NOTES TO CONDENSED, CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

The Scotts Miracle-Gro Company (Scotts Miracle-Gro) and its subsidiaries (collectively, the Company) are engaged in the manufacture, marketing and sale of lawn and garden care products. The Company's major customers include home improvement centers, mass merchandisers, warehouse clubs, large hardware chains, independent hardware stores, nurseries, garden centers, food and drug stores, commercial nurseries and greenhouses, and specialty crop growers. The Company's products are sold primarily in North America and the European Union. The Company also operates the Scotts LawnService® business which provides lawn and tree and shrub fertilization, insect control and other related services in the United States and Smith & Hawken®, a leading brand in the outdoor living and gardening lifestyle category with sales in the retail, internet, and catalog channels. Effective November 18, 2005, the Company entered the North America wild bird food category with the acquisition of Gutwein & Co., Inc. (Gutwein).

Due to the nature of the lawn and garden business, the majority of shipments to retailers occur in the Company's second and third fiscal quarters. On a combined basis, net sales for the second and third fiscal quarters generally represent 70% to 75% of annual net sales. As a result of the seasonal nature of our business, results for the first half of our fiscal year are not indicative of the full year.

ORGANIZATION AND BASIS OF PRESENTATION

The Company's condensed, consolidated financial statements are unaudited; however, in the opinion of management, these financial statements are presented in accordance with accounting principles generally accepted in the United States of America. The condensed, consolidated financial statements include the accounts of Scotts Miracle-Gro and all wholly-owned and majority-owned subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation. The Company's criteria for consolidating entities is based on majority ownership (as evidenced by a majority voting interest in the entity) and an objective evaluation and determination of effective management control. Interim results reflect all normal and recurring adjustments and are not necessarily indicative of results for a full year. The interim financial statements and notes are presented as specified by Regulation S-X of the Securities and Exchange Commission, and should be read in conjunction with the consolidated financial statements and accompanying notes in Scotts Miracle-Gro's Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

The balance sheet at September 30, 2006 has been derived from the audited financial statements at that date but does not include all of the information and notes required by generally accepted accounting principles for complete financial statements.

REVENUE RECOGNITION

Revenue is recognized when title and risk of loss transfer, which generally occurs when products are received by the customer. Provisions for estimated returns and allowances are recorded at the time revenue is recognized based on historical rates and are periodically adjusted for known changes in return levels. Shipping and handling costs are included in cost of sales. Scotts LawnService® revenues are recognized at the time service is provided to the customer.

Under the terms of the Amended and Restated Exclusive Agency and Marketing Agreement (the Marketing Agreement) between the Company and Monsanto, the Company, in its role as exclusive agent performs certain functions, such as sales support, merchandising, distribution and logistics, and incurs certain costs in support of the consumer Roundup® business. The actual costs incurred by the Company on behalf of Roundup® are recovered from Monsanto through the terms of the Marketing Agreement. The reimbursement of costs for which the Company is considered the primary obligor is included in net sales.

PROMOTIONAL ALLOWANCES

The Company promotes its branded products through cooperative advertising programs with retailers. Retailers also are offered in-store promotional allowances and rebates based on sales volumes. Certain products are promoted with direct consumer rebate programs and special purchasing incentives. Promotion costs (including allowances and rebates) incurred during the year are expensed to interim periods in relation to revenues and are recorded as a reduction of net sales. Accruals for expected payouts under these programs are included in the Accrued liabilities line

in the Condensed, Consolidated Balance Sheets.

Table of Contents**ADVERTISING**

The Company advertises its branded products through national and regional media. Advertising costs incurred during the year are expensed to interim periods in relation to revenues. All advertising costs, except for external production costs, are expensed within the fiscal year in which such costs are incurred. External production costs for advertising programs are deferred until the period in which the advertising is first aired.

Scotts LawnService® promotes its service offerings primarily through direct mail campaigns. External costs associated with these campaigns that qualify as direct response advertising costs are deferred and recognized as advertising expense in proportion to revenues over a period not beyond the end of the subsequent calendar year. The costs deferred at March 31, 2007, April 1, 2006 and September 30, 2006 were \$10.6 million, \$5.6 million and \$5.6 million, respectively.

STOCK-BASED COMPENSATION AWARDS

In fiscal 2003, the Company began expensing prospective grants of employee stock-based compensation awards in accordance with Statement of Financial Accounting Standards (SFAS) 123, Accounting for Stock-Based Compensation. The Company adopted SFAS 123(R), Share-Based Payment effective October 1, 2005, following the modified prospective application approach. The Company was already in substantial compliance with SFAS 123(R) at the adoption date as SFAS 123(R) closely parallels SFAS 123. The fair value of awards is expensed ratably over the vesting period, generally three years, except for grants to members of the Board of Directors that have a shorter vesting period. The adoption of SFAS 123(R) did not have a significant effect on the Company's results of operations for the six-month period ended April 1, 2006.

GOODWILL AND INDEFINITE-LIVED INTANGIBLE ASSETS

In accordance with SFAS 142, Goodwill and Other Intangible Assets, goodwill and intangible assets determined to have indefinite lives are not subject to amortization. Goodwill and indefinite-lived intangible assets are reviewed for impairment by applying a fair-value based test on an annual basis or more frequently if circumstances indicate a potential impairment. The Company conducts its annual impairment review of indefinite-lived tradenames and goodwill during its first fiscal quarter. If it is determined that an impairment has occurred, an impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its estimated fair value and is classified as Impairment, restructuring, and other charges in the Condensed, Consolidated Statements of Operations.

The impairment analysis for the first quarter of fiscal 2007 indicated that no impairment charges were required. The \$1.0 million charge recorded in the first quarter of fiscal 2006 related to a tradename written off in the United Kingdom.

NET INCOME PER COMMON SHARE

The following represents a reconciliation from basic net income per share to diluted net income per share. Options with exercise prices greater than the average market price of the underlying common shares are excluded from the computation of diluted net income per share because the effect would be antidilutive. The number of options excluded at March 31, 2007 and April 1, 2006, were immaterial.

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS, EXCEPT PER SHARE DATA)			
Determination of common shares:				
Average common shares outstanding	66.1	67.5	66.6	67.9

Diluted average common shares outstanding	67.8	69.6	68.4	70.0

Basic net income per common share	\$ 1.26	\$ 1.40	\$ 0.36	\$ 0.62
Diluted net income per common share	\$ 1.23	\$ 1.36	\$ 0.35	\$ 0.60

See Note 2 for a discussion of the Company's recapitalization transactions that were consummated in the second quarter of fiscal 2007.

Table of Contents**USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the condensed, consolidated financial statements and accompanying notes. Although these estimates are based on management's best knowledge of current events and actions the Company may undertake in the future, actual results ultimately may differ from the estimates.

RECENT ACCOUNTING PRONOUNCEMENTS**Statement of Financial Accounting Standards No. 157 – Fair Value Measurements**

In September 2006, the Financial Accounting Standards Board issued SFAS 157, Fair Value Measurements. SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The Company will be required to adopt SFAS 157 no later than October 1, 2008, the beginning of its 2009 fiscal year. The Company has not yet determined the effect, if any, that the adoption of SFAS 157 will have on its consolidated financial statements.

Statement of Financial Accounting Standards No. 158 – Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans

The Financial Accounting Standards Board has issued SFAS 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106, and 132(R). SFAS 158 will require the Company to recognize the underfunded status of its defined benefit postretirement plans as a liability in its balance sheet and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. SFAS 158 does not change the way the Company measures plan assets and benefit obligations as of the date of its balance sheet and in determining the amount of net periodic benefit cost.

The Company will be required to adopt the provisions of SFAS 158 as of September 30, 2007. At September 30, 2006, the Company's projected benefit obligation for its international defined benefit plans exceeded the accumulated benefit obligation and the accumulated plan benefit obligation for its post-retirement medical plan exceeded the recorded liability. If the provisions of SFAS 158 were adopted as of September 30, 2006, the Company would have been required to record an additional long-term liability of \$26.3 million, an additional long-term deferred tax asset of \$9.6 million, and charge the Accumulated other comprehensive loss component of shareholders' equity for \$16.7 million.

Statement of Financial Accounting Standards No. 159 – The Fair Value Option for Financial Assets and Financial Liabilities

On February 15, 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (SFAS 159), which allows an entity the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on a contract-by-contract basis. Subsequent changes in fair value of these financial assets and liabilities would be recognized in earnings when they occur. SFAS 159 further establishes certain additional disclosure requirements. SFAS 159 is effective for the Company's financial statements for the fiscal year beginning on October 1, 2008, with earlier adoption permitted. Management is currently evaluating the impact and timing of the adoption of SFAS 159 on the Company's consolidated financial statements.

FIN 48 – Accounting for Uncertainty in Income Taxes – An Interpretation of FASB Statement No. 109

The Financial Accounting Standards Board has issued Interpretation (FIN) 48, Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109. This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

The Company will be required to adopt the provisions of FIN 48 in respect of all the Company's tax positions as of October 1, 2007, the beginning of the 2008 fiscal year. The cumulative effect of applying the provisions of the Interpretation will be reported as an adjustment to the opening balance of retained earnings for the 2008 fiscal year.

The Company has not completed its evaluation of FIN 48 and the effect the adoption of the Interpretation will have on the Company's consolidated financial statements. It is possible that the adoption of this Interpretation will have a material effect on future results of operations.

Table of Contents**2. RECAPITALIZATION**

On December 12, 2006, the Company announced a recapitalization plan to return \$750 million to the Company's shareholders. This plan expanded and accelerated the previously announced five-year \$500 million share repurchase program (which was canceled) under which the Company repurchased \$87.9 million of its common shares during fiscal 2006. Pursuant to the recapitalization plan, on February 14, 2007, the Company completed a modified Dutch auction tender offer, resulting in the repurchase of 4.5 million of the Company's common shares for an aggregate purchase price of \$245.5 million (\$54.50 per share). On February 16, 2007, the Company's Board of Directors declared a special one-time cash dividend of \$8.00 per share (\$508 million in the aggregate), which was paid on March 5, 2007, to shareholders of record on February 26, 2007.

In order to fund these transactions, the Company entered into new credit facilities aggregating \$2.15 billion and terminated its prior credit facility. As part of this debt restructuring, the Company also conducted a cash tender offer for any and all of its outstanding 6 5/8% senior subordinated notes in an aggregate principal amount of \$200 million. Reference should be made to Note 6, Debt for further information as to the new credit facilities and the repayment and termination of the prior credit facility and the 6 5/8% senior subordinated notes.

The payment of the special one-time cash dividend required the Company to adjust the number of common shares subject to stock options and stock appreciation rights outstanding under the Company's share-based awards programs, as well as the price at which the awards may be exercised. Reference should be made to Note 9, Stock-Based Compensation Awards for further information.

Subsequent to the completion of the recapitalization, the Company's interest expense will be significantly higher as a result of the borrowings incurred to fund the cash returned to shareholders. The following pro forma financial information has been compiled as if the Company had completed the recapitalization transactions as of October 1, 2005 for fiscal 2006 and as of October 1, 2006 for fiscal 2007. Borrowing rates in effect as of March 30, 2007 were used to compute this pro forma interest expense. As the recapitalization involved a share repurchase, pro forma shares are also provided.

4. MARKETING AGREEMENT

The Company is Monsanto's exclusive agent for the domestic and international marketing and distribution of consumer Roundup® herbicide products. Under the terms of the Marketing Agreement with Monsanto, the Company is entitled to receive an annual commission from Monsanto in consideration for the performance of the Company's duties as agent. The annual gross commission under the Marketing Agreement is calculated as a percentage of the actual earnings before interest and income taxes (EBIT) of the consumer Roundup® business, as defined in the Marketing Agreement. Each year's percentage varies in accordance with the terms of the Marketing Agreement based on the achievement of two earnings thresholds and on commission rates that vary by threshold and program year. The Marketing Agreement also requires the Company to make annual payments to Monsanto as a contribution against the overall expenses of the consumer Roundup® business. The annual contribution payment is defined in the Marketing Agreement as \$20 million.

Under the terms of the Marketing Agreement, the Company performs certain functions, primarily manufacturing conversion, selling and marketing support, on behalf of Monsanto in the conduct of the consumer Roundup®

business. The actual costs incurred for these activities are charged to and reimbursed by Monsanto, for which the Company recognizes no gross profit or net income. The Company records costs incurred under the Marketing Agreement for which the Company is the primary obligor on a gross basis, recognizing such costs in Cost of sales and the reimbursement of these costs in Net sales, with no effect on gross profit or net income. The related net sales and cost of sales related to these reimbursed costs are \$10.5 million and \$10.0 million for the three-month periods and \$20.0 million and \$18.2 million for the six-month periods ended March 31, 2007 and April 1, 2006, respectively.

Table of Contents

The elements of the net commission earned under the Marketing Agreement and included in Net sales are as follows:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
Gross commission	\$ 21.7	\$ 18.1	\$ 21.4	\$ 18.2
Contribution expenses	(5.0)	(5.0)	(10.0)	(10.0)
Amortization of marketing fee	(0.2)	(0.2)	(0.4)	(0.4)
Net commission income	16.5	12.9	11.0	7.8
Reimbursements associated with Marketing Agreement	10.5	10.0	20.0	18.2
Total net sales associated with Marketing Agreement	\$ 27.0	\$ 22.9	\$ 31.0	\$ 26.0

In consideration for the rights granted to the Company under the Marketing Agreement for North America, the Company was required to pay a marketing fee of \$33 million to Monsanto. The Company has deferred this amount on the basis that the payment will provide a future benefit through commissions that will be earned under the Marketing Agreement. Based on management's current assessment of the likely term of the Marketing Agreement, the useful life over which the marketing fee is being amortized is 20 years.

The Marketing Agreement has no definite term except as it relates to the European Union countries. With respect to the European Union countries, the term of the Marketing Agreement has been extended through September 30, 2008 and may be renewed at the option of both parties for two additional successive terms ending on September 30, 2015 and 2018, with a separate determination being made by the parties at least six months prior to the expiration of each such term as to whether to commence a subsequent renewal term. If Monsanto does not agree to the renewal term with respect to the European Union countries, the commission structure will be renegotiated within the terms of the Marketing Agreement. For countries outside of the European Union, the Marketing Agreement continues indefinitely unless terminated by either party.

The Marketing Agreement provides Monsanto with the right to terminate the Marketing Agreement for an event of default (as defined in the Marketing Agreement) by the Company or a change in control of Monsanto or the sale of the consumer Roundup® business. The Marketing Agreement provides the Company with the right to terminate the Marketing Agreement in certain circumstances including an event of default by Monsanto or the sale of the consumer Roundup® business. Unless Monsanto terminates the Marketing Agreement for an event of default by the Company, Monsanto is required to pay a termination fee to the Company that varies by program year. If Monsanto terminates the Marketing Agreement upon a change of control of Monsanto or the sale of the consumer Roundup® business prior to September 30, 2008, the Company will be entitled to a termination fee in excess of \$100 million. If the Company terminates the Marketing Agreement upon an uncured material breach, material fraud or material willful misconduct by Monsanto, it is entitled to receive a termination fee in excess of \$100 million if the termination occurs prior to September 30, 2008. The termination fee declines over time from \$100 million to a minimum of \$16 million for terminations between September 30, 2008 and September 30, 2018. If Monsanto were to terminate the Marketing Agreement for cause, the Company would not be entitled to any termination fee, and it would lose all, or a significant portion, of the significant source of earnings and overhead expense absorption the Marketing Agreement provides. Monsanto may also be able to terminate the Marketing Agreement within a given region, including North America, without paying a termination fee if sales to consumers in that region decline: (1) over a cumulative three fiscal year period; or (2) by more than 5% for each of two consecutive years.

5. IMPAIRMENT, RESTRUCTURING AND OTHER CHARGES

FISCAL 2007 CHARGES

The Company has not recorded impairment, restructuring and other charges to date in fiscal 2007.

FISCAL 2006 CHARGES

During the three and six month periods ended April 1, 2006, the Company recorded \$1.1 million and \$5.8 million, respectively, of restructuring and other charges relating to our profit improvement plan, consisting primarily of severance and related costs. In addition an impairment charge of \$1.0 million was recorded during the first quarter of fiscal 2006 for a tradename no longer in use in our United Kingdom business.

Table of Contents

The following is the detail of impairment, restructuring and other charges reported in the Condensed, Consolidated Statements of Operations:

	SIX MONTHS ENDED		
	MARCH		
	31,	APRIL 1,	
	2007	2006	
	(IN MILLIONS)		
Restructuring and other charges:			
Severance	\$	\$	4.4
Other related costs			1.4
			5.8
Impairment of other intangibles			1.0
	\$	\$	6.8

The following is a roll-forward of the restructuring and other charges, which are included in Accrued liabilities in the Condensed, Consolidated Statements of Operations.

	SIX MONTHS ENDED		
	MARCH		
	31,	APRIL 1,	
	2007	2006	
	(IN MILLIONS)

Amounts reserved for restructuring and other charges at end of period	\$ 2.2	\$	8.2

6. DEBT

The components of long-term debt as of March 31, 2007, April 1, 2006 and September 30, 2006 are as follows:

	MARCH		SEPTEMBER
	31,	APRIL 1,	30,
	2007	2006	2006
	(IN MILLIONS)		
Credit Facilities:			
Revolving loans	\$ 1,208.8	\$ 849.9	\$ 253.8
Term loans	560.0		
6 5/8% Senior Subordinated Notes		200.0	200.0
Notes due to sellers	14.9	5.6	15.4
Foreign bank borrowings and term loans	14.7	9.1	2.8
Other	8.5	10.9	9.2
	1,806.9	1,075.5	481.2
Less current portions	23.7	11.5	6.0

\$ 1,783.2 \$ 1,064.0 \$ 475.2

In connection with the recapitalization plan discussed in Note 2, Scotts Miracle-Gro and certain of its subsidiaries have entered into the following loan facilities totaling up to \$2.15 billion in the aggregate: (a) a senior secured five-year term loan in the principal amount of \$560 million and (b) a senior secured five-year revolving loan facility in the aggregate principal amount of up to \$1.59 billion. Borrowings may be made in various currencies including United States dollars, Euro dollars, British pounds sterling, Australian dollars and Canadian dollars. The new \$2.15 billion senior secured credit facilities replaced the Company's \$1.05 billion senior credit facility. The representations and warranties, affirmative covenants, negative covenants and events of default under the new credit facilities are similar to the prior facility. The new facility provides for the collateral pledge of certain domestic accounts receivable (exclusive of any sold receivables), inventory, and equipment.

The new credit facilities have several borrowing options, including interest rates that are based on (i) a LIBOR rate plus a margin based on a Leverage Ratio (as defined) or (ii) the greater of the prime rate or the Federal Funds Effective Rate (as defined) plus 1/2 of 1% plus a margin based on a Leverage Ratio. Commitment fees are paid quarterly and are calculated as an amount equal to the product of a rate based on a Leverage Ratio (as defined) and the average daily unused portion of both the revolving and term credit facilities. Amounts outstanding under the new credit facilities at March 31, 2007 were at interest rates based on LIBOR applicable to the borrowed currencies plus 125 basis points.

Table of Contents

On January 10, 2007, the Company also launched a cash tender offer for any and all of its outstanding 6 5/8% senior subordinated notes due 2013 in an aggregate principal amount of \$200 million. Substantially all of the 6 5/8% senior subordinated notes were repurchased under the terms of the tender offer on February 14, 2007. The remaining senior subordinated notes not tendered were subsequently called and repurchased on March 26, 2007. Proceeds from the new credit facilities were used to fund the repurchase of the 6 5/8% senior subordinated notes, at an aggregate cost of \$209.6 million including an early redemption premium.

At March 31, 2007, the Company had outstanding interest rate swaps with major financial institutions that effectively converted a portion of our variable-rate debt denominated in the Euro dollar, British pound and U.S. dollar to a fixed rate. The swaps agreements have a total U.S. dollar equivalent notional amount of \$713.9 million. The terms, expiration date and rates of these swaps are shown in the table below.

CURRENCY	NOTIONAL AMOUNT		TERMS	EXPIRATION DATE	FIXED RATE
	IN USD				
British pound	\$	56.7	3 years	11/17/2008	4.76%
Euro dollar		57.2	3 years	11/17/2008	2.98%
US dollar		200.0	2 years	3/31/2009	4.90%
US dollar		200.0	3 years	3/31/2010	4.89%
US dollar		200.0	5 years	2/14/2012	5.20%

The Company has recorded a charge of \$18.3 million (including approximately \$8.0 million of noncash charges associated with the write-off of deferred financing costs) during the second quarter of fiscal 2007 relating to the refinancing of the \$1.05 billion senior credit facility and the repurchase of the 6 5/8% senior subordinated notes.

Subsequent Event Master Accounts Receivable Purchase Agreement

On April 11, 2007, the Company entered into a Master Accounts Receivable Purchase Agreement (the MARP Agreement) with two banks with a stated termination date of April 10, 2008. The MARP Agreement provides for the sale, on a revolving basis, of account receivables generated by specified account debtors, with seasonally adjusted monthly aggregate limits ranging from \$55 million to \$300 million. The MARP Agreement also provides for specified account debtor sublimit amounts, which provide limits on the amount of receivables owed by individual account debtors that can be sold to the banks.

The MARP Agreement provides that although the specified receivables will be sold to the banks, the banks have the right to require the Company to repurchase uncollected receivables if certain events occur, including the breach of certain covenants, warranty or representation made by the Company with respect to such receivables. However, the banks do not have the right to require the Company to repurchase any uncollected receivables if nonpayment is due to the account debtor's financial inability to pay. The Company has the right at any time to repurchase any receivables which have been sold to the banks pursuant to the MARP Agreement. The banks will receive a discount on the adjusted amount (primarily reflecting historical dilution and potential trade credits) of the receivables purchased, which will effectively be equal to the 30-day LIBOR rate plus a margin of .65% per annum. The Company will continue to be responsible for the servicing and administration of the receivables purchased by the banks as agent and trustee for the banks.

The Company will account for advances under the Agreement as short-term debt, in accordance with SFAS 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, primarily as a result of the Company's right to repurchase receivables sold to the banks.

7. COMPREHENSIVE INCOME

The components of other comprehensive income and total comprehensive income for the three and six month periods ended March 31, 2007 and April 1, 2006, are as follows:

Table of Contents

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
Net income	\$ 83.4	\$ 94.8	\$ 24.0	\$ 42.1
Other comprehensive income:				
Change in minimum pension liability			(0.4)	
Change in valuation of derivative instruments	(2.5)	0.4		0.2
Foreign currency translation adjustments	2.9	0.1	1.2	0.6
Comprehensive income	\$ 83.8	\$ 95.3	\$ 24.8	\$ 42.9

8. RETIREMENT AND RETIREE MEDICAL PLANS COST INFORMATION

The following summarizes the net periodic benefit cost for the various retirement and retiree medical plans sponsored by the Company:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
Frozen defined benefit plans	\$ 0.4	\$ 0.5	\$ 0.9	\$ 0.9
International benefit plans	2.0	2.3	3.8	4.2
Retiree medical plan	0.7	0.8	1.3	1.6

9. STOCK-BASED COMPENSATION AWARDS

The following is a recap of the share-based awards granted over the periods indicated:

	SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006
Key employees		
Options	1,674,247	763,400
Performance shares		30,000
Restricted stock	191,300	159,800
Board of Directors Options	329,649	126,000
Total share-based awards	2,195,196	1,079,200

Aggregate fair value at grant dates (in millions) \$ 28.6 \$ 19.0

As discussed in Note 2, the Company consummated a series of transactions as part of a recapitalization plan in the quarter ended March 31, 2007. The payment of a special dividend is a recapitalization or adjustment event under the Company's share-based awards programs. As such, it was necessary to adjust the number of shares subject to stock options and stock appreciation rights outstanding at the time of the dividend, as well as the price at which such awards may be exercised. The adjustments to the outstanding awards resulted in an increase in the number of common shares

subject to outstanding stock options and stock appreciation rights awards in an aggregate amount of 1.1 million common shares. The methodology used to adjust the awards was consistent with IRS Code Section 409A and the then proposed regulations promulgated thereunder and IRC Section 424 and the regulations promulgated thereunder, compliance with which was necessary to avoid adverse tax issues for the holder of an award. Such methodology also results in a fair value for the adjusted awards post-dividend equal to that of the unadjusted awards pre-dividend, with the result that there is no additional compensation expense in accordance with the accounting for modifications to awards under SFAS 123R, Share-Based Payment.

As of March 31, 2007, Scotts Miracle-Gro had approximately 3.0 million common shares not subject to outstanding awards and available in support of the grant of new share-based awards.

Total share-based compensation and the tax benefit recognized in compensation expense were as follows for the period indicated (in millions):

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH	APRIL 1,	MARCH	APRIL 1,
	31, 2007	2006	31, 2007	2006
Share-based compensation	\$5.9	\$ 4.4	\$ 10.0	\$8.7
Tax benefit recognized	2.1	1.6	3.6	3.2
	14			

Table of Contents**Stock Options/SARs**

Aggregate option and stock appreciation right award activity consists of the following (options/SARs in millions):

	SIX MONTHS ENDED			
	MARCH 31, 2007		APRIL 1, 2006	
	No. of	WTD.	No. of	WTD.
	Options/ SARs	Avg. Exercise Price	Options/ SARs	Avg. Exercise Price
Balance beginning of fiscal year	6.2	\$26.09	6.4	\$23.09
Granted	0.9	\$39.48	0.9	\$43.74
Additional awards due to recapitalization	1.1	\$25.90		
Exercised	(1.4)	\$20.48	(0.7)	\$20.59
Forfeited			(0.1)	\$31.83
Ending balance	6.8	\$26.04	6.5	\$26.06
Exercisable	4.5	\$21.59	3.8	\$19.59

The weighted average exercise price for awards granted during fiscal 2007 has been adjusted for the recapitalization as discussed above. The weighted average exercise price for awards outstanding and awards exercisable at March 31, 2007 also reflects the adjustment.

The intrinsic value of the options and stock appreciation right awards outstanding and exercisable were as follows for the dates indicated (in millions):

	MARCH 31, 2007	APRIL 1, 2006
Outstanding	\$ 122.3	\$ 128.1
Exercisable	101.0	99.4

The fair value of each award granted has been estimated on the grant date using a binomial model using the assumptions noted in the following table. Expected market price volatility is based on implied volatilities from traded options on Scotts Miracle-Gro's common shares and historical volatility on Scotts Miracle-Gro's common shares. Historical data, including demographic factors impacting historical exercise behavior, is used to estimate the expected life of an option (the average period of time an option is held before exercise), option exercise and employee termination within the valuation model. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The weighted average assumptions for those awards granted during the periods indicated, are as follows:

	SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006
Expected market price volatility	26.3%	23.0%
Risk-free interest rates	4.8%	4.4%
Expected dividend yield	1.1%	1.2%
Expected life of options/SARs	5.83	6.19
Estimated weighted-average grant-date fair value per share of options/SARs	\$ 12.05	\$ 12.09

Restricted Stock

Aggregate restricted stock award activity is as follows:

WTD Avg.

	No. of Shares	Grant Date Fair Value Per Share
Nonvested balance at September 30, 2006	302,795	\$ 39.26
Granted	191,300	45.68
Vested	(94,665)	33.21
Forfeited	(8,100)	46.17
Nonvested balance at March 31, 2007	391,330	\$ 43.72

Table of Contents

As of March 31, 2007, there was \$24.5 million of total unrecognized compensation cost related to nonvested share-based compensation arrangements; that cost is expected to be recognized over a weighted-average period of 2.6 years. Unearned compensation is amortized over the vesting period for the particular grant and is recognized as a component of Selling, general and administrative expense within the Condensed, Consolidated Statements of Operations.

The total intrinsic value of stock options exercised was \$45.0 million and the total fair value of restricted stock vested was \$4.6 million during the six months ended March 31, 2007.

Cash received from option exercises under all share-based payment arrangements during the six months ended March 31, 2007 was \$21.8 million.

10. CONTINGENCIES

Management continually evaluates the Company's contingencies, including various lawsuits and claims which arise in the normal course of business, product and general liabilities, worker's compensation, property losses and other fiduciary liabilities for which the Company is self-insured or retains a high exposure limit. Self-insurance reserves are established based on actuarial estimates. Legal costs incurred in connection with the resolution of claims, lawsuits and other contingencies generally are expensed as incurred. In the opinion of management, its assessment of contingencies is reasonable and related reserves, in the aggregate, are adequate; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by final resolution of these matters. The following matters are the more significant of the Company's identified contingencies.

Environmental Matters

In 1997, the Ohio Environmental Protection Agency (the Ohio EPA) initiated an enforcement action against the Company with respect to alleged surface water violations and inadequate treatment capabilities at the Marysville, Ohio facility and seeking corrective action under the federal Resource Conservation and Recovery Act. The action related to discharges from on-site waste water treatment and several discontinued on-site disposal areas.

Pursuant to a Consent Order entered by the Union County Common Pleas Court in 2002, the Company is actively engaged in restoring the site to eliminate exposure to waste materials from the discontinued on-site disposal areas.

At March 31, 2007, \$2.9 million was accrued for environmental and regulatory matters, primarily related to the Marysville facility. Most of the accrued costs are expected to be paid in fiscal 2007; however, payments could be made for a period thereafter. While the amounts accrued are believed to be adequate to cover known environmental exposures based on current facts and estimates of likely outcome, the adequacy of these accruals is based on several significant assumptions:

that all significant sites that must be remediated have been identified;

that there are no significant conditions of contamination that are unknown to us; and

that with respect to the agreed judicial Consent Order in Ohio, the potentially contaminated soil can be remediated in place rather than having to be removed and only specific stream segments will require remediation as opposed to the entire stream.

If there is a significant change in the facts and circumstances surrounding these assumptions, it could have a material impact on the ultimate outcome of these matters and our results of operations, financial position and cash flows.

On April 27, 2007, the Company received a proposed Order On Consent from the New York State Department of Environmental Conservation (the Proposed Order) alleging that during the calendar year 2003, the Company and James Hagedorn, individually and as Chairman of the Board and the Chief Executive Officer of the Company, unlawfully donated to a Port Washington, New York youth sports organization forty bags of Scotts® LawnPro Annual Program Step 3 Insect Control Plus Fertilizer which, while federally registered, was allegedly not registered in the state of New York. The Proposed Order requests penalties totaling \$695,000. The Company is currently investigating this matter.

Table of Contents

U.S. Horticultural Supply, Inc. (F/K/A E.C. Geiger, Inc.)

On November 5, 2004, U.S. Horticultural Supply, Inc. (Geiger) filed suit against the Company in the U.S. District Court for the Eastern District of Pennsylvania. The complaint alleges that the Company conspired with another distributor, Griffin Greenhouse Supplies, Inc., to restrain trade in the horticultural products market, in violation of Section 1 of the Sherman Antitrust Act. Geiger has not specified the amount of monetary damages it is seeking. On June 2, 2006, the Court denied the Company s motion to dismiss the complaint. Fact discovery ended on March 8, 2007. The Company is currently engaged in expert discovery, the deadline for completion of which is October 19, 2007. The deadline for dispositive motions is November 19, 2007.

The Company intends to vigorously defend against Geiger s claims. The Company believes that Geiger s claims are without merit and that the likelihood of an unfavorable outcome is remote. Therefore, no accrual has been established related to this matter. However, the Company cannot predict the ultimate outcome with certainty. If the above action is determined adversely to the Company, the result could have a material adverse effect on the Company s results of operations, financial position and cash flows. Because Geiger has not specified an amount of monetary damages in the case (which may be trebled under the antitrust statutes) and discovery has not yet concluded, any potential exposure that the Company may face cannot be reasonably estimated at this time.

Other

The Company has been named a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company s historic use of vermiculite in certain of its products. The complaints in these cases generally are not specific about the plaintiffs contacts with the Company or its products. The Company in each case is one of numerous defendants and none of the claims seeks damages from the Company alone. The Company believes that the claims against it are without merit and is vigorously defending against them. It is not currently possible to reasonably estimate a probable loss, if any, associated with the cases and, accordingly, no accrual or reserves have been recorded in the consolidated financial statements. There can be no assurance that these cases, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material adverse effect on the Company s financial condition, results of operations and cash flows.

The Company is reviewing agreements and policies that may provide insurance coverage or indemnity as to these claims and is pursuing coverage under some of these agreements, although there can be no assurance of the results of these efforts.

The Company is involved in other lawsuits and claims which arise in the normal course of business. These claims individually and in the aggregate are not expected to result in a material adverse effect on the Company s results of operations, financial position or cash flows.

11. ACQUISITIONS

The Company continues to view strategic acquisitions as a means to enhance the core businesses. During fiscal 2006, the Company made the following acquisitions:

June 2006 - Certain brands and assets of Landmark Seed Company (professional seed and turfgrasses)

May 2006 - Certain brands and assets of Turf-Seed, Inc. (commercial turfgrasses)

November 2005 - All the outstanding shares of Gutwein & Co., Inc. (wild bird food)

October 2005 - All the outstanding shares of Rod McLellan Company (soil and landscape products).

These acquisitions required cash outlays of \$115.0 million, the assumption of \$17.0 million in liabilities and deferred payments, and a commitment to pay in 2012 consideration based on future performance that may approximate \$15.0 million

The Company also continues to invest in the growth of the Scotts LawnService® business. The Company invested \$7.7 million and \$4.0 million in aquisitions during the first six months of fiscal 2007 and 2006, respectively.

Table of Contents

12. SEGMENT INFORMATION

The Company is divided into the following segments North America, Scotts LawnService®, International, and Corporate & Other. This division of reportable segments is consistent with how the segments report to and are managed by the chief operating decision makers of the Company. The following table presents segment financial information in accordance with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. Pursuant to SFAS No. 131, the presentation of the segment financial information is consistent with the basis used by management (i.e., certain costs not allocated to business segments for internal management reporting purposes are not allocated for purposes of this presentation). Certain reclassifications were made to prior period amounts to reflect the inclusion of biotech costs and certain other items in the Corporate and Other segment instead of the North America segment to be consistent with fiscal 2007 reporting.

	\$ 3,042.8	\$ 2,859.4	\$ 2,217.6

Segment operating income or loss represents earnings before amortization of intangible assets, interest and taxes, since this is the measure of profitability used by management. The Corporate & Other operating loss for the three and six month periods ended March 31, 2007 and April 1, 2006 includes unallocated corporate general and administrative expenses, and certain other income/expense items not allocated to the business segments.

Total assets reported for the Company's operating segments include the intangible assets for the acquired businesses within those segments. Corporate & Other assets primarily include deferred financing and debt issuance costs, corporate intangible assets, deferred tax assets and Smith & Hawken® assets.

Liquidity and capital resources

Executive Summary

We are dedicated to delivering strong, consistent financial results and outstanding shareholder returns by providing consumers with products of superior quality and value to enhance their outdoor living environments. We are a leading manufacturer and marketer of consumer branded products for lawn and garden care and professional horticulture in North America and Europe. We are Monsanto's exclusive agent for the marketing and distribution of consumer Roundup® non-selective herbicide products within the United States and other contractually specified countries. We entered the North America wild bird food category with the acquisition of Gutwein & Co. Inc. (Gutwein) in November 2005 and the outdoor living category with the acquisition of Smith & Hawken in October 2004. We have a presence in Australia, the Far East, Latin America and South America. In the United States, we operate the second largest residential lawn service business, Scotts LawnService®. In fiscal 2007, our operations are divided into the following reportable segments: North America, Scotts LawnService®, International, and Corporate & Other. The Corporate & Other segment consists of our Smith & Hawken® business and corporate general and administrative expenses.

As a leading consumer branded lawn and garden company, we focus our marketing efforts, including advertising and consumer research, on creating consumer demand to pull products through the retail distribution channels. In the past three years, we have spent approximately 5% of our net sales annually on media advertising to support and promote our products and brands. We have applied this consumer marketing focus for the past several years, and believe that we receive a significant return on these marketing expenditures. We expect to continue our marketing efforts focused toward the consumer and make additional targeted investments in consumer marketing in the future to continue to drive sales and market share growth.

Our sales are susceptible to global weather conditions. For instance, periods of wet weather can adversely impact sales of certain products, while increasing demand for other products. We believe that our diversified product line provides some mitigation to this risk. We also believe that our broad geographic diversification further reduces this risk.

	Percent Net Sales by Quarter		
	2006	2005	2004
First Quarter	9.3%	10.4%	8.7%
Second Quarter	33.6%	34.3%	35.2%
Third Quarter	38.9%	38.0%	38.2%
Fourth Quarter	18.2%	17.3%	17.9%

Due to the nature of our lawn and garden business, significant portions of our shipments occur in the second and third fiscal quarters. Over the past few years, retailers have reduced their pre-season inventories by relying on us to deliver products in season when consumers buy our products.

Management focuses on a variety of key indicators and operating metrics to monitor the health and performance of our business. These metrics include consumer purchases (point-of-sale data), market share, net sales (including volume, pricing and foreign exchange), gross profit margins, income from operations, net income and earnings per share. To the extent applicable, these measures are evaluated with and without impairment, restructuring and other charges. We also focus on measures to optimize cash flow and return on invested capital, including the management

of working capital and capital expenditures.

Table of Contents

Given the Company's strong performance and consistent cash flows, our Board of Directors has undertaken several actions over the past two years to return cash to our shareholders. We began paying a quarterly cash dividend of 12.5 cents per share in the fourth quarter of fiscal 2005. In fiscal 2006, our Board launched a five-year \$500 million share repurchase program pursuant to which we repurchased 2.0 million common shares for \$87.9 million during fiscal 2006. Most recently, on December 12, 2006, the Company announced a recapitalization plan to return \$750 million to the Company's shareholders. This plan expanded and accelerated the previously announced five-year \$500 million share repurchase program (which was canceled). Pursuant to the recapitalization plan, on February 14, 2007, the Company completed a modified Dutch auction tender offer, resulting in the repurchase of 4.5 million of the Company's common shares for an aggregate purchase price of \$245.5 million (\$54.50 per share). On February 16, 2007, the Company's Board of Directors declared a special one-time cash dividend of \$8.00 per share (\$508 million in the aggregate) which was paid on March 5, 2007, to shareholders of record on February 26, 2007.

In order to fund these transactions, the Company entered into new credit facilities aggregating \$2.15 billion and terminated its prior credit facility. As part of this debt restructuring, the Company also conducted a cash tender offer for any and all of its outstanding 6 5/8% senior subordinated notes in an aggregate principal amount of \$200 million. Reference should be made to Note 6, Debt for further information as to the new credit facilities and the repayment and termination of the prior credit facility and the 6 5/8% senior subordinated notes.

The actions described above reflect management's confidence in the continued growth of the Company coupled with strong and consistent cash flows that can support the higher levels of debt incurred to finance these actions. Even with an increase in borrowings under the new credit facilities, we believe we will maintain the capacity to pursue targeted, strategic acquisitions that leverage our core competencies.

RESULTS OF OPERATIONS

The following table sets forth the components of income and expense as a percentage of net sales for the three and six month periods ended March 31, 2007 and April 1, 2006:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007 (UNAUDITED)	APRIL 1, 2006 (UNAUDITED)	MARCH 31, 2007 (UNAUDITED)	APRIL 1, 2006 (UNAUDITED)
Net sales	100.0%	100.0%	100.0%	100.0%
Cost of sales	62.9	61.8	66.5	65.4
Gross profit	37.1	38.2	33.5	34.6
Operating expenses:				
Selling, general and administrative	20.4	20.2	27.3	26.7
Impairment, restructuring and other charges		0.1		0.6
Other expense (income), net	(0.1)	(0.1)	(0.3)	(0.2)
Income from operations	16.8	18.0	6.5	7.5
Costs related to refinancing	1.9		1.4	
Interest expense	1.8	1.4	2.1	1.7
Income before income taxes	13.1	16.6	3.0	5.8
Income taxes	4.7	6.1	1.1	2.1
Income from continuing operations	8.4	10.5	1.9	3.7

Net sales for the second quarter and first six months of fiscal 2007, grew 9.5% and 9.3%, respectively, versus the comparable periods of fiscal 2006. The impact of foreign exchange rates reduced sales growth for the second quarter and first six months by 190 basis points and 210 basis points, respectively. Recent acquisitions favorably impacted sales growth for the second quarter by 1.0% and for the first six months by 2.1%. Excluding acquisitions and foreign exchange, sales for the quarter and first six months increased \$58.4 million or 6.6% and \$59.0 million or 5.1%, respectively, due to strong performance in every business. Our North America segment saw solid growth in nearly every category, international sales to date are tracking to the high end of our full-year expectations, Smith & Hawken® increased sales, while Scotts LawnService® has grown revenues in the face of early season weather challenges that have impacted service schedules and customer acquisition activities. In recent years, net sales for our second quarter typically comprise between 34% to 36% of our total fiscal year net sales, while sales for the first six months have comprised 43% to 45%. There can be no assurance that a similar sales trend will occur for our full fiscal 2007 year.

As a percentage of net sales, gross profit was 37.1% for the second quarter of fiscal 2007 compared to 38.2% for second quarter of fiscal 2006. For the first six months of fiscal 2007, our gross profit percentage declined to 33.5% from 34.6% in the comparable period

Table of Contents

of fiscal 2006. Most of the fiscal 2007 margin decrease was anticipated and is being driven by a combination of costs, acquisitions, and mix. Commodity costs continue to be volatile and have generally increased over the course of the year. These increases were planned for, with a variety of actions taken to mitigate the effects, including increasing prices of our products to offset the impact of input cost increases. Other actions include hedging, opportunistic purchasing and flexible production schedules. Fiscal 2006 strategic acquisitions of wild bird food in the first quarter and grass seed in the third quarter are dilutive to our overall gross margin rates. Finally, product mix is having a dilutive effect as we are growing relatively less profitable categories faster than others, though steadily increasing the rate of profitability within these categories.

Selling, General and Administrative

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
	(UNAUDITED)		(UNAUDITED)	
Advertising	\$ 50.3	\$ 49.7	\$ 63.7	\$ 64.5
Other selling, general and administrative	148.9	129.9	274.2	237.8
Amortization of intangibles	3.8	3.6	7.3	6.9
	\$ 203.0	\$ 183.2	\$ 345.2	\$ 309.2

Other SG&A expenses increased \$19.0 million to \$148.9 million in the second quarter and \$36.4 million to \$274.2 million for the first six months of fiscal 2007. Other SG&A expenses for the second quarter and first six months of fiscal 2006 reflect a \$9.1 million and \$10.0 million benefit, respectively, from an insurance recovery relating to past legal costs incurred in our defense of lawsuits regarding our use of vermiculite contaminated with asbestos. Increases in other SG&A spending occurred in our rapidly expanding Scotts LawnService® business in the amount of \$3.4 million for the second quarter and \$7.9 million for the first six months. Other SG&A expense increases of \$2.4 million and \$4.9 million in for the second quarter and year-to-date period, respectively, are due to foreign exchange.

Impairment, Restructuring and Other Charges, net:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
	(UNAUDITED)		(UNAUDITED)	
Impairment charges	\$	\$	\$	\$ 1.0
Restructuring severance and related		1.0		5.7
	\$	\$ 1.0	\$	\$ 6.7

The Company performs its annual impairment analysis of indefinite-lived intangibles and goodwill during the first quarter of the fiscal year. The impairment analysis for the first quarter of fiscal 2007 indicated that no impairment charges were required. The \$1.0 million charge recorded in the first quarter of fiscal 2006 related to a trademark written off in the United Kingdom. Restructuring activities during fiscal 2006 related to further organizational

adjustments associated with Project Excellence initiated in the third quarter of fiscal 2005.

Interest expense for the second quarter and first six months of fiscal 2007 was \$17.9 million and \$26.1 million, respectively, compared to \$12.5 million and \$19.6 million for the second quarter and first six months of fiscal 2006. The increase in interest expense for the year-to-date period was driven by a \$149.0 million increase in average borrowings resulting from the recapitalization transactions that were consummated during the second quarter of fiscal 2007. A 60 basis point increase in our weighted average interest rate as compared to the prior year drove the balance of the increases. This increase in rate resulted from our increased leverage and higher LIBOR rates in general. We also recorded \$18.3 million in costs related to the refinancing undertaken to facilitate the recapitalization transactions.

Income tax expense was calculated assuming an effective tax rate of 36.0% for the first half of fiscal 2007, versus 37.0% for the comparable period in fiscal 2006. The effective tax rate used for interim reporting purposes is based on management's best estimate of factors impacting the effective tax rate for the fiscal year. Factors affecting the estimated rate include assumptions as to income by jurisdiction (domestic and foreign), the availability and utilization of tax credits, the existence of elements of income and expense that may not be taxable or deductible, as well as other items. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year end. The estimated effective tax rate is subject to revision in later interim periods and at fiscal year end as facts and circumstances change during the course of the fiscal year.

Table of Contents

Diluted average common shares used in the diluted earnings per common share calculation decreased from 69.6 million for the quarter and 70.0 million for the six months ended April 1, 2006 to 67.8 million for the quarter and 68.4 million for the six months ended March 31, 2007. These decreases are attributable to the 4.5 million common shares repurchased as part of the recapitalization consummated during the second quarter of fiscal 2007, weighted for the period outstanding, and offset by shares issued upon the exercise of share-based awards and the vesting of restricted stock. Diluted average common shares also include 1.7 and 1.8 million equivalent shares for the quarter and year-to-date periods in fiscal 2007 to reflect the effect of the assumed conversion of dilutive stock options and awards. Equivalent common shares used in fiscal 2006 were 2.1 million for both the quarter and the year-to-date period.

SEGMENT RESULTS

Consistent with fiscal 2006, our fiscal 2007 operations are divided into the following reportable segments: North America (including Morning Song®), Scotts LawnService®, International, and Corporate & Other. The Corporate & Other segment consists of Smith & Hawken®, and corporate general and administrative expenses. Segment performance is evaluated based on several factors, including income from operations before amortization, and impairment, restructuring and other charges, which is a non-GAAP measure. Management uses this measure of operating profit to gauge segment performance because we believe this measure is the most indicative of performance trends and the overall earnings potential of each segment.

The following table sets forth net sales by segment:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
	(UNAUDITED)		(UNAUDITED)	
North America	\$ 753.9	\$ 700.5	\$ 891.5	\$ 826.2
Scotts LawnService®	33.7	29.8	59.5	53.4
International	175.5	150.2	238.9	208.5
Corporate & other	30.2	27.0	74.6	68.9
	\$ 993.3	\$ 907.5	\$ 1,264.5	\$ 1,157.0

The following table sets forth operating income by segment:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	MARCH 31, 2007	APRIL 1, 2006	MARCH 31, 2007	APRIL 1, 2006
	(IN MILLIONS)		(IN MILLIONS)	
	(UNAUDITED)		(UNAUDITED)	
North America	\$ 189.8	\$ 182.4	\$ 160.0	\$ 155.1
Scotts LawnService®	(16.7)	(13.6)	(33.1)	(24.9)
International	31.4	24.6	23.5	19.4

Impairment of intangibles				(1.0)
Restructuring and other charges		(1.1)		(5.8)
	\$ 166.5	\$ 163.0	\$ 81.9	\$ 86.4

North America

North America segment net sales were \$753.9 million in the quarter and \$891.5 million for the first six months of fiscal 2007, an increase of 7.6% and 7.9% from the quarter and first six months of fiscal 2006, respectively. Excluding the impact of the acquisitions, North America sales increased 6.4% and 5.1% for the quarter and first six months of fiscal 2007, respectively. This segment experienced solid growth in nearly every category. Lawn and garden fertilizers, growing media, and controls drove the increase which was partially offset by a decline in plant foods as there was a significant inventory fill at retailers in the second quarter of fiscal 2006 relating to last year's major launch of LiquaFeed®.

Table of Contents

Operating income generated by the North America segment improved by \$7.4 million and \$4.9 million in the quarter and first six months of fiscal 2007, respectively. An increase in net sales drove an increase in gross margin dollars, however, gross margin rates for the quarter and year-to-date periods decreased by approximately 100 basis points. Commodity and fuel cost increases and a sales mix that included a higher percentage of lower margin products than in the comparable periods of the prior year also served to reduce margins. SG&A spending, including media advertising, increased 6.7% for the quarter and 7.0% for the year-to-date period largely in accordance with plan.

Scotts LawnService®

Compared to the same periods in the prior fiscal year, Scotts LawnService® revenues increased 13.1% to \$33.7 million in the second quarter of fiscal 2007 and 11.4% to \$59.5 million in first six months of fiscal 2007. The increases for the quarter and year-to-date periods are attributable to a 14% increase in customer count offset by the impact of difficult weather conditions in the second quarter, particularly in the east and midwest, and the timing of applications completed in the first quarter of fiscal 2007 versus the prior year.

The increase in operating loss for Scotts LawnService® in the second quarter and first six months of fiscal 2007 is primarily attributable to higher planned SG&A spending as the business continues its rapid growth track, coupled with infrastructure costs that were built to handle a higher level of sales than experienced due to the factors noted above.

International

Net sales for the International segment in the second quarter and first six months of fiscal 2007 were \$175.5 million and \$238.9 million, respectively, a increase of 16.8% and 14.6%, versus the second quarter and first six months of fiscal 2006. Excluding the effect of exchange rates, net sales increased by 5.9% and 3.7% for the second quarter and first six months, respectively. All three major consumer markets (the U.K., France, and Germany) saw solid sales growth in the second quarter of fiscal 2007 as spring weather has been excellent in most markets and the watering ban that hurt sales in the U.K. in fiscal 2006 has been lifted. Consumer purchases of our products were up nearly 70% in the U.K. and 10% in France in the second fiscal quarter. This segment also remains on plan for an \$8.0 million sales contribution during fiscal 2007 from the successful launch of LiquaFeed®, mirroring our success in launching this product in the U.S. last year. Strong growth in the growing media business is also being seen across all of Europe.

Investments in the international supply chain are also beginning to pay off. So far in fiscal 2007, service levels across Europe are at or above 99%, compared to the low 90% range a year ago. We believe, that like in the U.S., our supply chain is becoming a key competitive advantage in Europe.

Driven by top-line sales growth, operating income for the quarter and first six months of fiscal 2007 increased by \$6.8 million and \$4.1 million, respectively.

Corporate & Other

Net sales for this segment increased \$3.2 million for the quarter and \$5.7 million year to date. These increases are primarily due to our Smith & Hawken® business which saw an 11.4% sales gain for the quarter and 8.3% for the year-to-date period. Double-digit growth in both our retail stores and business-to-business channel during the quarter were the drivers behind this growth. We continue to see strong results from our new and larger store format and are encouraged by the consumer response to our new merchandising strategy. We are optimistic about the strong growth in our patio furniture business with its broader array of products this season. We are also seeing strong consumer response to our improved selection of garden tools and the overall gardening theme that is now evident in our stores. These sales gains were partially offset by declines in the direct to consumer business, which includes both catalog and internet sales. As with our core business, the third quarter is pivotal to the year.

The operating loss for Corporate & Other increased by \$8.5 million in the quarter and \$11.7 million for the first six months of fiscal 2007. This increase is primarily attributable to an insurance recovery relating to past legal costs incurred in our defense of lawsuits regarding our use of vermiculite contaminated with asbestos that positively impacted SG&A expenses in the amount of \$9.1 million and \$10.0 million, respectively, for the second quarter and first six months of fiscal 2006.

Table of Contents**LIQUIDITY AND CAPITAL RESOURCES**

Cash used in operating activities was \$519.7 million and \$558.7 million for the six months ended March 31, 2007 and April 1, 2006, respectively. The use of cash in the first six months of our fiscal year is due to the seasonal nature of our operations. We build up inventories in preparation for the spring selling season and accounts receivable increase significantly due to heavy March shipments. The reduction in the use of cash for operating activities during fiscal 2007 as compared to fiscal 2006 was due primarily to a lower level of inventory builds in fiscal 2007 due to higher levels of inventory on hand as we entered the current fiscal year.

Cash used in investing activities was \$36.0 million and \$128.6 million for the six months ended March 31, 2007 and April 1, 2006, respectively. Our acquisitions of Gutwein and RMC required a net cash outlay of approximately \$97.7 million in the first half of 2006, which were financed with borrowings under our existing lines of credit. Acquisition activity in the first half of fiscal 2007 was insignificant, with \$6.3 million spent on acquisitions relating to our Scotts LawnService® business. Other capital spending on property, plant and equipment done in the normal course of business was fairly consistent, with \$30.1 million spent during the first half of fiscal 2007 as compared to the \$26.6 million spent in the first half of fiscal 2006.

Financing activities provided cash of \$547.8 million and \$634.9 million for the six months ended March 31, 2007 and April 1, 2006, respectively. Financing needs were higher in the first half of fiscal 2006 as compared to fiscal 2007 due to acquisitions. While cash used in operating activities was also higher in the first half of fiscal 2006 as compared to fiscal 2007, utilization of existing cash balances financed this need.

Our recapitalization plan that was consummated during the second quarter of fiscal 2007 returned \$750 million to shareholders. In addition, we repurchased all of our 6 5/8% senior subordinated notes in an aggregate principal amount of \$200 million. These actions were financed by replacing, effective February 7, 2007, our prior Revolving Credit Agreement with new senior secured \$2.15 billion multicurrency credit facilities that provide for revolving credit and term loans through February 7, 2012.

At March 31, 2007, the Company had outstanding interest rate swaps with major financial institutions that effectively converted a portion of our variable-rate debt denominated in the Euro dollar, British pound and U.S. dollar to a fixed rate. The swaps agreements have a total U.S. dollar equivalent notional amount of \$713.9 million. The terms, expiration date and rates of these swaps are shown in the table below.

CURRENCY	NOTIONAL AMOUNT		TERMS	EXPIRATION DATE	FIXED RATE
	IN USD				
British pound	\$	56.7	3 years	11/17/2008	4.76%
Euro dollar		57.2	3 years	11/17/2008	2.98%
US dollar		200.0	2 years	3/31/2009	4.90%
US dollar		200.0	3 years	3/31/2010	4.89%
US dollar		200.0	5 years	2/14/2012	5.20%

As of March 31, 2007, there was \$380.4 million of availability under our credit facilities and we were in compliance with all debt covenants. Our primary sources of liquidity are cash generated by operations and borrowings under our credit facilities. We believe our new facilities will continue to provide the Company with the capacity to pursue targeted, strategic acquisitions that leverage our core competencies.

Subsequent to the end of our second fiscal quarter, we entered into a Master Accounts Receivable Purchase Agreement (the MARP Agreement) with two banks with a stated termination date of April 10, 2008 as permitted under our credit facilities. The MARP Agreement was entered into as it provides an interest rate savings of 60 basis points as compared to borrowing under our new senior secured credit facilities. The MARP Agreement provides for the sale, on a revolving basis, of account receivables generated by specified account debtors, with seasonally adjusted monthly aggregate limits ranging from \$55 million to \$300 million. The MARP Agreement also provides for specified account debtor sublimit amounts, which provide limits on the amount of receivables owed by individual account debtors that can be sold to the banks.

We are party to various pending judicial and administrative proceedings arising in the ordinary course of business. These include, among others, proceedings based on accidents or product liability claims and alleged violations of environmental laws. We have reviewed our pending environmental and legal proceedings, including the probable outcomes, reasonably anticipated costs and expenses, reviewed the availability and limits of our insurance coverage and have established what we believe to be appropriate reserves. We do not believe that any liabilities that may result from these proceedings are reasonably likely to have a material adverse effect on our liquidity, financial condition or results of operations; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by final resolution of these matters.

In our opinion, cash flows from operations and capital resources will be sufficient to meet debt service and working capital needs during fiscal 2007 and thereafter for the foreseeable future. However, we cannot ensure that our business will generate sufficient cash flow from operations or that future borrowings will be available under our credit facilities in amounts sufficient to pay indebtedness or fund other liquidity needs. Actual results of operations will depend on numerous factors, many of which are beyond our control.

Table of Contents

ENVIRONMENTAL MATTERS

We are subject to local, state, federal and foreign environmental protection laws and regulations with respect to our business operations and believe we are operating in substantial compliance with, or taking actions aimed at ensuring compliance with, such laws and regulations. We are involved in several legal actions with various governmental agencies related to environmental matters. While it is difficult to quantify the potential financial impact of actions involving environmental matters, particularly remediation costs at waste disposal sites and future capital expenditures for environmental control equipment, in the opinion of management, the ultimate liability arising from such environmental matters, taking into account established reserves, should not have a material adverse effect on our financial position. However, there can be no assurance that the resolution of these matters will not materially affect our future quarterly or annual results of operations, financial condition or cash flows. Additional information on environmental matters affecting us is provided in the fiscal 2006 Annual Report on Form 10-K under ITEM 1. BUSINESS Environmental and Regulatory Considerations, ITEM 1. BUSINESS Regulatory Actions and ITEM 3. LEGAL PROCEEDINGS.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preceding discussion and analysis of the consolidated results of operations and financial position should be read in conjunction with our Condensed, Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q. Our Annual Report on Form 10-K for the fiscal year ended September 30, 2006 includes additional information about the Company, our operations, our financial position, our critical accounting policies and accounting estimates, and should be read in conjunction with this Quarterly Report on Form 10-Q.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks have not changed significantly from those disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

ITEM 4. CONTROLS AND PROCEDURES

With the participation of the Company's principal executive officer and principal financial officer, the Company's management has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of the end of the fiscal quarter covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, the Company's principal executive officer and principal financial officer have concluded that:

- (A) information required to be disclosed by the Company in this Quarterly Report on Form 10-Q and the other reports that the Company files or submits under the Exchange Act would be accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure; and
- (B) information required to be disclosed by the Company in this Quarterly Report on Form 10-Q and the other reports that the Company files or submits under the Exchange Act would be recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms; and
- (C) the Company's disclosure controls and procedures are effective as of the end of the fiscal quarter covered by this Quarterly Report on Form 10-Q to ensure that material information relating to the Company and its consolidated subsidiaries is made known to them, particularly during the period in which the Company's periodic reports, including this Quarterly Report on Form 10-Q, are being prepared.

In addition, there were no changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the Company's fiscal quarter ended March 31, 2007, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****ITEM 1. LEGAL PROCEEDINGS**

On April 27, 2007, the Company received a proposed Order On Consent from the New York State Department of Environmental Conservation (the Proposed Order) alleging that during the calendar year 2003, the Company and James Hagedorn, individually and as Chairman of the Board and the Chief Executive Officer of the Company, unlawfully donated to a Port Washington, New York youth sports organization forty bags of Scotts® LawnPro Annual Program Step 3 Insect Control Plus Fertilizer which, while federally registered, was allegedly not registered in the state of New York. The Proposed Order requests penalties totaling \$695,000. The Company is currently investigating this matter.

Other than as discussed in the preceding paragraph, pending material legal proceedings have not changed significantly since the first quarter of fiscal 2007.

ITEM 1A. RISK FACTORS**Cautionary Statement on Forward-Looking Statements**

We have made and will make forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 in this Quarterly Report on Form 10-Q and in other contexts relating to future growth and profitability targets and strategies designed to increase total shareholder value. Forward-looking statements also include, but are not limited to, information regarding our future economic and financial condition, the plans and objectives of our management and our assumptions regarding our performance and these plans and objectives.

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements to encourage companies to provide prospective information, so long as those statements are identified as forward-looking and are accompanied by meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those discussed in the forward-looking statements. We desire to take advantage of the safe harbor provisions of that Act.

Some forward-looking statements that we make in this Quarterly Report on Form 10-Q and in other contexts represent challenging goals for the Company, and the achievement of these goals is subject to a variety of risks and assumptions and numerous factors beyond our control. Important factors that could cause actual results to differ materially from the forward-looking statements we make are included in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended September 30, 2006. All forward-looking statements attributable to us or persons working on our behalf are expressly qualified in their entirety by those cautionary statements.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**(c) Issuer Purchases of Equity Securities**

The following table shows the purchases of common shares of Scotts Miracle-Gro made by or on behalf of the Company or any affiliated purchaser of Scotts Miracle-Gro as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended, for each of the three months in the quarter ended March 31, 2007:
