Summary of Significant Accounting Policies

Basis of Presentation

The interim financial statements included in this report have been prepared by Buy It Cheap.com, Inc. (the "Company") without audit in accordance with generally accepted accounting principles and pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial information. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures made are adequate to make the information presented not misleading.

In the opinion of management, the information furnished for the three and six month periods ended December 31, 2003 and 2002 includes all adjustments, consisting solely of normal recurring accruals, necessary for a fair presentation of the financial results for the respective interim periods. The results of operations for the three and six month periods ended December 31, 2003 are not necessarily indicative of the results of operations to be expected for the fiscal year ending June 30, 2004. It is suggested that the interim financial statements be read in conjunction with the audited financial statements of the Company for the year ended June 30, 2003, as filed with the Securities and Exchange Commission on Form 10-KSB.

Net Loss Per Common Share

The weighted average number of common shares outstanding used in computing net loss per common share was 9,040,582 for each of the three and six month periods December 31, 2003 and 2002. The weighted average number of common shares used in computing the net loss per common share does not include any shares issuable upon the assumed conversion of the preferred stock since the effect would be anti-dilutive.

Due to Stockholder

During the current fiscal year, a stockholder made a \$6,000 advance to the Company. The characterization of the advance and its use by the Company has not yet been determined.

Item 2. Management's Discussion and Analysis or Plan of Operation

The Company entered the Internet retailing business through the formation of a separate entity by two of its directors. The new entity was able to raise limited start-up capital for an Internet retailing business. For accounting purposes, the combination of the two companies was treated as an acquisition of the Company by this new entity. Subsequent to the completion of this acquisition the Company changed its name to Buy It Cheap.com, Inc. and planned to commence an Internet retailing operation under the website "Buyitcheap.com." The Company must still arrange settlement of its liabilities and raise substantial new investment capital in order to effectively develop this business.

Financial and Operating Plan for the Next 12 Months

The Company plans to operate over the next 12 months with little overhead consisting primarily of office rental, transfer agent fees, web hosting and professional fees. No salaries or wages are currently paid. While the Company is currently readying its website, it cannot predict with certainty when the site will be fully operational. Until there is positive cash flow from its Internet business, or the Company is able to raise a substantial amount of new capital, there will be few, if any paid employees. The Company plans that sales transactions, for the most part, will be handled automatically over the Internet requiring little labor or office space requirements. The Company believes it can become a viable business within 12 months of the actual start of operations (subject to the outcome of previously described legal proceedings) if it is able to raise additional capital. The objective of the Company will be to establish the viability necessary to attract substantial new investment capital to expand its business.

DISCLOSURE REGARDING FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-QSB contains forward-looking statements within the meaning of the Private Securities Litigation Act of 1995 and Section 21E of the Securities Exchange Act of 1934, as amended, that are based on the beliefs of the Company's management as well as assumptions made by and information currently available to the Company's management. The Company desires to take advantage of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and is making this cautionary statement in connection with such safe harbor provisions. When used in this Quarterly Report on Form 10-QSB, the words "estimate," "project," "believe," "anticipate," "intend," "expect," "plan," "predict," "may," "should," "will," the negative thereof and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are inherently subject to risks and uncertainties, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, financial and otherwise, could differ materially from those set forth in or contemplated by the forward-looking statements contained herein. Important factors that could

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 10QSB

contribute to such differences include, but are not limited to, the fact that the Company is in the early stages of developing its Internet retailing business, the Company's dependence on growth of the Internet, rapid technological changes in the market, the effect of substantial competition in the Internet retail market, the effect of changes in governmental regulation of the Internet and the effect of general economic and market conditions. Other factors may be described from time to time in the Company's other filings with the Securities and Exchange Commission, news releases and other communications. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company does not undertake any obligation to release publicly any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

Item 3. Controls and Procedures

Anthony J. Consi, our Chief Executive Officer, and Stephen E. Roman, Jr., our Chief Financial Officer, performed an evaluation of the Company's disclosure controls and procedures as of December 31, 2003. Based on their evaluation, they concluded that the controls and procedures in place are sufficient to assure that material information concerning the Company which could affect the disclosures in the Company's quarterly and annual reports is made known to them by the other officers and employees of the Company, and that the communications occur with promptness sufficient to assure the inclusion of the information in the then-current report.

There have been no significant changes in the Company's internal controls or in other factors that could significantly affect those controls subsequent to the date on which Messrs. Consi and Roman performed their evaluation.
