PROXY STATEMENT

The accompanying Proxy is solicited by the Board of Directors of Alamo Group Inc., a Delaware corporation (the "Company"), to be voted at the 2006 Annual Meeting of Stockholders to be held on May 3, 2006, and at any adjournments thereof. The meeting will be held at 9:00 a.m. local time, at the Hyatt Regency Riverwalk Hotel, 123 Losoya Street, San Antonio, Texas. This Proxy Statement and the accompanying Proxy are being mailed to Stockholders on or about March 31, 2006. The Annual Report of the Company for fiscal 2005, including audited financial statements for the fiscal year ended December 31, 2005, and a proxy card are enclosed.

VOTING AND PROXIES

Only holders of record of Common Stock of the Company at the close of business on March 15, 2006 (the "Record Date"), shall be entitled to vote at the meeting. There were 20,000,000 authorized shares of Common Stock, par value \$.10 per share ("Common Stock"), of the Company and 9,750,409 shares of Common Stock outstanding on the Record Date. Each share of Common Stock is entitled to one vote. Any Stockholder giving a proxy has the power to revoke same at any time prior to its use by giving notice in person or in writing to the Secretary of the Company.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the 2006 Annual Meeting of Stockholders and any adjournment thereof.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. The inspectors of election will treat abstentions and broker non-votes as shares that are present for purposes of determining the presence of a quorum. Abstentions may be specified on all proposals except the election of directors. Abstentions are present and entitled to vote for purposes of determining the approval of any matter submitted to the Stockholders for a vote and will thus have the same effect as a negative vote for the item on which the abstention is noted. If a broker indicates on a proxy that it does not have the discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote with respect to that matter.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission (the "SEC") or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act.

The Audit Committee is comprised of three independent members of the Company's Board of Directors. Each member of the Audit Committee is independent under applicable law and NYSE listing requirements. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which the Board of Directors adopted on May 1, 2000 and reviews on an annual basis.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities in fiscal 2005, the Committee reviewed and discussed the quarterly Form 10-Q's and the audited financial statements included in the Annual Report with management, including quality, not just the acceptability, of the accounting principles, the reasonableness of significant adjustments, and the clarity of disclosures in the financial statements.

The Committee reviewed with management and with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the independent auditors with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1), and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the independent auditors the overall scope and plans for their audit. They also discussed with management the overall scope and plans for the Company's assessment of internal control. The Committee meets with the independent auditors and the internal auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held five meetings during fiscal year 2005. All members were present at the meetings.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC. The Audit Committee has also recommended, subject to stockholder ratification, the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year 2006. Audit, audit related and any permitted non-audit services provided to the Company by Ernst & Young LLP are subject to pre-approval by the Audit Committee.

THE NOMINATING/CORPORATE GOVERNANCE COMMITTEE

The Nominating/Corporate Governance Committee is comprised of Messrs. Goldress (Chairman), Douglass, Morris and Thomas. During 2005, the Committee held two meetings and all members were present. The Committee has the following responsibilities, among other things:

- Evaluate director candidates and sole authority to retain a search firm, approve its fees and scope of service
- Recommend to the Board of Directors nominees for Board election by the stockholders based upon their qualifications, knowledge, skills, expertise, experience and diversity
- Review Board composition to reflect the appropriate balance of knowledge, skills, expertise, experience and diversity
- Review size of the Board and meeting frequency
- Recommend to the Board standing committees
- Review, at least annually, the Code of Business Conduct & Ethics
- Oversee and establish procedures for the annual evaluation of the Board and management.

The Board of Directors has determined that the members of the Committee are independent under applicable law and NYSE listing requirements. The Committee's Charter is reviewed annually and may be viewed on the Company's website (www.alamo-group.com) under the "Our Commitment" tab.

The Nominating/Corporate Governance Committee will consider director candidates recommended by stockholders. The Committee's Policy Regarding Director Candidates Recommended by Stockholders, the Corporate Governance Guidelines (including our standards of director independence) and Code of Business Conduct and Ethics are on our website at (www.alamo-group.com) under "Our Commitment" tab and are available to any stockholder who requests them by writing to Alamo Group Inc., 1502 E. Walnut Street, Seguin, Texas 78155.

Any stockholder of the Company who complies with the notice procedures set forth below and is a stockholder of record at the time such notice is delivered to the Company may make a director recommendation for consideration by the Nominating/Corporate Governance Committee. A stockholder may make recommendations at any time, but recommendations for consideration as nominees at the annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date of the proxy statement released to stockholders in connection with the previous year's annual meeting. Therefore, to submit a candidate for consideration for nomination at the 2007 annual meeting of stockholders, a stockholder must submit the recommendation, in writing, by December 1, 2006. The written notice must demonstrate that it is being submitted by a stockholder of the Company and include information about each proposed director candidate, including name, age, business address, principal occupation, principal qualifications and other relevant biographical information. In addition, the stockholder must provide confirmation of each candidate's consent to serve as a director. A stockholder must send recommendations to the Nominating/Corporate Governance Committee, Alamo Group Inc., 1502 E. Walnut Street, Seguin, Texas 78155.

The Nominating/Corporate Governance Committee identifies, evaluates and recommends director candidates to the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating/Corporate Governance Committee places primary emphasis on (i) judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) diversity of viewpoints, backgrounds, experiences and other demographics; (iii) business or other relevant experience; and (iv) the extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of the Board will build a board that is active, collegial and responsive to the needs of the Company.

Upon identifying a director candidate, the Committee initially determines the need for additional or replacement Board members and evaluates all the director candidates under the criteria described above based on the information the Committee receives with the recommendation or otherwise possesses, which may be supplemented by certain inquiries. If the Committee determines, in consultation with other Board members including the Chairman, that a more comprehensive evaluation is warranted, the Committee may then obtain additional information about the director candidate's background and experience, including by means of interviews. The Committee will then evaluate the director candidate further, again using the evaluation criteria described above. The Committee receives input on such director candidates from other directors, including the Chairman, and recommends director candidates to the full Board of Directors for nomination. The Committee may engage a third party to assist in the search for director candidates or to assist in gathering information regarding a director candidate's background and experience. If the Committee engages a third party, the Committee approves the fee that the Company pays for these services. During the later part of 2005, the Committee engaged a third party to identify and recommend candidates for consideration by the Committee.

THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors, which consists of Messrs. Thomas (Chairman), Goldress, Morris, and Skaggs, met twice during fiscal 2005. All Committee members were present at the meeting. The duties and responsibilities of the Committee include, among other things:

- Review and approve, at least annually, the goals and objectives and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation, and employee benefit plans and make recommendations to the Board
- Evaluate annual performance of the CEO in light of the goals of the Company's executive compensation plans and recommend his or her compensation based on this evaluation
- In consultation with CEO, review, evaluate and recommend to the Board the compensation of all executive officers and key managers
- Evaluate and recommend to the Board compensation of directors for Board and Committee service
- Review and recommend to the Board any severance agreement made with any executive officer
- Review and recommend to the Board the amount and terms of all individual stock options
- Review and recommend to the Board all equity-based compensation plans that are subject to stockholder approval
- Issue the Annual Report on executive compensation required by the SEC for inclusion in the Company's proxy

The Board of Directors has determined that the members of the Committee are independent under applicable law and NYSE listing requirements. The Committee's Charter is reviewed annually and may be viewed on the Company's website (www.alamo-group.com) under the "Our Commitment" tab.

REPORT OF THE COMPENSATION COMMITTEE

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission (the "SEC") or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act.

The goals of the Company's compensation program are to attract, retain and motivate competent executive officers who have the experience and ability to contribute materially to the long-term success of the Company. The principal elements of compensation for executive officers are base salary, incentive payments and stock options.

Base salaries were determined by the Committee in February 2005, effective May 1, 2005 and again in February 2006, generally to be effective May 1, 2006, for each of the executive officers and key managers on an individual basis, taking into consideration the Company's performance and individual contributions to that performance, length of tenure with the Company, compensation levels of comparable positions and internal equities among positions. Among other things, the Committee considered the contributions of each officer and key manager to the success of the Company's business in recent years and to its foundation for sustained earnings growth, as well as each participant's role in achieving a higher level of customer satisfaction, increased market penetration and efficient utilization of assets and employees in the participant's area of responsibility. These factors are considered subjectively in the aggregate and none of the factors are accorded a specific weight. In selected cases, other factors may be considered.

The Committee meets once a year in executive session to evaluate the performance of the chief executive officer. Quantitative and qualitative performance measurements are established at the beginning of each year. The chief executive officer's compensation is based upon the Company's performance in relation to the plan and his contribution thereto. The plan includes profitable sales growth, improvement in operating margins, increased operating income and improved asset utilization. Profitable sales growth is derived from internal growth as well as the chief executive officer's ability to expand revenues through accretive acquisitions.

The base salary level for Ronald A. Robinson, President and Chief Executive Officer was set by the Committee in February 2005, effective May 1, 2005, at \$350,000 per annum and was reset at \$375,000 in February 2006 to be effective May 1, 2006. The base salary levels for all of the aforementioned officers and key managers were determined by the Committee based on those factors described in the preceding paragraphs and is generally effective on May 1, 2006.

In 1999, the Committee adopted a revised version of the Alamo Group Incentive Compensation Plan ("ICP"). The ICP is a cash incentive plan which allows the Committee to reward certain of the Company's upper and mid-level managers based upon three factors: the overall performance of the Company, the performance of the segment of the Company in which the employee is expected to contribute and the individual performance of the employee. ICP payments include a 75% objective component, with the remaining 25% based on subjective criteria. In February 2006, pursuant to the ICP, the Committee approved total incentive payments applicable to 2005 of \$620,346 to participating employees. These payments were expensed in 2005 and paid in March 2006. Incentive payments expensed in 2004 and paid in March 2005 totaled \$1,013,123. Included in these totals were ICP payments to Ronald A. Robinson, President and Chief Executive Officer, of \$295,547 and \$98,438, applicable to 2004 and 2005 respectively.

From time to time, the Committee has recommended and the Board of Directors has granted qualified and non-qualified stock options to executive officers, key employees and directors. Options are granted at exercise prices equivalent to the closing market price of the Company's stock on the effective date of grant and thus will have no ultimate value unless the value of the Company's stock appreciates. The Committee believes that these options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

On August 31, 1999, the Stockholders of the Company approved the 1999 Non-Qualified Stock Option Plan ("1999 NQSO Plan") for executive, managerial, professional or technical employees of the Company, and reserved 400,000 shares of Common Stock for issuance of options under the plan. On July 7, 1999 the Committee recommended, and the Board of Directors approved (subject to stockholder approval of the 1999 NQSO Plan), granting Non-Qualified Options to purchase 200,000 shares of the Company's Common Stock to Mr. Robinson. The exercise price for these options was \$8.9375 per share.

On August 31, 1999, the Stockholders of the Company also approved the First Amended and Restated 1994 Incentive Stock Option Plan ("FAR 1994 ISO Plan") to correct certain ambiguities and administrative issues. Upon recommendation by the Committee and approval by the Board of Directors, Incentive Stock Options to purchase 50,000 shares were granted to Mr. Robinson on July 7, 1999 at an option price of \$8.9375 per share and Incentive Stock Options to purchase 51,000 shares were granted to other executive officers and key members of management on August 31, 1999, at an option price of \$9.25 per share. There were no option grants in 2000. In 2001, 2002 and 2003 the Committee recommended and the Board of Directors granted to the Company's employees options on 16,000 shares, 21,000 shares and 72,000 shares, respectively, at option prices ranging from \$14.61 to \$14.63 per share in 2001, \$14.38 per share in 2002, and \$12.10 per share in 2003, under the FAR 1994 ISO Plan. In February 2004, the Committee recommended and the Board granted options on 25,000 shares to certain of its executive officers and key members of management, at an option price of \$17.85 per share. No additional options were granted before the expiration date of the FAR 1994 ISO Plan on April 28, 2004. As of December 31, 2005, Incentive Stock Options to purchase 131,750 shares remained outstanding.

OPTION/SAR GRANTS IN LAST FISCAL YEAR

The following table provides information on option grants in fiscal 2005 by Alamo Group Inc. to each of the named executive officers.

<u>Name</u>	<u>Number of Securities Underlying Options Granted (1)</u>	<u>Percent of Total Options Granted to Employees in Fiscal Year (2)</u>	<u>Exercise Price (\$/Shares)</u>	<u>Expiration Date</u>	<u>Grant Date Present Value (3)</u>

Richard J. Wehrle	3,000	5%	19.79	05/04/2015	\$ 17.80

- (1) All options granted in 2005 become vested and exercisable for up to 20% of the total optioned shares after one year following the grant of the option and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable.
- (2) In fiscal 2005, the Company granted options to employees to purchase 57,000 shares which include the above.
- (3) The Company used a modified Black-Scholes model of option valuation to determine grant date present value. The Company does not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. Calculations for the named executive officers are based on a ten-year option term which reflects the Company's expectation that its options, on average, will be exercised within ten years of grant. Other assumptions used for the valuations are: risk free rate of return of 6.0%; annual dividend yield of 2.0%; and volatility of 33.5%.

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission (the "SEC") or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act.

The following graph and table sets forth the cumulative total return to the Company's stockholders of our Common Stock during a five-year period ended December 31, 2005, as well as the performance of an overall stock market index (the S&P 500 Index) and the Company's selected peer group index (the Russell 2000 Index).

The Company believes that there does not exist a representative industry peer group of companies with a similar business segment profile. The SEC has indicated that companies may use a base other than industry or line of business for determining its peer group index, such as an index of companies with similar market capitalization. Accordingly, the Company has selected the Russell 2000 Index, a widely used small market capitalization index, to use as a representative peer group.

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

During fiscal year 2004, the Audit Committee of our Board of Directors adopted policies and procedures for the pre-approval of audit and non-audit services for the purpose of maintaining the independence of our independent auditors. We may not engage our independent auditors to render any audit or non-audit service unless either the service is approved in advance by the Audit Committee or the engagement to render the service is entered into pursuant to the Audit Committee's pre-approval policies and procedures. On an annual basis, the Audit Committee may pre-approve services that are expected to be provided to the Company by the independent auditors during the following twelve months.

The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent auditors, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent auditors are likely to provide the most effective and efficient service based upon their familiarity with the Company and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.
