PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Cognizant Technology Solutions Corporation of proxies to be voted at our Annual Meeting of Stockholders to be held on Tuesday, June 10, 2008 (the Meeting), at our headquarters, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey at 9:30 a.m. local time, and at any adjournment or adjournments thereof. Holders of record of shares of Class A Common Stock, \$0.01 par value (Class A Common Stock), as of the close of business on April 23, 2008, will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of that date, there were 288,839,154 shares of Class A Common Stock issued and outstanding and entitled to vote. Each share of Class A Common Stock is entitled to one vote on any matter presented to stockholders at the Meeting.

In this proxy statement, Cognizant, Company, we, us, and our refer to Cognizant Technology Solutions Corporation.

PROPOSALS

If proxies in the accompanying form are properly executed and returned, the shares of Class A Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Class A Common Stock represented by the proxies will be voted:

- (1) FOR the election of the two (2) Class II Director nominees;
- (2) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2008; and
- (3) In the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof.

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

This proxy statement, together with the related proxy card and our Annual Report to Stockholders for the year ended December 31, 2007, including financial statements (the Annual Report), is being mailed to all stockholders of record as of April 23, 2008. REQUIRED VOTE

The presence, in person or by proxy, of holders of the shares of Class A Common Stock having, in the aggregate, a majority of the votes entitled to be cast at the Meeting shall constitute a quorum.

The affirmative vote by the holders of a majority of the shares of Class A Common Stock voted at the Meeting is required for the uncontested election of Directors, provided a quorum is present in person or by proxy. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. All actions proposed herein other than the election of Directors require the affirmative vote of stockholders possessing a majority of the shares of Class A Common Stock present or represented at the Meeting and entitled to vote, provided a quorum is present in person or by proxy.

The presence of the holders of a majority of the outstanding shares of Class A Common Stock entitled to vote at the Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Shares not present at the meeting and shares voting abstain have no effect on the election of directors. For the proposal ratifying the selection of our independent registered public accounting firm, abstentions have the same effect as a negative vote. Broker non-votes are not counted for purposes of determining whether a proposal as to which the proxy does not confer voting authority has been approved and thus have no effect on the outcome of that proposal.

If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the election of directors and the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm, even if the record holder does not receive voting instructions from you.

QUESTIONS AND ANSWERS ABOUT THE 2008 ANNUAL MEETING OF STOCKHOLDERS

What is the purpose of the 2008 Annual Meeting of Stockholders?

At the 2008 Annual Meeting of Stockholders, our stockholders will be asked to:

1. Elect the two (2) Class II Director nominees;
2. Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2008; and
3. Stockholders also will transact any other business that may properly come before the meeting.

Who is entitled to vote?

The record date for the meeting is April 23, 2008. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the meeting is our Class A Common Stock. Each outstanding share of Class A Common Stock is entitled to one vote for all matters before the meeting. At the close of business on the record date there were 288,839,154 shares of Class A Common Stock issued and outstanding and entitled to vote.

What is the difference between being a record holder and holding shares in street name ?

A record holder holds shares in his or her name. Shares held in street name means shares that are held in the name of a bank or broker on a person's behalf.

Am I entitled to vote if my shares are held in street name ?

If your shares are held by a bank or a brokerage firm, you are considered the beneficial owner of those shares held in street name. If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the record holder), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

If you do not give instructions to your bank or brokerage firm within ten days of the meeting, it may vote on matters that the New York Stock Exchange (NYSE) determines to be routine, but will not be permitted to vote your shares with respect to non-routine items. Under the NYSE rules, the Election of Directors (Proposal 1) and the Ratification of Appointment of the Independent Registered Public Accounting Firm (Proposal 2) are routine matters. When a broker or bank has not received instructions from the beneficial owners or persons entitled to vote and the broker or bank cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes for or against any proposal.

As the beneficial owner of shares, you are invited to attend the 2008 Annual Meeting of Stockholders. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Class A Common Stock outstanding on the record date will constitute a quorum.

Who can attend the 2008 Annual Meeting of Stockholders?

All Cognizant stockholders entitled to vote at the meeting may attend our 2008 Annual Meeting of Stockholders.

Table of Contents

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, a majority of the outstanding shares represented at the Meeting, by proxy or in person, and entitled to vote may adjourn the meeting.

What does it mean if I receive more than one proxy card?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, sign and return each proxy card.

How do I vote?

If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in either the United States or Canada.

If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to registered stockholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the meeting will need to obtain a proxy form from their record holder.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote:

By signing another proxy with a later date; or

If you are a registered stockholder, by giving written notice of such revocation to the Secretary of Cognizant prior to or at the meeting or by voting in person at the meeting.

Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote in person at the meeting.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc., our inspectors of election, will tabulate and certify the votes. Alternatively, a representative of our transfer agent may serve as an inspector of election.

How does the Board of Directors recommend I vote on the proposals?

Your Board recommends that you vote FOR:

(1) the election of the two (2) Class II Director nominees; and

(2) the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2008.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors' recommendation is set forth together with the description of each proposal

in this proxy statement. In summary, the Board of Directors recommends a vote:

- (1) FOR the election of the two (2) Class II Director nominees; and

Table of Contents

- (2) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2008.

Will any other business be conducted at the meeting?

We know of no other business that will be presented at the meeting. If any other matter properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the Director nominees?

On April 18, 2008, the Board of Directors approved an amendment to the Company's Amended and Restated By-laws to change the vote standard for the election of directors from a plurality of votes cast to a majority of votes cast in uncontested elections. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. In contested elections the vote standard will continue to be a plurality of votes cast. In addition, the Board approved an amendment to the Amended and Restated By-laws to provide that director nominees proposed by shareholders must deliver a statement that, if elected, they agree to tender an irrevocable resignation, promptly upon failure to receive the required vote in a subsequent election, in accordance with the Company's Corporate Governance Guidelines that are applicable to all director nominees.

Abstentions are not counted as votes for or against this proposal.

Our Corporate Governance section, appearing later in this proxy statement, sets forth our procedures if a director-nominee does not receive the required vote for election or re-election. In an uncontested election, any nominee for Director who does not receive a majority of votes cast for his or her election is required to tender his or her resignation promptly following the failure to receive the required vote.

The Nominating and Corporate Governance Committee is required to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set out in our Corporate Governance section under Voting for Directors.

How many votes are required to ratify the appointment of our independent registered public accounting firm?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares of Class A Common Stock present at the meeting in person or by proxy and entitled to vote.

What is an abstention and how will abstentions be treated?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares voting abstain have no effect on the election of directors. For the proposal ratifying the selection of our independent registered public accounting firm, abstentions have the same effect as a negative vote.

How will broker non-votes be treated?

Broker non-votes will be treated as shares present for quorum purposes, but not considered entitled to vote on that matter. Therefore, broker non-votes do not count as votes for or against any proposal.

Where can I find the voting results of the 2008 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the 2008 Annual Meeting of Stockholders and to publish final results in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2008.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics and charters for our Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee. You can access our current committee charters and Code of Business Conduct and Ethics in the About Us section of our Web site under the Management & Governance tab located at www.cognizant.com or by writing to our Secretary at our offices at Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666.

Determination of Independence

Under NASDAQ Stock Market rules, a Director will only qualify as an independent director if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. Our Board of Directors has determined that none of John Fox, Robert Howe, John Klein, Robert Weissman or Thomas Wendel has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and that each of these Directors is an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Director Candidates

The process to be followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates shall include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential Director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of Class A Common Stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Voting for Directors

On April 18, 2008, the Board of Directors approved an amendment to the Company's Amended and Restated By-laws to change the vote standard for the election of directors from a plurality of votes cast to a majority of votes cast in uncontested elections. In accordance with the Company's Amended and Restated By-laws, if none of our stockholders provides the Company notice of an intention to nominate one or more candidates to compete with the Board's nominees in a Director election, or if our stockholders have withdrawn all such nominations by the day before the Company mails its notice of meeting to our stockholders, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a Director to tender his or her resignation if he or she fails to receive the required number of votes for re-election. The Board shall nominate for election or re-election as Director only candidates who agree to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon Board acceptance of such resignation. In addition, the Board shall fill Director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other Directors in accordance with this corporate governance guideline. If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the shareholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit such recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a Director's resignation.

Any Director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the Securities and Exchange Commission (the SEC).

If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

Communications from Stockholders

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Chairman of the Board and Secretary and General Counsel, are primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as they consider appropriate.

Under procedures approved by a majority of the independent Directors, communications are forwarded to all Directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Table of Contents

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors by emailing the Board of Directors at the following email address: corporategovernance@cognizant.com; or in writing: c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666.

Code of Business Conduct and Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our Directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted the Code of Business Conduct and Ethics on our Web site, which is located at www.cognizant.com. In addition, we intend to post on our Web site all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers from, any provision of our Code of Business Conduct and Ethics.

Attendance by Members of the Board of Directors at Meetings

There were seven meetings of the Board of Directors during 2007. Each Director attended at least 75% of the aggregate of all meetings of the Board of Directors held during the period in which he or she served as a Director and the total number of meetings held by the committee on which he or she served during the period, if applicable.

Our Corporate Governance Guidelines provide that Directors are expected to attend the annual meeting of stockholders. All of the Directors participated in the 2007 Annual Meeting of Stockholders by teleconference.

COMMITTEES OF THE BOARD

The Board of Directors has established three standing committees – Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee – each of which operates under a charter that has been approved by our Board of Directors. Current copies of each committee’s charter are posted on the “About Us” section of our Web site www.cognizant.com.

The Board of Directors has determined that all of the members of each of the Board’s three standing committees are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, all of the members of the Audit Committee are independent as defined by the rules of the NASDAQ Stock Market.

Audit Committee

Our Audit Committee’s responsibilities include:

appointing, approving the compensation of, and assessing the independence of, our independent registered public accounting firm;

overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from the independent registered public accounting firm;

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

monitoring our internal control over financial reporting, disclosure controls and procedures and Code of Business Conduct and Ethics;

Table of Contents

discussing and assessing our risk management policies;

meeting independently with our independent registered public accounting firm and management; and

preparing the audit committee report required by SEC rules (which is included on page 42 of this proxy statement).

Pursuant to the Audit Committee Charter, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2007 with our management and independent registered public accounting firm. Additionally, the Audit Committee has discussed with the independent registered public accounting firm the matters required by Statement of Auditing Standards (SAS) 61, as amended, has received the written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1 and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. Based in part on the foregoing, the Audit Committee recommended to the Board of Directors that the financial statements as of and for the year ended December 31, 2007 audited by PricewaterhouseCoopers LLP be included in our Annual Report on Form 10-K.

The members of the Audit Committee are Messrs. Howe, Klein and Wendel. During 2007, Messrs. Howe, Klein and Wendel were the only members of the Audit Committee. The Audit Committee was established in 1998 and met seven times during 2007. It is anticipated that Mr. Howe, if elected to the Board of Directors by our stockholders, will continue to serve on the Audit Committee. The Board of Directors has determined that Mr. Wendel is an audit committee financial expert as defined in Item 401(h) of Regulation S-K.

Compensation Committee

Our Compensation Committee, which is comprised of Messrs. Fox, Klein and Weissman, is responsible for the administration of all salary and incentive compensation plans for our officers and key employees, including bonuses. In addition, our Compensation Committee has the following principal duties:

annually reviewing and approving corporate goals and objectives relevant to our Chief Executive Officer's compensation;

determining our Chief Executive Officer's compensation;

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

Directors who are our employees or employees of our subsidiaries receive no cash remuneration for serving as Directors. All non-employee Directors, other than our Chairman, receive an annual retainer of \$20,000 for their service on the Board of Directors (with no additional fees paid for attendance at meetings of the Board of Directors). Our Chairman receives an annual retainer of \$120,000 (with no additional fees paid for attendance at meetings of the Board of Directors). All non-employee Directors receive \$1,500 for attendance at each meeting of a committee of the Board of Directors or \$2,000 for attendance at each meeting of a committee of the Board of Directors if serving as the chairperson of such committee meeting. All Directors who are not our employees or employees of our subsidiaries are eligible to participate in our Non-Employee Directors Stock Option Plan (the Director Plan) and the Incentive Plan.

The Director Plan became effective in December 1997 and was amended in March 1998 and February 2007. As of March 31, 2008, the maximum aggregate number of shares of Class A Common Stock reserved for issuance under the Director Plan was 1,716,000 shares, of which 8,000 shares remained available for future grant. The Director Plan, which is administered by the Compensation Committee, provides for the issuance of non-qualified stock options to purchase up to 360,000 shares of Class A Common Stock in any year to any of our Directors who is not our employee or an employee of one of our subsidiaries. Subject to the provisions of the Director Plan, the Compensation Committee has the authority to determine the non-employee Directors to whom options will be granted, the number of shares to be covered by each option and the terms and conditions of each option grant. The exercise price is determined by the Compensation Committee and will not be less than the fair market value of the underlying shares on the grant date. The options will vest and become exercisable in two successive equal annual installments upon the optionee's completion of each year of continued Board service over the two-year period measured from the grant date. Each option will have a maximum term of ten years, subject to earlier termination upon the optionee's cessation of Board service. In the event of an optionee's death or disability, the unexercised portion of an option will immediately vest in full and may be exercised until (i) the earlier of the end of the stated term of the option or five years after the date of death, in the case of a termination due to death, or (ii) the earlier of (A) the end of the stated term of the option and (B) five years after the date of termination or (if later) one year after the date of death, in the case of a termination due to disability. In the case of a termination for any other reason, the unexercised portion of an option may be exercised for the period ending ninety days after such termination, but only to the extent such option is exercisable at the time of termination.

Each of the options granted under the Incentive Plan will have an exercise price equal to the fair market value per share of Class A Common Stock on the grant date and a maximum term of ten years measured from such date. Each such option will vest and become exercisable in two successive equal annual installments upon the optionee's completion of each year of Board service over the two-year period measured from the grant date. Upon the occurrence of a change in control of Cognizant, as defined in the Incentive Plan, with certain exceptions, the Compensation Committee has the discretion to, among other things, accelerate the vesting of the options. Under the Incentive Plan, the optionee will have a limited period in which to exercise the option following his or her cessation of Board service, to the extent the option is vested and exercisable at that time. Upon the optionee's cessation of Board service by reason of death or disability, for options fully-vested at the time of such cessation of service, the limited exercise period for options granted under the Incentive Plan will expire upon the earlier of (i) the end of the stated option term or (ii) 12 months following the date of death or disability. Under the Incentive Plan, should the optionee cease Board service for any other reason, then he or she will have until the earlier of (i) the end of the stated option term or (ii) the expiration of the 90-day period following such cessation of service in which to exercise the option for any shares for which the option was vested at the time of such cessation of service.

PROPOSALS TO BE VOTED ON

PROPOSAL 1: ELECTION OF DIRECTORS

At this Meeting, two (2) Class II Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2011, or until their successors shall have been duly elected and qualified.

We currently have seven (7) Directors. A majority of votes cast is required for the election of directors.

A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. In contested elections (an election in which the number of nominees for director is greater than the number of directors to be elected) the vote standard will continue to be a plurality of votes cast.

In accordance with our Amended and Restated By-laws and Corporate Governance Guidelines, the Board will nominate for election or re-election as a Director only candidates who agree to tender, promptly following their failure to receive the required vote for election or re-election at the next meeting at which they would face election or re-election, an irrevocable resignation that will be effective upon acceptance by the Board. In addition, the Board will fill Director vacancies and new directorships only with candidates who agree to tender the same form of resignation, promptly following their appointment to the Board.

If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the shareholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit the recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

Any Director who tenders his or her resignation pursuant to this provision of our Corporate Governance Guidelines may not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer. If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote will appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

As set forth in our Restated Certificate of Incorporation, the terms of office of the members of the Board of Directors are divided into three classes: Class I, whose term will expire at the 2010 Annual Meeting of Stockholders; Class II, whose term will expire at the 2008 Annual Meeting of Stockholders; and Class III, whose term will expire at the 2009 Annual Meeting of Stockholders. The current Class I Directors are Lakshmi Narayanan and John E. Klein, the current Class II Directors are Robert W. Howe and Robert E. Weissman and the current Class III Directors are John N. Fox, Jr., Thomas M. Wendel and Francisco D. Souza.

At each Annual Meeting of Stockholders, the successors to Directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. If the number of Directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of Directors in each class as nearly equal as possible, and any additional Director of any class elected to fill a newly created directorship resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case shall a decrease in the number of Directors remove or shorten the term of any incumbent Director. This classification of our Board of Directors may have the effect of delaying or preventing changes in control or management of our Company.

Table of Contents

All Directors hold office until the expiration of their respective term and until their successors are duly elected and qualified. There are no family relationships among any of our executive officers, Directors and key employees.

It is the intention of the persons named in the enclosed form of proxy to vote the shares of Class A Common Stock represented thereby, unless otherwise specified in the proxy, for the election as Directors of the persons whose names and biographies appear below. All of the persons whose names and biographies appear below are at present our Directors. In the event any of the nominees should become unavailable or unable to serve as a Director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that the nominees named will be unable to serve if elected. Each of the nominees has consented to being named in this proxy statement and to serve if elected.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the election of these nominees as directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program and Philosophy

The following Compensation Discussion and Analysis describes the material elements of compensation for our Named Executives who are identified in the 2007 Summary Compensation Table. The Named Executives are the individuals who serve as our President and Chief Executive Officer; Vice Chairman; Chief Financial and Operating Officer; Chief Operating Officer, Global Client Services; and President and Managing Director, Global Delivery.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our Named Executives. The Compensation Committee operates under a written charter adopted by our Board of Directors and is comprised entirely of independent, non-employee directors as determined in accordance with various NASDAQ Stock Market, SEC and Internal Revenue Code rules. The Compensation Committee has the authority to engage its own independent advisor to assist in carrying out its responsibilities under its charter.

The Compensation Committee has designed the executive compensation program for our Named Executives to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Condition a substantial portion of an executive officer's compensation on both short-term and long-term performance that enhances stockholder value by linking rewards to measurable corporate and individual performance.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

Determination of Competitive Compensation and Engagement of Compensation Consultant

To achieve its objectives for our executive compensation program, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive with those of other growth technology companies that compete with us for executive talent and has periodically engaged an independent consultant to provide additional assurance that the Company's executive compensation programs are reasonable and consistent with its objectives. The consultant reports directly to the Compensation Committee, periodically participates in committee meetings and advises the Compensation Committee with respect to compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. Although the Compensation Committee reviews the compensation practices of our peer companies as described below, the Compensation Committee does not adhere to strict formulas or survey data to determine the mix of compensation elements. Instead, as described below, the Compensation Committee considers various factors in exercising its discretion to determine compensation, including the experience, responsibilities and performance of each Named Executive as well as the Company's overall financial performance. This flexibility is particularly important in designing compensation arrangements to attract and retain executives in a highly-competitive, rapidly changing market.

Table of Contents

In early 2007, the Compensation Committee engaged Watson Wyatt Worldwide, Inc. (Watson Wyatt) to evaluate the cash component of our executive compensation. The Compensation Committee had previously engaged Watson Wyatt in 2006 to review the equity component of our executive compensation and had engaged Pearl Meyer & Partners in 2002 to conduct a comprehensive review of the competitiveness of our executive compensation program generally. In 2007, Watson Wyatt benchmarked the cash component of our executive compensation against a group of similarly sized technology-related firms based on revenue and similarly sized technology-related firms based on headcount, including: Alliance Data Systems Corp., Autodesk Inc., Bearingpoint Inc., CACI International Inc., Ciber Inc., Fiserv Inc., Keane Inc., Micro Systems Inc., MPS Group Inc., Network Appliance Inc., Perot Systems Inc., SRA International Inc., Affiliated Computer Systems Inc., Automatic Data Processing Inc., DST Systems Inc., Hewitt Associates Inc., Sykes Enterprises Inc., and Unisys Inc.

The 2007 base salary increases to Messrs. D Souza, Coburn, Chandrasekaran and Mehta described below under Base Salary were based in part on the Compensation Committee s review of the benchmarks contained in the Watson Wyatt study at a high level to ensure that the Company s total compensation is within a reasonably competitive range. The Compensation Committee, however, does not attempt to set compensation components to meet specific benchmarks because the Compensation Committee believes that excessive reliance on benchmarking is detrimental to stockholder interests because it can result in compensation that is unrelated to the value delivered by the Named Executives. In reviewing the benchmarks, the Compensation Committee observed that the cash compensation paid to our Named Executives was below market averages and decided that it was appropriate to increase base salaries to a reasonably competitive range which is still below market averages, but more in line with the cash compensation paid to executives performing similar functions for comparable companies with which we compete for talent. At his request, for 2007, Mr. Narayanan s base salary remained unchanged and his annual non-equity incentive compensation was eliminated.

In addition, the Compensation Committee engaged Watson Wyatt again in latter part of 2007 to review all elements of executive compensation, benchmark such compensation in relation to other comparable companies with which we compete for executive talent and provide recommendations to ensure that our executive compensation program continues to enable us to attract and retain qualified executives through competitive compensation packages which will result in the attainment of our short-term and long-term strategic objectives. Watson Wyatt benchmarked our executive compensation against the same group of firms as it did in early 2007. The December 2007 performance-based stock unit grants to Messrs. D Souza, Coburn, Chandrasekaran and Mehta described below under Long-Term Incentives Stock-Based Awards were based in part on the recommendations of the Watson Wyatt study. In reviewing the recommendations of the Watson Wyatt study, the Compensation Committee determined it appropriate to establish a target compensation value that should be delivered to each Named Executive through long-term equity awards based on the factors discussed below in the section entitled Long-Term Incentives Stock-Based Awards.

Components of Compensation

Our executive compensation program utilizes four primary components to achieve the foregoing objectives. These four components comprise an executive s total direct compensation: base salary, non-equity incentive award for annual financial performance, cash bonus for special performance, and periodic stock-based awards. A major component of each Named Executive s compensation historically has been tied to equity compensation in the form of stock options which derived their value from appreciation of the market price of our Class A Common Stock.

Base Salary

The Compensation Committee reviews the base salaries of our Named Executives on an annual basis. The primary objective of the base salary component of an executive s total direct compensation is to provide financial stability and certainty through market competitive salary levels, recognizing experience, knowledge, skills, relative value and sustained contribution to our company. We make periodic adjustments to base salary based on individual performance and contributions, market trends, competitive position and our financial situation. For 2007, the Compensation Committee continued to advance its objective of moving away from large equity awards

Table of Contents

which were more typical during the initial phases of our company's growth and bringing base salary closer to market comparables for base salary levels in effect for officers at companies with which we compete for executive management. Consideration was also given to relative responsibility, seniority, experience and performance of each individual Named Executive. No specific weight was assigned to any of the above criteria relative to the Named Executives' compensation. In setting the base salary of the executive officers other than our Vice Chairman, the Compensation Committee also solicited evaluations from our Vice Chairman of their individual performance and considered such evaluations in making its recommendation for 2007 base salary increases. In addition, the base salaries are set to the location of our executives, with Messrs. Narayanan and Chandrasekaran based in India and Messrs. D. Souza, Coburn and Mehta based in the United States.

Based on this analysis, the base salaries of our Named Executives were increased in 2007 as follows:

Name	Date of Salary Increase	Salary Increase	New Salary Rate
Lakshmi Narayanan	1/1/2007	\$ 0	\$ 240,000*
Francisco D. Souza	1/1/2007	\$ 72,000	\$ 432,000
Gordon Coburn	1/1/2007	\$ 64,800	\$ 388,800
Ramakrishnan Chandrasekaran	1/1/2007	\$ 27,000	\$ 135,000*
Rajeev Mehta	1/1/2007	\$ 80,000	\$ 310,000

* New base salary rate is inclusive of the Company's matching contribution to the Indian Provident Fund. Such amount is included in the target in determining bonuses under the executive officer bonus program.

By setting base salaries at these levels, which the Compensation Committee believes are still below the 50th percentile for companies of similar size, value and complexity to our company today, the Compensation Committee continued its longstanding practice of tying the major portion of each executive officer's total compensation package to our financial performance and stock price growth.

Annual Non-Equity Incentive

We have designed our annual non-equity incentive program to stimulate and support a high-performance environment by tying such incentive compensation to the attainment of organizational financial goals and by recognizing superior performance. The annual cash incentive bonuses are intended to compensate for the achievement of these goals. The Compensation Committee determines actual cash incentive bonuses after the end of the fiscal year based upon company performance.

The Compensation Committee believes that each Named Executive's annual cash incentive bonus should be based upon the achievement of financial goals that are important to our stockholders. The Company and its Compensation Committee believe that our stockholders value and measure the performance of the Named Executives based principally on the growth of revenue, operating income and cash flow, and thus incentive targets based upon revenue (excluding the impact of 2007 acquisitions), operating income (excluding the impact of stock-based compensation and related stock-based Indian fringe benefit tax expense and 2007 acquisitions) and Days Sales Outstanding (DSO) are the most appropriate. Over the past several years, one of our principal goals has been to grow revenue at an industry-leading pace, while maintaining operating margin and DSO. The annual cash incentive bonus has been set in an effort to achieve this operating performance. We set annual incentive target levels for our Named Executives based on a percentage of their salary. For 2007, the applicable percentages were as follows:

Name	Percentage of Salary Payable at Target Award Level
Lakshmi Narayanan	N/A
Francisco D. Souza	70%
Gordon Coburn	70%
Ramakrishnan Chandrasekaran	70%
Rajeev Mehta	70%

Table of Contents

The Compensation Committee determined the revenue, operating income and DSO targets for the 2007 fiscal year that would be used for each of the Named Executives at the time, and it also set a minimum and maximum threshold for each component of the annual incentive target as shown in the table below.

	Threshold	Target (dollars in thousands)	Maximum
Revenue	\$ 1,963,405	\$ 2,122,600	\$ 2,281,795
Operating income	\$ 382,864	\$ 413,907	\$ 444,950
Days sales outstanding	81	70	60
Payout as a percent of target	50%	100%	200%

In addition, the Compensation Committee determined that the weighting of the components of the annual cash incentive bonus target would be:

Achievement of revenue target 50%

Achievement of operating income target 40%

Achievement of DSO target 10%

Due to the high growth objectives set for the revenue and operating income components, there was substantial uncertainty at the time the Compensation Committee established the performance goals for 2007 as to the likelihood of the Company's attainment of the targeted levels of performance. However, the Company has significantly exceeded the target level of attainment for the performance goals established in each of the four fiscal years prior to 2007.

The maximum amount a Named Executive can earn under the annual cash incentive bonus plan is 200% of the target bonus amount, and for performance below the threshold level, no bonus will be paid for a particular component. Based on the 2007 corporate performance against the metrics described above, the Compensation Committee approved the following annual bonus payments to the executive officers:

Name	2007 Bonus Award	Award as Percentage of Target Award Opportunity
Lakshmi Narayanan	N/A	N/A
Francisco D Souza	\$ 346,651	115%
Gordon Coburn	\$ 311,986	115%
Ramakrishnan Chandrasekaran	\$ 108,328	115%
Rajeev Mehta	\$ 248,754	115%

Special Bonus

There were no special bonuses awarded in 2007.

Long-Term Incentives Stock-Based Awards

We provide long-term incentive compensation through equity incentive awards. Traditionally, we have made such awards in the form of stock options that vest over multiple years. During 2007, our Compensation Committee shifted its strategy on the use of equity-based compensation to include performance-based stock units. The Compensation Committee currently plans to alternate between grants of stock options and performance-based stock units each year going forward. We believe that stock-based grants provide our executive officers with a strong incentive to manage the Company from the perspective of an owner with an equity stake in the long-term success of the business, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants should further our goal of executive retention, because this feature provides an incentive to our executive officers to remain in our employ during the vesting period.

Table of Contents

Beginning in 2007, the Compensation Committee, based upon Watson Wyatt's recommendation, began using performance-based stock units as part of our long-term incentive program. Such stock units will only vest upon the attainment of pre-established financial objectives measured over a period of one or more years. We believe that such performance-based stock units will be a valuable addition to our long-term incentive program for several reasons, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, our desire to strengthen the link between pay and performance by tying the vesting of equity awards to financial measures that will promote stockholder value, and making such awards less subject to market volatility. There will also be a more direct correlation between the financial statement cost we must recognize for those awards and the value delivered to the recipients of those awards.

In considering the grants for the 2007 fiscal year, the Compensation Committee first established a target compensation value that it wants to deliver to the Named Executives through long-term equity awards. In doing so, the Compensation Committee took into account various factors, including the number of stock options that each of our executive officers had previously been awarded, the gains realized in connection with prior option grants and the number of vested and unvested options held by that individual, the base salary of the executive officer and the heavy weight placed on equity in the mix of total compensation, and the perceived retention value of the total compensation package in light of the competitive environment. The Compensation Committee also took into account the size of comparable awards made to individuals in similar positions within the industry, the scope, responsibility and business impact of the officer's position, the individual's potential for increased responsibility and promotion over the performance unit term, and the individual's personal experience and performance in recent periods. Once the target value was established, the Compensation Committee determined the number of stock units by reference to the current value of the Company's Class A Common Stock.

Based on the foregoing considerations, the Named Executives received the following performance-based stock unit awards in 2007:

Name	Date of Grant	Performance-based Stock Unit Awards
Lakshmi Narayanan		
Francisco D. Souza	December 6, 2007	77,093
Gordon Coburn	December 6, 2007	55,066
Ramakrishnan Chandrasekaran	December 6, 2007	35,242
Rajeev Mehta	December 6, 2007	44,053

Table of Contents

Such performance-based stock units were granted pursuant to the Company's Incentive Plan. The table below sets forth the number of shares of Class A Common Stock under the performance-based stock units that will vest if (i) the Committee (as such term is defined in the Incentive Plan) determines that the annual net sales growth for the calendar year ending coincident with the relevant measurement date meets or exceeds the applicable targets for such year, and (ii) the participant remains employed by or continues to serve the Company, or any subsidiary thereof, as an employee, non-employee director, independent contractor or otherwise on December 31, 2010. The number of performance-based stock units that will vest for performance between the applicable threshold targets will be determined using straight-line interpolation, rounded down to the preceding whole number. The number of shares underlying the performance-based stock units was calculated using the closing price of a share of our Class A Common Stock on December 5, 2007, equal to \$31.78 per share.

Supplemental Retirement Programs

We do not have any non-qualified deferred compensation programs, pension plans or supplemental executive retirement plans for our executive officers, except for Mr. Coburn. We established a non-qualified deferred compensation program for Mr. Coburn in order to provide him with the equivalent economic value of the retirement plan in which he participated in while we were majority-owned by IMS Health. Accordingly, Mr. Coburn is entitled to an annual company contribution equal to 6% of his base salary and earned annual performance bonus.

Broad-Based Programs

Our U.S.-based executive officers are eligible to participate in our broad-based medical, dental and vision insurance, life and accidental death insurance, and 401(k) employee savings plan and our employee stock purchase plan on the same basis as all other regular employees. Under the 401(k) savings plan, we match employee contributions at the rate of 50% for each dollar contributed during each pay period, up to the first 6% of the amount contributed during each pay period. The matching contributions immediately vest. The 401(k) savings plan and other generally available benefit programs allow us to remain competitive for employee talent.

Our India-based executive officers are eligible to participate in our broad-based medical, dental and vision insurance, life and accidental death insurance, and in the India Provident Fund and India Gratuity Plan, which are statutory benefit programs, on the same basis as all other regular employees. Under the India Provident Fund, we make a matching contribution equal to 12% of the employee's basic salary, which is a component of the employee's total salary. This contribution immediately vests. The India Gratuity Plan provides for a lump-sum payment, based on number of years of service, to an employee upon termination of employment from the Company.

Table of Contents

We believe that the availability of the aforementioned broad-based benefit programs generally enhances employee morale and loyalty.

Perquisites

We seek to maintain an egalitarian culture in our facilities and operations. The Company's philosophy is to provide a minimum of personal benefits perquisites to its executives and generally only when such benefits have a business purpose.

We incur expenses to ensure that our employees, including our executive officers, are accessible to us and our customers at all times and to promote our commitment to provide our employees and executives with the necessary resources and items of technology to allow them to operate around the clock in a virtual office environment. However, we do not view these expenses as executive perquisites because they are essential to the efficient performance of their duties and are comparable to the benefits provided to a broad-based group of our employees. In addition, if an immediate family member accompanies an executive to attend a business function at which such family member is generally expected to attend, the Company reimburses the executive for the related travel expenses. Each of the Named Executives receives a perquisite in the form of an annual physical exam.

Equity Grant Practices

The Compensation Committee or the Board of Directors approves the stock option grants at its regularly scheduled meetings or by written consent. Grants approved during a regularly scheduled meeting become effective on the date of the meeting. Grants approved by unanimous written consent become effective as of the date the Company is in receipt of all signed consents. In addition, our Board of Directors has authorized an executive committee of company management, comprised of Messrs. Narayanan, D Souza and Coburn to issue options to newly hired and existing employees in accordance with the Company's policy governing the grant of stock options which is detailed below.

The Compensation Committee or the Board of Directors approves performance-based stock unit grants at its regularly scheduled meetings or by written consent. Grants approved during a regularly scheduled meeting become effective on the date of the meeting. Grants approved by unanimous written consent become effective as of the date the Company is in receipt of all signed consents. The grant of performance-based stock units to executives in December 2007 were made in accordance with the timing requirements of the Company's written policy governing the grant of stock options described below, meaning the grants were made outside of the Company's earning black-out periods. The Board of Directors intends to continue to comply with such timing policy with respect to all future grants of performance-based stock units to employees of the Company. Accordingly, it is the intention of the Board of Directors to grant no performance-based stock units to employees of the Company on a date that falls within one of the Company's earnings black-out periods (period beginning fifteen days prior to the end of each fiscal quarter (i.e., March 31, June 30, September 30 and December 31) and ending with and including the second business day following the quarterly announcement of the earnings of the Company for such quarter).

The Compensation Committee does not engage in any market timing of the equity awards made to the executive officers or other award recipients. There is no established practice of timing our awards in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. It is our intent that all stock option grants, whether made by the Compensation Committee or a committee of our executive officers to whom the Board delegates authority to make option grants in accordance with the policy (the Executive Committee), have an exercise price per share equal to the fair market value of our Class A Common Stock based on the closing market price per share on the grant date.

The Company has a written policy governing the grant of stock options. The policy applies equally to grants of stock options to executives and other employees. The policy provides, among other things, that:

Stock option grants may be made by the Executive Committee, the Board of Directors or the Compensation Committee, provided the Executive Committee shall not grant options to any of its members or to any employee subject to Section 16 reporting as defined by the SEC that are not members of the Executive Committee;

The exercise price of each stock option shall not be less than 100 percent of the fair market value of our Class A Common Stock on the date of grant based on the closing market price per share on such date;

Stock options granted by the Executive Committee must be within the guidelines set forth in the policy and may only be granted on the fourteenth (14th) day of a calendar month or, if the fourteenth (14th) day is a day that the Class A Common Stock is not publicly traded, then on the last preceding trading date. The grants are reported to the Board at its next regularly scheduled meeting;

Except for grants to non-employee members of the Board (which shall only be issued with a grant date coincident with the date of the Company's Annual Meeting of Stockholders or, with respect to the initial grant made to a non-employee Board member who is first elected or appointed to the Board other than at the Annual Meeting, the date of his or her initial election or appointment to the Board), no stock options shall be granted on a date that falls within one of the Company's earnings black-out periods (period beginning fifteen days prior to the end of each fiscal quarter (i.e., March 31, June 30, September 30 and December 31) and ending with and including the second business day following the quarterly announcement of the earnings of the Company for such quarter);

No stock options shall be granted by the Executive Committee to one individual that collectively exceed 10,000 shares (subject to certain adjustments provided for under the policy) during any rolling twelve month period without approval by the Board or the Compensation Committee;

No stock option grant by the Executive Committee shall have a term in excess of ten years; a vesting schedule other than twenty-five (25) percent per year over a four-year period measured from the grant date; or contain terms other than those specified in the applicable plan document; and

All option grants to employees subject to Section 16 reporting as defined by the SEC shall be made by the Compensation Committee comprised solely of two or more outside directors as determined under Internal Revenue Code Section 162(m) and the applicable Treasury Regulations (or by the Board so long as (i) any member of the Board that does not so qualify as such an outside director recuses himself or herself, and (ii) any such grant is made by two or more members of the Board who do qualify as such outside directors).

Ongoing and Post-Employment Compensation

The Company recognizes that a change of control can create uncertainty for its employees that may result in loss or distraction of executives during a critical period. As a result, we have entered into a Severance and Noncompetition Agreement (collectively, the Severance and Noncompetition Agreements) with each of the Named Executives under which certain payments and benefits would be provided should the executive officer's employment terminate under certain circumstances, including in connection with a change in control. Under these agreements, other than in the case of a termination for cause, the Named Executive will receive his then-current base salary for the one-year period commencing on the effective date of such termination and his full bonus for the year in which the termination occurs (assuming achievement of 100% of applicable performance targets), payable, in each case, in the same amounts and at the same time intervals as the base salary and bonus would otherwise have been paid prior to such termination. In addition, such agreements provide that all options held by the Named Executive will vest in full immediately upon a change of control. Pursuant to such agreements, each Named Executive has agreed not to engage in any competitive business in any capacity for one year following termination of employment and not to solicit any of our employees to leave our employ within the one-year period following termination of employment. Our executive officers are also bound by confidentiality

covenants that protect our confidential information and business. We believe that the Severance and Noncompetition Agreements continue to achieve two important goals crucial to our long-term financial success, namely, the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. These agreements will allow our participating executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. We believe that these severance packages are also fair and reasonable in light of the years of service our executive officers have rendered us (average tenure of over 10 years), the level of dedication and commitment they have rendered us over that period, the contribution they have made to our growth and financial success and the value we expect to receive from retaining their services, including during challenging transition periods following a change in control.

None of the Named Executives are entitled to any tax gross-up payments with respect to the tax liability they incur with respect to such severance benefits, including the absence of any tax gross-up with respect to any payment deemed to be parachute payment under Internal Revenue Code Section 280G.

The material terms of the Named Executive's compensation are described below in the section of the proxy statement entitled "Potential Payments upon Termination or Change in Control" on page 36.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain of the corporation's executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be performance-based. Non-performance based compensation paid to the Company's executive officers for the 2007 fiscal year did not exceed the \$1 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the executive officers for fiscal 2008 will exceed that limit. However, the Compensation Committee believes it is important to maintain incentive compensation at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation. Accordingly, the Compensation Committee may provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to the Company's financial performance or future equity awards other than in the form of stock options, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. In establishing such cash and equity incentive compensation programs for the Company's executive officers, the Compensation Committee believes that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor.

Role of Executive Officers in Determining Executive Compensation

Our Vice Chairman and our President and Chief Executive Officer, aided by our finance department, provided statistical data and made recommendations to the Compensation Committee to assist it in determining 2007 compensation levels. In addition, our Vice Chairman provided the Compensation Committee with a detailed review of the performance of the other executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for the 2007 fiscal year. While the Compensation Committee utilized this information and valued management's observations with regard to compensation, the ultimate decisions regarding executive compensation were made by the Compensation Committee.

- (1) Represents the range of performance bonuses that can be earned by the Named Executive if the minimum threshold, target and maximum performance targets are achieved. The bonus is prorated if performance levels are achieved between the threshold and target levels or between the target and maximum levels. Performance below the minimum threshold results in no bonus payout to the Named Executive. The methodology and performance criteria applied in determining these potential bonus amounts are discussed under Compensation Discussion and Analysis Annual Non-Equity Incentive on page 25 of this proxy statement. The actual cash bonus paid to each Named Executive for his 2007 performance is reported as Non-Equity Incentive Plan Compensation above in the 2007 Summary Compensation Table. In each case, the Named Executive received a bonus in excess of his target amount based on 2007 performance.

Potential Payments upon Termination or Change in Control

No Named Executive has an employment agreement that provides a specific term of employment. Accordingly, the employment of each Named Executive may be terminated at any time at the discretion of our Board of Directors.

We have entered into a Severance and Noncompetition Agreement with each of the Named Executives and we have entered into stock option agreements pursuant to the Incentive Plan with each of our Named Executives, except for Mr. Mehta and Mr. Chandrasekaran (collectively, the Stock Option Agreements), that provide certain benefits upon the termination of their employment under certain prescribed circumstances. Those agreements are summarized as follows:

Severance and Noncompetition Agreements with Francisco D Souza, Gordon Coburn, Lakshmi Narayanan, Rajeev Mehta and Ramakrishnan Chandrasekaran. Under the Severance and Noncompetition Agreement, if we terminate a Named Executive's employment without cause (a qualifying termination), we will pay such individual his then-current base salary for the one-year period commencing on the effective date of such termination and his full bonus for the year in which the termination occurs (assuming achievement of 100% of applicable performance targets), payable, in each case, in the same amounts and at the same time intervals as the base salary and bonus would otherwise have been paid in the absence of such termination.

Under the Severance and Noncompetition Agreement, cause is generally defined to include: (i) willful malfeasance or willful misconduct by the Named Executive in connection with his employment, (ii) continuing failure to perform such duties as are requested by the Board of Directors, (iii) failure by the Named Executive to observe material policies of the Company applicable to him or (iv) the commission by the employee of (x) any felony or (y) any misdemeanor involving moral turpitude.

The Severance and Noncompetition Agreement also provides that in the event of a change in control, all of the Named Executive's options to purchase Class A Common Stock of the Company then held by him will immediately vest in full without regard to the vesting provisions thereof and will immediately be exercisable for the full number of shares of Class A Common Stock subject to such options.

Pursuant to the Severance and Noncompetition Agreement, a change in control (as defined by the Company's Key Employees Stock Option Plan) is generally defined as one of the following: (i) any person (other than (A) the Company, (B) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, (C) any subsidiaries of the Company, or (D) any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company),

becomes the beneficial owner, directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the Company's then-outstanding securities; (ii) during any period of 24 months, individuals who at the beginning of such period constitute the Board, and any new director (other than (A) a director nominated by a person who has entered into an agreement with the Company to effect a certain transactions, (B) a director nominated by any person (including the Company) who publicly announces an intention to take or to consider taking actions (including, but not limited to, an actual or threatened proxy contest) which if consummated would constitute a change in control or (C) a director nominated by any person who is the beneficial owner, directly or indirectly, of securities of the Company representing 10% or more of the combined voting power of the Company's securities) whose election by the Board or nomination for election by the Company's stockholders is or was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved cease for any reason to constitute at least a majority thereof; (iii) the stockholders of the Company approve any transaction or series of transactions under which the Company is merged or consolidated with any other company, other than a merger or consolidation (A) which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 66 2/3% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation and (B) after which no person holds 35% or more of the combined voting power of the then-outstanding securities of the Company or such surviving entity; or (iv) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Stock Option Agreements with Francisco D. Souza, Gordon Coburn and Lakshmi Narayanan for grants issued in 2001 and 2003. Except to the extent provided in any employment agreement or severance agreement between the Named Executive and the Company, the provisions of the Stock Option Agreements will apply to such individual's stock options upon a termination of his employment with the Company. Under the Stock Option Agreements for grants issued in 2001 and 2003, if we terminate a Named Executive's employment for cause, all his unvested options will be cancelled and options that are vested and exercisable may be exercised in whole or in part at any time prior to the earlier of the expiration date and the date 90 days after the termination date. The definition of "cause" under the Stock Option Agreements is substantially the same as the definition described above for the Severance and Noncompetition Agreement. Under the Stock Option Agreements, the expiration date is ten years after the grant date.

If a Named Executive's employment is terminated by reason of death or disability, all his options will become immediately vested and will be exercisable in whole or in part at any time prior to the earlier of the expiration date and the date one year after the termination date. The Stock Option Agreements defined "disability" as the inability to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which constitutes a permanent and total disability, as defined in Section 22(e) (3) of the Internal Revenue Code of 1986, as amended (or any successor section thereto).

If a Named Executive's employment is terminated due to retirement, all options will become immediately vested and will be exercisable in whole or in part at any time prior to the earlier of the expiration date and the date three years after the termination date. For the Stock Option Agreements for grants issued in 2001 and 2003 with Messrs. D. Souza and Coburn, the definition of "retirement" is defined as such individual's termination after reaching 55 years of age. However, for the Stock Option Agreements with Mr. Narayanan for grants issued in 2001 and 2003, the definition of "retirement" is defined as his termination after reaching 55 years of age, or termination by the Company without cause after reaching 50 years of age and 5 years of service with the Company.

If a Named Executive's employment is terminated for any reason other than for cause, death or disability or retirement, then all his options that are unvested will be cancelled and options that are vested and exercisable may be exercised in whole or in part at any time prior to the earlier of the expiration date and the date 12 months after the termination date.

While we believe that the amounts shown above and the assumptions upon which they are based provide reasonable estimates of the amounts that would have been due to the Named Executives in the event that any of the circumstances described above had occurred on December 31, 2007, the actual amounts due to the Named Executives upon a triggering event will depend upon the actual circumstances and the then applicable provisions of the Severance and Noncompetition Agreements, Stock Option Agreements and the Incentive Plan.

- (1) Represents one year's additional salary based on the salary earned by such Named Executive in 2007 and bonus payout at 100% of the 2007 target. In addition, for Mr. Narayanan, the amount shown represents the value of the extension of the option term of all outstanding options at December 31, 2007 that were granted in 2001 and 2003 for Mr. Narayanan from 90 days to three years estimated by using the Black-Scholes option pricing model, in accordance with the provisions of SFAS 123R.
- (2) Represents the aggregate intrinsic value of the accelerated vesting of the Named Executive's unvested stock options. The amounts shown are based solely on the intrinsic value of the accelerated stock options in connection with a change in control without a qualifying termination or termination upon death or disability.

Table of Contents

Intrinsic value is calculated by multiplying (i) the amount by which the fair market value of our Class A Common Stock on December 31, 2007 of \$33.94 exceeds the applicable exercise price by (ii) the assumed number of option shares vesting on an accelerated basis on December 31, 2007.

- (3) The amount shown represents the value of the extension of the option term of all outstanding options at December 31, 2007 for the Named Executive from 90 days to three years estimated by using the Black Scholes option pricing model, in accordance with the provisions of SFAS 123R.
- (4) The amount shown represents the fair value estimated by using the Black-Scholes option pricing model in accordance with the provisions of SFAS 123R, of the extension of the term from 90 days to one year of any outstanding and vested 2001 and 2003 stock option grants to the Named Executive. If Mr. Narayanan is terminated for other reasons, he will be entitled to the same benefits as stated for retirement because he has attained 50 years of age and completed five years with the Company.

In addition to the foregoing amounts indicated in the above table, Messrs. Narayanan and Chandrasekaran will each be entitled to the post-employment lump sum payment provided under the Indian Gratuity Plan, as described in the section below entitled 2007 Pension Benefits Table. Mr. Coburn will also be entitled to the balance of his non-qualified deferred compensation account, as described in the section below entitled 2007 Non-Qualified Deferred Compensation Table, which appears on page 40 of this proxy statement.

The Audit Committee has furnished the following report:

To the Board of Directors of Cognizant Technology Solutions Corporation:

The Audit Committee of the Board of Directors is currently composed of three members and acts under a written charter first adopted and approved on May 17, 2000. The current Audit Committee charter is available in the "About Us" section of the Company's Web site located at www.cognizant.com. The members of the Audit Committee are independent Directors, as defined in its charter and the rules of the NASDAQ Stock Market. The Audit Committee held seven meetings during 2007.

Management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. The Company's independent registered public accounting firm is responsible for performing an independent integrated audit of the Company's annual financial statements and the effectiveness of the Company's internal control over financial reporting. The Audit Committee is responsible for providing independent, objective oversight of these processes.

The Audit Committee has reviewed the Company's audited financial statements for the fiscal year ended December 31, 2007 and has discussed these financial statements with management and the Company's independent registered public accounting firm. The Audit Committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that such independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Statement on Auditing Standards (SAS) 61 (*Communication with Audit Committees*), as amended. SAS 61 requires the Company's independent registered public accounting firm to discuss with the Audit Committee, among other things, the following:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the conclusions of the Company's independent registered public accounting firm regarding the reasonableness of those estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that, in the auditor's professional opinion, may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from Cognizant. The Audit Committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to the Company is compatible with maintaining such firm's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.
