

BJS WHOLESALE CLUB INC  
Form 10-Q  
August 17, 2004

---

# SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D. C. 20549

## FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d)

of the Securities Exchange Act of 1934

For Quarter Ended July 31, 2004

Commission file number 001-13143

## **BJ S WHOLESALE CLUB, INC.**

(Exact name of Registrant as specified in its charter)

**DELAWARE**  
(State or other jurisdiction of  
incorporation or organization)

**04-3360747**  
(I.R.S. Employer  
Identification No.)

**One Mercer Road**  
**Natick, Massachusetts**  
(Address of principal executive offices)

**01760**  
(Zip Code)

**(508) 651-7400**

(Registrant's telephone number, including area code)

## Edgar Filing: BJS WHOLESALE CLUB INC - Form 10-Q

Indicate by check mark whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes x No .

Indicate by check mark whether the Registrant is an accelerated filer (as defined in Rule 12b-2 of the Exchange Act). Yes x No .

The number of shares of the Registrant's common stock outstanding as of August 16, 2004: 69,644,203

---

The accompanying notes are an integral part of the financial statements.

---

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

1. The results for BJ's Wholesale Club, Inc. (BJ's or the Company or we) for the quarter and six months ended July 31, 2004 are not necessarily indicative of the results for the full fiscal year or any future period because, among other things, our business, in common with the business of retailers generally, is subject to seasonal influences. Our sales and operating income have typically been strongest in the fourth quarter holiday season and lowest in the first quarter of each fiscal year.

2. The interim financial statements are unaudited and reflect all normal recurring adjustments we considered necessary for a fair presentation of our financial statements in accordance with generally accepted accounting principles.

3. These interim financial statements should be read in conjunction with the consolidated financial statements and related notes in our Annual Report on Form 10-K for the fiscal year ended January 31, 2004.

4. The components of interest income (expense), net were as follows (amounts in thousands):

	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 31, 2004	August 2, 2003	July 31, 2004	August 2, 2003
Interest income	\$ 347	\$ 74	\$ 457	\$ 97
Capitalized interest	2	61	3	188
Interest expense on debt	(219)	(157)	(441)	(375)
Interest income (expense), net	\$ 130	\$ (22)	\$ 19	\$ (90)

5. The following details the calculation of earnings per share from continuing operations before the cumulative effect of accounting principle changes for the periods presented below (amounts in thousands except per share amounts):

	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 31, 2004	August 2, 2003	July 31, 2004	August 2, 2003
Income from continuing operations before cumulative effect of accounting principle changes	\$ 28,129	\$ 22,110	\$ 44,379	\$ 34,779
Weighted-average number of common shares outstanding, used for basic computation	69,534	69,322	69,672	69,305
Plus: Incremental shares from assumed exercise of stock options	423	220	489	140

Edgar Filing: BJS WHOLESALE CLUB INC - Form 10-Q

Weighted-average number of common and dilutive potential common shares outstanding	69,957	69,542	70,161	69,445
Basic earnings per share	\$ 0.40	\$ 0.32	\$ 0.64	\$ 0.50
Diluted earnings per share	\$ 0.40	\$ 0.32	\$ 0.63	\$ 0.50

-7-

Edgar Filing: BJS WHOLESALE CLUB INC - Form 10-Q

Options to purchase the following shares were outstanding at July 31, 2004 and August 2, 2003, but were not included in the computation of diluted earnings per share because the options' exercise prices were greater than the average market price of the common shares for the periods indicated.

	Number of Shares	Weighted-Average Exercise Price
Thirteen weeks ended July 31, 2004	2,887,723	\$ 28.53
Twenty-six weeks ended July 31, 2004	2,487,723	\$ 29.32
Thirteen weeks ended August 2, 2003	3,091,095	\$ 26.08
Twenty-six weeks ended August 2, 2003	4,244,929	\$ 23.08

6. We account for stock-based employee compensation under the recognition and measurement principles of APB Opinion No. 25, Accounting for Stock Issued to Employees, and related Interpretations. No stock-based employee compensation cost for stock options is reflected in net income, as all options granted under our plans had an exercise price equal to the market value of the underlying common stock on the date of the grant. We do include stock-based employee compensation cost for restricted stock in net income. The following table illustrates the effect on net income and earnings per share if we had applied the fair value recognition provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation, to stock-based employee compensation:

	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 31, 2004	August 2, 2003	July 31, 2004	August 2, 2003
	(Dollars in Thousands except Per Share Amounts)			
Net income, as reported	\$ 27,999	\$ 21,966	\$ 44,117	\$ 33,233
Add: Stock-based employee compensation expense included in reported net income, net of related tax effects	15	14	31	28
Add (deduct): Total stock-based employee compensation income (expense) determined under fair value based method for all awards, net of related tax effects	(1,831)	2,386	(3,449)	1,087
Pro forma net income	\$ 26,183	\$ 24,366	\$ 40,699	\$ 34,348
Earnings per share:				
Basic - as reported	\$ 0.40	\$ 0.32	\$ 0.63	\$ 0.48
Basic - pro forma	\$ 0.38	\$ 0.35	\$ 0.58	\$ 0.50
Diluted - as reported	\$ 0.40	\$ 0.32	\$ 0.63	\$ 0.48
Diluted - pro forma	\$ 0.38	\$ 0.35	\$ 0.58	\$ 0.50

In determining stock-based compensation, we recognize forfeitures as they occur. Because of a large number of forfeited options in last year's second quarter, primarily resulting from a one-time stock option exchange program described in Note 7, we reported stock-based employee compensation income in the periods ended August 2, 2003 in the table above.

7. At the 2003 Annual Meeting of Stockholders of the Company held on May 22, 2003, the Company's stockholders approved an amendment to BJ's 1997 Stock Incentive Plan to permit a stock option exchange program under which outstanding stock options having an exercise price greater than \$29.00 per share would be exchanged for new options. The new options would be exercisable for one-half the number of shares of exchanged options and would have an exercise price equal to the fair market value of BJ's common stock on the date of the grant, which would be at least six months and one day after cancellation of the exchanged options. BJ's directors, President/Chief Executive Officer and Executive Vice Presidents were not eligible to participate in the program.

On May 27, 2003, the expiration date of the Company's exchange offer, the Company accepted for exchange from eligible employees options to purchase an aggregate of 1,307,385 shares of BJ's common stock. These stock options were cancelled as of that date. On November 28, 2003, the Company issued new options to purchase 646,054 shares of BJ's common stock in exchange for the options surrendered in the offer. The exercise price of these new options is \$25.45, which was equal to the fair market value of BJ's common stock on November 28, 2003. None of the new options vested or became exercisable until May 28, 2004. Beginning on May 28, 2004, the new options immediately vested to the same extent that the options they replaced would have been vested on that date had they not been surrendered. After May 28, 2004, the new options have the same vesting schedule as the options they replaced.

8. In the quarter ended July 31, 2004, the Company recorded a pretax charge of \$6.0 million (\$3.6 million post-tax) to establish a reserve relating to claims by credit card issuing banks seeking reimbursement for fraudulent credit and debit card charges and the cost of replacing cards and monitoring expenses. This reserve is included in accrued expenses and other current liabilities on the Company's balance sheet. As of August 13, 2004, the amount of these claims, as reported to the Company by its credit card processor, was approximately \$16 million. This amount includes approximately \$6 million of actual claims and an estimate for certain card replacement and account monitoring costs. The Company is unable to predict whether further claims will be asserted.

Earlier this year, the Company was notified by credit card issuers that credit and debit card accounts used legitimately at BJ's were subsequently used in fraudulent transactions at non-BJ's locations. In response, the Company retained a leading computer security firm to conduct a forensic analysis of its information technology systems with a goal of determining whether a breach had in fact occurred. While no conclusive evidence of a breach was found, the computer security firm concluded that: (1) the Company's centralized computer system that serves as the aggregation point for all BJ's credit and debit card transactions chain-wide had not been breached and (2) any breach would have likely occurred in a more decentralized fashion involving club-level systems. On March 12, 2004, after the Company's receipt of the computer security firm's preliminary report of findings, the Company issued a public statement alerting consumers to the potential security breach. Based on measures the Company has implemented, the Company is confident in the current safety and integrity of its systems.

The Company plans to vigorously contest the claims made against it and is exploring its defenses and possible claims against others. The Company has established the reserve of \$6.0 million, which represents its best estimate of the outcome of these claims at this point in time. The ultimate outcome of this matter could differ from the amounts recorded. While that difference could be material to the results of operations for any one reporting period, it is not expected to have a material impact on consolidated financial position or liquidity.

9. The following table summarizes year-to-date activity relating to our obligations for House2Home, Inc. ( House2Home ) and BJ s closed store leases:

	Twenty-Six Weeks Ended	
	July 31, 2004	August 2, 2003
	(Dollars in Thousands)	
Reserves for closed store liabilities, beginning of year	\$ 21,911	\$ 58,334
Interest accretion charges	568	1,152
Credit for decrease to reserve		(1,900)
Cash payments and fixed asset write-offs	(3,381)	(22,558)
<b>Reserves for closed store liabilities, end of period</b>	<b>\$ 19,098</b>	<b>\$ 35,028</b>

During the six months ended August 2, 2003, we settled eight House2Home leases (including three in the second quarter) through lump sum payments. Based on progress made in settling these leases and an evaluation of our remaining obligations, we recorded a \$1.9 million pretax credit (\$1.1 million after tax) in last year s first six months to reduce our contingent lease obligations. These amounts included a \$0.7 million pretax credit (\$0.4 million after tax) in the second quarter.

As of July 31, 2004, we have settled 39 of the 41 House2Home leases for which we were originally contingently liable, including lump sum settlements for 36 leases. Three other House2Home properties (for which we remain contingently liable) have been assigned to third parties. As of July 31, 2004, none of the leases for the three BJ s clubs closed in November 2002 has been settled or subleased. We have reserved a total of \$19,098,000 associated with our obligations for the remaining leases for two House2Home stores and three BJ s closed clubs as of July 31, 2004.

We believe that the liabilities recorded in the financial statements adequately provide for these lease obligations. However, there can be no assurance that our actual liability for closed store obligations will not differ materially from amounts recorded in the financial statements due to a number of factors, including future economic factors which may affect the ability to successfully sublease, assign or otherwise settle liabilities related to these properties. We consider our maximum reasonably possible undiscounted pretax exposure for our closed store lease obligations to be approximately \$51 million at July 31, 2004.

10. During last year s first quarter ended May 3, 2003, we adopted the provisions of Statement of Financial Accounting Standards No. 143, Accounting for Asset Retirement Obligations. We recorded a post-tax charge of \$1,253,000, or \$.02 per diluted share, to reflect the cumulative effect of adopting this accounting principle change as of the beginning of the fiscal year.

11. Net periodic benefit cost recognized for our unfunded defined benefit postretirement medical plan was as follows:

	<u>          </u>	<u>          </u>	<u>          </u>	<u>          </u>

12. We have a \$200 million unsecured credit agreement with a group of banks which expires June 13, 2005. The agreement includes a \$50 million sub-facility for letters of credit, of which \$2.3 million was outstanding at July 31, 2004. We are required to pay an annual facility fee which is currently 0.175% of the total commitment. Interest on borrowings is payable at BJS's option either at (a) the Eurodollar rate plus a margin which is currently 0.575% or (b) a rate equal to the higher of (i) the sum of the Federal Funds Effective Rate plus 0.50% or (ii) the agent bank's prime rate. We are also required to pay a usage fee in any calendar quarter during which the average daily amount of loans and undrawn or unreimbursed letters of credit outstanding exceeds 33% of the total commitment. The usage fee, if applicable, would currently be at an annual rate of 0.125% of the average daily amount of credit used under the facility during the calendar quarter. The facility fee, Eurodollar margin and usage fee are subject to change based upon our fixed charge coverage ratio. The agreement contains covenants which, among other things, include minimum net worth and fixed charge coverage requirements and a maximum funded debt-to-capital limitation. We are required to comply with these covenants on a quarterly basis. Under the credit agreement, we may pay dividends or repurchase our own stock in any amount so long as we remain in compliance with all other covenants. We were in compliance with the covenants and other requirements set forth in our credit agreement at July 31, 2004.

In addition to the credit agreement, we maintain a separate \$50 million facility for letters of credit, primarily to support the purchase of inventories, of which \$37.6 million was outstanding at July 31, 2004, and also maintain a \$25 million uncommitted credit line for short-term borrowings.

There were no borrowings outstanding under our bank credit agreement or our uncommitted credit line at July 31, 2004.

13. BJS has filed proofs of claim against House2Home, Inc. for claims arising under certain agreements between BJS and House2Home in connection with the BJS spin-off from Waban Inc. in July 1997. These claims arise primarily from BJS's indemnification of TJX with respect to TJX's guarantee of House2Home leases and from the Tax Sharing Agreement dated July 28, 1997 between BJS and House2Home. House2Home and BJS have settled BJS's claims against House2Home. The settlement provides that BJS will have an unsecured claim of approximately \$37.9 million, on account of claims under the Tax Sharing Agreement and indemnification payments which have been made to TJX. The settlement agreement was approved by the United States Bankruptcy Court for the Central District of California on November 10, 2003. As part of the settlement, BJS has been released of all claims that House2Home and its bankruptcy estate may have had against BJS, including \$1.7 million owed by BJS to House2Home under the Tax Sharing Agreement. We recognized this amount as a reduction in our tax provision in the fourth quarter of 2003. In addition, BJS and the Indenture Trustee for House2Home's Convertible Subordinated Notes have settled BJS's claim regarding the priority of amounts owed to BJS. Under the settlement, BJS is entitled to a payment of up to \$2.5 million, which we have not yet received.

During the quarter ended July 31, 2004, we received a recovery of bankruptcy claims totaling \$4.5 million. This recovery is included in gain (loss) on contingent lease obligations in the statements of income. On a post-tax basis, the gain was \$3.1 million. We are unable to determine the amount and timing of any future recoveries under our claims and, therefore, have not recognized such claims in our financial statements.

14. The Financial Accounting Standards Board ( FASB ) and the Emerging Issues Task Force ( EITF ) issued the following standards which became effective in the fourth quarter of last year and the first quarter of this year:

FASB Interpretation No. 46, Consolidation of Variable Interest Entities, which was revised in December 2003, addresses consolidation by business enterprises of variable interest entities, which have certain characteristics as defined in the standard.

Application of this Interpretation was required in financial statements of public entities that have interests in variable interest entities or potential variable interest entities commonly referred to as special-purpose entities for periods ending after December 15, 2003. Application by public entities for all other types of entities is required in financial statements for periods ending after March 15, 2004. The adoption of this Interpretation has resulted in no change from our existing reporting.

Statement of Financial Accounting Standards No. 132 (revised 2003), *Employers' Disclosures about Pensions and Other Postretirement Benefits*, requires additional disclosures to those in the original Statement 132 about the assets, obligations, cash flows and net periodic benefit cost of defined benefit pension plans and other defined benefit postretirement plans. The provisions of this revised statement have been applied in our report on Form 10-K for the fiscal year ended January 31, 2004 and in this year's reports on Form 10-Q.

EITF Issue No. 03-10, *Application of EITF Issue No. 02-16 by Resellers to Sales Incentives Offered to Consumers by Manufacturers* (EITF 03-10), provides guidance for the reporting of vendor consideration received by a reseller as it relates to manufacturers incentives (such as rebates or coupons) tendered by consumers. Vendor consideration may be included in revenues only if defined criteria are met. Otherwise, such consideration would be recorded as a decrease in cost of sales. The provisions of EITF 03-10 became effective in this year's first quarter. As permitted by the transition provisions of EITF 03-10, we have reclassified last year's sales and cost of sales for comparative purposes in this report. Implementation of EITF 03-10 has no effect on gross margin dollars, net income or cash flows, but certain vendor coupons or rebates which had been recorded in sales in the past are being recognized as a reduction of cost of sales. The implementation of EITF 03-10 resulted in decreases in both sales and cost of sales of \$11.1 million in this year's second quarter and \$5.5 million in last year's second quarter, and \$21.4 million in the first six months of this year versus \$9.6 million in last year's comparable period.

15. Certain amounts in the prior year's financial statements have been reclassified for comparative purposes.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Thirteen Weeks (Second Quarter) and Twenty-Six Weeks Ended July 31, 2004 versus Thirteen and Twenty-Six Weeks Ended August 2, 2003.**

**Critical Accounting Policies and Estimates**

The preparation of our unaudited quarterly financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Some accounting policies have a significant impact on amounts reported in these financial statements. A description of our critical accounting policies is contained in our Annual Report on Form 10-K for the fiscal year ended January 31, 2004 in the Critical Accounting Policies and Estimates section of Management's Discussion and Analysis of Financial Condition and Results of Operations. In addition, based on developments during the second quarter, we now consider the following to be a critical accounting policy and estimate.

*Legal Contingencies*

As described in more detail in Note 8 to the consolidated financial statements, BJs may be subject to various claims relating to fraudulent credit and debit card charges and the cost of replacing cards and related monitoring expenses. As required by Statement of Financial Accounting Standards No. 5, Accounting for Contingencies, (SFAS No. 5) we accrue a liability if the potential loss for a claim is considered probable and the amount of the loss can be reasonably estimated.

Significant judgment is required in both the determination of probability and the determination as to whether our exposure can be reasonably estimated. In establishing the reserve relating to the credit card matter, we make significant estimates regarding the number of claims that will be made by credit and debit card issuers for reissuance and monitoring fees, the cost of reissuing credit cards and the cost of monitoring credit card accounts. Because of uncertainties related to these and other matters, accruals are based on information available at the time our financial statements are issued. As additional information becomes available, we will reassess the potential liability and may revise our estimates and the reserve.

**Results of Operations**

Net sales for the second quarter ended July 31, 2004 rose 12.5% to \$1.84 billion from \$1.64 billion reported in last year's second quarter. Net sales for the first half of the current year totaled \$3.45 billion, 12.3% higher than last year's comparable period. These increases were due to comparable club sales increases and to the opening of new clubs and gasoline stations. The increase in comparable club sales represented approximately 67% of the increase in total net sales from the second quarter of 2003 to the second quarter of 2004 and approximately 61% of the increase in year-to-date sales. New clubs and gasoline stations accounted for the remainder of the increase. Adjusting each period for shifts between certain food and general merchandise categories, food accounted for 58% of total food and general merchandise sales in both this year's second quarter and first half versus 56% in last year's comparable periods.

Comparable club sales increased by 8.5% over last year in the second quarter, including a 2.3% contribution from gasoline sales and increased by 7.6% for the first half of the year, including a 1.4% contribution from sales of gasoline. On a comparable club basis, food sales increased by approximately 12% in this year's second quarter and by approximately 10% year-to-date. Comparable club general merchandise sales in the second quarter were essentially flat versus last year and increased by approximately 2% in the year-to-date period. Food sales were strong throughout the first half of the year, paced by our fresh food business, beverages, dairy and paper products. General merchandise sales were adversely affected by cooler weather than last year in April and throughout the second quarter. Second quarter comparable club sales of air conditioners and fans were well below last year, due to last year's more favorable weather conditions, especially in the latter part of the quarter.

Total revenues included membership fees of \$34.7 million in this year's second quarter versus \$30.9 million in last year's comparable period. For the year-to-date period, membership fees were \$67.9 million this year compared with \$61.2 million last year. These increases were due principally to the opening of new clubs.

Cost of sales (including buying and occupancy costs) was 92.00% of net sales in this year's second quarter versus 92.10% in last year's second quarter. For the first six months, the cost of sales percentage was 92.45% this year versus 92.41% last year. Despite this year's increased contribution of gasoline sales, which carry a significantly lower gross margin rate than the remainder of our business, the cost of sales ratio in the second quarter was favorable to last year because margin rates for merchandise and gasoline in particular increased over last year. This year's buying and occupancy costs as a percentage of sales approximated last year's rate. For the first six months, the slightly unfavorable cost of sales ratio was attributable mainly to the increased contribution of gasoline sales.

Selling, general and administrative (SG&A) expenses were 7.46% of net sales in the second quarter versus 7.72% in last year's comparable period. Year-to-date SG&A expenses were 7.55% of net sales this year versus 7.82% last year. These decreases were due principally to significantly lower marketing expenses, as planned, and reduced club renovation expenses (due to timing), partially offset by increases in credit expenses in both the second quarter and year-to-date, and payroll and payroll benefits in the year-to-date period.

Total SG&A expenses rose by \$11.0 million from the second quarter of 2003 to the second quarter of 2004. Payroll and benefits accounted for 77% of all SG&A expenses in this year's second quarter versus 75% last year. Major changes in second quarter SG&A expenses included increases in payroll and benefits of \$11.2 million and credit expenses of \$3.7 million, partially offset by a decrease of \$5.0 million in marketing. For the year-to-date period, total SG&A expenses rose by \$20.3 million this year. Payroll and payroll benefits accounted for 78% of all SG&A expenses in this year's first six months versus 75% last year. Major changes in year-to-date SG&A expenses included increases in payroll and benefits of \$23.3 million and credit expenses of \$5.8 million. These were partially offset by decreases totaling \$7.8 million in marketing and club renovation expenses and first quarter income of \$2.3 million from a settlement of medical claims overcharges from a former plan administrator.

Preopening expenses were \$1.7 million in both this year's and last year's second quarters. Year-to-date preopening expenses totaled \$1.9 million this year versus \$5.6 million last year. In this year's first half, we opened one new club (in the second quarter). In the first half of last year, we opened four new clubs, including one club in the second quarter. We also opened a new cross-dock facility in Jacksonville, Florida, during last year's first quarter. This year's planned club openings are more heavily weighted toward the second half of the year than last year's openings.

We recorded net interest income of \$130,000 in this year's second quarter versus net interest expense of \$22,000 in last year's second quarter. Net interest income for the first six months of this year was \$19,000 versus net interest expense of \$90,000 in last year's comparable period.

During the quarter ended July 31, 2004, we recorded a \$6.0 million pretax charge to establish a reserve relating to claims by credit card issuing banks seeking reimbursement for fraudulent credit and debit card charges and the cost of replacing cards and monitoring expenses. On a post-tax basis, this charge was \$3.6 million, or \$.05 per diluted share. See Note 8 for a further discussion of these claims.

Gain on contingent lease obligations was \$4.4 million in this year's second quarter versus \$0.4 million in last year's second quarter. For the first six months of this year, gain on contingent lease obligations was \$4.3 million versus \$1.2 million in the comparable period last year. This year's gain included a second quarter cash recovery of \$4.5 million of our claims related to the House2Home bankruptcy. On a post-tax basis, this recovery amounts to \$3.1 million, or \$.04 per diluted share. Last year's gains included pretax credits of \$1.2 million in the first quarter and \$0.7 million in the second quarter to reduce our contingent lease obligations. On a post-tax basis, these credits amounted to \$0.7 million, or \$.01 per diluted share, in the first quarter and \$0.4 million, or \$.01 per diluted share, in the second quarter.

Our income tax provision was 37.9% of pretax income from continuing operations in the first half of 2004 versus 38.5% in last year's first half. This decrease was due mainly to a lower tax rate applied to the House2Home claims recovery. Except for the claims recovery, we apply an incremental tax rate of 40% to our gains or losses on House2Home contingent lease obligations and our provision for credit card claims. We expect that our ongoing effective tax rate this year will be approximately 38.5% of the remainder of our pretax income from continuing operations.

Income from continuing operations was \$28.1 million, or \$.40 per diluted share, in this year's second quarter versus \$22.1 million, or \$.32 per diluted share, in last year's comparable period. For the first six months, income from continuing operations before the cumulative effect of accounting principle changes was \$44.4 million, or \$.63 per diluted share, this year versus \$34.8 million, or \$.50 per diluted share, last year.

Loss from discontinued operations (net of income tax benefit) was \$130,000 in this year's second quarter versus \$144,000 in last year's second quarter. Year-to-date loss from discontinued operations (net of income tax benefit) was \$262,000 this year versus \$293,000 last year. These losses consist of interest accretion charges associated with three BJ's clubs that closed in 2002.

During last year's first quarter ended May 3, 2003, we adopted the provisions of Statement of Financial Accounting Standards No. 143, Accounting for Asset Retirement Obligations. We recorded a post-tax charge of \$1,253,000, or \$.02 per diluted share, to reflect the cumulative effect of adopting this accounting principle change as of the beginning of the fiscal year.

Net income for the second quarter was \$28.0 million, or \$.40 per diluted share, this year versus \$22.0 million, or \$.32 per diluted share, last year. For the first half, net income was \$44.1 million, or \$.63 per diluted share, this year compared with \$33.2 million, or \$.48 per diluted share, last year.

This year's first half was marked by a major re-merchandising effort which was based on initial findings from our new member analysis and segmentation initiative that we call Member Insight. We accelerated our timeline for the re-merchandising project so it could be essentially completed in the first quarter. We discontinued selected items, including large exercise equipment, treadmills and weight sets, slower moving automotive items and certain stationery items. We have replaced them with generally faster-turning items, including additional beverages, low-carb foods, paper goods, juices, nutritional foods, salty snacks and international foods. These tend to be non-overlapping items with our competitors and, as such, carry slightly higher margins than other items in their categories. We also plan an increased emphasis on fresh foods, private brands and fashion. The ultimate goal of re-merchandising our clubs is to drive margin expansion in addition to boosting shopping frequency and sales.

Beginning this fall, we will be testing a concept that will be new to BJ's. We plan to open two new clubs in the Metro New York market exclusively for food service businesses under the name ProFoods Restaurant Supply (ProFoods). The target member is the professional food vendor or restaurant owner. The business model for ProFoods is built on somewhat higher merchandise margins than those generated by a wholesale club, free memberships and a broad merchandise assortment to support one-stop shopping. We believe that we can leverage our success as a highly efficient operator of limited assortment formats that cater to defined customer groups. We have embarked on this test because we believe there is a substantial market for this business segment where we can apply our expertise in logistics, merchandising, operations and finance.

Our results in the first half of this year benefited from lower preopening and marketing expenses as compared to last year. Six of last year's ten new club openings occurred in the second half of the year. For the second half of this year, we plan to open six to eight new BJ's clubs along with the two ProFoods clubs. Consequently, preopening expenses in this year's second half are expected to be higher than those in last year's second half. In the first half of last year, we tested a number of marketing strategies that resulted in higher than normal marketing expenses. We expect that marketing expenses in the second half of this year will also be lower than last year, but not to the extent that they were in the first two quarters of this year.

The Company operated 151 clubs on July 31, 2004 versus 144 clubs on August 2, 2003.

### **Seasonality**

Our business, in common with the business of retailers generally, is subject to seasonal influences. Our sales and operating income have typically been strongest in the fourth quarter holiday season and lowest in the first quarter of each fiscal year.

### **Recent Accounting Standards**

The FASB and the EITF issued the following standards which became effective in the fourth quarter of last year and the first quarter of this year:

FASB Interpretation No. 46, Consolidation of Variable Interest Entities, which was revised in December 2003, addresses consolidation by business enterprises of variable interest entities, which have certain characteristics as defined in the standard.

Application of this Interpretation was required in financial statements of public entities that have interests in variable interest entities or potential variable interest entities commonly referred to as special-purpose entities for periods ending after December 15, 2003. Application by public entities for all other types of entities is required in financial statements for periods ending after March 15, 2004. The adoption of this

Interpretation has resulted in no change from our existing reporting.

Statement of Financial Accounting Standards No. 132 (revised 2003), *Employers' Disclosures about Pensions and Other Postretirement Benefits*, requires additional disclosures to those in the original Statement 132 about the assets, obligations, cash flows and net periodic benefit cost of defined benefit pension plans and other defined benefit postretirement plans. The provisions of this revised statement have been applied in our report on Form 10-K for the fiscal year ended January 31, 2004 and in this year's reports on Form 10-Q.

EITF Issue No. 03-10, *Application of EITF Issue No. 02-16 by Resellers to Sales Incentives Offered to Consumers by Manufacturers* (EITF 03-10), provides guidance for the reporting of vendor consideration received by a reseller as it relates to manufacturers incentives (such as rebates or coupons) tendered by consumers. Vendor consideration may be included in revenues only if defined criteria are met. Otherwise, such consideration would be recorded as a decrease in cost of sales. The provisions of EITF 03-10 became effective in this year's first quarter. As permitted by the transition provisions of EITF 03-10, we have reclassified last year's sales and cost of sales for comparative purposes in this report. Implementation of EITF 03-10 has no effect on gross margin dollars, net income or cash flows, but certain vendor coupons or rebates which had been recorded in sales in the past are being recognized as a reduction of cost of sales. The implementation of EITF 03-10 resulted in decreases in both sales and cost of sales of \$11.1 million in this year's second quarter and \$5.5 million in last year's second quarter, and \$21.4 million in the first six months of this year versus \$9.6 million in last year's comparable period.

### **Liquidity and Capital Resources**

Net cash provided by operating activities was \$141.5 million in the first six months of 2004 versus \$101.3 million in last year's comparable period. Year-to-date net income plus depreciation and amortization was \$18.0 million higher than last year. Merchandise inventories, net of accounts payable, decreased by \$37.2 million in the first six months of this year versus \$28.5 million in last year's comparable period. Cash expenditures for closed store lease obligations were \$19.2 million lower than last year.

Cash expended for property additions was \$49.4 million in this year's first six months versus \$97.3 million in last year's comparable period. One new club was opened in this year's first half. Twelve clubs were in various stages of remodeling at July 31, 2004. We opened a new owned cross-dock facility in Jacksonville, Florida, and four new leased clubs in the first half of 2003. The refurbishment of thirty existing clubs was also substantially completed in the first half of 2003. No new gasoline stations were opened in this year's first half. Six new gasoline stations were opened in last year's first half.

The Company's full-year capital expenditures are expected to total approximately \$150 to \$160 million in 2004, based on plans to open approximately nine to eleven new clubs, including two ProFoods clubs, and seven to ten gasoline stations. We also plan to refurbish approximately 15 clubs over the remainder of the year. The timing of actual club and gasoline station openings and the amount of related expenditures could vary from these estimates due, among other things, to the complexity of the real estate development process.

During this year's first six months we repurchased 729,800 shares of our common stock for \$18.0 million. We did not repurchase any shares of our common stock in last year's first six months. As of July 31, 2004, our remaining repurchase authorization was \$72.4 million.

We have a \$200 million unsecured credit agreement with a group of banks which expires June 13, 2005. The agreement includes a \$50 million sub-facility for letters of credit, of which \$2.3 million was outstanding at July 31, 2004. We are required to pay an annual facility fee which is currently 0.175% of the total commitment. Interest on borrowings is payable at BJs option either at (a) the Eurodollar rate plus a margin which is currently 0.575% or (b) a rate equal to the higher of (i) the sum of the Federal Funds Effective Rate plus 0.50% or (ii) the agent bank's prime rate. We are also required to pay a usage fee in any calendar quarter during which the average daily amount of loans and undrawn or unreimbursed letters of credit outstanding exceeds 33% of the total commitment. The usage fee, if applicable, would currently be at an annual rate of 0.125% of the average daily amount of credit used under the facility during the calendar quarter. The facility fee, Eurodollar margin and usage fee are subject to change based upon our fixed charge coverage ratio. The agreement contains covenants which, among other things, include minimum net worth and fixed charge coverage requirements and a maximum funded debt-to-capital limitation. We are required to comply with these covenants on a quarterly basis. Under the credit agreement, we may pay dividends or repurchase our own stock in any amount so long as we remain in compliance with all other covenants. We have no credit rating triggers that would accelerate the maturity date of debt if borrowings were outstanding under our credit agreement. We were in compliance with the covenants and other requirements set forth in our credit agreement at July 31, 2004. We expect to enter into a new credit agreement before the current agreement expires.

In addition to the credit agreement, we maintain a separate \$50 million facility for letters of credit, primarily to support the purchase of inventories, of which \$37.6 million was outstanding at July 31, 2004, and also maintain a \$25 million uncommitted credit line for short-term borrowings.

There were no borrowings outstanding under our bank credit agreement or our uncommitted credit line at July 31, 2004.

Increases in merchandise inventories and accounts payable from August 2, 2003 to July 31, 2004 were due primarily to the addition of new clubs.

During the third quarter of 2002, we established reserves for our liability related to leases for three BJs clubs which closed on November 9, 2002. Our recorded liabilities are based on the present value of rent liabilities under the three leases, including estimated real estate taxes and common area maintenance charges, reduced by estimated income from the subleasing of these properties. An annual discount rate of 6% was used to calculate the present value of these lease obligations. This rate was based on estimated borrowing rates for the Company that took into consideration the weighted-average period of time over which these obligations are expected to be paid.

Pursuant to an agreement with The TJX Companies, Inc. ( TJX ) and in connection with House2Home's filing for bankruptcy on November 7, 2001, we recorded a pretax charge of \$105.0 million for our estimated loss associated with House2Home leases in 2001. Based on a continuing evaluation of our remaining obligations and the significant progress made in settling liabilities for House2Home leases, we recorded pretax gains of \$20.0 million in 2002 and \$5.5 million in 2003 to reduce our estimated liability related to House2Home contingent lease obligations.

As of July 31, 2004, we have settled 39 of the 41 House2Home leases for which we were originally contingently liable, including lump sum settlements for 36 leases. Three other House2Home properties (for which we remain contingently liable) have been assigned to third parties. As of July 31, 2004, none of the leases for the three BJs clubs closed in November 2002 has been settled or subleased. We have reserved a total of \$19.1 million associated with our obligations for the remaining leases for two House2Home stores and three BJs closed clubs as of July 31, 2004.

We believe that the liabilities recorded in the financial statements adequately provide for these lease obligations. However, there can be no assurance that our actual liability for closed store obligations will not differ materially from amounts recorded in the financial statements due to a number of factors, including future economic factors which may affect the ability to successfully sublease, assign or otherwise settle liabilities related to these properties. We consider our maximum reasonably possible undiscounted pretax exposure for our closed store lease obligations to be approximately \$51 million at July 31, 2004.

BJ's has filed proofs of claim against House2Home, Inc. for claims arising under certain agreements between BJ's and House2Home in connection with the BJ's spin-off from Waban Inc. in July 1997. These claims arise primarily from BJ's indemnification of TJX with respect to TJX's guarantee of House2Home leases and from the Tax Sharing Agreement dated July 28, 1997 between BJ's and House2Home. House2Home and BJ's have settled BJ's claims against House2Home. The settlement provides that BJ's will have an unsecured claim of approximately \$37.9 million, on account of claims under the Tax Sharing Agreement and indemnification payments which have been made to TJX. The settlement agreement was approved by the United States Bankruptcy Court for the Central District of California on November 10, 2003. As part of the settlement, BJ's has been released of all claims that House2Home and its bankruptcy estate may have had against BJ's, including \$1.7 million owed by BJ's to House2Home under the Tax Sharing Agreement. We recognized this amount as a reduction in our tax provision in the fourth quarter of 2003. In addition, BJ's and the Indenture Trustee for House2Home's Convertible Subordinated Notes have settled BJ's claim regarding the priority of amounts owed to BJ's. Under the settlement, BJ's is entitled to a payment of up to \$2.5 million, which we have not yet received.

During the quarter ended July 31, 2004, we received a recovery of bankruptcy claims totaling \$4.5 million. This recovery is included in gain (loss) on contingent lease obligations in the statements of income. On a post-tax basis, the gain was \$3.1 million. We are unable to determine the amount and timing of any future recoveries under our claims and, therefore, have not recognized such claims in our financial statements.

Cash and cash equivalents totaled \$146.3 million as of July 31, 2004. Based on the expectation that a new credit agreement will be in place before the current agreement expires on June 13, 2005, we believe that our current resources, together with anticipated cash flow from operations, will be sufficient to finance our operations through the term of the new credit agreement. However, we may from time to time seek to obtain additional financing.

### **Factors Which Could Affect Future Operating Results**

This report contains a number of forward-looking statements, including statements regarding planned capital expenditures, planned club and gas station openings, lease obligations under our indemnification agreement with TJX, lease obligations in connection with three closed clubs, claims by credit card issuing banks and other information with respect to our plans and strategies. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the foregoing, the words believes, anticipates, plans, estimates, expects and similar expressions are intended to identify forward-looking statements. There are a number of important factors that could cause actual events or our actual results to differ materially from those indicated by such forward-looking statements, including, without limitation, economic and weather conditions and state and local regulation in our markets; competitive conditions; our success in settling lease obligations under our indemnification agreement with TJX and in connection with the closing of three of our own clubs; and events which might cause our 1997 spin-off from Waban Inc. not to qualify for tax-free treatment. Each of these and other factors are discussed in more detail in our Annual Report on Form 10-K for the fiscal year ended January 31, 2004.

Any forward-looking statements represent our estimates only as of the day this quarterly report was first filed with the Securities and Exchange Commission and should not be relied upon as representing our estimates as of any subsequent date. While we may elect to update forward-looking statements at some point in the future, we specifically disclaim any obligation to do so, even if our estimates change.

Earlier this year, the Company was notified by credit card issuers that credit and debit card accounts used legitimately at BJ's were subsequently used in fraudulent transactions at non-BJ's locations. In response, the Company retained a leading computer security firm to conduct a forensic analysis of its information technology systems with a goal of determining whether a breach had in fact occurred. While no conclusive evidence of a breach was found, the computer security firm concluded that: (1) the Company's centralized computer system that serves as the aggregation point for all BJ's credit and debit card transactions chain-wide had not been breached and (2) any breach would have likely occurred in a more decentralized fashion involving club-level systems. On March 12, 2004, after the Company's receipt of the computer security firm's preliminary report of findings, the Company issued a public statement alerting consumers to the potential security breach. Based on measures the Company has implemented, the Company is confident in the current safety and integrity of its systems.

Various credit card issuing banks have submitted claims to BJ's credit card processor seeking reimbursement for fraudulent credit and debit card charges and the cost of replacing cards and related monitoring expenses. BJ's agreement with the credit card processor provides for BJ's to indemnify its processor in certain circumstances and permits its processor to deduct from BJ's accounts amounts for which BJ's is responsible under this agreement.

As of August 13, 2004, the amount of claims made by credit card issuing banks to BJ's processor, as reported to BJ's by its processor, was approximately \$16 million. The amount includes approximately \$6 million of actual claims and an estimate for certain card replacement and account monitoring costs. BJ's is unable to predict whether further claims will be asserted.

BJ's plans to vigorously contest the claims that have been made against the Company and is exploring its defenses and possible claims against others. BJ's established a \$6 million reserve for these claims, which represents its best estimate of the outcome of these claims at this point in time. The ultimate outcome of this matter could differ from the amounts recorded. While that difference could be material to the results of operations for any one reporting period, it is not expected to have a material impact on consolidated financial position or liquidity.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We believe that our potential exposure to market risk as of July 31, 2004 is not material because of the short contractual maturities of our cash and cash equivalents on that date. There were no borrowings outstanding under our bank credit agreement or our uncommitted credit line at July 31, 2004. We have not used derivative financial instruments.

**Item 4. Controls and Procedures**

The Company's management, with the participation of the Company's chief executive officer and chief financial officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of July 31, 2004. Based on this evaluation, the Company's chief executive officer and chief financial officer concluded that, as of July 31, 2004, the Company's disclosure controls and procedures were (1) designed to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to the Company's chief executive officer and chief financial officer by others within those entities, particularly during the period in which this report was being prepared and (2) effective, in that they provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

No change in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the fiscal quarter ended July 31, 2004 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II. OTHER INFORMATION**
**Item 1 - Legal Proceeding**

Discussions of the House2Home bankruptcy proceeding and the consumer credit card identity theft matter appear in Part I of this Form 10-Q and are incorporated herein by reference.

**Item 2 - Changes in Securities, Use of Proceeds and Issuer Purchases of Equity Securities**

The following table summarizes our share repurchase activity in the quarter ended July 31, 2004:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Program(1)	Maximum Dollar
				Amount that May Yet Be Purchased Under the Program
(Dollars in Thousands)				
<b>2004</b>				
May 2 - May 29	65,200	\$ 23.43	65,200	\$ 80,970
May 30 - July 3	347,500	24.54	347,500	72,443
July 4 - July 31				72,443
<b>Total for the quarter</b>	<b>412,700</b>	<b>\$ 24.36</b>	<b>412,700</b>	<b>\$ 72,443</b>

- (1) We publicly announced in a press release dated August 26, 1998 that the Board of Directors authorized a program to repurchase up to \$50 million of the Company's common stock. We subsequently announced that the Board authorized increases in the program of \$50 million each in press releases dated September 16, 1999, May 25, 2000, and May 25, 2001; and additional increases of \$100 million each in press releases dated September 26, 2001 and August 20, 2002. Under the program, repurchases may be made at management's discretion, in the open market or in privately negotiated transactions. No expiration dates were set under any of the Board's authorizations. From the inception of the program through July 31, 2004, we repurchased approximately 10.5 million shares for a total of \$327.6 million, leaving a remaining authorization of \$72.4 million.
