**Item 2.03: Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement**

As of January 31, 2005, we entered into an agreement with our secured lender Valtec Capital, LLC, as assignee of Valtec Capital Corporation, a Nevada corporation (the "Prior Lender") to terminate our debtor-in-possession ("DIP") financing and to release their liens on our personal property. At the same time, we entered into another secured DIP financing agreement (the "EGC Agreement") with Entrepreneur Growth Capital, LLC ("EGC") pursuant to which EGC was granted a lien on all of our personal property. As used herein, we, us or our refers to Boundless Corporation and its subsidiaries collectively, or each such entity individually, as may be appropriate in accordance with the transaction documents filed as exhibits to this report.

In general, the EGC Agreement permits us to borrow up to 80% of our eligible accounts receivable. Under the EGC Agreement, the annual interest rate is 6% above the prime rate announced by Citibank, N.A. and we are required to pay a monthly service fee equal to three quarters of one percent (0.75%) of the face value of invoices assigned to EGC for the preceding month. The EGC Agreement requires us to pay minimum monthly interest of \$7,500 even though our actual borrowings may result in a lesser interest charge. We are responsible for certain fees and fees for early termination of the facility. The maximum availability under the EGC Agreement is \$1,000,000 and the term is one year.

In return for termination of the prior DIP financing we also agreed to pay the Prior Lenders a total of \$100,000 for legal fees they incurred during our bankruptcy period. This amount is payable to the Prior Lenders on the date that our Plan of Reorganization becomes effective.
