99.1 Press release issued February 9, 2016.

The press release furnished with this report contains, and the February 9, 2016 conference call and webcast to discuss our financial results may contain, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements involve risks and uncertainties, and relate to future events or our future financial or operating performance. The forward-looking statements include all statements other than statements of historical fact. These statements are only predictions. Actual results could differ materially from those contemplated by forward-looking statements for a variety of reasons, including changes in U.S. and global economic conditions and consumer spending; the mix of products purchased by our customers; problems with cyber security or data breaches or Internet or other infrastructure or communications impairment or the costs of preventing or responding to any such problems; problems with or affecting our credit card processors, including cyber-attacks, Internet or other infrastructure or communications impairment or other events that could interrupt the normal operation of the credit card processors; the outcomes of legal proceedings, investigations and claims; the extent to which we owe income or sales taxes; increasing competition; fluctuations in our operating results; difficulties we may have financing our operations or our expansion with either internally generated funds or external sources of financing; difficulties we may encounter in connection with our efforts to expand internationally; difficulties we may encounter in connection with our efforts to offer additional types of services to our customers; and risks of inventory management and seasonality. In evaluating all forward looking statements, you should specifically consider the risks outlined above and in our Form 10-Q for the quarter ended September 30, 2015, filed with the Securities and Exchange Commission (“SEC”) on November 9, 2015, and the risk factors contained in any other filing we make with the SEC after the date of this press release. These factors may cause our actual results to differ materially from those contemplated by any forward-looking statement contained in this press release.
