Our manufactured metal products include: pressure cylinders for liquefied petroleum gas (LPG), compressed natural gas (CNG), oxygen, refrigerant and other industrial gas storage; hand torches and filled hand torch cylinders; propane-filled camping cylinders; helium-filled balloon kits; steel and fiberglass tanks and processing equipment primarily for the oil and gas industry; cryogenic pressure vessels for liquefied natural gas (LNG) and other gas storage applications; engineered cabs and operator stations and cab components; and, through our joint ventures, suspension grid systems for concealed and lay-in panel ceilings; laser welded blanks; light gauge steel framing for commercial and residential construction; and current and past model automotive service stampings.

As of May 31, 2017, we, together with our unconsolidated affiliates, operated 80 manufacturing facilities in 24 states and 11 countries. Thirty of these facilities are operated by our wholly-owned and consolidated subsidiaries. The remaining facilities are operated by our consolidated and unconsolidated joint ventures.

Our operations are managed principally on a products and services basis and are comprised of three primary operating segments which correspond with our reportable business segments: (1) Steel Processing; (2) Pressure Cylinders; and (3) Engineered Cabs. Our Worthington Energy Innovations operating segment, which does not meet the quantitative thresholds for separate disclosure, as well as other corporate-related entities are combined and disclosed in the Other category, which also includes certain income and expense items not allocated to our operating segments. We also hold equity positions in 11 joint ventures.

Our Steel Processing operating segment consists of the Worthington Steel business unit which operates eight manufacturing facilities (seven of which we own); and three consolidated joint ventures: Spartan Steel Coating, LLC, which owns and operates one cold-rolled, hot-dipped galvanizing line in Monroe, Michigan; TWB Company, L.L.C., which operates nine laser welded blank facilities (one of which we own) and is headquartered in Monroe, Michigan; and Worthington Specialty Processing, which processes wide-sheet steel for the auto industry and owns and operates three steel processing facilities in Michigan. Worthington Steel is one of the largest independent intermediate processors of flat-rolled steel in the United States. Our Steel Processing operating segment serves approximately 800 customers, principally in the automotive, aerospace, agricultural, appliance, construction, container, hardware, HVAC, lawn and garden, leisure and recreation, office furniture and office equipment markets.

Our Pressure Cylinders operating segment, which operates 20 manufacturing facilities (18 of which we own), consists of the Worthington Cylinders business unit; and one consolidated joint venture: Turkey-based Worthington Artaş Basınçlı Kaplar Sanayi, a manufacturer of cryogenic pressure vessels for LNG and other gas storage applications. Our Pressure Cylinders operating segment manufactures and sells filled and unfilled pressure cylinders, tanks, hand torches and oil and gas equipment along with various accessories and related products for diversified end-use market applications. Our Pressure Cylinders operating segment serves four market sectors: (1) Industrial Products; (2) Consumer Products; (3) Alternative Fuels; and (4) Oil & Gas Equipment. While a large percentage of Pressure Cylinders sales are made to major accounts, this operating segment served approximately 4,100 customers in the fiscal year ended May 31, 2017. With the acquisition of AMTROL (see Recent Developments below), the Pressure Cylinders operating segment serves approximately 4,700 customers.

Our Engineered Cabs operating segment consists of the Worthington Industries Engineered Cabs business unit (Engineered Cabs), which owns and operates two manufacturing facilities. Engineered Cabs is a non-captive designer and manufacturer of high-quality, custom-engineered open and enclosed cabs and operator stations and custom fabrications for heavy mobile equipment used primarily in the agricultural, construction, forestry, military and mining

industries. Effective June 1, 2017, Worthington Steelpac Systems, LLC, which designs and manufactures recyclable steel packaging solutions for the movement of products and operates one manufacturing facility, was realigned under the Engineering Cabs operating segment, moving from the Steel Processing operating segment.

The prospectus supplement will also describe any material U.S. federal income tax consequences or other special considerations applicable to the series of Debt Securities to which such prospectus supplement relates, including those applicable to (1) Debt Securities with respect to which payments of principal, premium or interest are determined with reference to an index or formula (including changes in prices of particular securities, currencies or commodities), (2) Debt Securities with respect to which principal, premium or interest is payable in a foreign or composite currency, (3) Debt Securities that are issued at a discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates and (4) variable rate Debt Securities that are exchangeable for fixed rate Debt Securities.

Payments of interest on Debt Securities may be made (1) at the office of the Trustee at which its corporate trust business is principally administered in the United States or at the office of the Trustee or the Trustee's agent in New York City at which its corporate agency business is conducted (each, a corporate office of the Trustee); (2) at the option of the Company, by check mailed to the registered holders thereof; or (3) if so provided in the applicable prospectus supplement, at the option of a holder by wire transfer to an account designated by such holder.

Unless otherwise provided in the applicable prospectus supplement, Debt Securities may be transferred or exchanged at a corporate office of the Trustee, subject to the limitations provided in the Indenture, without the payment of any service charge, other than any tax or governmental charge payable in connection therewith.

Registered Global Securities

The Debt Securities of a series may be issued in whole or in part in the form of one or more fully registered global securities (a Global Security) that will be deposited with The Depository Trust Company in New York, New York, or a nominee for a depository identified in the prospectus supplement relating to such series (the Depository). In such case, one or more Global Securities will be issued in a denomination or aggregate denomination equal to the portion of the aggregate principal amount of outstanding registered Debt Securities of the series to be represented by such Global Security or Securities. Unless and until it is exchanged in whole or in part for Debt Securities in definitive registered form, a Global Security may not be registered for transfer or exchange except (1) by the Depository to a nominee of such Depository, (2) by a nominee of such Depository to such Depository or another nominee of such Depository, (3) by such Depository or any such nominee to a successor of such Depository or a nominee of such successor or (4) in any other circumstance described in an applicable prospectus supplement.

The specific terms of the depository arrangement with respect to any portion of a series of Debt Securities to be represented by a Global Security will be described in the prospectus supplement relating to such series. The Company anticipates that the following provisions will apply to all depository arrangements.

Upon the issuance of a Global Security, the Depository for such Global Security will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Global Security to the accounts of persons that have accounts with such Depository (participants). The accounts to be credited will be designated by any underwriters or agents participating in the distribution of such Debt Securities. Ownership of beneficial interests in a Global Security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository for such Global Security (with respect to interests of participants) or by participants or persons that hold interests through participants (with respect to interests of persons other than participants). So long as the Depository for a Global Security, or its nominee, is the registered owner of such Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Global Security will not (1) be entitled to have the Debt

Securities represented by such Global Security registered in their names, (2) receive or be entitled to receive physical delivery of such Debt Securities in definitive form and (3) be considered the owners or holders thereof under the Indenture.

Table of Contents

Principal, premium, if any, and interest payments on Debt Securities represented by a Global Security registered in the name of a Depository or its nominee will be made to such Depository or its nominee, as the case may be, as the registered owner of such Global Security. None of the Company, the Trustee, any registrar, any paying agent or any agent of the Company or the Trustee will have any responsibility or liability for (1) any aspect of the records relating to or payments made on account of beneficial ownership interests in such Global Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, (2) the payments to the beneficial owners of such Global Security of amounts paid to such Depository or its nominee or (3) any other matter relating to the actions and practices of such Depository, its nominees or any of its direct or indirect participants.

The Company expects that the Depository for any Debt Securities represented by a Global Security, upon receipt of any payment of principal, premium or interest, will credit, in accordance with the Depository's policies, participants accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of such Depository. The Company also expects that payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in street names and will be the responsibility of such participants.

If the Depository for any Debt Securities represented by a Global Security is at any time unwilling, unable, ineligible or unqualified under applicable law to continue as Depository and a successor Depository is not appointed by the Company within 90 days, the Company will issue such Debt Securities in definitive form in exchange for such Global Security. In addition, the Company may at any time and in its sole discretion determine not to have any of the Debt Securities of a series represented by one or more Global Securities and, in such event, will issue Debt Securities of such series in definitive form in exchange for all of the Global Security or Securities representing such Debt Securities. In the event that the Company issues Debt Securities in definitive form in exchange for such Global Securities, ownership of beneficial interests in such Debt Securities will be shown on, and the transfer of that ownership will be effected only through, records maintained by (or on behalf of) the Company for such Debt Securities.

Certain Covenants

The Indenture contains certain covenants of the Company, including the following:

the Company will punctually pay or cause to be paid the principal of, and any premium and interest on, the Debt Securities, at the places and times and in the manner provided in the Indenture and in the Debt Securities;

the Company will maintain an office or agency where the Debt Securities may be presented or surrendered for payment, transfer or exchange and where notices and demands to or upon the Company in respect of the Debt Securities and the Indenture may be served;

the Company will deliver to the Trustee, on or before a date not more than four months after the end of each fiscal year of the Company, an Officers' Certificate stating, as to each officer signing such certificate (1) that in the course of his performance of his duties as an officer of the Company he would normally have knowledge of any Default, (2) whether or not to the best of his knowledge the Company was in compliance

with all conditions and covenants under the Indenture during such year and (3) if to the best of his knowledge the Company is in Default, specifying all such Defaults and what action the Company is taking or proposes to take with respect thereto;

the Company will, upon request of the Trustee, execute and deliver such further instruments and do such further acts as may reasonably be necessary or proper to carry out more effectually the purposes of the Indenture;

the Company will do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights (charter and statutory) and franchises; provided, however, that the Company will not be required to preserve any such right or franchise if it determines that the preservation thereof is no longer desirable in the conduct of its business and the loss thereof is not materially disadvantageous to the holders of the Debt Securities; and

the Company will cause all properties used or useful in the conduct of the business of the Company or its subsidiaries to be maintained and kept in good condition, repair and working order and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of the Company may be necessary so that the business carried on by the Company and its subsidiaries may be properly and advantageously conducted at all times; provided, however, that the Company and its subsidiaries will not be prevented from discontinuing the operation or maintenance of any of such properties if such discontinuance is, in the judgment of the Company, not materially detrimental to the conduct of the business of the Company and its subsidiaries, taken as a whole, and not materially disadvantageous to the holders of the Debt Securities.

Any restrictive covenants of the Company applicable to any series of Debt Securities will be described in the applicable prospectus supplement or other offering material.

Events of Default and Remedies

The following events are defined in the Indenture as Events of Default with respect to a series of Debt Securities:

default in the payment of any installment of interest on any Debt Securities of that series as and when the same become due and payable and continuance of such default for a period of 30 days;

default in the payment of principal or premium with respect to any Debt Securities of that series as and when the same become due and payable, whether at maturity, upon redemption, by declaration, upon required repurchase or otherwise;

default in the payment of any sinking fund payment with respect to any Debt Securities of that series as and when the same become due and payable;

failure on the part of the Company to comply with the provisions of the Indenture relating to consolidations, mergers and sales of assets;

failure on the part of the Company duly to observe or perform any other of the covenants or agreements on the part of the Company in the Debt Securities of that series, in any resolution of the Board of Directors of the Company authorizing the issuance of that series of Debt Securities, in the Indenture with respect to such series or in any supplemental indenture with respect to such series (other than a covenant a default in the performance of which is otherwise specifically dealt with) continuing for a period of 60 days after the date on which written notice specifying such failure and requiring the Company to remedy the same has been

given, by registered or certified mail, to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the Debt Securities of that series at the time outstanding;

indebtedness of the Company or any Restricted Subsidiary of the Company is not paid within any applicable grace period after final maturity or is accelerated by the holders thereof because of a default, the total amount of such indebtedness unpaid or accelerated exceeds \$20 million or the United States dollar equivalent thereof at the time and such default remains uncured or such acceleration is not rescinded for 10 days after the date on which written notice specifying such failure and requiring the Company to remedy the same has been given, by registered or certified mail, to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the Debt Securities of that series at the time outstanding;

the Company or any of its Restricted Subsidiaries (1) voluntarily commences any proceeding or files any petition seeking relief under the United States Bankruptcy Code or other federal or state bankruptcy, insolvency or similar law, (2) consents to the institution of, or fails to controvert within the time and in the manner prescribed by law, any such proceeding or the filing of any such petition, (3) applies for or consents to the appointment of a receiver, trustee, custodian, sequestrator or similar official for the Company or any such Restricted Subsidiary or for a substantial part of its property, (4) files an answer admitting the material allegations of a petition filed against it in any such proceeding, (5) makes a general assignment for the benefit of creditors, (6) admits in writing its inability to pay, or fails generally to pay, its debts as they become due, (7) takes corporate action for the purpose of effecting any of the foregoing or (8) takes any comparable action under any foreign laws relating to insolvency;

the entry of an order or decree by a court having competent jurisdiction for (1) relief with respect to the Company or any of its Restricted Subsidiaries or a substantial part of any of their property under the United States Bankruptcy Code or any other federal or state bankruptcy, insolvency or similar law, (2) the appointment of a receiver, trustee, custodian, sequestrator or similar official for the Company or any such Restricted Subsidiary or for a substantial part of any of their property (except any decree or order appointing such official of such Restricted Subsidiary pursuant to a plan under which the assets and operations of such Restricted Subsidiary are transferred to or combined with another Restricted Subsidiary or Subsidiaries of the Company or to the Company) or (3) the winding-up or liquidation of the Company or any such Restricted Subsidiary (except any decree or order approving or ordering the winding-up or liquidation of the affairs of a Restricted Subsidiary pursuant to a plan under which the assets and operations of such Restricted Subsidiary are transferred to or combined with one or more other Restricted Subsidiaries or the Company), and such order or decree continues unstayed and in effect for 60 consecutive days, or any similar relief is granted under any foreign laws and the order or decree stays in effect for 60 consecutive days;

any judgment or decree for the payment of money in excess of \$20 million or the United States dollar equivalent thereof at the time is entered against the Company or any Restricted Subsidiary of the Company by a court or courts of competent jurisdiction, which judgment is not covered by insurance, and is not discharged and either (1) an enforcement proceeding has been commenced by any creditor upon such judgment or decree or (2) there is a period of 60 days following the entry of such judgment or decree during which such judgment or decree is not discharged or waived or the execution thereof stayed and, in either case, such default continues for 10 days after the date on which written notice specifying such failure and requiring the Company to remedy the same has been given, by registered or certified mail, to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the Debt Securities of that series at the time outstanding; and

any other Event of Default provided with respect to Debt Securities of that series.

An Event of Default with respect to one series of Debt Securities may not necessarily be an Event of Default for another series and Events of Default for any series of Debt Securities may be modified as described in the applicable prospectus supplement.

If an Event of Default described in the first, second, third, fourth, fifth, sixth, ninth or tenth bullet points above occurs and is continuing with respect to any series of Debt Securities, unless the principal and interest with respect to all the

Debt Securities of such series has already become due and payable, either the Trustee or the holders of not less than 25% in aggregate principal amount of the Debt Securities of such series then outstanding may declare the principal of (or, if Original Issue Discount Debt Securities, such portion of the principal amount as may be specified in such series) and interest on all the Debt Securities of such series due and payable immediately. If an Event of Default described in the seventh or eighth bullet points above occurs, unless the principal and interest with respect to all the Debt Securities of the series has become due and payable, the

Table of Contents

principal of (or, if any series are Original Issue Discount Debt Securities, such portion of the principal amount as may be specified in such series) and interest on all Debt Securities of all series then outstanding will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of Debt Securities.

If an Event of Default occurs and is continuing, the Trustee will be entitled and empowered to institute any action or proceeding for the collection of the sums so due and unpaid or to enforce the performance of any provision of the Debt Securities of the affected series or the Indenture, to prosecute any such action or proceeding to judgment or final decree and to enforce any such judgment or final decree against the Company or any other obligor on the Debt Securities of such series (and collect in the manner provided by law out of the property of the Company or any other obligor upon the Debt Securities of such series wherever situated the moneys adjudged or decreed to be payable). In addition, if there are any pending proceedings for the bankruptcy or reorganization of the Company or any other obligor on the Debt Securities, or if a receiver, trustee or similar official has been appointed for its property, the Trustee will be entitled and empowered, irrespective of whether the principal of any series of Debt Securities is due and payable, to file and prove a claim for the whole amount of principal, premium and interest (or, in the case of Original Issue Discount Debt Securities, such portion of the principal amount as may be specified in the terms of such series) owing and unpaid with respect to the Debt Securities. No holder of any Debt Security of any series will have any right to institute any action or proceeding upon, under or with respect to the Indenture for the appointment of a receiver or trustee or for any other remedy, unless (1) such holder previously has given to the Trustee written notice of an Event of Default with respect to Debt Securities of that series and of the continuance thereof, (2) the holders of not less than 25% in aggregate principal amount of the outstanding Debt Securities of that series have made written request to the Trustee to institute such action or proceeding with respect to such Event of Default and have offered to the Trustee such reasonable indemnity as it may require against the costs, expenses, and liabilities to be incurred therein or thereby and (3) the Trustee, for 60 days after its receipt of such notice, request and offer of indemnity, has failed to institute such action or proceeding and no direction inconsistent with such written request has been given to the Trustee pursuant to the provisions of the Indenture.

Prior to the acceleration of the maturity of the Debt Securities of any series, the holders of a majority in aggregate principal amount of the Debt Securities of that series at the time outstanding may, on behalf of the holders of all Debt Securities of that series, waive any past default or Event of Default and its consequences for that series, except (1) a default in the payment of the principal, premium or interest with respect to such Debt Securities or (2) a default with respect to a provision of the Indenture that cannot be amended without the consent of each holder affected thereby. In the case of any such waiver, such default so waived will cease to exist, any Event of Default arising therefrom will be deemed to have been cured for all purposes and the Company, the Trustee and the holders of the Debt Securities of that series will be restored to their former positions and rights under the Indenture. Following acceleration of the maturity of the Debt Securities of a series, the holders of a majority in principal amount of such series may rescind an acceleration of the maturity of the series and its consequences if such rescission would not conflict with a rendered judgment or decree and all existing Events of Default (except nonpayment of principal or interest solely due to such acceleration) have been cured or waived.

The Trustee is required to give, within 90 days after the occurrence of a default known to it with respect to a series of Debt Securities, to the holders of the Debt Securities of such series notice of all defaults with respect to such series known to it, unless such defaults have been cured or waived before the giving of such notice; provided, however, that except in the case of default in the payment of principal, premium or interest with respect to the Debt Securities of such series or in the making of any sinking fund or purchase payment with respect to the Debt Securities of such series, the Trustee will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such Debt Securities.

Modification of the Indenture

The Company and the Trustee may enter into supplemental indentures without the consent of the holders of Debt Securities issued under the Indenture for one or more of the following purposes:

to evidence the succession of another person to the Company pursuant to the provisions of the Indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations of the Company in the Indenture and in the Debt Securities;

to surrender any right or power conferred upon the Company by the Indenture, to add to the covenants of the Company such further covenants, restrictions, conditions or provisions for the protection of the holders of all or any series of Debt Securities as the Board of Directors of the Company shall consider to be for the protection of the holders of such Debt Securities and to make the occurrence, or the occurrence and continuance, of a default in any of such additional covenants, restrictions, conditions or provisions a default or an Event of Default under the Indenture (provided, however, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the Trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of any or all series of Debt Securities to waive such default);

to cure any ambiguity or to correct or supplement any provision contained in the Indenture, in any supplemental indenture or in any Debt Securities that may be defective or inconsistent with any other provision contained therein, to convey, transfer, assign, mortgage or pledge any property to or with the Trustee or to make such other provisions in regard to matters or questions arising under the Indenture as do not adversely affect the interests of any holders of Debt Securities of any series;

to modify or amend the Indenture in such a manner as to permit the qualification of the Indenture or any supplemental indenture under the Trust Indenture Act as then in effect;

to add or change any of the provisions of the Indenture that would change or eliminate any restrictions on the payment of principal, premium or interest with respect to the Debt Securities so long as any such action does not adversely affect the interests of the holders of Debt Securities in any material respect or permit or facilitate the issuance of Debt Securities of any series in uncertificated form;

to evidence the succession of another corporation to the Company and the assumption by any such successor of the covenants of the Company in the Indenture and in the Debt Securities;

to add guarantees with respect to the Debt Securities or to secure the Debt Securities;

to add to, change or eliminate any of the provisions of the Indenture with respect to one or more series of Debt Securities, so long as any such addition, change or elimination not otherwise permitted under the Indenture (1) neither applies to any Debt Security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modifies the rights of the holders of any such Debt Security with respect to such provision or (2) becomes effective only when there is no such Debt Security outstanding;

to evidence and provide for the acceptance of appointment by a successor or separate Trustee with respect to the Debt Securities of one or more series and to add to or change any of the provisions of the Indenture as shall be necessary to provide for or facilitate the administration of the Indenture by more than one Trustee; and

to establish the form or terms of Debt Securities of any series, as described under the heading General above.

With the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series affected thereby, the Company and the Trustee may from time to time and at any time

Table of Contents

enter into a supplemental indenture for the purpose of adding any provisions to, changing in any manner or eliminating any of the provisions of the Indenture or of any supplemental indenture or modifying in any manner the rights of the holder of the Debt Securities of such series; provided, however, that without the consent of the holders of each Debt Security so affected, no such supplemental indenture may (1) reduce the percentage in principal amount of Debt Securities of any series whose holders must consent to an amendment, (2) reduce the rate of or extend the time for payment of interest on any Debt Security, (3) reduce the principal of or extend the stated maturity of any Debt Security, (4) reduce the premium payable upon the redemption of any Debt Security or change the time at which any Debt Security may or must be redeemed, (5) make any Debt Security payable in a currency other than that stated in the Debt Security, (6) release any security that may have been granted with respect to the Debt Securities or (7) make any change in certain provisions of the Indenture relating to waivers of defaults or modifications of the Indenture by the consent of the holders of the Debt Securities.

Consolidation, Merger and Sale of Assets

The Company may not consolidate with or merge with or into any person, or convey, transfer or lease all or substantially all of its assets, unless the following conditions have been satisfied:

either (1) the Company is the continuing person in the case of a merger or (2) the resulting, surviving or transferee person, if other than the Company (the Successor Company), is a corporation organized and existing under the laws of the United States, any State thereof or the District of Columbia and expressly assumes all of the obligations of the Company under the Debt Securities and the Indenture;

immediately after giving effect to such transaction (and treating any indebtedness that becomes an obligation of the Successor Company or any subsidiary of the Company as a result of such transaction as having been incurred by the Successor Company or such subsidiary at the time of such transaction), no default or Event of Default would occur or be continuing; and

the Company has delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, or transfer complies with the Indenture.

If the Successor Company expressly assumes all of the obligations of the Company under the Debt Securities and the Indenture, the Company will be released from such obligations.

Satisfaction and Discharge of the Indenture; Defeasance

The Indenture will generally cease to be of any further effect with respect to a series of Debt Securities if (1) the Company has delivered to the Trustee for cancellation all Debt Securities of such series (with certain limited exceptions) or (2) all Debt Securities of such series not theretofore delivered to the Trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and the Company has deposited with the Trustee as trust funds the entire amount in the currency in which the Debt Securities are denominated sufficient to pay at maturity or upon redemption all such Debt Securities, including principal and premium, if any, and interest due or to become due on such date of maturity or redemption date, as the case may be, and if, in either case, the Company also pays or causes to be paid all other sums payable under the Indenture by the Company.

In addition, the Company has a legal defeasance option (pursuant to which it may terminate, with respect to the Debt Securities of a particular series, all of its obligations under such Debt Securities and the Indenture with respect to such Debt Securities) and a covenant defeasance option (pursuant to which it may terminate, with respect to the Debt Securities of a particular series, its obligations with respect to such Debt Securities under certain specified covenants contained in the Indenture or supplemental indenture). If the Company exercises its legal defeasance option with respect to a series of Debt Securities, payment of such Debt Securities may not be accelerated because of an Event of Default. If the Company exercises its covenant defeasance option with respect to a series of Debt Securities, payment of such Debt Securities may not be accelerated because of an Event of Default related to the specified covenants.

Table of Contents

The Company may exercise its legal defeasance option or its covenant defeasance option with respect to the Debt Securities of a series only if:

the Company irrevocably deposits in trust with the Trustee cash or U.S. Government Obligations for the payment of principal, premium and interest with respect to such series to maturity or redemption, as the case may be;

the Company delivers to the Trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited U.S. Government Obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay the principal, premium and interest when due with respect to all the Debt Securities of such series to maturity or redemption, as the case may be;

123 days pass after the deposit is made and during the 123-day period no default described in the seventh or eighth bullet points under the heading Events of Default and Remedies above with respect to the Company occurs that is continuing at the end of such period;

no default has occurred and is continuing on the date of such deposit and after giving effect thereto;

the deposit does not constitute a default under any other agreement binding on the Company;

the Company delivers to the Trustee an opinion of counsel to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940;

the Company delivers to the Trustee an opinion of counsel addressing certain U.S. federal income tax matters relating to the defeasance; and

the Company delivers to the Trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the Debt Securities of such series as contemplated by the Indenture have been complied with.

The Trustee will hold in trust money or U.S. Government Obligations deposited with it as described above and will apply the deposited money and the proceeds from deposited U.S. Government Obligations to the payment of principal, premium and interest with respect to the Debt Securities of the defeased series.

The Trustee

The Indenture does not prohibit the Trustee from serving as trustee under any other indenture to which the Company may be a party from time to time or from engaging in other transactions with the Company. The Company may maintain banking and other commercial relationships with the Trustee and its affiliates in the ordinary course of business and the Trustee may own Debt Securities. The Trustee may resign at any time with respect to all or any series of Debt Securities. The holders of a majority in principal amount of Debt Securities of a particular series may remove the Trustee for such series and appoint a successor Trustee. The Company shall remove the Trustee for the causes set forth in the Indenture, including the Trustee's failure to satisfy applicable requirements under the Trust Indenture Act of 1939 or failure to maintain a combined capital surplus of at least \$50,000,000.

Except as otherwise provided with respect to removal by the holders of a series of Debt Securities, in any of the foregoing events of resignation or removal of the Trustee, the Company shall appoint a successor Trustee and such appointment, and the retiring Trustee's resignation or removal, shall become effective upon acceptance by the successor Trustee.

Governing Law

The Indenture is, and the Debt Securities will be, governed by, and construed in accordance with, the laws of the State of New York.

DESCRIPTION OF CAPITAL STOCK

The following summary describes the material features of our capital stock. This summary does not describe every aspect of our capital stock and is subject to, and qualified in its entirety by reference to, the provisions of our amended articles of incorporation and code of regulations, as currently in effect, each of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, and the applicable provisions of Ohio law.

Authorized Capital Stock

Our authorized capital stock consists of 150,000,000 common shares, without par value, 500,000 Class A Preferred Shares, without par value, and 500,000 Class B Preferred Shares, without par value. As of May 31, 2017, there were (1) 63,690,058 common shares issued and outstanding and (2) no Class A Preferred Shares or Class B Preferred Shares issued and outstanding.

Common Shares

Holders of our common shares are entitled to:

one vote for each common share held;

receive dividends when and as declared by our Board of Directors from funds legally available therefor, subject to the rights of holders of our preferred shares, if any; and

share ratably in our net assets, legally available to our shareholders in the event of our dissolution, liquidation or winding up, after provision for distribution to the holders of any preferred shares and to the payment in full of all amounts required to be paid to creditors or provision for such payment.

Holders of our common shares have no preemptive, subscription, redemption, conversion or cumulative voting rights. Our outstanding common shares are, and any common shares that we issue pursuant to this prospectus and a prospectus supplement will be, when issued, fully paid and nonassessable.

Preferred Shares

Under our amended articles of incorporation, our Board of Directors is authorized to issue, without any further vote or action by our shareholders, subject to certain limitations prescribed by Ohio law and the rules and regulations of the New York Stock Exchange, up to an aggregate of 500,000 Class A Preferred Shares and 500,000 Class B Preferred Shares, in one or more series. Our Board of Directors is also authorized to fix or change the rights, preferences, qualifications and limitations of each series, including the division of such shares into series, the designation and authorized number of shares included in each series, dividend and distribution rights, liquidation rights, preferences and price, redemption rights and price, sinking fund requirements, preemptive rights, conversion rights and restrictions on issuance of shares. Subject to the provisions of any applicable law, rule or regulation, holders of Class A Preferred Shares and holders of Class B Preferred Shares are entitled to one vote per share and ten votes per share, respectively, on matters to be voted upon by the holders of common shares and preferred shares voting together as a single class. Ohio law also entitles the holders of preferred shares to exercise a class vote on certain matters.

Our Board of Directors may authorize the issuance of preferred shares with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common shares. The issuance of preferred shares could have the effect of decreasing the market price of our common shares. The issuance of preferred shares also could have the effect of delaying, deterring or preventing a change in control of the Company without further action by our shareholders.

Table of Contents

Anti-Takeover Effects of Amended Articles of Incorporation, Code of Regulations and Ohio Law

Certain provisions in our amended articles of incorporation and code of regulations and the Ohio Revised Code could discourage potential takeover attempts and make attempts by shareholders to change management more difficult. A description of these provisions is set forth below.

Classified Board of Directors

Our Board of Directors is divided into three classes, with three-year staggered terms. This classification system increases the difficulty of replacing a majority of the directors at any one time and may tend to discourage a third party from making a tender offer or otherwise attempting to gain control of us. It also may maintain the incumbency of our Board of Directors.

Removal of Directors

Under our amended articles of incorporation, any director, or the entire Board of Directors, may be removed from office, with or without cause, only by the affirmative vote of 75% of the voting power of the Company voting together as a single class. However, under current Ohio law, because the Company is an issuing public corporation and has a classified Board of Directors, the directors of the Company may only be removed for cause. Directors may also be removed from office for cause by the affirmative vote of three-fourths of the directors then in office.

Advance Notice Requirements for Shareholder Proposals and Nominations for Election as Directors

Under our code of regulations, shareholders seeking to bring business before an annual meeting of shareholders or to nominate candidates for election as directors at an annual meeting must provide timely notice thereof in writing to the Company.

To be timely, a shareholder's notice with respect to business to be brought before an annual meeting must be delivered to, or mailed and received by, the Company not less than 30 days prior to an annual meeting. However, if less than 40 days' notice or prior public disclosure of the date of the annual meeting is given or made to shareholders, the shareholder's notice must be received no later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

In order to nominate an individual for election as a director at a meeting, a shareholder must give written notice of the shareholder's intention to make such nomination. The notice must be delivered to, or mailed and received by, the Company not less than 14 days or more than 50 days prior to any meeting called for the election of directors. However, if notice or public disclosure of the date of the meeting is given or made less than 21 days prior to the meeting, the shareholder notice must be received by the Company not later than the close of business on the seventh day following the day on which notice of the date of the meeting was mailed or publicly disclosed.

No Shareholder Action by Written Consent

Under our amended articles of incorporation, any action required or permitted to be taken by our shareholders must be effected at a duly called meeting of the shareholders and may not be effected by an action by written consent of the shareholders. This prevents our shareholders from initiating or effecting any action by written consent, thereby limiting the ability of shareholders to take actions opposed by our Board of Directors.

Special Meetings of Shareholders

Our code of regulations provides that special meetings of shareholders may be called only by the chairman of the board, the president, the secretary, the Board of Directors at a meeting of the Board, a majority of the directors acting without a meeting or the holders of at least 50% of all shares outstanding and entitled to vote at such special meeting.

Table of Contents

Supermajority Voting Provisions

Under Ohio law, in the case of most mergers, sales of all or substantially all the assets of a corporation and amendments to a corporation's articles of incorporation, the affirmative vote of two-thirds of the voting power of the corporation is required unless the corporation's articles of incorporation provide for a lower amount but not less than a majority. Our amended articles of incorporation change the default voting requirement provided by Ohio law to a majority of the voting power, except that the affirmative vote of 75% of the voting power is required with respect to certain transactions between the Company and substantial shareholders as described below under the heading Transactions With Substantial Shareholders.

Transactions With Substantial Shareholders

Under our amended articles of incorporation, certain transactions between the Company and a substantial shareholder must be approved by the affirmative vote of the holders of 75% of the voting power of the Company (which vote must also include the affirmative vote of the holders of a majority of the voting power of the Company excluding the substantial shareholder in question). A substantial shareholder is defined as any person who beneficially owns, directly or indirectly, more than 15% of our voting power or is an affiliate of the Company and at any time within the past three years beneficially owned, directly or indirectly, more than 15% of our voting power, but does not include the Company, any of the Company's subsidiaries, any employee benefit plan of the Company or of any of the Company's subsidiaries, the trustees or fiduciaries of any such plan or any affiliate of the Company owning in excess of 10% of the outstanding common shares of the Company on August 3, 1998. Transactions requiring a supermajority shareholder vote include:

any merger or consolidation of the Company or any subsidiary of the Company with or into any substantial shareholder or any other corporation which, after such merger or consolidation, would be an affiliate of a substantial shareholder;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of related transactions) to or with any substantial shareholder of any substantial part of the assets of the Company or any subsidiary of the Company;

the issuance or transfer by the Company or any subsidiary of the Company (in one transaction or a series of related transactions) of equity securities to any substantial shareholder for consideration having an aggregate fair market value of \$25 million or more;

the adoption of any plan or proposal for the liquidation or dissolution of the Company if, as of the record date relating to such event, any person shall be a substantial shareholder; and

any reclassification of securities or recapitalization of the Company, or any reorganization, merger or consolidation of the Company with any of the Company's subsidiaries or any similar transaction which has the effect, directly or indirectly, of increasing the proportionate share of the outstanding equity securities of the Company or any subsidiary of the Company directly or beneficially owned by any substantial

shareholder.

A supermajority shareholder vote is not required, however, with respect to any of the foregoing transactions which is approved by three-fourths of the Company's Board of Directors, provided that a majority of the directors in office and acting upon such matter are continuing directors (as defined in our amended articles of incorporation).

Control Share Acquisition Act

Ohio law provides that certain notice and informational filings, and special shareholder meeting and voting processes, must occur prior to any person's acquisition of an issuer's shares that would entitle the acquirer to exercise or direct the voting power of the issuer in the election of directors within any of the following ranges:

one-fifth or more but less than one-third of such voting power;

Table of Contents

one-third or more but less than a majority of such voting power; or

a majority or more of such voting power.

This provision, which is known as the Control Share Acquisition Act, does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have opted out of the application of the Control Share Acquisition Act in our code of regulations.

Merger Moratorium Statute

Chapter 1704 of the Ohio Revised Code, which is known as the Merger Moratorium Statute, generally addresses a wide range of business combinations and other transactions (including mergers, consolidations, asset sales, loans, disproportionate distributions of property and disproportionate issuances or transfers of shares or rights to acquire shares) between an Ohio corporation and an interested shareholder who, alone or with others, may exercise or direct the exercise of at least 10% of the voting power of the corporation in the election of directors. The Merger Moratorium Statute does not apply to a corporation if its articles of incorporation so provide. We have opted out of the application of the Merger Moratorium Statute in our amended articles of incorporation.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for each of the fiscal years ended May 31, 2017, 2016, 2015, 2014 and 2013. Our ratio of earnings to fixed charges for each of these fiscal years as set forth below has been computed on a consolidated basis and should be read in conjunction with our consolidated financial statements, including the notes to those financial statements, and other information set forth in our reports filed with the SEC.

	Fiscal Year ended May 31,				
	2017	2016	2015	2014	2013
Ratio of earnings to fixed charges¹	10.2	6.5	3.6	8.5	9.0

¹ The ratio of earnings to fixed charges is computed by dividing the fixed charges of the Company and our consolidated subsidiaries into earnings of the Company. Earnings consists of earnings before income taxes less net earnings attributable to non-controlling interest (a) plus (i) distributions from unconsolidated affiliates, (ii) capitalized interest amortization and (iii) fixed charges and (b) less (i) equity in net income of unconsolidated affiliates and (ii) capitalized interest. Fixed charges include interest expense (which includes the amortization of debt offering costs and fees related to our trade accounts receivable securitization facility), capitalized interest, and the portion of rent expense which is deemed to be representative of the interest factor.

Compensation

In connection with the sale of our securities, underwriters or agents may receive compensation from us or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agents. Any underwriting compensation paid by us to underwriters or agents in connection with an offering of securities, and any discounts, concessions or commissions allowed or reallocated or paid to dealers, will be specified in the applicable prospectus supplement.

Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters as defined in the Securities Act, and any discounts or commissions received by them from us and any profit realized by them on the resale of the securities may be treated as underwriting discounts and commissions under the Securities Act.

These contracts provide for payment and delivery on a specified date in the future. If we use delayed delivery contracts, the applicable prospectus supplement will disclose such use and describe the conditions to which the delayed delivery contracts will be subject and the commissions payable for the solicitation of the delayed delivery contracts.

Indemnification

We may indemnify underwriters, dealers or agents who participate in the distribution of securities against certain liabilities, including liabilities under the Securities Act, and agree to contribute to payments which these underwriters, dealers or agents may be required to make.

Item 15. *Indemnification of Directors and Officers.*

Under Section 1701.13(E) of the Ohio Revised Code (the "OGCL"), directors, officers, employees and agents of Ohio corporations have an absolute right to indemnification for expenses (including attorneys' fees) actually and reasonably incurred by them in connection with any action, suit or proceeding to the extent they are successful in defense of the action, suit or proceeding, including derivative actions, brought against them, or in defense of any claim, issue or matter asserted in any such action, suit or proceeding. A director, officer, employee or agent is entitled to such indemnification if such person's success is on the merits or otherwise.

Section 1701.13(E) of the OGCL permits a corporation to indemnify directors, officers, employees or agents of the corporation or individuals who are or were serving at the request of the corporation as a director, trustee, officer, employee, member, manager or agent of another corporation or entity in circumstances where indemnification is not mandated by the statute if certain statutory standards are satisfied. A corporation may grant indemnification in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, investigative or administrative, other than derivative actions, if the indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe the indemnitee's conduct was unlawful. Such indemnification is permitted against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the indemnitee in connection with the action, suit or proceeding. A corporation may also provide indemnification

in derivative actions for expenses (including attorney's fees) actually and reasonably incurred in connection with the defense or settlement of an action or suit if the officer, director, employee or agent acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the corporation. Ohio law does not expressly authorize indemnification against judgments, fines and amounts paid in settlement of derivative actions. A corporation may not indemnify a director, officer, employee or agent in derivative actions for expenses (including attorney's fees) if such person is adjudged to be liable for negligence or misconduct in the performance of such person's duties to the corporation unless, and only to the extent that, a court determines that, despite the adjudication of liability,

II-1

Table of Contents

but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity as the court deems proper. In addition, a corporation may not indemnify a director in any action or suit in which the only liability asserted against the director is for approving unlawful loans, dividends or distribution of assets under Section 1701.95 of the OCGL.

Section 1701.13(E) of the OGCL permits a corporation to pay expenses (including attorney's fees) incurred by a director, officer, employee or agent as they are incurred, in advance of the final disposition of the action, suit or proceeding, as authorized by the corporation's directors and upon receipt of an undertaking by such person to repay such amount if it is ultimately determined that such person is not entitled to indemnification.

Section 1701.13(E) of the OGCL states that the indemnification provided thereby is not exclusive of, and is in addition to, any other rights granted to persons seeking indemnification under the corporation's articles or regulations, any agreement, a vote of the corporation's shareholders or disinterested directors or otherwise.

Section 1701.13(E) of the OGCL grants express power to a corporation to purchase and maintain insurance or furnish similar protection, including, but not limited to, trust funds, letters of credit and self-insurance, for director, officer, employee or agent liability, regardless of whether that individual is otherwise eligible for indemnification by the corporation.

The registrant's Code of Regulations (the Regulations) provides for broader indemnification than specifically afforded under Section 1701.13(E) of the OGCL. The Regulations provide that the registrant must indemnify officers and directors against expenses (including attorneys' fees, filing fees, court reporters' fees and transcript costs), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with any pending, threatened or completed action, suit or proceeding (whether criminal, civil, administrative or investigative and whether a derivative suit or not) by reason of the fact that any such individual is or was a director, officer, employee, agent or volunteer of the registrant or is or was serving at the request of the registrant as a director, trustee, officer, employee, member, manager, agent or volunteer of another corporation or other entity so long as such individual's act or omission giving rise to the claim for indemnification was not occasioned by such individual's intent to cause injury to, or by such individual's reckless disregard for the best interests of, the registrant and, with respect to any criminal matter, such individual had no reasonable cause to believe such individual's conduct was unlawful. The Regulations forbid the registrant from indemnifying an officer or director in a derivative action if such person is adjudged to be liable for an act or omission occasioned by such person's deliberate intent to cause injury to, or by such person's reckless disregard for the best interests of, the registrant unless and only to the extent the Court of Common Pleas in Franklin County, Ohio, or the court in which the action was brought, despite such adjudication of liability and in view of all the circumstances, concludes that such person is fairly and reasonably entitled to such indemnity as the court deems proper.

The Regulations recite a presumption (which may only be rebutted by clear and convincing evidence) that no act or omission by a person claiming indemnification was occasioned by an intent to cause injury to, or by a reckless disregard for the best interests of, the registrant and, with respect to any criminal matter, that such person had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, does not, by itself, rebut this presumption.

The Regulations state that, to the extent an officer or director is successful on the merits or otherwise in defense of any action, suit or proceeding or in defense of any claim, issue or matter therein, such officer or director must be promptly indemnified by the registrant against expenses (including, without limitation, attorneys' fees, filing fees, court reporters' fees and transcript costs) actually and reasonably incurred by him or her in connection therewith.

The Regulations state that an indemnitee's expenses (including, without limitation, attorneys' fees, filing fees, court reporters' fees and transcript costs) must be paid by the registrant in advance of the final disposition of

II-2

the action, suit or proceeding to or on behalf of the officer or director promptly as such expenses are incurred, but only if such officer or director first agrees, in writing, to repay all amounts so paid in respect of any claim, issue or other matter asserted in such action, suit or proceeding in defense of which such person shall have not been successful on the merits or otherwise, if it is proved by clear and convincing evidence in a court of competent jurisdiction that, in respect of any such claim, issue or other matter, such person's relevant action or failure to act was occasioned by his or her deliberate intent to cause injury to the registrant or his or her reckless disregard for the best interests of the registrant, unless, and only to the extent that, the Court of Common Pleas of Franklin County, Ohio or the court in which such action or suit was brought determines that, despite such determination and in view of all of the circumstances, such officer or director is fairly and reasonably entitled to all or part of such indemnification.

The Regulations state that the indemnification provided thereby is not exclusive of, and is in addition to, any other rights to which any person seeking indemnification may be entitled under the registrant's articles or regulations, any agreement, a vote of the registrant's disinterested directors or otherwise. Additionally, the Regulations provide that the registrant may purchase and maintain insurance or furnish similar protection on behalf of any person who is or was a director, officer, employee, agent or volunteer of the registrant, or who is or was serving another corporation or entity as a director, trustee, officer, employee, member, manager, agent or volunteer at the request of the registrant, against any liability asserted against such person and incurred by such person in such capacity, or arising out of such person's status as such, whether or not the registrant would have the obligation or power to indemnify such person under the Regulations.

The registrant has entered into an indemnification agreement with each of its directors and executive officers. The indemnification agreements generally obligate the registrant to hold harmless and indemnify such directors and executive officers against specified expenses and liabilities they may incur in the performance of their duties to the greatest extent permitted by Ohio law, provided that (1) such directors and executive officers acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the registrant and, with respect to any criminal proceeding, had no reasonable cause to believe their conduct was unlawful and (2) with respect to proceedings by or in the right of the registrant (a) such executive officers were not adjudged to be liable to the registrant for negligence or misconduct in the performance of their duties to the registrant or (b) such directors were not adjudged to be liable to the registrant for (i) an act or omission undertaken with deliberate intent to cause injury to the registrant or with reckless disregard for the best interests of the registrant or (ii) approving unlawful loans, dividends or distributions of assets under Section 1701.95 of the OCGL. The indemnification agreements also require the registrant to advance expenses to a director or executive officer prior to the final disposition of a proceeding if specified conditions are satisfied. The indemnification agreements provide procedures for determining a director's or executive officer's entitlement to indemnification and specify certain remedies relating to indemnification and advancement of expenses. The indemnification agreements do not exclude any other rights to indemnification or advancement of expenses to which a director or executive officer may be entitled under the registrant's Amended Articles of Incorporation or Regulations, applicable law (including the OCGL), any insurance policy, any contract or otherwise.

The Board of Directors of the registrant maintains, and in the future may continue to maintain, insurance policies to insure the registrant's present or former directors, officers and employees, within the limits and subject to the limitations of such policies, against liabilities and expenses arising out of any claim or breach of duty, error, misstatement, misleading statement, omission or other acts done by reasons of their being such directors, officers or employees of the registrant.

 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the

aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part the registration statement will, as to a purchaser with a time of contract for sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

Table of Contents

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under Subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Trust Indenture Act.
