UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, DC 20549

FORM U-3A-2

STATEMENT BY HOLDING COMPANY CLAIMING EXEMPTION  
UNDER RULE U-3A-2 FROM THE PROVISIONS OF THE  
PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

Dynegy Inc. hereby files with the Securities and Exchange Commission, pursuant to Rule 2, its statement claiming exemption pursuant to Rule 2 from the provisions of the Public Utility Holding Company Act of 1935 (the "ACT"), except section 9(a)(2) of the Act, by operation of section 3(a)(1) of the Act, 15 U.S.C. ss. 79c(a)(1), and submits the following information:

1. Name, state of organization, location, nature of business of Claimant and every subsidiary thereof, other than any exempt wholesale generator (EWG) or foreign utility company in which Claimant directly or indirectly holds an interest.

See attached Appendix I.

2. A brief description of the properties of Claimant and each of its subsidiary public utility companies used for the generation, transmission, and distribution of electric energy for sale, or for the production, transmission, and distribution of natural or manufactured gas, indicating the location of principal generating plants, transmission lines, producing fields, gas manufacturing plants, and electric and gas distribution facilities, including all such properties which are outside the State in which Claimant and its subsidiaries are organized and all transmission or pipelines which deliver or receive electric energy or gas at the borders of the State.

Claimant

Claimant, through its wholly owned subsidiary Illinova Corporation, an Illinois corporation and a public utility holding company ("ILLINOVA"), owns public utility companies or public utility assets as defined under the Act. All of Claimant's activities as a holding company as defined within section 2(a)(7) of the Act pertain to Illinois public utility operations, the public utility operations conducted by Illinova subsidiaries pursuant to its exemption under section 3(a)(1) of the Act. All of Claimant's public utility assets are located in the State of Illinois.

Illinova

Illinova, through one of its subsidiaries, owns public utility companies or public utility assets as defined under the Act. Illinova is exempt from all provisions of the Act except section 9(a)(2) by virtue of section 3(a)(1) of the Act. Illinova and the public utility subsidiary company from which it derived a material part of its income in the calendar year 2001 are predominantly intrastate in character and conduct their business substantially within the State of Illinois; Illinova Corporation, HCAR No. 8305 (May 18, 1994) (approving formation of Illinova and exemption under section 3(a)(1) of the Act). All of Illinova's public utility assets are located in the State of Illinois.

## Edgar Filing: DYNEGY INC /IL/ - Form U-3A-2

One wholly owned subsidiary of Illinova operated as a public utility company or owned public utility assets during all or part of the calendar year 2001: Illinois Power Company, an Illinois corporation ("ILLINOIS POWER").

Illinois Power is a wholly owned subsidiary of Illinova. Illinois Power is an electric and natural gas public utility company that owns electric generation, transmission and distribution facilities and natural gas distribution facilities located in the State of Illinois. Illinois Power provides retail electric service and retail natural gas service to customers located throughout Illinois. Illinois Power's retail operations are subject to the jurisdiction of the Illinois Commerce Commission and its wholesale sales of electricity are subject to the jurisdiction of the Federal Energy Regulatory Commission. Illinois Power also owns approximately 2,638 miles of transmission facilities located in the

1

State of Illinois. These facilities are interconnected with several electrical utility companies in the midwestern region of the United States. Illinois Power also owns a fifty percent (50%) interest in three diesel combustion turbines with a combined net capacity of 5.25 MW located in Bloomington, Illinois. These three turbines are occasionally utilized for peaking power by Illinois Power.

3. The following information for the last calendar year with respect to Claimant and each of its subsidiary public utility companies.

(a) Number of Kwh. of electric energy sold (at retail or wholesale), and Mcf. of natural or manufactured gas distributed at retail.

Illinois Power had electric energy sales (at retail or wholesale) of approximately 18,910,000,000 Kwh and distributed approximately 53,900,000 Mcf. of natural gas at retail.

(b) Number of Kwh. of electric energy and Mcf. of natural or manufactured gas distributed at retail outside the state in which each such company is organized.

Illinois Power did not distribute electrical energy or natural or manufactured gas at retail outside the State of Illinois.

(c) Number of Kwh. of electric energy and Mcf. of natural or manufactured gas sold at wholesale outside the state in which each such company is organized or at the state line.

Illinois Power sold approximately 1,651,434 Kwh of electric energy at wholesale outside the State of Illinois. Illinois Power had no sales of natural or manufactured gas at wholesale outside the State of Illinois.

(d) Number of Kwh. of electric energy and Mcf. of natural or manufactured gas purchased at wholesale outside the state in which each such company is organized or at the state line.

Illinois Power purchased approximately 280,037,000 Kwh of electric energy at wholesale outside the State of Illinois. Illinois Power did not purchase any natural or manufactured gas at wholesale outside the State of Illinois.

4. The following information for the reporting period with respect to Claimant and each interest it holds directly or indirectly in an EWG or a foreign utility company, stating monetary amounts in United States dollars:

## Edgar Filing: DYNEGY INC /IL/ - Form U-3A-2

- (a) Name, location, business address and description of the facilities used by the EWG or foreign utility company for the generation, transmission and distribution of electric energy for sale or for the distribution at retail of natural or manufactured gas.
- (b) Name of each system company that holds an interest in such EWG or foreign utility company; and description of the interest held.
- (c) Type and amount of capital invested, directly or indirectly, by the holding company claiming exemption; any direct or indirect guarantee of the security of the EWG or foreign utility company by the holding company claiming exemption; and any debt or other financial obligation for which there is recourse, directly or indirectly, to the holding company claiming exemption or another system company, other than the EWG or foreign utility company. For purposes of this Form U-3A-2, capital invested reflects property, plant and equipment prior to subtracting depreciation for all facilities owned, operated or under construction by Claimant. Amounts reflect those associated with Claimant's economic interest in the EWG or foreign utility company.
- (d) Capitalization and earnings of the EWG or foreign utility company during the reporting period. For purposes of this Form U-3A-2, capitalization represents capital invested by Claimant for 2001 less capital invested by Claimant for 2000. Amounts reflect those associated with Claimant's economic interest in the EWG or foreign utility company.

2
