GENERAL INFORMATION ABOUT THE 2015 ANNUAL MEETING

When and where is the annual meeting?

The meeting will be held on May 11, 2015 at the Marriott SpringHill, 120 East Redwood Street, Baltimore, Maryland, beginning promptly at 10:00 a.m. Eastern Time.

Who may vote?

You may vote if you were a holder of record of Haverty Furniture Companies, Inc. as of the close of business on March 13, 2015.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

We are providing access to our proxy materials over the Internet. As a result, we have sent to most of our stockholders a Notice instead of a paper copy of the proxy materials. The Notice contains instructions on how to access the proxy materials over the Internet and how to request a paper copy. In addition, stockholders may request to receive future proxy materials in printed form by mail or electronically by email. A stockholder's election to receive proxy materials by mail or email will remain in effect until the stockholder terminates it.

How can I access the proxy materials over the Internet?

Your notice or proxy card will contain certain instructions on how to view our proxy materials for the annual meeting.

Why should I vote?

Your vote is very important regardless of the amount of stock you hold. The board strongly encourages you to exercise your right to vote as a stockholder of the Company.

How do I vote?

You may vote using any of the following methods: via the Internet, by telephone, through the mail or at the meeting. You can vote using the Internet or telephone by following the instructions included on your Notice or proxy card. You can vote through the mail by signing, dating and returning your proxy card in the postage-paid envelope provided. You may attend and vote at the annual meeting.

If I vote using the Internet, telephone or mail, may I still attend the annual meeting?

Yes. The board recommends that you vote using one of the methods discussed above, as it is not practical for most stockholders to attend and vote at the annual meeting. Using another method to vote will not limit your right to vote at or attend the annual meeting. However, if your shares are held in street name you must obtain a proxy, executed in your favor, from your bank, broker or other holder of record to be able to vote at the annual meeting. We have

historically received proxies representing approximately 90% of eligible shares and had no stockholders in attendance at our annual meetings. Accordingly, this is a very brief meeting conducted by our corporate secretary and not attended by our directors.

1

GENERAL INFORMATION ABOUT THE 2015 ANNUAL MEETING (continued)

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the meeting. You may do this by: (1) signing another proxy with a later date and returning it to us prior to the meeting, or (2) voting again by telephone or over the Internet prior to 11:59 p.m. (EDT) on May 10, 2015, or (3) voting again at the meeting.

How do I vote shares that are held by my broker?

If you have shares held by a broker or other nominee, you may instruct your broker or other nominee to vote your shares by following instructions that the broker or nominee provides to you. Most brokers offer voting my mail, by telephone and the Internet.

How will a quorum be determined?

A majority of the outstanding shares of the combined classes of common stock present or represented by proxy constitutes a quorum for the annual meeting. As of the record date, we had 20,568,283 shares of common stock and 2,080,620 shares of Class A common stock.

What am I voting on, what is the vote required for each proposal to pass and what is the effect of abstentions and uninstructed shares on the proposal?

The owners of Class A common stock and common stock vote as separate classes in the election of directors. Holders of Class A common stock will elect seven directors and holders of common stock will elect three directors. On all other matters the owners of common stock are entitled to one vote for each share held and the owners of Class A common stock are entitled to ten votes per share held.

Proposals	Board Voting Recommendation	Votes Required For Approval	Abstentions	Uninstructed shares
Election of Directors – Class A Common Stock Holders	FOR	Plurality – the most affirmative votes	No effect	No effect
Election of Directors – Common Stock Holders	FOR	Plurality – the most affirmative votes	No effect	No effect
Ratification of the appointment of Ernst & Young LLP as our independent auditor	FOR	Combined majority of votes cast in person or by proxy	Counts as a vote against	Discretionary voting by broker permitted

GENERAL INFORMATION ABOUT THE 2015 ANNUAL MEETING (continued)

Could other matters be decided at the annual meeting?

We are not aware of any matters that will be considered at the annual meeting other than those set forth in this proxy statement. However, if any other matters arise at the annual meeting, the persons named in your proxy will vote in accordance with their best judgment and only with respect to shares you own as a stockholder of record.

Who tabulates the votes?

Broadridge Financial Solutions, Inc., an independent third party, will count the votes.

Where can I find the voting results of the annual meeting?

We will announce voting results at the annual meeting and we will publish the final results in a Form 8-K to be filed with the SEC on or before May 15, 2015. You may access or obtain a copy of this and other reports free of charge on our website at havertys.com, or by contacting our corporate secretary.

What if I want to receive a paper copy of the annual report and proxy statement?

If you wish to receive a paper copy of the 2014 annual report and 2015 proxy statement, or future annual reports and proxy statements, please call 1-800-241-4599 or write to: Corporate Secretary, Haverty Furniture Companies, Inc., 780 Johnson Ferry Road, Suite 800, Atlanta, GA 30342. We will deliver the requested documents to you promptly upon your request.

OUR BOARD OF DIRECTORS

The board of directors currently consists of ten members. At this annual meeting, seven will be elected by the holders of Class A common stock and three directors will be elected by the holders of common stock to hold office until the next annual meeting.

The nominees for election at the 2015 annual meeting were recommended and approved for nomination by the Nominating and Corporate Governance Committee (the "Governance Committee") of the board. The election of our directors requires a plurality of votes cast at the meeting by the holders of the respective classes of common stock. We expect that each of the nominees will be available for election, but if any of them is unable to serve at the time the election occurs, it is intended that the proxies will vote for the election of another nominee to be designated by the Governance Committee and the board.

As discussed in more detail on page 10 of this proxy statement, the board considers several qualifications, attributes, skills, characteristics and other factors when evaluating individual directors, as well as the composition of the board as a whole to determine that the person should serve as a director of the Company. The biographies of each of the nominees contain information regarding the person's experience and director positions held currently or at any time during the last five years. The chart below highlights the particular experiences, qualifications and skills of the individual directors. The fact that an item is not checked does not mean the individual does not possess the experience, qualification or skill.

CORPORATE GOVERNANCE – BOARD OF DIRECTORS

The following sections provide an overview of our corporate governance structure and processes as it relates specifically to our board of directors.

Director Independence

Our Governance Guidelines state that a majority of the directors must be non-management directors who meet the "independence" requirements of the New York Stock Exchange (the "NYSE"). The Governance Committee conducts an annual review of the independence of the members of the board and its committees and the board affirmatively determines the independence of each director. Based on the standards contained in our Corporate Governance Guidelines, the NYSE corporate governance requirements and the recommendations of the Governance Committee, the Board has determined that each of the following non-employee director nominees is independent and has no material relationship with the Company that could impair their independence.

- John Glover
- Frank McGaughey
- Phil Humann
- Vicki Palmer
- Mylle Mangum
- Fred Schuermann
- Terry McGuirk
- Al Trujillo

For more information regarding our policy on Transactions with Related Persons, please see page 11 of this proxy statement.

Board Leadership Structure

Our company is led by Clarence Smith, who has served as chief executive officer since 2003 and chairman of the board since August 2012. Our current board is composed of eight independent directors and two management directors. Our independent directors meet in executive session at each board meeting.

Chairman/CEO: We believe that having a combined chairman/CEO, independent chairs for each of our board committees and an independent lead director helps provide strong, unified leadership for our management team and board of directors and is currently the right structure for our company. We have one individual who is seen by employees, business partners, and stockholders as providing leadership for Havertys and we have experienced independent directors providing oversight of company operations. Although the board believes that separate positions are not appropriate in the current circumstances, our Governance Guidelines do not establish this approach as policy. The board believes that it should have the flexibility to make these determinations at any given point based on what it considers is the appropriate leadership structure for Havertys at the time.

Lead Director: Under our Corporate Guidelines, in the absence of an independent chairman, the independent directors select one independent director as the board's lead director. The lead director chairs the executive sessions and facilitates communications between the chief executive officer and other directors. Our lead director helps the Company maintain a corporate governance structure with appropriate independence and balance. Phil Humann currently serves as lead director.

Risk Oversight

In its oversight role, the board reviews our budgets and strategic plans, which address, among other things, the risks and opportunities we face. While the board has the ultimate oversight responsibility for the risk management process, various committees of the board also have responsibility for risk management. In particular, and in accordance with NYSE requirements and our committee charters, the Audit Committee is responsible for overseeing risk management with a focus on financial risk, including internal controls, and reviews annual risk assessments with our internal

auditors and other members of management. The Compensation Committee assists the board in fulfilling its oversight responsibility with respect to our executive compensation programs, benefit matters and succession planning for senior management. Finally, the Governance Committee is responsible for establishing, implementing and monitoring policies and processes regarding principles of corporate governance and ensures we are in compliance with all applicable regulations and requirements.

7

CORPORATE GOVERNANCE – BOARD OF DIRECTORS (continued)

During 2014, the board met four times and the committees met as indicated below. Board members attended 100% of all of the board meetings and meetings of the committees on which they served during 2014.

CORPORATE GOVERNANCE – BOARD OF DIRECTORS (continued)

Director Compensation

Non-employee directors receive a combination of cash and stock-based compensation designed to attract and retain qualified candidates to serve on the board and further align their interest with that of our stockholders. In setting director compensation, the Governance Committee, which is responsible for determining the type and amount of compensation for non-employee directors, considers among other things, the significant amount of time that directors spend fulfilling their duties to Havertys and our stockholders.

Retainer Fees. Non-employee directors receive an annual retainer, of which two-thirds is required to be paid in shares of common stock. We do not pay meeting fees for attendance at board and committee meetings but attendance expenses are reimbursed. The following is a schedule of current annual retainers for non-employee directors in effect during 2014:

Type of Fee	Amounts

Non-employee directors may elect to defer receipt of the cash or common stock payment of their retainer, and may elect to defer 100% of their annual retainer fee in shares of common stock under the Directors' Deferred Compensation Plan ("Deferred Plan"). Under the Deferred Plan, deferred fees, plus any accrued interest (at a rate determined annually in accordance with the Deferred Plan which is not above market), shall be distributed in the future to a director in one lump sum or in no more than ten equal annual installments, or in accordance with the terms of the Deferred Plan. Three directors participated in the Deferred Plan in 2014 and two will participate in 2015.

Other Compensation. Directors receive the same discounts as employees on our products. We do not provide any pension or other benefits to our non-employee directors.

CORPORATE GOVERNANCE – GOVERNANCE POLICIES

Our board recognizes that excellence in corporate governance is essential in carrying out its responsibilities to our stockholders, employees, customers, suppliers and communities and we expect all directors, officers and employees to conduct business in compliance with our Code of Conduct (the "Code"). The board has adopted a number of policies to support our values and good corporate governance and practices, including Corporate Governance Guidelines (the "Governance Guidelines"), board committee charters, and a Related Party Transaction Policy. All of our corporate governance policies are reviewed for compliance on an annual basis. These governance policies include:

Director Nominations. When searching for new candidates, the Governance Committee, who has the responsibility of reviewing qualifications of candidates for board membership, considers the evolving needs of the board and searches for candidates that fill any current or anticipated future need. Nominees may be suggested by directors, members of management, stockholders, or, in some cases, by a third-party search firm. The Governance Committee will consider recommendations for directors submitted by stockholders. Stockholders should submit their recommendations in writing to the Governance Committee (See, "Communications with Directors"). The proponent should submit evidence that he or she is a stockholder of Havertys, together with a statement of the proposed nominee's qualifications to be a director. There is no difference in the manner in which the Governance Committee evaluates proposed nominees based upon whether the proposed nominee is recommended by a stockholder.

The Governance Committee seeks to maintain a board that is strong in its collective knowledge and has a diversity of skills and experience to oversee our business and a commitment to the goal of maximizing stockholder value. In its assessment of each potential nominee the Governance Committee will review and consider, among other things, the nominee's relevant career and business operations experience, judgment, industry knowledge, independence, character, gender, race, ethnicity, age, demonstrated leadership skills, including financial literacy and experience in the context of the needs of the board at the time, given the then current mix of director attributes. The Governance Committee does not have a formal policy with respect to diversity however the board and the Governance Committee believe that it is essential that the board members represent diverse viewpoints. In considering candidates for the board, the Governance Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the board are also considered. The Governance Committee will also take into account the ability of a nominee to devote the time and effort necessary to fulfill his or her responsibilities.

Corporate Governance Guidelines. The board adopted these guidelines to address certain governance matters including the role of the board, qualifications and responsibilities of directors, director compensation, management succession and director education.

Executive Sessions of Independent Directors. The board has a policy of scheduling an executive session of the independent directors as part of every regularly scheduled board meeting. These sessions are currently presided over by the lead director.

Code of Conduct. All of our directors and employees, including our chief executive officer and executive officers, are required to comply with our Code to help ensure that our business is conducted in accordance with the highest standards of ethical behavior.

Annual Evaluations. The board and each of its committees have conducted self-evaluations related to their performance during 2014. The performance evaluations are supervised by the Governance Committee and discussed by each committee and the board.

CORPORATE GOVERNANCE – GOVERNANCE POLICIES (continued)

Mandatory Retirement and Resignation from Board. Our independent directors are subject to a mandatory retirement age and cannot stand for re-election in the calendar year following their 72nd birthday. The board may ask a director to continue service beyond age 72 under certain circumstances upon review by the Governance Committee. A director is also required to submit his or her resignation from the board to the Governance Committee in the event that a director retires from or otherwise leaves his or her principal occupation or employment. The Governance Committee can choose to accept or reject the resignation.

Communications with Directors. Stockholders and other interested parties may communicate with any director, committee or the board by writing to the following address: Board of Directors, c/o Corporate Secretary, Haverty Furniture Companies, Inc., 780 Johnson Ferry Road, Suite 800, Atlanta, Georgia 30342. Please specify to whom your correspondence should be directed. The corporate secretary has been instructed by the board to review and promptly forward all correspondence (except advertising material and ordinary business matters) to the relevant director, committee or the full board, as indicated in the correspondence.

Hedging and Pledging Policies. We prohibit our directors, officers and employees from hedging their ownership of Havertys stock, including purchasing or selling derivative securities relating to Havertys stock and from purchasing financial instruments that are designed to hedge or offset any decrease in the market value of Havertys securities. In addition, as of November 2013, our directors and executive officers are prohibited from pledging Havertys securities as collateral for a loan and holding any Havertys securities in margin accounts. Individuals with any pre-existing pledges or margin accounts with Havertys securities are required to be in compliance by the end of 2016.

Where to find Corporate Governance Information

All of our corporate governance policies, including our board committee charters, Code, Governance Guidelines, Director Communication Policy and other governance documents are available on our website at havertys.com.

Certain Relationships and Related Transactions

Our board has adopted a written policy for the review, approval or ratification of certain related party transactions. The term "related party transaction" is defined as any transaction, arrangement or relationship or any series of similar transactions arrangements or relationships in which (1) the aggregate amount involved will exceed \$120,000 in any calendar year, (2) we are a participant, and (3) any related party of Havertys (such as an executive officer, director, nominee for election as a director or greater than 5% beneficial owners of our stock, or their immediate family members) has or will have a direct or indirect interest.

The board has determined that the Governance Committee is best suited to review and approve related party transactions. The Governance Committee when reviewing the material facts of related party transactions must take into account whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. Certain categories of transactions have standing pre-approval under the policy including: (1) certain transactions with another company in which the related party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's stock; (2) certain transactions where the Related Person's interest arises solely from the ownership of our common stock and all holders of our common stock receive the same benefit on a pro rata basis (e.g. dividends, stock repurchases, rights of offerings); (3) certain banking related services in which the terms of such transactions are generally the same or similar to accounts offered to others in the ordinary course of business; and (4) transactions made on the same or similar terms available to all of our employees.

During 2014, we paid compensation of more than \$120,000 to Eugene B. Edleman, our market area manager in Columbia, South Carolina. Mr. Edleman is the stepson of Frank S. McGaughey, III, a director. The board is not involved in the compensation discussions for managers and Mr. Edleman's compensation is determined in the same manner as our other employees with similar responsibilities.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The purpose of this Compensation Discussion and Analysis (CD&A) is to provide stockholders with a description of our executive compensation philosophy, the material elements of the program and the policies and objectives which support the program. This CD&A provides information on the program for all Havertys' executive officers but focuses on the compensation of our named executive officers for 2014. The individuals who were subject to the SEC Section 16 reporting requirements during 2014 are referred to as the "executive officers." The executive officers, who served as our chief executive officer and chief financial officer during 2014, as well as the other individuals included in the Summary Compensation Table on page 20, are referred to as the "named executive officers" or "NEOs."

The CD&A is divided into the following sections:

- Role of the Compensation Committee
- Summary of 2014 NEO Compensation Program
- Compensation Philosophy and Objectives
- How We Make Compensation Decisions
- Executive Compensation Components

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enabled stockholders to vote to approve, on an advisory basis, the compensation of company executives on a schedule to be approved by the stockholders themselves. At our 2014 annual meeting more than 98% of our stockholders who voted for the proposal voted in support of our executive compensation plan. Currently this advisory vote on executive compensation is held every three years however in 2017 stockholders will be presented with a "say-on-frequency" vote to determine the regularity of future advisory votes on executive compensation.

Role of the Compensation Committee

The Compensation Committee is composed of independent directors and is responsible for the approval and oversight of compensation programs for executive officers, equity plan awards and benefit programs for all of our employees.

The Compensation Committee took the following steps to ensure that it effectively carried out its responsibilities:

- Conducted an annual review of our compensation philosophy to ensure that it remains appropriate given strategic objectives;
- Reviewed results from an annual review of compensation data related to our peers;
- Reviewed all compensation components for our chief executive officer, chief financial officer, and other NEOs;
- Performed an annual evaluation of the execution of our pay-for-performance philosophy, to ensure that the actual award decisions resulted in alignment of relative pay and relative performance compared to the compensation peer group;
- Scheduled an executive session, without members of management, for the purpose of discussing decisions related to the chief executive officer's performance, goal-setting, compensation level and other items deemed important by the Compensation Committee; and
- Reviewed succession planning with the CEO and in executive session of the board.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Compensation Philosophy and Objectives

Our executives are accountable for the performance of the business and are compensated based on that performance. Our executive compensation programs are designed to attract and retain talent and motivate them to achieve outstanding operational and financial results. This performance, in turn, builds value for our stockholders. Our programs aim to ensure that:

- compensation is linked to annual and long-term Company goals that are structured to align the interests of executive officers with those of our stockholders;
- a significant portion of total compensation is stock-based, thereby further aligning the interests of executive officers with those of our stockholders; and
- compensation is positioned comparably to our retail and furniture industry competitors so we can attract, retain and motivate the superior management talent essential to our long-term success.

We also review our programs from a compensation risk-related perspective. The Committee assessed the Company's compensation practices and policies and concluded that they do not motivate imprudent risk taking.

How We Make Compensation Decisions

The Committee has overall responsibility for approving and evaluating the Company's executive officer compensation plans, policies and programs. The Committee is also responsible for providing a Compensation Committee report reviewing the Company's CD&A. The Committee uses several different tools and resources in reviewing elements of executive compensation and making compensation decisions. These decisions, however are not purely formulaic and the Committee exercises judgment and discretion in making them.

Compensation Consultants. As reported in our 2014 Proxy, the Committee retained Meridian Compensation Partners, LLC ("Meridian") in July 2013 as an independent consultant to provide advice on executive compensation matters. Meridian served as a resource for market data on pay practices and trends and provided independent advice to the Committee for setting executive compensation for 2014. Meridian reports directly and exclusively to the Committee Chair. However, at the Committee's direction, Meridian works with management to review or prepare materials for the Committee's consideration. Meridian provided no additional services to Havertys outside of the scope of the agreement with the Committee.

During 2014, the Committee reviewed Meridian's independence and determined that there were no conflicts of interest as a result of the Committee's engagement of Meridian. The Committee did not engage any consultant other than Meridian during 2014 to provide compensation consulting services.

Compensation Analysis. In determining appropriate compensation opportunities for our named executive officers, the Committee received input from Meridian. We reviewed and analyzed competitive market data to be used as background for 2014 pay decisions and to obtain a general understanding of current compensation practices. This data was referenced when targeting the positioning for compensation discussed below. Data sources included public company proxy statements, broad-based, published compensation surveys and other sources. We compared compensation opportunities for our named executive officers with pay opportunities available to executive officers in comparable positions at similar companies (our "peer group"). The peer group included companies from the retail furniture industry,

COMPENSATION DISCUSSION AND ANALYSIS (continued)

retailers of big ticket postponable items, and specialty retailers. The peer group is re-evaluated annually to take into account changes in the peer group companies' operations and our own, and is somewhat different from the prior year's list. The peer group companies used in 2014 are shown below.

American Woodmark Corporation	Flexsteel Industries, Inc.	Oxford Industries, Inc.
Big 5 Sporting Goods Corporation	Hibbett Sports, Inc.	Select Comfort Corporation
Conn's, Inc.	Kirkland's, Inc.	Shoe Carnival, Inc.
Culp, Inc.	Knoll, Inc.	West Marine, Inc.
Ethan Allen Interiors Inc	La-Z-Boy Inc.	Zumiez, Inc.

Role of CEO. The compensation of every Havertys employee, including each named executive officer, is influenced in large part by the responsibilities of the position and the need to ensure that employees having similar job responsibilities are paid equitably, with consideration for individual performance. During 2014, Mr. Smith provided recommendations to the Compensation Committee with respect to the base salary amounts, performance targets for the annual and long-term incentive programs, and any equity awards for each executive officer. These recommendations were based on the data reviewed by the Committee and Mr. Smith's assessment of the executive's relative experience, overall performance, and impact on the accomplishment of Havertys' financial goals and strategic objectives during the prior year. While the Compensation Committee took Mr. Smith's recommendations under advisement, it independently evaluated the pay recommendations for each executive and made all final compensation decisions in accordance with its formal responsibilities as defined in its Charter.

Competitive Positioning of Executive Compensation Levels. For 2014, the Committee established base salary, annual incentive opportunities and long-term incentive equity grants for our named executive officers primarily with reference to the peer group data and other public company data included in the analysis prepared by Meridian. Generally, the target annual cash compensation (base salary plus target annual incentive compensation) for our named executive officers on average is approximately at the 50th percentile of market median of the peer group. Any individual named executive officer's compensation outside the 25th to 75th percentile of the peer group received additional evaluation. All of the executive officers have the potential to earn significantly higher annual cash compensation when our performance significantly exceeds performance goals or significantly lower annual cash compensation if our performance falls short of performance goals. Long-term incentive levels for our named executive officers were also increased to move towards the peer median. We also introduced performance-based long-term incentive awards, where awards are not earned if performance is not met.

Summary of 2014 NEO Compensation Program

The following table summarizes the compensation elements provided for our NEOs in 2014, as well as the rationale for the key actions and decisions made by the Compensation Committee with respect to each element. NEOs' compensation consisted primarily of the following components in addition to limited perquisites and the retirement, health and welfare plans and programs in which all of our full-time employees participate. More information is provided about each compensation element later in this CD&A.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Summary of 2014 NEO Compensation Program

Fixed Pay

Base Salary

§ Fixed annual cash amount.

Key Features § Base pay increases considered on a calendar year basis or at time of promotion to align with the median range of our peer group (as described on page 16 of this CD&A). Actual positioning varies to reflect each executive's skills, experience and contribution to our success.

Purpose § Provide a fixed amount of cash compensation to attract and retain talented executives.
§ Differentiate scope and complexity of executives' positions as well as individual performance over time.

2014 Actions § Base salaries were increased for our named executive officers in 2014 as necessary to bring this compensation component closer to peer median.

Variable "At Risk" Compensation

Cash Awards under Management Incentive Plans

§ Individual MIP opportunities are expressed as a percent of base salary and can vary for executives based on their positions. Target MIP award opportunities are generally established so that total annual cash compensation (base salary plus target MIPs) approximates the median of our peer group.

Key Features § Performance-based cash incentive pay is comprised of two plans: MIP-I is tied to the Company achieving certain pre-tax earnings levels during the year (80% of total target cash incentive pay) and MIP-II is based on successfully meeting individual goals (20% of total target cash incentive pay).

§ The pre-tax earnings goals for 2014 for MIP I were (in millions):

Ø\$13.5 for Q-1 Ø\$7.7 for Q-2 Ø\$14.0 for Q-3 Ø\$14.8 for Q-4 Ø\$59.0 for 2014 year

The range of potential payout for actual results relative to these goals is zero to 160 percent of target.

§ MIP amounts earned are determined based on the results achieved as determined by the Committee after evaluating Company and individual performance against pre-established goals.

§ Motivate and reward achieving or exceeding Company and individual performance objectives, reinforcing pay-for-performance.

Purpose § Align performance measures for NEOs on key business objectives to lead the organization to achieve short-term financial and operational goals.

§ Ensure alignment of short-term and long-term strategies of the Company.

2014 Actions § In 2014, the target MIP award opportunities for some NEOs increased to more closely align target total annual compensation with peer median although there remains less upside than the peer median.

§ Actual performance in 2014 resulted in total MIP-I earned at 83% of its target and MIP-II earned at 80% to 85% of its target for the NEOs.

Long Term Incentive Compensation

§ Awards granted annually based on competitive market grant levels.

Key Features § Awards to NEOs are in the form of performance restricted stock units (PRSU) and restricted stock units.

§ Vesting: The PRSUs granted in 2014 that are earned will cliff vest in February 2017 and the restricted stock units vest in equal increments over a four-year period. Both grants are forfeitable upon termination of employment, except in the cases of death, disability or normal retirement.

§ Stock-based compensation links executive compensation directly to stockholder interests.

Purpose § PRSUs provide a direct connection to Company performance and executives' goals.

§ Multi-year vesting creates a retention mechanism and provides incentives for long-term creation of stockholder value.

2014 Actions § 2014 awards to NEOs were comparable to 2013 grants as a percentage of total target compensation.

§ PRSU awards were used in place of Stock-Settled Appreciation Rights ("SSARs").

COMPENSATION DISCUSSION AND ANALYSIS (continued)

EXECUTIVE COMPENSATION COMPONENTS

The principal components of compensation for our executive officers are:

- base salary, which is intended to compensate executives for their primary responsibilities and individual contributions;
- performance-based cash incentives, which are intended to link annual incentive compensation with annual performance achievements and operating results;
- long-term equity incentives, which are intended to link long-term incentive compensation with the Company's long-term value creation; and
- retirement savings and other compensation.

Although there is no pre-established policy or target for the allocation between specific compensation components, a significant portion of an executive officer's annual total target compensation is determined by Company performance as compared to goals established for our annual cash incentive plan and the ultimate value of long-term incentive plans. We believe this approach reflects our objective of aligning the interests of our executive officers and stockholders and the goals are carefully set to keep from encouraging excessive or unnecessary risk-taking.

The table below illustrates how total compensation for our named executive officers for 2014 was allocated between performance-based and fixed components, how performance-based compensation is allocated between annual and long-term incentive components and how total compensation is allocated between cash and equity components. These percentages are based on annualized total target compensation values and do not necessarily correspond to, and are not a substitute for, the values disclosed in the "Summary Compensation Table" and supplemental tables provided later in this Proxy Statement.

2014 Total Targeted Compensation Mix Table^{(a)(b)}

Name	Percentage of Total Target Compensation that is:		Percentage of Performance-Based Total that is:		Percentage of Total Target Compensation that is:	
	Based	Fixed	Annual	Long-Term	Cash	Equity
Smith	61%	39%	61%	39%	76%	24%
Fink	56%	44%	52%	48%	73%	27%
Burdette	54%	46%	51%	49%	73%	27%
Gallagher	55%	45%	49%	51%	72%	28%
Clary	55%	45%	49%	51%	72%	28%

- Only amounts for base salary, target annual cash incentive compensation and grant date value of long-term (a) incentive compensation (PRsUs and restricted stock) were included in calculating the percentages in this table. Other forms of compensation shown in the "Summary Compensation Table" are not included.
- (b) Our annual cash incentive plan and equity grants are included as performance-based compensation in this table.

Base Salary. The Committee reviews the information regarding executives' base salary levels compared to the base salaries of executives of companies in our peer group. The Committee also considers the chief executive officer's assessment of each executive's individual performance and responsibilities to determine appropriate compensation for each executive. The Committee has determined that, in order to enable the Company to attract and retain the

executive talent important to our long-term growth, the compensation strategy should generally aim to position base salaries between the 25th and 75th percentile of the median of the peer group data as described in the "Competitive Positioning of Executive Compensation Levels" section above.

In determining base salaries for executives, as well as in determining incentive compensation opportunities, the Committee evaluates each executive's individual performance on both an objective and subjective basis. All executives have individual goals established near the beginning of the fiscal year. Each executive's annual goals include specific goals related to the Company's business strategy of focusing on improving financial and operational results. Individual goals for 2014 included sales growth, gross margin

COMPENSATION DISCUSSION AND ANALYSIS (continued)

growth, operating efficiencies, financing objectives, capital management, and employee development. These measures are intended to drive our business growth and effectiveness during the year while increasing the long-term viability of the business. The Committee considers the chief executive officer's evaluation of an executive's performance with respect to the executive's individual goals, along with their scope of responsibilities and individual seasonings and experience. Further, the Committee reviews the competitive compensation data and exercises its judgment regarding base salary decisions for each executive.

Management Incentive Plans Cash Award. Our compensation philosophy connects our executives' potential annual earnings to the achievement of performance. Our 2014 Long-Term Incentive Plan (the "2014 LTIP") provides for the payment of cash under two plans (the "MIPs"). MIP-I is based upon Company performance in relation to predetermined financial goals established during the first month of the year and MIP II is based on achieving individual goals (MIP-II). For 2014, we established incentive targets so that total annual cash compensation at the target level would approximate the peer group median, with the opportunity for above median total annual cash compensation for correspondingly higher performance. The target amount for the combined MIPs as a percent of base salary for our named executive officers was 60 percent except for Mr. Fink which was 65 percent and Mr. Smith which was 95 percent. The range of potential MIP-I payouts for 2014 ranged from zero to 160 percent of each executive officer's MIP-I incentive target amount, so that executives could earn above-target payouts when performance significantly exceeded our financial goals.

The Committee approved our executives' 2014 MIPs' designs and targets and financial and individual goals in January 2014 as part of the annual compensation setting process. The Committee approved the combined MIP total target amount for 2014 with MIP-I as 80 percent and MIP-II as 20 percent of the combined target, respectively.

The pre-tax earnings goals and the actual amounts achieved under the MIP-I plan for each measurement period are noted below:

Pre-tax Earnings (in thousands)

	2012	2013	2014	2014
	Achieved	Achieved	Goal	Achieved(1)
Q-1	\$ 4,021	\$ 13,450	\$ 13,500	\$ 9,956
Q-2	3,766	7,866	7,700	7,812
Q-3	5,636	15,388	14,000	12,468
Q-4	10,093	15,783	14,800	16,645
YTD Q-4	23,516	52,487	50,000	46,880

(1) The Company's pre-tax earnings in 2014 for Q-4 and YTD Q-4 were adjusted \$21.6 million for the non-cash pension settlement expense.

The earnings based MIP-I structure provided for a 2% change in the incentive earned of the target for every 1% increase or decrease in pre-tax earnings versus the goal starting at 60% of the target at 80% of the goal with a maximum of 160% when pre-tax earnings is 130% of the goal.

The earnings performance resulted in a 83% payment factor applied to the MIP-I, the 80% portion of the combined MIP target. The named executive officers achieved varying levels of their specific individual goals for the MIP-II, the 20% portion of the combined MIP total target. As a result, the aggregate MIP amount earned was between 82% and 83% of the NEOs' 2014 combined MIP target levels. The Committee certified that the performance goals were met and approved payment of the awards.

See the "Summary Compensation Table," which shows the actual non-equity incentive plan compensation paid to our named executive officers for our 2014 performance.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Long-Term Incentive Compensation. Our executives receive long-term incentive compensation intended to link their compensation to the Company's long-term financial success.

All equity awards are approved by the Committee. The Committee approved the guidelines for the 2014 annual long-term incentive award grants at its meeting in January 2014. The approved grant values were converted into a number of PRSUs and restricted stock units based on the fair market value of the award.

The PRSU grants use adjusted EBITDA as the performance measure to determine the number of shares that will vest. The EBITDA target was \$82.5 million, exclusive of adjustments to eliminate the effects of unusual or non-recurring items, with a range from a threshold of \$66.0 million and 60% of the target shares to \$107.25 million and 160% of the target shares. The shares earned will cliff vest in February 2017.

The EBITDA for 2014 was \$48.9 million and adjusting for the pension settlement expense of \$21.6 million, adjusted EBITDA was \$70.5 million or 85.5% of the target \$82.5 million. Accordingly, the shares earned and subject to vesting are 71% of the target shares granted.

The restricted stock units vest in four equal annual installments beginning in May 2015.

Mr. Smith was not granted any restricted stock units but granted performance awards based on exceeding sales targets in each of the years 2014 to 2017. The number of shares achieved is solely dependent on each individual year and earned shares cliff vest in May following the measurement year. The sales target for 2014 was \$760 million and was achieved.

Dividend and voting rights are not applicable to stock awards until vested and not until exercised for SSARs. Additional details regarding grants are provided in the "Grants of Plan Based Awards Table" and "Outstanding Equity Awards Value at Year-End Table."

Pension Benefits and Retirement Plans

Pension Plan. We terminated and settled the obligations associated with our defined benefit plan (the "Pension Plan"). The Pension Plan covered substantially all employees hired on or before December 31, 2005 and was closed to any employees hired after that date. Effective January 1, 2007, no new benefits were earned under the Pension Plan for additional years of service after December 31, 2006. The benefits formula provided retirement income equal to 0.6% of final average compensation plus 0.5% of final average compensation in excess of the Social Security Covered Compensation times years of service with Havertys, up to 40 years.

Supplemental Retirement Plan. We also have a non-qualified, non-contributory supplemental executive retirement plan (the "SERP") for employees whose retirement benefits are reduced due to their annual compensation levels. The SERP provides annual benefits amounting to 55% of final average earnings less benefits payable from our Pension Plan and social security benefits. The SERP limits the total annual amount that may be paid to a participant in the SERP from all sources (Pension Plan, social security and the SERP) to \$125,000.

Additional details regarding accumulated benefits under these plans are provided in the "Pension Benefits and Retirement Plans Table."

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Regulatory Requirements

Together with the Compensation Committee, we carefully review and take into account current tax, accounting and securities regulations as they relate to the design of our compensation program and related decisions.

Section 162(m) of the Internal Revenue Code makes compensation paid to certain named executive officers in amounts in excess of \$1 million not tax deductible unless the compensation is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exemptions. The 2014 LTIP, which includes the MIPs, are administered by the Compensation Committee and payments are intended to qualify as performance-based compensation and thus satisfy the performance-based requirements for tax deductible compensation. The Compensation Committee believes that the interests of our stockholders are best served by not restricting the Compensation Committee's discretion and flexibility in crafting compensation plans and arrangements. While the Compensation Committee intends to structure most awards to comply with Section 162(m), the Compensation Committee may approve elements of compensation for certain executive officers that are not fully deductible, and reserves the right to do so in the future in appropriate circumstances.

This column shows the cash portion of the MIPs awards. For a description of the MIPs, see "Compensation (1) Discussion and Analysis." The aggregate MIP award earned was between 82% and 83% of the NEO's combined MIP target levels.

These amounts reflect the aggregate grant date fair value of awards computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718, Compensation – Stock Compensation (ASC Topic 718). Assumptions used in the calculation of these amounts are included in Note 12 to (2) our audited financial statements for the year ended December 31, 2014, included in our annual report on Form 10-K filed with the SEC on March 16, 2015. The amounts reported for these awards may not represent the amounts the individuals will actually realize, as such amounts, if any, will depend on the change in our stock price over time.

This column represents an estimate of the aggregate annual increase in the actuarial present value of the NEOs (3) accrued benefit under our retirement plans for the applicable year, assuming the greater of actual age or a retirement age of 65.

(4) These amounts are comprised of a combination, varying by NEO, of the following: contributions to 401(k) Plan accounts, contributions to the Deferred Compensation Plan, premium costs for covering a portion of medical insurance coverage, additional life insurance, long-term disability coverage and health examinations. None of

these individual items was greater than \$25,000 except for the Company's contribution for Mr. Smith to the Deferred Compensation Plan of \$29,132.

- (5) Mr. Gallagher was promoted in May 2014 from Senior Vice President, Merchandise and received an increase in his annual base salary for 2014 from \$325,000 to \$340,000.

Option Exercises and Stock Vested Table

The following table includes certain information with respect to the exercise of SSARs and the vesting of restricted stock awards of the NEOs for the year ended December 31, 2014.

Name	Option and SSARs Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Exercise (\$)(1)
Clarence Smith	2,980	\$ 115,830	24,300	\$ 616,491

Richard Gallagher	—	—	10,200	258,774
Ed Clary	—	—	11,175	283,510

The value realized reflects the taxable value to the named executive officer as of the date of the exercise of the SSAR, or vesting of restricted stock units. The actual value ultimately realized by the NEO may be more or less than the value realized calculated in the above table depending on whether and when the NEO held or sold the stock associated with the exercise or vesting occurrence.

Stock Ownership Guidelines

In order to preserve the link between the interests of our executive officers and those of our stockholders, executive officers are expected to establish and maintain a significant level of direct stock ownership. In February 2013, our Stock Ownership Guidelines were amended and now include all executive officers. Each executive officer is expected to have minimum qualified holdings based on the lesser of the fair market value of a multiple of his or her base salary or the number of shares as indicated below. We count unvested time-based restricted stock units, reduced by 33% representing shares withheld for taxes, towards satisfying the guidelines. Currently, all of our executive officers currently meet the ownership levels that are established at the following minimum levels.

Position	Guidelines	Status as of 3/1/15
Chief Executive Officer	3.0x salary or 85,000 shares	Exceeds
Executive Vice President	2.0x salary or 40,000 shares	Exceeds
Senior Vice President - NEO	1.5x salary or 35,000 shares	Exceeds
Senior Vice President	1.0x salary or 25,000 shares	Exceeds

Non-Qualified Deferred Compensation Plans

Top Hat Mutual Fund Option Plan. The Top Hat Mutual Fund Option Plan (the "Top Hat Plan") was designed to accumulate retirement funds for selected employees, including the executive officers. The Top Hat Plan allowed participants to defer up to 100% of their cash incentive compensation in exchange for an option to buy selected mutual funds at a discount equal to the bonus they would have otherwise received. Deferrals under the Top Hat Plan were suspended in 2005. Participants may withdraw any or all amounts at any time but not later than fifteen years from leaving our employment. The following table includes certain information for those NEOs in the Top Hat Plan.

Name	Aggregate

Deferred Compensation Plan. In January 2011 Havertys instituted a Deferred Compensation Plan for certain employees, including the NEOs. Under this plan participants may voluntarily defer receipt of up to 50% of their salary and 100% of their cash bonuses or non-equity plan compensation and allocate the deferred amounts among a group of investment options that mirrors the fund choices available in Havertys 401(k) Plan. Havertys may also make a percentage contribution of excess compensation to each participant. "Excess compensation" refers to compensation above which a participant cannot receive an employer matching contribution under the existing 401(k) limits. The percentage Company

contribution was 3% for 2014. In general, deferred amounts are distributed to the participant upon termination or at a specified date as elected by the participant or as required by the plan. The following table includes information for those NEOs participating in the Deferred Compensation Plan.

Pension Benefits and Retirement Plans

The retirement plans are described in the CD&A. The change in pension value can be impacted by changes in assumptions used to estimate present values. Amounts for 2014 were impacted by the decrease in discount rates for both of the retirement plans. The SERP Plan present value amounts also increased due to the use of updated mortality tables.

The Pension Plan was terminated in May 2014 and distributions of the participants' plan balance were made in December 2014. Distribution options included the purchase of an individual annuity, rollover to another qualified retirement account or cash out of the accumulated balance.

The following table provides certain information on the retirement benefits available and payments made under each retirement plan for each NEO at December 31, 2014.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments during year
Clarence Smith	Pension Plan	33	\$ —	\$ 773,045
	SERP	40	476,668	—

Edgar Filing: HAVERTY FURNITURE COMPANIES INC - Form DEF 14A

Ed Clary	Pension Plan	16	—	193,188
	SERP	24	368,280	—

The SERP plan permits participants with 15 or more years of service to retire as early as age 55 with a reduction in the amount of their monthly benefits ranging from 50% at age 55 to 93.3% at age 64. As of December 31, 2014, Clarence Smith and Dennis Fink were eligible for early retirement with benefits reduced by 13.3% and 10.6%, respectively.

Change in Control Benefits

Our executive officers and other employees have built Havertys into the successful enterprise that it is today, and we believe that it is important to protect them in the event of a change in control. We have entered into change in control agreements with all of our executive officers, including the NEOs. These agreements provide for cash payments and continuation of benefits upon termination of the person's employment due to events as defined in the agreement.

The agreements, entered into with the NEOs, provide that unless the termination of the person is for cause, or by the individual without "Good Reason" as defined in the agreement, the person will be paid: (i) a lump severance payment in cash equal to the higher of the sum of two times the individual's base salary or two times the average annual base salary for the three years immediately prior to the event upon which the notice of termination is based; (ii) the higher of two times the amount paid to individual as bonus and annual incentive compensation or two times the average amount paid in the three years preceding that in which the date of termination occurs; and (iii) an amount of any annual bonus and non-equity incentive compensation which has been allocated or awarded and has not yet been paid and a pro rata portion for the fiscal year in which the termination occurs.

Under the terms of the agreement, if a change in control occurs, we will, at the election of the individual, repurchase all equity awards held for a lump sum amount in cash equal to the product of the spread (using the per share price as defined in the agreement) times the number of shares covered by each award. We will also arrange to provide life, disability, accident and health insurance benefits similar to those which the individual was receiving immediately prior to the notice of termination for a period of 24 months after the date of termination.

Because of the so-called "parachute" tax imposed by Internal Revenue Code Section 280G, the agreements include a "cap." Under this provision, all parachute payments would be reduced so that no excise tax would be imposed on any of the payments and benefits and thus the total amount of payments would never exceed three times his or her "base amount" as defined by the Internal Revenue Code.

Based upon the hypothetical termination date of December 31, 2014, and election to repurchase all equity awards (at a purchase price as determined per the agreement, assumed here to be \$26.58), the change in control benefits for our NEOs, assuming the provision of the agreements deem payments should be made, would have been as follows:

Name	Salary times Multiple	Annual Incentive times Multiple	Purchase of Equity Awards	Healthcare and Other Benefits	Total
Clarence Smith	\$1,250,000	\$1,187,500	\$991,772	\$ 57,841	\$3,487,113
Dennis Fink	760,000	494,000	867,278	55,109	2,176,387
Steve Burdette	720,000	421,600	534,494	48,647	1,724,741
Richard Gallagher	680,000	408,000	524,321	66,139	1,678,460
Ed Clary	670,000	402,000	678,338	68,828	1,819,166

CONCLUSION

The Compensation Committee reviewed various information sources in 2014 and determined that the compensation structure for our chief executive officer and other NEOs was reasonable, remained consistent with our compensation philosophy and was not excessive.

We believe the design of our executive compensation program aligns the interest of our executive officers with those of our stockholders and provides executive officers with the necessary motivation to maximize the long-term operational and financial performance of Havertys, while using sound financial controls and high standards of integrity. We also believe that total compensation for each executive officer should be, and is, commensurate with the execution of specified short-term and long-term operational, financial and strategic objectives.

AUDIT MATTERS

Audit Fees and Related Matters. Ernst & Young LLP ("E&Y") served as independent auditors of our annual financial statements for the year ended December 31, 2014. Aggregate fees for professional services rendered for the years ended December 31, 2014 and 2013, were:

	December 31,	
	2014	2013
Audit	\$607,700	\$543,058
Audit-related	39,500	33,500
Tax	235,125	88,200
All Other	1,995	1,995
Total	\$884,320	\$666,753

Audit Fees. These represent professional services fees for the audit of our annual financial statements, audit of our internal controls over financial reporting, review of the quarterly financial statements included in Forms 10-Q, fees associated with Form S-8 and accounting consultations. These fees were paid to E&Y.

Audit-related Fees: These are professional fees for employee benefit plan audits and other related matters. These fees were paid to Windham Brannon, P.C.

Tax Fees. These are fees for professional services related to tax compliance and advisory services and assistance in responding to various tax authorities. These fees were paid to E&Y.

All Other Fees. These are subscription fees to an on-line accounting and research tool. These fees were paid to E&Y.

As noted previously, we have historically received proxies representing approximately 90% of eligible shares and had no stockholders in attendance at our annual meeting. Accordingly, our directors and representatives of E&Y will not be present at the annual meeting.

Pre-Approval Policies and Procedures. The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. All of the fees detailed above were pre-approved. The Audit Committee has delegated to its chairman the authority to approve permitted services provided. The chairman reports any decisions at the next scheduled Audit Committee meeting.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT AUDITOR

The Audit Committee has selected Ernst & Young LLP as our independent auditor for the fiscal year ended December 31, 2015 and we are asking our stockholders to ratify this appointment. Although ratification is not required by our bylaws or otherwise, the board is submitting the appointment of E&Y, an independent registered public accounting firm, to our stockholders for ratification because we value our stockholders' views on our independent auditors and as a matter of good corporate practice. In the event that our stockholders fail to ratify the appointment, the Audit Committee will consider it as a direction to consider the appointment of a different firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent auditor at any time during the fiscal year if it determines that such a change would be in the best interests of our company and our stockholders.

Our Board of Directors recommends a vote "FOR" Ratification of the Appointment of Ernst & Young LLP, as our Independent Auditors for 2015.

AUDIT COMMITTEE REPORT

We are responsible for providing independent, objective oversight of Havertys' accounting functions and internal controls and operate pursuant to a written charter approved by Havertys' board. We are comprised entirely of four independent directors who meet independence, experience and other qualification requirements of the NYSE listing standards, Section 10A(m)(3) of the Securities Exchange Act of 1934 and the rules and regulations of the SEC. Havertys' board has determined that each member of the Audit Committee is a "financial expert," as defined by SEC rules.

Management is responsible for Havertys' financial reporting process, including Havertys' system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. Havertys' independent registered public accounting firm, or "independent accountants," is responsible for auditing its consolidated financial statements and providing an opinion as to their conformity with accounting principles generally accepted in the United States as well as attesting and reporting on the effectiveness of its internal controls over financial reporting. Our responsibility is to monitor and review these processes. It is not our duty or responsibility to conduct auditing or accounting reviews or procedures. Consequently, in carrying out our oversight responsibilities, we shall not be charged with, and are not providing, any expert or special assurance as to Havertys' financial statements, or any professional certification as to the independent accountants' work. In addition, we have relied on management's representation that the financial statements have been prepared with integrity and objectively in conformity with accounting principles generally accepted in the United States and on the representations of independent accountants included in their report on Havertys' financial statements.

We schedule our meetings to ensure we have sufficient time to devote attention to all of our tasks and during 2014 met four times. During 2014 and subsequent to the end of the year, we:

- met with management and the independent accountants to review and discuss Havertys' critical accounting policies and significant estimates;
- met with management and the independent accountants to review and approve the 2014 audit plan;
- met regularly with both the independent accountants and the vice president internal audit outside the presence of management;
- reviewed and discussed the quarterly and annual reports prior to filing with the SEC;
- reviewed and discussed the quarterly earnings press releases and other financial press releases;
- met with the vice president internal audit to review, among other things, the audit plan, test work, findings and recommendations,
and staffing;
- met with management and the independent accountants to review the audited financial statements for the year ended December 31, 2014,
and internal controls over financial reporting as of December 31, 2014;
- selected for the stockholders' ratification, Ernst & Young, LLP as the independent registered public accounting firm for 2015;
- reviewed the processes by which risk is assessed and mitigated; and

· completed all other responsibilities under the Audit Committee charter.

27

AUDIT COMMITTEE REPORT (continued)

We have discussed with the independent accountants the matters required by PCAOB AU 380, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board, and SEC Rule 2-07 of Regulation S-X, which includes a review of significant accounting estimates and Havertys' accounting practices. In addition, we have received written disclosures and the letter from the independent accountants required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and discussed with the independent accountants their firm's independence.

Based upon our discussion with management and the independent accountants, and our review of the representations of management and the independent accountants, we recommended to the Board that the audited consolidated financial statements be included in Havertys' annual report on Form 10-K for the year ended December 31, 2014.

We considered whether the independent accountants' provision of non-audit services to Havertys is compatible with maintaining the independent accountants' independence, and have determined the provision of such non-audit services is compatible with the independent accountants' independence. Accordingly, we have approved retention of Ernst & Young LLP as Havertys' independent registered public accounting firm for fiscal year 2015.

We reviewed and reassessed the adequacy of the Audit Committee Charter and recommended no changes.
