### Audit Committee Report

The Company's Audit Committee consists entirely of directors who meet the independence and financial experience requirements of NASDAQ.

In fulfilling its responsibilities under its charter during 2000, the Committee reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and the Company's independent auditors, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte"), who are responsible for expressing an opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America.

The Committee reviewed with the Company's independent auditors the overall scope and plans for their audit for 2000. The Committee also reviewed all fees paid to the independent auditors; these fees are described at the end of this report.

The Committee also discussed with the independent auditors other matters required to be discussed with the Committee under auditing standards generally accepted in the United States of America.

## Edgar Filing: BALTEK CORP - Form DEF 14A

The Committee reviewed Deloitte's independence and, as part of that review, received the written disclosures and letter required by the Independence Standards Board, and considered whether Deloitte's provision of non-audit services to the Company was compatible with the auditor's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2000, for filing with the U.S. Securities and Exchange Commission. The Committee and the Board have also recommended to shareholders the election of Deloitte as the Company's independent auditors for 2001.

### Principal Accounting Firm Fees

Aggregate fees billed to the Company for the fiscal year ended December 31, 2000 by Deloitte:

Audit Fees	\$ 186,000
Financial Information Systems Design and Implementation Fees	None
All Other Fees	\$ 189,000 (a) (b)

(a) Includes fees for tax consulting and other non-audit services.

(b) The Audit Committee has considered whether the provision of these services is compatible with maintaining the principal accountant's independence.

### Executive Compensation

The following information is furnished with respect to the President of the Company, as the Chief Executive Officer (CEO), and the Company's four most highly compensated officers, other than the CEO (all five are referred to collectively as the "named executive officers").

(1) The Company has adopted a non-qualified deferred compensation plan providing an election to all the participants to defer between 1 percent and 100 percent of salary. This plan is in addition to the deferred compensation plan the Company previously adopted under Section 401(k) of the Internal Revenue Code (the "401(k) Plan"), pursuant to which participants may elect to defer between 1 and 15 percent of salary. Amounts deferred under the 401(k) Plan are paid over to the Plan Trustee. These plans do not provide for matching Company contributions. The amounts of salary listed in column (c) are the salaries of the named executive officers before any elective deferral under these plans.

(2) The 2000 bonus was based on the Annual Incentive Plan adopted on January 1, 1999. The plan provides for an annual incentive payment (bonus) based on the Company's actual performance against two targets: IBT (income before tax) and revenues. The annual targets are set and approved by the Board. A threshold level of performance is set. For the plan to fund, actual IBT must be at least 90 % of target. If the threshold is met, the payout is 50% of the target incentive; if the target is achieved the payout is 100%; and if performance is exceptional, meaning actual performance is 130% of the target or higher, the payout can be 200 % of the target incentive. Performance between these points will result in incentive payments calculated on a pro rata basis. The individual target incentives are set as a percentage of each person's salary, but can also be modified based upon individual performance goals set by the Board. The Board determines eligibility for the plan.

(3) The amounts are premiums paid by the Company on individual life insurance policies on the lives of seven officers, including the named executive officers. Each individual executive owns the policy on his life. This insurance is in addition to a group-term life insurance policy providing term insurance on all the salaried employees, with a maximum coverage per employee of \$50,000.

6

(4) The amounts represent contributions by the Company under the Baltek Corporation Profit Sharing Plan, a qualified contribution plan covering all salaried employees, to which the Company makes annual contributions out of its profits. Each contribution is allocated to participants on the basis of their respective rates of compensation, but with lesser amounts allocated

## Edgar Filing: BALTEK CORP - Form DEF 14A

to compensation that constitutes "wages" for Social Security purposes, in accordance with the rules of the Internal Revenue Code. The Plan provides for vesting of amounts contributed by the Company over a period of years.

### Employment Agreements

The Company has entered into an employment agreement with Thomas Preisel dated as of June 1, 2000 pursuant to which Mr. Preisel is serving as the Company's Senior Vice-President and Chief Operating Officer. The agreement provides that it shall continue until terminated by either party upon not less than twenty-four months written notice to the other party. Under the agreement, Mr. Preisel's base salary is \$215,000, subject to increase by the Board of Directors in its sole discretion. The agreement provides that Mr. Preisel shall participate in any pension, profit-sharing, stock option or similar plan of the Company, as well as all Company benefit plans, in each case if available to employees or executives of the Company generally. Pursuant to the agreement, the Company also provides Mr. Preisel with a suitable automobile and related insurance. Mr. Preisel has agreed to maintain the confidentiality of information concerning the Company and has agreed not to solicit customers or otherwise disrupt the business of the Company for a two-year period following termination of the agreement.

The Company also entered into an employment and consultation agreement with Antonio Diaz dated as of June 1, 2000. The Agreement provides that Mr. Diaz shall serve as the Company's Vice President - Latin American Operations through December 31, 2001 and as a consultant to the Company for two years thereafter. Mr. Diaz's salary is set at \$215,000 per year through December 31, 2001 and \$9,500 per month during the subsequent consultation period. The Company has also agreed to forgive, at December 31, 2001, \$25,000 of indebtedness owed to the Company by Mr. Diaz. The agreement provides for Mr. Diaz's participation through December 31, 2001 in pension, profit-sharing, stock option and similar plans and in benefit plans of the Company available to employees or executives generally. While he is a consultant to the Company, he will be eligible to participate in the Company's health benefit plan. During both the employment and consultation periods, Mr. Diaz will get the use of a suitable automobile, along with related insurance. Mr. Diaz has agreed to maintain the confidentiality of Company information and has agreed not to solicit customers or otherwise disrupt the business of the Company for a two-year period following termination of the agreement.

### Compensation of Directors

Members of the Board of Directors are not compensated for services on the Board of Directors, except for William F. Nicklin and Benson J. Zeikowitz, who are compensated \$3,000 per annum plus a fee of \$350 for each meeting of the Board of Directors.

7

### BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Committee's compensation policy is subjective and not subject to specific criteria. The salaries of executive officers were increased in 2000.

The policy of the Compensation Committee as to compensation payable to executive officers is that the executive officers function as an integrated team, headed by the CEO. They earn bonuses under the Annual Incentive Plan, depending primarily upon the profitability of the Company's operations.

## Edgar Filing: BALTEK CORP - Form DEF 14A

Increases in the salaries of officers are not based on the profit performance of the Company, but rather on exceptionally valuable services of particular officers and also on years of service.

The base compensation of the CEO was increased by approximately 6% for the year 2000. The compensation received by him for that year is based on services over a period of more than 50 years for the Company and its predecessors. His work requires involvement and decision-making in all areas of the Company's core material and seafood businesses in the United States, Europe, Ecuador and in all other markets where the Company's products are sold. His compensation for 2000 was well-earned.
