Notes to Condensed Consolidated Financial Statements

March 31, 2012

1. Description of Business and Basis of Presentation

Description of Business

Acadia Healthcare Company, Inc. (hereinafter referred to as Acadia or the Company) principal business is to develop and operate inpatient psychiatric facilities, residential treatment centers, group homes, substance abuse facilities and facilities providing outpatient behavioral health services to better serve the behavioral health and recovery needs of communities throughout the United States.

Basis of Presentation

The business of the Company is conducted through limited liability companies and C-corporations, each of which is a direct or indirect wholly-owned subsidiary of the Company. The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for audited financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation of our financial position and results of operations have been included. The Company's fiscal year ends on December 31 and interim results are not necessarily indicative of results for a full year or any other interim period. The condensed consolidated balance sheet at December 31, 2011 has been derived from the audited financial statements as of that date. The information contained in these condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the fiscal year ended December 31, 2011 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 13, 2012. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Certain reclassifications have been made to prior years to conform to the current year presentation.

2. Earnings Per Share

Basic and diluted earnings per share are calculated in accordance with Accounting Standards Codification (ASC) 260, *Earnings Per Share*, using the weighted-average shares outstanding, plus the dilutive effect of outstanding stock options and restricted shares, computed using the treasury stock method. All shares and per share amounts have been adjusted to reflect the stock splits completed in 2011.

The qualitative factors comprising the goodwill acquired in the YFCS, PHC and the Haven Facilities acquisitions include efficiencies derived through synergies expected by the elimination of certain redundant corporate functions and expenses, the ability to leverage call center referrals to a broader provider base, coordination of services provided across the combined network of facilities, achievement of operating efficiencies by benchmarking performance and applying best practices throughout the combined companies.

6. Discontinued Operations

GAAP requires that all components of an entity that have been disposed of (by sale, by abandonment or in a distribution to owners) or are held for sale and whose cash flows can be clearly distinguished from the rest of the entity be presented as discontinued operations. As part of the acquisition of YFCS on April 1, 2011, the Company acquired a facility located in Tampa Bay, Florida that was closed in 2010. In December 2011, the Company closed three outpatient facilities and a 24-bed substance abuse facility acquired from PHC on November 1, 2011. The results of operations of these facilities have been reported as discontinued operations in the accompanying consolidated financial statements.

A summary of results from discontinued operations is as follows (in thousands):

	Three Months Ended March 31,	
	2012	2011
Revenue	\$ 40	\$
Net income from discontinued operations	\$ 311	\$ 8

7. Long-Term Debt

Long-term debt consists of the following (in thousands):

	March 31, 2012	December 31, 2011
Senior Secured Credit Facility:		
Senior Secured Term Loans	\$ 152,937	\$ 129,938
Senior Secured Revolving Line of Credit	7,000

Less: current portion	(8,000)	(6,750)
Long-term debt	\$ 299,514	\$ 270,709

Senior Secured Credit Facility

The Company entered into the senior secured credit facility, administered by Bank of America, N.A., on April 1, 2011 (Senior Secured Credit Facility). The Senior Secured Credit Facility initially included \$135.0 million of term loans and a revolving credit facility of \$30.0 million.

On March 1, 2012, the Company amended its Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase the revolving credit facility by \$45.0 million, from \$30.0 million to \$75.0 million. The Company used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving credit facility to partially fund the acquisition of the Haven Facilities on March 1, 2012. As of March 31, 2012, the Company had \$67.6 million of availability under its

Table of Contents

revolving line of credit, which reflected the total revolving credit facility of \$75.0 million less the \$7.0 million outstanding and an undrawn letter of credit of \$0.4 million. Borrowings under the revolving credit facility are subject to customary debt incurrence tests. The term loans require quarterly principal payments of \$2.0 million for March 31, 2012 to March 31, 2013, \$4.0 million for June 30, 2013 to March 31, 2014, \$5.0 million for June 30, 2014 to March 31, 2015, and \$6.0 million for June 30, 2015 to December 31, 2015, with the remaining principal balance due on the maturity date of April 1, 2016.

Borrowings under the Senior Secured Credit Facility are guaranteed by each of Acadia's domestic subsidiaries and are secured by a lien on substantially all of the assets of Acadia and its domestic subsidiaries. Borrowings under the Senior Secured Credit Facility bear interest at a rate tied to Acadia's consolidated leverage ratio (defined as consolidated funded debt to consolidated EBITDA, in each case as defined in the credit agreement governing the Senior Secured Credit Facility). The Applicable Rate for borrowings under the Senior Secured Credit Facility was 4.25% and 3.25% for Eurodollar Rate Loans and Base Rate Loans, respectively, as of March 31, 2012. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (based upon the British Bankers Association LIBOR Rate prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 1/2 of 1.0%, (ii) the prime rate and (iii) the Eurodollar rate plus 1.0%. As of March 31, 2012, borrowings under the Senior Secured Credit Facility bore interest at 4.50%. In addition, Acadia is required to pay a commitment fee on undrawn amounts under the revolving line of credit. As of March 31, 2012, undrawn amounts bore interest at a rate of 0.55%.

The Senior Secured Credit Facility requires Acadia and its subsidiaries to comply with customary affirmative, negative and financial covenants, including a fixed charge coverage ratio, consolidated leverage ratio and senior secured leverage ratio. As of March 31, 2012, Acadia was in compliance with such covenants.

12.875% Senior Notes due 2018

On November 1, 2011, the Company issued \$150.0 million of 12.875% Senior Notes due 2018 (the "Senior Notes"). The Senior Notes were issued at 98.323% of the aggregate principal amount of \$150.0 million, a discount of \$2.5 million. The notes bear interest at a rate of 12.875% per annum. The Company will pay interest on the notes semi-annually, in arrears, on November 1 and May 1 of each year, beginning on May 1, 2012 through the maturity date of November 1, 2018.

The indenture governing the Senior Notes contains covenants that, among other things, limit the Company's ability to: (i) incur or guarantee additional debt or issue certain preferred stock; (ii) pay dividends on the Company's equity interests or redeem, repurchase or retire the Company's equity interests or subordinated debt; (iii) transfer or sell assets; (iv) make certain investments; (v) incur certain liens; (vi) create restrictions on the ability of the Company's subsidiaries to pay dividends or make other payments to the Company; (vii) engage in certain transactions with the Company's affiliates; and (viii) merge or consolidate with other companies or transfer all or substantially all of the Company's assets.

The Senior Notes issued by the Company are guaranteed by each of the Company's subsidiaries, all of which are wholly owned subsidiaries. The guarantees are full and unconditional and joint and several and Acadia Healthcare Company, Inc., as the parent issuer of the Senior Notes, has no independent assets or operations.

8. Equity-Based Compensation

The Company issues stock-based awards, including stock options and restricted stock units, to certain officers, employees and non-employee directors under the Acadia Healthcare Company, Inc. 2011 Incentive Compensation Plan (the "Equity Incentive Plan"). A maximum of 2,700,000 shares of our common stock are authorized for issuance as stock options, restricted stock, restricted stock units or other share-based compensation under the Equity Incentive Plan. Stock options may be granted for terms of up to ten years. The Company recognizes expense on all share-based awards on a straight-line basis over the requisite service period of the entire award. Grants to employees generally vest in annual increments of 25% each year, commencing one year after the date of grant. The exercise prices of stock options are equal to the most recent closing price of our common stock on the date of grant.

The grant-date fair value of our stock options is estimated using the Black-Scholes option pricing model. The following table summarizes the grant-date fair value of options and the assumptions used to develop the fair value estimates for options granted during the three months ended March 31, 2012:

March 31, 2012

Edgar Filing: Acadia Healthcare Company, Inc. - Form 10-Q

Weighted average grant-date fair value of options	\$	6.79
Risk-free interest rate		1.3%
Expected volatility		42%
Expected life (in years)		6.3
Dividend yield		%

Table of Contents

The Company's estimate of expected volatility for stock options is based upon the volatility of guideline companies given the lack of sufficient historical trading experience of the Company's common stock. The risk-free interest rate is the approximate yield on United States Treasury Strips having a life equal to the expected option life on the date of grant. The expected life is an estimate of the number of years an option will be held before it is exercised.

The Company granted 331,535 stock options and 267,052 shares of restricted stock and restricted stock units to employees and non-employee directors during the three months ended March 31, 2012. The Company recognized \$0.6 million in equity-based compensation expense for the three months ended March 31, 2012.

9. Income Taxes

The provision for income taxes for continuing operations for the three months ended March 31, 2012 reflects an effective tax rate of approximately 33.1%.

Prior to April 1, 2011, the Company and its subsidiary LLCs were taxed as flow-through entities and as such, the results of operations of the Company related to the flow-through entities were included in the income tax returns of its members. On April 1, 2011, the Company and its wholly-owned LLC subsidiaries elected to be taxed as a corporation for federal and state income tax purposes, and, therefore, income taxes became the obligation of the Company subsequent to April 1, 2011.

10. Fair Value Measurements

The carrying amounts reported for cash and cash equivalents, accounts receivable, other current assets, accounts payable and other current liabilities approximate fair value because of the short-term maturity of these instruments.

The following table summarizes the financial instruments as of March 31, 2012 and December 31, 2011, which are recorded at fair value (in thousands):

	Level 1	Level 2	Level 3	Balance at March 31, 2012
Cash and cash equivalents	\$ 840	\$	\$	\$ 840

	Level 1	Level 2	Level 3	Balance at December 31, 2011
Cash and cash equivalents	\$ 61,118	\$	\$	\$ 61,118

11. Commitments and Contingencies

The Company is, from time to time, subject to various claims and legal actions that arise in the ordinary course of our business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, the Company is not currently a party to any proceeding that would individually or in the aggregate have a material adverse effect on our business, financial condition or results of operations.

12. Recently Issued Accounting Standards

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-5, *Comprehensive Income (Topic 220) Presentation of Comprehensive Income* (ASU 2011-5). ASU 2011-5 eliminates the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity. Instead, ASU 2011-5 requires that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. ASU 2011-5 is required to be applied retrospectively and is effective for public companies for fiscal years beginning after December 15, 2011 and interim periods within those fiscal years. These changes became effective for the Company beginning January 1, 2012. The adoption of ASU 2011-5 did not have an impact on the Company's consolidated financial statements.

Overview

Our business strategy is to acquire and develop inpatient behavioral healthcare facilities and improve our operating results within our inpatient facilities and our other behavioral healthcare operations. Our goal is to improve the operating results of our facilities by providing high quality services, expanding referral networks and marketing initiatives while meeting the increased demand for behavioral healthcare services through expansion of our current locations as well as developing new services within existing locations.

On March 1, 2012, we completed the acquisition of the Haven Facilities with a combined 166 licensed beds from Haven for \$90.4 million of cash consideration. Also on March 1, 2012, we amended our Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase the revolving credit facility by \$45.0 million, from \$30.0 million to \$75.0 million. We used the net proceeds from the December 2011 sale of our common stock, the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving credit facility to fund the acquisition of the Haven Facilities.

During 2011, we completed our acquisition of PHC, a leading national provider of inpatient and outpatient mental health and drug and alcohol addiction treatment programs in Delaware, Michigan, Nevada, Pennsylvania, Utah and Virginia, and YFCS, the largest private, for-profit provider of behavioral health, education and long-term support services exclusively for abused and neglected children and adolescents.

The recent acquisitions of facilities and services make us the leading publicly traded pure-play provider of inpatient behavioral healthcare services based upon number of licensed beds in the United States. We believe that the acquisitions of YFCS, PHC and the Haven Facilities position the combined company as a leading platform in a highly fragmented industry under the direction of an experienced management team that has significant industry expertise. We expect to take advantage of several strategies that are more accessible as a result of our increased size and geographic scale, including implementing a national marketing strategy to attract new patients and referral sources, increasing our volume of out-of-state referrals, providing a broader range of services to new and existing patients and clients and selectively pursuing opportunities to expand our facility and bed count.

Revenue

Revenue is derived from services rendered to patients for inpatient psychiatric and substance abuse care, outpatient psychiatric care and adolescent residential treatment and includes revenue payable by the Medicare program administered by the Center for Medicare and Medicaid Services, state Medicaid programs, commercial insurance (in network and out of network), and other payors including individual patients. Revenue is recorded in the period in which services are provided at established billing rates less contractual adjustments based on amounts reimbursable by Medicare or Medicaid under provisions of cost or prospective reimbursement formulas or amounts due from other third-party payors at contractually determined rates.

The following table presents revenue by payor type and as a percentage of revenue before provision for doubtful accounts for the three months ended March 31, 2011 and 2012 (in thousands):

Table of Contents**Three months ended March 31, 2012 as compared to the three months ended March 31, 2011**

Revenue before provision for doubtful accounts. Revenue before provision for doubtful accounts increased \$75.4 million, or 429.0%, to \$93.0 million for the three months ended March 31, 2012 from \$17.6 million for the three months ended March 31, 2011. The increase relates primarily to the \$72.1 million of revenue generated during the three months ended March 31, 2012 from the YFCS facilities acquired on April 1, 2011, PHC facilities acquired on November 1, 2011 and Haven Facilities acquired on March 1, 2012. The increase in same-facility revenue before provision for doubtful accounts of \$2.4 million, or 13.6%, is attributable to same-facility growth in patient days of 15.1% from facility expansions and other growth initiatives.

Provision for doubtful accounts. The provision for doubtful accounts was \$1.7 million for the three months ended March 31, 2012, or 1.9% of revenue before provision for doubtful accounts, compared to \$0.7 million for the three months ended March 31, 2011, or 4.2% of revenue before provision for doubtful accounts. The decrease in the provision for doubtful accounts as a percentage of revenue before provision for doubtful accounts is attributable to the lower volumes of private pay admissions and bad debts associated with the facilities acquired from YFCS on April 1, 2011. The same facility provision for doubtful accounts was \$0.8 million for the three months ended March 31, 2012, or 4.0% of revenue before provision for doubtful accounts, compared to \$0.7 million for the three months ended March 31, 2011, or 4.2% of revenue before provision for doubtful accounts.

Salaries, wages and benefits. Salaries, wages and benefits (SWB) expense was \$56.5 million for the three months ended March 31, 2012 compared to \$10.7 million for the three months ended March 31, 2011, an increase of \$45.8 million. SWB expense includes \$0.6 million of equity-based compensation expense for the three months ended March 31, 2012. There was no equity-based compensation expense during the three months ended March 31, 2011. Excluding equity-based compensation expense, SWB expense was \$56.0 million, or 61.3% of revenue, for the three months ended March 31, 2012, compared to 63.6% of revenue for the three months ended March 31, 2011. The decrease in SWB expense, excluding equity-based compensation expense, as a percentage of revenue is primarily the result of lower corporate office costs as a percentage of revenue. SWB expense, excluding equity-based compensation expense, for our corporate office was \$3.3 million for the three months ended March 31, 2012 compared to \$1.1 million for the three months ended March 31, 2011 as a result of the hiring of senior management and other personnel necessary to facilitate acquisitions and the overall growth of the Company. Same-facility SWB expense was \$10.7 million for the three months ended March 31, 2012, or 56.0% of revenue, compared to \$9.6 million for the three months ended March 31, 2011, or 57.2% of revenue. The \$45.3 million increase in SWB expense, excluding equity-based compensation expense, is attributable to the acquisition of YFCS on April 1, 2011, the acquisition of PHC on November 1, 2011 and the acquisition of the Haven Facilities on March 1, 2012.

Professional fees. Professional fees were \$4.2 million for the three months ended March 31, 2012, or 4.6% of revenue, compared to \$0.4 million for the three months ended March 31, 2011, or 2.2% of revenue. The increase in professional fees as a percentage of revenue is primarily attributable to the higher professional fees associated with the facilities acquired from YFCS on April 1, 2011, PHC on November 1, 2011 and Haven on March 1, 2012. Same-facility professional fees were \$0.4 million for the three months ended March 31, 2012, or 2.3% of revenue, compared to \$0.3 million, for the three months ended March 31, 2011, or 1.8% of revenue.

Supplies. Supplies expense was \$4.5 million for the three months ended March 31, 2012, or 4.9% of revenue, compared to \$0.9 million for the three months ended March 31, 2011, or 5.5% of revenue. The decrease in supplies expense as a percentage of revenue is primarily attributable to a change in the mix of services provided by the Company as a result of the acquisition of YFCS on April 1, 2011, PHC on November 1, 2011 and Haven on March 1, 2012. Same-facility supplies expense was \$1.0 million for the three months ended March 31, 2012, or 5.3% of revenue, compared to \$0.9 million for the three months ended March 31, 2011, or 5.5% of revenue.

Rents and leases. Rents and leases were \$2.3 million for the three months ended March 31, 2012, or 2.5% of revenue, compared to \$0.4 million for the three months ended March 31, 2011, or 2.1% of revenue. The increase in rents and leases is primarily attributable to the acquisition of YFCS on April 1, 2011 and PHC on November 1, 2011. Same-facility rents and leases were \$0.3 million for the three months ended March 31, 2012, or 1.7% of revenue, compared to \$0.3 million for the three months ended March 31, 2011, or 1.8% of revenue.

Other operating expenses. Other operating expenses consist primarily of purchased services, utilities, insurance, travel and repairs and maintenance expenses. Other operating expenses were \$9.1 million for the three months ended March 31, 2012, or 10.1% of revenue, compared to \$1.9 million for the three months ended March 31, 2011, or 11.2% of revenue. The decrease in other operating expenses as a percentage of revenue is attributable to the lower other operating expenses associated with the facilities acquired from YFCS on April 1, 2011, PHC on November 1, 2011 and Haven on March 1, 2012. Same-facility other operating expenses were \$1.9 million for the three months ended March 31, 2012, or 10.1% of revenue, compared to \$1.6 million for the three months ended March 31, 2011, or 9.5% of revenue.

Depreciation and amortization. Depreciation and amortization expense was \$1.6 million for the three months ended March 31, 2012, or 1.8% of revenue, compared to \$0.2 million for the three months ended March 31, 2011, or 1.4% of revenue. The increase in depreciation and amortization is attributable to the acquisition of YFCS on April 1, 2011, the acquisition of PHC on November 1, 2011 and the Haven Facilities acquisition on March 1, 2012.

Interest expense. Interest expense was \$7.3 million for the three months ended March 31, 2012 compared to \$0.2 million for the three months ended March 31, 2011. The increase in interest expense is a result of borrowings under our Senior Secured Credit Facility and the issuance of \$150.0 million of Senior Notes.

Sponsor management fees. Sponsor management fees were less than \$0.1 million for the three months ended March 31, 2011, which related to our professional services agreement with Waud Capital Partners, which was amended effective April 1, 2011 and terminated on November 1, 2011.

Transaction-related expenses. Transaction-related expenses were \$0.7 million for the three months ended March 31, 2012 compared to \$2.6 million for the three months ended March 31, 2011. Transaction-related expenses represent costs incurred in the respective periods related to the acquisition of YFCS on April 1, 2011, PHC on November 1, 2011 and the Haven Facilities on March 1, 2012.

Liquidity and Capital Resources

Cash provided by continuing operating activities for the three months ended March 31, 2012 was \$5.5 million compared to cash provided by continuing operating activities of \$0.6 million for the three months ended March 31, 2011. The increase in cash provided by continuing operating activities is primarily attributable to cash provided by continuing operating activities of the YFCS facilities acquired on April 1, 2011, the PHC facilities acquired on November 1, 2011 and the Haven Facilities acquired on March 1, 2012. As of March 31, 2012, we had working capital of \$15.5 million. Days sales outstanding as of March 31, 2012 was 40 compared to 38 as of December 31, 2011.

Cash used in investing activities for the three months ended March 31, 2011 consisted of \$0.8 million in cash paid for capital expenditures.

Senior Secured Credit Facility

We entered into the Senior Secured Credit Facility, administered by Bank of America, N.A., on April 1, 2011. The Senior Secured Credit Facility initially included \$135.0 million of term loans and a revolving credit facility of \$30.0 million.

On March 1, 2012, we amended our Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase the revolving credit facility by \$45.0 million, from \$30.0 million to \$75.0 million. We used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving credit facility to partially fund the acquisition of the Haven Facilities on March 1, 2012. As of March 31, 2012, we had \$67.6 million of availability under our revolving line of credit, which reflected the total revolving credit facility of \$75.0 million less the \$7.0 million outstanding and an undrawn letter of credit of \$0.4 million. Borrowings under the revolving credit facility are subject to customary debt incurrence tests. The amended term loans require quarterly principal payments of \$2.0 million for March 31, 2012 to March 31, 2013, \$4.0 million for June 30, 2013 to March 31, 2014, \$5.0 million for June 30, 2014 to March 31, 2015, and \$6.0 million for June 30, 2015 to December 31, 2015, with the remaining principal balance due on the maturity date of April 1, 2016.

Borrowings under the Senior Secured Credit Facility are guaranteed by each of Acadia's domestic subsidiaries and are secured by a lien on substantially all of the assets of Acadia and its domestic subsidiaries. Borrowings under the Senior Secured Credit Facility

bear interest at a rate tied to our consolidated leverage ratio (defined as consolidated funded debt to consolidated EBITDA, in each case as defined in the credit agreement governing the Senior Secured Credit Facility). The Applicable Rate for borrowings under the Senior Secured Credit Facility was 4.25% and 3.25% for Eurodollar Rate Loans and Base Rate Loans, respectively, as of March 31, 2012. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (based upon the British Bankers Association LIBOR Rate prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 1/2 of 1.0%, (ii) the prime rate and (iii) the Eurodollar rate plus 1.0%. As of March 31, 2012, borrowings under the Senior Secured Credit Facility bore interest at 4.50%. In addition, we are required to pay a commitment fee on undrawn amounts under the revolving line of credit. As of March 31, 2012, undrawn amounts bore interest at a rate of 0.55%.

The interest rates and the commitment fee on unused commitments related to the Senior Secured Credit Facility are based upon the following pricing tiers:

On November 1, 2011, we issued \$150.0 million of 12.875% Senior Notes due 2018 (the "Senior Notes") at 98.323% of the aggregate principal amount of \$150.0 million, a discount of \$2.5 million. We will pay interest on the notes semi-annually, in arrears, on November 1 and May 1 of each year, beginning on May 1, 2012 through the maturity date of November 1, 2018.

The indenture governing the Senior Notes contains covenants that, among other things, limit the Company's ability to: (i) incur or guarantee additional debt or issue certain preferred stock; (ii) pay dividends on the Company's equity interests or redeem, repurchase or retire the Company's equity interests or subordinated debt; (iii) transfer or sell assets; (iv) make certain investments; (v) incur certain liens; (vi) restrict the Company's subsidiaries' ability to pay dividends or make other payments to the Company; (vii) engage in certain transactions with the Company's affiliates; and (viii) merge or consolidate with other companies or transfer all or substantially all of the Company's assets.

The Senior Notes issued by the Company are guaranteed by each of our subsidiaries, all of which are wholly owned subsidiaries. The guarantees are full and unconditional and joint and several and Acadia Healthcare Company, Inc., as the parent issuer of the Senior Notes, has no independent assets or operations.

Contractual Obligations

The following table presents a summary of contractual obligations as of March 31, 2012 (in thousands):

	Payments Due by Period				Total
	Within 1 Year	During Years 2-3	During Years 4-5	After 5 Years	
Long-term debt (a)	\$ 33,272	\$ 87,267	\$ 152,523	\$ 180,578	\$ 453,640
Operating leases	7,571	9,296	7,138	2,025	26,030

Total obligations and commitments	\$ 41,159	\$ 96,563	\$ 159,661	\$ 182,603	\$ 479,986

(a) Amounts include required principal payments and related interest payments. We used the 4.5% interest rate at March 31, 2012 to estimate future interest payments related to our variable-rate debt.

(b) Amounts relate to purchase obligations, including commitments to purchase property and equipment or complete existing capital projects in future periods.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our interest expense is sensitive to changes in market interest rates. With respect to our interest-bearing liabilities, our long-term debt outstanding at March 31, 2012 is composed of \$150.0 million of fixed rate debt and \$159.9 million of variable rate debt with interest based on LIBOR plus an applicable margin. A hypothetical 10% increase in interest rates would decrease our net income and cash flows by approximately \$0.4 million on an annual basis based upon our borrowing level at March 31, 2012.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, our management conducted an evaluation, with the participation of our chief executive officer and chief financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the Exchange Act)). Based on this evaluation, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the first quarter ended March 31, 2012 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****Item 1. Legal Proceedings**

We are, from time to time, subject to various claims and legal actions that arise in the ordinary course of our business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, we are not currently a party to any proceeding that would have a material adverse effect on our business, financial condition or results of operations.
