ESTIMATE OF SIGNIFICANT CHANGES IN RESULTS OF OPERATIONS FROM THE CORRESPONDING PRIOR PERIOD.

Revenues are estimated to have increased by \$36.9 million, or 10.6%, for fiscal 2008 compared to fiscal 2007. Revenues in our PoloExpress segment are estimated to have increased by \$35.1 million primarily due to the opening or relocation of several stores and the impact of fluctuations in foreign currency exchange rates between the Euro and US dollar. Revenues in our Hein Gericke segment are estimated to have decreased by \$7.1 million primarily due to the closing or sale of several stores and a year-over-year decrease in Hein Gericke's same store sales offset partially by the positive impact of fluctuations in foreign currency exchange rates between the Euro and US dollar. Sales in our Aerospace segment are estimated to have increased \$8.9 million due to an overall improvement in the areas of the aerospace industry for which we provide products.

Operating loss is estimated to be \$65.0 million for fiscal 2008 compared to \$34.8 million in fiscal 2007. The \$30.2 million increase in operating loss for fiscal 2008 compared to fiscal 2007 was due primarily to \$40.0 million of impairment charges in fiscal 2008 as well as a \$26.2 million pre-tax loss associated with the 2007 settlement of our pension plan offset partially by the \$11.8 million gain recognized from the elimination of postretirement benefits in 2007.

We recognized an estimated \$18.9 million gain on the disposal of discontinued operations for fiscal 2008 compared to a gain of \$45.3 million for fiscal 2007. The estimated decrease in the gain resulted from \$32.8 million tax reserve releases in fiscal 2007 resulting from the expiration of the related statutes of limitations and closure of the related tax period.
