GeoTelecommunications Selects Gilat's SkyEdge II-c Platform for
Enterprise and Consumer Markets in Russia

Satellite service provider to deliver high-speed
Internet access throughout the country

Petah Tikva, Israel, August 31, 2015 -- Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today that GeoTelecommunications, LLC (GT Telecom), a leading satellite services provider in Russia, selected Gilat's SkyEdge II-c platform for the delivery of high-speed Internet access to business and households throughout the region.

Gilat's SkyEdge II-c platform, which will replace an existing VSAT network, was chosen after a long and thorough evaluation process. GT Telecom's due diligence process included the evaluation of all major VSAT competitors as well as extensive testing of Gilat's equipment.

"Quality matters. The Russian market has its own set of requirements and specifications that must be met," explained Nikolay Lukyantsev, CEO of GT Telecom. "Beyond its industry-leading technology, Gilat proved itself to be a very mission-oriented partner that was also flexible and responsive to our needs."

"Gilat's global experience and local presence in Russia have forged special relationships in the region," furthered Gregory Litinsky, Gilat Regional Vice President for Eurasia. "We believe our best-of-breed platform will prove to be of great value to GT Telecom as it grows its business."

About GT Telecom

GeoTelecommunications, LLC (GT Telecom) is a licensed Russian satellite and telecommunications operator that, since its establishment in 2000, has developed a wide range of services, including:

- Distribution of TV and radio channels in Russia and neighboring states
- State-of-the-art teleport services, including CA services, play-out, 24-hour monitoring and more
 - Internet access via satellite
 - Data transmission
 - Digital communications
 - TV content aggregation

GT Telecom services all of Russia, the CIS, Baltic states and neighboring territories. It integrates telecommunications and professional services to ensure the highest levels of customer support.

About Gilat

Gilat Satellite Networks Ltd (NASDAQ, TASE: GILT) is a leading provider of products and services for satellite-based broadband communications. Gilat develops and markets a wide range of high-performance satellite ground segment equipment and VSATs, with an increasing focus on the consumer and Ka-band market. In addition, Gilat enables mobile SOTM (Satellite-on-the-Move) solutions providing low-profile antennas, next generation solid-state power amplifiers and modems. Gilat also provides managed network and satellite-based services for rural telephony and Internet access via its subsidiaries in Peru and Colombia.

With over 25 years of experience, and over a million products shipped to more than 90 countries, Gilat has provided enterprises, service providers and operators with efficient and reliable satellite-based connectivity solutions, including cellular backhaul, banking, retail, e-government and rural communication networks. Gilat also enables leading defense, public security and news organizations to implement advanced, on-the-move tactical communications on board their land, air and sea fleets using Gilat's high-performance SOTM solutions. Gilat controlling shareholders are the FIMI Private Equity Funds. For more information, please visit us at www.gilat.com
