2016 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This proxy statement and the enclosed form of proxy are solicited on behalf of Sprouts Farmers Market, Inc., a Delaware corporation, by our board of directors for use at the 2016 Annual Meeting of Stockholders (referred to as the *Annual Meeting*) and any postponements or adjournments thereof. The Annual Meeting will be held at the Sprouts Farmers Market Store Support Office, 5455 East High Street, Suite 111, Phoenix, Arizona 85054, on Tuesday, **May 3, 2016** at **8:00 a.m.** local time.

Internet Availability of Proxy Materials

In accordance with rules adopted by the Securities and Exchange Commission (referred to as the *SEC*) that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2015 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2015 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials are being first provided on or about March 21, 2016 to all stockholders entitled to vote at the meeting.

Record Date

Stockholders of record at the close of business on the record date of March 7, 2016 are entitled to notice of and to vote at the meeting.

Number of Outstanding Shares

On the record date, there were 150,564,816 outstanding shares of our common stock, par value \$0.001 per share.

Requirements for a Quorum

The holders of a majority of the issued and outstanding shares of common stock entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Each stockholder voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

Votes Required for Each Proposal

Assuming that a quorum is present, directors shall be elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Therefore, the two nominees who receive the greatest number of affirmative votes cast shall be elected as directors. Our stockholders do not have cumulative voting rights for the election of directors.

Table of Contents

The advisory vote on the compensation of our named executive officers for fiscal 2015 (commonly referred to as a say-on-pay proposal) and the proposal to ratify PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2017 shall each be decided by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote thereon.

Although the say-on-pay vote is non-binding, it will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will consider when determining executive compensation for the years to come.

The vote on each matter submitted to stockholders is tabulated separately. Broadridge Financial Solutions, or a representative thereof, will tabulate the votes.

Our Board's Recommendation for Each Proposal

Our board of directors recommends that you vote your shares:

FOR each of the two Class III director nominees;

FOR the say-on-pay proposal; and

FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2017.

Voting Instructions

You may vote your shares by proxy by doing any one of the following: vote via the Internet at www.proxyvote.com; call 1-800-690-6903 to vote by telephone; sign, date, and return your proxy or voting instruction card in the prepaid enclosed envelope to vote by mail; or attend the Annual Meeting to vote in person. When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed.

If a proxy card is properly executed and returned and no voting specification is indicated, the shares will be voted (1) for the election of each of the two nominees for director set forth in this proxy statement, (2) for the non-binding advisory resolution to approve the compensation paid to our named executive officers for fiscal 2015, (3) for the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2017, and (4) as the persons specified in the proxy deem advisable in their discretion on such other matters as may come before the meeting. As of the date of this proxy statement, we have received no notice of any such other matters.

If you attend the Annual Meeting, you may vote in person even if you have previously voted via the Internet or by phone or returned a proxy or voting instruction card by mail, and your in-person vote will supersede any vote previously cast.

Broker Non-Votes and Abstentions

If you are a beneficial owner of shares held in street name and do not provide the broker, bank, or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote your shares on routine matters but cannot vote on non-routine matters. If the broker, bank, or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is commonly referred to as a broker non-vote.

Table of Contents

The election of directors (referred to as *Proposal 1*) and the say-on-pay proposal (referred to as *Proposal 2*) are matters considered non-routine under applicable rules. A broker, bank, or other nominee cannot vote without your instructions on non-routine matters; as a result, there may be broker non-votes on Proposals 1 and 2. **For your vote to be counted in the above proposals, you will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the Annual Meeting using the voting instruction form provided by your broker, bank, or other nominee.**

The ratification of appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2017 (referred to as *Proposal 3*) is a matter considered routine under applicable rules. A broker, bank, or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected in connection with Proposal 3.

Broker non-votes and abstentions each are counted for determining the presence of a quorum. The election of directors requires a plurality of votes cast. Neither broker non-votes nor any withhold votes in the election of directors will have any effect thereon. Because they represent votes present and entitled to vote that are not cast in favor of a proposal, abstentions will have the same effect as votes against Proposal 2 or Proposal 3. Broker non-votes, however, do not represent votes present and entitled to vote on non-routine matters, and therefore, will have no effect on Proposal 2.

Revoking Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy (via Internet, telephone, or mail) bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the Broker Non-Votes and Abstentions section of this proxy statement for purposes of determining the approval of any matter submitted to stockholders for a vote. The election inspector need not be a stockholder, and any of our directors or officers may be an inspector on any question other than a vote for or against his or her election to any position with our company or on any other matter in which he or she may be directly interested.

Voting Results

The final voting results from the Annual Meeting will be publicly disclosed in a Current Report on Form 8-K to be filed with the SEC within four business days of the Annual Meeting.

Costs of Solicitation of Proxies

We will bear the cost of this solicitation, estimated to be approximately \$56,000. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation. We do not currently intend to engage any third-party proxy solicitor.

Householding

We are required to provide an Annual Report to all stockholders who receive this proxy statement. To reduce future costs to our company, if you are a stockholder of record and have more than one account

Table of Contents

in your name, or reside at the same address as other stockholders of record, you may authorize us to discontinue duplicate mailings of future Annual Reports, commonly referred to as householding. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving an Annual Report. If you are voting via the Internet or by telephone, you can either follow the prompts when you vote or give instructions to discontinue duplicate mailings of future Annual Reports. Street name stockholders who wish to discontinue receiving duplicate mailings of future Annual Reports should review the information provided in the proxy materials mailed to them by their bank or broker. If, now or in the future, you wish to receive a separate copy of the Annual Report, please notify us by sending a written request to our Corporate Secretary at our principal executive offices, 5455 East High Street, Suite 111, Phoenix, Arizona 85054, and we will deliver a separate copy.

You are entitled to attend the Annual Meeting only if you are a stockholder as of the close of business on March 7, 2016, the record date, or hold a valid proxy for the meeting. In order to be admitted to the Annual Meeting, you must present proof of ownership of Sprouts stock on the record date. This can be:

We will be unable to admit anyone who does not present identification or refuses to comply with our security procedures. The use of cameras or other recording devices will not be allowed at the Annual Meeting.

Table of Contents**Board Structure**

Our certificate of incorporation and bylaws provide for a classified board of directors with staggered three-year terms, consisting of three classes as follows:

Class	Director	Independent
Class I (term expires at 2017 annual meeting)	Terri Funk Graham	
	J. Douglas Sanders	Yes
	Steven H. Townsend	No
Class II (term expires at 2018 annual meeting)	Joseph Fortunato	Yes
	Lawrence P. Molloy	Yes
	Shon A. Boney	
Class III (term expires at 2016 annual meeting)	Amin N. Maredia	Yes
		No

Our board of directors has determined that Mr. Fortunato, Ms. Graham, Mr. Molloy and Mr. Townsend each qualify as an independent director, as defined in the corporate governance rules of the NASDAQ Stock Market, and in fiscal 2015, our board reaffirmed this determination with respect to Mr. Fortunato, Ms. Graham, Mr. Molloy and Mr. Townsend and also determined that Mr. Boney and Mr. Andrew S. Jhawar (who served as a member of our board throughout 2015 until his resignation on February 23, 2016) qualified as independent directors under such rules. There are no family relationships among any of our directors, director nominees, or executive officers.

Only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year terms. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. Our directors may be removed for cause by the affirmative vote of the holders of a majority of our voting stock.

The division of our board of directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our company.

Board Leadership Structure

Our board of directors has no policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the Board. It is the board's view that rather than having a rigid policy, the board, with the advice and assistance of the nominating and corporate governance committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether to institute a formal policy. Currently, our leadership structure separates these roles, with Mr. Sanders serving as our Executive Chairman of the Board and Mr. Maredia serving as our Chief Executive Officer. Our board believes that separating these roles provides the appropriate balance between strategy development, flow of information between management and the board of directors, and oversight of management. We believe this provides guidance for our board of directors, while also positioning our Chief Executive Officer as the leader of the company in the eyes of our customers, team members, and other stakeholders. As Executive Chairman, Mr. Sanders, among other responsibilities, oversees planning of the annual board calendar and

develops meeting agendas, presides over regularly scheduled meetings of the board, serves as a liaison between the directors, and performs such additional duties as our board of directors may otherwise determine and delegate. By having Mr. Sanders serve as Executive Chairman of the Board, Mr. Maredia is better able to focus his attention on running our company.

In addition, the board believes that it obtains effective additional board leadership through the role of a Lead Independent Director and appointed Mr. Townsend to that position in February 2015. The Lead Independent Director presides over executive sessions of the independent members of the board, assists the

Executive Chairman with setting the board calendar and agenda for board meetings, serves as a liaison between the Executive Chairman and independent directors, consults with major stockholders, as appropriate, and performs such additional duties as our board may otherwise determine and delegate.

The Board's Role in Risk Oversight

Our board of directors is primarily responsible for overseeing our risk management processes. Our board, as a whole, determines the appropriate level of risk for our company, assesses the specific risks that we face, and reviews management's strategies for adequately mitigating and managing the identified risks. Although our board administers this risk management oversight function, our audit, compensation, and nominating and corporate governance committees support our board in discharging its oversight duties and addressing risks inherent in their respective areas. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Board Participation

Our board of directors held four formal meetings in fiscal 2015 and took action by written consent one time. During fiscal 2015, each of our directors attended at least 75% of the total number of meetings of our board of directors and of the committees on which they serve. We regularly schedule executive sessions during which the independent directors meet without the presence or participation of management.

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our board of directors on or around the same day as our annual meeting of stockholders. Each of our directors attended our 2015 annual meeting of stockholders.

Board Committees

Our board of directors has the authority to appoint committees to perform certain oversight and administration functions. Our board of directors has an audit committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by the board of directors.

Audit Committee

Our audit committee consists of Lawrence P. Molloy, Chairperson, Joseph Fortunato, and Steven H. Townsend. Our board of directors has determined that each such individual is independent under the rules of the SEC and the NASDAQ Stock Market and is an audit committee financial expert within the meaning of SEC regulations. Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The audit committee has the following responsibilities, among others things, as set forth in the audit committee charter:

reviewing and pre-approving the engagement of our independent registered public accounting firm to perform audit services and any permissible non-audit services;

evaluating the performance of our independent registered public accounting firm and deciding whether to retain its services;

monitoring the rotation of partners of our independent registered public accounting firm on our engagement team as required by law;

conducting an annual assessment of the performance of the audit committee and its members, and the adequacy of its charter; and

establishing procedures for the receipt, retention, and treatment of complaints received by us regarding financial controls, accounting, or auditing matters.

Our audit committee formally met four times during fiscal 2015.

Compensation Committee

Our compensation committee consists of Steven H. Townsend, Chairperson, Terri Funk Graham, and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards, and a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act.

The compensation committee has the following responsibilities, among other things, as set forth in the compensation committee's charter:

reviewing, modifying, and approving (or if it deems appropriate, recommending to the full board of directors regarding) our overall compensation strategy and policies and discussing such compensation with our independent registered public accounting firm;

reviewing (or if it deems appropriate, recommending to the full board of directors regarding) performance goals and objectives relevant to the compensation of our executive officers and assessing their performance against these goals and objectives;

reviewing and recommending to the full board of directors the compensation of our directors;

Nominating and Corporate Governance Committee

For fiscal 2015, our nominating and corporate governance committee consisted of Terri Funk Graham, Chairperson, Joseph Fortunato, and Lawrence P. Molloy, and effective February 23, 2016, upon the recommendation of the committee, our board of directors appointed Shon A. Boney to the nominating and corporate governance committee to replace Mr. Molloy. Our board of directors has determined that each such individual is independent under the rules of the NASDAQ Stock Market.

The nominating and corporate governance committee has the following responsibilities, among other things, as set forth in the nominating and corporate governance committee's charter:

reviewing periodically and evaluating director performance on our board of directors and its applicable committees, and recommending to our board of directors and management areas for improvement;

establishing criteria and qualifications for membership on the board of directors and its committees;

interviewing, evaluating, nominating, and recommending individuals for membership on our board of directors;

reviewing and recommending to our board of directors any amendments to our corporate governance policies; and

reviewing and assessing, at least annually, the performance of the nominating and corporate governance committee and the adequacy of its charter.

Our nominating and corporate governance committee formally met two times during fiscal 2015 and took action by written consent one time.

Identifying and Evaluating Director Candidates

Our nominating and corporate governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our board of directors. Stockholders wishing to recommend director candidates for consideration by the nominating and corporate governance committee may do so by writing to our Corporate Secretary at our principal executive offices set forth in this proxy statement, and giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

The evaluation process for director nominees who are recommended by our stockholders is the same as for any other nominee and is based on numerous factors that our nominating and corporate governance committee considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity reflecting ethnic background, gender, and professional experience, and the extent to which the nominee would fill a present need on our board of directors.

Board Diversity

While we do not have a formal policy outlining the diversity standards to be considered when evaluating director candidates, our objective is to foster diversity of thought on our board of directors. To accomplish that objective, the nominating and corporate governance committee considers ethnic and gender diversity, as well as differences in perspective, professional experience, education, skill, and other qualities in the context of the needs of our board of directors. Nominees are not discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability, or any other basis prohibited by law. The nominating and corporate governance committee evaluates its effectiveness in achieving diversity on the board of directors through its annual review of board member composition.

Table of Contents**DIRECTOR COMPENSATION**

Only directors that are considered independent under applicable SEC and NASDAQ rules received consideration for service on our board of directors, with the exception of Doug Sanders, as discussed below. In 2015, our independent directors received the following cash compensation: an annual retainer of \$45,000, annual committee retainer fees of \$10,000 per committee assignment, an annual retainer of \$15,000 for the chairperson of our audit committee, annual retainers of \$10,000 for the compensation and nominating committee chairpersons, and an annual \$15,000 retainer for our lead independent director, all payable quarterly. We also pay for or reimburse directors for approved educational seminars and for travel expenses related to attending board and committee meetings.

In addition to the cash compensation discussed above, our independent directors also received annual equity compensation for 2015 of \$60,000, comprised 50% in the form of restricted stock units (referred to as *RSUs*) vesting one-third on each anniversary of the grant date, and 50% in the form of time-based stock options vesting quarterly over three years. The number of RSUs granted to each independent director was determined using the 20-day trailing average closing sales price as of the grant date. The number of options granted to each independent director was determined by dividing the grant date value by the Black-Scholes value per share of our common stock as of the grant date. The exercise price is equal to the closing price of our common stock on the grant date.

For fiscal 2016, the annual equity compensation given to independent directors will increase to \$80,000, comprised of \$50,000 in the form of RSUs vesting one-third on each anniversary of the grant date and \$30,000 in the form of time-based stock options vesting one-third on each anniversary of the grant date.

Section One Overview and Executive Summary***Executive Changes in 2015***

In August 2015, Doug Sanders was appointed Executive Chairman of our board of directors and, in connection with this appointment, Mr. Sanders stepped down from his role as Chief Executive Officer and President. In connection with Mr. Sanders' appointment as Executive Chairman, we entered into an agreement with Mr. Sanders that provided for continued payment of his current base salary of \$560,000 for the remainder of 2015, continued eligibility to vest in his previously granted equity awards and to receive his target annual bonus of 100% of base salary for fiscal 2015, and eligibility to receive certain payments in the event he no longer serves as Executive Chairman. See *Employment Agreements*.

Effective upon Mr. Sanders' transition from Chief Executive Officer and President to Executive Chairman in August 2015, our board of directors appointed Amin Maredia as Chief Executive Officer. Mr. Maredia previously served as our Chief Financial Officer. In connection with Mr. Maredia's appointment as Chief Executive Officer, we entered into an amended and restated employment agreement with Mr. Maredia that provided for an increase in his annual base salary to \$600,000, a target annual bonus of 100% of base salary, and the grant of options to purchase 1,200,000 shares of our common stock. The term of the agreement is three years, subject to one-year extension periods, and provides for severance payments in the event of termination or a change in control. See *Employment Agreements*.

Also effective August 2015, our board of directors appointed James Nielsen as President and Chief Operating Officer. Mr. Nielsen previously served as our Chief Operating Officer. In connection with Mr. Nielsen's appointment as President and Chief Operating Officer, we entered into an amendment to Mr. Nielsen's employment agreement that provided for an increase in his annual base salary to \$500,000, a target annual bonus of 70% of base salary, and the grant of options to purchase 500,000 shares of our common stock. See *Employment Agreements*.

Table of Contents

Effective upon Mr. Maredia's appointment as Chief Executive Officer, Susannah Livingston was appointed to serve as our interim Chief Financial Officer and Treasurer, a position she held until March 1, 2016, when Bradley Lukow became Chief Financial Officer and Treasurer. Ms. Livingston serves as our Vice President of Investor Relations and Treasury. No compensation arrangements were made with Ms. Livingston in connection with her service as interim Chief Financial Officer and Treasurer.

Our compensation committee generally makes executive compensation determinations in February of each year. Ms. Livingston became our interim Chief Financial Officer in August 2015. As a result, the compensation committee did not determine her compensation for 2015 because she was not an executive officer at the time 2015 executive compensation decisions were made. All decisions with respect to her 2015 compensation were made by our then Chief Executive Officer, Mr. Sanders, in consultation with our then-Chief Financial Officer, Mr. Maredia.

Compensation Program Background and Philosophy

Our executive compensation program is administered by the compensation committee of our board of directors comprised entirely of independent directors. Our executive compensation program is intended to attract, motivate, and retain executives and reward the creation of stockholder value. We seek to provide executive compensation packages that are competitive with comparable companies (our peer group discussed below along with other market survey data) and reward the achievement of short-term and long-term performance goals.

Like most companies, we use a combination of fixed and variable compensation to reward and incentivize strong performance, as well as to align the interests of our executives with those of our stockholders. When making compensation decisions, the compensation committee takes into consideration the value of total direct compensation (referred to as *TDC*) provided to executives and where that value falls in relation to comparable companies. While the compensation committee does not target a specific percentile of comparable companies when making compensation decisions, the committee generally looks to position the value of TDC near the 50th percentile of comparable companies, which we believe will enable us to remain competitive in attracting and retaining qualified executive officers. Our compensation committee's decisions on target compensation are also influenced by a variety of additional factors, including compensation mix, the executive's performance, skills, experience, time in the role, and scope of responsibility.

At our 2015 annual meeting, our stockholders overwhelmingly approved, on an advisory basis, the 2014 compensation of our executive officers described in our 2015 proxy statement. Approximately 99% of the votes cast on the matter were voted For such advisory say-on-pay approval, while approximately 1% were voted Against.

Our compensation committee took this approval into account as one of many factors it considered in connection with the discharge of its responsibilities. Our compensation committee continued to refine our executive compensation program for 2015 and 2016 as described further below, as a demonstration of its attention to corporate governance and its emphasis on the link between pay and performance.

2015 Fiscal Year Performance

Fiscal 2015 was a strong year for our company despite operating in a challenging environment. We accelerated our business and strength in the industry with our focused principles of health, selection, value, and customer engagement. We continued to execute on key business strategies that we believe will drive long-term growth and stockholder value creation. Some of our fiscal 2015 highlights include:

Opening 27 new stores, representing unit growth of 14%;

Net sales of \$3.59 billion; a 21% increase from 2014;

Table of Contents

Comparable store sales growth of 5.8% and two-year combined comparable store sales growth of 15.7%;

Net income increased to \$129.0 million;

Diluted earnings per share of \$0.83; and

Adjusted EBITDA¹ of \$302.1 million; a 14% increase from 2014.

Executive Summary of Our Fiscal 2015 Executive Compensation Program and Actions Taken for 2016

For 2015, our pay mix consisted of base salary, annual performance-based cash bonuses based on our achievement of Plan EBITDA (as defined below) and comparable store sales performance goals, and time-vest equity incentives consisting of stock options and performance-based restricted stock (referred to as *performance shares*) based on our achievement of earnings per share performance goals. We have no guaranteed bonuses, no pension plans or other executive retirement plans except our 401(k) plan available to all team members, and limited executive perquisites consisting only of payment of health and life insurance premiums for certain of our named executive officers.

We believe that this mix of compensation, including the performance shares and annual performance-based cash bonus program tied to company financial and operational objectives, closely links executive officer compensation to performance. We did not meet the target level of performance for either of our Plan EBITDA or comparable store sales performance goals that were established for our cash incentive plan for fiscal 2015. Accordingly, the cash bonus awards paid to our executive officers under this plan for fiscal 2015 were less than the targeted amounts. See *Performance-based Cash Bonus*.

In 2016, at-risk pay will continue to comprise a significant portion of our executive compensation, particularly for our most senior officers. Our compensation committee has determined to continue to emphasize our pay-for-performance philosophy by using Plan EBITDA and comparable store sales for our annual performance-based bonuses and adopting performance share awards that reward annual performance and three-year cumulative performance. See *Committee Actions Taken for 2016*.

¹ Adjusted EBITDA is a non-GAAP financial measure that is explained and reconciled to the comparable GAAP measure in Appendix A to this proxy statement. We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation, amortization and accretion, excluding store closure and exit costs, gains and losses from disposal of assets, public offering expenses and the loss on extinguishment of debt and certain other items we do not consider representative of our ongoing financial performance.

Table of Contents**Section Two Elements of our Compensation Program**

The elements of our 2015 executive compensation program are presented below in summary format and more fully explained in the sections that follow:

Cash Compensation	Base Salary	Base salary is designed to provide a competitive fixed rate of pay recognizing different levels of responsibility and performance within our company.
	Performance-based Bonus	Our performance-based bonus is an annual cash incentive program designed to reward team members for achieving company goals.
Long-Term Incentive Compensation	Stock Options	Stock options are granted to provide incentive for long-term creation of stockholder value. Time-based stock options represented 50% of the annual long-term incentive grant value in fiscal 2015.
	Performance Shares	Performance shares are granted to provide incentive for long-term creation of stockholder value. Performance shares represented 50% of the annual long-term incentive grant value in fiscal 2015.
Benefit Programs	Health, Welfare and Retirement Programs	Executives participate in the same benefit programs that are offered to other salaried team members. Our benefits are designed to provide market competitive benefits to protect team members and their covered dependents health and welfare and provide retirement benefits in the form of a 401(k).
Other	Perquisites	Limited perquisites are provided to certain executives in the form of company-paid health and life insurance premiums.

Base Salary

Base salary is a fixed portion of compensation that reflects the compensation committee's (and the Chief Executive Officer's in the case of other named executive officers) assessment of the individual named executive officer's performance, skills, experience, time in the role, and scope of responsibility.

Performance-based Cash Bonus

We utilize performance-based cash incentives to motivate executives to attain short-term objectives that align with long-term business goals. Meeting or exceeding our annual business and financial goals is important to executing our business strategy and delivering long-term value to stockholders. Individual award opportunities vary by job level and are generally set so that, along with other components of compensation, the executives' TDC targets the 50th percentile of comparable companies.

Our performance-based cash bonus plan is based upon (1) Adjusted EBITDA (as defined above), as adjusted for any income or expense that is unusual, non-recurring or extraordinary, as the compensation committee of our board deems appropriate (referred to as *Plan EBITDA*), and (2) comparable store sales growth. No incentive award is payable to executives unless a pre-established minimum of 95% of the Plan EBITDA goal is achieved.

The performance-based cash bonus plan focuses executives on critical financial and operational goals. Our compensation committee believes that Plan EBITDA is a primary indicator to our stockholders of overall business health, and its use achieves our desire to use a measure of profitability that drives stockholder value creating behaviors. The second measure, comparable store sales growth, focuses executive officers on both strengthening our

core business and making our stores more productive.

Each executive officer has a target performance-based cash bonus opportunity, expressed as a percentage of base salary (referred to as the *Target Bonus*), with the ability to earn above or below that target based on our company's actual performance.

At the beginning of 2015, the compensation committee and board of directors approved the financial and operational goals for the company. The compensation committee also reviewed and approved

Table of Contents

the Target Bonus opportunity for each executive officer. If Plan EBITDA and comparable store sales growth were 100% of the established targets, our executive officers would be each entitled to receive 100% of such officer's respective Target Bonus. In addition, each executive officer had the opportunity to earn an out performance bonus ranging up to 200% of such officer's Target Bonus (referred to as *Total Bonus Opportunity*). The Target Bonus and Total Bonus Opportunity for our executive officers for 2015 were as follows:

Compensation Tier	Target Bonus (as % of Base Salary)	Total Bonus Opportunity (as % of Base Salary)
Tier I (CEO)	100%	200%
Tier II (COO and CFO)	70%	140%
Tier III (other named executive officers)	50%	100%

Because such a large percentage of executive officer compensation is performance-based, our compensation committee invests significant time determining the annual financial target for our performance-based cash bonus program. In general, management makes the initial recommendation for the financial target based upon our company's annual board-approved budget, and these recommendations are reviewed and discussed by the compensation committee and its advisors. The major factors used in setting one or more targets for a particular year are the results for the most recently-completed year and the budget for the current year. Other factors taken into account may include general economic and market conditions. Our compensation committee sets the final corporate performance goal during our first quarter, typically at a level our compensation committee believes is challenging, but reasonable, for management to achieve.

Award payouts are determined each February following completion of the plan year by measuring the performance against each award component. In determining whether the performance ranges are met, the compensation committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual, or infrequently occurring events. We must achieve a minimum of 95% of the Plan EBITDA target for any payout to be earned under the performance-based cash bonus plan. The 2015 incentive award target goals and 2015 results and corresponding bonus percentages relative to the target amounts are shown below.

Weighting	Rational for Measure	Target Goal	2015 Results	Bonus Percentage Achieved
Plan EBITDA (75%)	Reflects overall business health and is a measure of profitability that drives stockholder value	\$314.0 million	\$306.2 million	43.8%
Comparable Store Sales (25%)	Demonstrates strength in core business	7.0%	5.8%	0.0%

Equity Incentive Compensation

Each year we grant equity-based awards to executive officers and key team members to motivate and reward them for creating long-term stockholder value. Long-term incentive awards are generally established so that, when added to total cash compensation, the target TDC for an individual executive is competitive with the 50th percentile of comparable companies. In 2015, our compensation committee determined to grant to our executive officers time-vest stock options and performance shares. The value of such equity awards increases or decreases as a result of changes in the market price of our common stock, creating opportunities in the event of successful market performance of our shares, aligning the interests of

Table of Contents

our named executive officers with our stockholders. In late 2015, the compensation committee further refined our performance share structure for 2016, as set forth in the table below.

Award	2015 Weighting	2016 Weighting	Vesting Terms and Other Conditions
Stock Options	50%	25%-50%	<p>For 2016, our CEO, President and COO, and CFO received 50% stock options and 50% performance shares (described below). Our other executive officers received 50% performance shares, 25% stock options, and 25% RSUs.</p> <p>The exercise price of the stock options equals the closing price on the date of grant. Options vest annually over three years and expire after seven years.</p>
Performance Shares	50%	50%	<p>Performance shares for 2015 were earned after a one-year performance period based on achievement of earnings per share targets. Such performance shares vest 50% on the second anniversary of the grant date and 50% on the third anniversary of the grant date.</p> <p>Performance shares for 2016 reward annual performance as well as three-year cumulative performance, and are subject to our company achieving certain annual and cumulative Plan EBIT (as defined below) performance targets based on our long-term financial objectives. If annual targets are achieved, one-third of the award will be considered earned. If earned, such performance shares vest 100% on the third anniversary of the grant date.</p> <p>The number of shares of our common stock subject to performance shares is determined by the 20-day trailing average closing price for our common stock as reported on the grant date.</p>
RSUs	-	0-25%	<p>For 2016, except for our CEO, President and COO, and CFO, our executive officers received time-vest RSUs that vest one-third on each anniversary of the grant date.</p>

The number of shares of our common stock subject to RSUs is determined by the 20-day trailing average closing price for our common stock as reported on the grant date.

Benefits and Perquisites

We provide our named executive officers with benefits that our board of directors believes are reasonable and in the best interests of our company and our stockholders. Consistent with our compensation philosophy, we maintain competitive benefit packages for our named executive officers. The compensation committee, in its discretion, may revise, amend, or add to an officer's benefits if it deems it advisable. We believe these benefits are generally equivalent to benefits provided by comparable companies.

Retirement Plan Benefits. We sponsor a 401(k) defined-contribution plan (referred to as the *401(k) Plan*) covering substantially all eligible team members, including our named executive officers. Team member contributions to the 401(k) Plan are voluntary. Contributions by participants are limited to their annual tax deferred contribution limit by the Internal Revenue Service. We contribute an amount up to 50% of the first 6% of the eligible compensation deferred by a participant.

Health and Welfare Benefits. We offer medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance for all eligible team members. Named executive officers are eligible to participate in the same plans as other eligible team members.

Perquisites. We pay the premium amounts for medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance plans on behalf of certain of our named executive officers.

Section Three How Executive Pay is Established

Role of Our Compensation Committee

Our compensation committee, which is comprised entirely of independent directors, is responsible for overseeing our executive compensation policies and programs with the goal of maintaining compensation that is competitive and reflects the long-term interests of our stockholders. You can learn more about the compensation committee's purpose, responsibilities, and structure by reading the committee's charter posted on our website at www.sprouts.com. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

While our Chief Executive Officer and other executive officers may attend meetings of the compensation committee or our board of directors from time to time, the ultimate decisions regarding executive officer compensation are made solely by the members of our compensation committee. These decisions are based not only on our compensation committee's deliberations, but also on input requested from outside advisors, including our compensation committee's independent compensation consultant, with respect to, among other things, market data analyses. The final decisions relating to our Chief Executive Officer's compensation are determined solely by our compensation committee. Decisions regarding other executive officers are made by our compensation committee after considering recommendations from our Chief Executive Officer.

Role of the Compensation Consultant

Our compensation committee may periodically engage the services of independent compensation consultants to provide advice in connection with making executive compensation determinations. The chairperson of our compensation committee, in consultation with other committee members, defines the scope of any consultant's engagement and related responsibilities. These responsibilities may include, among other things, advising on issues of executive compensation and equity compensation structure and assisting in the preparation of compensation disclosure for inclusion in our SEC filings. In fulfilling its responsibilities, the independent compensation consultant may interact with management or our other outside advisors to the extent necessary or appropriate.

For purposes of establishing our 2015 compensation program, our compensation committee engaged Mercer, Inc. (referred to as *Mercer*) as its independent compensation consultant to provide the committee with an executive compensation assessment, peer group analysis, and related compensation advice. During 2015, our management also engaged Mercer for the provision of employee benefits brokerage services for which we paid \$9,800. These services were performed by different offices of Mercer and were unrelated to compensation services. In addition, our management engaged affiliates of Mercer to provide certain services, and in 2015, we paid these affiliates \$240,000 for the provision of insurance brokerage services, \$124,000 for the provision of loss prevention consulting services, \$27,200 for the provision of actuarial services, and \$64,000 for the use of its risk management information system.

The compensation committee's independent compensation consultant provides analyses and recommendations that inform the committee's decisions, but it does not decide or approve any compensation decisions. For 2015, Mercer developed criteria used to identify peer and other comparable companies for executive compensation and performance comparisons, and reviewed and discussed with the committee various proposals presented to the committee by management. Mercer also provided updates on market trends and the regulatory environment as it related to executive compensation. Mercer representatives met informally with the chairperson of the committee and with certain members of our management team, and formally with our compensation committee during a telephonic meeting.

The compensation committee considered the factors set forth in the NASDAQ Stock Market rule regarding compensation advisor independence. Specifically, the Compensation Committee analyzed

Table of Contents

whether the work of Mercer as compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Mercer; (ii) the amount of fees from our Company paid to Mercer as a percentage of Mercer's total revenue; (iii) the policies and procedures of Mercer that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Mercer or the individual compensation advisors employed by Mercer with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the compensation committee; and (vi) any stock of our company owned by Mercer or the individual compensation advisors employed by Mercer.

In late 2015, the compensation committee determined to discontinue its engagement with Mercer, and to engage Hay Group as its new independent compensation consultant. The compensation committee considered the above factors related to compensation advisor independence and based on the foregoing, the committee concluded that Hay Group was independent.

Management's Role in Compensation Decisions

Members of our human resources, finance, and legal departments work with our Chief Executive Officer to recommend changes to existing compensation plans and programs, to recommend financial and other targets to be achieved under those programs, to prepare analyses of financial data and other briefing materials to assist the compensation committee in making its decisions and, ultimately, to implement the decisions of our compensation committee.

Our Chief Executive Officer is actively engaged in setting compensation for other executives through a variety of means, including recommending for committee approval the financial goals and the annual variable pay amounts for our executive team. He works closely with the chairperson of the compensation committee in analyzing relevant market data to determine base salary and annual target bonus opportunities for senior management and to develop targets for our short- and long-term incentive plans. Our Chief Executive Officer is subject to the same financial performance goals as our other executive officers, all of which are ultimately determined and approved by our compensation committee.

Compensation Levels and Benchmarking

We benchmark our executive compensation against a peer group of companies with which we may compete for executive talent. Market pay data for the peer group for 2015 was gathered through compensation surveys conducted by Mercer. When making compensation decisions, the compensation committee takes into consideration the value of TDC provided to executives and where that value falls in relation to comparable companies (our peer group discussed below along with other market survey data). While the compensation committee does not target a specific percentile of comparable companies when making decisions regarding individual compensation components, the committee generally looks to position the value of TDC near the 50th percentile of comparable companies.

The peer group is periodically evaluated and updated to ensure the companies in the group remain relevant to us based on our changing size and other factors. The compensation committee approved the following criteria for our peer group in 2015: (i) companies within the grocery retail sector, including specialty and conventional retailers; (ii) companies in the natural and organic food distribution sector; (iii) companies considered high-growth retail companies; (iv) companies with revenue between \$1.8 billion and \$8.2 billion (approximately 0.5x to 2.3x our trailing 12 months revenue, which our compensation committee felt was appropriate given the limited number of publicly traded companies in the food retail industry), with the exception of Whole Foods Market, Inc., which had 2015 revenue of \$15.4 billion but was determined by our compensation committee and its consultant to be a direct specialty grocery peer; and (v) companies with a market capitalization between \$101 million and \$6.9 billion (approximately

0.02x to 1.7x our market capitalization as of our 2015 fiscal year end), again with the exception of Whole Foods Market, Inc.

Table of Contents

For 2015, our compensation committee reviewed the compensation of our executive officers and compared it with that of both our peer group companies and broader, composite global market survey data provided by our compensation consultant.

The peer group of the 12 companies which, along with broader market survey data, were used for benchmarking purposes in fiscal 2015 is set forth below.

Company	Most Recent FYE	Market Value as of
	Revenue (in millions)	Most Recent FYE (in millions)
Fresh Market, Inc.	\$1,818	\$1,101
GNC Holdings, Inc.	\$2,628	\$2,564
Ingles Markets, Inc.	\$3,779	\$615
Spartan Nash Co.	\$7,847	\$814
United Natural Foods, Inc.	\$8,277	\$1,981
hhgregg, Inc.	\$2,079	\$101
Weis Markets, Inc.	\$2,856	\$1,192
Whitewave Foods Co.	\$3,750	\$6,856
Roundy's, Inc.	N/A	NA
Dick's Sporting Goods, Inc.	\$7,191	\$3,184
Urban Outfitters, Inc.	\$3,443	\$2,669
Whole Foods Market, Inc.	\$15,389	\$11,432
75th Percentile	\$7,191	\$2,669
Median	\$3,443	\$1,192
25th Percentile	\$2,079	\$615
Sprouts Farmers Market	\$3,593	\$4,057

For 2016, Hay Group recommended refinements to our peer group to remove Urban Outfitters, Inc. and hhgregg, Inc., which were no longer considered high growth retailers, and Whole Foods Market, Inc. While Whole Foods Market, Inc. is still considered by the committee to be a direct specialty grocery peer, the committee determined to remove it due to its revenue size as compared with our company. Hay Group recommended continuing to review pay practices of Whole Foods Market, Inc. but not including it in our peer group. Hay Group further recommended revising our peer group to be comprised of companies (i) with annual revenues of 1/3 to 2.5x our revenue, (ii) within the food retail industry, (iii) focused on health and wellness, and (iv) that are growth-oriented retailers, while considering the peer groups used by proxy advisory firms.

As discussed above, our compensation committee generally looks to position the value of TDC of our executive officers at the 50th percentile of comparable officers at comparable companies, as derived from both peer group data and broader composite market survey data. Our compensation committee may vary from this general approach for various elements of compensation depending on the executive officer's performance, experience, skills, time in the role, and scope of responsibility.

Our compensation committee intends to continue its practice of retaining executive compensation consultants from time to time, as our compensation committee deems appropriate, to advise our compensation committee with respect

to its compensation policies and provide compensation data from comparable companies.

- (1) The above amounts approved by the compensation committee in February 2015 for Mr. Maredia were in his capacity as our Chief Financial Officer. See *Summary Compensation Table* and *Grant of Plan-Based Awards* for amounts actually received by Mr. Maredia for 2015, which include compensation he received in his capacity as Chief Financial Officer until August 5, 2015 and as Chief Executive Officer beginning on August 6, 2015.
- (2) The above amounts approved by the compensation committee in February 2015 for Mr. Nielsen were in his capacity as our Chief Operating Officer. See *Summary Compensation Table* and *Grant of Plan-Based Awards* for amounts actually received by Mr. Nielsen for 2015, which include compensation he received in his capacity as Chief Operating Officer until August 5, 2015 and as President and Chief Operating Officer beginning on August 6, 2015.
- (3) The above amounts approved by our management in February 2015 for Ms. Livingston were in her capacity as our Vice President of Investor Relations and Treasury. See *Summary Compensation Table* for amounts actually received by Ms. Livingston for 2015, which include an increased bonus amount in recognition of Ms. Livingston's service as our interim Chief Financial Officer and Treasurer.

Base Salary: Base salary amounts presented above differ from the amounts disclosed in the Summary Compensation Table because increases in base salary become effective in February of each year. Therefore, the amounts reported in the Summary Compensation Table reflect one month at the 2014 base salary rate and eleven months at the 2015 rate. Mr. Maredia and Mr. Nielsen each received salary adjustments in August in connection with their respective promotions. Therefore, the amounts reported in the Summary Compensation Table reflect one month at the 2014 base rate, six months at the 2015 rate and five months at the adjusted rate for the promotions.

Short-Term Incentive Awards: Our company did not meet the target Plan EBITDA goal for 2015, nor the comparable store sales targets. We achieved 97.5% of the target Plan EBITDA goal (which comprised 75% of the Target Bonus amount), which resulted in a 2015 cash incentive award of 43.8% of the Target Bonus opportunity for our officers. This was calculated under the terms of the plan as described in the Elements of Our Executive Compensation Program.

Long-Term Incentive Grants (Performance Stock and Option Awards): The compensation committee approved the long-term incentive grant for each named executive officer in February 2015 with a view towards aligning a large portion of executive pay with the interests of our stockholders. In August 2015, our board,

including our compensation committee, approved additional time-based option grants to certain team members in recognition of their significant contributions to our company during the year, including 50,000 options to Mr. Lombardi, 30,000 options to Mr. Frumkin, and 20,000 options to Ms. Livingston. See *Grant of Plan-Based Awards*.

Executive Changes: In connection with the executive changes described above, our board, including our compensation committee, approved compensation increases for Mr. Maredia and Mr. Nielsen. On August 6, 2015, upon his promotion to our Chief Executive Officer, our board and compensation committee approved an increase in Mr. Maredia's base salary to \$600,000, a target bonus of \$600,000, and a grant of 1,200,000 time-based options. Upon his promotion to our President and Chief Operating Officer, our board and compensation committee approved an increase in Mr. Nielsen's base salary to \$500,000, a target bonus of \$350,000, and a grant of 500,000 time-based options.

- (3) For 2015, our compensation committee approved a one-time increase in Mr. Lombardi's long-term incentive eligibility from 80% to 160% of his base salary in recognition of his contributions to the company during the prior year. Excluding this one-time increase, Mr. Lombardi's initial target compensation as compared to comparable companies would have been approximately 40th percentile for long-term incentive compensation and 30th percentile for TDC.
- (4) Ms. Livingston's compensation was not benchmarked as she was not an executive officer until August 2015 upon her appointment to interim Chief Financial Officer and Treasurer.

To demonstrate our focus on pay-for-performance, each element of compensation for 2015 target amounts as initially approved by the compensation committee, or by our management for Ms. Livingston, is set forth as a percentage of TDC in the following table.

Committee Actions Taken for 2016

An important principle driving our compensation program is our belief that it benefits our stockholders for management's compensation to be tied to our company's current and long-term performance. As a result, in 2016 at-risk pay will continue to comprise a significant portion of our executive compensation program, particularly for our most senior officers. As we continue our transition to a mature public company in a competitive environment, our compensation committee continues to refine our compensation program. Our compensation committee determined to take the following actions with respect to our 2016 compensation program:

The compensation committee increased the base salaries of our named executive officers by 4% to 9% based on individual performance and their contributions to our business.

The compensation committee continued to emphasize objective pay-for-performance criteria through the use of Plan EBITDA and comparable store sales targets and the elimination of the individual performance component for our annual performance-based bonuses.

The performance-based cash bonus opportunities for each of our executive officers will remain at 2015 levels, with a target opportunity of 100% for our Chief Executive Officer, 70% for our President and Chief Operating Officer and Chief Financial Officer, and 50% for our other executive officers.

The compensation committee will maintain equity-based compensation equal to 300% of base salary for our Chief Executive Officer, 150% of base salary for our President and Chief Operating Officer and Chief Financial Officer, and 80% of base salary for our other executive officers.

Table of Contents

As part of our committee's emphasis on pay-for-performance, the compensation committee continued to refine our long-term incentive plan to structure the performance shares so they reward annual performance as well as three-year cumulative performance, and are subject to our company achieving certain performance targets based upon our annual earnings before interest expense and income tax, as adjusted for any income or expense that is unusual, non-recurring or extraordinary, as the compensation committee of our board deems appropriate (referred to as *Plan EBIT*), based on our long-term financial objectives.

The 2016 equity compensation for our Chief Executive Officer, President and Chief Operating Officer, and Chief Financial Officer is comprised 50% in the form of performance shares and 50% time-based stock options vesting one-third on each anniversary of the grant date. The 2016 equity compensation for our other executive officers is comprised of 50% performance shares, 25% time-based stock options vesting one-third on each anniversary of the grant date, and 25% time-based RSUs vesting one-third on each anniversary of the grant date.

For our Chief Executive Officer, 80% of target TDC for 2016 will be performance-based. For our President and Chief Operating Officer and Chief Financial Officer, 69% of target TDC will be performance based. For the other named executive officers, on average, 51% of target TDC will be performance-based.

The compensation committee also approved the compensation package for Bradley Lukow, whom we appointed as our Chief Financial Officer effective March 1, 2016. Mr. Lukow's compensation includes a base salary of \$470,000, a one-time equity award grant valued at 100% of base salary comprised 100% of time-based RSUs, and the cash bonus opportunity and equity compensation for persons serving as our Chief Financial Officer referenced above.

Section Five Executive Compensation Governance

Stock Ownership Guidelines

To further align the long-term interests of our executives and our stockholders, our board maintains stock ownership guidelines applicable to our Chief Executive Officer and other executive officers. Our Chief Executive Officer must maintain beneficial ownership of shares of Sprouts stock equal in market value to five times his current annual base salary, and our other executive officers must maintain beneficial ownership of shares of Sprouts stock equal in market value to two times his or her respective current annual base salary. Our Chief Executive Officer and other executive officers have five years to satisfy these stock ownership guidelines. As of fiscal 2015 year-end, each of our named executive officers met these guidelines.

Change-in-Control and Severance Arrangements

In November 2015, our compensation committee approved an executive severance and change-in-control plan. Our Chief Executive Officer, President and Chief Operating Officer, and Chief Financial Officer are eligible for two to three years of severance benefits upon certain events, including a change in control, and our other executive officers are eligible for one to two years of severance benefits upon certain events, including a change in control. For further information regarding compensation payable to our named executive officers in the event of termination of such officer's employment, see - *Potential Payments Upon Termination or Change of Control* .

Hedging and Pledging Policy

Our insider trading policy expressly prohibits transactions involving hedging or pledging of Sprouts shares by directors, officers or team members without the approval of our Chief Legal Officer, who would review risks of proposed transactions.

Table of Contents***Tax Deductibility of Executive Compensation***

Section 162(m) of the Internal Revenue Code does not permit publicly traded companies to take income tax deductions for compensation paid to our Chief Executive Officer and certain other executive officers to the extent that compensation exceeds \$1 million per officer in any taxable year and does not otherwise qualify as performance-based compensation. Our compensation program is structured so that the compensation deemed paid to an executive officer in connection with annual performance-based cash bonuses and performance shares should qualify as performance-based compensation not subject to the \$1 million limitation. Our time-vest RSUs are not considered performance-based under the Section 162(m) rules; however, as a new public company we are not subject to this limitation currently. In order to limit the non-deductibility in the future, our stockholders approved the material terms of the performance goals under the Sprouts Farmers Market, Inc. 2013 Incentive Plan (referred to as the *2013 Incentive Plan*) as stockholder-approved performance goals for purposes of Section 162(m) at our 2015 annual meeting. As a result, the compensation attributable to grants of stock options and stock appreciation rights and cash awards, restricted stock, restricted stock units, bonus shares, dividend equivalents and other share-based awards under the 2013 Incentive Plan after May 2015 qualify for the performance-based compensation exception under Section 162(m) of the Code.

Clawback of Certain Compensation Following Restatement of Financial Statements

Our corporate governance guidelines provide that if the board of directors learns of any misconduct by an officer that contributed to our company having to restate all or a portion of our financial statements, it shall take such action as it deems necessary to remedy the misconduct, prevent its recurrence and, if appropriate, take remedial action against such officer in a manner it deems appropriate. In determining what remedies to pursue, the board of directors will take into account all relevant factors, including whether the restatement was the result of negligence or intentional or gross misconduct. The board of directors will, in all appropriate cases, require reimbursement of any bonus or incentive compensation awarded to an officer or effect the cancellation of unvested restricted, deferred stock awards previously granted to the officer if: (i) the amount of the bonus, incentive compensation or stock award was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement, (ii) the executive engaged in intentional misconduct that caused or partially caused the need for the restatement and (iii) the amount of the bonus, incentive compensation or stock award that would have been awarded to the officer had the financial results been properly reported would have been lower than the amount actually awarded. In addition, the board or directors, in its full and complete discretion, may dismiss the officer, authorize legal action for breach of fiduciary duty or take such other action to enforce the officer's obligations to our company as the board of directors determines fit the facts surrounding the particular case.

Risk Considerations

Our board of directors does not believe that our 2015 compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company for the following reasons:

we believe our fixed pay is competitive given our size and stage of development;

our variable pay is based on achieving short-term financial goals, we set a threshold for financial targets below which no bonus payment can be made, and cash bonuses are awarded at amounts that are capped to avoid windfall payouts; and

long-term performance is rewarded through grants of options that are only valuable if the price of our equity increases over time, and performance shares that are valuable only if our company achieves certain financial targets, which aligns our executives' interests with those of our equity holders.

For fiscal 2015, cash bonuses to be awarded to each named executive officer were based on Plan EBITDA and comparable store sales growth targets. The initial Target Bonus amounts for 2015 for Messrs. Maredia, Nielsen, Lombardi, Frumkin, Ms. Livingston, and Mr. Sanders were 70%, 70%, 50%, 50%, 35% and 100% of eligible earnings during the year, respectively. Upon Mr. Maredia's promotion to Chief Executive Officer, his Target Bonus amount increased to 100%. The maximum amount achievable by Messrs. Sanders, Maredia, Nielsen, Lombardi, and Frumkin in 2015 was 200% of his Target Bonus. The maximum amount achievable by Ms. Livingston was 125% of her Target Bonus. In addition, 75% of the bonus criteria for each named executive officer was weighted towards Plan EBITDA, and 25% towards comparable store sales growth. See *Summary Compensation Table* for actual amounts paid under our 2015 performance-based cash incentive program.
- (2) Represents unvested performance shares, which were granted March 11, 2015. The performance shares vest in two equal installments on March 11, 2017 and March 11, 2018, assuming performance conditions are achieved and assuming continued service through the applicable vesting date. Subsequent to fiscal 2015 year-end, the compensation committee determined that the conditions for such performance shares were met.
- (3) These options vest and become exercisable in twelve equal quarterly installments at the end of each calendar quarter. The grant dated March 11, 2015 began vesting March 31, 2015, and continues vesting through December 31, 2017. The grant dated August 11, 2015 began vesting September 30, 2015, and continues vesting through June 30, 2018.
- (4) The amounts in this column reflect the aggregate grant date fair value of each option and performance share granted during fiscal 2015, computed in accordance with ASC 718. The valuation assumptions used in determining such amounts are described in Note 22 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended January 3, 2016.

- (1) Options are to acquire shares of common stock. Options expire seven years from the grant date. Time-vested options generally vest over 12 quarters. Each performance-based option vests based on the achievement of EBITDA (as defined in the option agreements) and pro forma comparable store sales targets, weighted equally. One-third of the performance-based options vest each of the first three years after the grant date if such targets are met. In addition, all options granted prior to 2015 vest upon occurrence of a change in control of the company. Options granted in 2015 vest upon a change in control if not assumed by acquiror or employment is terminated by the company without cause or by the team member for good reason within 24 months of change in control.

- (2) Represents unvested RSUs, which were granted on March 4, 2014. The RSUs vest in three equal installments on March 4, 2015, March 4, 2016 and March 4, 2017, assuming continued employment through the applicable vesting date. Also represents unvested performance shares, which were granted March 11, 2015. The performance shares vest in two equal installments on March 11, 2017 and March 11, 2018, assuming performance conditions are achieved and continued employment through the applicable vesting date.
- (3) The market value of unvested awards is calculated by multiplying the number of unvested awards held by the applicable named executive officer by the closing market price of our common stock on the Nasdaq Global Select Market on the last trading day of fiscal 2015, December 31, 2015, which was \$26.59 per share.

Option Exercises

The following table describes, for the named executive officers, the number of shares acquired on the exercise of options and the value realized on exercise of options during fiscal 2015.

Name	Option Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise
James L. Nielsen	20,000	\$ 653,490
Theodore E. Frumkin	27,501	\$ 806,826
J. Douglas Sanders	650,000	\$ 20,222,147

For option awards, the value realized is computed as the difference between the fair market value of the underlying shares on the date of exercise and the exercise price times the number of options exercised.

Employment Agreements

On April 18, 2011, we entered into an employment agreement with Mr. Sanders, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. In connection with Mr. Sanders' appointment as Executive Chairman of our board, on August 6, 2015, we entered into a letter agreement with Mr. Sanders that terminated his employment agreement and provided for, among other things, continued payment of his then-current base salary of \$560,000 for the remainder of 2015, continued eligibility to vest in his previously granted equity awards and to receive his target annual bonus of 100% of base salary for fiscal year 2015 and eligibility to receive certain payments in the event he no longer serves as Executive Chairman, comprised of \$560,000 per year for two years, Mr. Sanders' actual bonus payments received for 2013 and 2014 and COBRA premium reimbursement for two years. Mr. Sanders will not receive a salary in his capacity as Executive Chairman subsequent to 2015.

On July 15, 2011, we entered into an employment agreement with Mr. Maredia, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. In connection with Mr. Maredia's promotion to Chief Executive Officer, on August 6, 2015, we entered into an amended and restated employment agreement with Mr. Maredia that provided for an increase in his annual base salary to \$600,000, a target annual bonus of 100% of base salary, and the grant of options to purchase 1,200,000 shares of our common stock. The term of Mr. Maredia's amended and restated employment agreement is three years, subject to one-year extension periods.

On April 18, 2011, we entered into an employment agreement with Mr. Nielsen, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. In connection with

Mr. Nielsen's appointment as President and Chief Operating Officer, on August 6, 2015, we entered into an amendment to his employment agreement that provided for an increase in his annual base salary to \$500,000, a target annual bonus of 70% of base salary, and the grant of options to purchase 500,000 shares of our common stock.

On January 23, 2012, we entered into an employment agreement with Mr. Lombardi, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. Mr. Frumkin and Ms. Livingston do not have employment agreements.

Table of Contents

Each employment agreement described above contains a base salary that was set as a result of negotiations between the executive and our board of directors, and is subject to adjustment on an annual basis. Additionally, each employment agreement provides for a bonus based upon our company's attainment of annual goals established by our board and the compensation committee. Each employment agreement also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our team members or customers for a period equal to the greater of 12 months immediately following termination of employment or the end of the period during which severance payments are being made, subject to certain exceptions, as well as confidentiality, preservation of intellectual property and non-disparagement obligations. We and each named executive officer may terminate the officer's employment at any time. In the event of termination of employment, amounts payable to our named executive officers are reflected in the *Potential Payments Upon Termination or Change of Control* section below.

Potential Payments Upon Termination or Change of Control

On November 4, 2015, our board of directors adopted an Executive Severance and Change in Control Plan (referred to as the *Plan*) to provide benefits and payments to certain of our senior executive officers if their employment is terminated under certain circumstances. The Plan covers senior executive officers designated by the compensation committee of our board of directors, including our named executive officers that do not otherwise have employment agreements which specifically provide for severance. In addition, if one of our senior executive officers designated for participation in the Plan has an employment agreement and his or her employment is terminated in connection with a change in control (as defined in the Plan) under circumstances providing for change in control severance benefits under the Plan (as described below), the senior executive officer is eligible to receive change in control severance benefits under the Plan, rather than severance benefits under the applicable employment agreement, unless the severance terms of the applicable employment agreement are more favorable to the executive in which case the terms of the employment agreement shall govern.

In the event that a Plan participant's employment is terminated by us due to elimination of job position, reduction in force or restructuring, or by a participant due to relocation, and such termination does not constitute a termination in connection with a change in control described below and is not within 12 months of the participant's date of hire, (a) our Chief Executive Officer, President and Chief Operating Officer, and Chief Financial Officer will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), the aggregate amount of the annual bonus amounts received in respect of the prior two completed fiscal years, and a prorated bonus based on actual performance for the fiscal year in which termination occurs; and (b) other participants will be eligible to receive continued payments of base salary for one year and COBRA premium reimbursement for one year (or, if earlier, until the participant is no longer eligible for COBRA coverage), an amount equal to the participant's target bonus at the time of termination, and a prorated bonus based on actual performance for the fiscal year in which termination occurs.

In the event that a Plan participant's employment is terminated by us without cause or by the participant for good reason (each as defined by the Plan) upon or during the 24-month period following a change in control, Plan participants other than our Chief Executive Officer will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), as well as an amount equal to the participant's target bonus at the time of termination. Our Chief Executive Officer will be eligible to receive continued payments of base salary for three years and COBRA premium reimbursement for three years (or, if earlier, until he is no longer eligible for COBRA coverage), as well as an amount equal to his annual bonuses paid in respect of the past three completed fiscal years.

Table of Contents

The tables below reflect the amount of compensation to our named executive officers in the event of termination of such officer's employment or upon a change of control pursuant to the Plan or the respective named executive officer's employment agreement. The amount of compensation payable to each named executive officer upon voluntary or for cause termination, involuntary for good reason or involuntary not for cause termination, and in the event of disability or death of the executive or upon a change of control of our company is shown below. The amounts shown assume that such termination or change of control was effective as of January 3, 2016, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such officer's separation from our company. Our officers' employment agreements do not provide for additional benefits upon a change of control of our company other than reflected in the tables below; however, certain of our equity award agreements granted prior to 2015 provide for the immediate vesting of the award upon a qualifying change of control transaction, while other equity award agreements provide for the vesting of the award only after the executive is terminated by an acquiror without cause or by the executive for good reason within 24 months of a qualifying change of control transaction.

J. Douglas Sanders

Mr. Sanders was our Chief Executive Officer through August 6, 2015, at which time he was appointed our Executive Chairman of the board. In connection with Mr. Sanders' appointment as Executive Chairman on August 6, 2015, we entered into a letter agreement with Mr. Sanders that terminated his employment agreement and provided for, among other things, continued payment of his then-current base salary of \$560,000 for the remainder of 2015, continued eligibility to vest in his previously granted equity awards and to receive his target annual bonus of 100% of base salary for fiscal year 2015 and eligibility to receive certain payments in the event he no longer serves as Executive Chairman, comprised of \$560,000 per year for two years, Mr. Sanders' actual bonus payments received for 2013 and 2014 of \$746,000 and \$1,106,154, respectively, and COBRA premium reimbursement for two years. In addition, as Mr. Sanders' letter agreement provides for continued eligibility to vest in his previously granted equity awards, the market value of Mr. Sanders' equity that would vest upon a change of control on January 3, 2016 would be \$275,419; in the event Mr. Sanders no longer serves as Executive Chairman within 24 months of such a change of control, the market value of Mr. Sanders' equity that would vest would be \$887,840.

Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The purpose of the audit committee is to provide oversight of the Company's accounting and financial reporting processes and audits of the financial statements of the Company and compliance with applicable legal requirements and regulations. The primary responsibilities of the committee include reviewing and pre-approving the engagement of our independent registered public accounting firm, reviewing our annual and quarterly financial statements and reports discussing the statements and reports with our independent registered public accounting firm and management, and reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our board of directors has adopted a written charter for our audit committee, available at *investors.sprouts.com*, that reflects, among other things, requirements of the Sarbanes-Oxley Act of 2002, rules adopted by the SEC, and rules of the NASDAQ Stock Market. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and the independent auditor the audited financial statements at January 3, 2016 and December 28, 2014 and for each of the years in the three-year period ended January 3, 2016. The committee discussed with the independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, Communications with Audit Committees, and other applicable regulations. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held four meetings during fiscal 2015.

Based on the reviews and discussions referred to above, the committee recommended to the board of directors, and the board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended January 3, 2016 for filing with the Securities and Exchange Commission.

The report has been furnished by the audit committee to our board of directors.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our current and former Chief Executive Officer, our President and Chief Operating Officer, our interim and former Chief Financial Officer, and our two other most highly compensated executive officers during our fiscal year ended January 3, 2016), as such compensation is described in the *Executive Compensation Compensation Discussion and Analysis* section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 21. We urge our stockholders to review the complete *Executive Compensation* section included in this proxy statement for more information.

Our executive compensation program is designed to promote the creation of long-term stockholder value by paying for performance, attracting and retaining valuable team members and aligning the interests of our named executive officers with those of our stockholders. Our fiscal 2015 executive officer compensation program consisted of base salary, annual performance-based cash bonus, equity awards in the form of options to purchase our shares and performance share awards that are earned upon the achievement of earnings per share targets, benefits generally available to all of our salaried team members and limited prerequisites. The fixed components (base salary and benefits) of our named executive officer compensation are designed to be competitive in order to induce talented executives to join our company. The variable cash component (cash performance-based bonus) is tied specifically to the achievement of company-wide objectives and is designed so that above-average performance is rewarded with above-average rewards but capped to avoid windfall payments. The equity awards are subject to both performance and time-based vesting, which will reward sustained performance that is aligned with long-term stockholder interests. By tying a large portion of executive compensation to achievement of short-term and long-term strategic and operational goals, we seek to closely align the interests of our named executive officers with the interests of our stockholders.

Our board of directors believes that the information provided above and within the *Executive Compensation* section of this proxy statement demonstrates that our executive compensation program is designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our board of directors will request your advisory vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers for the fiscal year ended January 3, 2016, as disclosed in this proxy statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

Required Vote

The say-on-pay proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal.

Table of Contents

The say-on-pay vote is advisory, and therefore not binding on our company, our compensation committee, or our board of directors. Although non-binding, the vote will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will be able to consider when determining executive compensation for the years to come.

Recommendation of the Board

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR THE FISCAL YEAR ENDED JANUARY 3, 2016, AS DESCRIBED IN THE *EXECUTIVE COMPENSATION - COMPENSATION DISCUSSION AND ANALYSIS* SECTION AND THE RELATED TABULAR AND NARRATIVE DISCLOSURE SET FORTH IN THIS PROXY STATEMENT.

Our audit committee has appointed PricewaterhouseCoopers LLP, an independent registered public accounting firm (referred to as *PwC*), to audit the consolidated financial statements of our company for the fiscal year ending January 1, 2017, and recommends that stockholders vote in favor of the ratification of such appointment. In the event of a negative vote on such ratification, the audit committee will reconsider its selection. We anticipate that representatives of PwC will be present at the Annual Meeting, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

Audit Committee Pre-Approval Policies and Procedures

Our audit committee has adopted policies and procedures for the pre-approval of audit services, internal control-related services and permitted non-audit services rendered by our independent registered public accounting firm. Pre-approval may also be given as part of our audit committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual, case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The chairman of the audit committee has been delegated the authority to pre-approve any engagement for audit services or permitted non-audit services (other than internal control-related services, which must be pre-approved by the full audit committee), provided the chairman must present any decisions made under the auspices of this authority to the full committee at the next scheduled meeting.

All of the services provided by PwC described above were approved by our audit committee pursuant to our audit committee's pre-approval policies.

Ratification of the appointment of PwC to audit the consolidated financial statements of our company for the fiscal year ending January 1, 2017 will require the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock. Directors, executive officers, and ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms that we received during the year ended January 3, 2016, and written representations that no other reports were required, we believe that each person who at any time during such year was a director, officer, or beneficial owner of more than ten percent of our common stock complied with all Section 16(a) filing requirements during the year ended January 3, 2016.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding the beneficial ownership of our common stock as of the record date, March 7, 2016, by the following:

each of our directors and named executive officers;

all of our directors and executive officers as a group; and

each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our common stock.

For further information regarding material transactions between us and certain of our stockholders, see *Certain Relationships and Related Party Transactions*.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power of that security, including options and restricted stock units that are currently exercisable or exercisable within 60 days of the record date, March 7, 2016. Shares issuable pursuant to options are deemed outstanding for computing the percentage of the person holding such options, but are not outstanding for computing the percentage of any other person. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose.

Our calculation of the percentage of beneficial ownership is based on 150,564,816 shares of common stock outstanding as of March 7, 2016.

Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Sprouts Farmers Market, Inc., 5455 East High Street, Suite 111, Phoenix, Arizona 85054.

Table of Contents**APPENDIX A****RECONCILIATION OF NON-GAAP FINANCIAL MEASURE**

This proxy statement contains a financial measure, Adjusted EBITDA, that is not calculated in accordance with accounting principles generally accepted in the United States of America (referred to as *GAAP*). We believe the presentation of Adjusted EBITDA aids in the understanding of our business performance but it is not intended to be an alternative to GAAP measures.

We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation, amortization and accretion, excluding store closure and exit costs, gains and losses from disposal of assets, public offering expenses and the loss on extinguishment of debt and certain other items we do not consider representative of our ongoing financial performance.

This non-GAAP measure is intended to provide additional information only and does not have any standard meaning prescribed by GAAP. Use of this term below may differ from similar measures reported by other companies. Because of its limitations, Adjusted EBITDA should not be considered as a measure of discretionary cash available to use to reinvest in growth of our business, or as a measure of cash that will be available to meet our obligations. This non-GAAP measure has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP.

The following table shows a reconciliation of adjusted EBITDA to net income for the fifty-three weeks ended January 3, 2016 and for the fifty-two weeks ended December 28, 2014.

Adjusted earnings before interest, taxes, depreciation and amortization (EBITDA)	\$ 302,095	\$ 265,376

(a) Store closure and exit costs represents reserves established for closed stores and facilities, adjustments to those reserves for changes in expectations for sublease or actual subleases or settlements with landlords. Ongoing expenses related to the closed facilities are also included. We exclude store closure and exit costs from adjusted EBITDA to provide period-to-period comparability of our operating results because our management believes these costs do not directly reflect the ongoing performance of our store operations.

(b) Loss on disposal of assets represents the losses recorded in connection with the disposal of property and equipment. We exclude losses on disposals of assets from adjusted EBITDA to provide period-to-period comparability of our operating results because our management believes these costs do not directly reflect the ongoing performance of our store operations.

(c) Secondary offering expenses including employment taxes on options exercises represents expenses we incurred in our secondary public offerings and employment taxes paid by our company in connection with options exercised in those offerings. We have excluded these items from adjusted EBITDA to provide period-to-period comparability of our operating results because our management believes these costs do not directly reflect the performance of our store operations.

(d) Loss on extinguishment of debt for the fifty-three weeks ended January 3, 2016 represents expenses we recorded in connection with our April 2015 refinancing including write-off of deferred financing costs and original issue discounts associated with our former credit agreement. For the fifty-two weeks ended December 28, 2014, loss on extinguishment of debt represents the write-off of deferred financing costs and original issue discounts related to unscheduled repayment of debt. We have excluded these items from our adjusted EBITDA to provide period-to-period comparability of our operating results because our management believes these costs do not directly reflect the performance of our store operations.

(e) Adjusted income tax provision for all periods presented represents the income tax provision plus the tax effect of the adjustments described in notes (a) through (d) above based on statutory tax rates for the period. We have excluded these items from our adjusted income tax provision because our management believes they do not directly reflect the ongoing performance of our store operations and are not reflective of our ongoing income tax provision.
