation of the TCPA and Missouri Consumer Fraud and Deceptive Business Practices Act. The TCPA allows recovery of minimum statutory damages of $500 per violation, which can be trebled if the violations are found to be willful. The complaint seeks to assert class action claims on behalf of the plaintiff and other similarly situated third parties. In April 2008, Anda filed an answer to the amended complaint, denying the allegations. In November 2009, the court granted plaintiff s motion to expand the proposed class of plaintiffs from individuals for which Anda lacked evidence of express permission or an established business relationship to All persons who on or after four years prior to the filing of this action, were sent telephone facsimile messages advertising pharmaceutical drugs and

Table of Contents

products by or on behalf of Defendant. In November 2010, the plaintiff filed a second amended complaint further expanding the definition and scope of the proposed class of plaintiffs. On December 2, 2010, Anda filed a motion to dismiss claims the plaintiff is seeking to assert on behalf of putative class members who expressly consented or agreed to receive faxes from Defendant, or in the alternative, to stay the court proceedings pending resolution of Anda s petition to the Federal Communications Commission (FCC) (discussed below). On April 11, 2011, the court denied the motion. On May 19, 2011, the plaintiff s filed their motion seeking certification of a class of entities with Missouri telephone numbers who were sent Anda faxes for the period January 2004 through January 2008. The motion has been briefed. However, the court granted Anda s motion to vacate the class certification hearing until similar issues are resolved in either or both the pending *Nack* litigation or with the FCC Petition, both of which are described in more detail below. No trial date has been set in the matter.

On May 1, 2012, an additional action under the TCPA was filed by Physicians Healthsource, Inc., purportedly on behalf of the end users of the fax numbers in the United States but outside Missouri to which faxes advertising pharmaceutical products for sale by Anda were sent. (*Physicians Healthsource Inc. v. Anda Inc*. S.D. Fla., Civ. No. 12-60798). On July 10, 2012, Anda filed its answer and affirmative defenses. The parties filed a joint motion to stay the action pending the resolution of the FCC Petition and the FCC s recently filed Public Notice, described below, which the court granted, staying the action for sixty days. On April 17, 2014 following the expiration of the sixty day period, the court lifted the stay but reentered it *sua sponte* on May 23, 2014.

Several issues raised in plaintiff s motion for class certification in the *Medical West* matter were addressed by the Eighth Circuit Court of Appeals in an unrelated case to which Anda is not a party, *Nack v. Walburg*, No. 11-1460. *Nack* concerned whether there is a private right of action for failing to include any opt-out notice on faxes sent with express permission, contrary to a FCC regulation that requires such notice on fax advertisements. The Eighth Circuit granted Anda leave to file an *amicus* brief and to participate during oral argument in the matter, which was held on September 19, 2012. In its ruling, issued May 21, 2013, the Eighth Circuit held that Walburg s arguments on appeal amounted to challenges to the FCC s regulation and that the court lacked jurisdiction to entertain such challenges pursuant to the Hobbs Act and it would otherwise not decide any similar challenges without the benefit of full participation by the FCC. The defendant in *Nack* has filed a petition for certiorari with the United States Supreme Court.

In a related matter, on November 30, 2010, Anda filed a petition with the FCC, asking the FCC to clarify the statutory basis for its regulation requiring opt-out language on faxes sent with express permission of the recipient (the FCC Petition). On May 2, 2012, the Consumer & Governmental Affairs Bureau of the FCC dismissed the FCC Petition. On May 14, 2012, Anda filed an application for review of the Bureau s dismissal by the full Commission, requesting the FCC to vacate the dismissal and grant the relief sought in the FCC Petition. The FCC has not ruled on the application for review. On June 27, 2013, Forest filed a Petition for Declaratory Ruling with the FCC requesting that the FCC find that (1) the faxes at issue in the action complied, or substantially complied with the FCC regulation, and thus did not violate it, or (2) the FCC regulation was not properly promulgated under the TCPA. On January 31, 2014, the FCC issued a Public Notice seeking comment on several other recently-filed petitions, all similar to the one Anda filed in 2010. Anda was one of several parties that submitted comments on the Public Notice. Anda believes it has substantial meritorious defenses to the putative class actions brought under the

Table of Contents

TCPA, and intends to defend the actions vigorously. However, these actions, if successful, could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

In October 2012, Forest and certain of its affiliates were named as a defendant, along with The Peer Group, Inc. (TPG), in a putative class action brought by the St. Louis Heart Center (SLHC) under the caption *St. Louis Heart Center, Inc. v. Forest Pharmaceuticals, Inc. and The Peer Group, Inc.* The action is now pending in the U.S. District Court for the Eastern District of Missouri. On May 17, 2013, SLHC filed a Fourth Amended Complaint, alleging that Forest and TPG violated the Telephone Consumer Protection Act of 1991, as amended by the Junk Fax Prevention Act of 2005, 47 U.S.C. § 227 (TCPA), on behalf of a proposed class that includes all persons who, from four years prior to the filing of the action, were sent telephone facsimile messages of material advertising the commercial availability of any property, goods, or services by or on behalf of defendants, which did not display an opt-out notice compliant with a certain regulation promulgated by the Federal Communications Commission (FCC). The Fourth Amended Complaint seeks $500 for each alleged violation of the TCPA, treble damages if the Court finds the violations to be willful, knowing or intentional, interest, and injunctive and other relief. On July 17, 2013, the district court granted Forest s motion to stay the action pending the administrative proceeding initiated by the pending FCC Petitions, including any appeal therefrom. We intend to continue to vigorously defend against this action. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Mezzion Declaratory Judgment Action. On April 8, 2014, Warner Chilcott Company, LLC filed a declaratory judgment action against Mezzion Pharma Co. Ltd. (Mezzion), a Korean pharmaceutical company formerly known as Dong-A PharmaTech Co. Ltd. (*Warner Chilcott Company, LLC v. Mezzion Pharma Co. Ltd.*, N.Y. Sup. Ct., Case No. 14-651094). The suit was filed to protect Warner Chilcott Company, LLC s rights and interests under an exclusive license and distribution agreement, involving Mezzion s product udenafil that is used to treat erectile dysfunction and benign prostate hyperplasia. The parties first executed the agreement in 2008 and later amended it 2010. On February 14, 2014, Mezzion sent a notice a breach letter to Warner Chilcott Company, LLC alleging that Warner Chilcott had failed to use commercially reasonable efforts to develop and commercialize the product for the U.S. and Canadian markets. In its notice letter, Mezzion threatened to terminate the exclusive license and distribution agreement as a result of Warner Chilcott s purported breaches. Warner Chilcott believes that it has not breached the agreement and will prevail in the declaratory judgment action. On June 2, 2014, Mezzion filed an answer and asserted counterclaims against the Company. The Company filed its answer to the counterclaims on July 14, 2014. The Company intends to pursue its claims against Mezzion and believes it has substantial meritorious defenses to Mezzion s counterclaims and it intends to defend itself vigorously. Litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. However, this action, if unsuccessful, could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

West Virginia Prescription Drug Abuse Litigation. On June 26, 2012, the State of West Virginia filed a lawsuit against multiple distributors of prescription drugs, including Anda, Inc., a subsidiary of the Company (*State of West Virginia v. Amerisourcebergen Drug Corporation, et. al.*, Boone County Circuit Court Civil Case No. 12-C-141). The complaint generally alleges that the defendants distributed prescription drugs in West Virginia in violation of state statutes, regulation and common law. The complaint seeks injunctive relief and unspecified damages and penalties. On July 26, 2012, a co-defendant removed the case to the federal court for the Southern District of West Virginia. On March 27, 2013, the court granted plaintiff s motion to remand the case to state court. On January 3, 2014, plaintiff filed an amended complaint which the defendants moved to dismiss on February 14, 2014. Oral argument on the motion to dismiss was held on June 5, 2014. The case is in its preliminary stages and the Company believes it has substantial meritorious defenses to the claims alleged. However, an adverse determination in the case could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Prescription Drug Abuse Litigation. On May 21, 2014, California counties Santa Clara and Orange filed a lawsuit on behalf of the State of California against several pharmaceutical manufacturers. Plaintiffs named Actavis plc in the suit. (*The People of the State of California v. Purdue Pharam L.P., et al*, CA Super. Ct., Civil Case No. 30-2014-00725287)(California Action). The California plaintiffs filed an amended complaint on June 9, 2014. On July 11, 2014, co-defendant Teva Pharmaceuticals removed the case to the federal court for the Central

Table of Contents

District of California (Civ. No. 14-1080). On June 2, 2014, the City of Chicago also filed a complaint against the same set of defendants, including Actavis plc, that were sued in the California Action. Co-defendants Janssen Pharmaceuticals and Endo Pharmaceuticals removed the City of Chicago s complaint to the federal court for the Northern District of Illinois (Civ. No. 14-4361). On June 16, 2014, the City of Chicago moved to have the case remanded to state court but later withdrew its remand motion. Defendants responses to the City of Chicago s complaint are due August 29, 2014. Both complaints allege that the manufacturer defendants engaged in a deceptive campaign to promote their products in violation of state and local laws. Each of the complaints seeks unspecified monetary damages and penalties and the California Action also seeks injunctive relief. The Company believes it has several meritorious defenses to the claims alleged. However, an adverse determination in these actions could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Employment Litigation

In July 2012, Forest and certain of its affiliates were named as defendants in an action brought by Megan Barrett, Lindsey Houser, Jennifer Jones, and Jennifer Seard, former Company Sales Representatives, in the U.S. District Court for the Southern District of New York under the caption *Megan Barrett et al. v. Forest Laboratories Inc. and Forest Pharmaceuticals, Inc*. In November 2012, Plaintiffs amended the complaint, adding six additional plaintiffs: Kimberly Clinton, Erin Eckenrode, Julie Smyth, Marie Avila, Andrea Harley, and Christy Lowder, all of whom alleged that they were current or former Company Sales Representatives or Specialty Sales Representatives. In March 2013, Plaintiffs filed a Second Amended Complaint, adding one additional plaintiff: Tracy Le, a now-former Company Sales Representative. The action is a putative class and collective action, and the Second Amended Complaint alleges class claims under Title VII for gender discrimination with respect to pay and promotions, as well as discrimination on the basis of pregnancy, and a collective action claim under the Equal Pay Act. The proposed Title VII gender class includes all current and former female Sales Representatives (defined to include Territory Sales Representatives, Field Sales Representatives, Medical Sales Representatives, Professional Sales Representatives, Specialty Sales Representatives, Field Sales Trainers, and Regional Sales Trainers) employed by the Company throughout the U.S. from 2008 to the date of judgment, and the proposed Title VII pregnancy sub-class includes all current and former female Sales Representatives who have been, are, or will become pregnant while employed by the Company throughout the U.S. from 2008 to the date of judgment. The proposed Equal Pay Act collective action class includes current, former, and future female Sales Representatives who were not compensated equally to similarly-situated male employees during the applicable liability period. The Second Amended Complaint also includes non-class claims on behalf of certain of the named Plaintiffs for sexual harassment and retaliation under Title VII, and for violations of the Family and Medical Leave Act. We filed a motion to dismiss certain claims on April 29, 2013, which was argued on January 16, 2014. We intend to continue to vigorously defend against this action. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

FDA Litigation

In May 2002, Company subsidiary Watson Laboratories, Inc. reached an agreement with the FDA on the terms of a consent decree with respect to its Corona, California manufacturing facility. The court approved the consent decree on May 13, 2002 (*United States of America v. Watson Laboratories, Inc., et. al*., United States District Court for the Central District of California, EDCV-02-412-VAP). The consent decree applies only to the Company s Corona, California facility and not other manufacturing sites. The decree requires that the Corona, California facility complies with the FDA s current Good Manufacturing Practices (cGMP) regulations.

Pursuant to the agreement, the Company hired an independent expert to conduct inspections of the Corona facility at least once each year. In February 2014 the independent expert concluded its most recent inspection of the Corona facility. At the conclusion of the inspection, the independent expert reported its opinion to the FDA that, based on the

findings of the audit of the facility, the FDA s applicable cGMP requirements, applicable FDA regulatory guidance, and the collective knowledge, education, qualifications and experience of the expert s auditors and reviewers, the systems at the Corona facility audited and evaluated by the expert are in compliance with the FDA s cGMP regulations. However, the FDA is not required to accept or agree with the independent expert s opinion. The FDA has conducted periodic inspections of the Corona facility since the entry of the consent decree, and concluded its most recent general cGMP inspection in April 2014. At the conclusion of the inspection, the FDA inspectors issued a Form 483 to the facility identifying certain observations concerning the instances where the facility failed to follow cGMP regulations. The facility recently responded to the Form 483 observations. If in the future, the FDA determines that, with respect to its Corona facility, the Company has failed to comply with the consent decree or FDA regulations, including cGMPs, or has failed to adequately address the FDA s inspectional observations, the consent decree allows the FDA to order a variety of actions to remedy the deficiencies. These actions could include ceasing manufacturing and related operations at the Corona facility, and recalling affected products. Such actions, if taken by the FDA, could have a material adverse effect on the Company, its results of operations, financial position and cash flows.

Patent Litigation

Patent Enforcement Matters

Actonel Once-a-Month. In August 2008, December 2008 and January 2009, Procter & Gamble s global branded pharmaceutical business (PGP) and Hoffman-La Roche Inc. (Roche) received Paragraph IV certification notice letters from Teva Pharmaceutical Industries, Ltd. (together with its subsidiaries Teva), Sun Pharma Global, Inc. (Sun) and Apotex Inc. and Apotex Corp. (together Apotex), respectively, indicating that each such company had submitted to the FDA an Abbreviated New Drug Application (ANDA) seeking approval to manufacture and sell generic versions of the Actonel® 150 mg product (Actonel® OaM). The notice letters contended that Roche s U.S. Patent No. 7,192,938 (the 938 Patent), a method patent expiring in November 2023 (including a 6-month pediatric extension of regulatory exclusivity) which Roche licensed to PGP with respect to Actonel® OaM, was invalid, unenforceable or not infringed. PGP and Roche filed patent infringement suits against Teva in September 2008 (*Procter & Gamble Co. et al. v. Teva Pharms. USA, Inc*., Case No. 08-cv-627), Sun in January 2009 (*Procter & Gamble Co. et al. v. Sun Pharma Global, Inc*., Case No. 09-cv-061) and Apotex in March 2009 (*Procter & Gamble Co. et al. v. Apotex Inc. et al*., Case No. 09-cv-143) in the U.S. District Court for the District of Delaware charging each with infringement of the 938 Patent. The lawsuits resulted in a stay of FDA approval of each defendant s ANDA for 30 months from the date of PGP s and Roche s receipt of notice, subject to the prior resolution of the matters before the court. The stay of approval of each of Teva s, Sun s and Apotex s ANDAs has expired, and the FDA has tentatively approved Teva s ANDA with respect to Actonel® OaM. However, none of the defendants challenged the validity of the underlying U.S. Patent No. 5,583,122 (the 122 Patent), which covers all of the Actonel® products, including Actonel® OaM, and did not expire until June 2014 (including a 6-month pediatric extension of regulatory exclusivity). As a result, the defendants were not permitted to market their proposed generic versions of Actonel® OaM prior to June 2014.

On February 24, 2010, Warner Chilcott and Roche received a Paragraph IV certification notice letter from Mylan indicating that it had submitted to the FDA an ANDA seeking approval to manufacture and sell a generic version of Actonel® OaM. The notice letter contends that the 938 Patent, which expires in November 2023 and covers Actonel® OaM, is invalid and/or will not be infringed. Warner Chilcott and Roche filed a patent suit against Mylan in April 2010 in the U.S. District Court for the District of Delaware charging Mylan with infringement of the 938 Patent based on its proposed generic version of Actonel® OaM (*Procter & Gamble Co. et al. v. Mylan Pharms. Inc*., Case No. 10-cv-285). The lawsuit resulted in a stay of FDA approval of Mylan s ANDA for 30 months from the date of Warner Chilcott s and Roche s receipt of notice, subject to prior resolution of the matter before the court. The stay of approval of Mylan s ANDA has now expired. Mylan did not challenge the validity of the underlying 122 Patent, which expired in June 2014 (including a 6-month pediatric extension of regulatory exclusivity) and covers all of the Actonel® products.

Table of Contents

In October, November and December 2010 and February 2011, Warner Chilcott and Roche received Paragraph IV certification notice letters from Sun, Apotex, Teva and Mylan, respectively, indicating that each such company had amended its existing ANDA covering generic versions of Actonel® OaM to include a Paragraph IV certification with respect to Roche s U.S. Patent No. 7,718,634 (the 634 Patent). The notice letters contended that the 634 Patent, a method patent expiring in November 2023 (including a 6-month pediatric extension of regulatory exclusivity) which Roche licensed to Warner Chilcott with respect to Actonel® OaM, was invalid, unenforceable or not infringed. Warner Chilcott and Roche filed patent infringement suits against Sun and Apotex in December 2010, against Teva in January 2011 and against Mylan in March 2011 in the U.S. District Court for the District of Delaware charging each with infringement of the 634 Patent. No additional 30-month stay was available in these matters because the 634 Patent was listed in the FDA s Orange Book subsequent to the date on which Sun, Apotex, Teva and Mylan filed their respective ANDAs with respect to Actonel® OaM.

Warner Chilcott and Roche s actions against Teva, Apotex, Sun and Mylan for infringement of the 938 Patent and the 634 Patent arising from each such party s proposed generic version of Actonel® OaM were consolidated for all pretrial purposes (in Case No. 08-cv-627), and a consolidated trial for those suits was previously expected to be held in July 2012. Following an adverse ruling in Roche s separate ongoing patent infringement suit before the U.S. District Court for the District of New Jersey relating to its Boniva® product, in which the court held that claims of the 634 Patent covering a monthly dosing regimen using ibandronate were invalid as obvious, Teva, Apotex, Sun and Mylan filed a motion for summary judgment in Warner Chilcott s Actonel® OaM patent infringement litigation. In the motion, the defendants sought to invalidate the asserted claims of the 938 Patent and 634 Patent, which cover a monthly dosing regimen using risedronate, on similar grounds. The previously scheduled trial has been postponed pending resolution of the new summary judgment motion. A hearing on Teva, Apotex, Sun and Mylan s motions for summary judgment of invalidity and a separate motion by Warner Chilcott and Roche for summary judgment of infringement took place on December 14, 2012. On March 28, 2014, the district court granted the defendants motions for summary judgment that the 938 and 634 patents are invalid. Warner Chilcott and Roche intend to appeal the district court s decision, and on April 25, 2014, Warner Chilcott and Roche filed a notice of appeal. On May 21, 2014, Warner Chilcott and Roche filed a motion for a preliminary injunction to prevent the launch of generic Actonel OaM. On June 6, 2014, the court denied the motion for preliminary injunction. On June 10, 2014, FDA approved generic versions of Actonel OaM. On June 11, 2014, the United States Court of Appeals for the Federal Circuit denied the Company s appeal of the District Court s preliminary injunction ruling. Warner Chilcott and Roche continue to appeal the District Court s summary judgment ruling. Certain generic manufacturers have launched their products notwithstanding this appeal.

To the extent that any ANDA filer also submitted a Paragraph IV certification with respect to U.S. Patent No. 6,165,513 covering Actonel® OaM, Warner Chilcott has determined not to pursue an infringement action with respect to this patent. While Warner Chilcott and Roche intend to vigorously defend the 938 Patent and the 634 Patent and protect their legal

rights, the Company can offer no assurance as to when the lawsuits will be decided, whether the lawsuits will be successful or that a generic equivalent of Actonel® OaM will not be approved and enter the market prior to the expiration of the 938 Patent and the 634 Patent in 2023 (including, in each case, a 6-month pediatric extension of regulatory exclusivity).

Asacol HD. In September 2011, Warner Chilcott received a Paragraph IV certification notice letter from Zydus Pharmaceuticals USA, Inc. (together with its affiliates, Zydus) indicating that Zydus had submitted to the FDA an ANDA seeking approval to manufacture and sell a generic version of Warner Chilcott s Asacol® 800 mg product (ASACOL HD). Zydus contends that Warner Chilcott s U.S. Patent No. 6,893,662, expiring in November 2021 (the 662 Patent), is invalid and/or not infringed. In addition, Zydus indicated that it had submitted a Paragraph III certification with respect to Medeva Pharma Suisse AG s (Medeva) U.S. Patent No. 5,541,170 (the 170 Patent) and U.S. Patent No. 5,541,171 (the 171 Patent), formulation and method patents which the Company exclusively licenses from Medeva covering Warner Chilcott s ASACOL products, consenting to the delay of FDA approval of the ANDA product until the 170 Patent and the 171 Patent expire in July 2013. In November 2011, Warner Chilcott filed a lawsuit against Zydus in the U.S. District Court for the District of Delaware charging Zydus with infringement of the 662 Patent (*Warner Chilcott Co., LLC v. Zydus Pharms. (USA) Inc. et al*., Case No. 1:2011cv01105). The lawsuit results in a stay of FDA approval of Zydus ANDA for 30 months from the date of Warner Chilcott s receipt of the Zydus notice letter, subject to prior resolution of the matter before the court. In January 2014 the parties reached an agreement in principle to settle the case. Under the terms of the settlement, Zydus can launch its ANDA product in November 2015, or can launch an authorized generic version of Asacol HD in July 2016 if it fails to obtain FDA approval of its ANDA by such time. On June 9, 2014, Warner Chilcott announced that the parties executed a definitive settlement agreement incorporating the terms set forth above.

Atelvia. In August and October 2011 and March 2012, Warner Chilcott received Paragraph IV certification notice letters from Watson Laboratories, Inc. Florida (together with Actavis, Inc. (formerly Watson Pharmaceuticals, Inc.) and its subsidiaries, Actavis), Teva and Ranbaxy Laboratories Ltd. (together with its affiliates, Ranbaxy) indicating that each had submitted to the FDA an ANDA seeking approval to manufacture and sell a generic version of Atelvia® 35 mg tablets (Atelvia®). The notice letters contend that Warner Chilcott s U.S. Patent Nos. 7,645,459 (the 459 Patent) and 7,645,460 (the 460 Patent), two formulation and method patents expiring in January 2028, are invalid, unenforceable and/or not infringed. Warner Chilcott filed a lawsuit against Actavis in October 2011 (*Warner Chilcott Co., LLC et al. v. Watson Pharms., Inc. et al*., Case No. 11-cv-5989), against Teva in November 2011 (*Warner Chilcott Co., LLC et al. v. Teva Pharms. USA, Inc. et al*., Case No. 11-cv-6936) and against Ranbaxy in April 2012 (*Warner Chilcott Co., LLC et al. v.Ranbaxy, Inc. et al*., Case No. 12-cv-2474) in the U.S. District Court for the District of New Jersey charging each with infringement of the 459 Patent and 460 Patent. On August 21, 2012, the United States Patent and Trademark Office issued to the Company U.S. Patent No. 8,246,989 (the 989 Patent), a formulation patent expiring in January 2026. The Company listed the 989 Patent in the FDA s Orange Book, each of Actavis, Teva and Ranbaxy amended its Paragraph IV certification notice letter to contend that the 989 Patent is invalid and/or not infringed, and Warner Chilcott amended its complaints against Actavis, Teva and Ranbaxy to assert the 989 Patent. The lawsuits result in a

Table of Contents

stay of FDA approval of each defendant s ANDA for 30 months from the date of Warner Chilcott s receipt of such defendant s original notice letter, subject to prior resolution of the matter before the court. The Company does not believe that the amendment of its complaints against Actavis, Teva and Ranbaxy to assert the 989 Patent will result in any additional 30-month stay. In addition, none of the ANDA filers certified against the 122 Patent, which covers all of the Actonel® and Atelvia® products and expires in June 2014 (including a 6-month pediatric extension of regulatory exclusivity). On October 2, 2013, Actavis divested its ANDA to Amneal Pharmaceuticals. In September 2013, Warner Chilcott received a Paragraph IV certification notice letter from Impax Laboratories, Inc. indicating that it had submitted to the FDA an ANDA seeking approval to manufacture and sell a generic version of Atelvia®. Warner Chilcott filed a lawsuit against Impax on October 23, 2013, asserting infringement of the 459, 460, and 989 patents. The lawsuit results in a stay of FDA approval of Impax s ANDA for 30 months from the date of Warner Chilcott s receipt of the notice letter, subject to prior resolution of the matter before the court. On June 13, June 30, and July 15, 2014, the Company entered into settlement agreements with Ranbaxy, Amneal and Impax, respectively. Each agreement permits Ranbaxy, Amneal and Impax to launch generic versions of Atelvia® on July 9, 2025, or earlier in certain circumstances. Trial against Teva began on July 14, 2014 and concluded on July 18, 2014. The Court has not issued its decision.

While the Company intends to vigorously defend the 459 Patent, the 460 Patent, and the 989 Patent and pursue its legal rights, the Company can offer no assurance as to when the lawsuit will be decided, whether such lawsuit will be successful or that a generic equivalent of Atelvia® will not be approved and enter the market prior to the July 9, 2025 settlement dates above.

Canasa. In July 2013, Aptalis Pharma US, Inc. and Aptalis Pharma Canada Inc. brought actions for infringement of U.S. Patent No. 8,217,083 (the 083 patent) and U.S. Patent No. 8,436,051 (the 051 patent) in the U.S. District Court for the District of New Jersey against Mylan (*Aptalis Pharma US, Inc., et al. v. Mylan Pharmaceuticals Inc., et al.*, Case No. 13-cv-4158) and Sandoz (*Aptalis Pharma US, Inc., et al. v. Sandoz, Inc.*, Case No. 13-cv-4290). These companies have notified Aptalis that they have filed ANDAs with the FDA seeking to obtain approval to market generic versions of CANASA before these patents expire. Amended complaints were filed against these companies in November 2013 adding claims for infringement of U.S. Patent No. 7,854,384 (the 384 patent). The 083, 051, and 384 patents expire in June 2028. Aptalis believes these ANDAs were filed before the patents covering Canasa were listed in the Orange Book, which generally means that Aptalis is not entitled to the 30-month stay of the approval of these ANDAs provided for by the Hatch-Waxman Act. A claim construction hearing has been set for August 27, 2014. No trial date has been set. The Company believes it has meritorious claims to prevent the generic applicants from launching a generic version of Canasa. However, there can be no assurance a generic version will not be launched.

Enablex®. On December 18, 2013, Warner Chilcott Company LLC and Warner Chilcott (US) LLC sued Torrent Pharmaceuticals Ltd. and Torrent Pharma Inc. (together Torrent) in the United States District Court for the District of Delaware, alleging that sales of Torrent s darifenacin tablets, a generic version of Warner Chilcott s Enablex®, would infringe U.S. Patent No. 6,106,864 (the 864 patent) (*Warner Chilcott Company LLC et al. v. Torrent Pharms. Ltd, et al., Case No. 13cv02039)*. The complaint seeks injunctive relief. Pursuant to the provisions of the Hatch-Waxman Act, the FDA is precluded from granting final approval to Torrent until the earlier of thirty months after the generic applicant provided Warner Chilcott with notice of its ANDA filing or the generic applicant prevails in the pending litigation, subject to any other exclusivities, such as a first filer 180 day market exclusivity.

On June 6, 2014, Warner Chilcott Company LLC and Warner Chilcott (US) LLC sued Amneal Pharmaceuticals LLC and Amneal Pharmaceuticals of New York, LLC (together Amneal) in the United States District Court for the District of Delaware, alleging that sales of Amneal s darifenacin tablets, a generic version of Warner Chilcott s Enablex®, would infringe the 864 patent (*Warner Chilcott Company LLC et al. v. Torrent Pharms. Ltd, et al., Case No. 14cv00718)*. The complaint seeks injunctive relief. Pursuant to the provisions of the Hatch-Waxman Act, the FDA

is precluded from granting final approval to Amneal until the earlier of thirty months after the generic applicant provided Warner Chilcott with notice of its ANDA

filing or the generic applicant prevails in the pending litigation, subject to any other exclusivities, such as a first filer 180 day market exclusivity. On July 7, 2014, the Company settled with Torrent. The litigation against Amneal remains pending. The Company has also received a Notice Letter from another ANDA filer, which is now under review.

Under the settlement agreements entered into in the third quarter of 2010 to resolve outstanding patent litigation, each of Teva, Anchen Pharmaceuticals, Inc. and Watson agreed not to launch a generic version of Enablex® until the earlier of March 15, 2016 (or June 15, 2016, if a 6-month pediatric extension of regulatory exclusivity is granted) or, among other circumstances, (i) the effective date of any license granted to a third party for a generic Enablex product or (ii) in the event a third party launches a generic Enablex® product at risk and injunctive relief is not sought or granted.

The Company believes it has meritorious claims to prevent Amneal from launching a generic version of Enablex. However, if Amneal prevails in the pending litigation or if Amneal or another ANDA filer launches a generic version of Enablex® before the pending or any subsequent litigation is finally resolved, it could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Generess® Fe. On November 22, 2011, Warner Chilcott Company sued Mylan Inc., Mylan Pharmaceuticals Inc. and Famy Care Ltd. in the United States District Court for the District of New Jersey, alleging that sales of norethindrone and ethinyl estradiol and ferrous fumarate tablets, a generic version of Warner Chilcott s Generess® Fe tablets (which is exclusively licensed by Warner Chilcott), would infringe U.S. Patent No. 6,667,050 (the 050 patent) (*Warner Chilcott Company LLC v. Mylan Inc., et al., Case No. 11cv6844)*. The complaint seeks injunctive relief. On December 12, 2011 Warner Chilcott sued Lupin Ltd. and Lupin Pharmaceuticals, Inc. in the United States District Court for the District of New Jersey, alleging that sales of Lupin s generic version of Generess® Fe would infringe the 050 patent. (*Warner Chilcott Company LLC v. Lupin Ltd., et al., Case No. 11cv7228)*. The complaint seeks injunctive relief. Warner Chilcott s lawsuits against Mylan and Lupin have been consolidated and remain pending. Pursuant to the provisions of the Hatch-Waxman Act, the FDA is precluded from granting final approval to the generic applicants until the earlier of thirty months after the generic applicant provided Warner Chilcott with notice of its abbreviated new drug application filing or the generic applicant prevails in the pending litigation. The trial concluded on February 21, 2014. On April 15, 2014 Warner Chilcott reached an agreement with Mylan to settle their case. Under the terms of the settlement, Mylan may launch its ANDA product on April 1, 2015, or Mylan can launch an authorized generic version of Generess on October 1, 2015. The litigation against Lupin is still pending. On April 29, 2014, the district court ruled that the 050 patent is invalid. Warner Chilcott has appealed the decision and the appeal is currently pending. The Company believes Warner Chilcott has meritorious claims on appeal. However, if Lupin prevails in the pending litigation or launches a generic version of Generess® Fe before the pending litigation is finally resolved or April 1, 2015, it could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Lo Loestrin® Fe. In July 2011 and April 2012, Warner Chilcott received Paragraph IV certification notice letters from Lupin and Actavis indicating that each had submitted to the

Table of Contents

FDA an ANDA seeking approval to manufacture and sell a generic version of Warner Chilcott s oral contraceptive, Lo Loestrin® Fe. The notice letters contend that the 394 Patent and Warner Chilcott s U.S. Patent No. 7,704,984 (the 984 Patent), which cover Lo Loestrin® Fe and expire in 2014 and 2029, respectively, are invalid and/or not infringed. Warner Chilcott filed a lawsuit against Lupin in September 2011 (*Warner Chilcott Co., LLC v. Lupin Ltd. et al.*, Case No. 11-cv-5048) and against Actavis in May 2012 (*Warner Chilcott Co., LLC v. Watson Labs., Inc. et al.*, Case No. 12-cv-2928) in the U.S. District Court for the District of New Jersey charging each with infringement of the 394 Patent and the 984 Patent. Warner Chilcott granted Lupin and Actavis covenants not to sue on the 394 Patent with regard to their ANDAs seeking approval for a generic version of Lo Loestrin® Fe, and the court dismissed all claims concerning the 394 Patent in the Lupin and the Actavis litigations in December 2012 and February 2013, respectively. The lawsuits result in a stay of FDA approval of each defendant s ANDA for 30 months from the date of Warner Chilcott s receipt of such defendant s notice letter, subject to the prior resolution of the matter before the court. On October 2, 2013, Actavis divested its ANDA to Amneal Pharmaceuticals. On October 4, 2013, Amneal Pharmaceuticals was substituted for Actavis as a defendant. A joint trial began on October 7, 2013 and concluded on October 17, 2013. On January 17, 2014, the district court issued its decision that the 984 Patent is valid and infringed by Lupin s and Amneal s respective ANDAs. On January 21, 2014, Lupin filed a notice of appeal to the United States Court of Appeals for the Federal Circuit (Appeal No. CAFC 14-1262). The appeal is currently pending.

In September 2013, Warner Chilcott received Paragraph IV certification notice letter from Mylan and Famy Care indicating that they had submitted to the FDA an ANDA seeking approval to manufacture and sell a generic version of Warner Chilcott s oral contraceptive, Lo Loestrin® Fe. The notice letter contends that Warner Chilcott s 984 Patent, which covers Lo Loestrin® Fe and expires in 2029, is invalid and/or not infringed. Warner Chilcott filed a lawsuit against Mylan in October 2013 (*Warner Chilcott Co., LLC v. Mylan Inc. et al.*, Case No. 13-cv-06560) in the U.S. District Court for the District of New Jersey charging Mylan and Famy Care with infringement of the 984 Patent. The complaint seeks injunctive relief. The lawsuit results in a stay of FDA approval of Mylan and Famy Care s ANDA for 30 months from the date of Warner Chilcott s receipt of the notice letter, subject to the prior resolution of the matter before the court. The Mylan/Famy Care case is not consolidated with the Lupin case and is currently pending in the district court.

While the Company intends to vigorously defend the 984 Patent and pursue its legal rights, it can offer no assurance as to when the lawsuits will be decided, whether such lawsuits will be successful or that a generic equivalent of Lo Loestrin® Fe will not be approved and enter the market prior to the expiration of the 984 Patent in 2029.

Minastrin® 24 Fe. On June 6, 2014, Warner Chilcott sued Lupin Atlantis Holdings SA, Lupin Ltd. and Lupin Pharmaceuticals, Inc. (collectively, Lupin) in the United States District Court for the District of Maryland, alleging that sales of Lupin s norethindrone and ethinyl estradiol chewable tablets, a generic version of Warner Chilcott s Minastrin® 24 Fe, would infringe U.S. Patent 6,667,050 (the 050 patent). The Complaint seeks an injunction. Pursuant to the provisions of the Hatch-Waxman Act, the FDA is precluded from granting final approval to the generic applicants until the earlier of thirty months after the generic applicant provided Warner Chilcott with notice of its abbreviated new drug application filing or the generic applicant prevails in the pending litigation. Warner Chilcott further notes that FDA will not approve any ANDA product before May 8, 2016 due to Minastrin® 24 Fe s new dosage form exclusivity, which expires on that date. The litigation against Lupin is pending. Warner Chilcott notes that on April 29, 2014, several of the claims of the 050 patent were declared invalid in the Generess litigation discussed above. Warner Chilcott has appealed the Generess decision and the appeal is currently pending. The Company believes Warner Chilcott has meritorious claims on appeal. However, if Lupin prevails in the Generess appeal, or in the instant litigation, it could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Namenda XR. In January, February, April, and May 2014, Forest Laboratories, Inc., Forest Laboratories Holdings, Ltd. (collectively, Forest) and Merz Pharma and Adamas Pharmaceuticals, Forest s licensors for Namenda XR (all collectively, Plaintiffs), brought actions for infringement of some or all of U.S. Patent No. 5,061,703 (the 703 patent), U.S. Patent No. 8,168,209 (the 209 patent), U.S. Patent No. 8,173,708 (the 708 patent), U.S. Patent No. 8,283,379 (the 379 patent), U.S. Patent No. 8,329,752 (the 752 patent), U.S. Patent No. 8,362,085 (the 085 patent), and U.S. Pate No. 8,598,233 (the 233 patent) in the U.S. District Court for the District of Delaware against Wockhardt, Teva, and Sun (*Forest Laboratories, Inc., et al. v. Teva Pharmaceuticals USA, Inc., et al.*, Case No. 14-cv-121), Apotex, Anchen, Zydus, Watson, and Par (*Forest Laboratories, Inc., et al. v. Apotex Corp., et al.*, Case No. 14-cv-200), Mylan, Amneal, and Amerigen (*Forest Laboratories, Inc., et al. v. Amneal Pharmaceuticals LLC, et al.*, Case No. 14-cv-508), and Ranbaxy (*Forest Laboratories, Inc., et al. v. Ranbaxy Inc., et al.*, Case No. 14-cv-686), and related subsidiaries and affiliates thereof. These companies have notified Plaintiffs that they have filed ANDAs with the FDA seeking to obtain approval to market generic versions of Namenda XR before these certain

patents expire. On or about June 16, 2014, the FDA informed Forest that pediatric exclusivity had been granted for studies conducted on memantine hydrochloride, the active ingredient of Namenda XR. (As a result, the 703 patent expires in October 2015, the 009 patent expires in September 2029, and the 209, 708, 379, 752, 085, and 233 patents expire in May 2026.) These lawsuits triggered an automatic stay of approval of the applicable ANDAs that expires no earlier than June 2016 (unless a court issues a decision adverse to Plaintiffs sooner). On June 11, 2014, Mylan filed a motion to dismiss for lack of personal jurisdiction, which Plaintiffs opposed on June 30, 2014. Mylan s motion remains pending. No trial date has been set. The Company believes it has meritorious claims to prevent the generic applicants from launching a generic version of Namenda XR. However, there can be no assurance a generic version will not be launched.

Rapaflo®. On June 17, 2013, Actavis, Inc., Watson Laboratories, Inc., and Kissei Pharmaceutical Co., Ltd. sued Hetero USA Inc., Hetero Labs Limited, and Hetero Labs Limited, Unit 3 (collectively, Hetero) in the United States District Court for the District of Delaware, alleging that sales of silodosin tablets, a generic version of Actavis Rapaflo® tablets, would infringe U.S. Patent No. 5,387,603 (the 603 patent) (*Kissei Pharm. Co., Ltd. et al v. Hetero USA Inc. et al., Case No. 13cv01091)*. The complaint seeks injunctive relief. On June 17, 2013 Actavis, Inc., Watson Laboratories, Inc., and Kissei Pharmaceutical Co., Ltd. sued Sandoz Inc. in the United States District Court for the District of Delaware, alleging that sales of Sandoz s generic version of Rapaflo® would infringe the 603 patent. (*Kissei Pharm. Co., Ltd. et al v. Sandoz, Inc., Case No. 13cv01092)*. The complaint seeks injunctive relief. Actavis and Kissei s lawsuits against Hetero and Sandoz have been consolidated and remain pending. Pursuant to the provisions of the Hatch-Waxman Act, the FDA is precluded from granting final approval to the generic applicants prior to April 8, 2016. The Company believes it has meritorious claims to prevent the generic applicants from launching a generic version of Rapaflo. However, if a generic applicant prevails in the pending litigation or launches a generic version of Rapaflo before the pending litigation is finally resolved, it could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Savella. In September, October, and November 2013, and February 2014, Forest Laboratories, Inc., Forest Laboratories Holdings, Ltd. (collectively, Forest) and Royalty Pharma Collection Trust (Royalty), Forest s licensor for Savella, brought actions for infringement of U.S. Patent No. 6,602,911 (the 911 patent), U.S. Patent No. 7,888,342 (the 342 patent), and U.S. Patent No. 7,994,220 (the 220 patent) in the U.S. District Court for the District of Delaware against Amneal (Case No. 13-cv-1737), Apotex (Case No. 13-cv-1602), First Time US Generics (Case No. 13-cv-1642), Glenmark (Case No. 14-cv-159), Hetero (Case No. 13-cv-1603), Lupin (Case No. 13-cv-1604), Mylan (Case No. 13-cv-1605), Par (Case No. 13-cv-1606), Ranbaxy (Case No. 13-cv-1607), Sandoz (Case No. 13-cv-1830), and related subsidiaries and affiliates thereof. These companies have notified Forest and Royalty that they have filed ANDAs with the FDA seeking to obtain approval to market generic versions of Savella before these patents expire. (The 342 patent expires in November 2021, the 911 patent expires in January 2023, and the 220 patent expires in September 2029.) These lawsuits triggered an automatic stay of approval of the applicable ANDAs until July 14, 2016 (unless a court issues a decision adverse to Forest and Royalty Pharma sooner). On March 7, 2014, Forest and Royalty voluntarily dismissed, without prejudice, all claims against Sandoz. On March 20, 2014, the district court consolidated all of the remaining pending actions for all purposes and issued a scheduling order setting a claim construction hearing in December 2015 and a trial date in January 2016. On May 12, 2014, Forest and Royalty entered into a settlement agreement with First Time US Generics. Under the terms of the settlement agreement, and subject to review of the settlement terms by the U.S. Federal Trade Commission, Forest will provide a license to First Time that will permit it to launch its generic version of Savella as of the date that is the later of (a) six (6) calendar months prior to the expiration date of the last to expire of the 911 patent, the 342 patent, and the 220 patent, including any extensions and/or pediatric exclusivities; or (b) the date that First Time obtains final FDA approval of its ANDA, or earlier in certain circumstances. The Company believes it has meritorious claims to prevent the generic applicants from launching a generic version of Savella. However, there can be no assurance a generic version will not be launched.

Patent Defense Matters

Bayer Patent Litigation. In August 2012, Bayer Pharma AG (together with its affiliates, Bayer) filed a complaint against Warner Chilcott in the U.S. District Court for the District of Delaware alleging that Warner Chilcott s manufacture, use, offer for sale, and/or sale of its Lo Loestrin® Fe oral contraceptive product infringes Bayer s U.S. Patent No. 5,980,940 (*Bayer Intellectual Property GMBH et al. v. Warner Chilcott Co., LLC et al*., Case No. 12-cv-1032). In the complaint, Bayer seeks injunctive relief and unspecified monetary damages for the alleged infringement. In December 2012, Bayer amended the complaint to add a patent interference claim seeking to invalidate the Company s 984 Patent, which covers the Lo Loestrin® Fe product. In June 2014, a claim construction hearing was held before the Court, and the Parties are awaiting the Court s conclusions.

Although it is impossible to predict with certainty the outcome of any litigation, the Company believes that it has a number of strong defenses to the allegations in the complaints and intends to vigorously defend the litigations. These cases are in the early stages of litigation, and an estimate of the potential loss, or range of loss, if any, to the Company relating to these proceedings is not possible at this time.

Ibandronate Tablets (Generic version of Boniva®). On September 21, 2007, Hoffmann-La Roche Inc. sued Cobalt Laboratories, Inc. and Cobalt Pharmaceuticals Inc. (both of which were subsequently acquired by Watson in 2009) in the United States District Court for the District of New Jersey, alleging that sales of Ibandronate Tablets, a generic version of Hoffmann-La Roche s Boniva® tablets, would infringe U.S. Patent Nos. 4,927,814 (the 814 Patent); 6,294,196 (the 196 Patent); and 7,192,938 (the 938 Patent) (*Hoffmann-La Roche Inc. v.*

Cobalt Pharmaceuticals Inc., et. al., Case No. 07cv4540). The complaint sought damages and injunctive relief. Thereafter, Hoffmann-La Roche asserted additional claims, alleging infringement of U.S. Patent Nos. 7,410,957 (the 957 Patent) and 7,718,634 (the 634 patent) against Cobalt, and the parties entered into stipulations to dismiss Hoffman-La Roche s claims related to the 196 and the 938 Patent. On August 24, 2010, the District Court granted Hoffmann-La Roche s motion for summary judgment that Cobalt would infringe at least one claim of the 814 patent. On March 17, 2012, the 814 patent expired, leaving the 957 and 634 patents as the only patents in suit. On May 7, 2012, the District Court granted the Company s motion for summary judgment that certain claims of the 634 patent are invalid. In June 2012, the Company began selling its generic version of Boniva®. On October 1, 2012, the District Court granted Cobalt s motion for summary judgment that certain claims of the 957 patent are invalid. On January 25, 2013 the District Court denied Plaintiffs motion for reconsideration of the summary judgment decisions finding the 634 patent and 957 patent claims invalid. The plaintiff appealed. The Court of Appeals heard oral arguments on the appeal on December 6, 2012. On April 11, 2014, the Federal Circuit affirmed the district court s decision that the 957 and 634 patents are invalid. On May 12, 214, Hoffman- La Roche filed a petition for rehearing, and the defendants responded on June 10, 2014. On July 11, 2014, the Court of Appeals denied the petition for rehearing. The Company believes it has substantial meritorious defenses to the case. However, the Company has sold and is continuing to sell its generic version of Boniva®. Therefore, an adverse final appellate determination that one of the patents in suit is valid and infringed could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Oxymorphone Extended-Release Tablets (Generic version of Opana® ER). On December 11, 2012, Endo Pharmaceuticals Inc. (Endo) sued Actavis and certain of its affiliates in the United States District Court for the Southern District of New York, alleging that sales of the Company s 7.5 mg and 15 mg oxymorphone extended-release tablets, generic versions of Endo s Opana® ER, infringe U.S. Patent Nos. 7,851,482; 8,309,122; and 8,329,216, which the USPTO recently issued or Endo recently acquired (*Endo Pharms. Inc. v. Actavis Inc. et al*., Case No. 12-cv-8985). On July 11, 2013, the FDA approved Actavis 5 mg, 10 mg, 20 mg, 30 mg, and 40 mg oxymorphone extended-release tablets. On August 6, 2013, Endo filed a motion for a preliminary injunction seeking to prevent Actavis from selling its 5 mg, 10 mg, 20 mg, 30 mg, and 40 mg oxymorphone extended-release tablets. On September 12, 2013, the Court denied Endo s motion for a preliminary injunction and Actavis began selling its generic versions of Opana® ER. On September 17, 2013, Endo filed a motion for an injunction pending appeal, which the Federal Court of Appeals for the Federal Circuit denied on November 21, 2013. On January 9, 2014, the Federal Circuit heard oral arguments on Endo s appeal of the district court s denial of the motion for a preliminary injunction. On March 31, 2014, the Federal Circuit reversed the district court s denial of Endo s motion for a preliminary injunction and remanded the matter to the district court for further consideration. The Company believes it has substantial meritorious defenses to the case. However, Actavis has sold and is continuing to sell its generic versions of Opana® ER, 5mg, 7.5 mg, 10 mg, 15 mg, 20 mg, 30 mg and 40 mg. Therefore, an adverse final determination that one of the patents in suit is valid and infringed could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Teva Namenda XR Patent Litigation. In December 2013, Forest Laboratories, Inc. (Forest) was named as a defendant in an action brought by Teva Pharmaceuticals USA, Inc. and Mayne Pharma International Pty Ltd. in the U.S. District Court for the District of Delaware (*Teva Pharmaceuticals USA, Inc., et al. v. Forest Laboratories, Inc.*, Case No. 13-cv-2002). The complaint alleges that Forest infringes U.S. Patent No. 6,194,000 by making, using, selling, offering to sell, and importing Namenda XR. The relief requested includes preliminary and permanent injunctive relief, and damages. On June 11, 2014, Forest filed a motion for judgment of non-infringement on the pleadings, which remains pending. The district court has scheduled a claim construction hearing in June 2015, and trial to begin in July 2016. The Company intends to continue to vigorously defend against this action. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Tranexamic Acid Tablets (Generic version of Lysteda®). On July 7, 2011, Ferring B.V. sued Watson in the United States District Court for the District of Nevada, alleging that sales of the Company s tranexamic acid tablets, a generic version of Ferring s Lysteda® tablets, would infringe U.S. Patent No. 7,947,739 (the 739 patent) (*Ferring B.V. v. Watson Pharmaceuticals, Inc., et. al., Case No. 3:11-cv-00481*). On November 25, 2011, Ferring filed a second complaint in the District of Nevada alleging that sales of Actavis tranexamic acid tablets would infringe U.S. Patent No. 8,022,106 (the 106 patent). (*Ferring B.V. v. Watson Pharmaceuticals, Inc., et. al., Case No. 3:11-cv-00853*). On November 9, 2012, Ferring filed a third complaint in the District of Nevada alleging that sales of Actavis tranexamic acid tablets would infringe U.S. Patent No. 8,273,795 (the 795 patent) (*Ferring B.V. v. Watson Pharmaceuticals, Inc., et. al., Case No. 2:12-cv-01935*). The cases are still pending. The District Court has consolidated all three cases. On January 3, 2013, Actavis began selling its generic version of Lysteda®. On September 6, 2013, Ferring filed a fourth complaint in the District of Nevada alleging that sales of Actavis tranexamic acid tablets would infringe U.S. Patent No. 8,487,055 (the 055 patent) (*Ferring B.V. v. Actavis, Inc., et. al., Case No. 3:13-cv-00477*). The fourth complaint also seeks damages for the alleged infringement of the 739, 106, 759, and 055 patents by Actavis sales of its generic version of Lysteda®. The fourth case has not been consolidated with the first three cases, and Actavis has filed a motion to dismiss that action. The motion is pending. Trial regarding the 739, 106 and 759 patents began on January 21, 2014, and on January 30, 2014, the Judge tentatively ruled that the 739, 106 and 759 patents are valid and infringed by Watson s ANDA product. On April 15, 2014, the district court entered judgment that Watson s products infringe the 739, 106 and 759 patents and entered an injunction preventing the Company from further sales. On April 15, 2014, the Company filed a notice of appeal. On April 16, 2014, the Company filed a motion to stay the injunction pending appeal in the Federal Circuit. On April 28, 2014, the Federal Circuit granted the motion to stay the district court s injunction. The Federal Circuit heard oral arguments on the appeal on June 10, 2014, but has not yet issued a decision. The Company believes it has substantial meritorious defenses to the case and that the district court erred in its decision. However, Actavis has sold and is continuing to sell its generic version of Lysteda®. Therefore, an adverse final determination that one of the patents in suit is valid and infringed could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Product Liability Litigation

Actonel Litigation. Warner Chilcott is a defendant in approximately 218 cases and a potential defendant with respect to approximately 383 unfiled claims involving a total of approximately 609 plaintiffs and potential plaintiffs relating to Warner Chilcott s bisphosphonate prescription drug Actonel®. The claimants allege, among other things, that Actonel® caused them to suffer osteonecrosis of the jaw (ONJ), a rare but serious condition that involves severe loss or destruction of the jawbone, and/or atypical fractures of the femur (AFF). All of the cases have been filed in either federal or state courts in the United States. Warner Chilcott is in the initial stages of discovery in these litigations. The 383 unfiled claims involve potential plaintiffs that have agreed, pursuant to a tolling agreement, to postpone the filing of their claims against Warner Chilcott in exchange for Warner Chilcott s agreement to suspend the statutes of limitations relating to their potential claims. In addition, Warner Chilcott is aware of four purported product liability class actions that were brought against Warner Chilcott in provincial courts in Canada alleging, among other things, that Actonel® caused the plaintiffs and the proposed class members who ingested Actonel® to suffer atypical fractures or other side effects. It is expected that these plaintiffs will seek class certification. Of the approximately 613 total Actonel®-related claims, approximately 84 include ONJ-related claims, approximately 512 include AFF-related claims and approximately four include both ONJ and AFF-related claims. In some of the cases, manufacturers of other bisphosphonate products are also named as defendants. Plaintiffs have typically asked for unspecified monetary and injunctive relief, as well as attorneys fees. Warner Chilcott is reviewing these lawsuits and potential claims and intends to defend these claims vigorously.

Sanofi, which co-promoted Actonel® with Warner Chilcott in the United States through the end of 2013 pursuant to a collaboration agreement, is a defendant in some of Warner Chilcott s Actonel® product liability cases. Sanofi and Warner Chilcott continue to co-promote Actonel® in other countries pursuant to the collaboration agreement. Under the collaboration agreement, Sanofi has agreed to indemnify Warner Chilcott, subject to certain limitations, for 50% of the losses from any product liability claims in Canada relating to Actonel® and for 50% of the losses from any product liability claims in the United States and Puerto Rico relating to Actonel® brought prior to April 1, 2010, which included approximately 90 claims relating to ONJ and other alleged injuries that were pending as of March 31, 2010. Pursuant to the April 2010 amendment to the collaboration agreement, Warner Chilcott will be fully responsible for any product liability claims in the United States and Puerto Rico relating to Actonel® brought on or after April 1, 2010. Warner Chilcott may be liable for product liability, warranty or similar claims in relation to products acquired from The Procter & Gamble Company (P&G) in October 2009 in connection with Warner Chilcott s acquisition (the PGP Acquisition) of P&G s global branded pharmaceutical s business (PGP), including ONJ-related claims that were pending as of the closing of the PGP Acquisition. Warner Chilcott s agreement with P&G provides that P&G will indemnify Warner Chilcott, subject to certain limits, for 50% of Warner Chilcott s losses from any such claims, including approximately 88 claims relating to ONJ and other alleged injuries, pending as of October 30, 2009.

In May 2013, Warner Chilcott entered into a settlement agreement in respect of up to 74 ONJ-related claims, subject to the acceptance thereof by the individual respective claimants.

Table of Contents

Warner Chilcott recorded a charge in the six months ended June 30, 2013 in the amount of $2.0 million in accordance with ASC Topic 450 Contingencies in connection with Warner Chilcott s entry into the settlement agreement. This charge represents Warner Chilcott s current estimate of the aggregate amount that is probable to be paid by Warner Chilcott in connection with the settlement agreement. In September 2013, Warner Chilcott entered into a separate settlement agreement in respect of up to 53 additional ONJ-related claims, subject to the acceptance thereof by the individual respective claimants. Assuming that all of the relevant claimants accept the settlement agreements, approximately 560 Actonel®-related claims would remain outstanding, of which approximately 31 include ONJ-related claims, approximately 512 include AFF-related claims and approximately four include both ONJ and AFF-related claims. However, it is impossible to predict with certainty (i) the number of such individual claimants that will accept the settlement agreement or (ii) the outcome of any litigation with claimants rejecting the settlement or other plaintiffs and potential plaintiffs with ONJ, AFF or other Actonel®-related claims, and the Company can offer no assurance as to the likelihood of an unfavorable outcome in any of these matters. An estimate of the potential loss, or range of loss, if any, to the Company relating to proceedings with (i) claimants rejecting the settlement or (ii) other plaintiffs and potential plaintiffs with ONJ, AFF or other Actonel®-related claims is not possible at this time. The Company believes it has substantial meritorious defenses to these cases and Warner Chilcott maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Alendronate Litigation. Beginning in 2010, a number of product liability suits were filed against the Company and certain of its affiliates, as well as other manufacturers and distributors of alendronate, for personal injuries including femur fractures and ONJ allegedly arising out of the use of alendronate. Approximately 137 cases are pending against Watson and/or its affiliates in various state and federal courts, representing claims by approximately 183 plaintiffs. These cases are generally at their preliminary stages. Fifty-four lawsuits also name as a defendant Cobalt Laboratories, which Watson acquired in 2009 as part of its acquisition of the Arrow Group, in connection with Cobalt s manufacture and sale of alendronate. Twenty cases naming the Company and/or Cobalt were consolidated for pre-trial proceedings as part of a multi-district litigation (MDL) matter pending in the United States District Court for the District of New Jersey (*In re: Fosamax (Alendronate Sodium) Products Liability Litigation*, MDL No. 2243). In 2012, the United States District Court for the District of New Jersey granted the Company s motion to dismiss all of the cases then pending against the Company in the New Jersey MDL. The Third Circuit affirmed. Any cases filed against the Company in the District of New Jersey MDL after the Court s January 2012 dismissal are subject to a case management order that calls for their dismissal unless plaintiffs can establish that their claims should be exempted from the 2012 dismissal order. To date, no plaintiff with a post-January 2012 complaint in the District of New Jersey against the Company has moved for such exemption and all such cases have been dismissed. Eleven other cases were part of an MDL in the United States District Court for the Southern District of New York, where the Company filed a similar motion to dismiss. The Court granted, in part, that motion to dismiss, which has resulted in the dismissal of eight cases. Watson and/or Cobalt have also been served with nine cases that are part of consolidated

Table of Contents

litigation in the California Superior Court (Orange County). The Orange County Court partially granted a similar motion to dismiss, but the Company has not yet been able to determine how that will affect the cases filed against and served on it. Generic drug manufacturers similarly situated to the Company have petitioned the U.S. Supreme Court for review of the California decision. All cases pending in the state court of Missouri have been discontinued against the Company. The remaining 125 active cases are part of a mass tort coordinated proceeding in the Superior Court of New Jersey, Atlantic County. In that state court proceeding, the Court recently granted, in part, a motion to dismiss. As a result, the Company has obtained the stipulated dismissal of 293 cases. The Company believes that it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if our indemnification arrangements or insurance do not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Androderm Litigation. Beginning in 2014, a number of product liability suits were filed against the Company and certain of its affiliates, as well as other manufacturers and distributors of testosterone products, for personal injuries including but not limited to cardiovascular events allegedly arising out of the use of Androderm®. Actavis, Inc. and one or more of its subsidiaries have been served in seven currently pending actions, six in federal court (*Laney v. Actavis, Inc., et al.*, No. 2:14cv-02809 (D.N.J.); *Roberts v. Abbot Laboratories, Inc., et al.*, Civ. No. 14-3910 (N.D.Ill.); *Couwenhoven v. Abbott Laboratories, Inc., et al.*, Civ. No. 14-0667 (C.D.Cal.); *Gendron v. Actavis Pharma, Inc.*, No. 1:14-cv-05119 (N.D. Ill.), *Szalkowski v. Actavis, Inc., et al.*, No. 1:14-cv-00530 (W.D. NY), and a proposed personal injury class action *McGill, et al. v. Actavis, Inc., et al.*, No. 2:14-cv-02177 (E.D. Pa.)) and one in state court (*Smyer v. Actavis plc, et al.*, No. BC537755 (Cal. Super. Ct. L.A. County)). On June 6, 2014 the Judicial Panel on Multidistrict Litigation ordered all federal actions claiming injury from testosterone products be consolidated for pretrial proceedings in the U.S. District Court for the Northern District of Illinois (MDL 2545). Accordingly, the aforementioned federal actions have been consolidated into MDL 2545. The Company anticipates that additional suits will be filed. These cases are in the initial stages and discovery has not yet commenced. The Company believes that it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Benicar® Litigation. Forest and its affiliates are defendants in approximately 221 product liability actions. Approximately twelve actions involve allegations that Benicar®, a treatment for hypertension that Forest co-promoted with Daiichi Sankyo between 2002 and 2008, caused certain gastrointestinal injuries. Under Forest s Co-Promotion Agreement, Daiichi Sankyo is defending us in these lawsuits.

Celexa®/Lexapro® Litigation. Forest and its affiliates are defendants in thirteen actions involving allegations that Celexa® or Lexapro® caused or contributed to individuals committing or attempting suicide, or caused a violent event. The MDL that was established for the federal suicidality-related litigation in the U.S. District Court for the Eastern District of Missouri has concluded and the remaining cases have been remanded to the federal district courts in which they were filed originally. Nine trials have been scheduled in these actions in 2014 and 2015.

Approximately 194 of the actions against Forest and its affiliates involve allegations that Celexa® or Lexapro® caused various birth defects. The majority of these actions have been consolidated in Cole County Circuit Court in Missouri. One action is set for trial in Cole County in April 2015. Fifteen actions were recently remanded to New Jersey state courts from the U.S. District Court for the District of New Jersey (nine actions are now pending in Atlantic County, New Jersey and six actions are now pending in Hudson County, New Jersey). Approximately five

actions remain pending in New Jersey federal court. One action is pending in Orange County, California and is set for trial in March 2015.

Fentanyl Transdermal System Litigation. Beginning in 2009, a number of product liability suits were filed against Actavis and other Company affiliates, as well as other manufacturers and distributors of fentanyl transdermal system products, for personal injuries or deaths allegedly arising out of the use of the fentanyl transdermal system products. Actavis settled the majority of these cases in November 2012. Since that time, additional cases have been resolved individually and/or are in the process of being resolved. There are approximately four cases that remain pending against the Company in state and federal courts that have not

been resolved. Discovery is ongoing. The Company believes it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Metoclopramide Litigation. Beginning in 2009, a number of product liability suits were filed against certain Company affiliates, including legacy Actavis and Watson companies, as well as other manufacturers and distributors of metoclopramide, for personal injuries allegedly arising out of the use of metoclopramide. Approximately 1,180 cases remain pending against Actavis, Watson and/or its affiliates in state and federal courts, representing claims by multiple plaintiffs. Discovery in these cases is in the preliminary stages as the Company is actively moving to dismiss the suits and either initiating or defending appeals on such motions. The Company believes that, with respect to the majority of the cases against the legacy Watson companies, it will be defended in and indemnified by Pliva, Inc., an affiliate of Teva, from whom the Company purchased its metoclopramide product line in late 2008. With respect to the cases pending against the legacy Actavis companies, the Company is actively defending them. The Company believes that it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if our indemnification arrangements or insurance do not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Propoxyphene Litigation. Beginning in 2011, a number of product liability suits were filed against Watson and certain of its affiliates, as well as other manufacturers and distributors of propoxyphene, for personal injuries including adverse cardiovascular events or deaths allegedly arising out of the use of propoxyphene. Cases are pending against Watson and/or its affiliates in various state and federal courts, representing claims by approximately 1,385 plaintiffs. Approximately 77 of the cases naming Watson were consolidated for pre-trial proceedings as part of a multi-district litigation (MDL) matter pending in the United States District Court for the Eastern District of Kentucky (*In re: Darvocet, Darvon, and Propoxyphene Products Liability Litigation*, MDL No. 2226). Four of the MDL cases were voluntarily dismissed by plaintiffs with prejudice. On June 22, 2012, the court hearing the MDL cases granted the generic defendants joint motion to dismiss the remaining MDL cases. Approximately 34 of the dismissed cases were appealed by the plaintiffs to the United States Court of Appeals for the Sixth Circuit. On June 27, 2014, the Sixth Circuit issued its opinion affirming the District Court s dismissal of the generic defendants in all respects. It is anticipated that the plaintiffs will seek further review by the United States Supreme Court. They have 90 days from the issuance of the Sixth Circuit s decision within which to file a petition for a writ of certiorari with the United States Supreme Court. In addition to the 77 consolidated cases, the MDL court remanded seven additional cases to California state court. Defendants jointly filed a petition with the Sixth Circuit to appeal that remand, which petition was denied, as was the subsequently filed petition for rehearing on the petition to appeal. The Sixth Circuit s Order denying Defendants petition for rehearing was recently vacated due to the Ninth Circuit s

Table of Contents

granting of a petition for *en banc* rehearing on the same issue. The Ninth Circuit case involves remand by a federal court in California to state court in a propoxyphene case involving the same defendants. The Sixth Circuit has now stayed these 7 cases pending the ruling of the Ninth Circuit on the issue. Approximately 35 of the cases naming Watson or its affiliates have been consolidated in a state court proceeding pending in the Superior Court of California in Los Angeles. After the consolidation, the defendants jointly removed all of the cases to various US District Courts in California after which counsel for the plaintiffs moved to remand the cases back to state court. The various US district Court Judges granted the motions. The defendants jointly appealed the remand of these cases to the Ninth Circuit Court of Appeals. The Ninth Circuit affirmed the granting of the motions to remand. The defendants then jointly petitioned the Ninth Circuit for an en banc rehearing of the defendants appeal. The Ninth Circuit recently granted the defendants Petition and oral argument was heard on June 26, 2014. Depending on the Ninth Circuit s ruling, these cases will either be sent back to the MDL court (which is expected to dismiss them on the same basis on which it dismissed the other cases against the generic defendants) or they will be remanded to the California state court to be litigated in that forum. If the cases return to state court, they will be in their preliminary stages and we intend to file demurrers and/or motions to dismiss. The Company believes that it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Zarah Litigation. A number of product liability suits, nine (9) in total, are pending against the Company and/or certain of its affiliates as well as other manufacturers and distributors of oral contraceptive products for personal injuries allegedly arising out of the use of the generic oral contraceptive, Zarah®. Eight of those actions are consolidated in the Yaz/Yasmin Multidistrict Litigation pending in the United States District Court for the Southern District of Illinois: *Camp v. Bayer Pharma AG, et al.*, No. 3:13-cv-10765; *Edwards v. Bayer Corp., et al.*, No. 3:12-cv-10318; *Emeson v. Bayer Healthcare Corp., et al.*, No. 3:12-cv-11088; *Hagar v. Watson Pharmaceuticals, Inc., et al.*, No. 3:12-cv-20116; *Janousek v. Bayer Corp., et al.*, No. 3:14-cv-10320; *Mueller v. Bayer Corp., et al.*, No. 3:14-cv-10315; *Tidwell v. Bayer Pharma AG, et al.*, No. 3:13-cv-10584; and *York v. Bayer Corp., et al.*, No. 3:14-cv-10051. In addition, one such case is pending in the Superior Court of Bergen County, New Jersey: *Farrell v. Bayer Corp., et al.*, No. L-635-14. The injuries alleged include, but are not limited to, pulmonary emboli, deep vein thrombosis, and gallbladder disease. These cases are in the initial stages and discovery has not yet commenced. The Company believes that it has substantial meritorious defenses to these cases and maintains product liability insurance against such cases. However, litigation is inherently uncertain and the Company cannot predict the outcome of this litigation. These actions, if successful, or if our insurance does not provide sufficient coverage against such claims, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Qui Tam and Related Litigation

Governmental Investigation and False Claims Act Litigation. Beginning in February 2012, Warner Chilcott, along with several of its current and former employees in its sales organization and certain third parties, received subpoenas from the United States Attorney for the District of Massachusetts. The subpoena received by Warner Chilcott seeks information and documentation relating to a wide range of matters, including sales and marketing activities, payments to people who are in a position to recommend drugs, medical education, consultancies, prior authorization processes, clinical trials, off-label use and employee training (including with respect to laws and regulations concerning off-label information and physician remuneration), in each case relating to all of Warner Chilcott s current key products. The Company is cooperating in responding to the subpoena but cannot predict or determine the impact of this inquiry on its future financial condition or results of operations.

The Company is aware of three qui tam complaints filed by former Warner Chilcott sales representatives and unsealed in February and March 2013 and March 2014 (*United States ex rel. Lisa A. Alexander and James P. Goan. v. Warner Chilcott PLC, et al.*, D. Mass. No. 11-10545 and *United States et al. ex rel. Chris Wible, v. Warner Chilcott PLC, et al.*, D. Mass. No. 11-11143; *People of the State of California ex rel. Schirrell Johnson, Lisa A. Alexander and James P. Goan v. Warner Chilcott PLC, et al.*, CA Super. Ct., Case No. BC496620-MHS). The unsealed federal qui tam complaints allege that Warner Chilcott violated Federal and state false claims acts through the promotion of all of Warner Chilcott s current key products by, among other things, making improper claims concerning the products, providing kickbacks to physicians and engaging in improper conduct concerning prior authorizations. The complaints seek, among other things, treble damages, civil penalties of up to eleven thousand dollars for each alleged false claim and attorneys fees and costs. Other similar complaints may exist under seal. The United States of America has elected not to intervene at this time in the unsealed *Alexander/Goan* or *Wible qui tam* actions, stating at the times of the relevant seal expirations that its investigation of the allegations raised in the relevant complaint was continuing and, as such, it was not able to decide at such time whether to intervene in the action. The United States of America may later seek to intervene, and its election does not prevent the plaintiffs/relators from litigating the actions. The government has, however, successfully moved the court in the *Alexander and Goan* litigation to stay that proceeding through September 1, 2014. On December 2, 2013, plaintiff in the *Wible* action filed a notice of voluntary dismissal with respect to all of its claims except his for retaliation and claims under CA and IL state law. Warner Chilcott moved to dismiss the remaining cause of action in this *Wible* complaint on December 20, 2013. While the Company s motion was pending, the plaintiff in *Wible* moved for leave to file a third amended complaint which the court granted thus rendering the Company s motion to dismiss moot. The Company and the plaintiff in *Wible* have reached an agreement to settle the matter. The State of California declined to intervene in the recently unsealed *Johnson/Alexander/Goan qui tam* action. Warner Chilcott removed the *Johnson/Alexander/Goan* case to the federal court for the Central District of California (Civ. No. 14-3249). On May 30, 2014, Warner Chilcott filed a motion to dismiss the *Johnson/Alexander/Goan* complaint. Plaintiffs will have until July 18, 2014 to respond to the motion to dismiss. Warner Chilcott intends to vigorously defend itself in the litigations. However, these cases are in the early stages of litigation, it is impossible to predict with certainty

the outcome of any litigation, and the Company can offer no assurance as to when the lawsuits will be decided, whether Warner Chilcott will be successful in its defense and whether any additional similar suits will be filed. If these claims are successful such claims could adversely affect the Company and could have a material adverse effect on the Company s business, financial condition, results of operation and cash flows.

Forest received a subpoena dated August 5, 2013 from the U.S. Department of Health and Human Services, Office of Inspector General. The subpoena requests documents relating to the marketing and promotion of Bystolic®, Savella®, and Namenda®, including with respect to speaker programs for these products. In February 2014, the U.S. District Court for the Eastern District of Wisconsin unsealed a *qui tam* complaint with the caption *United States of America ex rel. Kurt Kroening et al. v. Forest Pharmaceuticals, Inc. and Forest Laboratories, Inc.* This complaint, which was filed in April 2012, asserts claims under the False Claims Act and contains allegations regarding off-label promotion of Bystolic® and Savella® and kickbacks provided to physicians to induce prescriptions of Bystolic®, Savella®, and Viibryd®. In January 2014, the Eastern District of Wisconsin U.S. Attorney s Office notified the court that it had not completed its investigation and therefore would not intervene in the action at that time (while reserving the right to intervene at a later date). We are continuing to cooperate with this investigation and to discuss these issues with the government. We intend to vigorously defend against the complaint. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

In April 2014, the U.S. District Court for the District of Massachusetts unsealed a *qui tam* complaint with the caption *United States of America ex rel. Timothy Leysock v. Forest Laboratories, Inc. and Forest Pharmaceuticals, Inc.* This complaint, which was filed in July 2012, asserts claims under the False Claims Act and contains allegations regarding off-label promotion of Namenda®. An Amended Complaint was filed in October 2012 and a Second Amended Complaint was filed in April 2014. On April 16, 2014, the District of Massachusetts U.S. Attorney s Office notified the court that it was declining to intervene in the action. We intend to vigorously defend against the complaint. We filed a motion to dismiss the Second Amended Complaint on June 30, 2014. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

Government Investigations

Forest and its affiliates received a subpoena dated April 20, 2011 from the Office of the U.S. Attorney for the District of Massachusetts. The subpoena requests documents relating to Benicar®, Benicar HCT®, and Azor®, prescription medications approved for the treatment of hypertension. Forest co-marketed Benicar® and Benicar® HCT from 2002 to 2008, and Azor® from 2007 to 2008, together with the drug s originator Sankyo under co-promotion agreements. We are cooperating in responding to the subpoena.

Forest received a subpoena dated May 6, 2013 from the Office of the U.S. Attorney for the Southern District of New York. The subpoena requests documents relating to the marketing and promotion of Tudorza Pressair, including with respect to speaker programs for this product. We are cooperating in responding to the subpoena.

On February 20, 2014, Forest received a letter from the U.S. Federal Trade Commission (FTC) indicating that the FTC is conducting a nonpublic investigation into our agreements with the ANDA filers for Bystolic®. On May 2, 2014, Forest received a Civil Investigative Demand from the FTC requesting documents regarding such agreements. We are cooperating in responding to the investigation.

On February 28, 2014, May 7, 2014, and May 29, 2014, Forest received Investigatory Subpoenas from the New York Attorney General s Office primarily requesting (1) information regarding plans to discontinue the sale of Namenda® tablets and (2) the Company s agreements with ANDA filers for Bystolic®. We are cooperating in responding to the subpoena.

Paroxetine Investigation. On April 19, 2013, the Office of Fair Trading issued a Statement of Objections against GlaxoSmithKline (GSK) and various generic drug companies, including Actavis UK Limited, formerly known as Alpharma Limited, now a subsidiary of the Company, alleging that GSK s settlements with such generic drug companies improperly delayed generic entry of paroxetine, in violation of the United Kingdom s competition laws. The Company has not yet responded to the Statement of Objections but believes it has substantial meritorious defenses to the allegations. However, an adverse determination in the matter could have an adverse effect on the Company s business, results of operations, financial condition and cash flows.

Governmental Reimbursement Investigations and Drug Pricing Litigation. In November 1999, Schein Pharmaceutical, Inc., now known as Actavis Pharma, Inc. was informed by the U.S. Department of Justice that it, along with numerous other pharmaceutical companies, is a defendant in a *qui tam* action brought in 1995 under the U.S. False Claims Act currently pending in the U.S. District Court for the Southern District of Florida (the Florida Qui Tam Action). The Company has not been served in the *qui tam* action. A *qui tam* action is a civil lawsuit brought by an individual or a company (the qui tam relator) for an alleged violation of a federal statute, in which the U.S. Department of Justice has the right to intervene and take over the prosecution of the lawsuit at its option. Pursuant to applicable federal law, the *qui tam* action is under seal as to Actavis, Inc. The Company believes that the *qui tam* action relates to whether allegedly improper price reporting by pharmaceutical manufacturers led to increased payments by Medicare and/or Medicaid. The Company believes that the Florida *Qui Tam* Action against the Company was dismissed without prejudice while still sealed as to the Company. Subsequently, the Company also received and responded to notices or subpoenas from the Attorneys General of various states, including Florida, Nevada, New York, California and Texas, relating to pharmaceutical pricing issues and whether allegedly improper actions by pharmaceutical manufacturers led to excessive payments by Medicare and/or Medicaid. On June 26, 2003, the Company received a request for records and information from the U.S. House Committee on Energy and Commerce in connection with that committee s investigation into pharmaceutical reimbursements and rebates under Medicaid. The Company produced documents in response to the request. Other state and federal inquiries regarding pricing and reimbursement issues are anticipated.

The Company and certain of its subsidiaries also are named as defendants in various lawsuits filed by numerous states and qui tam relators, including Wisconsin, Kentucky, Illinois, Mississippi, Missouri, South Carolina, Utah, Kansas and Louisiana captioned as follows: *State of Wisconsin v. Abbott Laboratories, et al., Case No. 04-cv-1709, Wisconsin Circuit Court for Dane County; State of Wisconsin, ex rel., et al. v. Actavis Mid Atlantic LLC, et al., Case No. 11-cv-5544, Wisconsin Circuit Court for Dane County; Commonwealth of Kentucky v. Alpharma, Inc., et al., Case Number 04-CI-1487, Kentucky Circuit Court for Franklin County; State of Illinois v. Abbott Laboratories, Inc. et al.*, Civil Action No. 05-CH-02474, Illinois Circuit Court for Cook County; *State of Mississippi v. Abbott Laboratories, Inc. et al.*, Civil Action No. G2005-2021 S/2, Mississippi Chancery Court of Hinds County; *State of Missouri ex rel. Jeremiah W. (Jay) Nixon v. Mylan Laboratories, et al,* Case No. 054-2486, Missouri Circuit Court of St. Louis; *State of South Carolina and Henry D. McMaster v. Watson Pharmaceuticals (New Jersey), Inc.,* In the Court of Common Pleas for the Fifth Judicial Circuit, State of South Carolina, County of Richland, C.A. No. 2006-CP-40-7152; *State of South Carolina and Henry D. McMaster v. Watson Pharmaceuticals (New Jersey), Inc.,* In the Court of Common Pleas for the Fifth Judicial Circuit, State of South Carolina, County of Richland, C.A. No. 2006-CP-40-7155; *State of Utah v. Actavis U.S., Inc., et al.,* In the Third Judicial District Court of Salt

Lake County, Civil No. 07-0913719; *State of Kansas ex rel. Steve Six v. Watson Pharmaceuticals, Inc. and Watson Pharma, Inc.,* Case Number: 08CV2228, District Court of Wyandotte County, Kansas, Civil Court Department; and *State of Louisiana V. Abbott Laboratories, Inc., et al.,* Case No. 596144, Parish of East Baton Rouge, 19th Judicial District.

In 2011, Watson settled certain claims made against it by a relator in a *qui tam* action brought against the Company on behalf of the United States. The settlement of that *qui tam* action resolved all claims on behalf of the United States asserted in that action except for claims relating to the federal share of Medicaid payments made by the States of Alabama, Alaska, Kentucky, Idaho, Illinois, South Carolina and Wisconsin. The Company subsequently settled all claims, including the claims on behalf of the United States, brought by Alabama. In addition, the Company has reached settlements with the states of the Louisiana, Missouri and Kansas and has an agreement in principle with the state of South Carolina though the Company has yet to reach definitive agreement with that state. The court in the Utah case recently dismissed that state s claims against the Company. The case against Watson on behalf of Kentucky was tried in November 2011. The jury reached a verdict in Watson s favor on each of Kentucky s claims against Watson. An agreed form of judgment has been entered and the case now has been dismissed with prejudice. The case against Watson on behalf of Mississippi was tried from November 2012 through April 2013. On August 28, 2013, the court issued a ruling in favor of the state and awarded the state $12.4 million in compensatory damages and civil penalties, and on March 20, 2014 issued its ruling imposing an additional $17.9 million in punitive damages. The Company recently filed post-trial motions with the trial court in Mississippi and intends to appeal both the original and punitive damage awards.

In addition, Forest and certain of its affiliates are defendants in four state court actions that allege that the plaintiffs (all governmental entities) were overcharged for their share of Medicaid drug reimbursement costs as a result of reporting by manufacturers of average wholesale prices (AWP) that did not correspond to actual provider costs of prescription drugs. These actions are pending in Illinois (commenced February 7, 2005), Mississippi (commenced October 20, 2005), Utah (commenced May 2008), and Wisconsin (a qui tam AWP action commenced by the former Attorney General of the State of Wisconsin on February 20, 2012 that the State declined to join). Discovery is ongoing in these actions. On November 15, 2013, the plaintiff in the Mississippi action moved for leave to file a Second Amended Complaint. On March 26, 2014, the Mississippi state court granted plaintiff s motion in part, but denied plaintiff s request to add generic drug products to its claims. Forest has filed a motion to dismiss certain of the claims asserted in the Second Amended Complaint. On May 21, 2014, the plaintiff in the Mississippi action filed a separate complaint asserting claims against Forest with respect to the pricing of its generic drugs, and Forest has filed a motion to dismiss certain of these claims. A trial in the Mississippi action is scheduled in August 2015. A motion to dismiss the Utah action was granted, but the Utah Supreme Court, while upholding the lower court s ruling regarding a statute of limitations issue, reversed that ruling and allowed the plaintiff to replead. The plaintiff filed another Amended Complaint, and the defendants filed a motion to dismiss. This motion to dismiss was denied in part, and discovery is proceeding. On February 17, 2014, the Wisconsin state court granted defendants motion to dismiss plaintiff s Second Amended Complaint. On April 14, 2014, plaintiff filed a motion for leave to file a Third Amended Complaint, and on May 16, 2014, plaintiff filed an appeal of the court s February 17, 2014 ruling. On June 12, 2014, the court denied plaintiff s motion to file a Third Amended Complaint and dismissed the case without prejudice. We intend to continue to vigorously defend against these actions. At this time, we do not believe losses, if any, would have a material effect on the results of operations or financial position taken as a whole.

With regard to the remaining drug pricing actions, the Company believes that it has meritorious defenses and intends to vigorously defend itself in those actions. The Company continually monitors the status of these actions and may settle or otherwise resolve some or all of these matters on terms that the Company deems to be in its best interests. However, the Company can give no assurance that it will be able to settle the remaining actions on terms it deems reasonable, or that such settlements or adverse judgments in the remaining actions, if entered, will not exceed the

amounts of the liability reserves. Additional actions by other states, cities and/or counties are anticipated. These actions and/or the actions described above, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Medicaid Drug Reimbursement Litigation. In December 2009, the Company learned that numerous pharmaceutical companies, including certain subsidiaries of the Company, were named as defendants in a *qui tam* action pending in the United States District Court for the District of Massachusetts (*United States of America ex rel. Constance A. Conrad v. Abbott Laboratories, Inc. et. al., USDC Case No. 02-CV-11738-NG)*. The seventh amended complaint, which was served on certain of the Company s subsidiaries in December 2009, alleges that the defendants falsely reported to the United States that certain pharmaceutical products were eligible for Medicaid reimbursement and thereby allegedly caused false claims for payment to be made through the Medicaid program. In July 2011, the plaintiff served a tenth amended complaint that unseals the action in its entirety and continues to allege the previously asserted claims against certain subsidiaries of the Company. The Company s subsidiaries named in

Table of Contents

the action together with all other named defendants filed a Joint Motion to Dismiss the Tenth Amended Complaint on December 9, 2011. On February 25, 2013, the court granted the motion to dismiss as to all defendants. The plaintiff may appeal. On September 11, 2013, a new action was filed against certain Company subsidiaries as well as Warner Chilcott and numerous other pharmaceutical company defendants by the State of Louisiana based on the same core set of allegations as asserted in the Conrad *qui tam* action. The state filed the case in state court and defendants removed it to the federal district court (Civ. No. 13-0681). Plaintiff s motion to remand the case back to state court is still pending. Additional actions alleging similar claims could be asserted. The Company believes that it has meritorious defenses to the claims and intends to vigorously defend itself against such allegations. However, these actions or similar actions, if successful, could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

Medicaid Price Adjustments

The Company has notified the Centers for Medicare and Medicaid Services (CMS) that certain of the legacy Actavis group s Medicaid price submissions require adjustment for the period 2007 through 2012. The Company is in the process of completing the resubmissions. Based on prevailing CMS practices the Company does not expect to incur penalties in connection with the resubmissions. With respect to periods prior to 2007, the Company has advised CMS that its records are insufficient to support a reliable recalculation of its price submissions, and has proposed not to recalculate the price submissions for such periods. Because there are insufficient records to support a reliable recalculation of its price submissions prior to 2007, at this time the amount of any potential liability related to the price submissions prior to 2007 is not estimatable and the Company has not concluded that any liability for periods prior to 2007 is probable. The Company believes it has substantial meritorious positions and defenses with respect to these pricing resubmission matters. However, if CMS were to successfully pursue claims against the Company for the periods in question, such claims could adversely affect the Company and could have a material adverse effect on the Company s business, results of operations, financial condition and cash flows.

The Company and its affiliates are involved in various other disputes, governmental and/or regulatory inspections, inquires, investigations and proceedings that could result in litigation, and other litigation matters that arise from time to time. The process of resolving matters through litigation or other means is inherently uncertain and it is possible that an unfavorable resolution of these matters will adversely affect the Company, its results of operations, financial condition and cash flows.

NOTE 18 Subsequent Events

Furiex Pharmaceuticals

On July 2, 2014, Forest Laboratories, LLC, a subsidiary of the Company effective July 1, 2014, entered into an agreement to acquire Furiex Pharmaceuticals, Inc. in an all-cash transaction valued at approximately $1.1 billion, and up to approximately $360.0 million in a Contingent Value Right (CVR) that may be payable based on the status of eluxadoline, Furiex s lead product, as a controlled drug following approval. In connection with the close of the Furiex acquisition, the Company further announced that it has closed the transaction related to the sale of Furiex s royalties on Alogliptin and Priligy to Royalty Pharma for approximately $415.0 million.

Tretin-X

On July 8, 2014, the Company finalized an agreement to purchase the product rights and inventory for Tretin-X (a product currently marketed by Onset Dermatologics, a PreCision Dermatology company) from Valeant for $70.0 million. As part of the acquisition, the Company will enter into a supply agreement with DPT Laboratories, LTD. The

acquisition will be accounted for as a business combination in the third quarter of 2014.

ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and the results of operations should be read in conjunction with the Consolidated Financial Statements and notes thereto included elsewhere in this Quarterly Report on Form 10-Q (Quarterly Report) and our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2013 (the Annual Report), as revised by Form 8-K filed on May 20, 2014. This discussion contains forward-looking statements that are subject to known and unknown risks, uncertainties and other factors that may cause our actual results to differ materially from those expressed or implied by such forward-looking statements. These risks, uncertainties and other factors include, among others, those identified under Risk Factors in our Annual Report, and elsewhere in this Quarterly Report.

In prior periods, our consolidated financial statements presented the accounts of Actavis, Inc. On May 16, 2013, Actavis plc was incorporated in Ireland as a private limited company and re-registered effective September 18, 2013 as a public limited company. It was established for the purpose of facilitating the business combination between Actavis, Inc. and Warner Chilcott plc (Warner Chilcott). On October 1, 2013, pursuant to the transaction agreement dated May 19, 2013 among Actavis, Inc., Warner Chilcott, the Company, Actavis Ireland Holding Limited, Actavis W.C. Holding LLC (now known as Actavis W.C. Holding Inc.) and Actavis W.C. Holding 2 LLC (now known as Actavis W.C. Holding 2 Inc.) (MergerSub), (i) the Company acquired Warner Chilcott (the Warner Chilcott Acquisition) pursuant to a scheme of arrangement under Section 201, and a capital reduction under Sections 72 and 74, of the Irish Companies Act of 1963 where each Warner Chilcott ordinary share was converted into 0.160 of a Company ordinary share (the Company Ordinary Shares), or $5,833.9 million in equity consideration, and (ii) MergerSub merged with and into Actavis, Inc., with Actavis, Inc. as the surviving corporation in the merger (the Merger and, together with the Warner Chilcott Acquisition, the Transactions). Following the consummation of the Transactions, Actavis, Inc. and Warner Chilcott became wholly-owned subsidiaries of Actavis plc. Each of Actavis, Inc. s common shares was converted into one Company Ordinary Share.

References throughout to ordinary shares refer to Actavis Inc. s Class A common shares, par value $0.0033 per share, prior to the consummation of the Transactions and to the Company s ordinary shares, par value $0.0001 per share, since the consummation of the Transactions.

On October 31, 2012, Watson Pharmaceuticals, Inc. completed the acquisition of the Actavis Group for a cash payment of 4.2 billion, or approximately $5.5 billion, and contingent consideration of 5.5 million newly issued shares of Actavis, Inc., which have since been issued (the Actavis Group Acquisition). Watson Pharmaceuticals, Inc. s Common Stock was traded on the NYSE under the symbol WPI until close of trading on January 23, 2013, at which time Watson Pharmaceuticals, Inc. changed its corporate name to Actavis, Inc. and changed its ticker symbol to ACT.

References throughout to we, our, us, the Company or Actavis refer to financial information and transactions of Watson Pharmaceuticals, Inc. prior to January 23, 2013, Actavis, Inc. from January 23, 2013 until October 1, 2013 and Actavis plc on and subsequent to October 1, 2013.

Overview

We are an integrated global specialty pharmaceutical company engaged in the development, manufacturing, marketing, sale and distribution of generic, branded generic, brand name (brand , specialty brand or branded), biosimilar and over-the-counter (OTC) pharmaceutical products. We also develop and out-license generic pharmaceutical products primarily in Europe through our Medis third-party business. The Company operates manufacturing, distribution, research and development (R&D) and administrative facilities in many of the world s established and growing international markets, including the United States of America (U.S.), Canada and Puerto Rico

(together North America), and its key international markets around the world (International).

2014 Significant Business Developments

During 2014, we announced the following transactions that impacted our results of operations and will continue to have an impact on our future operations.

Acquisition of Forest Laboratories

On February 17, 2014, we entered into a Merger Agreement (the Forest Merger Agreement) by and among the Company, Tango US Holdings Inc., a Delaware corporation and a direct wholly owned subsidiary of the Company (US Holdco), Tango Merger Sub 1 LLC, a Delaware limited liability company and a direct wholly owned subsidiary of US Holdco (Merger Sub 1), Tango Merger Sub 2 LLC, a Delaware limited liability company and a direct wholly owned subsidiary of US Holdco (Merger Sub 2 and, together with Merger Sub 1, the Merger Subs) and Forest Laboratories, Inc., a Delaware corporation (Forest).

Table of Contents

Under the terms of the Forest Merger Agreement, the acquisition of Forest was accomplished through a merger of Merger Sub 1 with and into Forest (Merger 1), with Forest being the surviving entity (the First Surviving Corporation). Immediately following the consummation of Merger 1, the First Surviving Corporation merged with and into Merger Sub 2 (Merger 2 and, together with Merger 1, the Mergers), with Merger Sub 2 being the surviving entity.

At the effective time of Merger 1, each share of Forest s common stock issued and outstanding immediately prior to Merger 1 (other than dissenting shares) was converted into the right to receive, at the election of the holder of such share of Forest common stock, (i) a combination of $26.04 in cash, plus .3306 Company shares (the Mixed Election), (ii) $86.81 in cash (the Cash Election) or (iii) .4723 Company shares (the Stock Election). On July 1, 2014, the transaction closed and Actavis acquired Forest for equity consideration which includes outstanding equity awards (approximately $20.6 billion) and cash consideration (approximately $7.0 billion which was funded in part with cash on hand and financing available on July 1, 2014) of approximately $27.6 billion (the Forest Acquisition). Under the terms of the transaction, Forest shareholders received 89.8 million outstanding Actavis plc ordinary shares, 6.0 million Actavis plc non-qualified stock options and 1.1 million of Actavis plc restricted shares / share units. The assets acquired and the results of operations of Forest will be included in Actavis plc s financial statements from the date of acquisition, July 1, 2014.

Forest was a leading, fully integrated, specialty pharmaceutical company largely focused on the United States market. Forest marketed a portfolio of branded drug products and developed new medicines to treat patients suffering from diseases principally in the following therapeutic areas: central nervous system, cardiovascular, gastrointestinal, respiratory, anti-infective, and cystic fibrosis.

As a result of the transaction, we incurred transaction and integration costs of $39.8 million, including severance-related charges of $14.8 million, financing-related charges of $5.8 million and other costs associated with the acquisition of $19.2 million in the three months ended June 30, 2014. For the six months ended June 30, 2014, we incurred transaction and integration costs of $53.9 million, including severance-related charges of $14.8 million, financing-related charges of $8.7 million and other costs associated with the acquisition of $30.4 million. We also incurred $13.5 million and $23.0 million of other expenses relating to the bridge loan commitments as a result of the transaction in the three and six months ended June 30, 2014, respectively.

In order to complete the acquisition, we divested two Actavis products to Impax Laboratories, Inc. (Impax); Lamotrigine ODT and Ursodiol Tablets for cash consideration. In exchange for the products, the Company received $8.0 million on July 1, 2014. In addition, the Company and Impax entered into a supply agreement whereby we will supply product to Impax. Revenues recognized from the divested products were deminimis in the three and six months ended June 30, 2014 and 2013. In addition, on July 1, 2014, the Company divested two acquired Forest products for a combined consideration of $13.5 million. The product revenues were not included in the results of operations of Actavis plc.

May 2014 Acquisition

On May 20, 2014, we entered into an agreement to license the product rights for an injectable (the May 2014 Acquisition) in certain European territories for an upfront and milestone payments of € 5.7 million, or approximately $7.8 million. Under acquisition accounting, the full consideration includes the fair value contingent consideration of € 12.5 million, or approximately $17.1 million, for a total consideration equal to approximately € 18.2 million, or approximately $24.9 million. We are accounting for the acquisition as a business combination requiring that the assets acquired and liabilities assumed be recognized at their fair values as of the acquisition date. As a result of this transaction, we recognized intangible assets of € 18.2 million, or $24.9 million, in the six months ended June 30, 2014.

We also entered into a supply agreement, under which we will receive product for a period of five years from the launch of the product with potential renewals thereafter.

Akorn

On April 17, 2014, we entered into agreements with Akorn, Inc. (Akorn) and Hi-Tech Pharmacal Co. Inc. to purchase four currently marketed products and one product under development for cash consideration of $16.8 million. The agreements include three products marketed under Abbreviated New Drug Applications (ANDA): Ciprofloxacin Hydrochloride Ophthalmic Solution, Levofloxacin Ophthalmic Solution and Lidocaine Hydrochloride Jelly, and one product marketed under a New Drug Application (NDA): Lidocaine/Prilocaine Topical Cream. The Company treated the purchase of the specific products as an acquisition of a business requiring that the assets acquired and liabilities assumed in a business combination be recognized at their fair values as of the acquisition date. Included in the purchase price allocation was the fair value of inventory that the Company purchased of $0.7 million and $16.1 million for intangible assets. The Company also entered into a supply agreement with Akorn, under which Akorn will supply product for a period of either of two years or until an alternative supplier is found.

Table of Contents

Silom Medical Company

On April 1, 2014, we acquired the Silom Medical Company (Silom), a privately held generic pharmaceutical company focused on developing and marketing therapies in Thailand, for consideration of approximately $103.0 million in cash (the Silom Acquisition). The Silom Acquisition immediately elevates us into a top-five position in the Thai generic pharmaceutical market, with leading positions in the ophthalmic and respiratory therapeutic categories and a strong cardiovascular franchise.

Lincolnton Manufacturing Facility

During the six months ended June 30, 2014, we sold assets in our Lincolnton manufacturing facility. As of March 31, 2014, these assets were held for sale resulting in an impairment charge of $5.7 million in the three months ended March 31, 2014. During the three months ended June 30, 2014, we sold the manufacturing facility to G&W NC Laboratories, LLC (G&W) for $21.5 million. In addition, the Company and G&W entered into a supply agreement, whereby G&W will supply the Company product during a specified transition period. We allocated the fair value of the consideration to the business sold of $25.8 million and the supply agreement, which resulted in a prepaid asset to be amortized into cost of sales over the transition period of $4.3 million. As a result of the final sales terms, we recorded a gain on business sold of $6.6 million and $0.9 million during the three and six months ended June 30, 2014, respectively.

Corona Facility

During the quarter ended June 30, 2014, we held for sale assets in our Corona, California manufacturing facility. As a result, the Company recognized an impairment charge of $18.6 million in the quarter ended June 30, 2014, including a write-off of property, plant and equipment, net, due to the integration of Warner Chilcott of $5.8 million.

Valeant

During the second quarter of 2014, the Company and Valeant Pharmaceuticals International, Inc. s (Valeant) terminated our existing co-promotion agreements relating to Zovirax and Cordan® Tape. Prior to this termination, we co-promoted Zovirax® cream (acyclovir 5%) to obstetricians and gynecologists in the U.S. and Valeant co-promoted Actavis Pharma s Cordran® Tape (flurandrenolide) product in the U.S. Under terms of the agreement related to the co-promotion of Zovirax® cream, we utilized our existing Actavis Pharma sales and marketing structure to promote the product and received a co-promotion fee from sales generated by prescriptions written by our defined targeted physician group. The fees we earned under the Zovirax cream co-promotion arrangement were recognized in other revenues in the period in which the revenues are earned. Under the terms of the Cordran® Tape co-promotion agreement, Valeant utilized its existing Dermatology sales and marketing structure to promote the product, and received a co-promotion fee on sales. The fees we paid under the Cordran Tape arrangement were recognized in the period incurred as an operating expense.

Metronidazole 1.3% Vaginal Gel

On May 1, 2013, we entered into an agreement to acquire the worldwide rights to Valeant s metronidazole 1.3% vaginal gel antibiotic development product, a topical antibiotic for the treatment of bacterial vaginosis, which is being accounted for as a business combination. Under the terms of the agreement, we acquired the product upon U.S. Food and Drug Administration (FDA) approval on March 25, 2014 for acquisition accounting consideration of approximately $62.3 million, which includes the fair value contingent consideration of $50.3 million and upfront and milestone payments of $12.0 million, of which $9.0 million was incurred in the six months ended June 30, 2014. As a

result of this transaction we recognized intangible assets and goodwill of $61.8 million and $0.5 million, respectively in the six months ended June 30, 2014.

Columbia Laboratories Inc.

During the six months ended June 30, 2014, we sold our minority interest in Columbia Laboratories Inc. for $8.5 million. As a result, we recorded a gain on the sale of the investment of $4.3 million in the six months ended June 30, 2014. Our former investment in Columbia Laboratories, Inc. was accounted for as an equity method investment.

2013 Significant Business Developments

During 2013, we completed and / or initiated the following transactions that impacted our results of operations and will continue to have an impact on our future operations.

Table of Contents

Actavis (Foshan) Pharmaceuticals Co., Ltd. Assets Held for Sale

During the year ended December 31, 2013, we held our Chinese subsidiary, Actavis (Foshan) Pharmaceuticals Co., Ltd. (Foshan), for sale, which resulted in an impairment charge of $8.4 million in the fourth quarter of 2013. On January 24, 2014, we completed an agreement with Zhejiang Chiral Medicine Chemicals Co., Ltd to acquire our interest in Foshan (the Foshan Sale). The Company intends to continue further commercial operations in China in collaboration with our preferred business partners.

Western European Assets Held for Sale

During the year ended December 31, 2013, we held for sale our commercial infrastructure in France, Italy, Spain, Portugal, Belgium, Germany and the Netherlands, including products, marketing authorizations and dossier license rights. We believe that the divestiture allows us to focus on faster growth markets including Central and Eastern Europe, and other emerging markets which we believe will enhance our long-term strategic objectives. On January 17, 2014, we announced our intention to enter into an agreement with Aurobindo Pharma Limited (Aurobindo) to sell these businesses. On April 1, 2014, we completed the sale of the assets in Western Europe.

In connection with the sale of our Western European assets, we entered into a supply agreement whereby the Company will supply product to Aurobindo over a period of five years. In the second quarter of 2014, we allocated the fair value of the consideration for the sale of the Western European assets of $65.0 million to each element of the agreement, including the supply of product.

As a result of the transactions, we recognized income / (loss) on the net assets held for sale of $3.4 million and $(34.3) million in the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. In addition, the Company recognized a loss on the disposal of the assets in the three and six months ended June 30, 2014 of $20.9 million and deferred revenue of $10.1 million to be recognized over the course of the supply agreement.

Amendment to Sanofi Collaboration Agreement

On October 28, 2013, Warner Chilcott Company, LLC (WCCL), one of our indirect wholly-owned subsidiaries, and Sanofi-Aventis U.S. LLC (Sanofi) entered into an amendment (the Sanofi Amendment) to the global collaboration agreement as amended (the Collaboration Agreement) to which WCCL and Sanofi are parties. WCCL and Sanofi co-develop and market Actonel® and Atelvia® (risedronate sodium) on a global basis, excluding Japan.

Pursuant to the Sanofi Amendment, the parties amended the Collaboration Agreement with respect to Actonel® and Atelvia® in the U.S. and Puerto Rico (the Exclusive Territory) to provide that, in exchange for the payment of a lump sum of $125.0 million by WCCL to Sanofi in the year ended December 31, 2013, WCCL s obligations with respect to the global reimbursement payment, which represented a percentage of Actavis net sales as defined, as it relates to the Exclusive Territory for the year ended December 31, 2014, shall be satisfied in full. The Sanofi Amendment did not and does not apply to or affect the parties respective rights and obligations under the Collaboration Agreement with respect to (i) the year ended December 31, 2013 or (ii) territories outside the Exclusive Territory. The $125.0 million was recorded as an intangible asset during the year ended December 31, 2013, which will be amortized over the course of the year ending December 31, 2014 using the economic benefit model.

Acquisition of Warner Chilcott

On October 1, 2013, we completed the Warner Chilcott Acquisition for a transaction value, including the assumption of debt, of $9.2 billion. Warner Chilcott was a leading specialty pharmaceutical company focused on women s

healthcare, gastroenterology, urology and dermatology segments of the branded pharmaceuticals market, primarily in North America. The Warner Chilcott Acquisition expands our presence in our Actavis Pharma segment. For additional information, refer to NOTE 3 Acquisitions and Other Agreements in the accompanying Notes to Consolidated Financial Statements in this Quarterly Report.

Endo Pharmaceuticals Inc.

We entered into an agreement with Endo Pharmaceuticals Inc. (Endo) and Teikoku Seiyaku Co., Ltd to settle all outstanding patent litigation related to our generic version of Lidoderm®. Per the terms of the agreement, on September 15, 2013, we launched our generic version of Lidoderm® (lidocaine topical patch 5%) to customers in the U.S. more than two years before the product s patents expire. Lidoderm® is a local anesthetic indicated to relieve post-shingles pain. Additionally, under the terms of the agreement, we received and distributed branded Lidoderm® prior to the launch of the generic version of Lidoderm®.

Acquisition of Uteron Pharma, S.A

On January 23, 2013, we completed the acquisition of Belgium-based Uteron Pharma SA. The acquisition was consummated for a cash payment of $142.0 million, plus the assumption of debt and other liabilities of $7.7 million and up to $155.0 million in potential future milestone payments, of which $43.4 million was recognized on the date of acquisition (the Uteron Acquisition). The Uteron Acquisition expanded our pipeline of Women s Health products, including two potential near term commercial opportunities in contraception and infertility, and one oral contraceptive project. Several additional products in earlier stages of development were also included in the Uteron Acquisition.

2012 Significant Business Development

During 2012, we completed the following transaction that impacted our results of operations and will continue to have an impact on our future operations.

Acquisition of Actavis Group

On October 31, 2012, we completed the Actavis Group Acquisition. The Actavis Group was a privately held generic pharmaceutical company specializing in the development, manufacture and sale of generic pharmaceuticals.

Operating results

Segments

In the first quarter of 2014, we realigned our global strategic business structure. Prior to the realignment, we operated and managed our business as three distinct operating segments: Actavis Pharma, Actavis Specialty Brands and Anda Distribution.

Under the new organizational structure in place for the six months ended June 30, 2014, generics, specialty brands and third-party commercial operations have been consolidated into a single new division. As a result of the realignment, we organized our business into two operating segments: Actavis Pharma and Anda Distribution. The Actavis Pharma segment includes patent-protected products and certain trademarked off-patent products that the Company sells and markets as brand pharmaceutical products and off-patent pharmaceutical products that are therapeutically equivalent to proprietary products. The Anda Distribution segment distributes generic and brand pharmaceutical products manufactured by third parties, as well as by the Company, primarily to independent pharmacies, pharmacy chains, pharmacy buying groups and physicians offices. The Anda Distribution segment operating results exclude sales of products developed, acquired, or licensed by the Actavis Pharma segment.

We evaluate segment performance based on segment contribution. Segment contribution for Actavis Pharma and Anda Distribution represents segment net revenues less cost of sales (excluding amortization and impairment of acquired intangibles including product rights), selling and marketing expenses and general and administrative expenses. The Company does not report total assets, capital expenditures, R&D, amortization, goodwill impairments and asset sales, impairments and contingent consideration adjustment, net by segment as not all such information has been accounted for at the segment level, nor has such information been used by all segments. R&D related to our Actavis Pharma segment was $158.0 million and $329.5 million in the three and six months ended June 30, 2014, respectively. Within R&D, $124.3 million and $238.2 million was generic development, $9.4 million and $42.6 million was invested in brand development and $24.3 million and $48.7 million was invested in biosimilar development during the three and six months ended June 30, 2014, respectively. With the acquisition of Forest Laboratories, the Company will evaluate all current R&D projects in development, including those with IPR&D

assets. Some current projects being worked on may be placed on hold or terminated based upon Company priorities.

Net revenues in our Actavis Pharma segment include product sales and other revenue derived from generic, branded generic, branded and OTC products. Our Actavis Pharma segment product line includes a variety of products and dosage forms. Indications for this line include, but are not limited to, pregnancy prevention, ulcerative colitis, acne, pain management, depression, hypertension, attention-deficit/hyperactivity disorder and smoking cessation. Dosage forms include oral solids, semi-solids, liquids, gels, transdermals, injectables, inhalation and oral transmucosals. In

October 2013, as a result of the Warner Chilcott Acquisition, we began promoting a number of products, including, but not limited to, Asacol® HD, Delzicol®, Doryx®, Estrace® Cream, Lo Loestrin® Fe and Minastrin® 24 Fe. Beginning on July 1, 2014, as a result of the Forest Acquisition, the Company also began promoting North American brands, including, but not limited to, Bystolic®, Daliresp®, Linzess®, Namenda®, Namenda XR®, Savella® and Vibryd®. The results of these products, and other products acquired in the Forest Acquisition will be included in the three months ending September 30, 2014.

The increase in the Actavis Pharma net revenues is primarily due to the Warner Chilcott Acquisition, which contributed three months of sales in 2014 compared to no sales in the prior period ($493.2 million worldwide), including $443.5 million in North American Brands. The increase in North American Generics revenues was primarily the result of period-over-period increases in Lidocaine topical patch 5% (generic of Lidoderm®) of $116.1 million due to the timing of the launch in 2013 and Duloxetine HCI (generic of Cymbalta®), which was not sold in the first six months of 2013, of $47.5 million, offset, in part, by a decline in Methlyphenidate ER (generic of Concerta®) of $78.1 million due primarily to decreased volume. Other movements within this category are due to product mix.

Table of Contents

Other revenues consist primarily of royalties, milestone receipts, commission income and revenue from licensing arrangements, co-promotion revenue and the recognition of deferred revenue relating to our obligation to manufacture and supply brand products to third parties. Other revenues also include revenue recognized from R&D and licensing agreements.

Cost of Sales

Cost of sales includes production and packaging costs for the products we manufacture, third party acquisition costs for products manufactured by others, profit-sharing or royalty payments for products sold pursuant to licensing agreements, inventory reserve charges and excess capacity utilization charges, where applicable. Cost of sales does not include amortization or impairment costs for acquired product rights or other acquired intangibles.

The increase in cost of sales was due to higher product sales as a result of the Warner Chilcott Acquisition ($134.7 million), including the impact of selling through a portion of the inventory associated with the fair value step-up of the October 1, 2013 Warner Chilcott inventory acquired ($84.9 million).

Selling and Marketing Expenses

Selling and marketing expenses consist mainly of personnel-related costs, product promotion costs, distribution costs, professional service costs, insurance, depreciation and travel costs.

The increase in selling and marketing expenses was primarily due to higher selling and marketing costs associated with the Warner Chilcott Acquisition ($59.9 million), offset, in part, by decreased spending as a result of restructuring activities related to the Actavis Group during the year ended December 31, 2013.

General and Administrative Expenses

General and administrative expenses consist mainly of personnel-related costs, facilities costs, transaction costs, insurance, depreciation, litigation and settlement costs and professional services costs which are general in nature.

Table of Contents

The increase in general and administrative expenses was due in part to increased operating costs related to the expansion of the Company s size, including costs incurred by Warner Chilcott for ongoing operating expenses of $44.3 million. Included in the three months ended June 30, 2014, were costs incurred relating to the Forest Acquisition of $34.5 million. Included in the three months ended June 30, 2013 were $25.5 million of charges incurred associated with the settlements of ongoing litigation, as well as $22.6 million of costs incurred for the Warner Chilcott Acquisition.

Anda Distribution Segment

The following table presents net contribution for the Anda Distribution segment for the three months ended June 30, 2014 and 2013 ($ in millions):

Segment margin	3.9%	2.4%		1.5%

(1) Excludes amortization and impairment of acquired intangibles including product rights.

Net Revenues

Our Anda Distribution segment distributes generic and brand pharmaceutical products manufactured by third parties, as well as by Actavis, primarily to independent pharmacies, pharmacy chains, pharmacy buying groups and physicians offices. Sales are principally generated through an in-house telemarketing staff and through internally developed ordering systems. The Anda Distribution segment operating results exclude sales by Anda of products developed, acquired, or licensed by the Actavis Pharma segment.

The increase was primarily due to an increase in U.S. base product sales due to volume increases ($138.1 million) and an increase in period-over-period third party launches ($13.1 million).

Cost of Sales

Cost of sales includes third party acquisition costs, profit-sharing or royalty payments for products sold pursuant to licensing agreements and inventory reserve charges, where applicable. Cost of sales does not include amortization or impairment costs for other acquired intangibles.

The increase in cost of sales within our Anda Distribution segment was due to higher product sales. Cost of sales as a percentage of revenue increased to 87.7% compared to 86.6% in the prior year period primarily due to product and customer mix.

Selling and Marketing Expenses

Selling and marketing expenses consist mainly of personnel costs, facilities costs, insurance and freight costs which support the Anda Distribution segment sales and marketing functions. Selling and marketing costs exclude fees allocated from the Anda Distribution segment for services they provide on behalf of Actavis Pharma.

The increase in selling and marketing expenses relate to higher freight costs and higher personnel costs.

General and Administrative Expenses

General and administrative expenses consist mainly of personnel-related costs, facilities costs, insurance, depreciation and professional services costs. General and administrative costs within the Actavis Pharma segment exclude fees allocated from the Anda Distribution segment for services they provide on behalf of Actavis Pharma.

Research and development	$ 158.0	$ 136.3	$ 21.7	15.9%
as % of net revenues	*5.9%*	*6.8%*		

R&D expenses consist predominantly of personnel-related costs, API costs, contract research, clinical, biostudy and facilities costs associated with product development. The increase in R&D expenses was primarily due to higher costs associated with the Warner Chilcott Acquisition ($18.2 million) and higher legacy spend for both generics ($20.5 million) and branded products ($11.9 million), including biologics of $6.2 million, offset, in part, by $28.2 million of income relating to the reduction of acquisition related contingent consideration liabilities, net of accretion expense, including $24.3 million associated with the contingent consideration write-off of Estelle and Colvir.

Amortization for the three months ended June 30, 2014 increased as compared to the prior year period primarily as a result of amortization of identifiable assets acquired in the Warner Chilcott Acquisition ($282.8 million).

Goodwill Impairments

During the second quarter of 2013, concurrent with the availability of discrete financial information for our then new reporting units, we completed an extensive review of our operating businesses, including exploring options for addressing overall profitability of seven Western European commercial operations consisting of, among other things, restructuring their operations, refocusing their activities on specific sub-markets, as well as potential divestitures of such businesses to other third parties. The potential impact of these conditions was considered in our projections when determining the indicated fair value of our reporting units for the impairment tests that were performed. In the quarter ended June 30, 2013, we recorded an impairment charge related to the goodwill in the Actavis Pharma Europe reporting unit of $647.5 million as a result of our review.

Net Revenues	**$ 4,505.1**	**$ 3,378.5**	**$ 1,126.6**	**33.3%**

The increase in the Actavis Pharma net revenues is primarily due to the Warner Chilcott Acquisition, which contributed six months of sales in 2014 compared to no sales in the prior period ($974.5 million worldwide), including $877.3 million in North American Brands. The increase in North American Generics revenues was primarily the result of period-over-period increases in Lidocaine topical patch 5% (generic of Lidoderm®) of $251.3 million due to the timing of the launch in 2013 and Duloxetine HCI (generic of Cymbalta®), which was not sold in the first six months of 2013, of $110.1 million, offset in part by declines in Methlyphenidate ER (generic of Concerta®) of $196.3 million due primarily to decreased volume. Other movements within this category are due to product mix.

Cost of Sales

The increase in cost of sales was due to higher product sales as a result of the Warner Chilcott Acquisition ($306.7 million), including the impact of selling through a portion of the inventory associated with the fair value step-up of the October 1, 2013 Warner Chilcott inventory acquired ($209.5 million). Included in the six months ended June 30, 2013 was $93.5 million relating to the impact of selling through a portion of the inventory associated with the fair value step-up on inventory related to the Actavis Group Acquisition.

Table of Contents

Selling and Marketing Expenses

The increase in selling and marketing expenses was primarily due to higher selling and marketing costs associated with the Warner Chilcott Acquisition ($115.8 million), offset, in part, by decreased spending as a result of restructuring activities related to the Actavis Group during the year ended December 31, 2013.

General and Administrative Expenses

The increase in general and administrative expenses was due in part to increased operating costs related to the expansion of the Company s size, including costs incurred by Warner Chilcott for ongoing operating expenses of $91.1 million. Included in the six months ended June 30, 2014, were costs incurred relating to the Forest Acquisition of $48.6 million. Included in the six months ended June 30, 2013 were $30.8 million of charges incurred due to the settlements of ongoing litigation, as well as $22.6 million of costs incurred for the Warner Chilcott Acquisition and other costs associated with the restructuring of the Actavis Group.

Segment margin	5.0%	3.1%		1.9%

(1) Excludes amortization and impairment of acquired intangibles including product rights.

Net Revenues

The increase in revenues was primarily due to an increase in U.S. base product sales due to volume increases ($289.7 million) and an increase in period-over-period third party launches ($20.7 million).

Cost of Sales

The increase in cost of sales within our Anda Distribution segment was due to higher product sales. Cost of sales as a percentage of revenue increased to 86.4% compared to 85.5% in the prior year period primarily due to product and customer mix.

Selling and Marketing Expenses

The increase in selling and marketing expenses relate to higher freight costs and higher personnel costs.

General and Administrative Expenses

General and administrative expenses were in line period-over-period.

Provision for income taxes	$ 88.0	$ 79.6	$ 8.4	10.6%
Effective tax rate	*37.7%*	*(13.5)%*		

The Company s effective tax rate for the six months ended June 30, 2014 was 37.7% compared to (13.5)% for the six months ended June 30, 2013. The effective tax rate for the six months ended June 30, 2014 was impacted by income earned in jurisdictions with tax rates higher than the Irish statutory rate, losses in certain jurisdictions for which no tax benefit is provided, and the amortization of the step-up in inventory tax benefited at a lower rate than the Irish statutory rate. This was partially offset by the amortization of intangibles tax benefited at a higher rate than the Irish statutory rate. Additionally, the tax provision included a benefit of $9.7 million related to certain changes in the Company s uncertain tax positions. The effective tax rate for the six months ended June 30, 2013 was impacted by certain one-time non-deductible pre-tax expenses including a goodwill impairment charge of $647.5 million and a charge for consideration due to the former Actavis stakeholders of $150.3 million. This was partially offset by non-taxable pre-tax income of $15.0 million related to the Arrow Acquisition.

2013 Term Loan

WC Term Loan Agreement

On October 1, 2013 (the Closing Date), Warner Chilcott Corporation (WC Corporation), WC Luxco S.à r.l. (WC Luxco), WCCL (WC Company and, together with WC Corporation and WC Luxco, the WC Borrowers), as borrowers, and Warner Chilcott Finance LLC, as a subsidiary guarantor, became parties to the Warner Chilcott Term Loan Credit and Guaranty Agreement (the WC Term Loan Agreement), dated as of August 1, 2013, by and among the Company, as parent guarantor, Bank of America (BofA), as administrative agent thereunder and a syndicate of banks participating as lenders. Pursuant to the WC Term Loan Agreement, on the Closing Date, the lenders party thereto provided term loans to the WC Borrowers in a total aggregate principal amount of $2.0 billion, comprised of (i) a $1.0 billion tranche that will mature on October 1, 2016 (the Three Year Tranche) and (ii) a $1.0 billion tranche that will mature on October 1, 2018 (the Five Year Tranche). The proceeds of borrowings under the WC Term Loan Agreement, together with $41.0 million of cash on hand, were used to finance, the repayment in full of all amounts outstanding under Warner Chilcott s then-existing Credit Agreement, dated as of March 17, 2011, as amended by Amendment No. 1 on August 20, 2012, among the WC Borrowers, BofA, as administrative agent and a syndicate of banks participating as lenders.

Borrowings under the WC Term Loan Agreement bear interest at the applicable WC Borrower s choice of a per annum rate equal to either (a) a base rate plus an applicable margin per annum varying from (x) 0.00% per annum to 0.75% per annum under the Three Year Tranche and (y) 0.125% per annum to 0.875% per annum under the Five Year Tranche, depending on the publicly announced debt ratings for non-credit-enhanced, senior unsecured long-term indebtedness of the parent (such applicable debt rating the Debt Rating) or (b) a Eurodollar rate, plus an applicable margin varying from (x) 1.00% per annum to 1.75% per annum under the Three Year Tranche and (y) 1.125% per annum to 1.875% per annum under the Five Year Tranche, depending on the Debt Rating.

The outstanding principal amount of loans under the Three Year Tranche is not subject to quarterly amortization and shall be payable in full on the three year anniversary of the Closing Date. The outstanding principal amount of loans under the Five Year Tranche is payable in equal quarterly amounts of 2.50% per quarter prior to the fifth anniversary of the Closing Date, with the remaining balance payable on the fifth year anniversary of the Closing Date.

The Company is subject to, and, at June 30, 2014, was in compliance with, all financial and operational covenants under the terms of the WC Term Loan Agreement. As of June 30, 2014, the outstanding indebtedness under the Three Year Tranche and the Five Year Tranche was $925.0 million and $861.2 million, respectively. The book value of the outstanding indebtedness approximates fair value as the debt is at variable interest rates and re-prices frequently.

Amended and Restated Actavis, Inc. Credit and Guaranty Agreements

Amended and Restated ACT Term Loan

On the Closing Date and pursuant to the Term Loan Amendment Agreement (the Term Amendment Agreement), by and among Actavis, Inc., a wholly owned subsidiary of the Company, BofA, as administrative agent thereunder, and the lenders party thereto, dated as of August 1, 2013, the Company, as parent guarantor, Actavis WC Holding S.à r.l. (the ACT Borrower), as borrower, Actavis, Inc., as a subsidiary guarantor, and BofA, as administrative agent, entered into the Amended and Restated Actavis Term Loan Credit and Guaranty Agreement (the Existing ACT Term Loan Agreement), dated as of October 1, 2013. The ACT Term Loan Agreement amended and restated Actavis, Inc. s

$1,800.0 million senior unsecured term loan credit facility, dated as of June 22, 2012. At closing, an aggregate principal amount of $1,572.5 million was outstanding under the ACT Term Loan Agreement.
