Item 2.02. Results of Operations and Financial Condition.

Management of Worthington Industries, Inc. (the "Registrant") conducted a conference call on March 30, 2017 beginning at approximately 10:30 a.m., Eastern Daylight Time, to discuss the Registrant's unaudited financial results for the third quarter of fiscal 2017 (the fiscal quarter ended February 28, 2017). Additionally, the Registrant's management addressed certain issues related to the outlook for the Registrant and its subsidiaries and their markets for the coming months. A copy of the transcript of the conference call is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information contained in this Item 2.02 and Exhibit 99.1 furnished with this Current Report on Form 8-K, is being furnished pursuant to Item 2.02 and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that Section, unless the Registrant specifically states that the information is to be considered "filed" under the Exchange Act or incorporates the information by reference into a filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act.

In the conference call, management referred to quarterly earnings per share excluding restructuring. This represents a non-GAAP financial measure and is used by management as a measure of operating performance. Earnings per share, excluding restructuring, is calculated by adding restructuring and other expense (after-tax) to net earnings attributable to controlling interest, and dividing the result by the average diluted common shares for the period. The difference between the GAAP-based financial measure of diluted earnings per share attributable to controlling interest of \$0.55 and the non-GAAP financial measure of diluted earnings per share, excluding restructuring, of \$0.57, in each case for the fiscal quarter ended February 28, 2017, as mentioned in the conference call, is outlined below:
