TO BE HELD ON MAY 12, 2011

To our shareholders:

You are cordially invited to attend the 2011 Annual Meeting of Shareholders of FARO Technologies, Inc. on May 12, 2011 at 10:00 a.m., Eastern time, at our principal executive offices, located at 250 Technology Park, Lake Mary, Florida, 32746. At the meeting, shareholders will vote on the following matters:

1. The election of three directors, Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, to the Board of Directors to serve for a three-year term expiring at the Annual Meeting of Shareholders in 2014;
 2. The ratification of Grant Thornton LLP as our independent registered public accounting firm for 2011;
 3. A non-binding resolution to approve the compensation of our named executive officers.
 4. A non-binding proposal as to the frequency with which shareholders will vote on the compensation of our named executive officers in future years.
 5. Any other business that may properly come before the meeting or any postponements or adjournments of the Annual Meeting.
- Holders of record of FARO common stock at the close of business on April 7, 2011 are entitled to vote at the Annual Meeting.

Your vote is important, and it is important that your shares be represented at the Annual Meeting, no matter how many shares you own. Even if you plan to attend the Annual Meeting, please complete, date and sign the proxy card and mail it as soon as possible in the envelope provided. Even if you return a proxy card, if you attend the Annual Meeting, you may revoke your proxy and vote your shares in person if you would like to do so.

Thank you for your continued support.

**PROXY STATEMENT FOR
2011 ANNUAL MEETING OF SHAREHOLDERS**

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of FARO Technologies, Inc. (the "Company") for use at the 2011 Annual Meeting of Shareholders (the "Annual Meeting"), to be held on May 12, 2011 at 10:00 a.m., Eastern time, at the Company's principal executive offices, located at 250 Technology Park, Lake Mary, Florida, 32746, and at any adjournment or postponement of the Annual Meeting. The Company's telephone number at its principal executive offices is (407) 333-9911.

This Proxy Statement and the accompanying proxy card, together with the Company's Annual Report to Shareholders, is first being mailed on or about April 15, 2011 to shareholders entitled to vote at the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be available for inspection by any shareholder at our principal executive offices for a period of ten days prior to the Annual Meeting and at the Annual Meeting itself.

Important Notice Regarding the Availability of Proxy Materials for

the Shareholder Meeting to be held on May 12, 2011.

This Proxy Statement and a proxy card, along with the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and our 2010 Annual Report, are available at: www.faro.com/proxyvote.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following matters:

1. The election of three directors, Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, to the Board of Directors to serve for a three-year term expiring at the Annual Meeting of Shareholders in 2014; and
2. The ratification of Grant Thornton LLP as our independent registered public accounting firm for 2011.
3. A non-binding resolution to approve the compensation of our named executive.

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

4. A non-binding proposal as to the frequency with which shareholders will vote on the compensation of our named executive officers in future years.

Shareholders will also transact any other business that may properly come before the Annual Meeting. Once the business of the Annual Meeting is concluded, shareholders will have an opportunity to ask questions as time permits. Members of our management and representatives of Grant Thornton LLP, our independent registered

public accounting firm, will be present to respond to appropriate questions from shareholders. A brief report by members of management on the Company's 2010 performance will follow the Annual Meeting.

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you owned shares of FARO Technologies, Inc. common stock on the record date, April 7, 2011. This Proxy Statement describes matters we would like you to vote on at the Annual Meeting. It also provides you with information about these matters so that you can make an informed decision.

What is a proxy?

A proxy is your legal designation of another person, also referred to as a proxy, to vote your shares of stock. The written document providing notice of the Annual Meeting and describing the matters to be considered and voted on is called a proxy statement. The document used to designate a proxy to vote your shares of stock is called a proxy card. Our board of directors has designated two of our officers, Jay Freeland, our President and Chief Executive Officer, and Keith Bair, our Senior Vice President and Chief Financial Officer, as proxies for the Annual Meeting.

Who is entitled to vote?

Holders of our common stock outstanding as of the close of business on April 7, 2011 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of common stock he or she held on the Record Date.

If your shares are held by a bank or brokerage firm, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) forwarded these proxy materials, along with a voting instruction card, to you. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to routine items, but it will not be permitted to vote your shares with respect to non-routine items. In the case of a non-routine item, your shares will be considered broker non-votes on that proposal.

Who can attend the Annual Meeting?

All holders of shares of stock of FARO Technologies, Inc., or individuals holding their duly appointed proxies, may attend the Annual Meeting. Appointing a proxy in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your shares in street name, you will need to bring a copy of your bank or brokerage statement reflecting your stock ownership as of the Record Date to gain admittance to the Annual Meeting. Shareholders also must present a form of personal photo identification to be admitted to the Annual Meeting.

How many shares must be present to hold the meeting?

A quorum of shareholders is necessary to hold a valid shareholders meeting. A majority of the 16,338,708 shares of common stock outstanding on the Record Date and entitled to be cast on any matter at the Annual Meeting must be represented, in person or by proxy, to constitute a quorum at the Annual Meeting. If you vote, your shares will be included in the number of shares to establish the quorum. Shares represented by proxy cards either marked ABSTAIN, or returned without voting instructions and shares treated as broker non-votes will be counted as present for the purpose of determining whether the quorum requirement is satisfied.

Once a share is represented at the Annual Meeting, it will be deemed present for quorum purposes throughout the Annual Meeting (including any adjournment or postponement of that meeting unless a new record date is or must be set for such adjournment or postponement).

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the shareholders who are represented, in person or by proxy at the meeting, may adjourn the Annual Meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

How many shares must be present to consider each matter at the Annual Meeting?

The presence, in person or by proxy, of a majority of the votes entitled to be cast on a specific proposal will constitute a quorum for that proposal. Even if a quorum is established for the Annual Meeting, it is possible that a quorum may not be established for a specific proposal presented at the Annual Meeting. Shares represented by proxy cards either marked **ABSTAIN** or returned without voting instructions will be counted as present for the purpose of determining whether the quorum requirement is satisfied for all proposals at the Annual Meeting. If your shares are held in street name and you do not provide voting instructions to your bank or broker, your shares will not affect the determination of whether a quorum exists for proposals 1, 3 or 4, but your shares will be counted as present for the purpose of determining whether the quorum requirement is satisfied for proposal 2.

What is the effect of not voting?

If you are a registered shareholder and you submit a proxy but do not provide any voting instructions, your shares will be voted:

FOR the election of Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, to the Board of Directors;

FOR the ratification of Grant Thornton LLP as our independent registered public accounting firm;

FOR the approval of the compensation of our named executive officers; and

FOR an annual advisory vote to approve the compensation of our named executive officers.

If you are a registered shareholder and you do not return your proxy card or vote at the Annual Meeting, your un-voted shares will not count toward the quorum requirement for the Annual Meeting or any proposal considered at the Annual Meeting. If a quorum is obtained, your un-voted shares will not affect the outcome of any proposal.

If you own shares in street name and do not instruct your bank or brokerage firm how to vote your shares, your bank, broker, or other holder of record may not vote your shares on non-routine matters such as Proposal 1 Election of Directors, Proposal 3 Advisory Vote on Executive Compensation or Proposal 4 Advisory Vote on the Frequency of the Approval of Executive Compensation, and your shares will be considered broker non-votes on those proposals. However, it may vote your shares in its discretion on routine proposals such as Proposal 2 Ratification of Independent Registered Public Accounting Firm.

Abstentions and broker non-votes will not affect the outcome of any proposals considered at the Annual Meeting.

How do I vote?

If you own shares registered directly with the Company's transfer agent on the close of business on the Record Date, you may vote by mailing your signed proxy card in the enclosed envelope.

If your shares are held in street name, your bank or brokerage firm forwarded these proxy materials, as well as a voting instruction card, to you. Please follow the instructions on the voting instruction card to vote your shares. Your bank or brokerage firm may allow you to vote by telephone or the Internet.

If you are a registered shareholder and you attend the Annual Meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to registered shareholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the Annual Meeting will need to obtain a power of attorney or proxy from their record holder to do so.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you can change your vote:

by properly completing and signing another proxy card with a later date and returning the proxy card prior to the Annual Meeting;

if you are a registered shareholder, by giving written notice of your revocation to FARO Technologies, Inc., Attention: Secretary, 250 Technology Park, Lake Mary, Florida 32746, prior to or at the Annual Meeting; or

by voting in person at the Annual Meeting.

Your presence at the Annual Meeting will not in itself revoke your proxy; you must obtain a ballot and vote at the Annual Meeting to revoke your proxy. Unless properly changed or revoked, the shares represented by proxies received prior to the Annual Meeting will be voted at the Annual Meeting.

What are the Board's recommendations on the proposals?

The Board recommends that you vote your shares as follows:

Proposal 1 FOR the election of the three nominees for director, Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, each with a three-year term expiring at the Annual Meeting of Shareholders in 2014;

Proposal 2 FOR ratification of Grant Thornton LLP as our independent registered public accounting firm;

Proposal 3 FOR the approval of the compensation of our named executive officers; and

Proposal 4 FOR an annual advisory vote to approve the compensation of our named executive officers.

What vote is required to elect the director nominees?

The affirmative vote of a plurality of the votes cast is required for the election of directors. That means that the three nominees for director receiving the greatest number of votes will be elected. If you vote Withhold with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum. Broker non-votes on the election of directors will have no impact on either the determination of a quorum or the outcome of the election.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have voted Withhold with respect to the original nominee.

How many votes are required to ratify the appointment of the Company's independent registered public accounting firm?

The ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions will have no impact on the outcome of this matter. Because this matter is a routine proposal, there will be no broker non-votes associated with this proposal.

How many votes are required to approve the advisory vote on the compensation of the Company's named executive officers?

The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions and broker non-votes will have no impact on the outcome of this matter.

How many votes are required to approve the non-binding proposal as to the frequency with which shareholders will vote on the compensation of the Company's named executive officers in future years?

Shareholders may select a frequency of one, two or three years, or they may abstain from voting on this proposal. The non-binding selection of one of the three frequency options requires the affirmative vote of a majority of the votes cast by the shareholders. If this proposal does not receive the approval of a majority of the votes cast, the Board will view as the selection of shareholders the frequency alternative that receives the greatest number of votes. Abstentions and broker non-votes will have no impact on the outcome of this matter.

Are there any other items to be discussed during the Annual Meeting?

The Company is not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the proxy holders will use their discretion in voting your shares on these matters as they may arise.

Who will count the vote?

American Stock Transfer & Trust Co. will count the vote and will serve as the inspector of the election.

Who pays to prepare, mail, and solicit the proxies?

Proxies may be solicited by personal meeting, Internet, advertisement, telephone, and facsimile machine, as well as by use of the mails. Solicitations may be made by directors, officers, and other employees of the Company, as well as the Company's investor relations firm, none of whom will receive additional compensation for such solicitations. The Company will bear the cost of soliciting proxies. Arrangements will be made, as appropriate, with banks, brokerage houses, and other custodians, nominees or fiduciaries to forward soliciting materials to the beneficial owners of the shares, and we will reimburse such persons for their out-of-pocket expenses incurred in providing those services.

Will I receive a copy of the annual report?

We are enclosing a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, as well as our 2010 Annual Report, with this Proxy Statement. You may also obtain a copy by writing to our Investor Relations department at 250 Technology Park, Lake Mary, Florida 32746, by calling 1-800-736-0234, by e-mailing our Investor Relations department at InvestorRelations@faro.com, by accessing www.faro.com/proxyvote or by accessing the Securities and Exchange Commission's (SEC) EDGAR database at www.sec.gov. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and our 2009 Annual Report are not incorporated by reference into this Proxy Statement and are not considered proxy soliciting material.

Where can I find Corporate Governance materials for the Company?

The Company's Code of Ethics for Senior Financial Officers, Global Ethics Policy and Corporate Governance Guidelines and the Charters for the Audit, Operational Audit, Compensation, and Governance and Nominating Committees of the Company's Board of Directors, are published on the Corporate Governance page of the Company's website at www.faro.com. We are not including the information contained on or available through our website as a part of, or incorporating such information by reference into, this Proxy Statement.

How can I contact the members of the Board?

Shareholders may communicate with the full Board or individual directors by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board or the individual director(s).

PROPOSAL 1**ELECTION OF DIRECTORS**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 1, THE ELECTION OF STEPHEN R. COLE, MARVIN R. SAMBUR, Ph.D., AND JAY W. FREELAND, TO THE BOARD OF DIRECTORS.

The Board of Directors is divided into three classes, as nearly equal as possible, with one class of directors elected each year for a three-year term. Each director's term is subject to the election and qualification of his or her respective successor, or such director's earlier death, resignation or removal. The Board currently consists of eight members. Three directors have terms that expire at this year's Annual Meeting, three directors have terms that expire at the 2012 Annual Meeting of Shareholders, and two directors have terms that expire at the 2013 Annual Meeting of Shareholders. Andre Julien, who currently serves as a director, has notified the Company that he will retire from the Board effective as of the date of the Annual Meeting. The Board has set the size of the Board at seven members, effective as of the date of the Annual Meeting.

The Company does not know of any reason why any nominee would be unable or, if elected, will decline to serve as a director. If any nominee is unable or unwilling to serve as a director, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If the Board selects a substitute nominee, the shares represented by all valid proxies will be voted for the substitute nominee unless you have voted "Withhold" with respect to the original nominee.

The three nominees for director, Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, currently are directors of the Company and are proposed to be elected at the Annual Meeting to serve until the 2014 Annual Meeting of Shareholders. The remaining four directors whose terms do not expire at, or have not resigned effective as of, the Annual Meeting will continue to serve as members of the Board for the terms set forth below. Directors are elected by a plurality of the votes cast, meaning that the three nominees receiving the highest number of affirmative votes represented at the Annual Meeting will be elected as directors. Shares may not be voted cumulatively, and proxies cannot be voted for a greater number of persons than the number of nominees named. Shares voted by the accompanying proxy card will be voted "FOR" Stephen R. Cole, Marvin R. Sambur, Ph.D., and Jay W. Freeland, unless the proxy card is marked to withhold authority or to vote for alternative candidates.

The names, ages, and principal occupations for at least the past five years of each of the current directors and the nominees and the names of any other public companies of which each has served as a director during the past five years are set forth below:

CORPORATE GOVERNANCE AND BOARD MATTERS

Role and Risk Oversight of the Board of Directors

The Board provides general oversight and direction for the Company and also acts as an advisor and counselor to senior management and monitors its performance. In particular, the Board performs the following functions:

Reviews and approves operating, organizational, financial and strategic plans;

Reviews the Company's operational, financial and strategic performance;

Oversees and evaluates management's systems for internal control, financial reporting and public disclosure;

Oversees the Company's global risk management framework;

Establishes corporate governance standards;

Selects, evaluates and compensates the Company's executive officers, including the Chief Executive Officer;

Oversees and evaluates senior management performance and compensation; and

Plans for effective development and succession of the Chief Executive Officer and senior management.

In its oversight of the Company's global risk management, the Board reviews the overall risk exposure of the Company and discusses with management the Company's risk assessment and risk management policies, including management's efforts to identify, monitor, control and report risk exposure. Management regularly reports to the Board on significant operational, financial, strategic, and regulatory risks the Company faces. In addition, as part of its review of the Company's strategic plans, the Board reviews the operational and financial risks, political and regulatory risks, and employment and labor risks of its global business operations. The independent members of the Board also discuss Company oversight and significant risks in executive session.

Each Board committee is also responsible for reviewing the Company's risk exposure with respect to the committee's areas of responsibility, discussing such risks with Company management, and reporting significant risks to the Board. The Compensation Committee particularly reviews risks related to the Company's compensation policies and practices, and the Audit Committee focuses on significant risks associated with financial exposures.

Leadership Structure of the Board of Directors

The members of the Board have elected a Chairman separate from the CEO. Simon Raab, one of the Company's founders and its past Chief Executive Officer, currently serves as Chairman of the Board and is an independent director. Jay W. Freeland, the Company's current Chief Executive Officer, also serves as a director. In addition, the Company's Corporate Governance Guidelines provide for an independent Lead Director, elected by the Board's independent directors, separate from the positions of Chairman and CEO. The independent members of the Board have elected Stephen Cole, an independent director, to serve as the Lead Director.

The Chairman of the Board and the Chief Executive Officer set the agenda for Board meetings with input from the Lead Director. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the directors to prepare for discussion of the items at the meeting. Executive sessions or meetings of independent directors are held at least quarterly for a discussion of relevant subjects.

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

The Lead Director presides over and prepares the agenda for executive sessions of the independent directors; provides input to the schedule of Board meetings; facilitates information flow and communication

between the independent directors and Company management and the Chairman of the Board; coordinates the activities of the other independent directors; together with the Governance and Nominating Committee, provides advice to the Board and Company management with respect to corporate governance; recommends to the Chairman of the Board the retention of Board consultants and the membership of Board committees; together with the Compensation Committee and the Board evaluates the performance of the Chief Executive Officer; and performs such other duties and responsibilities as the Board of Directors may determine. We believe that our current Board structure appropriately ensures that an independent director serves in a Board leadership position, acting as a liaison between the Board and management and allowing the independent directors to effectively oversee Company management and key issues related to strategy, risk and integrity.

Director Independence

We are required to comply with the listing standards, including the corporate governance rules, of the NASDAQ Stock Market (NASDAQ). NASDAQ rules require the Board of Directors to be comprised of a majority of independent directors, as that term is defined by the NASDAQ Marketplace Rules.

The Board of Directors has affirmatively determined that Lynn Brubaker, John Caldwell, Stephen Cole, John Donofrio, Andre Julien, Simon Raab, and Marvin Sambur are independent directors, as defined by the NASDAQ Marketplace Rules. In addition, Normal Schipper, Q.C., who did not stand for re-election to the Board of Directors at the 2010 Annual Meeting of Shareholders, was also independent under the NASDAQ Marketplace Rules. The Board of Directors has determined that Mr. Freeland is the only director who is not independent, because he is the President and Chief Executive Officer of the Company.

Board Meetings and Committees

The Board of Directors held eight meetings during 2010. All directors attended at least 75% of the applicable meetings of the Board and of the Committees on which they served during 2010. In addition, the independent directors met in executive session without the presence of management on the occasion of each full Board meeting in 2010. While the Company has not adopted a formal policy regarding Board attendance at annual shareholder meetings, we encourage each of our Board members to attend the annual shareholder meetings in person. We expect that each of our directors will attend the 2011 annual meeting of shareholders in person. All of the Company's current directors attended the 2010 Annual Meeting of Shareholders in person.

The Board of Directors has four standing committees: an Audit Committee, an Operational Audit Committee, a Compensation Committee, and a Governance and Nominating Committee.

The table below shows current membership for each of the standing Board committees:

Audit	Operational Audit	Compensation	Governance and Nominating
Committee	Committee	Committee	Committee
Lynn Brubaker	Lynn Brubaker	John Caldwell	John Caldwell
John Caldwell*	John Caldwell*	Stephen Cole*	Stephen Cole
Stephen Cole	Andre Julien**	John Donofrio	John Donofrio*
John Donofrio	Marvin Sambur	Andre Julien**	Marvin Sambur
		Marvin Sambur	

* Committee Chairman

** Mr. Julien has notified the Company that he will retire from the Board of Directors effective as of the date of the Annual Meeting.

Audit Committee

The Audit Committee held five meetings during 2010. In addition to its formal meetings, members of the Audit Committee met in executive session, without the presence of management, periodically and separately with the Company's auditors at quarterly meetings during 2010. Among its various duties, the Audit Committee reviewed the Company's annual and quarterly financial statements and the Company's periodic reports to the SEC before filing.

The Audit Committee is currently comprised of four members, Lynn Brubaker, John Caldwell, Stephen Cole and John Donofrio, each of whom the Board has determined are independent as defined in Rule 10A-3 of the Exchange Act of 1934 and the NASDAQ rules, including rules specifically governing audit committee members. The Board also has determined that Messrs. Caldwell and Cole are audit committee financial experts as defined under Item 407(d)(5) of Regulation S-K.

The Audit Committee acts under the terms of a written charter that is available on the Company's website at www.faro.com, by first clicking Investors and then Corporate Governance. The Audit Committee's responsibilities, discussed in detail in the charter, include, among other duties, the responsibility to:

Provide oversight regarding the Company's accounting and financial reporting process, system of internal control, external and internal audit process, and the Company's process for monitoring compliance with laws and regulations;

Review the independence and qualifications of the Company's independent public accountants and the Company's financial policies, control procedures and accounting staff;

Appoint and retain the Company's independent public accountants;

Review and approve the Company's financial statements and other regulatory filings; and

Review transactions between the Company and any officer or director or any entity in which an officer or director of the Company has a material interest.

Operational Audit Committee

The Operational Audit Committee met four times in 2010 and is currently composed of four members, Lynn Brubaker, John Caldwell, Andre Julien and Marvin Sambur. The Operational Audit Committee acts under the terms of a written charter that is available on the Company's website at www.faro.com, by first clicking Investors and then Corporate Governance. As discussed in its charter, the Operational Audit Committee is responsible for reviewing the Company's operational performance against predetermined metrics. The Operational Audit Committee also meets with executives and department directors to review progress against goals and reports to the Board of Directors.

Compensation Committee

The Compensation Committee held six meetings during 2010. In addition to its formal meetings, the Chairman and other select members of the Compensation Committee met as required throughout 2010 and the first quarter of 2011 among themselves without the presence of management, as well as with the Compensation Committee's advisors, the Chairman of the Board, and the Chief Executive Officer to set executive compensation for 2010 and 2011, to evaluate the performance of all officers at the Vice President level and above, to make bonus and equity incentive award determinations in respect of individual and Company performance objectives, and to discuss and decide other compensation and employment matters, including specific review of the performance of the CEO and his compensation.

The Compensation Committee currently consists of five members, John Caldwell, Stephen Cole, John Donofrio, Andre Julien, and Marvin Sambur, each of whom qualifies as independent for Compensation Committee membership, as defined in the NASDAQ rules, Rule 16b-3 of the Exchange Act, and Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee acts under the terms of a written charter that is available on the Company's website at www.faro.com, by first clicking Investors and then Corporate Governance. As discussed in its charter, the Compensation Committee creates, and recommends to the full Board for approval, the Company's executive compensation policies and programs and endeavors to ensure they are aligned with the Company's overall mission and vision, including enhancement of shareholder value, and that they are implemented consistent with the same. Although the Compensation Committee sets the CEO's compensation independently, it works with the Chairman of the Board and the Chief Executive Officer in evaluating the performance of all other officers at the Vice President level and above and in reviewing and approving annually all compensation programs and awards (including setting the base compensation for the upcoming year and approving bonus and equity incentive awards) for all officers at the Vice President level and above. The Compensation Committee maintains final authority in the determination of individual executive compensation packages to ensure compliance with the Company's compensation policy objectives.

The Compensation Committee also reviews, and recommends to the full Board for its review and approval, the cash and equity compensation for non-employee directors, the Chairman of the Board, the Lead Director, and Board committee chairs. In addition, the Compensation Committee:

Oversees the Company's option and equity incentive plans, including reviewing and approving equity grants to officers at the Vice President level and above;

Oversees the Company's management succession plan, including succession for the Chief Executive Officer position;

Advises on selection of certain executive officer positions with the Company;

Establishes the terms of all executive severance and change of control benefits;

Reviews and discusses with management the Compensation Discussion and Analysis that is included in the Company's proxy statement for its annual meeting of shareholders; and

Prepares the report of the Compensation Committee for inclusion in the proxy statement.

The Compensation Committee may delegate its authority to grant awards under the Company's 2009 Equity Incentive Plan, or the 2009 Equity Plan, to the Company's executive officers. The Compensation Committee has delegated its authority to the Company's President and Chief Executive Officer, subject to the parameters discussed below, to grant stock-based awards under the 2009 Equity Plan to newly hired employees, to current employees in connection with a promotion, and to employees recognized for performance under an established Company employee award program. The grants by the Company's President and Chief Executive Officer are subject to the following parameters, among others, established by the Compensation Committee: (i) the President and Chief Executive Officer may not grant awards to (a) employees who are subject to the short-swing profit rules of Section 16 of the Exchange Act, or (b) employees who at the grant date are covered employees, or are reasonably anticipated to become covered employees, as defined in Section 162(m) of the Code, during the term of the award; (ii) any award granted by the President and Chief Executive Officer will be subject to all of the terms and conditions of the 2009 Equity Plan; and (iii) the President and Chief Executive Officer must make a written report to the Compensation Committee at the end of each fiscal quarter that sets forth any and all awards granted by him during the preceding fiscal quarter.

The Compensation Committee has the authority to retain consultants to obtain advice and assistance from external legal, accounting and other advisors at the Company's expense. In 2007, the Compensation Committee engaged Mercer Human Resource Consulting (Mercer) to conduct a review and competitive assessment of the Company's executive and outside director compensation programs. In performing these services, Mercer reported directly to, and received its instructions from, the Compensation Committee. In 2009, the lead consultant for FARO left Mercer and joined Pearl Meyer & Partners (Pearl Meyer). In order to preserve the continuity of the lead consultant from Mercer, in 2009, the Compensation Committee engaged the same lead consultant from Pearl Meyer. In performing its services, Pearl Meyer reports to and is instructed by the

Compensation Committee; Pearl Meyer does not do any work for the Company other than the work performed for the Compensation Committee. Accordingly, the Compensation Committee's decisions with respect to compensation since 2008 had the benefit of the consulting information provided by the Compensation Committee's independent advisor. For more information regarding Pearl Meyer's services during 2010, see Compensation Discussion and Analysis, beginning on page 27 of this Proxy Statement.

Governance and Nominating Committee

The Governance and Nominating Committee held two formal meetings in 2010. The Governance and Nominating Committee currently consists of four members, John Caldwell, Stephen Cole, John Donofrio, and Marvin Sambur, each of whom meets the definition of independence in the NASDAQ rules.

The Governance and Nominating Committee's written charter is available on the Company's website at www.faro.com, by first clicking Investors and then Corporate Governance. As discussed in detail in the charter, the Governance and Nominating Committee is responsible for selecting and recommending for Board approval director nominees and the members and chair of each of the Board committees. Current members of the Board are considered for re-election unless they have notified the Company that they do not wish to stand for re-election. The Governance and Nominating Committee considers candidates for the Board recommended by current members of the Board or members of management. In addition, the Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director. The Governance and Nominating Committee also will consider director candidates recommended by eligible shareholders. Shareholders may recommend director nominees for consideration by the Governance and Nominating Committee by writing to the Governance and Nominating Committee, Attention: Chairman, 250 Technology Park, Lake Mary, Florida, 32746, together with appropriate biographical information concerning each proposed nominee. Candidates proposed by shareholders for nomination are evaluated using the same criteria as candidates initially proposed by the Governance and Nominating Committee.

The following minimum qualifications must be met by a director nominee to be recommended by the Governance and Nominating Committee:

Each director must display high personal and professional ethics, integrity and values;

Each director must have the ability to exercise sound business judgment and demonstrate basic financial literacy;

Each director must be highly accomplished in his or her respective field, with broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest;

Each director must have relevant expertise and experience, and be able to offer advice and guidance based on that expertise and experience;

Each director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

Each director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

In addition, the Governance and Nominating Committee seeks to ensure that the composition of the Board at all times reflects a variety of complementary experiences and backgrounds, particularly in the areas of management and leadership, sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. In identifying potential Board nominees, and evaluating candidates for the Board, the Governance and Nominating Committee considers the nominee's experience, skills and qualifications. Although the Governance and Nominating Committee has not established specific goals with respect to diversity, the Governance and Nominating Committee does consider diversity in identifying potential Board nominees and evaluating Board candidates, including in the context of providing diversity in gender, ethnicity, education, experience and leadership qualities.

Annually, the Governance and Nominating Committee reviews the appropriate experience, skills and qualifications expected of Board members in the context of the current membership of the Board. This assessment includes, in the context of the perceived needs of the Board at that time, issues of experience, reputation, judgment, diversity and skills. The Governance and Nominating Committee assesses the effectiveness of diversity within the Board every year as part of this annual assessment. If, as a result of the assessment, the Governance and Nominating Committee determines that adding or replacing a director is advisable, the Governance and Nominating Committee initiates a search for a suitable candidate to fulfill the Board's needs. In addition, in 2010, the Governance and Nominating Committee recommended, and the Board adopted, Corporate Governance Guidelines that provide for any director who undergoes a change of occupation to notify the Chairman of the Board and the Chairman of the Governance and Nominating Committee of the change and offer to submit his or her resignation. John Caldwell has notified the Company that he is retiring as CEO of SMTC Corporation and has offered to submit his resignation from the Board. The Governance and Nominating Committee has determined not to request Mr. Caldwell's resignation because of Mr. Caldwell's significant relevant experience and qualifications, as well as the fact that the Governance and Nominating Committee does not believe that Mr. Caldwell's retirement will diminish the effectiveness of his service on the Board.

A shareholder who wishes to nominate a person for election to the Board of Directors must submit written notice to the Company, Attention: Secretary, 250 Technology Park, Lake Mary, Florida 32746. Under the Company's Amended and Restated Bylaws, we must receive the written nomination for an annual meeting not less than 90 days and not more than 120 days prior to the first anniversary of the previous year's annual meeting of shareholders, or, if no annual meeting was held the previous year or the date of the annual meeting is advanced more than 30 days before or delayed more than 60 days after the anniversary date, we must receive the written nomination not more than 120 days prior to the annual meeting and not less than the later of 90 days prior to the annual meeting or ten days following the day on which public announcement of the date of the annual meeting is first made. For a special meeting, we must receive the written nomination not less than the later of 90 days prior to the special meeting or ten days following the day on which public announcement of the date of the special meeting is first made. Under the Amended and Restated Bylaws, the nomination must include (i) all information relating to the candidate that is required to be disclosed in solicitations of proxies for an election of directors, or is otherwise required, in each case pursuant to Regulation 14A of the Securities Exchange Act of 1934, including the nominee's consent to be named in the proxy statement as a nominee and to serving as a director if elected, (ii) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between the shareholder and any beneficial owner on whose behalf the director nomination is made, and their respective affiliates and associates or others acting in concert with the shareholder or beneficial owner, on the one hand, and each candidate and his or her respective affiliates and associates, or others acting in concert with the candidate, on the other hand, including all information required under Rule 404 of Regulation S-K if the shareholder and any beneficial owner on whose behalf the nomination is made, or any affiliate or associate of or person acting in concert with the shareholder or beneficial owner, were the registrant for purposes of that rule and the candidate were a director or executive officer of such registrant, and (iii) as to the shareholder and any beneficial owner on whose behalf the director nomination is made, (A) their names and addresses, (B) the class and number of shares of the Company's stock beneficially owned by them, (C) whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock) has been made, an effect or intent of which is to mitigate loss to or manage risk of stock price changes for, or to increase the voting power of, the shareholder or the beneficial owner with respect to any share of Company stock, and (D) a representation as to whether the shareholder or any beneficial owner on whose behalf the nomination is made intends, or is or intends to be part of a group that intends, to deliver a proxy statement or form of proxy to the percentage of the Company's shareholders required to elect the nominee or otherwise to solicit proxies from shareholders in support of the nomination.

Compensation Committee Interlocks and Insider Participation

During 2010, John Caldwell, Stephen Cole, Andre Julien, Marvin Sambur, John Donofrio, and Norman Schipper served as members of the Compensation Committee. None of the Compensation Committee members was, during 2010 or formerly, an officer or employee of the Company or any of its subsidiaries or had any relationship requiring disclosure under Item 404 of Regulation S-K. During 2010, none of the Company's executive officers served as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

Communications with Board of Directors

Shareholders may communicate with the full Board or individual directors by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board or the individual director(s).

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Ethics, entitled Code of Ethics for Senior Financial Officers, that is applicable to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. The Board of Directors has also adopted a Global Ethics Policy applicable to all of the Company's employees. The Code of Ethics for Senior Financial Officers and the Global Ethics Policy are available at no cost on the Company's web site at www.faro.com or by submitting a written request to FARO Technologies, Inc., Attention: Secretary, 250 Technology Park, Lake Mary, Florida 32746.

2010 DIRECTOR COMPENSATION

The following table sets forth information regarding the compensation earned by each of the Company's non-employee directors during the year ended December 31, 2010:

Name	Fees Earned or Paid in Cash	Stock Awards	All Other Compensation	Total
	(\$) (1)	(\$) (2)(3)	(\$)	(\$)
Lynn Brubaker	51,875	70,000		121,875

Andre Julien	50,000	70,000		120,000
Simon Raab	65,000	100,000	16,183(5)	111,183
Marvin R. Sambur, Ph.D.	57,500	70,000		127,500
Norman Schipper, Q.C.(4)	19,375			19,375

- (1) Includes cash retainers and fees earned by each director for attendance at certain meetings during the year ended December 31, 2010.
- (2) Reflects the grant date fair value of stock awards granted in 2010, determined in accordance with Financial Accounting Standards Board ASC Topic 718 Stock Compensation (FASB ASC Topic 718). The grant date fair value of the restricted stock awards is based upon the value of the underlying common stock on the grant date.
- (3) As of December 31, 2010, the following aggregate number of stock options and restricted stock awards were held by each of our directors:

	Restricted Stock	
	Awards (#)	Options(#)
John E. Caldwell	3,312	9,000
Stephen Cole	3,956	9,000
John Donofrio	3,712	0
Andre Julien	3,312	39,000
Simon Raab	3,682	0
Marvin R. Sambur, Ph.D.	3,312	0
Norman Schipper, Q.C.	0	0
Lynn Brubaker	8,809	0

No stock options were awarded to any directors in 2010. The following table shows the shares of restricted stock awarded to each director during 2010, and the aggregate grant date fair value for each award.

Name	Restricted Stock Awards (#)	Full Grant Date Fair Value of Award (\$)
John E. Caldwell	2,578	70,000
Stephen Cole	3,222	87,500
John Donofrio	2,578	70,000
Andre Julien	2,578	70,000
Simon Raab	3,682	100,000
Marvin R. Sambur, Ph.D.	2,578	70,000
Lynn Brubaker	2,578	70,000

- (4) Mr. Schipper did not stand for re-election to the Board at the 2010 Annual Meeting of Shareholders. In connection with his departure from the Board, in recognition of his service to the Board, the Compensation

Committee accelerated the vesting of his restricted stock and option awards and extended the term of his options so that they would expire on the original 10-year anniversary of the grant date.

- (5) In recognition of his former service with the Company, the Company pays both the employer and employee portions of the premiums for Mr. Raab and his eligible dependents to participate in certain Company group health and welfare plans. The number in the table reflects the actual cost to the Company of providing this benefit during 2010.

Terms of Director Compensation Program

The Company uses a combination of cash and equity compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that non-employee directors expend in fulfilling their duties to the Company as well as the skill level required of members of the Board. Non-employee directors receive an annual cash retainer of \$20,000, fees of \$1,875 per in-person board or committee meeting or per telephonic board or committee meeting with a duration of one hour or more, and \$1,250 per meaningful telephonic board or committee meeting with a duration of one hour or less. The chairpersons of the Governance and Nominating Committee and the Operational Audit Committee receive an annual retainer of \$5,000, and the chairperson of the Audit Committee receives an annual retainer of \$10,000. The chairperson of the Compensation Committee receives an annual retainer of \$7,500. In addition to fees for Board and Committee meetings, non-employee directors receive similar meeting fees for attending other important meetings throughout the year, including meetings pertaining to business strategy and regulatory updates.

Upon election to the Board, a non-employee director receives an initial equity grant of shares of restricted common stock with a value equal to \$100,000, calculated as of the closing share price on the date of the non-employee director's election to the Board. The initial restricted stock grant vests on the third anniversary of the grant date, subject to the non-employee director's continued membership on the Board. On the day following the annual meeting of shareholders, each non-employee director receives shares of restricted common stock with a value equal to \$70,000, calculated as of the closing share price on the day following the annual meeting of shareholders. Beginning with the grants made in 2009, the annual restricted stock grant vests on the first anniversary of the grant date, subject to a director's continued membership on the Board. The Company has amended this policy, and effective beginning with the grants made in 2011, the annual restricted stock grant will vest the day prior to the following year's annual meeting date, subject to a director's continued membership on the Board.

The Lead Director receives an additional retainer of \$35,000, paid fifty percent in cash and fifty percent in shares of restricted stock. The Lead Director's retainer is granted annually on the day following the annual meeting of shareholders, with the closing share price on the date of grant used to calculate the number of shares granted. The shares of restricted stock granted in 2009 and 2010 vest on the first anniversary of the grant date, subject to the Lead Director's continued membership on the Board. Beginning with the grant made in 2011, the grant will vest the day prior to the following year's annual meeting date, subject to the Lead Director's continued membership on the Board. The Chairman of the Board receives an additional retainer of \$60,000, paid fifty percent in cash and fifty percent in shares of restricted stock. The Chairman's retainer is granted annually on the day following the annual meeting of shareholders, with the closing share price on the date of grant used to calculate the number of shares granted. The shares of restricted stock granted in 2009 and 2010 vest on the first anniversary of the grant date, subject to the Chairman's continued membership on the Board. Beginning with the grant made in 2011, the grant will vest the day prior to the following year's annual meeting date, subject to the Chairman's continued membership on the Board.

Mandatory Board of Director Stock Ownership and Holding Periods

Effective in 2009, the Company's non-employee directors are subject to minimum share ownership guidelines. Within two years after joining the Board, each non-employee director is required to own shares of the

Company's common stock with an aggregate value of \$100,000. The ownership requirement may be satisfied through holdings of equity awards granted by the Company, the values of which are calculated based on the grant date value of the equity awards, and/or shares of common stock purchased by the non-employee director independently, the values of which are calculated based on the closing price of the Company's common stock on the purchase date. Also, effective in 2010, each non-employee director must hold shares of the Company's common stock acquired pursuant to the exercise of stock options or vesting of restricted stock for one year after exercise or vesting, as applicable, or until his or her retirement, whichever is earlier. As of December 31, 2010, all of the Company's directors were in compliance with the minimum share ownership guidelines.

PROPOSAL 2**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 2, THE RATIFICATION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of our independent registered public accounting firm. Grant Thornton LLP has audited our financial statements for the fiscal years ended December 31, 2010 and 2009. The Board, upon the recommendation of the Audit Committee, has appointed Grant Thornton LLP as the Company's independent registered public accounting firm for 2011.

Representatives of Grant Thornton LLP will be present at the meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions of shareholders.

Shareholders are not required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm. However, we are submitting the ratification to our shareholders as a matter of good corporate practice. If our shareholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider the retention of Grant Thornton LLP. Even if the selection of Grant Thornton LLP is ratified, the Audit Committee in its discretion may select a different independent accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and our shareholders.

The affirmative vote of a majority of the votes cast is necessary for approval of the ratification of Grant Thornton LLP. Abstentions will have no impact on the ratification of our independent registered public accounting firm.

INDEPENDENT PUBLIC ACCOUNTANTS

The following table presents fees for professional audit services rendered by Grant Thornton LLP for the audit of our financial statements for the fiscal years ended December 31, 2010 and 2009, and fees for other services rendered by Grant Thornton LLP during those periods.

Fees Paid to Grant Thornton LLP:

	2010	2009
Audit fees(1)	\$ 1,002,579	\$ 958,033
Audit related fees		
Tax fees-preparation and compliance		
All other fees(2)	39,959	28,829
Total fees	\$ 1,042,538	\$ 986,862

(1) Audit of financial statements, review of financial statements included in Quarterly Reports on Form 10-Q, and audit of management's assessment of the Company's internal control over financial reporting and the effectiveness of the Company's internal control over financial reporting.

(2) Primarily related to the Company's employee benefit plan audit and audit of royalty licenses.

The Audit Committee has concluded that the provision of the audit and permitted non-audit services by Grant Thornton LLP in 2010 and 2009 is compatible with maintaining the independence of Grant Thornton LLP.

Pursuant to the Audit Committee charter, the Audit Committee pre-approved all such services provided by Grant Thornton LLP. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by its independent auditors. Pursuant to these policies and procedures, the Audit Committee may form and delegate authority to subcommittees consisting of one or more members, when appropriate, to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

REPORT OF THE AUDIT COMMITTEE

Under the guidance of the Audit Committee charter, the Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the system of internal control over financial reporting and the financial reporting process. The independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has, among other things, the responsibility to monitor and oversee these processes.

The Audit Committee has:

- (1) reviewed and discussed the Company's audited financial statements with management;
- (2) discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended, as adopted by the Public Accounting Oversight Board in Rule 3200T;
- (3) received the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

The Audit Committee also considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee reviewed with the independent accountants the overall scope and specific plans for its audit. Without management present, the Committee met with the independent accountants to review the results of their examinations, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's accounting and financial reporting. The Audit Committee reviewed and discussed the Company's audited financial statements with the independent accountants.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 3, THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, provides shareholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of the Company's named executive officers. This advisory vote is commonly known as "Say-on-Pay". Accordingly, the Board of Directors is asking our shareholders to indicate their support for the compensation of the Company's named executive officers, as disclosed in this proxy statement.

This proposal is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the Company's executive compensation program and practices. Please read the Compensation Discussion and Analysis, together with the related compensation tables and narrative disclosure, below, for a detailed explanation of the Company's executive compensation program and practices.

The Board is asking our shareholders to vote FOR the following non-binding resolution:

Resolved, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis and the related compensation tables and narrative disclosure, in the proxy statement is hereby approved on an advisory basis.

The approval of this proposal requires the affirmative vote of a majority of the votes cast by the shareholders. As an advisory vote, the result will not be binding on the Board; however, the Compensation Committee, which is comprised solely of independent directors, will consider the outcome of the vote when evaluating the effectiveness of the Company's compensation policies and practices.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF THE APPROVAL OF EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR AN ANNUAL ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

The Dodd-Frank Act also provides shareholders with the opportunity to indicate, on a non-binding advisory basis, how frequently the Company should seek an advisory "Say-on-Pay" vote. Accordingly, the Board is asking our shareholders to express their preference as to the frequency with which the Company should present the "Say-on-Pay" vote to shareholders. Shareholders may select a frequency of one, two or three years, or they may abstain from voting.

After careful consideration, the Board has determined that a "Say-on-Pay" vote that occurs every year is the most appropriate alternative for the Company. In reaching its recommendation, the Board believes that an annual "Say-on-Pay" vote will allow shareholders to provide the Board and the Compensation Committee with more meaningful and direct input into the Company's executive compensation philosophy, policies and programs. The Board believes an annual advisory vote will also foster more useful communication with shareholders by providing shareholders with a clear and timely means to express any concerns and questions. Nonetheless, shareholders are not being asked to approve or disapprove of the Board's recommendation, but rather to indicate their own choice as among the frequency alternatives.

The selection of one of the three frequency options requires the affirmative vote of a majority of votes cast by the shareholders. If this proposal does not receive the approval of a majority of votes cast, the Board will view as the selection of shareholders the frequency alternative that receives the greatest number of votes. Although this vote is advisory and not binding, the Board values the opinions of the Company's shareholders and will consider the outcome of this proposal when determining the frequency of future Say-on-Pay votes.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

The Board of Directors and management do not know of any matters before the Annual Meeting other than those to which we refer in the Notice of Annual Meeting and this Proxy Statement. If any other matters properly come before the Annual Meeting, the proxy holders will vote the shares in accordance with their best judgment. To bring business before an Annual Meeting, a shareholder must give written notice to the company's secretary before the meeting and comply with the terms and time periods specified in the Company's bylaws. No shareholder has given written notice that he or she intends to bring business before the Annual Meeting in compliance with the terms and time periods specified in the Company's bylaws.

From February 2001 until July 2005, Mr. Arezone served as FARO's Regional Sales Manager. Mr. Arezone holds a Bachelor of Science in Civil Engineering from The Ohio State University and a Master of Business Administration from Cleveland State University.

Siggi Buss has served as Senior Vice President, Managing Director, Europe Region since February 2006. He previously served as Co-Managing Director of FARO Europe from May 1998 until February 2006. Prior to that, Mr. Buss was a co-founder and Managing Director of CATS GmbH, a predecessor of FARO Europe, the Company's principal subsidiary in Europe.

David Morse has served as Senior Vice President, Managing Director, Americas Region since January 2007. He previously served as Divisional Vice President of Sales for the Americas from July 2005 until January 2007. Prior to that, Mr. Morse served as Regional Sales Manager from November 1999 until July 2005. Mr. Morse holds a Bachelor of Science from the University of North Texas.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Business Context

With more than 20,000 installations and 11,000 customers globally, FARO Technologies, Inc. designs, develops, and markets portable, computerized measurement devices and software used to create digital models or to perform evaluations against an existing model for anything requiring highly detailed 3-D measurements, including part and assembly inspection, factory planning and asset documentation, as well as specialized applications ranging from surveying, recreating accident sites and crime scenes to digitally preserving historical sites. FARO requires an executive leadership team that reflects FARO's culture and values. The executives must be experienced and entrepreneurial in order to successfully execute business strategy and create shareholder value.

Executive Summary

The following provides a brief overview of the more detailed information provided in this Compensation Discussion and Analysis relating to executive compensation for 2010.

The objective of the Company's compensation program is to create a balance between risk and reward; to attract, motivate, and retain executives over the long-term; and to align their interests with those of our shareholders.

The Company provides its named executive officers with cash compensation in the form of base salary and annual incentives.

The Company provides its named executive officers with equity compensation in the form of stock options and restricted stock units.

The Company targets base salary, total cash compensation, and total direct compensation to be competitive with market practices.

The only executive benefits that the Company presently offers to its named executive officers are executive life insurance and coverage under the Company's executive short- and long-term disability plans.

Each of the Company's named executive officers has a severance arrangement or is covered by a severance policy.

The Company does not offer pension or deferred compensation benefits to its named executive officers.

2010 Performance and Compensation

Reflecting our pay for performance compensation philosophy, the compensation of our named executive officers continued to be significantly affected by our financial results in 2010, both in the amount of cash compensation earned and in the value of long-term equity awards.

In consideration of general economic conditions and the Company's specific performance during the economic downturn, salaries for the named executive officers were held flat in 2010. The named executive officers did not receive salary increases in 2009, either.

Similar to 2009, our 2010 annual incentive awards were based upon a combination of several goals:

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

Company financial performance, which is measured with respect to sales, gross margin, and profitability targets, as described on page 31, and

Individual strategic and operational performance components, which are described on pages 31 and 32.

In 2010, the Company met its sales, gross margin, and profitability targets, and the named executive officers achieved between 69% and 92% of their strategic and operational objectives. As a result, 2010 annual incentive awards paid out between 69% and 92% of target.

Similar to 2009, the number of options and/or restricted stock units (RSUs) granted in 2010 was determined based upon each named executive officer's performance against his annual incentive goals for the prior year (in this case, 2009).

RSUs granted to named executive officers in 2008 and 2009 are subject to additional performance considerations, as the number of shares eligible to vest each year is further multiplied by the performance metric from the prior year. In order to provide a better balance between performance and retention considerations, RSUs granted in 2010 have straight one-third annual vesting, based on continued employment.

Executive Compensation Objectives and Philosophy

The Compensation Committee's primary objective is to ensure that the philosophy and operation of FARO's compensation program reinforces FARO's culture and values, creates a balance between risk and reward, attracts, motivates, and retains executives over the long-term and aligns their interests with those of the shareholders. The Compensation Committee strives to provide total compensation relating to the CEO, the other named executive officers (together with the CEO, the named executive officers) and all other employees at the Vice President level and above, that is fair, reasonable and competitive. FARO's executive compensation program includes a significant performance-based component, in the form of a short-term annual incentive award, as well as a substantial emphasis on at-risk, equity-based long-term incentives.

The Compensation Committee has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Compensation Committee's Charter can be found on the Company's website at www.faro.com. The Compensation Committee's duties and responsibilities include:

reviewing and approving on an annual basis, without the input or participation of the CEO, long- and short-term corporate goals and objectives relevant to the CEO's compensation, evaluating the CEO's performance in light of those goals and objectives and recommending to the Board the overall compensation levels for the CEO based on such evaluation;

reviewing and approving, with the recommendation of the CEO, the annual base salaries, annual incentive opportunities and other compensation arrangements of all other named executive officers and all other Senior Vice Presidents and Vice President level employees;

reviewing and monitoring all compensation and significant benefit plans that affect all employees and annually approving overall employee salary policies, as well as equity-based programs for all levels of employees;

monitoring compliance with requirements under the Sarbanes-Oxley Act of 2002 relating to 401(k) plans and loans to directors and officers and compliance with all other applicable laws affecting employee compensation and benefits; and

reviewing and recommending any proposed changes in director compensation to the Board.

Role of the Compensation Consultant

The Compensation Committee has the authority to retain consultants to obtain advice and assistance from external legal, accounting or other advisors, at the Company's expense. In 2007, the Compensation Committee engaged Mercer, an independent human resources and compensation consulting company, to conduct a review and competitive assessment of the Company's executive and outside director compensation programs. In this role, Mercer reported to and was instructed by the Compensation Committee. Mercer's instructions were to review and analyze the executive and outside director compensation programs as to whether they were effective,

competitive and reasonable. In 2009, the lead consultant for FARO left Mercer and joined Pearl Meyer. In order to preserve the continuity of the lead consultant from Mercer, in 2009, the Compensation Committee engaged Pearl Meyer. In this role, Pearl Meyer reports to and is instructed by the Compensation Committee. The Compensation Committee maintained the engagement with Pearl Meyer in 2010. In 2010, Pearl Meyer: (i) assisted the Compensation Committee in assessing FARO's practices against best practices and trends regarding compensation policies and related governance and (ii) prepared a report to the Compensation Committee regarding, and assisted the Compensation Committee in determining, target pay opportunities compared to market (pay competitiveness), actual pay delivered compared to Company performance (performance alignment), and executive stock ownership and carried equity value (retention strength). The Compensation Committee has the sole authority to approve the fees and other terms and conditions of any engagement with its independent advisor.

Role of the Executive Officers in Compensation Decisions

Executive officers play a role in the administration, oversight, and determination of executive compensation. At the beginning of each fiscal year, each executive officer sets annual performance goals for those employees who report directly to him or her, which may include other executive officers. Throughout the year, each executive officer reviews the performance of the employees who report directly to him or her and evaluates those employees against their performance goals. In addition, the Company conducts a comprehensive performance and compensation review annually in the first quarter of each year across all levels of the organization, which includes a final performance review by each executive for each employee who reports directly to him or her. Following those reviews, the executive officers recommend to the CEO any equity and non-equity based awards, based upon the performance of those employees for the prior year and annual compensation adjustments for the current year.

The CEO similarly reviews and evaluates the employees who report directly to him, which include other named executive officers. The CEO also reviews and evaluates the recommendations made with respect to other executive officers and makes any modifications that he deems appropriate. The CEO reviews his overall findings with the Compensation Committee, including his review of the employees who report directly to him, and then recommends to the Compensation Committee equity and non-equity awards and annual compensation adjustments for all officers other than himself.

Review of Peer Group Practices

The Compensation Committee reviews and analyzes the executive compensation program to verify that it provides reasonable compensation at appropriate levels and remains competitive and effective. The Compensation Committee periodically engages Pearl Meyer to assist in this process by providing competitive market data and to update and advise the Compensation Committee on various executive compensation matters.

With respect to 2010 compensation decisions, the Compensation Committee continued to reference a competitive market study conducted by Mercer in 2007 (as described below), with the additional benefit of updated analyses and advice provided by Pearl Meyer during 2008, 2009 and 2010. To further assess its 2010 executive compensation decisions and to support its 2011 executive compensation actions, the Compensation Committee requested, received, and reviewed a fully updated peer group study from Pearl Meyer in the fourth quarter of 2010. Similar to the 2007 study, the 2010 study was useful in understanding pay competitiveness, pay and performance alignment, and the effectiveness of the Company's equity-based compensation programs. The following companies were selected as the peer group for the 2010 study:

MKS INSTRUMENTS (MKSI)	COGNEX CORP (CGNX)
MTS SYSTEMS CORP (MTSC)	COHU, INC. (COHU)
ROFIN SINAR TECHNOLOGIES (RSTI)	LTZ-CREDENCE CORP (LTXC)
RADYSIS CORP (RSYS)	ZYGO CORP (ZIGO)
MEASUREMENT SPECIALTIES, INC (MEAS)	KEITHLEY INSTRUMENT (KEI)
X-RITE, INC. (XRIT)	STRATASYS (SSYS)
MERCURY COMPUTER SYSTEMS (MRCY)	OYO GEOSACE (OYOG)
IPG PHOTONICS CORP (IPGP)	RUDOLPH TECHNOLOGIES (RTEC)
IXIA (XXIA)	NANOMETRICS (NANO)

These companies were selected based on a variety of criteria, with a focus on being reasonably comparable to FARO in terms of industry focus, global operational scope, revenue size, and market value. Many of these companies were also included in the 2007 study, which included the following peer companies:

MTS SYSTEMS CORP (MTSC)	OYO GEOSPACE CORP (OYOG)
GSI GROUP INC (GSIG)	STEC INC (STEC)
OHU INC (COHU)	CABOT MICROELECTRONICS CORP (CCMP)
COGNEX CORP (CGNX)	SILICON IMAGE INC (SIMG)
LTX CORP (LTXX)	MATTSON TECHNOLOGY INC (MTSN)
MEASUREMENT SPECIALTIES INC (MEAS)	INTEVAC INC (IVAC)
IXIA (XXIA)	PARK ELECTROCHEMICAL CORP (PKE)
ZYGO CORP (ZIGO)	BEL FUSE INC (BELFB)
KEITHLEY INSTR INC (KEI)	SEMITOOL INC (SMTL)
STRATASYS INC (SSYS)	DSP GROUP INC (DSPG)

When setting compensation levels, the Compensation Committee reviews and considers the competitive market information obtained from these studies, but does not benchmark compensation levels to any specific percentile derived from the peer group. Instead, the Compensation Committee uses the peer group data as one of many inputs in its deliberations, which also includes discussions of economic and industry conditions, current and anticipated company performance, individual executive performance and potential, and internal pay equity. In considering these and other factors, the Compensation Committee does not seek to specifically weight each factor but rather considers them in the aggregate and exercises judgment.

Executive Compensation Components

The primary components of compensation for the named executive officers in 2010 were base salary, short-term incentives in the form of annual bonus, and long-term equity incentives.

Base Salary

When setting base salaries, the Compensation Committee considers the Company's overall financial performance and outlook and each executive's experience, expertise, level of responsibility, seniority, leadership qualities, professional advancement, individual accomplishment, compensation levels of comparable positions within our peer group, and other significant contributions to the success of the Company. When setting the salaries for the executive officers other than the CEO, the Compensation Committee also considers the CEO's recommendations and the prior performance review conducted by the CEO. The Compensation Committee's consideration of these factors and determination of appropriate salary levels is largely subjective. The named executive officers did not receive salary increases in 2009 or 2010. Accordingly, for 2010, base salaries for the named executive officers were as follows:

Name	2010 Base Salary
Mr. Freeland	\$ 400,000
Mr. Bair	\$ 215,000
Mr. Morse	\$ 215,000
Mr. Arezone	\$ 150,000
Mr. Buss	\$ 296,394(1)

(1) Mr. Buss' base salary is paid in Euros. This amount represents the approximate dollar value of his base salary for 2010.

Short-Term Incentives

The Company's short-term incentive opportunities provide management employees, including executive officers, the opportunity for additional cash compensation based on achievement of Company financial performance goals, as well as achievement of other individual goals established at the beginning of the year by the Compensation Committee based on input from management. These metrics are designed to align the interests of the executives with the shareholders and require the Company and each individual executive to function well in order to achieve the target incentive amount. Mr. Arezone did not receive an award under the short-term incentive program based on performance goals; instead, Mr. Arezone receives commissions based on total sales in the Asia Pacific Region.

Annual short-term cash incentive opportunities are expressed as a percentage of each participant's base salary. Named executive officers (other than the CEO) are eligible to receive up to 40% of their base salaries, and the CEO is eligible to receive up to 50% of his base salary (or greater, in the Compensation Committee's discretion), as their respective target award opportunities. In determining annual awards, the Compensation Committee assigns equal weighting to criteria established under two components: Company financial performance, and the aggregate of the individual strategic and operational performance components. However, the Compensation Committee retains the discretion to adjust the annual incentives on a subjective basis to ensure an equitable result, and bonuses may be reduced up to 100% based on corporate profitability.

Company Financial Performance. The financial performance criteria established for the 2010 short-term incentive program were within our initial internal budget goals of 20% to 25% of annual revenue growth, gross margins in the range of 58% to 60% and certain goals related to sales. Each of these performance metrics are key indicators of the Company's financial performance. The Company met the sales, gross margin, and profitability targets in 2010. Accordingly, the named executive officers earned a bonus based on this component of the short-term incentive program. In April 2011, the Compensation Committee adopted a clawback policy with respect to the performance-based compensation awarded to the Company's executive officers. The clawback policy requires that, in the event of a restatement of the Company's financial statements that reduces the amount of performance-based compensation an executive officer would have received under the restated results, and if a court determines that an executive officer engaged in fraud or intentional illegal conduct that materially contributed to the need for the restatement, an independent committee of the Board must seek, subject to certain exceptions, to recover from that executive officer the after-tax difference between the performance-based compensation actually awarded to the officer and the amount the officer would have received under the restated financials.

Individual Strategic and Operational Performance. The Compensation Committee sets Mr. Freeland's individual strategic and operational criteria and, together with Mr. Freeland, the individual strategic and operational criteria for each of the other named executive officers on an annual basis. These criteria incorporate elements of individual performance and are intended to reflect the contributions made by the executive toward the Company's overall objectives for the year and the executive's individual responsibilities. These criteria are divided into three components: key performance indicators (50% weighting), individual performance objectives (25% weighting), and core qualitative values (25% weighting). As noted below under the heading *Long-Term Incentives*, in addition to serving as a component of the short-term incentive awards, achievement of individual strategic and operational performance goals is also considered in determining the number of equity awards issued in the following year and the vesting of certain of the Company's performance-based equity awards granted prior to 2010. Although Mr. Arezone did not receive an award under the short-term incentive program in 2010, the Compensation Committee still established key performance indicators for him, and he received an individual review.

In 2010, the following subjective criteria (each of which were weighted equally in 2010) were used for the core qualitative review for each executive officer:

Team orientation (support and contribution within and outside of executive's department)

Performance orientation (establishing and monitoring performance initiatives)

Learning orientation (improving job-related knowledge and skills)

Values orientation (demonstration of Company values)

Systems orientation (utilization of available processes and resources)

The other material performance components for each executive are summarized below. Each individual metric in the key performance group and strategic initiatives group is weighted the same within such category.

Mr. Freeland Key performance indicators included the financial performance of the Company against predetermined objectives (revenue growth, gross margin, earnings per share) and cash flow. Strategic initiatives included new product releases, global expansion, product quality, and development of the leadership team.

Mr. Bair Key performance indicators included the financial performance of the Company against predetermined objectives (revenue growth, gross margin, earnings per share) and cash flow. Strategic initiatives included enterprise software integration and upgrades, as well as improvement of business operations and processes.

Mr. Morse Key performance indicators included the financial performance of the Americas region against predetermined objectives (revenue growth, gross margin, operating margin, days sales outstanding, days sales in inventory). Strategic initiatives included establishing a permanent country presence in Brazil, as well as improvement of business operations and processes.

Mr. Arezone Key performance indicators included the financial performance of the Asian region against predetermined objectives (revenue growth, gross margin, operating margin, day s sales outstanding, sales per account manager). Strategic initiatives included expansion of service capability, as well as improvement of business operations and processes.

Mr. Buss Key performance indicators included the financial performance of the European region against predetermined objectives (revenue growth, gross margin, operating margin, day s sales outstanding, customer satisfaction). Strategic initiatives included new product releases, as well as improvement of business operations and processes.

In 2010, the named executive officers achieved between 69% and 92% of their strategic and operational objectives, which entitles them to a short-term incentive award. The Compensation Committee awarded short-term incentives to the named executive officers, other than Mr. Arezone, as follows:

Name	2010 Target Award	2010 Actual Award	Actual Award as % of Target
Mr. Freeland	\$ 200,000	\$ 174,000	87%
Mr. Bair	\$ 86,000	\$ 76,540	89%
Mr. Morse	\$ 86,000	\$ 79,120	92%
Mr. Buss	\$ 118,558	\$ 81,805	69%

Mr. Arezone achieved 89% of his strategic and operational objectives.

Long-Term Incentives

Our compensation program incorporates stock options and restricted stock units (RSUs) to attract, retain, engage and focus key employees for the long term and the realization of compensation objectives. We maintain two equity incentive plans the Amended and Restated 2004 Equity Incentive Plan (the 2004 Equity Plan) and the 2009 Equity Plan. Grants to executives of equity incentive compensation are determined by the Compensation Committee and are designed to align a portion of the executive compensation package with the long-term interests of the

Company's shareholders. As equity incentives have evolved, in 2005, the Company

changed the mix of these equity incentives from 100% stock options to a mix of options and RSUs for the named executive officers, other than Mr. Freeland. Stock options are intended to promote shareholder alignment and hold executives accountable for generating shareholder return because they gain value only if the Company's stock price increases. RSUs provide a share-efficient means for retaining top talent and promoting a long-term share owner perspective. Pearl Meyer has advised that an increasing migration from all stock options to a mix of options and RSUs is a market competitive practice within FARO's peer group. Consistent with the Company's entrepreneurial philosophy, the Compensation Committee and Mr. Freeland believe that it is important that all of Mr. Freeland's long-term incentive awards be at risk, so that his long-term goals are directly aligned with the interests of the shareholders. Accordingly, all of Mr. Freeland's long-term incentive awards are issued in the form of stock options.

Grant Guidelines. The Compensation Committee approves, upon management recommendation, the grant of stock options and RSUs to eligible employees in amounts appropriate for an individual's level of responsibility, ability to affect the achievement of overall corporate goals, individual performance, tenure, and potential. The Compensation Committee also reviews and considers all prior outstanding equity awards in order to assess the performance and retention incentive strength of these awards. In order to determine the number of shares subject to each award, the Compensation Committee first establishes a target long-term incentive award value for each executive by (i) setting a target percentage of each executive's base salary, and (ii) multiplying that amount by the executive's performance factor for the individual strategic and performance goals for the prior year under the short-term incentive program. The resulting dollar value is then converted into, in the case of Mr. Freeland, a number of stock options, and, in the case of the other named executive officers, a number of stock options and RSUs. The number of stock options granted is determined using the Black-Scholes valuation model. The number of RSUs granted is based on the stock price at the time of determination.

2010 Grants. Based in part upon the results of the peer group study, the Compensation Committee has established the following target long-term award amounts for the named executive officers, expressed as a percentage of base salary: Mr. Freeland 150%, Mr. Bair 75%, Mr. Morse 75%, Mr. Arezone 75%, and Mr. Buss 75%. As described above, the resulting dollar values were then multiplied by each executive's individual performance factor under the short-term annual incentive program for fiscal year 2009, resulting in the long-term award values described in the Summary Compensation Table and the Grants of Plan-Based Awards table below.

As discussed above, Mr. Freeland's long-term incentive award is granted in the form of stock options. The long-term awards for Messrs. Bair, Morse, Arezone and Buss are a combination of stock options and RSUs, in a ratio of 75% and 25%, respectively. The split between stock options and RSUs was based on the advice of Pearl Meyer.

The exercise price of all stock options is based on the closing price of the Company's stock on the date of grant. Options granted to executives vest in three equal annual installments, provided that the grantee is employed by the Company on the vesting date. Up to one-third of the RSUs issued prior to 2010 are eligible to vest on each of the first three anniversaries of the grant date, provided that the grantee is employed by the Company on the vesting date, with the number of RSUs that actually vest determined by the executive's individual performance factor under the Company's short-term incentive award program for the prior year (e.g., if 300 RSUs are eligible to vest in a given year, a performance factor of 50% would result in 150 RSUs vesting and converting to shares of Company common stock). The Compensation Committee may, however, at its discretion, reduce the amount of RSUs scheduled to vest based on its subjective assessment of the individuals' performance in that year.

In 2010, the named executive officers achieved between 69% and 92% of their strategic and operational objectives for such year. Accordingly, between 69% and 92% of the RSUs granted in 2008 and 2009 eligible to vest in 2011 actually vested and converted to shares. The Compensation Committee did not exercise its discretion to reduce the amount of RSUs scheduled to vest.

In 2010, the Compensation Committee changed the vesting terms of new RSUs to a straight one-third annual vesting from an annual one-third vesting multiplied by the performance metric. Accordingly, one-third of

the RSUs granted in 2010 were eligible to vest in 2011, as long as the grantee remained employed on the vesting date. The Compensation Committee believes that this vesting method is a more appropriate balance between performance-based incentives and retention-based incentives.

Grant Policy. Beginning in 2008, the Compensation Committee established a policy to (i) grant stock options and other equity incentives for current employees annually on the second business day following the release of the Company's fourth quarter earnings for the preceding year, which usually occurs in late February or early March of each year, and (ii) grant stock options and other equity incentives for newly hired individuals on the date of hire. The annual grant of stock options and other equity incentive awards is made without regard to the timing of the release of any other material information that may not be contained in the annual earnings release, as well as without regard to whether possible positive or negative information is contained in the annual earnings release.

Employment Agreements and Change-of-Control Severance Policy

The Company has entered into employment agreements with Messrs. Freeland and Bair that provide for severance and change of control benefits. As described in greater detail in the Potential Payments Upon Termination or Change-in-Control section of this Proxy Statement, pursuant to the employment agreements, each of Messrs. Freeland and Bair are entitled to a lump sum cash payment upon the occurrence of a change in control, and severance benefits in the event of the executive's termination without cause or resignation for good reason. Severance protection plays an important role in attracting, motivating and retaining highly talented executives. In addition, the change-in-control benefits are intended to retain the executives during a time of an actual or threatened change in control and ensure that the executives are able to devote their entire attention to maximizing shareholder value and safeguarding employee interests. In November 2008, the Company amended the employment agreements to provide that if the surviving entity in a change of control transaction requests Mr. Freeland and/or Mr. Bair to remain employed by the surviving entity on substantially the same terms, the change of control payment will be made on the first anniversary of such change of control, provided that the executive remains employed by the surviving entity during that year (or, if the surviving company requests continuing employment of less than a year, the payment will be made at the end of such period). This amendment provides an additional retention element to the change-in-control benefits provided under the employment agreements.

In order to promote consistency within the Company's change in control arrangements, on April 2, 2009, the Compensation Committee approved an amendment to each of the employment agreements so that the change in control definition provided therein parallels the definition provided in the Change in Control Severance Policy described below. This amendment requires the consummation of a qualifying merger or similar transaction, rather than shareholder approval of the transaction, in order to constitute a Change in Control, and excludes from the definition of Change in Control any sales of substantially all of the Company's assets to an entity in which the Company's shareholders hold at least 50% of the voting securities, rather than 75%, as originally provided in the employment agreements.

Messrs. Morse, Arezone, and Buss are covered by the Company's Change in Control Severance Policy, which entitles certain employees to severance benefits in the event their employment with the Company is terminated without cause or for good reason within twelve months following a change in control. The Compensation Committee believes that this "double trigger" provides appropriate protections to officer-level employees and encourages retention in situations that may result in the loss of their jobs. The Change in Control Severance Policy also provides executive officers covered by the policy as of April 9, 2010 (including Messrs. Morse and Buss) with a modified excise tax gross-up for any excise taxes imposed under Section 4999 of the Code. For more information on Messrs. Freeland's and Bair's employment agreements and the Change in Control Severance Policy, see Potential Payments Upon Termination or Change-in-Control beginning on page 40 of this Proxy Statement.

It is the Compensation Committee's intention that it will provide change-in-control protection to newly-hired executives in the form of (i) acceleration of vesting outstanding equity awards, and (ii) severance benefits

under the Change in Control Severance Policy. The existing Change-in-Control features of Messrs. Freeland's and Bair's employment agreements similar to the Change-In-Control Payment will not be offered to any such newly-hired executives. The Compensation Committee recognizes, however, that in the context of a change-in-control transaction, certain payments, such as retention bonuses, may be advisable. Accordingly, the Compensation Committee retains the discretion to enter into such arrangements in the event of an actual change-in-control transaction. In addition, the Compensation Committee has determined that it will no longer provide tax reimbursements or gross-ups to executive officers (acknowledging that the tax-gross-up provided in the Change-In-Control severance policy remains applicable for participants covered by such policy as of the date of the amendment). **Accordingly, in early 2010, the Compensation Committee adopted an amendment to the Change in Control Severance Policy removing the excise tax gross-up for future participants not covered by such policy as of the date of the amendment.**

Stock Ownership Guidelines

In February 2008, the Compensation Committee adopted stock ownership guidelines to directly align the interests of executive officers with the interests of the shareholders. Under these guidelines, as amended by the Compensation Committee in 2011, the CEO is required to own stock having a value equal to six times his annual base salary and the other named executive officers are required to own stock having a value equal to two times their annual base salary. The ownership requirement may be satisfied through holdings of equity awards granted by the Company, the values of which are calculated based on the grant date value of the equity awards, and/or shares of common stock purchased by the executive independently, the values of which are calculated based on the closing price of the Company's common stock on the purchase date. The minimum ownership requirements must be achieved within five years or the executive will be precluded from subsequent sales and transfer of shares and options awarded to the executive under the Company's equity incentive plans. As of December 31, 2010, Messrs. Freeland, Bair, Buss and Morse have satisfied the minimum stock ownership guidelines; the remaining executive officers have not yet accumulated enough shares to satisfy the minimum stock ownership guidelines.

Executive Benefits and Perquisites

The Company provides no perquisites and limits the other personal benefits provided to its named executive officers. The Company does not provide pension arrangements, post-retirement health coverage, or similar benefits for its executives.

The named executive officers participate in the Company's Vice President and Above Life Insurance Plan and Executive Long-Term and Short-term Disability Plans. Under the Officer Life Insurance Plan, the Company pays all required premiums for life insurance on executive officers, which includes the named executive officers, until the executive officer reaches age 65. The named executive officers will also have a benefit of three (3) times their annual salary up to a maximum benefit of \$750,000. After age 65, benefits are reduced as follows:

35% reduction after the age of 65; and

An additional 25% of the original amount at the age of 70; and

An additional 15% of the original amount at the age of 75; and

Termination of the benefits after the age of 75.

The Company's Long-Term Disability Plan is intended to replace a reasonable amount of an executive officer's income upon disability. The plan provides a total benefit in the event of a qualifying disability of up to 60% of pre disability income with a maximum benefit of \$15,000 per month paid up until the age of 65 or longer (depending on when the participant becomes disabled).

The named executive officers participate in various health and welfare programs generally available to all employees. Historically, all employees, including named executive officers, who participated in the Company's

401(k) plan were eligible to receive a 50% match on each dollar of compensation deferred, up to a maximum of 6% of their compensation, not to exceed the maximum allowed by the IRS of \$15,500. The Company suspended the matching contribution under the 401(k) plan for all employees in 2009.

Corporate Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Company's CEO and the four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Compensation Committee considers tax deductibility when making executive compensation decisions, but reserves the right to award compensation that is not fully tax deductible when viewed as necessary to accomplish other compensation program objectives. For 2010, all compensation for the Company's named executive officers was deductible by the Company for federal income tax purposes, as none of these individuals earned in excess of \$1,000,000 in that year.

Compensation Committee Report

The Compensation Committee has the overall responsibility of evaluating the performance and determining the compensation of the Chief Executive Officer and approving the compensation structure for the Company's other executive officers. In fulfilling its responsibilities, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2010 Annual Meeting of Shareholders for filing with the SEC.

- (1) Salary adjustments, if any, are applied each year in February. Accordingly, the amounts in this column, which represent actual amounts earned in the applicable fiscal year, may differ from the base salary amounts discussed in the Compensation Discussion and Analysis. In addition, the base salaries for 2009 reflect a mandatory unpaid, two-week furlough instituted for all employees during 2009. Mr. Buss is paid in Euros; the amount reflected in this column represents the approximate dollar value of the salary he earned in 2010.
- (2) Reflects the grant date fair value of stock and option awards granted in the applicable year, determined in accordance with FASB ASC Topic 718. The assumptions used in the calculation of the grant date fair values of the option awards are included in Note 14 (Stock Compensation Plans) to our audited financial statements for the fiscal year ended December 31, 2010, included in our Form 10-K filed with the SEC on February 25, 2011. The grant date fair value of the performance-based restricted stock units was determined by reference to the market price of the underlying shares on the grant date, and the value included in the table assumes that the target level of performance was achieved. The terms of the restricted stock units do not provide threshold or maximum opportunities.
- (3) The amounts shown in this column reflect the named executive officer's annual short-term incentive awards, as described in the Compensation Discussion and Analysis.
- (4) Includes for 2010:

	Short-Term Disability Premiums (\$)	Long-Term Disability Premiums (\$)	Life Insurance Premiums (\$)	Housing and Other Allowances	Total (\$)
Mr. Freeland	536	650	930		2,116
Mr. Bair	536	466	800		1,802
Mr. Morse	536	466	800		1,802

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

Mr. Arezone	536	325	558	327,509(a)	328,928
Mr. Buss			2,772	4,483(b)	7,255

(a) Includes commissions of \$248,859 and \$78,650 of housing and other allowances related to Mr. Arezone's expatriate package as Managing Director of the Asia Pacific Region, which requires him to reside in Singapore.

(b) Reflects a car allowance provided to Mr. Buss.

(5) Reflects a discretionary bonus granted by the Board in recognition of the successful release of the FARO Focus^{3D}.

Grants of Plan-Based Awards in Fiscal Year 2010

The following table summarizes grants of plan-based awards made to each of the named executive officers during 2010:

(1) Reflects potential target payout opportunities under the Company's short-term incentive award program. The short-term incentive award program does not provide threshold or maximum opportunities. Additional information about the Company's short-term incentive award program is included in the Compensation Discussion and Analysis.

(2) Reflects target payouts for performance-based restricted stock units granted under the 2009 Equity Plan. The terms of the restricted stock units do not provide threshold or maximum opportunities. Additional information about the performance-based restricted stock units is included in the Compensation Discussion and Analysis.

(3) Reflects stock options granted under the 2009 Equity Plan, as described in the Compensation Discussion and Analysis.

(4) Determined pursuant to FASB ASC Topic 718. The assumptions used in the calculation of the grant date fair values of the option awards are included in Note 14 (Stock Compensation Plans) to our audited financial statements for the fiscal year ended December 31, 2010, included in our Form 10-K filed with the SEC on February 25, 2011. The grant date fair value of the performance-based restricted stock

units was determined by reference to the market price of the underlying shares on the grant date, and the value included in the table assumes that the target level of performance was achieved.

- (1) Based on the closing price of the Company's stock of \$32.84 on December 31, 2010, as reported on the NASDAQ Global Exchange.
- (2) The stock options vest in three equal annual installments beginning March 12, 2009.
- (3) The stock options vest in three equal annual installments beginning March 4, 2010.
- (4) The stock options vest in three equal annual installments beginning March 1, 2011.
- (5) Up to one-third of the RSUs were eligible to vest on each of March 12, 2009 and March 12, 2010. The remaining one-third of the RSUs are eligible to vest on March 12, 2011, provided that the grantee is employed by the Company on the vesting date, with the number of RSUs that actually vest determined by the executive's individual performance factor under the Company's short-term incentive award program for the prior year.
- (6) Up to one-third of the RSUs were eligible to vest on March 4, 2010. The remaining one-third of the RSUs are eligible to vest on each of March 4, 2011 and March 4, 2012, provided that the grantee is employed by the Company on the vesting date, with the number of RSUs that actually vest determined by the executive's individual performance factor under the Company's short-term incentive award program for the prior year.
- (7) Up to one-third of the RSUs are eligible to vest on each of March 1, 2011, March 1, 2012, and March 1, 2013, provided that the grantee is employed by the Company on the vesting date. For more information regarding the 2010 RSU grants, please see the Compensation Discussion and Analysis.

Option Exercises and Stock Vested in Fiscal Year 2010

This table summarizes amounts received upon vesting of RSUs for the named executive officers during the year ended December 31, 2010, and the value realized upon exercise of stock options by Mr. Morse during 2010.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)(1)	Value Realized on Vesting (\$)(1)
Mr. Freeland				
Mr. Bair			2,722	67,007
Mr. Morse	6,872	86,144	736	18,278
Mr. Arezone				
Mr. Buss			888	22,081

- (1) Reflects RSUs granted in 2007, 2008 and 2009 that vested in 2010 based on the executive's individual performance factor under the Company's short-term incentive award program for 2010. Value realized represents the fair market value of the underlying shares on the 2010 vesting dates multiplied by the number of shares vested. Upon the vesting of the RSUs, 720 shares were withheld from Mr. Bair's vested RSUs for taxes and 239 shares were withheld from Mr. Morse's vested RSUs for taxes.

Potential Payments Upon Termination or Change-in-Control

Employment Agreements with Messrs. Freeland and Bair. The Company entered into amended and restated employment agreements with each of Messrs. Freeland and Bair on November 7, 2008. Pursuant to these employment agreements, in the event that the executive's employment with the company is terminated by the company without cause or by him for good reason, the executive shall receive:

a lump sum payment of all earned but unpaid compensation through the date of such termination;

severance in an amount equal to his base salary plus the average of the annual cash bonus earned by the executive during the last three completed fiscal years of the Company, payable in installments for one year following such termination in accordance with the Company's standard payroll practices;

accelerated vesting of all of the executive's equity awards; and

continued coverage under the Company's employee welfare benefit plans for up to twelve months following such termination. As defined in these employment agreements, "cause" means (i) an act of fraud or embezzlement against the Company or acceptance of a bribe or kickback, (ii) the conviction or a plea of no contest of a felony or of a crime involving fraud, dishonesty, violence or moral turpitude, (iii) willful and continued refusal to substantially perform assigned duties (other than any refusal resulting from incapacity due to physical or mental illness or disability), or (iv) willful engagement in gross misconduct materially and demonstrably injurious to the Company. "Good Reason" means (i) a material breach by the Company of its obligations under the employment agreement, which breach is not cured within ten days after written notice, (ii) a reduction in the executive's base annual salary, (iii) a material reduction in benefits (except consistent with a general reduction of such benefits to executives of the Company as a whole), (iv) an ongoing material and substantial diminution in the executive's duties not consistent with that of an executive with his position and duties, or (v) relocation of the executive's principal office to a location more than 25 miles from the Company's headquarters.

The employment agreements also provide that, upon a change of control of the Company, the executive will be entitled to:

accelerated vesting of his outstanding unvested equity awards; and

a lump sum payment equal to (i) in the case of Mr. Freeland, 2.99 times his base salary, and (ii) in the case of Mr. Bair, one times his base salary, plus the average of the annual cash bonuses that he earned during the last three completed fiscal years of the Company, plus, if he has not received an annual cash bonus for the fiscal year in which the change in control occurs, a cash payment equal to a prorated portion of the average annual cash bonus earned by him during the last three completed fiscal years of the Company.

Under the terms of the employment agreements, if the surviving entity in a change in control transaction requests Mr. Freeland and/or Mr. Bair to remain employed by the surviving entity on substantially the same terms, the change of control payment will be made on the first anniversary of such change of control, provided that he remains employed by the surviving entity during that year (or, if the surviving company requests continuing employment of less than a year, the payment will be made at the end of such period).

Messrs. Morse, Arezone and Buss. As of December 31, 2010, Messrs. Morse, Arezone and Buss were covered by the Change in Control Severance Policy adopted by the Company on November 7, 2008. Pursuant to the terms of this policy, if, within twelve months following the occurrence of a change in control, the executive's employment with the Company is terminated without cause or the executive resigns for good reason, he is entitled to receive:

a lump sum cash payment equal to the sum of (i) the executive's highest annual rate of base salary during the twelve month period immediately prior to his date of termination, plus (ii) the average of the annual cash bonus earned by the executive during the last three completed fiscal years of the Company;

if the executive has not received an annual cash bonus for the fiscal year in which his employment is terminated, a cash payment equal to a prorated portion of the average annual cash bonus earned by him during the last three completed fiscal years of the Company; and

continuation of group medical and life insurance coverage for the executive (and his eligible dependents) for 12 months following the date of termination; and

a gross-up payment to cover any excise taxes imposed under Section 280G of the Internal Revenue Code provided that the executive's change-of-control payments exceed the excise tax threshold amount of by more than 10%. Otherwise, such payments would be reduced below the threshold.

The tax gross-up payment only applies to those executive officers (including Messrs. Morse and Buss but not Mr. Arezone) who were covered by the Change in Control Severance Policy as of April 9, 2010, the date on which the Compensation Committee amended the policy to remove the excise tax gross-up for future participants. As defined in the policy, "cause" means (i) the failure to perform substantially his duties (excluding any such failure resulting from the participant's disability), (ii) engagement in illegal conduct or gross misconduct that is materially injurious to the Company, (iii) engagement in conduct or misconduct that materially harms the reputation or financial position of the Company, (iv) obstruction of, or failure to materially cooperate with, an investigation (as defined in the policy), (v) conviction of, or plea of nolo contendere to, a felony or of a crime involving fraud, dishonesty, violence or moral turpitude, (vi) being found liable in any SEC or other civil or criminal securities law action, (vii) commission of an act of fraud or embezzlement against the Company, or (viii) accepting a bribe or kickback. "Good Reason" means (i) an ongoing material diminution in the participant's duties or responsibilities that is inconsistent in any material and adverse respect with the participant's position, duties, or responsibilities with the Company immediately prior to the change in control, excluding a change in duties or responsibilities as a result of the Company no longer being a publicly traded entity; (ii) a reduction in the participant's annual base salary as in effect immediately prior to such change in control; (iii) a material reduction in the participant's cash bonus opportunities in the aggregate under the Company's applicable incentive plan, as in effect from immediately prior to such change in control; (iv) relocation of more than fifty (50) miles from the office where the participant is located at the time of the change in control; (v) a material reduction in the benefits (including retirement, Company-paid insurance, sick leave, expense reimbursement and vacation time) in which the participant participated immediately prior to such change in control; or (vi) the failure of an acquiring company to assume the obligations under the policy.

Payments in Connection with a Termination of Employment. The table below presents estimates of the amounts of compensation that would be payable to the named executive officers upon their termination of employment without cause or resignation for good reason, or upon their death or disability, as of the end of December 31, 2010. The amounts in the table exclude distributions under our 401(k) retirement plan that is generally available to all salaried employees.

Risk Assessment of Overall Compensation Program

The Compensation Committee has reviewed with management the design and operation of our incentive compensation arrangements for all employees, including executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. Management compiled an inventory of all incentive compensation arrangements applicable to the Company's employees at all levels, which plans and arrangements were reviewed for the purpose of identifying any aspects of such programs that might encourage behaviors that could exacerbate business risks. In conducting this assessment, the Compensation Committee considered, among other things, the performance objectives used in connection with these incentive awards and the features of the Company's compensation program that are designed to mitigate compensation-related risk. The Compensation Committee concluded that any risks arising from the Company's compensation plans, policies and practices are not reasonably likely to have a material adverse effect on the Company.

Equity Compensation Plan Information

The following table provides information as of December 31, 2010 regarding equity compensation plans under which the Company's common stock is authorized for issuance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Our Board of Directors has adopted a Statement of Policy and Procedures with respect to Related Person Transactions, which sets forth in writing the policies and procedures for the review, approval or ratification of any transaction (or any series of similar transactions) in which the Company, including any of its subsidiaries, were, are or will be a participant, in which the amount involved exceeds \$10,000, and in which any related person had, has or will have a direct or indirect material interest. For purposes of the policy, a related person is:

Any person who is, or at any time since the beginning of our last fiscal year was, our executive officer or director or a nominee to become one of our directors;

Any stockholder beneficially owning in excess of 5% of our outstanding common stock;

Any immediate family member of any of the foregoing persons; or

Any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in which such person has a 10% or greater beneficial ownership interest.

Other than a transaction involving compensation, including the grant of equity awards, that is approved by our Board of Directors or Compensation Committee, we will only consummate or continue a related person transaction if it has been approved or ratified by our Audit Committee in accordance with the guidelines set forth in the policy.

Our Board of Directors has charged the Audit Committee with reviewing and approving related person transactions. Prior to the approval of, entry into, or amendment to a related person transaction, our Audit Committee reviews the proposed transaction and considers all relevant facts and circumstances, including:

The benefits to the Company from the transaction;

The impact on the independence of the members of the Board of Directors, if applicable;

The availability of unrelated parties to perform similar work for a similar price in a similar timeframe;

The terms of the proposed transaction; and

The terms available to unrelated third parties or employees generally.

The Audit Committee approves only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and our shareholders. The Audit Committee may approve a proposed related person transaction if it finds that it has been fully apprised of all significant conflicts that may exist or otherwise may arise on account of the transaction, and it nonetheless believes that we are warranted in entering into the related person transaction, and the Audit Committee has developed an appropriate plan to manage the potential conflicts of interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934 requires our officers, directors and persons who beneficially own more than ten percent of our common stock to file reports of their security ownership and changes in such ownership with the SEC. Officers, directors and ten percent beneficial owners also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the 16(a) forms furnished to us in 2010 and certifications from our executive officers and directors that no other reports were required for such persons, we believe that all of our directors and executive officers complied with the Section 16(a) filing requirements during the year ended December 31, 2010.

DELIVERY OF PROXY MATERIALS TO HOUSEHOLDS

As permitted by SEC rules, multiple shareholders sharing the same address who hold their stock through a bank, broker, or other holder of record may receive a single copy of the Company's annual report to shareholders and this Proxy Statement. Upon written or oral request, the Company will promptly deliver a separate copy of the annual report to shareholders and this Proxy Statement to any shareholder at a shared address to which a single copy of each document was delivered. Shareholders may notify the Company of their requests by calling the Company at (407) 333-9911 or by sending a written request addressed to FARO Technologies, Inc., Attention: Secretary, 250 Technology Park, Lake Mary, Florida, 32746. In addition, any shareholder who wants to receive separate copies of the proxy statement or the annual report to shareholders in the future, or who is currently receiving multiple copies and would like to receive only one copy for his or her household, should contact his or her bank, broker, or other nominee record holder.

DEADLINE FOR RECEIPT OF 2012 SHAREHOLDER PROPOSALS

If a shareholder wants to have a proposal formally considered at the 2012 Annual Meeting of Shareholders and included in the Company's proxy statement for that meeting pursuant to SEC Rule 14a-8, the Company must receive the proposal in writing on or before December 17, 2011 and the proposal must comply with SEC rules; provided, however, that if the date of the Company's 2012 Annual Meeting of Shareholders is more than 30 days before or after May 12, 2012 (the anniversary date of the 2011 Annual Meeting of Shareholders), the deadline will be a reasonable time before the Company begins to print and send its proxy materials to shareholders.

In addition, if a shareholder wants to make a proposal for consideration at the 2012 Annual Meeting of Shareholders other than pursuant to SEC Rule 14a-8, the shareholder must comply with the advance notice provisions and other requirements set forth in the Company's Bylaws. Under the Company's Bylaws, the Company must receive the proposal not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of shareholders; provided, however, that the date of the annual meeting is advanced more than 30 days before or delayed more than 60 days after such anniversary date, notice by the shareholder must be received not more than 120 days prior to such annual meeting and not less than the later of 90 days prior to such annual meeting or ten days following the day on which public announcement of the date of the annual meeting is first made. Assuming that the 2012 Annual Meeting of Shareholders is held on May 10, 2012, the Company must receive the proposal, which must conform to the notice requirements set forth in the Company's bylaws, between January 13, 2012 and February 12, 2012.

If the Company does not receive a shareholder proposal by the appropriate deadline and in compliance with applicable requirements, then such proposal may not be brought before the 2012 Annual Meeting of Shareholders.

2010 ANNUAL REPORT

On February 25, 2011, the Company filed with the SEC our Annual Report on Form 10-K for the year ended December 31, 2010. Copies of our 2010 Annual Report on Form 10-K may be obtained without charge by writing to: FARO Technologies, Inc., Attention: Investor Relations, 250 Technology Park, Lake Mary, Florida 32746; by accessing our website at www.faro.com and first clicking Investors and then Corporate Governance; or by accessing the SEC's EDGAR database at www.sec.gov.
