REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Retirement Committee of the

PRIMEDIA Thrift & Retirement Plan

New York, New York:

We have audited the accompanying statements of net assets available for benefits of the PRIMEDIA Thrift & Retirement Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. According, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2002, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s rules and Regulations for Reporting and Disclosure under the Employee Retirement Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial taken as a whole.

PRIMEDIA THRIFT & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2002 AND 2001 AND FOR THE YEAR ENDED DECEMBER 31, 2002

1. DESCRIPTION OF THE PLAN

The following description of the PRIMEDIA Thrift & Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and Plan Agreement (collectively Plan Documents) for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering eligible employees of PRIMEDIA Inc. (PRIMEDIA) and its wholly-owned subsidiaries (individually, the Companies, collectively, the Company). The Plan is administered by the PRIMEDIA Retirement Committee (the Plan Administrator) appointed under the authority delegated by the Board of Directors of PRIMEDIA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility Each employee of the Company who completed 1,000 hours of service during his/her first 12-months of employment or any subsequent consecutive 12-month anniversary year is eligible to become a participant. The Plan was amended to provide that service requirements vary depending on the eligibility requirements provided in the adoption agreements of the participating companies. No service requirement exceeds one year of service.

Contributions The Plan has a thrift section and a retirement section. The thrift section allows employees to save a percentage of compensation on a before-tax and/or after-tax basis in participant selected investment funds. In 2002 and 2001, some Companies matched 50% of the first 6% of the employees' contributions, to a maximum match of 3% of the participant's eligible compensation (base pay as defined in the Plan); and some matched 25% of the first 6% to a maximum of 1.5%. In 2001, some Companies also matched 50% of the first 5% to a maximum of 2.5%. The retirement section provides for some Companies to make automatic contributions into participant selected investment funds, regardless of whether or not an employee chooses to contribute to the Plan. The retirement contributions were 1% and 1.5% to 3.5% of employees' eligible compensation in 2002 and 2001, respectively.

Employee contributions are made through payroll deductions in 1% increments up to a maximum of 16% of the employee's eligible compensation or \$11,000, as authorized by the employee, subject to certain Internal Revenue Code (the Code) limitations. In the prior years, participants were permitted to direct investment of their contributions in 10% increments between the investment funds noted below, except for the PRIMEDIA Company Stock Fund. As of January 1, 2002, with American Express, participants are able to make both contribution and investment direction changes in all funds.

Edgar Filing: PRIMEDIA INC - Form 11-K

Employer contributions, generally made to the Plan each pay period, are invested in the same investment funds as employee contributions, as elected by the participant, in 1% increments between investment funds.

Rollover contributions represent amounts attributable to rollovers or transfers from another qualified plan that have been subsequently invested in the Plan's investment funds by the participant.

Participant Accounts A separate account is established and maintained for each Plan participant. Contributions are invested in one or more of the Plan's investment funds as designated by the participant. The value of each investment fund is based on the closing market price of those funds upon the end of each trading day on the New York Stock Exchange. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments The Plan has an agreement with American Express Trust Company (American Express), the trustee of the Plan, whereby participants may elect to invest their Plan assets in the Vanguard Prime Money Market Fund, Vanguard Wellington Fund, AXP Growth Fund, Dodge & Cox Income Fund and the EuroPacific Growth Fund. In addition, participants may elect to invest employer contributions in the PRIMEDIA Company Stock Fund.

Vesting Participants are always 100% vested in their contributions to the Plan and earnings thereon. Employer contributions vest at 20% for each year of service, resulting in 100% vesting for participants with five or more years of service.

Participant Loans Upon written request of the participant and at the discretion of the Plan Administrator, a loan may be made to a participant from the Plan's assets. The loan is limited to the lesser of \$50,000 minus the participant's highest outstanding loan balance in the preceding twelve months or 50 percent of the participant's vested balance. The term of the loan shall not be for more than five years, except the maximum term for loans used for the purchase of a participant's primary residence is ten years. At the discretion of the Plan Administrator, loans that were issued under another 401(k) plan which are transferred into the Plan at the time of a merger may continue under their original loan terms, even if such terms differ from those of the Plan.

The interest rate for Plan loans is the Wall Street Journal's prime rate in effect on the first day of the month in which the participant's loan request is received. Interest rates on outstanding loans ranged from 4.25% to 10.25% and 6% to 9% as of December 31, 2002 and 2001, respectively. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits Upon termination of employment, each participant is entitled to receive the value of his account attributable to his contributions and earnings thereon and the vested portion of the account attributable to employer contributions and earnings thereon. In the event of termination due to death or retirement, all employer contributions and earnings thereon are considered fully vested.

Forfeited Accounts At December 31, 2002 and 2001, forfeited nonvested accounts totaled \$363,653 and \$562,320, respectively. These accounts will be used to reduce future administrative expenses and employer contributions. During the year ended December 31, 2002, employer contributions and administrative expenses were reduced by \$705,908 from forfeited nonvested accounts.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments,

including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition The Vanguard Prime Money Market Fund investments and the money market portion of the PRIMEDIA Company Stock Fund are valued at cost, which approximates fair market value. All other mutual fund investments are valued at fair market value as determined by quoted market prices at year-end. The PRIMEDIA Company Stock Fund is quoted at its market price at year-end, except as indicated above. Loans receivable from participants represent remaining unpaid principal, which approximates the fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date.

Administrative Expenses Administrative expenses of the Plan are paid by the Company as provided in the Plan Document.

Payment of Benefits Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$64,390 at December 31, 2002.

Plan Transfers During 2002, the Plan received transfers from other employee benefit plans as follows:

	2002	
About.com Inc. 401(k) Plan	\$	657,862
IntelliChoice, Inc.		172,200
Net transfers in	\$	830,062

On January 25, 2002, the Plan received assets totaling \$172,200 in relation to the Intellichoice, Inc. merger.

On November 29, 2002, the assets of the About.com Inc. 401(k) Plan, totaling \$657,862, were transferred into the Plan.

3. INVESTMENTS

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Personnel and facilities of the Company have been used by the Plan at no charge.

Edgar Filing: PRIMEDIA INC - Form 11-K

Certain Plan investments are shares of a mutual fund managed by the Trustee and therefore, these transactions qualify as party-in-interest transactions.

At December 31, 2002 and 2001, the Plan held 655,328 and 562,572 units, respectively, of common stock of PRIMEDIA, the sponsoring employer, with a cost basis of \$5,384,864 and \$5,732,676 respectively. During the years ended December 31, 2002 and 2001, the Company did not declare any common stock dividends.

5. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it may at any time terminate or amend the Plan or suspend the operation of any provision of the Plan, subject to the penalties set forth in ERISA. In the event of termination of the Plan, participants would become 100% vested in their account and the assets of the Plan will be allocated among the participants of the Plan as provided for in ERISA.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan Administrator by letter dated August 4, 1995 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Company believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
